I Message

Message

As we reflect on the year 2024, it fills me with immense pride to see how Manipal Academy of Higher Education (MAHE) continues to stand tall as a beacon of academic excellence, innovation, and global impact.

This year, MAHE has reached new milestones, set higher benchmarks, and cultivated a culture of inclusivity and progress. Our students and faculty have consistently demonstrated their commitment to excellence—whether through groundbreaking research, extraordinary academic achievements, or community service initiatives.

It is the collective effort and determination of our MAHE family that enable us to strive towards making meaningful contributions to society, paving the way for a brighter and more promising future. As we move forward, let us hold fast to our values and mission, embracing new challenges and opportunities with unwavering spirit and unity.

I express my deepest gratitude to all who have been part of MAHE's journey this year—your support and dedication have fuelled our progress. Together, let us continue to inspire, innovate, and transform lives through education.

Dr Ramdas M Pai
Chancellor

INSTITUTION of EMINENCE

Message

It is with great pride and gratitude that I pen this message for the Annual Report of Manipal Academy of Higher Education (MAHE) for the year 2024. This year has been marked by remarkable achievements, groundbreaking innovations, and a steadfast commitment to academic excellence—a testament to our shared vision and collective dedication.

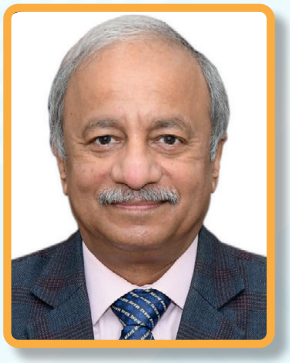
MAHE has continued to uphold its legacy of nurturing talent, fostering research, and contributing significantly to the global academic community. The milestones achieved this year underscore our resilience, adaptability, and commitment to excellence in an ever-evolving educational landscape.

As we celebrate the accomplishments of 2024, we also look forward to the future with optimism and ambition. Our unwavering commitment to holistic education, ethical values, and the pursuit of knowledge remains at the core of all our endeavours. I take this opportunity to extend my heartfelt gratitude to our students, faculty members, alumni, and partners, for their invaluable contributions to our success.

Together, we will continue to elevate MAHE to new heights and shape the future of education.

Dr H S Ballal
Pro Chancellor

Message



It is with immense pride that I present an overview of the Manipal Academy of Higher Education (MAHE) for the year 2024. This year has been marked by significant achievements in both our academic and research endeavours, reinforcing our commitment to excellence and innovation.

Rankings and Recognitions: MAHE continues to excel in national and international rankings, reflecting our dedication to providing world-class education. In the National Institutional Ranking Framework (NIRF) 2024, MAHE has been ranked as India's 4th Best University, with several of our constituent colleges securing top positions in their respective disciplines. Globally, MAHE has been recognized in the QS World University Rankings, placing in the 901-950 band, and in the Times Higher Education Rankings, within the 801-1000 band. These accolades are a testament to our unwavering pursuit of academic excellence.

Research Achievements: Our research output has seen remarkable growth, with MAHE researchers publishing over 5,485 articles in high-impact journals, 20 percent of which are in the top 10 percentile. We have secured INR 55 crore in extramural funding and allocated INR 46.8 crore internally for research. Additionally, MAHE has filed 327 patents, showcasing our commitment to innovation, intellectual property, and excellence. Notably, MAHE has been recognized as an AI Centre of Excellence in Healthcare by the Ministry of Education, Government of India.

International Collaborations: MAHE's global footprint continues to expand, with 254 active international collaborations and partnerships with 81 top-500 ranked universities. Our international community includes approximately 3,500 students from 60 countries, fostering a diverse, inclusive, and academically enriching environment.

Sustainability and Infrastructure: We are proud to be recognized as the greenest university campus in India by the UIGM Ranking 2024. Our commitment to sustainability is evident in our holistic resource management, and green initiatives. This year, we have also invested significantly in state-of-the-art research facilities, including the CIF and BSL-3 labs, with a total investment exceeding INR 96 crore.

As we look forward to the future, we remain dedicated to our mission of achieving global leadership in human development, excellence in education, and healthcare. I extend my heartfelt congratulations to all our students, faculty, and staff for their remarkable contributions and achievements.

Before concluding, I wish to express my sincere appreciation to the Quality Assurance Team for their dedicated efforts in creating this extensive report, which will serve as a vital knowledge repository for all our stakeholders.

Lt Gen (Dr) M D Venkatesh
Vice Chancellor

INSTITUTION of EMINENCE

Message

The annual report reflects the progress made by the university and its constituent units/teaching departments, for an academic year. It has been an excellent year for the Manipal Academy of Higher Education (MAHE) on all fronts. MAHE has improved its NIRF ranking significantly to #4, ranked #210 in the QS Asia World University Rankings, # 601–800 in Times Higher Education (THE) World University Rankings and # 901–950 in QS World Rankings. In the subject-wise Shanghai Global ranking, Public Health # 301–400 and Clinical Medicine # 401–500. This is in addition to being #1 in UI Green Metric World University ranking in India and #121 overall.

The year 2024 was an excellent period for MAHE in terms of domestic and international admissions, the introduction of new programs, the quality and quantity of research publications, and student and faculty achievements. The niche programs offered by the Bengaluru and Jamshedpur campuses have evoked a lot of interest, and together with the new programs at the Manipal and Mangalore campuses, MAHE is gaining significant brand recall.

On behalf of all at MAHE, we thank you and your team, for your significant contribution towards the growth of the university/institute/department and look forward to building on the successes achieved over the years, in making MAHE the preferred destination for multi-disciplinary programs.

I congratulate the Editorial Team of the Annual Report 2024 for their efforts in successfully compiling and presenting all the activities and accomplishments of the university/institutes/departments.

Dr P Giridhar Kini
Registrar

Overview

Mission, Vision, Objectives

Mission

Be the most preferred choice of students, faculty and industry
Be in the top 10 in every discipline of education, health sciences, engineering and management

Vision

Global leadership in human development, excellence in education and health care

Objectives

a. To provide for higher education leading to excellence and innovations in such branches of knowledge as may be deemed fit, primarily at postgraduate and research degree levels.

b. To engage in areas of specialization with proven ability to make distinctive contributions to the objectives of the higher education system and also with such other subjects that the University may start with.

c. To provide for high-quality teaching and research and the advancement of knowledge and its dissemination through various research programs undertaken in-house by full-time faculty/ research scholars (PhDs and Post-Doctoral) in diverse disciplines.

d. To support, promote and undertake the advancement of academy education leading up to and including Undergraduate, Postgraduate, Doctoral and Post-Doctoral courses in arts, Science, Commerce, Engineering, Medicine, Pharmacy, Dentistry, Nursing, Management, Music, Languages and Fine Arts, Architecture and such others discipline/subjects as the trustees may deem fit.

e. To provide for research and the advancement of and dissemination of knowledge through extension and community service.

f. To promote the Konkani language and the culture of the Konkani speaking people in general and that of the students speaking Konkani in the aforesaid institutions in particular.

g. To do all other acts and things as may be necessary or desirable to further the objectives of the institutions.

Details of Programs

Sl No.	Academic Stream	Institution/Department	Academic Programs	UG/PG	Course duration
1	Medicine	Kasturba Medical College, Manipal	Bachelor of Medicine and Bachelor of Surgery (MBBS)	UG	4.5 years + 1 year internship
2	Medicine		DM (Cardiology)	PG	3 years
3	Medicine		DM (Critical Care Medicine)	PG	3 years
4	Medicine		DM (Gastroentrology)	PG	3 years
5	Medicine		DM (Nephrology)	PG	3 years
6	Medicine		DM (Neurology)	PG	3 years
7	Medicine		DM (Medical Genetics)	PG	3 years
8	Medicine		DM (Infectious Disease)	PG	3 years
9	Medicine		DM (Medical Oncology)	PG	3 years
10	Medicine		MCh (Cardiothoracic Surgery)	PG	3 years
11	Medicine		MCh (Hand Surgery)	PG	3 years
12	Medicine		MCh (Paediatric Orthopaedics)	PG	3 years
13	Medicine		MCh (Reproductive Medicine and Surgery)	PG	3 years
14	Medicine		MCh (Neuro Surgery)	PG	3 years
15	Medicine		MCh (Paediatric Surgery)	PG	3 years
16	Medicine		MCh (Urology)	PG	3 years
17	Medicine		MCh (Plastic and Reconstructive Surgery)	PG	3 years
18	Medicine		MCh (Surgical oncology)	PG	4 years
19	Medicine		MD (Anaesthesiology)	PG	3 years
20	Medicine		MD (Anatomy)	PG	3 years
21	Medicine		MD (Biochemistry)	PG	3 years
22	Medicine		MD (Community Medicine)	PG	3 years
23	Medicine		MD (Dermatology, Venereology and Leprosy)	PG	3 years
24	Medicine		MD (Forensic Medicine)	PG	3 years
25	Medicine		MD (General Medicine)	PG	3 years
26	Medicine		MD (Hospital Administration)	PG	3 years
27	Medicine		MD (Emergency Medicine)	PG	3 years
28	Medicine		MD (Microbiology)	PG	3 years
29	Medicine		MD (Paediatrics)	PG	3 years
30	Medicine		MD (Pathology)	PG	3 years
31	Medicine		MD (Pharmacology)	PG	3 years
32	Medicine		MD (Physiology)	PG	3 years
33	Medicine		MD (Psychiatry)	PG	3 years
34	Medicine		MD (Respiratory Medicine)	PG	3 years
35	Medicine		MD (Radio diagnosis)	PG	3 years
36	Medicine		MD (Radiation Oncology)	PG	3 years
37	Medicine		MD (Palliative Medicine)	PG	3 years
38	Medicine		MD (Immunohaematology and Blood Transfusion)	PG	3 years
39	Medicine		MS (General Surgery)	PG	3 years
40	Medicine		MS (Obstetrics and Gynaecology)	PG	3 years
41	Medicine		MS (Ophthalmology)	PG	3 years
42	Medicine		MS (Orthopaedics)	PG	3 years
43	Medicine		MS (Oto - Rhino - Laryngology)	PG	3 years
44	Medicine		MPhil (Psychiatric Social Work)	PG	2 years
45	Medicine		MSc (Medical – Anatomy)	PG	2 years
46	Medicine		MSc (Medical – Biochemistry)	PG	2 years
47	Medicine		MSc (Medical – Clinical Embryology)	PG	2 years
48	Medicine		MSc (Medical – Microbiology)	PG	2 years

Sl No.	Academic Stream	Institution/Department	Academic Programs	UG/PG	Course duration
49	Medicine		MSc (Medical – Pharmacology)	PG	2 years
50	Medicine		MSc (Medical – Physiology)	PG	2 years
51	Medicine		MSc (Genetic Counselling)	PG	2 years
52	Medicine		MSc (Forensic Science)	PG	2 years
53	Medicine		MSc (Reproductive Genetics)	PG	2 years
54	Medicine		MSc (Reproductive and Developmental Biology)	PG	2 years
55	Medicine		Fellowship in Foetal Medicine	Others	1 year
56	Medicine		Fellowship in Paediatric Anaesthesia	Others	1 year
57	Medicine		Fellowship in Skull Base and Head and Neck Surgery Course	Others	2 years
58	Medicine		Fellowship in Oncopathology	Others	2 years
59	Medicine		Fellowship in Advanced Obstetric ultra sound	Others	1 year
60	Medicine		Fellowship in Gynaecologic Oncology	Others	1 year
61	Medicine		Fellowship in Paediatric Otorhinolaryngology	Others	1 year
62	Medicine		Fellowship Urogynecology	Others	1 year
63	Medicine	Division of Yoga, CIMR	MSc (Yoga Therapy)	PG	2 years
64	Medicine	Division of Ayurveda, CIMR	Certificate course in Panchakarma Technician and Massage Therapy	Others	1 year
65	Medicine		PG Certificate Course in Panchakarma	Others	6 months
66	Medicine	Division of Siddha, CIMR	Post Graduate Certificate course in Siddha Varmam Therapy	Others	6 months
67	Dentistry	Manipal College of Dental Sciences, Manipal	Bachelor of Dental Surgery (BDS)	UG	4 years + 1 year internship
68	Dentistry		MDS (Public Health Dentistry)	PG	3 years
69	Dentistry		MDS (Conservative Dentistry and Endodontics)	PG	3 years
70	Dentistry		MDS (Oral and Maxillofacial Surgery)	PG	3 years
71	Dentistry		MDS (Oral Medicine and Radiology)	PG	3 years
72	Dentistry		MDS (Oral and Maxillofacial Pathology and Oral Microbiology)	PG	3 years
73	Dentistry		MDS (Orthodontics and Dentofacial Orthopaedics)	PG	3 years
74	Dentistry		MDS (Paediatric and Preventive Dentistry)	PG	3 years
75	Dentistry		MDS (Periodontology)	PG	3 years
76	Dentistry		MDS (Prosthodontics and Crown and Bridge)	PG	3 years
77	Dentistry		PG Certificate Course in Aesthetic Dentistry	Others	1 year
78	Dentistry		PG Certificate Course in Oral Implantology	Others	1 year
79	Dentistry		PG Certificate Course in Laser Dentistry	Others	6 months
80	Pharmacy	Manipal College of Pharmaceutical Sciences, Manipal	Bachelor of Pharmacy (Bpharm)	UG	4 years
81	Pharmacy		Diploma in Pharmacy	Others	2 years
82	Pharmacy		BPharm (Lateral Entry)	UG	3 years
83	Pharmacy		PharmD	UG	5 years + 1 year internship
84	Pharmacy		PharmD (Post Baccalaureate)	PG	2 years + 1 year internship
85	Pharmacy		MPharm (Pharmaceutical Biotechnology)	PG	2 years
86	Pharmacy		MPharm (Pharmaceutical Chemistry)	PG	2 years
87	Pharmacy		MPharm (Pharmaceutical Quality Assurance)	PG	2 years
88	Pharmacy		MPharm (Pharmaceutics)	PG	2 years
89	Pharmacy		MPharm (Pharmacognosy)	PG	2 years

Sl No.	Academic Stream	Institution/Department	Academic Programs	UG/PG	Course duration
90	Pharmacy		MPharm (Pharmacology)	PG	2 years
91	Pharmacy		MPharm (Pharmaceutical Regulatory Affairs)	PG	2 years
92	Pharmacy		MPharm (Industrial Pharmacy)	PG	2 years
93	Pharmacy		MPharm (Pharmacy Practice)	PG	2 years
94	Pharmacy		MPharm (Pharmaceutical Analysis)	PG	2 years
95	Allied Health Sciences	Manipal College of Health Professions, Manipal	Bachelor of Audiology and Speech Language Pathology (BASLP)	UG	3 years + 10 months internship
96	Allied Health Sciences		BSc (Anaesthesia and Operation Theatre Technology)	UG	3 years + 1 year internship
97	Allied Health Sciences		BSc (Emergency Medicine Technology) (EMT)	UG	3 years + 1 year internship
98	Allied Health Sciences		Bachelor of Occupational Therapy (BOT)	UG	4 years + 6 months internship
99	Allied Health Sciences		Bachelor of Physiotherapy (BPT)	UG	4 years + 6 months internship
100	Allied Health Sciences		BSc (Cardivascular Technology) (CVT)	UG	3 years + 1 year internship
101	Allied Health Sciences		BSc (Health Information Management) (HIM)	UG	3 years + 6 months internship
102	Allied Health Sciences		BSc (Medical Imaging Technology)	UG	3 years + 1 year internship
103	Allied Health Sciences		BSc (Medical Imaging Technology-Lateral)	Lateral	2 years + 1 year internship
104	Allied Health Sciences		BSc (Medical Laboratory Technology) (MLT)	UG	3 years + 1 year internship
105	Allied Health Sciences		BSc (Radiotherapy Technology) (RTT)	UG	3 years + 1 year internship
106	Allied Health Sciences		BSc (Nuclear Medicine Technology) (NMT)	UG	3 years + 1 year PGDNMT
107	Allied Health Sciences		BSc (Clinical Psychology) *	UG	3 years
108	Allied Health Sciences		BSc (Clinical Nutrition and Dietetics)	UG	3 years + 1 year internship
109	Allied Health Sciences		Bachelor of Optometry (BOptom)	UG	3 years + 1 year internship
110	Allied Health Sciences		BSc (Respiratory Therapy) (RT)	UG	3 years + 1 year internship

Sl No.	Academic Stream	Institution/Department	Academic Programs	UG/PG	Course duration
111	Allied Health Sciences		BSc (Renal Replacement Therapy and Dialysis Technology) (RRT and DT)	UG	3 years + 1 year internship
112	Allied Health Sciences		Bachelor of Prosthetics and Orthotics	UG	4 years + 6 months internship
113	Allied Health Sciences		BSc (Physician Assistant)	UG	3 years + 1 year internship
114	Allied Health Sciences		BSc (Perfusion Technology) (PFT)	UG	3 years + 1 year internship
115	Allied Health Sciences		BSc (Exercise and Sports Sciences)*	UG	3 years
116	Allied Health Sciences		MSc in Audiology - MSc (Aud)	PG	2 years
117	Allied Health Sciences		MSc in Speech Language Pathology - MSc (SLP)	PG	2 years
118	Allied Health Sciences		MOT (Children and Adolescents)	PG	2 years
119	Allied Health Sciences		MOT (Hand and Musculoskeletal conditions)	PG	2 years
120	Allied Health Sciences		MOT (Neuro Rehabilitation)	PG	2 years
121	Allied Health Sciences		MOT (Mental Health and Psychosocial Rehabilitation)	PG	2 years
122	Allied Health Sciences		MOT (Ageing Adult)	PG	2 years
123	Allied Health Sciences		MPT (Cardio-pulmonary Science)	PG	2 years
124	Allied Health Sciences		MPT (Community Physiotherapy)	PG	2 years
125	Allied Health Sciences		MPT (Neurosciences)	PG	2 years
126	Allied Health Sciences		MPT (Musculoskeletal Sciences)	PG	2 years
127	Allied Health Sciences		MPT (Paediatrics)	PG	2 years
128	Allied Health Sciences		MPT (OBG)	PG	2 years
129	Allied Health Sciences		MPT (Geriatrics)	PG	2 years
130	Allied Health Sciences		MPT (Oncology)	PG	2 years
131	Allied Health Sciences		MSc (RT Adult Respiratory Care)	PG	2 years
132	Allied Health Sciences		MSc (RT Neonatal and Paediatric Respiratory Care)	PG	2 years
133	Allied Health Sciences		MSc (Medical Radiochemistry) with integrated PhD	PG	2 years
134	Allied Health Sciences		MSc (Health Information Management) (HIM)	PG	2 years
135	Allied Health Sciences		MSc (Medical Imaging Technology)	PG	2 years

Sl No.	Academic Stream	Institution/Department	Academic Programs	UG/PG	Course duration
136	Allied Health Sciences		MSc (Medical Radiation Physics) (MRP)	PG	2 years
137	Allied Health Sciences		MSc (Radiotherapy Technology)	PG	2 years
138	Allied Health Sciences		MSc (Anaesthesia and Operation Theatre Technology)	PG	2 years
139	Allied Health Sciences		MSc (Emergency Medical Technology)	PG	2 years
140	Allied Health Sciences		MSc (MLT - Clinical Biochemistry)	PG	2 years
141	Allied Health Sciences		MSc (MLT - Microbiology and Immunology)	PG	2 years
142	Allied Health Sciences		MSc MLT (Haematology and Immunohaematology)	PG	2 years
143	Allied Health Sciences		MSc (Nuclear Medicine Technology)	PG	2 years
144	Allied Health Sciences		Master of Optometry (MOPtom)	PG	2 years
145	Allied Health Sciences		MSc (Renal Respiratory therapy and Dialysis Technology) (RRT and DT)	PG	2 years
146	Allied Health Sciences		MSc (Echocardiography)	PG	2 years
147	Allied Health Sciences		MSc (Cardiac Cath and Intervention Technology)	PG	2 years
148	Allied Health Sciences		MSc (Health Informatics - Healthcare IT Management)	PG	2 years
149	Allied Health Sciences		MSc (Exercise and Sports Science)	PG	2 years
150	Allied Health Sciences		MSc (Clinical Psychology)	PG	2 years
151	Allied Health Sciences		MSc (Perfusion Technology)	PG	2 years
152	Allied Health Sciences		MPhil (Clinical Psychology)	PG	2 years
153	Allied Health Sciences		Lateral BSc (Respiratory Therapy)	PG	2 years + 1 year internship
154	Allied Health Sciences		Lateral Bachelor of Optometry	UG	2 years + 1 year internship
155	Allied Health Sciences		Lateral BSc (Medical Laboratory Technology)	UG	2 years + 1 year internship
156	Life Sciences	Manipal School of Life Sciences, Manipal	BSc (Biotechnology)*	UG	3 years
157	Life Sciences		MSc (Bioinformatics)	PG	2 years
158	Life Sciences		MSc (Medical – Biotechnology)	PG	2 years
159	Life Sciences		MSc (Medical – Molecular Biology and Human Genetics)	PG	2 years
160	Life Sciences		MSc (Systems Biology)	PG	2 years
161	Life Sciences		MSc by Research in Life Science	PG	2 years
162	Life Sciences		MSc (Genome Engineering)	PG	2 years
163	Life Sciences		MSc (Tissue Engineering)	PG	2 years
164	Life Sciences		MSc (Biomolecular Physics)	PG	2 years
165	Nursing		BSc (Nursing)	UG	4 years

Sl No.	Academic Stream	Institution/Department	Academic Programs	UG/PG	Course duration
166	Nursing	Manipal College of Nursing, Manipal	BSc (Nursing) (UNB)	UG	4 years
167	Nursing		PB BSc (Nursing)	UG	2 years
168	Nursing		MSc (Community Health Nursing)	PG	2 years
169	Nursing		MSc (Medical Surgical Nursing)	PG	2 years
170	Nursing		MSc (Obstetrics and Gynaecologic Nursing)	PG	2 years
171	Nursing		MSc (Child Health (Paediatric) Nursing)	PG	2 years
172	Nursing		MSc (Psychiatric (Mental Health) Nursing)	PG	2 years
173	Nursing		Nurse Practioner Critical Care Residency Program	PG	2 years
174	Nursing	School of Nursing, Manipal	Diploma in General Nursing and Midwifery	Others	3 years
175	Public Health		Master of Public Health - Environment and and Occupational Health	PG	2 years
176	Public Health		Master of Public Health - Epidemiology	PG	2 years
177	Public Health		Master of Public Health - Maternal & Child Health	PG	2 years
178	Public Health		Master of Public Health - Global Health	PG	2 years

University Convocation 2024

MAHE Mangalore Convocation

Chief Guest: Dr M K Ramesh, MBBS, MS (General Surgery), FRCS (England), Vice Chancellor of Rajiv Gandhi University of Health Sciences (RGUHS), Bengaluru.
Date: 17 May 2024
Venue: Dr TMA Pai International Convention Centre, M G Road, Mangalore

MAHE Bengaluru Convocation

Chief Guest: Mr Manish Sabharwal, Vice Chairman, TeamLease Services Limited, Bengaluru
Date: 5 October 2024
Venue: Dr Ramdas M Pai Convention Hall, MAHE Bengaluru Campus

MAHE Manipal Convocation

Day 1

Chief Guest: Prof Mamidala Jagadesh Kumar, Chairman, University Grants Commission
Date: 8 November 2024
Venue: KMC Greens, Manipal

Day 2

Chief Guest: Dr Indrajit Bhattacharya, Director General, National Institute of Robotics and Artificial Intelligence (NIRA), New Delhi
Date: 9 November 2024
Venue: KMC Greens, Manipal

Day 3

Chief Guest: Dr Rajiv Bahl, Secretary to Government of India, Department of Health Research, and Director General, Indian Council of Medical Research (ICMR)
Date: 10 November 2024
Venue: KMC Greens, Manipal

IV Glimpses of the University

Indian Admissions

Manipal Academy of Higher Education (MAHE) is a global knowledge destination, celebrating six decades in education and educating more than 40,000 students from 65 + countries. Students have a wide range of options, with over **400** undergraduate (UG) and postgraduate (PG) specializations/courses offered across nearly 30 diverse disciplines in **26** Institutions and **17** university teaching departments. The admissions to these programs are centralized, and the MAHE Admission Office is responsible for the selection and enrolment of students. MAHE takes pride in following an "Admission by Merit Only" policy. Online and physical counselling for admission was conducted for various courses, where prospective students attended counselling based on their rank and secured admission accordingly.

A total of **91,464** applications were received for 2024–2025 admissions

From 1 October 2023 to 30 September 2024	
Total Emails and Calls Received	Emails: **66,866;** Calls: **1,18,893**
Bulk Emails and SMS sent	Emails: **11,27,896;** SMS: **63,44,058**

Scholarships

With the aim of encouraging meritorious students and academic excellence, MAHE offers a wide range of scholarships across its programs. These scholarships may include a full waiver of course fees and hostel fees. Below is the list of scholarships offered in 2024.

S. No.	Name of Scholarship	No. of Students Benefitted	% of Fee Waived Off	Total Amount of Scholarship offered (INR)
1	Kalam - Pai Scholarship	1	100%	17,60,000
2	Free ship (MBBS: 7, BDS: 2, and BPharm: 1)	15	100%	2,21,91,000
3	Scholar Scholarship	148 + 5	20% and 50%	98,23,000
4	AICTE Scholarship	156	100%	4,44,62,000
5	Scholarship for Academy of General Education Students (SAGES)	175	75%	4,41,30,750
6	Merit Scholarship (BSc Nursing)	15	50%	14,25,000
7	Merit Scholarship (MTech/ME)	452	20%	1,93,17,400
8	Merit Scholarship for Postgraduate (PG) Medical and PG Dental	9	50%	38,92,500
9	Merit Scholarship (PB BSc Nursing)	5	25% and 50%	1,57,500
10	Merit Scholarship (BArch)	21	20%	18,35,400
11	Merit Scholarship (BTech Lateral)	26	75%	88,08,750
12	Merit Scholarship (MSc Nursing)	19	10%	6,27,000
13	Staff Child/Spouse Scholarship	86	10 to 100%	2,41,36,531
14	MSS Staff Child/Spouse Scholarship	27	100%	77,51,000
15	AGE Scholarship	109	10%	22,53,800

New Courses Introduced

A total of **29** new programs were introduced for the academic year 2024-2025.

Institution	Level	Programs
Department of Commerce (DOC), Manipal	PG	Masters of Sports Management
Department of Design, Manipal	PG	MDes (Product Design)

MHS, Bengaluru	Fellowship	Fellowship in Robotic Spine Surgery
MHS, Bengaluru	Fellowship	Fellowship in Spine Anesthesia
TAPMI, Bengaluru	PG	MBA Technology Management
Welcomgroup Graduate School of Hotel Administration (WGSHA), Manipal	UG	BA/BA (Hons) in Hospitality and Services Management

International Admissions

Manipal Academy of Higher Education (MAHE), Manipal has an International Admissions Office at its Manipal campus to cater to the requirements of international students seeking admission to various programs offered across its constituent institutions in Manipal, Mangalore, Bengaluru and Jamshedpur. Admission of international students is limited to fifteen percent of the total seats in each program. Candidates with foreign nationality/foreign passports, PIO/OCI cardholders, Non-Resident Indians (NRIs) and candidates sponsored by NRIs who meet the eligibility requirements may apply under the Foreign/NRI/NRI-sponsored category.

Admissions under this category are conducted on a first-come-first-serve merit basis, subject to the candidate's performance in the qualifying examination, i.e., 10+2 for UG programs and a bachelor's degree for PG programs of India or an equivalent examination, and compliance with the eligibility requirements stipulated by the regulatory bodies. There will be no entrance examination.

However, admissions under the Foreign/NRI/NRI-sponsored category to medical and dental programs are based on the rank obtained in the National Eligibility cum Entrance Test (NEET) and the online counselling and seat allotment by the Directorate General of Health Services (DGHS) or the Medical Counselling Committee (MCC).

Further, for admissions into BArch program under the Foreign/NRI category, candidates must have qualified through a recognized aptitude test in Architecture, i.e., National Aptitude Test in Architecture (NATA) conducted by the Council of Architecture (COA).

Manipal Institute of Technology (MIT), Manipal is one of the participating institutions under the Direct Admission of Students Abroad (DASA), an initiative of the Government of India for the BTech program. In the year 2024-25, MAHE admitted 35 students to its BTech program at MIT, Manipal through DASA, based on their performance in the JEE Main examinations.

A total of 2,403 applications seeking admission to various programs were received in the year 2024-25, and 499 international students (excluding MD and MS, for which admissions for 2024-25 are still going on) were admitted to various UG and PG programs.

To attract international students, MAHE has been offering Scholar and Achiever Scholarships for candidates admitted under the Foreign/NRI category since the year 2020-21 to selected courses. Of the students admitted in the academic year 2024-25, 43 students were awarded a 15 percent scholarship, and 137 students were offered a 10 per cent scholarship under the 'Scholar' Scholarship. Additionally, 143 students are eligible to receive the 'Achiever' Scholarship, subject to their academic performance in the first year.

The International Admissions Office at MAHE, Manipal, handles all matters related to the admission of students under the Foreign/NRI category. The office assists international students in complying with regulatory requirements governing foreign registration, including obtaining of student visa from the Indian Embassy or Consulates abroad, FRRO registration to obtain a Registration Certificate and Registration Permit, extension of a student visa, and other related processes.

In 2024, MAHE, Manipal participated in the international educational fairs conducted in Dubai, Abu Dhabi, Kuwait, Oman, and Sohar.

MAHE Hostel (Health Sciences), Manipal

General Information about Hostels:

- The Health Science Campus Hostels accommodate students from all disciplines related to Health Sciences.
- There are separate hostels for boys and girls, offering both single and double rooms with or without air-conditioning.
- These hostels are well-equipped and well-maintained.
- Caretakers and block supervisors are available round the clock, every day of the year.
- The hostels have access-controlled doors to regulate entry and exit.
- In addition to the basic amenities, other facilities include 24-hour electricity and water supply, solar-heated hot water, Aquaguard-processed drinking water, fire alarm and firefighting equipment, LED TVs, lounges, guest waiting areas, and limited recreation facilities.
- Each hostel has a security guard to ensure the safety of residents.
- CCTV cameras have been installed in most hostels, with ongoing work to install them in the remaining ones.

Details of Hostels

	Total No. of hostels	Total No. of Rooms	Intake capacity	Occupied students	AC Rooms	Non-AC Rooms
Boys	8	1573	2364	1852	Single - 576 Double - 389	Single - 209 Double - 383 Triple - 1 Quadruple - 0
Girls	14	3,056	4,156	3,682	Single 1,314 Double - 626	Single - 670 Double - 415 Triple - 31 Quadruple – 1

- **Hostels for Boys**: C V Raman, Rabindranath Tagore, Nehru A, Nehru B and C, NIH C Block, Amartya Sen, WGSHA Boys.
- **Hostels for Girls**: NIH A Block, NIH B Block, Old S Chandrashekar, New Chandrashekar, Nehru Ladies, Indira, Sonia, Charaka, PG Block, New Sarojini, Rajaji, Sharada, Valley Flat, WGSHA Girls.
- **Common Facilities**: Centralized facilities include a gymnasium and sports complex (MARENA).
- **Mess/Cafeteria**: There are two university-sponsored service providers, viz., Chef-on-Wheels and Spices N Chefs. All meals are provided, comprising Vegetarian/Non-Vegetarian options. The messes also cater to foreign students and serve continental meals. In addition, there are canteens that provide snacks and small eats beyond meal timings. All eating joints and kitchens are regularly inspected for cleanliness and hygiene.
- Hostels are managed by a Hostel Management Committee, headed by the First Lady of the University, Madam Vasanthi R Pai, assisted by Dr. Raviraja N. S., Chief Operating Officer and Chief Wardens. Each Hostel has Wardens drawn from the teaching faculties (11 male, 19 female), who administer the hostels on a day-to-day basis, maintain discipline, and address the needs and grievances of residents. **Lt. Col. Manjunath Pai G. (Retd) serves as the Chief Warden of Health Science and Technology & Management campuses.** The Chief Warden is responsible for the overall upkeep and maintenance of the hostels. He also functions as a mediator between the University management and the hostels. His contact details are: **Phone – 0820 29 22413; Email – chiefwarden.mahe@manipal.edu**

MAHE Hostel (MIT Campus), Manipal

General Information about Hostels:

- Manipal has grown into an international hub of academic excellence with a large number of international and Indian student residents. Approximately 7,600 students from ten institutions on campus viz., MIT, MSAP, MIC, MSIS, DOC, ICAS, DOS, and MCH reside in the Engineering and Management Hostels at MIT Campus.
- Dr Nagaraj N Katagi is the Deputy Chief Warden of MIT Hostels, assisted by faculty wardens from each department, based on discipline and stream.
- To meet the diverse needs of students from all over the world, the hostels offer various types of rooms, including Single AC, Double AC, Single Non-AC, and Double Non-AC. There are 13 boys' blocks and 10 girls' blocks, with nearly 57 wardens (Male: 30 and Female: 27). Counsellors are also available on call for students who may need support.

Details of Hostels

	Total No. of Hostels	Total No. of Rooms	Intake Capacity	Occupied Students	Single/Double AC	Single/Double/Triple Non-AC
Boys	13	3,489	5,342	5,178	3,186	1,992
Girls	10	1,223	2,241	2,190	1,214	976

- **Hostels for Boys:**
  Non-AC: Hostel Block Nos. 5 and 6.
  AC: Hostel Block Nos. 8, 9, 10, 14, 15, 16, 17, 18, 19, 20 and Regency (Some of the rooms in 8, 9, 10, 17, 18, 19, and 20 blocks are non-AC)

- **Hostels for Girls:**
  Non-AC: Hostel Block Nos. 1, 2, 3, 4, and 11
  AC: Hostel Block Nos. 7, 12, 13, 21, and 22 (Some of the rooms in the 13 and 21 blocks are non-AC)

- **Common facilities:**
  The hostel provides each student with a cot, mattress, study table, chair, and cupboard. Every hostel has a 24-hour electricity and water supply, a solar-heated water facility, a water cooler with Aqua Guard filters, a common telephone, a common TV room, and laundry services. A state-of-the-art hospital, part of the MAHE group, is available on campus, with ambulances and a student clinic at the student plaza to cater to any emergencies.

- **Mess/Cafeteria:**
  All students have access to excellent mess facilities at Food Court-1/Food Court-2/Canara mess/Aditya/Ashraya/Aradhana/Ananya Messes. Students can choose to be a member of any one of these messes. Membership in one of these messes is compulsory for all first-year students residing in hostels. Students can choose to dine in any mess of their choice. Night messes, food delivery, cafés, and food kiosks are also available at the student plaza and various points on campus.

- **Management of Hostels:**
  A dedicated team of wardens and caretakers ensures that students have a comfortable stay on campus. Following the dictum of "Pursuit of Excellence," we strive to manage our hostels effectively to make the stay of our students memorable. Wardens and the Chief Warden are available on call for students and parents to address any concerns or provide assistance.

MAHE Hostel, Mangalore

- General Information about Hostels: Our hostels provide a safe and secure "home away from home" for over **2,169** students, conveniently located in the heart of the city near their academic and clinical venues. The hostels offer single and double-seater rooms with attached baths, available in both air-conditioned and non-air-conditioned options, along with independent mess facilities. The hostels also have reading/study rooms, TV rooms, and recreational facilities. Wi-Fi connectivity, biometric access, and CCTV surveillance ensure security, while a state-of-the-art indoor and outdoor sports complex caters to sudents' recreational and fitness needs. Hostels are segregated based on student categories—first-year students, interns, and postgraduates—as well as MBBS, BDS, and Allied Health courses, in line with NMC directives. For the academic year 2024-25, 37 MBBS Foreign/NRI students have been accommodated in AC rooms in Bejai New Hostel.

Details of Hostels

	Total No of Hostels	Total No of Rooms	Intake Capacity	Occupied Rooms	Single/Double Rooms	AC/Non-AC
Boys	6	505	896	733	138/367	318/187
Girls	8	651	1273	996	29/622	400/251

- Hostels for Boys – Male students are accommodated in six blocks housing various categories of students. First-year students are accommodated in a separate block in the Basic Sciences Campus, while the remaining UG students, interns, and PG students are housed in different blocks in Kaprigudda Hostel. NRI/Foreign students are accommodated in Sturrock Hostel.

- Hostels for Girls – Female students are accommodated in eight blocks housing various categories of students. First-year UG students and Allied Health Sciences UG students are housed in three blocks in the Basic Sciences Campus, while the balance of UG students, interns, and PG students are housed in various blocks of three hostels. Female NRI/Foreign students are accommodated in Sturrock Hostel Girls Block.

- Common Facilities – All hostels have reading/study rooms, TV rooms, Wi-Fi connectivity, and provision of hot and cold filtered drinking water. All hostels have biometric access control and CCTV coverage. MARENA, a state-of-the-art sports facility, is shared by all students. Additionally, there is a basketball and badminton court in the Basic Sciences Campus and a basketball court in Kaprigudda Hostel.

- Mess/Cafeteria – All hostels have independent messes with adequate dining halls managed by Chef On Wheels, a subsidiary. Additionally, it operates two cafeterias, one in the Basic Sciences Campus and the other in the KMC Light House Hill Road building.

- Management of Hostels – The MAHE Hostels in Mangalore are managed by the Chief Warden, Lt Col Ramanatha Shetty (Retd), and his team of wardens, managers, matrons, and other staff under the guidance of the Dean KMC and the overall control of the Pro Vice-Chancellor, Mangalore Campus. Logistical support for housekeeping, maintenance, and security of the hostels is provided by the Regional Manager of Quess Corporation.

MAHE Hostel, (MTMC) Jamshedpur

General Information about Hostels:

The MTMC hostels are situated 1 km from the college campus. There are separate hostels for girls and boys. The students can choose single or double accommodation with AC and non-AC options. The hostel campuses are equipped with Wi-Fi connectivity, CCTV surveillance, and a common room for boys and girls with television. Indoor sports facilities include carrom, chess, and table tennis, and an outdoor play area is provided for badminton, volleyball, and futsal. A visitor area is available for parents visiting their wards. The hostels have a mess that serves hygienic food. A vehicle facility is available at the hostel for transport to the hospital in case of emergencies.

An in-house caretaker supervises the functioning of the hostel 24/7. A large number of housekeeping staff maintain hygiene on the hostel premises. Laundry facilities are also available. The hostel premises are well-guarded by security personnel.

The main market is located right beside the hostel campus, providing students with easy access to necessary items at any time.

Transport is provided to the students for travel between the hostel and the college campus. Buses and other vehicles are used for this transportation.

Each phase has one mess, and a total of three messes are available in the hostels, with one combined mess serving both Phase I and II for boys and girls hostels.

1. Details of Hostels: -

Students	Total No of Hostels	Total No of Rooms	Intake Capacity	Occupied Students	Single	Double	AC	Non-AC
Girls	3	304	449	360	137	223	261	99
Boys	3	224	334	275	100	175	193	82

MAHE Hostel, Bengaluru

General Information about Hostels:

Welcome to MAHE, Bengaluru! We are proud to share that MAHE has secured the fourth position in the NIRF 2024 rankings. Our hostels offer a range of accommodation options, from quadruple to single occupancy, fostering a diverse and inclusive community. First-year students are allocated rooms based on their preferences, while room allotment for subsequent years also considers academic performance. Our committed team strives to create a "home away from home," ensuring a vibrant atmosphere for students across various disciplines, including Engineering, Design, Management, Commerce, Law, Public Policy, and Liberal Arts. Hostel rules, overseen by the Hostel Management Committee, guarantee a secure and comfortable environment. From housing and food to recreation and wellness, our hostels cater to the diverse needs of students. While hostel accommodation is optional, it remains a valuable service for those meeting specific criteria. We encourage local students to explore our transport options. At MAHE, Bengaluru, our goal is to collectively create a safe and inclusive space for all students.

Mapped to Sustainable Development Goals:

Examinations at a Glance:

- Examinations are conducted for 114 undergraduate and 237 postgraduate courses, including super-specialty and PhD programs.
- Online entrance examinations are conducted for admission to various undergraduate, postgraduate, and PhD courses.
- Examinations of off-campus are also conducted.
- Question banks are generated for each subject (by the internal subject experts), and question papers are selected from the question bank.
- Examinations are conducted through the Epad system across all institutions, which is considered one of MAHE's best practices. The question paper selected from the question bank is uploaded to the Epad cloud and approved on the previous day, ensuring it is administered on time on the day of the examination. Computer-based central evaluations are conducted in a question-wise distributed manner.
- For paper-based examinations, the question papers selected from the question bank are photocopied and distributed to the examination halls on the day of the examination. Central valuation is carried out through double valuation (external and internal) via 'on-screen marking' after scanning the answer scripts and uploading them to the software (the candidate's identification is masked from the evaluators). A third valuation is conducted if the difference between the double valuations exceeds 15 per cent.
- The results are published within 10 to 30 days after the last examinations.
- The students are allowed to review their answer scripts through personal paper viewing, and revaluation process has been introduced.
- The Academic Council has granted autonomy in assessment status to the following institutions/departments for three to five years.

Institute Name	Institute/Centre Name	Centre/Teaching Department
MIT*	MAHE Dubai Campus	Manipal Centre of European Studies
WGSHA	TAPMI	Department of Languages
MSIS	SMI	Department of Philosophy
ICAS	Manipal Academy of Banking and Insurance	Department of Geopolitics and IR
MCOPS	Manipal Centre for Humanities	Department of Atomic and Molecular Physics

* For programs not offered at MIT Bengaluru

Objectives of the Department:

- Schedule and facilitate the conduction of examinations in compliance with regulatory body/university guidelines, as per the annual calendar approved by the Examination Committee.
- Conduct the evaluation process as per regulatory body/university guidelines.
- Declare results within the stipulated time frame.
- Monitor and guide the examination process of institutions granted decentralization (autonomy) in assessment status.

I. Total number of days on which examinations were conducted in 2024:

Month	Days	Month	Days
January	24	July	26
February	19	August	24
March	20	September	13
April	18	October	19
May	26	November	23
June	24	December	24

Total days: 260

II. Programs for which the examinations were conducted and the number of candidates who appeared and passed in the final year examination:

A. Undergraduates: Passed out during the year 2024 *(November 2023 – October 2024)*

Total Name Corrections in Mark Card : 262

Alumni Relations

Alumni Relations of Manipal Academy of Higher Education (MAHE) serves as a platform that brings Manipal alumni from different institutions together to create a global group of Manipalites and build lasting relationships. At Alumni Relations, we work with Manipal alumni to create opportunities for networking, sharing nostalgic moments, and helping alumni connect and partner in the growth of their alma mater, MAHE.

Alumni Relations, MAHE, aims to build a strong and engaged global alumni community. To achieve this goal and develop a mutually beneficial relationship between alumni and alma mater; Alumni Relations, MAHE, has introduced a new alumni logo with the theme CONNECT, INSPIRE, and SUPPORT.

Connect: In this era of digitalization, we connect through emails and social networks like Facebook and LinkedIn. Alumni Relations maintains an alumni portal at alumni.manipal.edu, which records and updates alumni data while providing information on alumni activities and achievements. Our alumni network spans 2.5 lakh members across MAHE, with 80 thousand alumni voluntarily registered on the portal.

Inspire: Effective engagement with alumni happens across institutions as adjunct faculty, visiting faculty, and guest faculty. Last year, over 500 alumni faculty visited the campus and interacted with students for a greater educational experience. Over 600 alumni revisited the campus to deliver guest lectures. Notable alumni delivered about 30 orations as part of the annual lecture series. Over 60 alumni reunion events of multiple alumni departments/batches were held across MAHE.

Support: MAHE provides a 10 per cent fee waiver for the wards of alumni to pursue higher education at any unit/institute of MAHE. As a result, over one crore in scholarships was awarded to alumni children for various courses. In addition, MAHE is planning to extend insurance and Medicare facilities to its alumni in due course. The office facilitates all alumni requirements and queries through emails, phone calls, and social media platforms. Special efforts are made to help alumni reminisce about their time at MAHE by providing a campus tour of Manipal. The tour includes visits to the Experience Theater, hostels, library, indoor sports complex, End Point, Smrithi Bhavan, museum, and experiential projects, among others. The MAHE Alumni Office also arranges for alumni to meet their former teachers and felicitate them during batch reunions. Alumni can stay at the New International Guesthouse of MAHE, situated adjacent to the Manipal.edu building, offering a panoramic view of the Arabian Sea on one side and a bird's-eye view of Manipal on the other from a height of around 150 feet. Those who wish to relive the mess food experience can dine at any of the five large food courts on and around the campus.

Our alumni contribute to the advancement of their alma mater through generous donations. MAHE established an endowment fund named the Dr H Aravinda Ballal Endowment Fund (INR 1.5 crore, with a matching grant from MAHE). An endowment instituted by KMC/CODS, Manipal—the "Golden Batch of 1969 Endowment"—was created by the alumni batch of 1969 to support meritorious students from economically deprived families enrolling in the MBBS/BDS program at MAHE. The generous contribution of Mr Faizal Kottikollon, an MIT alumnus, led to the establishment of the MIT KEF R&D Centre (worth over INR 15 Crores) at Manipal, and Vikas Khanna has been instrumental in establishing the Museum of Culinary Arts (worth over INR 10 Crores). Mr Harish Shah, an MIT alumnus, generously donated about INR 12 crore, which will sponsor 60 students' tuition fees and hostel stay at MIT during their course tenure. The scholarship program titled HBSF-MAHE EduEmpower Scholarship will expand to cover about 240 students, with an aggregate financial commitment of INR 12 crore every year (approximately INR 50 crore over four years). These are some of the major contributions from our alumni, and similar activities take place throughout the year, including the Endowment Oration program and scholarships for meritorious and needy students.

- **Alumni Reunions/Homecoming Events Held at Manipal, Mangalore Institutions and Different Places:**

Sl No	Name of the Institution	Alumni Re-unions	Date
1	KMC, Manipal	KMC Sangamam 2024: KMC Manipal organized KMC Sangamam 2024 – Alumni Reunion.	23 January 2024
2	KMC, Manipal	The 50th Reunion of KMC Batch 1974 was held with alumni from Manipal, Mangalore, Malaysia, Australia, and the UK attending the meet.	31 January 2024
3	KMC, Manipal	OBG Alumni Meet 2024: The Department of Reproductive Medicine and Surgery organized the OBG Alumni Meet 2024 at Luminaire Hall Fortune Inn Valley View, Manipal. More than 200 alumni of OBG across various academic batches attended the program. Dr Shantha Kumari, one of our OBG alumni who has been elected Treasurer of FIGO (International Federation of Gynaecology and Obstetrics) and is a past FOGSI President, was felicitated by Dr Padmaraj Hegde, Dean of KMC, Manipal and Dr Pratap Kumar, Professor and Head of the Department of Reproductive Medicine and Surgery. This was followed by a speech from Dr Shantha Kumari, in which she expressed her gratitude to her alma mater. An entertainment program by department faculty and postgraduates took place before dinner, which was arranged at Fortune Inn Valley View, Manipal. Dr Pratap Kumar proposed a vote of thanks to the Dean of KMC Manipal, the University, the Alumni Cell, Fortune Inn Valley View Hotel, and all participants. Dr Pratap Kumar coordinated the program, Professor and Head, Department of Reproductive Medicine and Surgery, Kasturba Medical College (KMC), MAHE, Manipal.	16 February 2024
4	KMC, Manipal	Alumni get-together during the Indian Association of Preventive and Social Medicine (IAPSM) National Conference, organized by the Department of Community Medicine, KMC Mangalore, at TMA Pai Convention Centre.	17 February 2024
5	KMC, Manipal	KMC Manipal Class of 1969 MBBS met in Vietnam from 08 March to 17 March 2024. They visited Hanoi, Halong Bay, Da Nang, and Ho Chi Minh City.	08 March 2024
6	KMC, Manipal	Manipal Doctors Alumni Meet at MUJ Campus: KMC Manipal Doctors Meet was held at Manipal University Jaipur campus.	31 March 2024
7	KMC, Manipal	Alumni Meet - Department of Psychiatry: The Department of Psychiatry, KMC Manipal, organized an alumni meet as part of is Golden Jubilee celebration. The program, titled *Fifty years of Psychiatry at Manipal*, was a two-day event covering the department's evolution and services over five decades. The program began with a preview of the upcoming alumni-funded Golden Jubilee academic block of the Department of Psychiatry. Dr Sharath Kumar Rao, Pro Vice Chancellor (Health Sciences), addressed the alumni gathered at the construction site and congratulated them for raising the highest contribution site to MAHE from an alumni group. The alumni visited the under-construction block before proceeding to the main venue for the program. The alumni meet and Golden Jubilee celebration was inaugurated by Dr H S Ballal, Pro-Chancellor, MAHE at the Luminaire Hall, Fortune Valley View, Manipal at 9:30 AM. Dr Padmaraj Hegde, Dean of KMC, released the Golden Jubilee Souvenir, and Dr Rohit Singh, Director of Alumni Relations, spoke about the MAHE alumni network and future collaborations in academics, research, and other areas. Dr Samir K Praharaj, Head of the Department of Psychiatry, delivered the welcome address, and Dr PSVN Sharma gave the vote of thanks.	13-14 April 2024

8	KMC, Manipal	The Manipal US Alumni Meet was held in Atlanta and Florida regions.	18 April 2024
9	KMC, Manipal	KMC doctors Meet at MTMC Jamshedpur: Manipal TATA Medical College (MTMC), Jamshedpur, and MAHE Alumni Relations organized the KMC Manipal Alumni Meet 2024 on 20 April 2024 for alumni from or residing in the eastern states of India. The event marked a significant milestone with the inauguration of the East Zone Alumni Cell of MAHE. This launch provided a valuable platform for esteemed alumni from across the eastern region (Jharkhand, West Bengal, Odisha, and Bihar) to reconnect and reminisce about their alma mater. Dr Anand Venugopal, COO-Teaching Hospitals, MAHE; Dr B Unnikrishnan, Dean KMC, Mangalore; and the Associate Director of Alumni Relations, MAHE, Mangalore and Bengaluru campuses, were present as special invitees to the event. Additionally, MTMC Jamshedpur hosted a successful colloquium on oncology, chaired by Dr G Pradeep Kumar, Dean of MTMC, Jamshedpur. The academic session saw active participation from around 220 students, engaging in lectures and panel discussions on the present and future of oncology, particularly focusing on breast cancer. The event not only fostered a sense of belonging among the alumni community but also paved the way for future collaborations and initiatives aimed at advancing healthcare and education in the region.	20 April 2024
10	KMC, Manipal	The ENT Department, KMC Manipal, organized the ENT Alumni Meet at Luminaire Hall, FIVV. The Manipal ENT Alumni Meet, along with the FESS Workshop and CME, was conducted with over 70 alumni participating. The seventh Manipal ENT Oration was delivered by alumnus Dr Ravi Ramalingam.	18 May 2024
11	KMC, Manipal	KMC, Manipal alumni organized networking meets in Kuala Lumpur and Johor Bahru, Malaysia.	26 May 2024
12	KMC, Manipal	The first- ever Manipal alumni get-together in Mauritius was organized by distinguished KMC alumnus Dr Ashwamedh Dinasingh, Director of Health Services, Ministry of Health and Quality of Life, Republic of Mauritius.	05 July 2024
13	KMC, Manipal	MBBS Batch of 1993 Reunion – The 30th-year reunion was held at KMC, Manipal.	16 August 2024
14	KMC, Manipal	Paediatric Surgery MCh Program Alumni Meet: The Department of Paediatric Surgery, KMC Manipal, conducted an alumni meet during the recently held state conference – PESUCON 2024.	23 August 2024
15	KMC, Manipal	Alumni Meet at Birmingham, UK: The 44th UK MAHE Alumni Meet was held in Birmingham, UK.	21 September 2024
16	KMC, Manipal	Anaesthesia Alumni Homecoming: The Department of Anaesthesiology, KMC Manipal, organized an alumni meet at FIVV, Manipal.	19 October 2024
17	KMC, Manipal	Ophthalmology Alumni Meet: The Department of Ophthalmology, KMC Manipal, organized the Operation Eyesight Universal Alumni Meet at Fortune Inn Valley View, Manipal.	21 November 2024
18	KMC, Manipal	The 25-year reunion for the Batch of 1999, KMC Manipal, was held at FIVV, Manipal. Dr RSP Rao was the Chief Guest; Dr Padmaraj Hegde, Dean, KMC, Manipal and Dr Rohit Singh, Director Alumni Relations, MAHE were the Guests of Honour of this program. Over 40 alumni attended, and more than 20 senior teachers were felicitated during the event.	27 December 2024

Sl No	Name of the Institution	Alumni Re-unions	Date
		The reunion was a memorable occasion, fostering connections, celebrating the legacy of the Batch of 1999, and strengthening the alumni's bond with KMC.	
19	KMC, Mangalore	KMC Mangalore Alumni of UP Chapter: Alumni from different batches of KMC Mangalore celebrated Makara Sankranti and the New Year as 32 alumni came together to form the KMC Mangalore Alumni Lucknow UP Chapter.	14 January 2024
20	KMC, Mangalore	MBBS 1985 and 1987 Batches Alumni Meets: KMC Mangalore alumni from the 1985 and 1987 MBBS batches gathered in Goa for memorable meetups filled with laughter, nostalgia, and cherished memories.	25 February 2024
21	KMC, Mangalore	From cherished memories to enduring friendships—a journey through the reunions of the MBBS Batch of 1988, held in Goa.	01 March 2024
22	KMC, Mangalore	Manipal Doctors Alumni Meet at MUJ Campus: KMC Mangalore alumni gathered at Manipal University, Jaipur, for a memorable Manipal Doctors' Meeting.	31 March 2024
23	KMC, Mangalore	The Golden Jubilee Celebration of the PG course was held at the Mangalore Campus.	05 April 2024
24	KMC, Mangalore	The Department of Dermatology at KMC, Mangalore, commemorated its golden jubilee, DERMAURUM. The inaugural function, graced by Dr B Unnikrishnan, Dean of KMC Mangalore, celebrated the legacy and accomplishments of the department. Felicitations were extended to past HODs, teaching, and non-teaching faculty members, acknowledging their invaluable contributions. The department hosted the DERMANNIVERSARY Continuing Medical Education (CME). The event featured a lineup of distinguished speakers, all alumni of KMC, who shared their expertise on various dermatological topics. It provided a platform for knowledge exchange, professional growth, and camaraderie among alumni, faculty, and students alike.	05 -06 April 2024
25	KMC, Mangalore	The East Zone Alumni Cell of MAHE was launched at Manipal Tata Medical College (MTMC) in Jamshedpur. The event brought together esteemed alumni from across the eastern region, providing a platform for them to reconnect and reminisce about their alma mater. Dr Anand Venugopal, COO-Teaching Hospitals, MAHE; Dr Unnikrishnan Bhaskaran, Dean KMC Mangalore; and Dr Saraswathy Sreeram, Associate Director, Alumni Relations, MAHE, graced the event as special invitees. A successful colloquium on Oncology was conducted in the morning, chaired by Dr G Pradeep Kumar, Dean of MTMC, Jamshedpur. In the evening, the MAHE Alumni Meet 2024 brought together approximately 50 alumni from Eastern India (Jharkhand, West Bengal, Odisha, and Bihar) to reminisce about their experiences at MAHE.	20 April 2024
26	KMC, Mangalore	The MBBS Batch of 1995 celebrated its 30th anniversary with an alumni reunion today at KMC, Mangalore. The event witnessed a joyous gathering of 100 alumni, reconnecting and reminiscing about their days at KMC, Mangalore.	03 August 2024
27	KMC, Mangalore	The 30th-year reunion of the 1993 MBBS Batch of KMC, Mangalore, was held at Clark's Exotica, Bengaluru.	16 August 2024
28	KMC, Mangalore	The 1976 MBBS Batch reunion of KMC, Mangalore, was held in South Africa.	21 September 2024

Sl No	Name of the Institution	Alumni Re-unions	Date
29	KMC, Mangalore	Department of Paediatrics, KMC, Mangalore Alumni Meet: "The Department of Paediatrics at KMC, Mangalore, in collaboration with the Paediatrics Alumni, successfully organized the inaugural of Dr B R Rama Rao Memorial CME and the first Dr P N Krishnamurthy Memorial Oration at the MEU Hall, KMC Mangalore. The event, titled "Unlocking the Secrets of Successful Research and Academic Publishing," was attended by around 100 delegates and 50 alumni from various batches, making it a memorable gathering of academic and professional minds. This confluence highlighted the continuing bond between the alumni and the department, strengthening their commitment to academic excellence and patient care. Overall, the program was a resounding success, setting a strong foundation for future collaborations and events under the banner of the Dr B R Rama Rao Memorial CME and Dr P N Krishnamurthy Memorial Oration.	22 September 2024

		The day began with a campus and department visit, where alumni walked down memory lane. Dr Kanthi, Associate Director, Alumni Relations presented an insightful overview of MIT Manipal—its journey, achievements, alumni relations, and alumni engagements. She also introduced the Almashine portal, highlighting its key features. This memorable meet was a wonderful celebration of nostalgia, camaraderie, and pride, further strengthening the bond between alumni and their alma mater.	
43	MIT, Manipal	Golden Reunion and MEC-MIT Rechristening – Batches of 1965–70, 1969–74: The historic Golden Reunion of the 1965–70 Batch and 1969–74 Batch was celebrated with grandeur at the MIT campus. On this joyous occasion, two illustrious alumni, Shri Ranga Pai Tonse and Shri Dayashankar Shetty were honoured for their outstanding career achievements, serving as an inspiration to current and future generations of MITians. The event was graced by Dr H S Ballal, Pro Chancellor, MAHE, who presided as the Chief Guest of the day. Dr Kanthi, Associate Director, Alumni Relations, presented an insightful overview of MIT Manipal—its journey, achievements, alumni relations, and alumni engagements. Dr Somashekara Bhat, Joint Director, MIT, addressed the gathering, emphasizing MEC's early journey and the latest developments in MIT. Dr Sriram K V, Associate Director of Placement and Industry Liaison, delivered the welcome address, and Dr Krishna Prakash, Assistant Director of Alumni Relations, delivered a vote of thanks.	17 December 2024
44	MIT, Manipal	Silver Reunion – Batch of 1995–99: The Silver Reunion of the MIT Manipal Batch of 1995-99 was celebrated with great enthusiasm, at the MIT campus. The day began with a nostalgic procession of alumni at the MIT Quadrangle, accompanied by music that brought back fond memories. The Chief Guest, Dr Giridhar Kini, Registrar of MAHE, Manipal, and an alumnus of the 1995 pass-out batch, shared heartfelt recollections, recounting classroom anecdotes and hostel adventures, creating an atmosphere filled with joy and camaraderie. Reflecting on the progress of MIT's progress, he said, "Manipal now focuses on research-based studies, placements, and a holistic environment. KMC identifies problems, and MIT provides solutions—that's what Manipal offers today." Dr (Cdr) Anil Rana, Director of MIT, spoke about the invaluable contributions of alumni like Harish Shah, who sponsors scholarships for 57 economically underprivileged students. He emphasized that the skills and values learned at MIT enable alumni to excel globally. Dr Rana also highlighted MIT's focus on leadership, entrepreneurship, teamwork, stress management, and participation in national and international events. Dr Kanthi, Associate Director, Alumni Relations presented an insightful overview of MIT Manipal—its journey, achievements, alumni relations, and alumni engagements. She introduced the Almashine portal, a platform designed to keep alumni connected and enhance engagement between alumni and the institute.	19 December 2024
45	MIT, Manipal	MIT Manipal Alumni Association (MITMAA) Launch Program and Alumni Meet: The MITMAA, with the tagline -Bringing generations, Building Legacies was at the MIT Central Library Auditorium. The event marked a milestone	20 December 2024

Sl No	Name of the Institution	Alumni Re-unions	Date
		with the unveiling of the association's logo and participation from distinguished guests and alumni. The Chief Guest, Mr Vinod Eswaran, MD and CEO of Jio Payments Bank, shared his journey, and the pivotal role MIT played in shaping his life. The Guest of Honour, Lt Gen (Dr) M D Venkatesh, Vice Chancellor of MAHE, highlighted the transformative potential of alumni engagement: "The progress of an institution is deeply connected to its alumni. Over time, the bond between an alumnus and their alma mater grows stronger, acting as an umbilical cord that nurtures generations and legacies." Director's Perspective: Dr (Cdr) Anil Rana, Director of MIT, expressed pride in MIT being the first MAHE institute to adopt the AlmaShine alumni portal, linking over 37,800 members. He said: "This platform enables students to seek mentorship from alumni, fostering growth and collaboration. With half of our adjunct faculty being alumni, we have laid a strong foundation. The establishment of MITMAA, with its General Body and office space, is a crucial step toward elevating MIT further." The launch of MITMAA unites the institution's past, present, and future, celebrating a shared vision of building generations and legacies while fostering a vibrant community of global leaders.	
46	MSAP, Manipal	The Alumni Reunion for the Batch of 1995 was held at 11:00 AM in the Seminar Hall, MSAP, with 25 alumni members, five teaching faculty, and five non-teaching faculty in attendance. The event began with a floral tribute to Dr TMA Pai, followed by a warm welcome address by Dr Pradeep G Kini, Joint Director of MSAP. Dr Kalyan Kumar Mukherjee, Director of MSAP, highlighted the crucial role of alumni in enhancing architectural education and strengthening ties with the institution. Nostalgia filled the room as former teaching faculty members, Dr Ravindra Deshmukh, Prof Ramaswamy R N, Prof Yogish Chandra Dhara, and Prof Lulwa Khaleel, shared their memories of teaching the Batch of 1995. Alumni members reciprocated by recounting their experiences and expressing gratitude toward their alma mater. As a token of appreciation, souvenirs were presented to all invitees. The event concluded with a vote of thanks by Prof John Benette John, Alumni Coordinator, MSAP, followed by the singing of the National Anthem, leaving attendees with a sense of unity and pride. The reunion was a memorable event, fostering connections and celebrating the legacy of the Batch of 1995 while strengthening the alumni's bond with MSAP.	20 December 2024

Human Resources Department

The Human Resources Department at MAHE remains steadfast in championing inclusive excellence by fostering a safe, welcoming, and growth-oriented workplace. We continue to modernize our HR systems, ensuring agility and readiness for the evolving workforce of today and future. Our strategic focus spans across three key areas: nurturing a diverse and inclusive organizational culture, enhancing talent development and retention strategies , and delivering competitive compensation and benefits.

Talent Acquisition

MAHE welcomed **1,856** new hires through diverse recruitment strategies, including digital outreach, employee referrals, and a compelling employee value proposition. In parallel, we emphasized internal mobility by providing employees meaningful career advancement opportunities to our existing workforce, thereby strengthening talent retention and organizational agility.

Fostering Career Mobility

In line with the strategic objectives of MAHE, the Performance Management System for faculty members was and reintroduced this year as the Performance Appraisal System This new frame work enables digital, data-driven evaluations across key domains: academics, research, clinical service, and administration. Complementing this initiative, MAHE's career advancement policies reinforce motivation, accountability, and career development of its employees. A total of **464** employees were promoted during the year.

Employee Wellness

MAHE is deeply committed not only to being student-centric but also fostering an employee-centric environment by offering a comprehensive range of employee-friendly benefits and facilities. These include statutory and non-statutory provisions such as medical and healthcare support, reimbursement of school fees, and merit-cum-means scholarships for employees' children pursuing higher education under MAHE. Faculty members are granted fully paid study leave to pursue higher studies, supporting their professional growth. The life of every employee is insured through a group term life insurance policy. This year, reflecting our care-driven culture, the HR Department facilitated life insurance benefits to the family members of **14** deceased staff members,

Leadership Development and Strategic Capability Enhancement

Learning remained a central pillar at MAHE, with staff receiving robust financial and institutional support to participate in national and international conferences, soft skills training, research publications, and patent filing. Tailored Programs addressed diverse learning needs and career stages, underscoring our ongoing our investment in people and their professional growth.

Comprehensive Succession Planning Program and LEAP (Leadership Engagement and Accelerator Program)

As part of its leadership development efforts, MAHE launched a Comprehensive Succession Planning Program to strengthen the leadership pipeline.

The program began with leadership interviews to identify institutional needs, followed by assessments on Leadership and Functional Competencies. In February and March 2024, 194 participants across 11 batches completed 360-Degree Feedback Survey and Assessment Development Centers

Based on the results, a Succession Readiness Report and individual development plans were created. Participants were then grouped into three cohorts based on leadership potential and engaged in the 12-week LEAP program. This included coaching, leadership journals, learning aids, and simulation exercises, along with focused Competency-Based Workshops.

The successful rollout has resulted in a strong pool of future leaders prepared to assume key roles at MAHE. As we continue refining our HR strategic plan, we remain dedicated to service excellence, upskilling and positioning MAHE as a premier employer in Higher Education.

Below is a glimpse of the various learning and development programs conducted throughout the year.

Departments of Quality & Compliance, Manipal

The Quality & Compliance departments / IQAC, MAHE functions to achieve the following objectives:

1.0 Quality initiatives:

- Implementation of the Integrated Management System (IMS) in a phased manner across all institutions of MAHE, focusing on its Mission and Vision. The IMS shall comprise of the implementation of relevant standards, accreditations, and the practice of Business Excellence models. It will also aim to develop an integrated quality model encompassing all relevant standards.
- To take necessary steps towards sensitization, training, and maintaining the auditors' pool for MAHE and its constituent units, and to arrange cross-audits at various constituent units and associated hospitals.
- To create an atmosphere that nurtures Quality and Environmental responsiveness as a part of the culture.
- To facilitate the sharing of best practices across institutions of excellence at national and global levels, gaining deep insights into the functioning of our own institutions to understand our strengths and weaknesses. The Quality department, from time to time, processes and compiles applications for national and international awards and accreditations by various statutory and regulatory bodies

2.0 Compliance:

- To assist the constituent units in complying with the requirements of statutory, regulatory, and government bodies.
- To organize academic audits at constituent units.
- To assist the constituent units in starting new programs and renewing existing programs.
- To assist the university in preparing applications for starting new units, departments, or programs.

3.0 Quality, Environment, and Energy Management:

3.1 Status of ISO Certification of MAHE and its Constituent Institutions and Associated Teaching Hospitals:.

Sl No	Name of the Institute	Date of First ISO 9001 QMS Certification	Date of First ISO 14001 EMS Certification	Date of First ISO 50001 EnMS Certification	Present Status
1	MAHE, Manipal	27 December 2004	23 January 2009	8 June 2017	Both ISO 9001and ISO14001 were integrated as an Integrated Management System (IMS), effective from 26/4/2011. The present certificate is valid until 2026. The initial EnMS certification was only for the Manipal campus. In 2020, the Mangalore, Udupi, and Karkala sites were added, and the current certificate is valid until June 2026.
2	Manipal College of Nursing , Manipal	08 April 2005	23 January 2009	--	Both systems were integrated with the University as above and recertified. The present certification is valid until 2026
3	Manipal College of Pharmaceutical Sciences, Manipal	05 June 2005	23 January 2009	--	-do-

Sl No	Name of the Institute	Date of First ISO 9001 QMS Certification	Date of First ISO 14001 EMS Certification	Date of First ISO 50001 EnMS Certification	Present Status
4	Manipal Institute of Technology, Manipal	07 April 2007	23 January 2009	--	-do-

4.0 Accreditation and Ranking:

MAHE has been re-accredited with the highest grade of A++ with a CGPA score of 3.65. The certificate is valid up to 30 May 2027.

NIRF ranking result performance analysis and strategy presentations were held on 21 August and from 3 to 6 September 2024 for all disciplines in the presence of top management.

A separate team was formed consisting of faculty members from all the colleges to collate and compile data for THE Impact Ranking 2025. A preliminary meeting was conducted on 18 July 2024 to orient the data collection process and methodology, along with team members and nominated faculty from all the institutions. The first data review meetings were held on 19 and 20 August 2024

Final presentation on THE Impact Ranking 2025 was conducted for the top management on 22 November 2024.

5.0 Training / Workshops / Conferences / Review Meetings

- Dr Sandeep S Shenoy, Director – Compliance, was the Lead Assessor for IMC RBNQA Trust and assessed an award application of a company based in Chennai from 4 to 6 January 2024.
- Quality Team attended the workshop on 'Ranking Improvement of Higher Education Institutions in QS', held on 2 February 2024, virtually conducted by NIRF
- Lt Gen (Dr) M D Venkatesh, Vice Chancellor, Dr Christopher Sudhakar, Director – Quality, and Mr Srikant Gumaste, Data Scientist, attended the QS India Summit 2024 at Chennai from 8 to 11 February 2024, in which our beloved Vice Chancellor chaired a session on "Re-engineering the Global Collaboration with Higher Educational Institutions for Twinning, Joint, and Dual Degree Programmes".

- On 9 March 2024, MIT Manipal hosted a workshop on Risk Management and Change Management. Organized by the Office of the Associate Director (Quality Assurance), the event featured Dr Sandeep S Shenoy, Director – Compliance at MAHE, as the esteemed facilitator. Known for his extensive expertise in the field, he guided participants through an insightful exploration of principles and practices crucial for mitigating risks and effectively managing change within organizational settings. The workshop aimed to equip attendees with a comprehensive understanding essential for navigating these critical aspects of organizational management.

- Mr Srikant Gumaste, Data Scientist, participated in the workshop titled "Challenges in Effective Data Capture in the Portal," organized by AISHE in Bengaluru on 18 March 2024.
- Lt Gen (Dr) M D Venkatesh, Vice Chancellor, along with Dr Sandeep S Shenoy, Director – Compliance, attended the UGC Interface Meeting in New Delhi on 22 March 2024, to make a presentation on NEP implementation at MAHE
- Dr Christopher Sudhakar, Director – Quality, attended the Round Table meeting on the issue of Subject Rankings organized by Ministry of Education , Government of India, on 13 April 2024.
- Dr Karunakar Kotegar, Director of International Affairs, and Dr Santhosh K V, Deputy Director of Research (Technology), represented MAHE at the THE Asia Summit 2024 in Malaysia from 29 April to 1 May 2024. Additionally, MAHE hosted an exhibition stall at the event.
- Mr Srikant Gumaste, Data Scientist attended the PURE Day event on "Empowering Research Management Strategy," jointly organized by MAHE Manipal and Elsevier. The event took place at the MAHE Bengaluru campus on 20 May 2024.
- MAHE hosted a half-day session titled "Delivering Sustainable Healthcare through Effective Collaboration and Impactful Outreach" at the Times Higher Education - Global Sustainable Development Congress in Bangkok from 10 to 13 June 2024. The session featured two panel discussions.

Dr Sharath Rao K, Pro Vice Chancellor of MAHE, chaired and moderated the session, leading the first panel discussion on "Collaborating with Global Partners for Sustainable Healthcare." The distinguished panelists included Prof Kevin Dunn, Provost of Western Sydney University; Prof Pattarachai Kiratisin, Vice President for Research at Mahidol University, Thailand; and Prof Jennifer Milam, Pro Vice Chancellor for Academic Excellence at the University of Newcastle, Australia.

The second panel discussion focused on "Delivering Outreach Programmes and Projects in the Local Community for Sustainable Health," moderated by Dr Unnikrishnan B, Dean of KMC Mangalore. The panelists included Ms Charlotte Ashton, Director of External Affairs at OHE Consulting Ltd, London; Ms May Moe Wah, Country Director at the Zoological Society of London - Thailand; and Prof Debbi Stanistreet, Head of the Department of Public Health & Epidemiology at the School of Population Health, Royal College of Surgeons in Ireland University of Medicine and Health Sciences.

Dr Christopher Sudhakar, Director – Quality, and Dr Santosh K V, Deputy Director of Research (Technology), also attended this significant event.

- Dr Christopher Sudhakar, Director – Quality, assisted PSPH during their APHEA (Agency for Public Health Education Accreditation) Reviewer visit from 24 to 26 June 2024, in connection with the accreditation of their MPH Programme.
- Dr Sandeep Shenoy Director – Compliance, was invited as a resource speaker for a NEP 2020 conference held in Chennai from 4 to 6 July 2024.
- Two batches of Internal Auditor training programs for ISO 9001 and ISO 14001 standards were conducted from 8 to 13July 2024. The training was led by Mr Srinivas Bhargav, the Promoter of Suprabha Quality Solutions, Bengaluru. A total of 53 new faculty and staff members were certified as Internal Auditors following this training.

Currently, there are 501 trained Internal Auditors across MAHE and its constituent units, with 373 at the Manipal campus and 128 at the Mangalore campus.

- Dr Narayana Sabhahit, Pro Vice Chancellor, Technology and Science, and Dr Sandeep Shenoy Director – Compliance, attended the Akhila Bharatiya Shiksha Samagam 2024, coinciding with 4th Anniversary of the National Education Policy 2020, on 29 July at Vigyan Bhavan, New Delhi, organized by the Ministry of Education
- Mr Srikant R Gumaste, Data Scientist, attended an exclusive masterclass and strategic leadership dialogue titled "Making Strides on the Global Stage: India's Rankings, Impact, and Internationalization" in New Delhi on 6 August 2024, organized by THE (British Council Data Masterclass and Strategic Leadership Dialogue).
- Dr Christopher Sudhakar – Director Quality and Dr Sandeep Shenoy – Director Compliance, conducted a brainstorming session on the autonomous status to the faculty members of MGM College on 13 August 2024
- Dr Sandeep Shenoy, Director – Compliance, attended a one-day online refresher course on 2 August 2024 and Dr Christopher Sudhakar, Director – Quality, attended a one-day online refresher course on 23 August 2024, to retain their Examinership of RBNQA .
- Mr Chandrashekar Rao, Assistant Manager, Department of Quality & Compliance, has been nominated to attend the training on "Certified Examiner for Performance Excellence," conducted by RBNQA Trust from 28 – 31August 2024, through an online format.
- Dr Sandeep Shenoy, Director – Compliance, attended the IMC RBNQA Consensus meeting (Online) on 22 and 23 November 2024, as a part of the RBNQA Application for assessment.
- Mr Srikant R Gumaste, Data Scientist, attended the "THE Innovation and Impact Summit" in New Delhi from 10 to 12 December 2024, hosted by THE
- Dr Christopher Sudhakar, Director – Quality and Dr Sandeep Shenoy Director –Compliance, conducted an academic audit at the MAHE Bengaluru campus on 20 December 2024.

6.0 Achievements:

6.1 Won the prestigious FICCI Higher Education Excellence Award 2024 under the category "University of the Year ".

6.2 Won the CII Awards on Excellence in Women in STEM in November 2024, conferred by the Confederation of Indian Industry

6.3 Times Higher Education (THE) World University Rankings 2025

Ranked Number 801-1000 in the prestigious Times Higher Education World University Ranking 2025

6.4 THE University Impact Rankings 2024

- Overall Impact Rankings – Ranked 101-200
- SDG 3 - Good Health and Well-being – Ranked 76
- SDG 4 - Quality Education – Ranked – 52
- SDG 5 - Gender Equality – Ranked 15
- SDG 17 - Partnership for the Goals – Ranked 301-400

6.5 Times Higher Education Asia Rankings 2024

Ranked 201-250 in the prestigious THE ASIA University Ranking 2024

6.6 Times Higher Education Young University Rankings 2024

Ranked 175 in the Times Higher Education Young University Rankings 2024

6.7 Times Higher Education Subject Rankings 2024

- Ranked 201-250 in the subject: Clinical and Pre Clinical
- Ranked 601-800 in the subject: Life Sciences
- Ranked 601-800 in the subject: Business and Economies
- Ranked 601-800 in the subject: Social Science for the first time.
- Ranked 801-1000 in the subject: Computer Science
- Ranked 801 - 1000 in the subject: Engineering and Technology
- Ranked 801-1000 in the subject: Physical Sciences

6.8 QS World University Rankings 2025

MAHE Ranked 901-950 in the prestigious QS World University Ranking 2025

6.9 QS University Rankings: ASIA 2025

Ranked 197 in the prestigious QS ASIA University Ranking 2025

6.10 QS Subject Rankings 2024

- Ranked 51-100 in Dentistry subject, Domestic rank 2
- Ranked 101-150 in Anatomy & Physiology subject for the first time, Domestic rank 1
- Ranked 151-200 in Pharmacy subject, Domestic rank 3
- Ranked 201-250 in Medical subject, Domestic rank 2
- Ranked 451-500 in Biological Sciences subject, Domestic rank 6
- Ranked 601-650 in Chemistry under natural science subject, Domestic Rank is 13
- Ranked 601-650 in Computer Science & Information system under engineering subject, Domestic Rank is 17

6.11 QS Sustainability Ranking 2025

- Ranked 401 under Overall Category, Ranked 74 in Asia , Ranked 9 in India

6.12 Shanghai Rankings 2024

- Ranked 901-100 in the Academic Ranking of World Universities (ARWU) 2024 by Shanghai Ranking Consultancy (National/Regional Rank – 12-15).
- Shanghai Ranking in 2024 Global Ranking of Academic Subject
- Public Health 301 – 400
- Clinical Medicine 401 – 500

6.13 Scimago Instituion Ranking 2024

Ranked 7th– In India under University Overall Rank , Ranked 6th in Research, Ranked 137th in Innovation , Ranked 3th in Societal Rank – all subjects

6.14 UI Green Metric World University Rankings 2024

Ranked 1st in India, 58 in Asia and 120 globally in the overall category in the prestigious UI Green metric world university rankings 2024 as the most Eco sustainable campus.

6.15 National Institutional Ranking Framework – NIRF 2024

- Ranked 4h in All India University Ranking survey under the UNIVERSITY category and 14 under OVERALL category, 23 under Research Category and Rank band 11-50 in the Innovation ranking conducted by National Institutional Ranking Frame work (NIRF) 2024, MOE, Government of India

6.16 Other Awards and Rankings

- India's Top Non-Government (Private and Deemed) Multidisciplinary Universities - The WEEK – Hansa 2024
- India's 2nd Top Private University - Education world India Private University Ranking (EWIPUR) - 2024
- Ranked 2nd under the private category by Career360 Ranking– Top Private Universities in India 2024

Compliance:

1. Assisting the University and constituent units in complying with the requirements of the following statutory and regulatory bodies:
    1. Government of India, New Delhi
    2. Government of Karnataka, Bengaluru
    3. University Grants Commission, New Delhi
    4. National Medical Council, New Delhi
    5. Dental Council of India, New Delhi
    6. All India Council for Technical Education, New Delhi
    7. Council of Architecture, New Delhi
    8. Pharmacy Council of India
    9. Indian Nursing Council & Karnataka State Nursing Council
    10. Rehabilitation council of India
    11. Karnataka State Pollution Control Board
2. NAAC Annual Quality Assurance Report for the AY 2022-23 was submitted on April 3, 2024
3. Creiteira wise review meetings of Annual Quality Assurance Report for the AY 2023-24 were held in the month of October and November 2024
4. UGC – UTSAH portal data entry review meetings were held on 23 March and 12 December 2024
5. AICTE – Extension of Approval application successfully submitted on 9 December 2024 for the courses under MSIS, WGSHA, Design, Commerce and Online Education.

Statistical Bureau

- University Annual Report was published on 10 June 2024 and University Convocation Reports on 4 January 2024 , 19 June 2024 and 23 December 2024.
- Provided data on request to Regulatory Bodies.
- Streamlining and coordinating with colleges and students for the smooth running of State Scholarship Portal, National Scholarship Portal, Karnataka Labour Scholarship, Sikkim State Scholarship Portal, and Tribal Scholarship
- AISHE (All India Survey for Higher Education) report for the period 2022-23 was submitted to the Department of Higher Education-Ministry of Education, Government of India on 3 April 2024

Bengaluru Campus Activities

The Internal Quality Assurance Cell (IQAC) at MAHE BLR has been actively participating and contributing data, reports, and efforts towards achieving its mission.

1.0 Quality Initiatives – MAHE BLR

IQAC – MAHE BLR in coordination with its parent institution at Manipal, takes the initiative and submits all required details.

Quality Culture Drive

Placing of SDG Posters – SDG posters are distributed to all institutions/departments, and units within the campus and placed on notice boards to create awareness among staff and students.

Regular Monthly Meetings – Monthly meetings are conducted regularly to clarify queries and assist in completing required activities.

Event Brochures – Initiatives are implemented to have relevant SDG logos printed on all Event Brochures.

IQAC Website Page – A dedicated website page has been created:
https://www.manipal.edu/mu/campuses/mahe-bengaluru/about-us/iqac/overview.html

Guidance and Training – The IQAC team has been guiding institutions/departments by providing all templates in the 'Read and Comprehend' session on its website page to improve 'Quality Culture'

Best Practices Documentation – The 'Best Practices' of every institution/department have been recorded and shared.

2.0 Compliance

Regular training and meetings were conducted to guide institutions/departments in preparng for academic audits.

An academic audit was conducted by Internal Quality Assurance Cell team members from MAHE BLR, Dr Vishweswar Sastry and Dr Neena Rani from May – June 2024 and organized for audit by the directors of the Manipal team, Dr Christopher Sudhakar – Director Quality, and Dr Sandeep Shenoy – Director Compliance on 20 December 2024. Reports of the audit have been prepared and shared with the

Directors – Quality and Compliance after the completion of the audit.

The IQAC team has been assisting various units and centres of MAHE BLR in compiling details related to quality and compliance.

3.0 Training/Workshops/Conferences/Review Meetings

'An Interactive Session on SDG: Main Areas of Ranking MAHE Concentrates On' was delivered by Mr Srikanth R Gumaste, Data Analyst from the IQAC team, Manipal, on 27 May 2024 and attended by all IQAC coordinators from various institutions/ departments.

Dr Vishweshwar Sastry and Dr Neena Rani have been attending all online sessions conducted by the parent campus related to preparing details for various IQAC-related activities.

Training session for Academic Audit - A training session on preparing a PPT for Academic Audit 2024 was conducted by Dr Neena Rani for all IQAC coordinators from various institutions/departments in May 2024.

The 14th Internal Quality Assurance Cell online meeting was attended by Dr Vishweswar Sastry on 18 December 2024.

The first IQAC collaborative meeting was attended by Dr Vishweswar Sastry, where all campuses shared their data and various activities. The meeting was was chaired by the Director Quality and the Director Compliance on 7 January 2025.

4.0 Achievements: As per MAHE rankings, all rankings achieved by MAHE, Manipal, are also an achievement for its off-campus at MAHE, Bengaluru.

Compliance:

MAHE BLR has submitted all activities initiated by the parent campus, including the submission of details in the AISHE portal and submission of the Annual Report.

Closing Remarks by Director Compliance

Academic Audit – Manipal Team

Closing Remarks by Director Quality

The Department of General Services

The Department of General Services, headed by the Director, is responsible for the supervision of estates and maintenance of all support services, such as ancillary, civil, electrical, HVAC, telecommunication, transportation fleet, plumbing, and water supply. The various branches of the department ensure the smooth, seamless functioning of the institutions and hospitals in multiple locations. The application of state-of-the-art technology, with an eye on efficiency, cost-effectiveness, and resource conservation, is inbuilt into the team's DNA.

Introduction:

The Civil Department focuses on the repair and renovation of buildings, including UGD maintenance. Ancillary services handle housekeeping, road cleaning, solid waste and garbage management, façade cleaning, pest control, horticulture, landscaping, waste management, and composting. The Electrical Department maintains the 33/11 kV substation and 38 11/0.433 kV substations and performs the critical function of ensuring 24/7 power supply. A 100 percent backup power supply is maintained through DG sets. The inclusion of green energy is a priority area, along with fuel efficiency. Additionally, two 11 kV express feeders have been added from the MESCOM 33/11 kV Parkala substation to the MIT/MCBR campus. Water Supply and Plumbing works address plumbing complaints, supervise and monitor the water supply system, and operate and maintain sewage treatment plants and grey water treatment plants. The Air Conditioning Department operates 19 central chiller plants, with 6150 standalone units functioning on campus. The department contributes to effective cost savings by optimizing resource use and improving efficiency. HVAC systems are upgraded in phases to adopt the best available energy-efficient technology. The Telecommunications Department enables MAHE to communicate effectively with its constituent units via intercom and cellular services. Maintenance is proactively planned to deliver a high standard of service, including system upgrades. The transportation fleet ensures safe and secure mobility for university staff, students, and guests.

Environment and Energy Management

Energy Management

MAHE institutions follow an energy efficiency policy to procure only energy-efficient appliances and to phase out older ones. The emphasis is now on improving energy management through better controls, monitoring via BMS, and reducing losses. More than 90 percent of the campus has replaced conventional appliances with energy-efficient alternatives.

The university has steadily increased its rooftop solar PV bank by four times since 2015 and has doubled its green-wheeling energy bank. Currently, the university has a rooftop solar PV capacity of 2.53 MWp. In addition to solar power, solar water heaters have also been installed in the residential and hospital buildings on campus to meet hot water requirements, with an installed capacity of 4,87,891 LPD, thereby reducing dependency on electric water heating facilities.

The campus has installed a biogas plant with a capacity of 6 m^3/day, capable of converting 50 kg of organic waste into cooking fuel. Approximately 8,424 kg of organic waste has been converted into biogas so far. This energy is used as cooking fuel in the campus food court kitchen and is equivalent to 13,842.84 kWh of calorific energy.

Energy efficient transformers

Central chiller plant

Synchronization of DGs for power efficiency

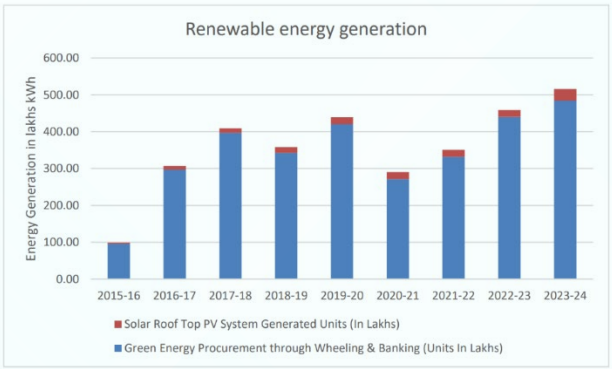
Heat pumps used instead of electric coils

Solar water heaters

Roof top PV on Mareena-Indoor sports complex

Roof top PV on MLCP

Biogas Plant

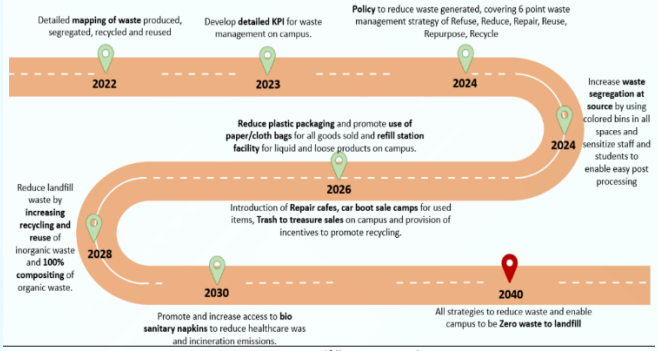


Renewable energy bank (kWh) for the two campuses

Total electricity used on campus = 7,94,40,640 kWh
Total green energy generated through rooftop solar PV = 31,98,404 kWh
Total green energy procured through green-wheeling = 4,84,00,115 kWh
Percentage of green energy use = 65%

Solid Waste Management

The MAHE campuses have a massive footprint in terms of waste produced. To ensure that all types of waste are handled from source to end-of-life, the university has established mandatory protocols and policy measures.



Zero waste to Landfill 2040 – Roadmap

Few of the initiatives taken up by MAHE to curb solid waste generation:

- The student exams on campus are managed and delivered on Exam Pads, a tablet PC custom-built for education. One can write and draw as on paper, thus reducing paper usage by 17.9 tons.
- The use of e-pads for examinations has saved 430 trees.
- An initiative to reduce paper usage by phasing out hard copies of convocation reports since 2018.
- The campus' solid waste management policy commits to minimising plastic products, and a ban on single-use plastic has been implemented as per CPCB guidelines.
- The use of PET water bottles on campus has been reduced by installing a bottling plant, which ensures clean, reusable glass bottles for drinking water. This initiative has reduced 5,112 kg of PET bottle consumption.
- An organic waste composter of 200 kg/day capacity aids in converting all wet waste collected on campus into pre-compost within eight hours, which is a vital input for the University gardens.
- The campus also adopts a traditional system of using earthworms to digest wet waste and turn it into vermicompost, which is utilized for green cover development on campus.

Water botteling plant

Use of e-pads for examination has saved 430 trees

Sewage treatment plant

Organic waste converter

Vermicomposting

Styrofoam recycler

MAHE introduced an e-waste collection system on its campuses in 2021 and has been successfully segregating this waste stream for eco-friendly management. Items collected include batteries (AA/AAA/Laptop), CDs/DVDs, USB/memory sticks, and printer cartridges. Separate collection is maintained for IT and electrical end-of-life equipment. E-waste is sold to authorized recyclers, and batteries are returned to the manufacturers.

Thermocol or Styrofoam is a persistent pollutant that impacts soil, water bodies, and marine life if not properly managed. Hence, the University has set up an in-house melting machine that melts the thermocol and produces raw material that can be used as input for the plastic recycling industry.

Water

The wastewater generated on the campus is recycled in state-of-the-art sewage treatment plants with a capacity of 7,400 KLD and three sullage treatment plants of 450 KLD within the campus.

- Treated water from the sullage treatment plant is reused for flushing in the buildings.
- STP-treated water is mainly used for irrigation of the landscape.

This ensures that all the black and grey water is treated and reused.

The treated wastewater from both the sewage treatment plant and the sullage treatment plant is reused on campus for irrigating and flushing, significantly reducing the freshwater demand. Ninety-eight percent of the treated water generated is reused on campus, with the remaining lost in conveyance.

Sewage treatment plant 1

Sullage treatment plants for flushing use

MAHE has successfully implemented the following programs to ensure water is conservation at the campus level:

- **Rainwater collection**: Rooftop rainwater is collected and sent to trickle sand filters with a 10,000 liters/hour filtering capacity.
- **Artificial lakes:** The existing artificial lakes on campus are conserved, and their capacity is enhanced from 8,000 kl to 11,000 kl.
- **Irrigation water**: The freshwater demand for landscape irrigation is reduced by using STP-treated water and rainwater.
- **Water metering:** Water consumption is continuously metered and regularly monitored to identify any malfunctioning or leakages in the network.
- **Urinals:** Sensor flushes are installed for urinals, and most of the urinals have been retrofitted to waterless urinals to reduce water demand.

Transportation

The entire campus is well-connected via shuttle service, reducing the need for private vehicle parking. All major assembly blocks and residential buildings have sufficient parking spaces to meet the needs of both the public and campus residents.

The MAHE campus has actively worked to reduce the use of private vehicles and encourage zero-emission vehicles, thereby reducing the overall parking area requirement on-site.

- 1500 free bicycle rentals are provided on campus, which require less parking space and produce no pollutants.
- E-bikes are available for on-campus student transportation, which requires less parking space.
- E-buggy cars are used by students and staff to commute between hostels and academic buildings on campus.
- A bus shuttle service is provided by the university for the daily commute to and from the campus for all staff and students.
- Staff housing on campus reduces commute time and the need for private transport.
- A multi-level car parking (MLCP) facility accommodates approximately 1220 vehicles, including two- and four-wheelers, reducing the need for on-ground parking. The MLCP covers only 25 percent of the ground area compared to on-ground parking for the same number of vehicles.
- Students are restricted from bringing their own vehicles to the MIT campus to reduce parking requirements and encourage the use of public transport.

Campus Buses for intercampus as well as intra campus trips

LAUNCHING OF E-BIKE - A GREEN INITIATIVE

MIT has formally launched Electric bicycles on 30 April 2022. Honourable Vice-Chancellor of MAHE was the chief guest during the official launch. CEO of Indeanta, Faculty of MIT and MIT Student Council members were present during this event. MIT has signed MoU with Indeanta E-mobility pvt. ltd. for making electric bicycles and buggies available at MIT campus. As per MoU Indeanta will provide: vehicles, operator awareness, software and cloud service. Students have expressed their happiness towards this green initiative.

E-bikes

Sl No	Shuttle vehicle	No. of Vehicles
1	Bus	50
2	E- buggy	5
Sl No	**Other university managed vehicles**	**No. of Vehicles**
1	Cars (Fuel based)	31
2	EV cars	6
3	E Minitruck	1
4	Motorcycles	6
5	Service vehicles (Trucks and tractors)	7
6	Ambulances	6

The University manages a total vehicle fleet of 112, which includes 12 EV vehicles, while the remaining are fuel-based combustion engine vehicles. The fuel-based vehicles include cars, shuttle buses, motorcycles, ambulances, and service vehicles.

Closed parking facilities for bicycles and E-bikes

Electric cars for inter-intra-campus transport and airport drop-off

Zero Emission campus patrol

Zero emission load carrier

SDGs Mapped:

This year, the UI Green Metric Ranking Agency ranked MAHE as the greenest campus in India, placing it 1st nationally and 120th globally.

Office of International Affairs and Collaborations

The Office of International Affairs and Collaborations (OIAC) was established in 2014 with the aim of providing comprehensive services across the university in the international arena. Headed by the Director International Collaborations, OIAC has a team of dedicated staff and supported by an advisory council, a group of faculty and administrators representing each of the University's 28 colleges, along with other key academic units.

The office provides a comprehensive and unified framework within which all work in the international arena can be seamlessly achieved. Primarily responsible for providing direction, assistance, and coordinaton for the University's international activities, this office also liaises with overseas institutions and governments. While fulfilling this leadership role, the office recognizes the importance of individual initiatives, needs, and the innovativeness of faculty and students across the University. While the key focus of the office is to provide a centralized location for the faculty, staff, and students, individual decentralized colleges and schools continue to coordinate their work through this central location at the institution level.

The office also aligns international opportunities within each college's curriculum, enabling student mobility across institutions, enrolling transnational students for both short and long terms, and facilitating institutional grants and contracts to pursue value-creating projects for the University.

Resource Centre for International Education

OIAC will be the University's comprehensive resource for study abroad, research abroad, internships abroad, and other educational experiences worldwide. Its pivotal goal is to help students and faculty stretch across borders, perhaps farther than they thought possible. By promoting intercultural competence, meticulous erudition, and the acquisition of foreign languages, OIAC aims to provide opportunities for academically sound international experiences. It also administers student exchange programs with partner institutions around the globe, in conjunction with other bodies on campus.

Since its establishment, the office has been providing critical services to the student body by facilitating exchange programs with partner institutions around the globe. The time spent by these individuals range from a week to more than a semester–both inbound and outbound.

Provision of Ancillary Student Services

OIAC ensures the University's compliance with the myriad of evolving regulations both statutory and otherwise, in conjunction with the Office of Quality and Compliance. It supports the University by managing global student and scholar interactions and, in general, facilitates the well-being of all international students, faculty, and staff. Some of the regulatory and compliance issues have now been centralized:

- Being the central office for the receipt and disbursement of all potential applications for student exchanges.
- Generating invitation letters for visa purposes and interaction with consulates.
- Arranging accommodation and logistics upon arrival/ departure.
- Facilitating compliance with the Foreign Registration Registrar's Office (FRRO) with respect to both entry and exit, as well as fulfilling the requirements of the following statutory forms of the Department of Immigration.
    - Form C
    - Form S
    - The respective institution being instructed to provide Bonafide.
    - Selected students being instructed to register online for RC/RP.
- Actively reviewing financial matters in consultation with the Finance/HR department with respect to grants, fees etc.
- Facilitating the international guest schedule and meetings during their visit on campus.
- Recording the mobility numbers and activities engaged with foreign universities.

2024 Initiatives

Sparking Culinary Fusion: At-Sunrice, Singapore Explores Partnership with WGSHA

In a flavorful exchange of ideas, a delegation from At-Sunrice, Singapore, embarked on a journey of exploration at WGSHA on 6 February 2024. Welcomed warmly by the college Principal, the delegation was treated to a tantalizing showcase of WGSHA's infrastructure, innovative curriculum, and

dynamic teaching methods. As the day unfolded, the delegation embarked on a sensory adventure, traversing the campus's culinary museum, state-of-the art classrooms, bustling training kitchens, inviting restaurants, and student amenities. The visit culminated in a momentous occasion as the delegation met with the Hon'ble Vice Chancellor to formalize a Memorandum of Understanding for student mobility. This visit has led the way for an exciting partnership, promising a fusion of culinary excellence and academic innovation. In this culinary odyssey, the flavours of WGSHA and At-Sunrice blend harmoniously, paving the way for a deliciously fruitful collaboration

MAHE Bengaluru Collaborates with US Universities

A cohort of professors from Manipal Institute of Technology, Bengaluru, Manipal Law School, Manipal Institute of Regenerative Medicine, Department of Liberal Arts, Department of Commerce, and Department of Public Policy engaged in fruitful discussions with six prominent universities from the United States. The inhouse team interacted with delegates from the University of Texas at San Antonio (UTSA), Pennsylvania College of Technology, University of San Diego (USD), Kennesaw State University (KSU), State University of New York, Buffalo (SUNY Buffalo), and Saint Louis University.

MAHE Engages International Students on an Academic-cum-Cultural Drive

A group of 13 occupational therapy students, accompanied Ms Nikki Lyons, Practice Education Coordinator and Senior OT Clinical Educator at Barwon Health, completed a three-week clinical observership at the Department of Occupational Therapy, Manipal College of Health Professions (MCHP), MAHE, from 3 February to 26 February 2024. During their observership, the students had the opportunity to observe cases across various clinical specialties, including neuro-rehabilitation, orthopedics, pediatrics, and mental health.

On 4 March 2024, Ms Tiffany Wanyue Chan and Ms Minjia Chen, two final-year optometry students from the University of Melbourne, visited the Department of Optometry for four weeks. These students were here for observership at Department of Optometry, Manipal College of Health Professions, having a rotational clinical posting at Kasturba Hospital and attending various community camps in rural and urban regions.

A group of 16 doctorate students from the Department of Occupational Therapy, Byrdine F Lewis College of Nursing and Health Professions at Georgia State University, USA, visited the Department of Occupational Therapy, Manipal College of Health Professions (MCHP), MAHE, from 8 and 9 March 2024. They were accompanied by Dr Kinsuk Maitra, Professor and Founding Chair, Department of Occupational Therapy, and Dr Emily Buchman, Associate Program Director. During their visit, the faculty conducted seminars. The two-day observership allowed the students to explore the future of occupational therapy and its prospects in education and healthcare. The students were exposed to the different cases during their two-day observership.

Benjamin Fossen Wolfe, an occupational therapy student from the Department of Rehabilitation Science and Health Technology, at Oslo Metropolitan University (OsloMet), completed a 12-week clinical placement at the Department of Occupational Therapy, Manipal College of Health Professions, MAHE, Manipal, from 5 January to 22 March 2024. During his placement, he observed cases across various electives in the department along with a major focus on Hand and Musculoskeletal Conditions.

Students, accompanied by Dr Eric Drinkwater from Deakin University, visited the Department of Exercise and Sports Science (ESS) at Manipal College of Health Professions (MCHP) from 22 January to 2 February 2024, as part of their study tour. During their stay at MAHE, the students actively participated in planning two community activities. Additionally, they contributed to planning Exercise is Medicine on Campus (EIM-OC) activities, aimed at promoting fitness participation among students, held on 31 January 2024.

Towards Excellence: MAHE Hosts Graduate Student Fair with Top US Universities

The US Department of Commerce, International Trade Administration, in partnership with the Office of International Affairs and Collaborations at Manipal Academy of Higher Education (MAHE), hosted a Graduate Student Fair on Wednesday, 14 February 2024 at Manipal Institute of Technology (MIT), Manipal. The event provided an opportunity for students to learn about graduate programs at 18 renowned US universities, including Bryant University, City University of Seattle, Clarkson University, The George Washington University, Kennesaw State University, Marymount University, Park University, Pennsylvania College of Technology, Saint Louis University, St Mary's University of San Antonio, The Catholic University of America, The University of Texas at San Antonio, University of Arkansas, University of San Diego, University of Wisconsin-

Stout, University at Buffalo, State University of New York (SUNY), and University of Utah, David Eccles School of Business.

Unlocking Global Opportunities: Choose France at MAHE

Choose France Education Tour 2024, a significant event, that took place on 7 February 2024 at the Manipal Institute of Technology (MIT) Library Auditorium. This collaborative effort with Campus France brought together 13 leading French universities and institutions, offering Indian students a glimpse into the extensive educational opportunities available in France. The education fair featured 13 of France's finest universities including ESSEC Business School, EM Lyon, Neoma Business School, EDHEC Business School, Audencia Business School, and Y Schools. Participants learnt more about educational opportunities in France for Engineering, Management, Hospitality, and Tourism. Campus France also provided talks on further education and scholarship opportunities for Indian students in France.

Dr Marie Lina Excellent's Visit to Manipal Academy of Higher Education: Strengthening Global Collaborations for Community Health

Dr Marie Lina Excellent, MD, MPH and Fulbright alumna, is an Assistant Professor in the Department of Public Health Leadership and Practice at the University of North Carolina Gillings School of Global Public Health, USA. In June 2024, Dr Excellent, travelled for the first time to Manipal Academy of Higher Education (MAHE), Manipal in India to explore areas of mutual interest at various institutions within MAHE. Dr Excellent actively engaged in meetings and tours with Deans, faculty, students, and staff to learn more about their vision, mission, accomplishments, potential gaps and areas for improvement through collaborations in teaching, research, and the practice of community-engaged scholarship. Dr Excellent described her experience as outstanding and inspiring given the warm welcome, the level of expertise, commitment to excellence, and global partnerships demonstrated by the MAHE, Manipal team. Marie Lina had the privilege to be educated on the diversity and authentic Indian culture at the Intercultural Studies Center

The Fulbright-Pai Fellowship Experience : Dr Donna Howard's Journey at MAHE

Dr Donna Howard is a public health practitioner with training in global health and the social behavioural determinants of health. During her sabbatical year at the University of Maryland (UMD) in 2008, she received a Fulbright-Pai Fellowship to travel to India as a visiting scholar within the Department of Community Medicine at Manipal University, now known as Manipal Academy of Higher Education (MAHE). Her responsibilities included providing lectures to students on public health in the USA, facilitating discussions with faculty and administrative leadership on how to more fully and formally integrate public health into the academic curricula, co-mentoring students, participating in university and local conferences, and immersing herself in the culture and community at MAHE.

MAHE MUN Inaugurates First Board for 2024-25 Marking Leadership Transition and Commitment to Global Dialogue

The MAHE MUN Officiating Ceremony marked the formal inauguration of the new and the very first Board of MAHE MUN for the academic year 2024-25. This event highlighted the leadership transition, with the President and the Secretary General and other key officials being introduced to the MUN community. The ceremony also fostered a sense of collaboration and a commitment to fostering diplomatic dialogue and global awareness. A key moment was the passing of the gavel, symbolizing the transfer of responsibility to the new leadership. With inspiring speeches and a shared vision, the event set the stage for months of meaningful discussions on international issues.

Learning, Culture, and Connections: A Transformative Summer at Manipal — International Summer School 2024

The Manipal international Summer School was organized from 15 to 26 July 2024. MAHE hosted 25 students from across the globe who had a glimpse of the culture, traditions, and cuisine of coastal Karnataka. Besides the academics, students got to visit some of the cultural places as part of their learnings. The two-week program ended with a valedictory ceremony that involved some fun activities, games, and a glimpse of traditional trades like garland-making and other games. The feedback was overwhelming, and participants eagerly look forward to many such programs annually.

International Student Associations for Student Exchange

IAESTE: IAESTE is the flagship student exchange program of Manipal Academy of Higher Education (MAHE). IAESTE India and its local chapter (LC) IAESTE Manipal is a student-driven organization supported by the constituent units of MAHE. As an organization of the students, by the students and for the students, it has over 2,000 members. Through this platform, a plethora of opportunities are offered

to the students to enhance their careers by pursuing technical internships abroad. For details, contact chairperson@iaeste.in.

AIESEC: AIESEC, on the other hand, is a global volunteer organization for inbound and outbound exchange students, that primarily handles projects of social importance, and that have a deep impact on the society at large. For details, visit https://opportunities.aiesec.org/.

IPSF: MCOPS is the only association across pharmacy institutes in India to have the membership status from IPSF, Netherlands. The Manipal Association of Pharmacy Students (MAPS), a student body of MCOPS Manipal, runs this association and facilitates the student exchanges. IPSF is among the world's oldest international student organizations for pharmacy students and pharmacists and represents more than 320,000 students and recent graduates from 80 countries. This leap comes as a boost to promote internationalization on campus and will be a milestone for MCOPS to initiate student exchanges and internships.

Cultural Coordination Committee

Chairperson: Dr Shobha U Kamath, Additional Professor, Department of Biochemistry, Kasturba Medical College, MAHE, Manipal.

Secretary: Dr Sambit Dash, Assistant Professor (Selection Grade), Division of Biochemistry, Department of Basic Medical Sciences, MAHE, Manipal

The Cultural Coordination Committee (CCC) of Manipal Academy of Higher Education (MAHE) has continued its mission to foster cultural diversity and artistic expression in 2024. From mesmerizing musical performances to grand cultural festivals, CCC has successfully curated a year full of enriching experiences for students, faculty, and the wider community.

Global Alumni Meet (4 January 2024)

The Global Alumni Meet, held as part of the AAPI Global Healthcare Summit (GHS), was a prestigious gathering that welcomed a large number of MAHE alumni from the United States. This event served as a platform to reconnect with the university's distinguished alumni and celebrate the cultural roots that bind them to MAHE.

CCC played a pivotal role in curating a grand cultural showcase featuring Yakshagana, group dance, and Kalamayam. The performance of Yakshagana, a traditional folk theatre form from Karnataka, enthralled the audience with its rich storytelling and vibrant costumes. The group dance performances brought a touch of contemporary and folk fusion, while Kalamayam, a unique art form, added depth to the cultural celebrations. The alumni were deeply moved by the immersive experience and expressed their appreciation for MAHE's continued efforts in preserving cultural heritage.

The event was a remarkable success, strengthening MAHE's global network and fostering a deeper sense of belonging among its alumni.

Music Concert by Visually Impaired Artists (13 January 2024)

A heartwarming and awe-inspiring music concert was organized, featuring visually impaired artists whose talent and passion transcended barriers. The event was a testament to the power of music as a universal language and an avenue for inclusivity. The audience was captivated by the artists' renditions of both classical and contemporary music, each performance reflecting remarkable skill and emotional depth.

The event received an overwhelming response from students, faculty, and the general public, who applauded not only the talent on display but also the message of resilience and perseverance. The concert left a lasting impact, reinforcing the belief that the arts are a space for all, regardless of physical limitations.

10 REDUCED INEQUALITIES

Santoor Concert by Pt Tarun Bhattacharjee (27 January 2024)

The year commenced with a mesmerizing santoor recital by the legendary Pandit Tarun Bhattacharjee at MAHE. An esteemed disciple of Pandit Ravi Shankar, Pt Bhattacharjee is credited with introducing the Mankangra Baaj, a unique playing style on the santoor. His performance transported the audience

into a meditative musical trance, showcasing ragas infused with intricate rhythms and delicate nuances. The event was well attended by students, faculty, and music connoisseurs from the region.

Women's Day Cultural Extravaganza (8 March 2024)

In celebration of International Women's Day, CCC orchestrated a grand cultural extravaganza that highlighted the strength, achievements, and artistic brilliance of women. The event featured a vibrant mix of music, dance, and theatrical performances, all centered around themes of empowerment, equality, and resilience.

The cultural performances included an all-women classical music ensemble, a Bharatanatyam recital portraying the struggles and triumphs of historical female icons, and a theatrical act depicting contemporary issues faced by women. The event also provided a platform for women performers from different fields to share their journeys and experiences.

The audience's response was overwhelmingly positive, with many attendees expressing that the performances were not only entertaining but also thought-provoking and deeply inspiring. The event successfully reaffirmed MAHE's commitment to gender equality and the celebration of women in the arts.

Utsav 2024 (2 to 6 April 2024)

The biggest cultural event of MAHE, Utsav 2024, was a spectacular five-day intercollegiate fest that brought together students from multiple campuses, including Manipal, Dubai, Jamshedpur, Jaipur, Sikkim, and Bengaluru. With 2,800 student participants and over 405 faculty members, the event featured 40 competitions spanning music, dance, theatre, and literature.

The festival was inaugurated on 2 April 2024, at KMC Greens, in the esteemed presence of Mrs Vasanthi R Pai (Trustee, MAHE Trust), Dr H S Ballal (Pro Chancellor, MAHE), Lt Gen (Dr) M D Venkatesh (Vice Chancellor, MAHE), Dr Geetha Maiya (Director of Student Affairs, MAHE), Dr Shobha Kamath (Chairperson, CCC MAHE), and Dr Sambit Dash (Secretary, CCC MAHE).

Event Schedule and Highlights:

15 March 2024 – Staff Utsav Cooking Competition: Held at WGSHA Kitchen, featuring vegetarian, non-vegetarian, and dessert categories.

1 April 2024 – Staff Variety Entertainment: A grand showcase of performances by MAHE faculty at Utsav Main Stage, KMC Greens.

Day 1 (2 April 2024):

Painting and Cartooning – Held at MIT Manipal and MCOPS, respectively.

Debate and Extempore – Hosted by MCODS Manipal and KMC Manipal.

Instrumental (Solo) and Eastern Vocal (Solo) – Showcased at Dr TMA Pai Halls and KMC Greens.

Cultural Parade and Folk Dance (Group) – Celebrating diversity with colourful performances.

Day 2 (3 April 2024):

Rangoli and Collage – Conducted at Sharada Hall, MCHP, and PSPH.

Indian Classical Vocal (Solo) and Dance (Solo) – Featured at Dr TMA Pai Halls and KMC Mangalore.

Creative Jam, Quiz Finals, and Eastern Dance (Group) – Dynamic and engaging performances at Utsav Main Stage.

Day 3 (4 April 2024):

Spot Photography and Installation – Held at Biochemistry LH-1 and Sharada Hall, MCHP.

Poetry (English and Hindi), Mimicry and Antakshari Finals – Hosted at Dr TMA Pai Halls and Utsav Main Stage.

Western Vocal (Solo and Group) and Western Dance (Solo and Group) – Bringing contemporary vibrance to Utsav.

Day 4 (5 April 2024):

Poetry (Kannada), JAM, Clay Modelling, and Mime – Showcasing creativity across multiple venues.

Street Play and Mad Ads – Enthralling audience with social and comedic skits.

Fashion Show and Best of Utsav Showcase – A grand finale highlighting top performances.

Valedictory and Prize Distribution – Concluding the festival with awards for outstanding participants.

Final Results:

The festival concluded with the Valedictory Ceremony, where the top three overall winners were announced:

MIT Manipal - First Place

KMC Mangalore - Second Place

MCODS Mangalore - Third Place

Utsav 2024 was hailed as an unforgettable celebration of talent, creativity, and cultural diversity, embodying the vibrant spirit of MAHE's student community. The event reinforced MAHE's commitment to holistic education and provided an incredible platform for students to engage in artistic and cultural pursuits.

Melody of Hope - Music by Sunadha (4 April 2024)

The Melody of Hope concert was a soul-stirring event performed by Sunadha, a renowned group of musicians with disabilities. Sunadha's artists, despite their physical challenges, delivered an extraordinary performance that left the audience mesmerized.

Their repertoire included classical, devotional, and contemporary compositions, each rendered with precision and passion. The musicians' mastery over their craft was evident in the way they seamlessly blended different musical styles, creating an experience that was both uplifting and unforgettable.

The audience was deeply moved, with many describing the concert as a transformative experience. The event reinforced the message that talent knows no boundaries and that inclusivity in the arts is not just necessary but also immensely enriching.

10 REDUCED INEQUALITIES

Hindustani Vocal Concert by Pt Ritesh Mishra and Pt Rajnish Mishra (27 June 2024)

On 27 June 2024, at the Dr TMA Pai Auditorium (3rd Floor), a captivating Hindustani vocal concert was held, featuring the Mishra brothers, Pandit Ritesh and Pandit Rajnish Mishra, renowned exponents of the Benaras Gharana. Their soul-stirring renditions of

classical ragas left the audience spellbound. The concert was an exquisite blend of traditional compositions, accompanied by tabla, harmonium, and tanpura, preserving the essence of Indian classical music.

Bharatanatyam Performance: 'Kittur Rani Chennamma' by Dr Vasundhara Dorasamy (22 August 2024)

The Cultural Coordination Committee (CCC) of MAHE proudly hosted an enthralling Bharatanatyam performance by Dr Vasundhara Dorasamy, a celebrated exponent of the classical dance form. The event was a tribute to the legendary Kittur Rani Chennamma, the fearless queen of Kittur who led an armed rebellion against British rule in 1824.

Through the intricate Abhinaya (expressive storytelling), Nritta (pure dance), and emotive choreography, Dr Dorasamy vividly brought to life the courage, patriotism, and sacrifice of Rani Chennamma. The performance masterfully blended powerful footwork, graceful movements, and evocative music, leaving the audience deeply moved.

The event was met with resounding applause and admiration, as students, faculty, and dance enthusiasts were captivated by the storytelling finesse and the deep cultural significance of the presentation. The performance served as both an artistic masterpiece and a historical homage, reinforcing the importance of preserving India's rich cultural and historical narratives through classical dance.

The overwhelming success of this event highlighted CCC's commitment to promoting classical arts and educating audiences through cultural storytelling.

Yakshagana - Karna Parva (31 August 2024)

One of the standout cultural events of the year was the staging of Karna Parva, a Yakshagana performance by the renowned Jalavalli troupe, held at Hotel Fortune Inn Valley View.

The performance, based on the Mahabharata's Karna Parva, depicted the heroic and tragic tale of Karna, one of the epic's most complex characters. The traditional dance-drama was performed with elaborate costumes, intricate makeup, powerful dialogues, and energetic dance sequences, captivating the audience with its grandeur and depth.

Yakshagana enthusiasts and first-time viewers alike praised the performance, calling it an unforgettable experience. The event was a resounding success, reaffirming the CCC's commitment to promoting Karnataka's rich folk traditions.

Theatre Workshop (30 August to 1 September 2024)

A two-day theatre workshop was conducted for students, focusing on acting techniques, voice modulation, stagecraft, and improvisation. The workshop was led by experienced theatre

professionals and aimed to cultivate creative expression and confidence among the participants.

The culmination of the workshop was a drama showcase, where students performed short plays based on contemporary and classical themes. The event received enthusiastic participation, with students displaying newfound confidence and artistic growth. Faculty and audience members alike lauded the initiative, emphasizing the importance of theatre in holistic education.

Play – Agni Aur Barkha (1 September 2024)

The MIT Auditorium witnessed a stellar theatrical performance of 'Agni Aur Barkha', an iconic play by Girish Karnad, presented by Abhyaas Theatre, Mumbai. The play, a dramatic retelling of ancient Indian mythology, explores themes of power, destiny, and sacrifice.

The ensemble cast delivered a breathtaking performance, seamlessly blending mythological storytelling with modern theatrical techniques. The intricate set design, evocative lighting, and masterful direction enhanced the production, making it one of the most memorable theatrical events of the year.

The play received standing ovations and widespread acclaim from theatre aficionados, faculty, and students. It was a fitting tribute to Girish Karnad's literary legacy and a testament to the thriving theatre culture at MAHE.

Conclusion

The Cultural Coordination Committee (CCC) of MAHE has successfully upheld its mission of fostering artistic and cultural excellence in 2024. Through diverse performances, workshops, and grand-scale festivals, CCC continues to promote India's rich cultural heritage while also encouraging contemporary artistic expressions among students and faculty. The overwhelming participation and appreciation from the MAHE community reaffirm CCC's role as a pivotal force in enhancing cultural engagement at the university.

Prepared by: Dr Shobha U Kamath (Chairperson, CCC MAHE); Dr Sambit Dash (Secretary, CCC MAHE)

Centre for Continuing Education and Interprofessional Development (CCEID)

Address: 5th floor, Health Sciences Library Building, MAHE, Manipal
Phone Number: 0820-2923444

Email-office: cceid.mahe@manipal.edu **Deputy Director**: elsa.sana@manipal.edu

Name of the Deputy Director: Dr Elsa Sanatombi Devi

Established: January 2019

Programs:

- Orientation and Continuing Professional Development programs focusing on pedagogy, research, and academic leadership for MAHE faculty.
- FAIMER Fellowship program in collaboration with Foundation for Advancement of International Medical Education and Research (FAIMER), Philadelphia

About the Department:

The CCEID was established to lead, drive, and facilitate Continuing Professional Development (CPD) activities across the constituent institutions of MAHE. The Centre also provides consultancy services to academia and industry, both in India and abroad. CCEID follows a unique governance model with a participatory approach, where subject experts from MAHE voluntarily serve as resource faculty for the programs offered by the centre.

The Centre conducts an international fellowship program in collaboration with the Foundation for the Advancement of International Medical Education and Research, (FAIMER), Philadelphia, and the Canadian Interprofessional Health Collaborative (CIHC), Canada. The goal of the institute is to provide approaches and develop concepts that will help health policymakers implement the elements of interprofessional education and collaborative practice which will be supportive in their jurisdiction. Commenced in 2015, this program has enrolled 210 fellows from various Indian states and a few from abroad. The diverse representation of professions has created a unique transdisciplinary model of faculty development capable of enhancing health outcomes in the region. Projects undertaken by MAHE FAIMER fellows have received accolades at national and international fora and have been published in reputed journals.

National consultations organized by the MAHE-FAIMER Institute every year that focus on Sustainable Development Goals (SDGs) (built environment, climate change, patient safety, good health and well-being, and quality education, etc.). These consultations have generated valuable recommendations from stakeholders, which have been shared with relevant policymakers.

Institutional Activities/Curricular Activities Initiatives

CCEID, in collaboration with MAHE's HR department, offers an online "**Induction"** program for newly joined faculty members. This program familiarizes them with the university's history, culture, values, strategy, operating programs, and policies. The "**Orientation program - [M-FITLAR]"** offered post-induction, covers the fundamentals of teaching-learning, assessment, research, and academic leadership. This unique blend introduces faculty to a comprehensive range of workplace duties and responsibilities and helps them identify professional mentors for their career trajectory.

In addition, CCEID offers a **'Growth'** strand that helps faculty focus on key areas of professional development. The themes covered include advanced topics related to teaching-learning, student assessment, research, and academic leadership. There is also a **'Succession'** strand, designed for senior academicians and administrators, to identify and create a talent pool of future leaders for the organization.

All Other Activities in the Department Relating to the Program/Course.

Digital Transformation Roadmap - SHIFT

MAHE is in the process of transforming its end-to-end education experience through a comprehensive, future-gazing exercise, the success of which will depend on key stakeholders i.e., leadership, department heads, faculty, staff, and students understanding, accepting, and championing this initiative.

The output is a three-year strategic roadmap, developed after identifying key problem areas and providing respective solutions to make MAHE the university of choice, in India and globally.

Project SHIFT was first conceived by leaders at MAHE as a catalyst to spur the university into a new future. The idea was to embark on a journey that would help MAHE not only transform but also challenge traditional models, leading the way to a new era in higher education.

One of the most significant aspects of this endeavour was the decision to involve students, faculty, staff, parents, alumni, and industry in co-creating this future. These stakeholders were kept at the centre of every activity throughout the project to ensure that the resulting transformation roadmap addresses all the articulated and unarticulated needs of these important stakeholders.

Exhaustive primary research was conducted to understand MAHE in its entirety and to obtain an inside-out and outside-in perspective of the university from key stakeholder groups i.e., leadership, students, teaching and non-teaching staff, researchers, parents, alumni, and industry experts.

The research included an ethnography (in-depth interviews and focus group discussions) with key stakeholder groups, and a quantitative survey with students across all MAHE's constituent institutes. Through this research, MAHE's key strengths, weaknesses, associations, and consideration drivers were identified, which were then analyzed alongside the disruption scan to arrive at ten key opportunity areas for MAHE's improvement.

MAHE has been investing on these digital transformational projects year on year, and three large projects were taken up for implementation during this year.

Human Resource Management System (HRMS)

Major Milestone Achieved: The Core HR related to the Performance Assessment System (PAS) module was developed around 22 January 2024; however, its implementation is planned and currently being prepared for Manipal and Bengaluru locations, specifically for teaching faculty, around February 2025. Other modules ready for go-live are Core, Attendance, Recruitment, Onboarding, Leave, Confirmation, Separation, Travel and Reimbursement, and Contract Management.

Description and Pending Activity:

The HRMS software project was started in October 2023 to replace the existing MSPM HR solution. Currently, Darwinbox implementation is underway for 10,000 users. It is a comprehensive, cloud-based integrated HR platform that automates HR processes, engages and empowers employees, while automating and simplifying all HR processes. The Darwinbox HRMS software was initially planned to go live in April 2024; however, due to the platform's incapability to fully support the payroll module, it is being re-reviewed by MAHE leadership, the OEM partner, and the SI partner to assess the most feasible implementation approach and readiness. The final review date is scheduled for March 2025.

(SLCM V2.0) Student Life Cycle Management Software Project

Major Milestone Achieved: Rollout of the Attendance and Timetable modules of SLCM v2.0 for pilot institutes (TAPMI, MIT, KMC Manipal and Bengaluru, and MTMC Jamshedpur) was completed in December 2024. Post-production configuration is ongoing. Go-live for all 42 Institutes of MAHE, covering more than 35,000 users, is planned for July 2025.

Description:

MAHE has initiated a robust and scalable Student Lifecycle Management project to replace the existing SLCM platform. Through the SLCM application, MAHE seeks to provide the following modules:

- Mentor Mentee Mapping
- Attendance
- Internal Marks
- Mid Term Marks
- Exam Scheduling
- Student Feedback
- End Term Marks
- Evaluation
- Demand Generation
- Course Fee Payment
- Makeup Exam Option Availability

User Acceptance Test for all modules is planned around May 2025.

Enterprise Resource Planning:

Major Milestone Achieved:

- MAHE has initiated an ERP implementation project to upgrade the legacy Finance, Purchase, and Inventory systems with a new solution that is more robust, scalable, and reliable.
- The development phase wise is ongoing. MVP1 development was completed in December 2024, and post-testing issues are being addressed in Phase 2 (MVP2).
- Requirement gathering and "To-Be" document sign-off for Purchase, Projects, Inventory, and Stores is expected to be completed by January 2025. General Services and Finance are expected to be completed by February 2025. Development is ongoing side by side.
- Go-Live is planned for April 2025

The Key objectives of implementing the new Finance solution are:

- Seamless Integration: To seamlessly integrate financial and procurement modules to streamline operations, reduce manual data entry, and ensure data accuracy.
- Enhanced Financial Management: To improve financial controls, budgeting, forecasting, and reporting capabilities for better financial decision-making and compliance.
- Efficient Procurement: To automate and optimize procurement processes, vendor management, and purchase requisition workflows, reducing costs and enhancing vendor relationships.
- Real-time Insights: To provide real-time access to financial and procurement data through dashboards, reports, and analytics, enabling data-driven decision-making.
- Scalability: To accommodate the growth of the institution and adapt to evolving business needs by offering a scalable and future-proof ERP solution.
- User-Friendly Interface: To ensure user adoption and productivity, the ERP system should have an intuitive and user-friendly interface.

Digital Marketing Campaign, CRM, and Admission Initiatives

Major Milestone Achieved:

The project has achieved significant milestones, including the successful deployment of a custom admission flow for TAPMI, processing over 6,500 applicants and issuing more than 2,000 offer letters, with 1,100+ fee collections. An automated roll number system was implemented for the 1,100+ paid candidates. Marketing Cloud now syncs parent details for targeted communications. Additionally, email functionality has been streamlined into three efficient approaches: Education Cloud, Marketing Cloud API, and automation.

Description:

The scope of work ensures a holistic approach to digital marketing, CRM, and admission initiatives at MAHE, aligning with institutional goals for student engagement, recruitment, and satisfaction.

These initiatives collectively aim to boost MAHE's reputation, attract the right students, and provide a personalized and efficient experience throughout their journey. They contribute to the overall success and satisfaction of students at the institution. The integration of digital marketing, CRM systems, and strategic admission processes aligns with modern trends in higher education and helps MAHE stay competitive and student focused. Below are the key objectives:

1. Digital Marketing Campaign
2. Customer Relationship Management (CRM)
3. Admission

Learning Management System (LMS)

Major Milestone Achieved:

- The LMS went live in September 2024. Adoption is in process, along with post-production fixes.
- All 42 institutes have been onboarded.
- Total number of active users in the LMS: 32,976
- Onboarding of 2,500 PhD scholars is planned by March 2025.

Description:

The Learning Management System is an innovative, cloud-based platform from D2L (Desire to Learn) for creating, hosting, and editing online learning resources. It offers a flexible suite of tools to create content aligned with course outcomes, as well as the ability to integrate content from other sources such as Google Drive, OneDrive™, web links, videos, external learning activities, and more. The Video note feature allows users to record short videos and add them anywhere the HTML editor is available. To ensure all users can learn without barriers, closed captions are automatically created. The system also includes an online library for storing, managing, and sharing your learning resources.

From one central spot on a course homepage, faculty and students can communicate about upcoming assignments, new content, or discussions, knowing that their messages will be seen by everyone. To access the Brightspace LMS application without having to log in each time, that is, without entering username and password credentials repeatedly, single sign-on is available through the institution's Microsoft Office application.

Brightspace is designed for the mobile world—the platform can be accessed from any mobile device, offering a true anywhere, anytime, any-device learning experience. The mobile app, "Pulse," is optimized to make it easy for students to complete tasks and receive push notifications to stay on track.

LMS implementation has already been completed for 19 institutions. It will be implemented for the remaining 22 institutions and the university teaching departments in the upcoming phase starting from 1 April 2024.

Almashines – Alumni Engagement Portal and App

Major Milestone Achieved:

- Go-live completed in September 2024.
- Post-production activities are ongoing, with the onboarding of 17 pending institutes scheduled for completion by March 2025.
- First round of key user adoption training was completed in October 2024.

Description:

Almashines is a comprehensive alumni management platform designed to drive alumni engagement, boost participation in events, reconnect with unengaged alumni and lay a strong foundation for lifelong relationships.

The Almashines – Alumni Engagement Portal and App was first implemented at MIT, Manipal during the year 2021-22. During the previous years, the platform has been implemented in 11 institutions; the remaining 30 institutes and University Teaching Departments will be covered by 1 April 2024 onwards.

UX/UI

Major Milestone Achieved:

- 90 percent of Website UX/UI design has been completed and approved.

- However, the completion of implementation for the remaining tracks such as, SLCM, Parent Portal, Employee Portal, etc. (9 in total), is currently on hold.

Description:

MAHE has initiated efforts in UX Strategy, UX/UI and Digital Design, and Tech Development to create a holistic and cohesive experience that reflects its status as an Institution of Eminence across various educational disciplines–Health Sciences, Technology, Management, and Allied Sciences. The aim is to create a unified, world-class digital experience that seamlessly integrates the flagship website (manipal.edu) and various application portals, emphasizing a "MobileFirst "approach to accommodate a substantial mobile and tablet user base. Providing an initial usability/UX assessment, as well as continuous monitoring, reporting, and ongoing excellence in user experience for all users of MAHE digital assets.

Website Development

Major Milestone Achieved:

- Vendor finalized and SOW discussion is ongoing.

Description: MAHE has initiated the creation of a state-of-the-art Digital Experience Platform that will revolutionize the way MAHE, as a brand, is perceived by its diverse target audiences including students, faculty, staff, alumni, and external stakeholders. The platform will serve as a transformative digital platform, connecting internal and external stakeholders worldwide. It will offer a user friendly and intuitive interface that facilitates a seamless journey for users to browse and find the required information on the website, while engaging them with interactive, personalized content to simplify acquisition.

IT Service Desk Implementation

Major Milestone Completed:

- MAHE implemented the IT Service Desk on the Freshservice platform in 2021 for all IT-related services for staff members at the Manipal and Mangalore campuses. The IT Service Desk has been extended to TAPMI, Manipal, MAHE Bengaluru Campus, and Jamshedpur Campus by April 2024, including IT support for students.

Planned Activity:

Service Desk enhancement for automation—ticket diversion and integration with service-providing departments—was initiated in December 2024. The activity is planned to be completed by April 2025.

Department of Student Affairs, Manipal

1. Outbound Activity

The outbound training activity was organized by the Department of Student Affairs on 7 January 2024. The day began with a group photo, a prayer, and a welcome by Dr Geetha Maiya, who reviewed the 2023 activities and outlined the calendar for 2024. This was followed by team-building exercises, CPR training led by Dr Arvind Pandey, Deputy Director (HS), and a yoga therapy session conducted by Dr Annapoorna, HOD, Division of Yoga, CIMR. Participants engaged in various activities, including team games, lazy dance session, and discussions on hand hygiene.

2. Inauguration of EVOLVE Club

On 27 January 2024, at Sir M V Seminar Hall, MIT Manipal, the Department of Student Affairs, MAHE, Manipal introduced and inaugurated the new club, EVOLVE —The Indian Heritage Club of MAHE. The event was inaugurated by Dr Anil Rana, Director, MIT.

3. Yoga sessions as part of the Fit India Week

The Department of Student Affairs, MAHE, Manipal, organized a week-long yoga session from 29 January to 3 February 2024 at KMC Interact Lobby, MAHE, Manipal as a part of Fit India Week. The sessions were conducted under the leadership of Dr Annapoorna, HOD, Division of Yoga, CIMR.

4. World Health Day

The Department of Student Affairs organized a special event to celebrate World Health Day on 8 April 2024 at the MIT Library Auditorium. The event focused on promoting mental and emotional well-being among students, reflecting MAHE's commitment to holistic education and student support. Dr Sharath Rao, Pro Vice-Chancellor, was the chief guest, and Dr Anil Rana graced the occasion as a guest of honour.

5. Yoga Practice Sessions to Celebrate International Day of Yoga 2024 at MAHE

From 27 to 31 May 2024, the Manipal Academy of Higher Education (MAHE), in collaboration with the Centre for Integrative Medicine and Research (CIMR) and the Department of Student Affairs, hosted a series of Yoga Practice Sessions to observe the International Day of Yoga 2024. The sessions were conducted under the leadership of Dr Annapoorna, HOD, Division of Yoga, CIMR. These sessions were designed to promote physical and mental well-being among the participants and highlighted the holistic benefits of yoga, combining physical postures, breathing techniques, and mindfulness.

6. Empowering Educators: Enhancing Counselling Skills for Student Support

MAHE inaugurated the 'Empowering Educators: Enhancing Counselling Skills for Student Support' workshop on 31 May 2024, organized by the Department of Student Affairs at MAHE, Manipal. The workshop was designed to equip educators with essential counselling skills to better assist and guide students in their academic and personal growth. Dr Sharath Rao, Pro Vice Chancellor, inaugurated the event. Dr Arvind from NIMHANS along with professionals from Kasturba Hospital, Manipal, and Dr A V Baliga Hospital, Udupi, were the resource persons. A total of 85 participants attended the workshop.

7. Equipping Caretakers to Recognize At-Risk Hostel Inmates

On 14 June 2024, the Department of Student Affairs at MAHE successfully conducted a pivotal awareness program titled "Equipping Caretakers to Recognize At-Risk Hostel Inmates." This initiative aimed to equip hostel caretakers with the skills necessary to identify and support at-risk students, ensuring their well-being and safety. Dr Narayan Sabhahit, Pro Vice-Chancellor, and Col Vijay Reddy, Head of Campus Safety, addressed the gathering. Dr Geetha Maiya and her team of counsellors conducted the session.

8. Beach Yoga 2024 Embracing Mental Health Awareness on Kadike Beach

The Department of Student Affairs, MAHE, organized Beach Yoga 2024, a special event dedicated to promoting mental health awareness and combating drug abuse. This rejuvenating session was held on Sunday, 23 June 2024, from 7:00 AM to 10:00 AM at Kadike Beach in front of the MAHE Guest House. Dr Raviraja N S, Chief Operating Officer, inaugurated the session. Dr Annapoorna, Head of the Division of Yoga at CIMR, along with her team, led the session.

9. Student Information Session on Drug Abuse and Illicit Trafficking

The Department of Student Affairs at MAHE, in collaboration with the Manipal Police Station, organized an informative session on drug abuse and illicit trafficking. The event, held at KMC Manipal Halls on 26 June 2024, featured Mr Devaraj TV, Police Inspector, Manipal, as the resource person. The session, which began at 3:30 PM, aimed to educate students about the dangers of drug abuse and the legal consequences of illicit trafficking. Around 200 students and staff participated.

10. Empowering Educators 2.0: Enhancing Counselling Skills for Students' Support

The Department of Student Affairs at MAHE, Manipal, organized a comprehensive workshop titled "Empowering Educators 2.0" on 12 and 13 July 2024, aimed at enhancing counselling skills for student support. Mrs Latha Holla, an external advocate along with professionals from Kasturba Hospital, Manipal, and Dr A V Baliga Hospital, Udupi, were the resource persons. Around 80 faculty members participated in the workshop.

11. Partition Horrors Remembrance Day

The Department of Student Affairs, MAHE Manipal, commemorated Partition Horrors Remembrance Day with a solemn and reflective event on 14 August 2024. Dr H S Ballal, Pro-Chancellor of MAHE, presided over the event and addressed the gathering, emphasizing the significance of remembering the tragic events of the partition.

12. Orientation for newly joined students

Dr Geetha Maiya, Director, of Student Affairs along with Deputy Directors DSA, Mr Roshan Jathanna, Dr Rashmi Yogesh Pai, and Dr Arvind Pandey addressed the 2024-2025 batch of students from various institutions of MAHE. They provided a brief overview of campus life and the support systems available to all the students.

13. Induction Program for first-year students of MIT

A team comprising Deputy Directors and MAHE student counsellors, led by Dr Geetha Maiya, Director, Department of Student Affairs, MAHE, conducted sessions on "Managing Emotions" and "Prevention of Sexual Harassment at the Workplace" for all newly joined first-year students of MIT, Manipal. The sessions were held over five consecutive days, from 22 to 27 July 2024, covering all 32 sections. Around 2,000 students attended the sessions.

14. Peer Support Workshops

The Department of Student Affairs (DSA) organized a series of Peer Support Workshops across various institutions under MAHE between February and April 2024. These workshops aimed to equip students with essential peer support skills, fostering a supportive and collaborative environment on campus. The workshops were well-received, with a significant number of students participating from different faculties.

Workshops Summary:

Manipal College of Dental Science, Mangalore

Date: 5 February 2024, Participants: 34 students

Manipal College of Nursing

Date: 22 February 2024, Participants: 28 students

Department of Geopolitics and International Relations

Date: 28 February 2024, Participants: 20 students

Kasturba Medical College

Date: 1 March 2024, Participants: 18 students

Manipal College of Pharmaceutical Science

Date: 11 March 2024, Participants: 31 students

Welcome Group of Hotel Management

Date: 30 March 2024, Participants: 22 students

Prasanna School of Public Health

Date: 12 April 2024, Participants: 23 students

15. Prevention of Sexual Harassment at Workplace (POSH) Awareness Sessions

The Department of Student Affairs conducted POSH awareness programs at various institutions of MAHE.

These sessions aimed to educate and raise awareness about sexual harassment, provide guidance on its prevention, and ensure compliance with the Prevention of Sexual Harassment (POSH) Act.

Manipal College of Pharmaceutical Sciences (MCOPS)

Date: 10 February 2024, Number of Attendees: 93

Focus of Session: Empowering students and staff in pharmaceutical sciences to identify and report harassment, while understanding its impact on professional and academic settings.

Manipal College of Nursing (MCON)

Date: 21 February 2024, Number of Attendees: 210

Focus of Session: Special emphasis on the unique challenges nurses face in both clinical and academic environments, addressing patient-related and workplace harassment.

Manipal College of Dental Sciences (MCODS)

Date: 28 August 2024, Number of Attendees: 198

Focus of Session: Addressing harassment in dental practice, both in clinical settings and educational institutions, and providing resources for those affected.

16. Gatekeeper Training Workshop

The world marks 10 September as World Suicide Prevention Day to raise awareness of mental health issues and support suicide prevention efforts. In recognition of this, the Department of Student Affairs, MAHE, organized a Gatekeeper Training Workshop on Suicide Prevention on 9 September 2024. Dr Giridhar Kini, Registrar, MAHE inaugurated the workshop. Dr Bharath Rathinam from NIMHANS was the resource person, and around 120 students participated in the session.

17. Plant4Mother

As part of the nationwide Plant4Mother campaign launched by the Honourable Prime Minister on World Environment Day, 5 June 2024, the Department of Student Affairs organized a one-day special plantation drive on 17 September 2024 at the MCOPS Ground. This initiative aimed to promote environmental conservation while honouring mothers. Students of MCOPS actively participated in the event.

18. Launch of Life Skills Course

The Department of Student Affairs, MAHE, conducted a program on 12 September 2024, to launch the "Life Skills Course" for students, fulfilling the mandatory requirements set by the University Grants Commission (UGC) and the All-India Council for Technical Education Institutions. The course aims to equip students with essential life skills to enhance their personal and professional development. Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, officially launched the course, with senior leaders of MAHE present at the event.

19. Empowering Educators 3.0: Enhancing Counselling Skills for Students' Support

The Department of Student Affairs at MAHE, Manipal, organized a comprehensive workshop titled "Empowering Educators 3.0" on 19 and 20 September 2024, aimed at enhancing counselling skills for student support. Dr Arvind from NIMHANS,

Mrs Latha Holla, an external advocate, professionals from Kasturba Hospital, Manipal, and Dr A V Baliga Hospital, Udupi, were the resource persons. Around 80 faculty members participated.

20. Gender Champion Awareness Workshop 3.0

The Department of Student Affairs successfully organized the Gender Champion Awareness Workshop 3.0 at KMC Interact Hall. The workshop brought together student gender champions and nodal faculty members from various MAHE institutions for an insightful and empowering session focused on gender sensitivity and inclusivity across campuses. Around 100 participants were there.

21. Leadership Training Camp

The Department of Student Affairs, MAHE, in collaboration with the M R Pai Foundation and the Forum of Free Enterprise, Mumbai, inaugurated the Leadership Training Camp at the Medical Education Department, HS Library Building, MAHE. The two-day event, held on 20 September and 1 October 2024, aimed to nurture leadership skills among young leaders from various MAHE institutions. The inaugural program was presided over by Dr Narayana Sabhahit, Pro Vice-Chancellor, with Mr Vivek Dattatray Patki and Mr Rajiv Kumar Luv as the resource persons. Around 70 students from various institutions participated.

22. Marathon for Mental Health

The Department of Student Affairs, MAHE, organized a highly successful Marathon for Mental Health on World Mental Health Day, observed on 10 October 2024. The event aimed to raise awareness about mental health and underscore MAHE's commitment to promoting well-being within the community. More than 1,000 participants, including students and staff from various institutions, came together for this significant cause. The event was supported by Bell O Seal Valves Pvt Ltd, Bank of Baroda, Karnataka Bank, Federal Bank, Canara Bank, and Axis Bank.

23. Mental Health Workshop

The Department of Student Affairs, MAHE, in association with Dr A V Baliga Memorial Hospital, Udupi, organized a Mental Health Workshop on 11 October 2024 at Dr TMA Pai Auditorium. The inaugural program was presided over by Dr Raviraja N S, Chief Operating Officer, MAHE, with Dr Padmaraj Hegde as the chief guest. Dr Samir Kumar Praharaj, Head, Department of Psychiatry, KMC, Manipal, and Dr P V Bhandary, Medical Director and Psychiatrist, Dr A Baliga Memorial Hospital, Udupi, were the resource persons for the event. Around 200 students from various institutions participated in the workshop.

24. Community Outreach Program

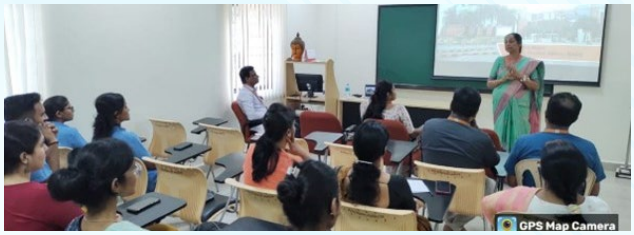
As part of Mental Health Awareness Week, the Department of Student Affairs, under the leadership of Dr Geetha Maiya, Director Student Affairs, organized a Mental Health Awareness Program at Fortune Academy of Health Sciences, Brahmavara, on 16 October 2024. Around 150 students benefitted from this awareness program.

25. A Visit to Manipal Tata Medical College, (MTMC) Jamshedpur

On 21 and 22 October 2024, Dr Geetha Maiya, Director of Student Affairs, and Dr Arvind Pandey, Deputy Director of Student Affairs, visited MTMC, Jamshedpur. They oriented students on the student support system and Prevention of Sexual Harassment at the Workplace, launched the Nasha Mukth Club and had a discussion with counsellors, teacher guardians, and student council members. Around 200 students participated in the program.

26. Session on Anti-ragging, POSH, and Gender Sensitization

On 30 October 2024, the Division of Ayurveda, in association with the Division of Yoga, Centre for Integrative Medicine and Research, MAHE, organized an awareness program on Anti-Ragging, Prevention of Sexual Harassment at the Workplace, and Gender Sensitization. The resource persons for the program were Dr Geetha Maiya, Director of Student Affairs, and Mrs Karuna Devadiga, MAHE Senior Student Counsellor.



27. Anti-Ragging Committee Chairpersons Meeting

The Department of Student Affairs organized a discussion with the Anti-Ragging Committee Chairpersons of various institutions of MAHE, Manipal on 20 November 2024. The main purpose of this discussion was to spread awareness among the students and reinforce measures to curb the menace of ragging across MAHE institutions.

28. Prevention of Substance Abuse and Alcoholism among Students Meetings

The Department of Student Affairs organized a discussion with the Substance Abuse Committee members of various institutions of MAHE, Manipal, on 20 November 2024. The main purpose of this discussion was to spread awareness among students and reinforce measures to curb the menace of substance abuse across MAHE institutions.

3 GOOD HEALTH AND WELL-BEING

29. Preventing Inappropriate Behaviour at Workplace

As per the advice of Dr Raviraja N S, Chief Operating Officer (COO), MAHE, Manipal, the Department of Student Affairs, in collaboration with the Internal Complaints Committee (ICC), organized an awareness program on Preventing Inappropriate Behaviour in the Workplace for the women staff of MAHE on 30 November 2024. Around 148 female staff from the Edu building participated in the awareness program.

5 GENDER EQUALITY

30. Fit Fusion Fest

The Department of Student Affairs and Sports Council, MAHE, in association with FITVIB, KMC Manipal, organized Fit Fusion Fest as part of Fit India Week 2024 on 11 December 2024 at KMC Greens, Manipal. The event featured a variety of sports and fun games for the staff and students of MAHE, with approximately 200 students participating.

3 GOOD HEALTH AND WELL-BEING

31. Bharatiya Bhasha Utsav

The Department of Student Affairs at MAHE, Manipal, commemorated Bharatiya Bhasha Utsav on 11 December 2024. This event marked the birth anniversary of the revered Tamil poet, writer, journalist, and freedom fighter Subramania Bharati, also known as Mahakavi Bharathi. The celebration aimed to foster linguistic harmony, emphasize the significance of regional languages, and honour India's rich cultural and linguistic diversity.

32. Preventing Inappropriate Behaviour at Workplace

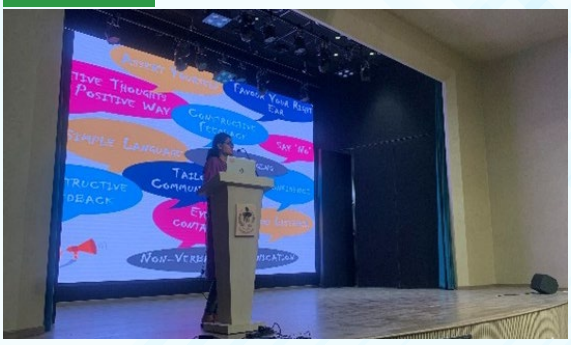
As per the advice of Dr Raviraja N S, Chief Operating Officer (COO), MAHE, Manipal, the Department of Student Affairs, in collaboration with the Internal Complaints Committee (ICC), organized an awareness program on Preventing Inappropriate Behaviour in the Workplace for the men staff of MAHE on 26 December 2024. Around 110 male staff were present during the program.

Department of Student Affairs, Bengaluru

1. **Mental Health Awareness Session**

2 February 2024: The objective of this workshop was to raise awareness regarding mental health among the students of MLS. The session began with Ms Lakshmi discussing the importance of boundaries in maintaining interpersonal relationships and protecting one's mental health. Ms Navya followed with a presentation on effective communication skills, helping students equip themselves with tools for better communication. The session was concluded by Ms Shylaja, who spoke about adjustment difficulties among students. This gave students an open forum to discuss the challenges they face during their transition from school to university. Overall, the session covered general topics proposed by the student affairs coordinator.

3 GOOD HEALTH AND WELL-BEING



2. **Mental Health Awareness Series**

8 February 2024: The workshop, part of the Mental Health Awareness Series, was conducted for the PG students of the Department of Public Policy at MAHE-Bengaluru. The session focused on coping mechanisms to deal with everyday life stressors. The students were introduced to positive coping strategies, followed by an activity where the students shared the methods that helped them manage stress. The next part of the workshop provided insight into maladaptive coping mechanism and its types. The topics covered included avoidance behaviour, social anxiety, escapism, procrastination, substance abuse, and stages of addiction. In addition, the impact of numbing through substance use was also discussed. The students were introduced to developing good interpersonal communication through DEAR MAN, an abbreviation that stands for different steps in the process. To deal with impulsive reactions and reflexive responses to emotional triggers, the STOP technique was discussed.

3 GOOD HEALTH AND WELL-BEING

3. **Student Interaction on Myths and Misconceptions of Therapy-**

14 and 15 February 2024: The session began with an introduction of the counsellors, followed by a 15-minute visual guided meditation conducted by Ms Navya to induce relaxation among the students. The session progressed with a round of discussion led by Ms Lakshmi and Ms Shylaja on some of the stereotypes usually associated with mental health and seeking therapy. This was supported by a small activity which was, every time a student raised their hand to talk, a loose end of a ribbon loop was handed to them, and they were asked to hold on their end before passing the ribbon loop to another student. The intention of this activity was to show a visual representation of inter-connectedness within their own classroom. The floor was then open to dialogue between the students and the counsellors on topics such as 'understanding the difference between therapeutic and therapy' 'what it means to be in therapy,' 'the therapeutic process' 'who can come to therapy,' and 'substance abuse'. The session was wrapped up with any remaining questions. Students were also informed about the availability of the counsellors and their on-campus location. Relevant information, including the email IDs and phone numbers of the DSA and the counsellors, was shared with the students.

4. **Manovrtti "Harmony Hour: A Tranquil Pause"**

30 April 2024: The inaugural session of Manovrtti, a monthly mindfulness event, was conducted by student counsellor Ms Navya Shree C.

5. **Sensitive and Inclusive Communication Workshops for non-teaching staff of MAHE-B'LRU-**

14, 17, 26 and 27 June 2024: The Department of Student Affairs conducted workshops led by student counsellors for the non-teaching and administrative staff of MAHE-B'LRU. The aim was to raise awareness on communicating sensitively and inclusively, challenge stigma, and promote self-care for personal and professional growth. Around 200 participants benefitted from the event. The sessions began with an introduction to the DSA team, followed by an ice-breaker activity to help establish rapport among attendees across all workshops. To introduce the proposed topic, the team first discussed different skills essential for effective

and inclusive communication. These included active listening, empathy, being non-judgmental, and setting effective boundaries, which was taken up by Ms Shylaja. The members present were asked to think of possible scenarios in which they could apply these skills since most departments present work directly with students at MAHE-B'LRU.

Ms Navya ushered in the next segment of the session by explaining the difference between mental health and mental illness. She illustrated what it can look like to have a comorbidity of the two with the help of 'The Mental Health Continuum', which represents different possibilities of a person's life. Examples of cases were given to further understand the topic. The final segment of the session was led by Ms Lakshmi, who carefully discussed the importance of taking care of one's own mental health. She outlines ways in which individuals can do this by incorporating, small achievable tasks into their daily routines, to aid and to be better equipped to support the mental health of students on campus.

6. Study Abroad Expo 2024

22 August 2024: The Study Abroad Expo 2024 was organized by the Department of Student Affairs for the MAHE Bengaluru students, in collaboration with CollegePond. This is an effort by Ms Sowjanya Vijayanagar, Student Experience Consultant, DSA, MAHE-B'LRU, to highlight our commitment to the students and their future. The event was organized to offer students an opportunity to interact with over 25 university representatives and explore higher education avenues. Students also had the opportunity to ask questions pertaining to the process of applying for higher education. The event started with students registering for the event and proceeding to interact with the representatives of the universities of their preferences. We had a total of 160 registered attendees from across all the institutions, covering both undergraduate and postgraduate students of all years.

7. **Manovrtti "Harmony Hour: A Tranquil Pause"**
   29 August 2024: The Mindfulness Program, facilitated by student counsellor Ms Navya Shree C, has been offering students regular opportunities to practice relaxation techniques. The sessions have included guided visualizations such as positive light, floating on a cloud, and forest imagery, all aimed at enhancing mental clarity. Feedback from students has been positive, with many expressing a desire for more mindfulness activities.

8. **Research Workshop Titled "Integrating Research into Counselling Practice"-**
   24 September 2024: The Department of Student Affairs (DSA) at MAHE-Bengaluru successfully organized a research workshop titled "Integrating Research into Counselling Practice" on 24 September 2024. The event aimed to equip practicing counsellors, psychologists, and final-year master's students with essential research skills to integrate into their professional counselling work. The workshop was inaugurated by Dr Arjuna, Assistant Director of DSA, who welcomed the attendees and set the tone for the day. Ms Lakshmi Kashyap, Student Counsellor at DSA, introduced the esteemed resource persons: Dr Kaviraj Udupa (Professor Department of Neurophysiology), Dr Geetanjali Narayanan (Professor of Clinical Psychology), and Dr Bharath Holla (Associate Professor of Psychiatry, NIMHANS). Their combined expertise brought immense value to the workshop, with sessions focusing on research methodologies, data analysis, ethical considerations, and the importance of integrating research into counselling practices. Participants actively engaged in the sessions, and the event concluded with a valedictory address, in the presence of Dr Raghavendra Prabhu P, Deputy Registrar MAHE Bengaluru Campus, where key takeaways were highlighted. Mr Aditya Kumar, Student Counsellor at DSA, delivered a vote of thanks, acknowledging the contributions of the speakers, organizers, and participants. The workshop achieved its objectives by providing mental health professionals with the tools to turn client data into meaningful research opportunities and contribute to advancing counselling

psychology. The event concluded with a networking lunch, offering participants the opportunity to interact and discuss potential collaborations.

9. Mediation and Negotiation in International Dispute Resolution- SDG 3 and 4

29 October 2024: The workshop, conducted as part of the skill-based course on the fundamentals of mediation and negotiation in international disputes, focused on the importance of global trade and diplomacy and was organized for LLM students. The workshop was held across three sessions.

Session 1 (29 October 2024): On the first day, Ms Lakshmi began the session by introducing the concept of personality and schemas as key factors in understanding mediation. To bring these concepts to life, the counsellors facilitated a movie clip discussion that highlighted personality-driven conflicts, encouraging students to analyze character motivations and approaches. Following this, Ms Shylaja introduced the Johari Window and helped the students formulate their personality profile through an activity. The session ended with a role play conducted by Ms Navya where the students practiced applying personality insights in realistic mediation scenarios.

10. Mediation and Negotiation in International Dispute Resolution

5 November 2024: This session began with understanding the fundamental role of communication in mediation. Ms Shylaja began the session by introducing a model of communication. Later, Ms Sanmitha provided insights into effective communication skills, emphasizing how each can influence the flow of mediation sessions, followed by an activity to build their ideal lawyer's personalities. The concept of motivational interviewing was then taken up by Ms Navya, focusing on practical skills applicable to mediation. A significant portion of the day was dedicated to teaching strategies for breaking an impasse and essential conflict resolution skills by Mr Aditya and Ms Navya, helping students understand the mechanics of moving past deadlocks in challenging conversations. The day concluded with a role-playing exercise by Ms Lakshmi, where students applied their newly acquired communication skills to realistic mediation scenarios, practicing their ability to keep conversations constructive, respectful, and progressive.

11. Mediation and Negotiation in International Dispute Resolution

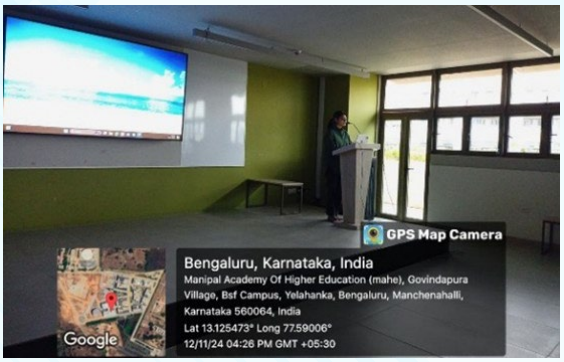
6 November 2024: This session addressed the intricate impact of cultural dynamics and unconscious bias on mediation. Mr Aditya initiated the discussions on how cultural backgrounds, values, and perspectives can shape interactions, often creating unique challenges in mediation. Following this, Ms Shylaja engaged the students in a discussion on cognitive biases and the charm circle, offering insights into different types of biases and their role in communication. To deepen this understanding, students participated in a group activity conducted by Ms Navya and Ms Sanmitha, which required them to navigate a culturally diverse mediation scenario. The day ended with a reflective discussion, where students shared insights on managing personal biases and fostering inclusivity in mediation. The three-day workshop wrapped up on a thoughtful note, reminding students that while mediation skills are essential, self-care as lawyers handling complex client issues is equally critical.

13. Mental Health Awareness Session- SDG 3

An interactive session was organized for the Department of Commerce to create awareness about mental well-being and the counselling facilities provided by the Department of Student Affairs (DSA). The session highlighted DSA's initiatives in promoting mental health and supporting

12. Mindful Visualization Session

12 November 2024: The recurring Mindfulness program, facilitated by student counsellor Ms Navya Shree C, offers students regular opportunities to practice relaxation techniques. The sessions have included guided visualizations, such as positive light, floating on a cloud, and forest imagery, all aimed at enhancing mental clarity. Feedback from students has been positive, with many expressing a desire for more mindfulness activities.



students through professional counselling. Emphasis was placed on the confidentiality of services; the process, and the various ways students can access support. The session encouraged open dialogue between the counsellors and students, exploring common mental health challenges faced on campus. Barriers such as stigma, lack of awareness, and misconceptions about counselling were also discussed.

14. **Peer Support Club- SDG 3 and 16**

The Peer Support Club, initiated by DSA, aims to equip students, the peer supporters to help their friends, their peers who are in need of any kind of support.

Department of Student Affairs, Jamshedpur

Director, Student Affairs, MAHE Visits Manipal Tata Medical College (MTMC), Jamshedpur

On 21 and 22 October 2024, Dr Geetha Maiya, Director, Student Affairs, and Dr Arvind Pandey, Deputy Director, Student Affairs, visited MTMC Jamshedpur. They oriented students on the student support system and prevention of sexual harassment at the workplace, launched the *Nasha Mukth* Club, and held a discussion with counsellors, teacher guardians, and student council members. Around 200 students participated in the program.

Student Support Centre
Mental Health Sensitization Program

The program's main objective was to raise caretakers' awareness of the mental health challenges faced by adolescents, emphasizing the caretaker's role in managing such issues.

The session commenced with a group task focused on communication, illustrating how verbal information can undergo a transformation and give rise to rumours. Subsequently, the experiences of adolescents were discussed using real-life examples.

Management of Procrastination

The main objective of the program was to raise awareness among students about procrastination, one of the major challenges they face in their studies. The focus then shifted to the neurobiological basis of procrastination, describing the prefrontal cortex (PFC) as the rational decision-maker and the pleasure-seeking areas as the "instant gratification monkey". The discussion highlighted how a balanced brain can overcome procrastination and contrasted this with the brain of someone who procrastinates excessively.

4 QUALITY EDUCATION

Program on Effective Communication with Adolescents

The session on "Effective Communication with Adolescents" was conducted with hostel caregivers to enhance their ability to communicate effectively with adolescent residents. The objective was to equip caregivers with essential communication skills to foster better relationships and improve the overall well-being of the adolescents in their care.

The session covered techniques for assertive communication, including using 'I' statements, maintaining eye contact, using a respectful tone, and fostering empathetic communication. Common communication barriers were also discussed by caregivers. The session concluded by clarifying their doubts on the discussed topics.

4 QUALITY EDUCATION

Program on Life Balancing Skills

On 30 August 2024, a life skills session was conducted for the new batch of Allied Health Sciences (AHS) students, focusing on the theme of "Life Balancing Skills". The primary goal of the session was to equip students with the necessary skills and strategies to effectively balance their academic, personal, and social lives.

4 QUALITY EDUCATION

Suicide Prevention Awareness Program

On 10 September, World Suicide Prevention Day, the Department of Clinical Psychology and the Student

Support Centre (MTMC, Jamshedpur) jointly organized a **Suicide Prevention Awareness Program** for students. The event aimed to increase awareness about mental health and debunk myths and misconceptions about suicide.

Through this program, students were also given information about **Psychological First Aid (PFA).**

Mentorship Program "The Art of Mentoring"

The Mentorship Program aims to create a support network for the new batch (2024) of students. Facilitating ongoing friendships between third-year medical students (2021) and first-year medical students (2024). The students were encouraged to set boundaries and expectations from the start and instructed to send regular updates to the Student Support Centre on their progress.

Peer Mentorship Introduction Session

A peer-mentorship introduction session was organized to initiate an opportunity for juniors to interact with their seniors. 15 mentors from the third year (2021) were chosen to address the 150 new-batch students (2024). The program was commenced with an introduction by the counsellor about the program and its agenda. Following this, the senior students who volunteered to interact were introduced. The class was split into 15 groups, and one mentor was allocated to each group to facilitate discussions and make the interaction more informal.

Office of Corporate Relations, Manipal

3rd Floor, Manipal.edu Building, MAHE
Manipal 576 104, Karnataka, India
Phone Number: 0820 2923484
Email Centre: ocr.mahe@manipal.edu **Director:** harish.kumar@manipal.edu

Year of Establishment of the Department: 2020

Name of the Director: Dr Harish Kumar S

Brief about the Department:

The Office of Corporate Relations at Manipal Academy of Higher Education (MAHE) cultivates relationships with corporations and foundations whose mission and values align with MAHE's goals. These relationships result in creating positive outcomes for both the corporates and MAHE in co-creation, co-development of products and services, industry-funded projects, CSR initiatives and funding, supporting programs, university research, and facilitating placement and internship opportunities for students.

Directorate of Public Relations, Media & Social Media

The Directorate of PR, Media & Social Media at MAHE leads the efforts to pursue the MAHE brand's mission and vision as a trusted primary source of communication. It is also responsible for the brand building and promotion of MAHE. The Directorate plays a major role in serving the constituent Institutions, the students, and its stakeholders by disseminating official and seamless communication, with its primary objective as **"One Voice, One Manipal."**

The philosophy of the Directorate is "**Connect ↔ Collaborate ↔ Create ↔ Communicate"** with all stakeholders of MAHE.

The Directorate uses appropriate media platforms, social media handles, and official websites to disseminate various official communications from time to time. The Directorate also manages content and designs various collaterals for the official websites.

MAHE actively utilizes social media channels as a key tool for disseminating information regarding its academic and research pursuits to relevant stakeholders and for communicating notable accomplishments to the broader public, thereby improving the University's online standing. In acknowledgment of social media's evolving significance within the higher education sector, MAHE has established a centralized Social Media Cell (SMC) under the purview of the Directorate of PR, Media & Social Media.

The Audio-Visual Department, part of the Directorate of PR, Media & Social Media, was created to provide centralized services to departments, constituent units, and associated hospitals in the field of photography, video coverage, and audio systems. The department is well-equipped with sophisticated equipment, handled by a trained and competent team.

The **Directorate also handles all important events and activities of MAHE** and its constituent units, including liaising with important dignitaries and coordinating education fares of MAHE within the country and abroad.

The Directorate of PR and Media is situated in the administrative building of MAHE.

South Zone and All-India Inter-University Tennis Tournaments for Women 2024 at MAHE Manipal

Manipal, 4 December 2024 – The tennis courts of Manipal Academy of Higher Education, MIT, KMC, and Marena, are set to host two prestigious women's tennis events this December: The South Zone Inter-University Tennis Tournament for Women from 7 to 10 December 2024, and the All India Inter-Zone Inter-University Tennis Tournament for Women from 13 to 16 December 2024.

Both tournaments promise exciting competition and will showcase exceptional talent, with universities from across the region and nation participating.

The South Zone tournament will see fierce competition among top universities as they battle for a spot in the All-India tournament.

This elite national-level event will feature the best-performing teams from the zonal tournaments, making it a must-watch for tennis enthusiasts.

Matches will be held at the world-class tennis facilities of MIT, KMC, and Marena, which are well-equipped to host events of this stature. Participants, including players, managers, coaches, and officials, will be accommodated at the MIT and KMC hostels and the MAHE guest house, ensuring a comfortable and convenient stay.

Key details:

Zone Inter-University Tennis Tournament

- Dates: 7- 10 December 2024
- Participants: 38 teams, including the host team from MAHE Manipal.
- Total Attendees: Approximately 200 players, managers, and coaches.

All India Inter-Zone Inter-University Tennis Tournament

- Dates: 13-16 December 2024
- Participants: 16 teams representing the four zones of India.
- Total Attendees: Approximately 100 players, coaches, officials, and managers.

Dr H S Ballal, Pro Chancellor, MAHE Manipal, expressed his enthusiasm, said, "MAHE has always been at the forefront of promoting sports and nurturing young talent. Hosting these tournaments reflects our commitment to empowering women in sports and fostering a spirit of healthy competition".

Lt Gen (Dr) M D Venkatesh, VSM (Retd), Vice Chancellor, MAHE, said, "MAHE is proud to host these prestigious events that underline our dedication to sports and holistic development. We look forward to witnessing the incredible skill and sportsmanship displayed by athletes from across the country".

Dr Narayana Sabhahit, Pro Vice Chancellor (Technology and Science), MAHE, said, "Sports are a critical part of academic life, fostering discipline, teamwork, and leadership. MAHE remains committed to providing platforms for young athletes to excel and inspire others".

Dr Sharath Rao, Pro Vice Chancellor (Health Sciences), MAHE Manipal, said, "These events not only celebrate athletic excellence but also underline the importance of a balanced approach to academics and sports. We are proud to host such prestigious tournaments that inspire young athletes to pursue their dreams".

"Our state-of-the-art facilities and robust organizational support ensure a seamless experience for participants and spectators alike. We look forward to welcoming teams from across the nation, said, **Dr Raviraja N Seetharam, Chief Operating Officer (Operations), MAHE Manipal**.

These tournaments provide an excellent platform for young athletes to showcase their talent, fostering teamwork, resilience, and sportsmanship. With MAHE Manipal's reputation for hosting high-caliber sporting events, the stage is set for an exhilarating celebration of women's tennis.

Dr P Giridhar Kini, Registrar, MAHE Manipal, commented, "These tournaments are an excellent platform to showcase not just talent, but also the spirit of sportsmanship and camaraderie. MAHE is committed to creating a conducive environment for such events to thrive".

We welcome all sports enthusiasts to join us in supporting these remarkable athletes and witness the rising stars of Indian tennis in action.

About Manipal Academy of Higher Education:

Manipal Academy of Higher Education (MAHE) is an Institution of Eminence Deemed-to-be University. It offers over 400 specializations across the Health Sciences (HS), Management, Law, Humanities & Social Sciences (MLHS), and Technology & Science (T&S) streams; through its constituent units located in Manipal, Mangalore, Bengaluru, Jamshedpur, and Dubai. With a remarkable track record in academics, state-of-the-art infrastructure, and significant contributions to research, MAHE has earned recognition and acclaim both nationally and internationally. In October 2020, the Ministry of Education, Government of India, awarded MAHE the prestigious Institution of Eminence status. Currently ranked 4th in the National Institutional Ranking Framework (NIRF), MAHE is the preferred choice for students seeking a transformative learning experience and an enriching campus life, as well as for national and multi-national corporates looking for top talent.

12 November 2024

Inspire Junior at MAHE Research Day 2024: Igniting Curiosity and Inspiring Future

Manipal, 12 November 2024: Manipal Academy of Higher Education (MAHE) is excited to present Inspire Junior, a cornerstone of MAHE Research Day 2024, dedicated to sparking scientific curiosity in young minds. Taking place between 15 and 16 November 2024, Inspire Junior is a unique program specially crafted for students in grades 8 to 12 and their parents, offering an unforgettable journey into the world of research and innovation. Hosted at KMC Greens, Manipal, this two-day event aims to inspire students and provide families with an in-depth view of the transformative opportunities within the fields of science and technology.

At the press conference on 12 November, 2024, MAHE's leaders emphasized Inspire Junior's mission. **Dr HS Ballal, Pro Chancellor of MAHE**, highlighted the significance of this event, stating, "Inspire Junior is an extraordinary initiative aimed at igniting a passion for discovery in young students. It is about showing them the vast possibilities in science and helping them envision a future where they can make meaningful contributions to society. At Inspire Junior, students have a chance to step into the world of research, not just as spectators but as active participants in a stimulating, hands-on environment. It's an opportunity for students to learn, engage, and see what a future in science can truly look like."

Dr Sharath Rao, Pro Vice Chancellor – Health Sciences, added, "Inspire Junior is about nurturing the next generation of learners by giving them real-world exposure to a variety of academic fields. In addition to hands-on scientific activities, students and parents can explore various stalls representing MAHE's wide academic offerings, including commerce, communication, technology, liberal arts, humanities, law, management, media studies, design, psychology, social sciences and hospitality. We encourage all attendees to visit these stalls and gain a comprehensive understanding of the diverse educational paths MAHE offers, fostering excitement about the broad possibilities within our institution. Through interactive experiments, lab tours, and direct engagement with our faculty, we aim to create an environment where students feel inspired to explore and pursue their passions across all disciplines."

The Inspire Junior experience is packed with activities designed to make science come alive for young learners. This immersive program also includes interactive exhibits, competitive quizzes, and ideation challenges, where students can test their knowledge, creativity, and problem-solving skills in fun and meaningful ways. By meeting MAHE's researchers and seeing the impact of their work, students can envision a future in science and start their own journey of exploration and innovation.

Inspire Junior is part of the larger MAHE Research Day 2024 event, which includes Collaborate (13-14 November), an interdisciplinary research expo, and Enrich (13-14 November), a showcase of MAHE's premier research resources and infrastructure. These programs provide a platform for professional collaboration and resource sharing, further enriching the university's vibrant research culture.

MAHE warmly invites students from grades 8 to 12, along with their parents and teachers, to participate in Inspire Junior and explore the boundless opportunities within science and research.

This event is a testament to MAHE's commitment to fostering a culture of curiosity and excellence in young minds, setting them on a path of lifelong learning and innovation.

National Cadet Corps (NCC), Manipal

Republic Day 2024

NCC cadets participated in the flag hoisting at KAR ENGR COY NCC Unit for the 75th Republic Day. The NCC contingent took part in the annual parade at KMC Greens, Manipal, with 20 contingents showcasing coordinated displays, including specially abled individuals. Lt Dundesh S Chiniwar commanded the parade, and Lance Corporal (LCpl) Srivaths Kamath led the NCC contingent with discipline and leadership. The chief guest, Dr H S Ballal, Pro Chancellor, Manipal Academy of Higher Education (MAHE) Manipal, hoisted the national flag, and a grand march past parade followed. The celebration of this auspicious day instilled a sense of pride and enthusiasm among the cadets. The event concluded with refreshments and group pictures.

SSB Talk

The cadets of the 5/8 KAR NU NCC MIT subunit organized an enlightening talk on the Service Selection Board (SSB) by the Commanding Officer of 6 KAR NU NCC, Lt Cdr MA Multani. The session was an invaluable guide for aspiring candidates preparing for the SSB, providing key insights into the selection process. Lt Cdr Multani shared practical strategies on how to prepare effectively, emphasizing the importance of structured study plans and a disciplined approach. He highlighted the significance of clear and concise communication, advising cadets to practice expressing their thoughts coherently and confidently during group discussions and interviews.

The talk also delved into the qualities that SSB evaluators look for, such as confidence, leadership, and the ability to handle personal questions with composure. Lt Cdr Multani encouraged cadets to exhibit their leadership skills by taking initiative and working well in teams during group tasks. He provided tips on how to anticipate and prepare for personal questions by reflecting on one's experiences, strengths, and goals, ensuring authenticity in responses.

MGM Inter Company Competitions

An intercompany competition was held at the Mahatma Gandhi Memorial College (MGM), Udupi, where cadets from different units were ranked on the basis of contingent drill, debate, cultural performances, best cadet competition and an overall evaluation of the competitions.

Organized by the cadets and ANO of MGM college, this was a prestigious event aimed at increasing participation and promoting interactions and exchange of ideas and skills. 30 cadets of 4 KAR ENGR COY marked their glorious positions in each of these events, being placed second in the overall evaluation. Cadets Riya Bugalia and Vivek Kheni were ranked first and third in the best cadet competition respectively, Cdt Diya Prashanth secured first place in the debate, 4 KAR ENGR COY placed first in culturals and third in contingent drill. This competition lifted the spirits of the cadets, enhanced their skills, sharpness, and promoted the interaction of cadets from all around Udupi.

Basic life skills workshop

A Basic Life Skills workshop was conducted. The workshop covered CPR, AED, Heimlich Maneuver (for adults, babies), and splinting through theory and practical sessions. Cadets practiced CPR on dummies, learned Heimlich Maneuvers on models and each other, and practiced splinting techniques. This structured approach ensured comprehensive learning and practical skill development.

Inter-NCC Sports events

An inter-NCC sports event was conducted on 14 April 2024, at the MIT Athletics and Hockey Ground, with enthusiastic participation from both Army and Navy cadets. The event featured competitions such as kabaddi, football, tug of war, and shot put, with both SD and SW cadets actively taking part. The event fostered a spirit of healthy competition, enhanced teamwork, and promoted a sense of camaraderie and team bonding among the cadets, with their peers energetically cheering them on, creating a lively and motivating atmosphere.

Following the matches, cadets participated in parades and drill practice, with the 2nd-year cadets undergoing rigorous training under the direct supervision of senior cadets and PI staff. Conducting the event at the MIT Athletics and Hockey Ground provided an ideal setting for both sports and training activities. The event not only showcased the sporting talents of the cadets but also reinforced the values of discipline and leadership.

Boat Pull

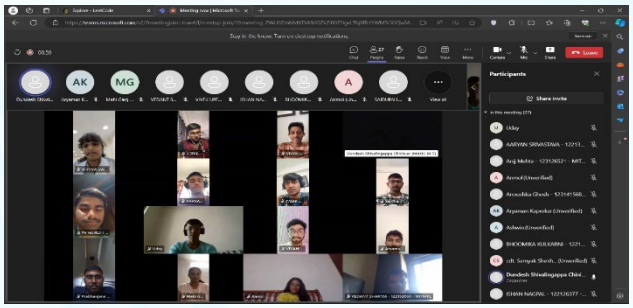
A total of 22 cadets (14 SDs and 8 SWs) from 5/8 Karnataka Naval NCC Subunit, MIT Manipal, attended the boat-pulling session. Four PI staff were present to oversee and guide the cadets. Some cadets began setting up the DK Whaler (the boat we use for boat pulling), while others began setting up the inflatable rescue boat. Teams of cadets were made. Then, boat-pulling commenced team by team. Each cadet got the opportunity to do boat-pulling. Later, some cadets helped secure the DK Whaler, while others dismantled the rescue boat. The cadets learned a lot of things – setting up the DK Whaler for pulling, setting up the rescue boat, boat-pulling commands, the basic technique of boat pulling, securing the DK Whaler after pulling, and dismantling the rescue boat.

Nai Roshni Scheme

The cadets of 4 KAR ENGR COY NCC participated in an awareness session on the "Nai Roshni" scheme on 19 May, which was addressed by ANO Lt Dundesh S Chiniwar. The session aimed to educate and promote awareness about empowering minority women through skill development and leadership training.

The cadets attended the session remotely via Google Meet, where they learned about the scheme's key objectives, including leadership development, financial literacy, health and hygiene awareness, and digital skills for women from minority communities.

The discussion emphasized the importance of empowering women to contribute to socio-economic development, with real-life success stories shared to inspire the cadets. The session concluded with an interactive discussion and a quiz to assess the cadets' understanding of the scheme and its impact.



National Yoga Day

On 21 June 2024, the 4 KAR ENG COY NCC celebrated National Yoga Day. ANO Lt Dundesh Chiniwar instructed the cadets. The cadets were asked to watch the speech given by our Prime Minister Shri Narendra Modi ji and embrace the feeling of yoga by performing yoga poses while they were at their homes.

All the cadets were asked to share pictures of themselves performing yoga poses. At the end, every cadet was inspired and motivated by the words of our Prime Minister, stating: "When we are at peace from within, we can have a positive impact on the world".

Catc at NITK

The Combined Annual Training Camp (CATC), held at the NIT Campus, brought together over 600 cadets, including 15 from 4 KAR ENGR COY NCC, Manipal. The camp focused on physical training, drill practice, academic learning, and cultural activities, fostering discipline and teamwork.

Daily schedules included PT, drill sessions, and lectures on field craft, weapon handling, map reading, and the Indian Army's structure. Rainy weather led to adaptive activities like indoor yoga and additional theory classes. Practical training, including simulated firing and compass usage, enhanced cadet skills.

A cultural event showcased talent with singing, mime performances, and awards for excellence. Delta Company was declared the overall winner.

The camp concluded with heartfelt farewells, as cadets departed with cherished memories, new friendships, and valuable life lessons. The experience significantly contributed to the cadets' physical, mental, and leadership development, leaving a lasting impact on all participants.

Kargil Vijay Diwas

On 26 July 2024, the 4 KAR ENG COY commemorated the 25th anniversary of Kargil Vijay Diwas at the MV Seminar Hall. The ceremony was led by ANO Lt Dundesh Chiniwar.

The ceremony began at 1800 hours in the MV Seminar Hall. Lt Chiniwar highlighted the day's significance and the heroism of the Indian armed forces during the 1999 conflict. A documentary titled "*Guns and Glory*" was screened, followed by a group photograph symbolizing unity and patriotism. The event, attended by about 45 cadets, paid tribute to the brave soldiers and inspired the cadets to embody their spirit.

The documentary vividly portrayed the sacrifices and resilience of the Armed Forces, leaving the audience deeply moved. The cadets expressed gratitude for the opportunity to reflect on the soldiers' valour and emphasized the importance of carrying forward their legacy in their own lives and careers.

Tree Plantation

Prime Minister Shri Narendra Modi launched the 'Ek Ped Maa Ke Naam' campaign on the occasion of World Environment Day. He shed light on how to improve our planet and discussed that India has made astounding efforts towards nature in the last decade. Thus, a tree plantation drive was conducted on the 11 August 2024, by 4 KAR ENGR COY cadets under the "Swachhata Hi Seva" program. The tree plantation was carried out at the Obstacle Training and Firing Range Ground under the supervision of the Commanding Officer Lt Col P S Chauhan and the PI Staff.

The cadets assembled at the Firing Range Ground with sowing seeds and watering cans. This initiative was taken to contribute to restoring the ecosystem and enhancing biodiversity. The event was conducted in a brief and focused manner but was a remarkable step towards the betterment of our future generations. Finally, the cadets assembled in front of the unit and concluded the event by singing the NCC song and the National Anthem.

Har Ghar Tiranga

On 13 August, 2024 the cadets of 4 KAR ENGR COY NCC, Manipal, participated in the Government's 'Har Ghar Tiranga' campaign by sharing pictures of

themselves hoisting the Indian Flag in front of their respective hostel blocks.

On 14 August, the cadets assembled at Student Plaza, MIT, to start a parade from MIT to Melaka Manipal Medical College (MMMC), MAHE, as a celebration and to spread further awareness of the campaign. The cadets waved the Indian Flag and chanted 'Har Ghar Tiranga' during the parade, accompanied by the PI staff. The parade ended at the MMMC Ground, where the cadets participating in the Independence Day Parade the next day joined the other contingents at the ground for a parade rehearsal.

Independence Day 2024

On the 15 August 2024, the 4 KAR ENGR COY proudly hosted the 78th Independence Day at the MMMC campus on behalf of Manipal Institute of Technology. The guest of honour Dr H S Ballal was escorted into the premises by NCC cadets Cdt Simithra and Cdt Pranati. The Guard of Honour successfully displayed a spectacular show, which was led by Cdt Vishnu Suresh.

The proceedings were carried forward by ANO Lt Dundesh Chiniwar. All the marching contingents were commanded by the ANO to march toward the podium and pay respects to our National Flag. The NCC contingent was commanded by Cadet Captain Viraj Singh, who also led the other contingents. After the march past commenced to an end, the contingent commanders were awarded plaques, and the best contingent winner was announced.

Space Day

The cadets of 4 KAR ENGR COY NCC celebrated the first-ever National Space Day on 23 August 2024, a day of great significance as it commemorates the historic achievement of ISRO's Chandrayaan-3 mission. As part of the Space Week celebration, an inter-coy PPT presentation was organized. The cadets were asked to make PPTs on different aspects and contributions of ISRO

The cadets were initially made to fall in at the NCC unit. From there they organized and took part in the Awareness Rally (walking) from the NCC Unit to the NLH (New Lecture Hall), after which the presentation competition commenced.

The program was a heartfelt tribute to the scientists of our nation. The cadets had a great learning experience, enhancing their soft skills and instilling in themselves the inspiration to work in STEM fields and innovate for our nation. All the cadets were made to fall in, and the event was concluded by singing the NCC Song and the National Anthem.

Recruitments

The 4 KAR ENG COY NCC, Manipal, conducted a two-day recruitment drive on 31 August and 1 September 2024, to evaluate and onboard first-year NCC cadets. Recruitment Day 1 focused on intellectual evaluation, featuring a quiz on the Indian Army and current affairs at Academic Block 3, MIT. The event, supervised by ANO Lt Dundesh S Chiniwar, involved invigilation by cadets and systematic evaluation by two teams of 3rd-year NCC members. Scores were recorded using a +4/-1 marking scheme for fairness and accuracy.

The second day was held alongside the Sunday parade, centered on physical assessments, including a 1.6 km run, push-ups, crunches, and star jumps. These activities were conducted at MSAP and the Hockey Ground, with cadets ensuring smooth operations. The day concluded with a lecturette session evaluated by senior cadets and an address by ANO Lt Dundesh S Chiniwar and the Officer Commanding Lt Col P S Chauhan, NCC, Manipal. Both days ran smoothly, marking a successful recruitment process.

Ssb Super 30 Selection Camp, Sagara

10 Cadets from 4 KAR ENGR COY NCC participated in the Super 30 SSB Selection (Capsule) Camp at Lal Bahadur Shastri College, Sagara, from 09 to 11 September 2024. Under the guidance of Col Anilesh Koushik, Commanding Officer of 20 Karnataka Battalion NCC and ex-Psychologist, the cadets underwent a rigorous selection process.

On 10 September, the cadets prepared for interviews, brushing up on general knowledge and current affairs. The final day, 11 September, consisted of a self-

introduction, written Word Association Test (WAT), and a psychological assessment.

The comprehensive selection process provided valuable experience, enabling the cadets to assess their skills and prepare for future endeavours. The cadets eagerly await the results, hoping to secure a spot in the prestigious SSB Super 30 camp in Toranagallu. This intensive three-day program not only tested the cadets' abilities but also fostered camaraderie and provided insights into the selection process for a fulfilling career in the armed forces.

Ssb Super 60 Camp, Toranagallu

5 cadets of 4 KAR ENGR COY participated in the Super 30 SSB Selection Camp held at the 35 Karnataka Battalion, Toranagallu, from 28 September to 7 October 2024 under the guidance of Col Anand Joshi, AO 35 Kar Bn. The 10-day camp aimed to prepare cadets for the Services Selection Board (SSB) process through a comprehensive schedule of physical training, intellectual evaluations, and personality development sessions.

The cadets engaged in diverse activities, including PT sessions, GTO tasks, psychological tests, public speaking, interviews, group discussions, and essay writing. Highlights included the Word Association Test (WAT), Picture Perception and Discussion Test (PPDT), and motivational lectures by Col Shivananda, JCOs and PI staff. These activities emphasized the ABCD principles (Awareness, Behaviour, Communication, and Dynamism) and fostered a deeper understanding of the SSB process.

The camp concluded with a closing session that left cadets inspired and confident in their preparation. This intensive experience provided valuable insights into military evaluations, instilled discipline, and strengthened their determination to excel in future challenges.

Swachhata Hi Seva Hai

On 28 September 2024 the cadets of 4 KAR ENGR COY NCC participated in the “Swachhata hi Seva” campaign by cleaning Manipal Lake. Initially, the cadets were briefed about the day's task, after which they were transported to the lake to begin the activity.

Upon arrival at Manipal Lake, the cadets were organized into mixed groups, with each group containing cadets from first, second, and third years. This ensured teamwork and cooperation, with senior cadets guiding the juniors. The groups were assigned different areas of the lake and its surroundings for cleaning.

The cadets worked hard to collect litter, plastic, and other debris from the lake's surroundings. Their effort was evident as they collected a significant amount of waste, which was then sorted for proper disposal. Senior cadets oversaw the process to ensure everything was done efficiently and safely, and the cadets worked tirelessly to complete their tasks.

The event concluded with the cadets gathering for a brief reflection on the success of the cleaning activity. To mark the end of the event, cadets enthusiastically shouted NCC chants like "Bharat Mata ki Jai" before being transported back to the unit.

Catc Camp, Udupi

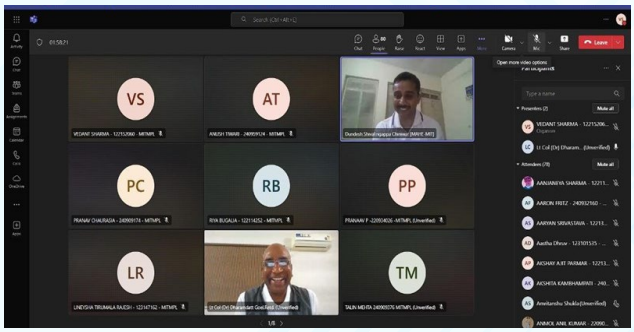
Cadets from various units participated in the Combined Annual Training Camp (CATC) held at Anandatirtha Vidyalaya, Kunjarugiri, Udupi, organized by 21 KAR BN NCC. The seven-day camp provided comprehensive training and development opportunities for the participating cadets.

The daily schedule commenced at 0600 hours with physical training, followed by intensive drill practices where cadets learned various commands and formations. The camp featured educational sessions including health and hygiene awareness, disaster management, firefighting safety, and personality development workshops. Special subjects covered included judging distance, indication of enemies, and weapons handling with SLR rifles.

Competitive events were integral to the camp, with inter-company sports competitions in volleyball, throwball, and tug of war. Cultural activities included visits to local temples and a cultural program. Each day concluded at 1945 hours with roll call, the National Anthem, and the NCC song.

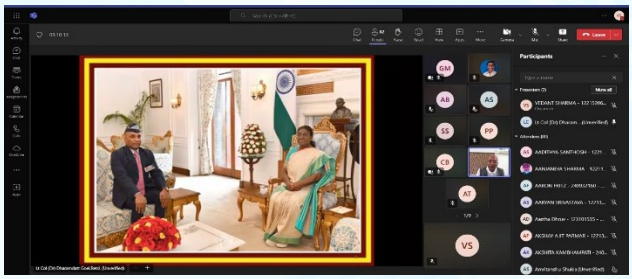
Motivational Talk By Veteran

On 3 October 2024, a webinar was conducted featuring Lt Col Dr Dharamdatt Goel. The session focused on the theme of resilience, drawing from his personal experience of overcoming a tragic battle injury that resulted in the loss of one of his legs. He shared the harrowing details of his injury and recovery and how he focused on living life to the fullest, adapting to new circumstances. He talked about his return to service within his battalion and the life lessons demonstrated by that experience. Cadets were inspired by his dedication of helping others embark on their own paths of resilience, encouraging them not to give up. A message to the cadets imparting the critical lesson of resilience was passed, motivating them to embrace challenges and maintain a positive outlook despite their struggles. The webinar ended with an open-ended discussion with the cadets, where they tried to gain insight from him about the problems and challenges in their lives.



Catc Shivamogga

20 cadets of 4 KAR ENGR COY NCC participated in the Shivamogga camp organized by 20 Karnataka Battalion NCC, from 7 October to 16 October at Shivamogga. The inauguration ceremony was conducted by the Commanding Officer of 20 KAR BN NCC Shivamogga, Lt Col Manik Pathania.



All SWs and JWs received a talk on health and hygiene from a staff from the PHC. The discussion informed the cadets about safe and healthy practices to follow, self-confidence, and the importance of having a goal dedicated to their own interests. Special presentations were given on drones, followed by a talk on the Indian Army and how to join, delivered by AO Lt Col R V Shankar.

Cadets who were giving their C certification were given the opportunity for rifle drill practice and participated in practical drone sessions. Cadet representatives from different companies were allowed to perform operations like take-off, rotation, movement, and landing of drones. The cadets also attended classes on FCBC, map reading, and weapon training, which were conducted by the PI staff.

The camp featured inter-company competitions, where CDT Lineysha Triumala Rajesh and CDT Arushi Darbari secured first place in tug of war, and JUO Riya Bugalia won first place in the SW inter-company DST

competition. During the closing ceremony, all cadets who excelled in different events were awarded a certificate of merit. CDT Arushi Darbari and CDT Aastha Druv were also awarded for their flawless execution of the cultural event.

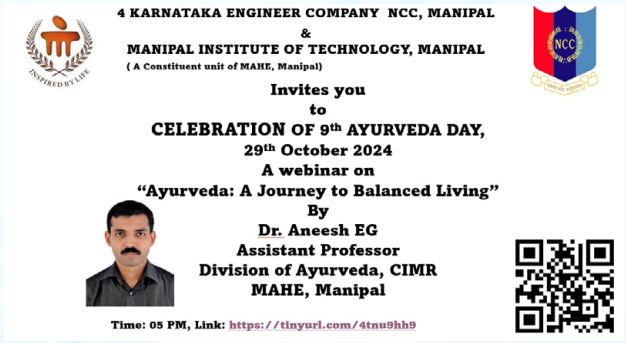
Ota Attachment Camp

Sgt Bhoomika Kulkarni participated in a rewarding camp starting on 14 October 2024, designed to enhance both physical and technical skills.

The camp featured activities like firing simulations with LMGS and INSAS rifles, along with practice using pistols and air rifles. Cadets also engaged in horse riding and completed obstacle courses, building physical endurance and fostering teamwork. Morning drills conducted by expert instructors helped sharpen their discipline and bearing, while evening sports sessions encouraged camaraderie.

The cadets had the opportunity to observe officer cadet training and visit the Rodha Cadets' Mess, gaining insight into military life. Lectures on leadership, SSB preparation, and other military topics broadened their understanding of careers in the armed forces. The camp also promoted national integration, with cadets from across India forming lasting friendships. The experience was further enriched by a visit to Marina Beach and an inspiring interaction with the Commandant of OTA Chennai, which motivated many cadets to pursue careers in the armed forces.

Ekta Diwas And Ayurveda Day



4 KARNATAKA ENGINEER COMPANY NCC, MANIPAL
&
MANIPAL INSTITUTE OF TECHNOLOGY, MANIPAL
(A Constituent unit of MAHE, Manipal)

Invites you
to
CELEBRATION OF 9th AYURVEDA DAY,
29th October 2024
A webinar on
"Ayurveda: A Journey to Balanced Living"
By
Dr. Aneesh EG
Assistant Professor
Division of Ayurveda, CIMR
MAHE, Manipal

Time: 05 PM, Link: https://tinyurl.com/4tnu9hh9

The 4 KAR ENGR COY NCC organized the celebration of Ekta Diwas and Ayurveda Day on 29 October 2024 at Academic Block 5 (AB5), MIT, with cadets reporting at 1700 hours. The event witnessed the participation of around 70 cadets. The celebration commenced with an assembly aimed on promoting Ayurveda as a traditional system of medicine, emphasizing its principles, healing practices, and lifestyle approaches.

Alongside this, the event also honored Ekta Diwas, a day dedicated to celebrating national unity and the birth anniversary of Sardar Vallabhbhai Patel.

The activities began with a webinar titled "Ayurveda: A Journey of Balanced Living," delivered by Dr Aneesh E G. The session provided valuable insights into the principles and practices of Ayurveda, emphasizing its significance in fostering a balanced and healthy lifestyle. Cadets were introduced to various aspects of

Ayurveda, such as its role in preventive healthcare and holistic well-being. Following this engaging webinar, a quiz on Ayurveda was conducted, encouraging active participation and testing the cadets' knowledge of the topic.

To mark the celebration of Ekta Diwas, the cadets, along with the Associated NCC Officer (ANO), took a solemn pledge for national unity. This symbolic act highlighted the enduring importance of unity and solidarity in the context of Sardar Vallabhbhai Patel's efforts to integrate the nation. The activities concluded successfully at 1900 hours.

NCC Day

Blood Donation

A blood donation drive was organized on 15 November 2024, serving as the inaugural event of the day and underscoring the critical need for blood donations in hospitals for patients undergoing surgeries, recovering from accidents, or battling serious illnesses. Blood donation is of paramount importance in modern healthcare, serving as a lifeline for countless individuals facing critical medical situations. The cadets of 4 KAR ENGR COY took the initiative and donated blood, helping many in need. Being part of such a life-saving initiative made the importance feel even more real. It gave the cadets immense joy to know that this small contribution could help save someone's life. This experience reminded all cadets of the power of small actions and the act of selfless care. Their willingness to contribute to this life-saving endeavour reflects the true spirit of service and dedication to humanity that the NCC fosters. By voluntarily donating blood, the cadets have demonstrated a deep understanding of the vital need for this resource and have taken meaningful steps to make a positive impact on their community.

Old Age Home Visit

The cadets of 4 KAR ENGR COY, accompanied by PI staff and the ANO visited an old age home which was a moving experience for them. It was a stark reminder of the realities of aging and the challenges faced by the elderly. Many of the residents were suffering from debilitating illnesses and were confined to their beds, their once vibrant lives reduced to a mere existence. The cadets distributed fruits, interacted with them, and got to know about their stories. Despite their physical limitations, the residents were eager to interact with the cadets.

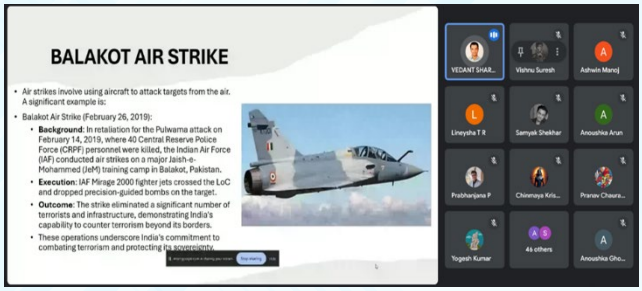
The cadets sang and danced for them, and in return, the residents also joined in singing. The visit to the old age home was a humbling experience, one that taught the cadets the importance of compassion, empathy, and human connection. It showed them that even the

smallest act of kindness can have a profound impact on the lives of others.

Armed Forces Flag Day

On 7 December 2024, the 4 KAR ENGR COY NCC celebrated Armed Forces Flag Day in honour of the Indian Armed Forces. Online presentations were prepared and presented by the cadets, highlighting various spectacles of the Indian Armed Forces.

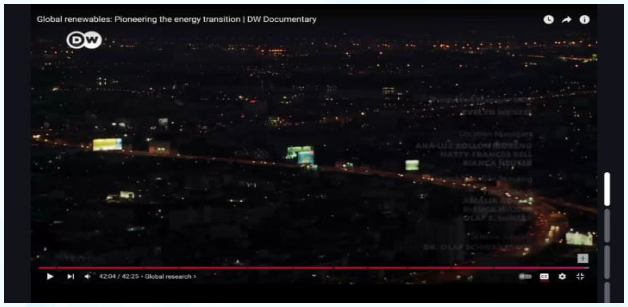
The event saw the active participation of about 70 cadets from first, second, and third years, actively participating in a Google Meet session held at 2200 hours. They presented on topics such as the lives and contributions of the Indian freedom fighters, notable combat and non-combat operations of the Indian armed forces and paramilitary forces, and the pathways to join the Indian Armed Forces. The interactive session enhanced their knowledge and soft skills, inspiring them to pursue careers in the Indian Army, Navy, or Air Force.

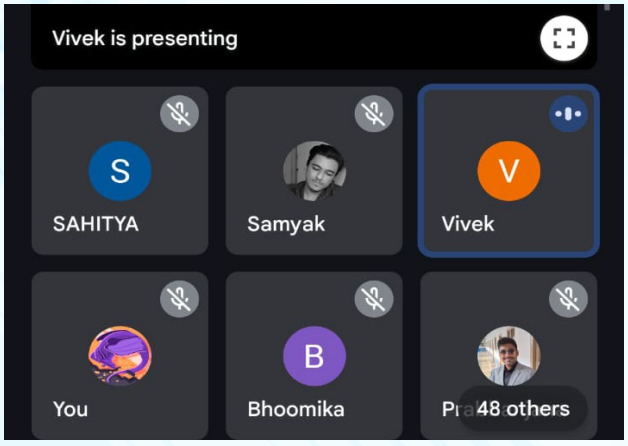


Emerging Energy Transitions

The 4 KAR ENGR COY NCC cadets participated by viewing a documentary on the topic. Events related to "Emerging Energy Transitions" were conducted from 13 to 25 December 2024, to teach and promote renewable energy sources. A meeting was organized through Google Meet, and the cadets of 4 KAR ENGR COY NCC joined the meeting remotely.

Cadets watched the documentary "Global Renewables: Pioneering the Energy Transition". Cadets learned about renewable energy projects in action, challenges in scaling renewable energy, research on mimicking natural photosynthesis to create carbon-neutral fuels, economic growth and job creation in the renewable energy sector, and health and environmental improvements by reducing carbon emissions.





The meeting concluded with feedback on the given documentary and a discussion about renewable energy and its impact on our future. Then the cadets were asked to give a quiz on the same.

Catc Camp, MIT

The CATC MIT Camp was a ten-day intensive training camp held at MIT, Manipal from 21 to 30 December

2024, led by Commanding Officer Lt P S Chouhan. SD, SW, JD, and JW cadets from different colleges and schools had participated in the camp.

The cadets had a fixed routine starting from 0630 hours till 1900 hours, ending with lights out at 2200 hours. The activities consisted of PT in the morning, followed by drill after a short break. A theoretical class conducted by the PI staff on special subjects at noon, followed by a class conducted by an ANO after the lunch break. A fire safety class was conducted, where the cadets were taught how to deal with different types of fire and were familiarized with the equipment and apparatus available at a fire station. A workshop on cybersecurity was held by the Udupi Station Inspector, educating cadets on how to safeguard themselves from cyber-attacks and what to do in case one occurred.

The conclusion of the camp was marked by a closing ceremony, which was preceded by a cultural event conducted in MIT Academics Block 1, where different companies showcased their cultures and art forms through different dance forms and singing.

Capsule On Startup, Entrepreneurship And Skill Development, During Catc, MIT

The EXPA CADET Program was conducted at MIT Manipal, with various activities and seminar sessions being conducted to develop skills in cadets. The program lasted for three days, from 26 to 28 December. These activities included a session with students in the MV Seminar Hall on Design Thinking and creating innovative solutions. A poster presentation was held at the end of the session, after dividing the cadets into nine different teams with the objective of creating innovative solutions for any of problems currently faced by society.

A visit to multiple innovation centers such as MUTBI - Manipal Universal Technology Business Incubator and the Innovation Centre of Manipal was conducted to introduce cadets to various start-ups supported by MAHE and to highlight the vast scope present in these startups. Cadets also visited MSDC-Manipal Skill Development Centre which offers multiple courses to develop industrial-level skills in various domains such as beauty and skincare, electric automobile designing, drone training etc.

On the last day of the program, a session on entrepreneurship and how to start a startup was conducted, where the students were again split into teams and were told to ideate and develop a business

product or service that would make a profit of 1 lakh in one year.

Ima Attachment Camp, Dehradun

CPL Lakshya Patel attended the Indian Military Academy (IMA) Attachment Camp as part of the NCC, which was a transformative experience that emphasized discipline, honour, and patriotism.

It began with a visit to the Chetwode Museum, a treasure trove of military history. Cadets explored an impressive collection of weapons used during World War I and II, including the Japanese original surrender papers from World War II—a rare artifact that brought history to life. The museum also showcased modern infantry weapons and offered insights into the training and preparation of the armed forces. A visit to the Close Quarters Battle (CQB) range demonstrated the precision and skill required in combat scenarios.

The camp included a tour of the iconic Vikram Batra Mess, named after the courageous Param Vir Chakra awardee, and the Gentlemen Cadets' living quarters. These spaces reflected the dedication, discipline, and camaraderie that define life of a cadet at IMA. The daily routine began at 5 AM with physical training (PT) and drill sessions. The drill instructors at IMA radiated authority and charisma, commanding respect and inspiring cadets to push beyond our limits. The drills, though strict, were immensely enjoyable, instilling a sense of teamwork and focus.

Special Yachting Camp, Inwtc Goa

The NCC Special Yachting Camp, held from 16 to 23 December at the Indian Naval Watermanship Training Centre (INWTC), Goa, was a prestigious national-level camp conducted by the 1 Goa Naval Unit NCC. The camp aimed to provide cadets with advanced training in watermanship and foster maritime skills. Cadets engaged in thrilling activities such as windsurfing and sailing, gaining hands-on experience and improving their proficiency in handling watercraft. A highlight of the camp was the visit to INS Hansa, a major naval air station, where cadets got an insightful glimpse into the operational aspects of the Indian Navy.

The camp not only enhanced the cadets' technical abilities but also instilled teamwork, discipline, and a love for the sea. It was an unforgettable experience for all involved, blending adventure, learning, and camaraderie.

Cadet Captain Viraaj Singh Randhawa and Petty Officer Cadet Pranav Gayatri attended the Special Yachting Camp.

National Cadet Corps (NCC), Bengaluru

Plantation Drive – NCC Day Celebrations (27 November 2024)

As part of NCC Day celebrations week on 27 November 2024, NCC cadets enthusiastically participated in a meaningful initiative by actively engaging in the plantation drive. The event, marked by a spirit of camaraderie and environmental consciousness, showcased the commitment of NCC cadets toward fostering a sustainable future.

Blood Donation Camp – 4 October 2024

In a collaborative effort to promote community welfare and social responsibility, NCC organized a blood donation camp in partnership with the National Service Scheme (NSS), the Voluntary Service Organization (VSO), and Manipal Hospital at Manipal Academy of Higher Education (MAHE). The event took place on 4 October 2024, where NCC cadets played a pivotal role in contributing to the noble cause of blood donation. The initiative aimed not only to underscore the importance of altruism but also to strengthen the bond between NCC and the community. The active participation of NCC cadets demonstrated their commitment to humanitarian values and their readiness to serve society.

Cadets' Achievements

1. LFC Dhruv Aryaman participated in the All India Vayu Sainik Camp (AIVSC) 2024, a prestigious centralized camp organized annually by the NCC Directorate. This camp sees participation from 16 directorates, with a total of 608 cadets (38 from each directorate). Dhruv was one of the 38 cadets selected to represent the Karnataka and Goa Directorate. During the camp, cadets competed in various NCC Air Wing disciplines such as drill, firing, line area and tent pitching, flying, and aeromodelling. Dhruv represented the Directorate in the 0.22 firing and flying categories.

   In the flying discipline, the top two Senior Division (SD) and top two Senior Wing (SW) cadets from each directorate competed in the Inter-Directorate Flying Competition, where the top 6 cadets overall had the opportunity to compete for an individual medal. Dhruv earned the gold medal in this competition, securing the prestigious title of Best Pilot among the Senior Division cadets.

2. Cdt Aditi Saxena participated in the All India Trekking Expedition 2024, Kerala TREK-I AT JNV Kulamavu from 10 to 17 September 2024. This expedition has been organized annually since 2011, and this year, for the first time, female cadets (SWs) were included. The camp hosted 525 cadets (SW and JW) from five NCC directorates: Kerala and Lakshadweep, Karnataka and Goa, Maharashtra, Tamil Nadu, Puducherry and Andaman and Nicobar, and Andhra Pradesh and Telangana. **Only 65 cadets from Karnataka and Goa Directorate had the opportunity to participate in this trek, and Cdt Aditi was one of the proud cadets representing MAHE-BLR.**

   During the camp, the Karnataka and Goa Directorate, which Aditi represented, won the first position as the Best Directorate and secured second place in the Best Line Area competition..

National Cadet Corps (NCC), Jamshedpur

Inauguration of NCC Unit

The NCC unit at Manipal TATA Medical College (MTMC) was officially inaugurated on 22 March 2024, marking an important milestone for the institution. The inauguration ceremony was held at the college campus and was attended by distinguished guests, faculty members, and enthusiastic students eager to join the NCC Unit.

The event was graced by several prominent figures, including the Chief Guest, Col Vinay Ahuja, Commanding Officer of 37 Jharkhand BN NCC and the guest of honour, Lt Col G K Mishra, ADM officer of 37 Jharkhand BN NCC, a respected officer from the Indian Armed Forces; and Dr G Pradeep Kumar, Dean; and Prof Rajiva Dwivedi, the Director of Academic, Administration and Quality.

Manipal Tata Medical College inaugurates NCC and NSS units

Mail News Service

Jamshedpur, March 22: Manipal Tata Medical College inaugurated the Unit of National Cadet Corps (NCC) and National Service Scheme (NSS) within its campus on Friday. The ceremony marked a pivotal moment in the institution's commitment to fostering character, leadership, and community service among its students. National Cadet Corps (NCC), established in 1948 under the National Cadet Corps Act, is dedicated to instilling qualities such as discipline, leadership, and a spirit of adventure among the youth of India. With various wings including the Army, Navy, and Air Force, NCC plays an integral role in shaping responsible citizens. National Service Scheme (NSS), launched in 1969, aims to cultivate the values of social welfare and community service among students. Through initiatives focused on nation-building and community development, NSS volunteers contribute actively to societal welfare. The inauguration ceremony was graced by Chief Guest Col. Vinay Ahuja and Guest of Honor Lt. Col. G.K. Mishra, who illuminated the occasion by lighting the ceremonial lamp. Dr. Neelam Goyal, Associate NCC Officer, Dr. Sachin Kumar Patil, NSS Programme Officer, and NSS student volunteers orchestrated the event with meticulous planning, while administrative members of the college lent their support to ensure its success. Manipal Tata Medical College, a constituent unit of Manipal Academy of Higher Education (MAHE), stands as an Institution of Eminence (IoE) committed to delivering quality medical education and healthcare services. Situated in Jamshedpur, the college offers a comprehensive array of undergraduate and postgraduate programs in medicine.

Equipped with state-of-the-art facilities and a dedicated faculty, MTMC endeavors to shape the future of healthcare professionals and contribute significantly to community welfare.

The inauguration of the NCC and NSS units at Manipal Tata Medical College underscores its dedication to holistic education, instilling values of discipline, leadership, and social responsibility among its students, thereby shaping them into exemplary citizens of tomorrow. (W/pb)

NCC Combined Annual Training Camp (CATC–I), June 2024

The CATC-I, organized by the 37 Jharkhand BN NCC Jamshedpur, was held from 5th to 14th June

2024 at NIT Jamshedpur. The camp saw the active participation of 692 cadets from 37 teaching institutes across the region. Additionally, staff members from MTMC, including CTO Neelam Goyal, BCA Vishal Pandey, GCA Kiran Lohra, and ESM Santosh Yadav, contributed to the smooth functioning of the camp.

ADG Maj Gen Amandeep Singh Bajaj was invited as the Chief Guest at the NCC CATC-I camp. The camp was overseen by Camp Commandant Col Vinay Ahuja, Deputy Camp Commandant Lt Col G K Mishra, and Camp Adjutant S/o P Karmakar, who ensured the smooth and effective execution of the camp's activities.

MAHE MIT NSS Unit I and II

The MAHE MIT NSS Unit was awarded a fund of INR 1 lakh to organize Earth Day 2023 by

The Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India. Various competitions such as drawing, painting, slogan writing, and poster creation, were organized for nearby school children.

MAHE MIT NSS UNIT I and II are responsible for serving the community in the fields of health, education, and environment and are associated with NGOs in and around Udupi. These are a few programs conducted by the NSS volunteers and program officers of MAHE MIT NSS, Manipal.

1. Blood Donation Campus – 15 camps conducted, with over 1200 units collected
2. Beach Cleaning Drive – 8 drives conducted, with over 800 kg of plastic and waste materials collected
3. CET NEET Coaching Program in collaboration with Udupi Zilla Panchayat and MIT NSS
4. Technical Education Drive at Parkala High School
5. Vanamahotsava – Tree plantation and sapling distribution: 2000 plants distributed
6. Installation of rainwater harvesting units and creation of a medicinal garden at a school
7. Awareness program on drug abuse, environmental awareness were conducted
8. SVEEP (Systematic Voters' Education and Electoral Participation) Awareness 2023-24 program and street play in association with district administration
9. Health awareness program in collaboration with Udupi District Department of Health
10. Organized competitions on Earth Day, Water Day, Ozone Day, No-Drug Rally, Cycle Day, etc.
11. Career guidance program for Class 10 and 10+2 students
12. Awareness programs conducted in schools and colleges
13. CPR training for public and college students in association with the Public Health Department
14. The NSS camp held from 04 to 09 December 2024 successfully combined community service, cultural engagement, skill development, and personal growth. Spanning six days, the camp provided 37 participants with meaningful experiences through educational tours, environmental drives, leadership lectures, and creative activities.

Manipal Institute of Technology (Mit), Bengaluru

Elecxpressions

Celebrating 125 Years of Padma Shri Awardee Dr TMA Pai

The National Service Scheme (NSS) Unit, MIT Bengaluru, and the Electoral Literacy Club of MIT Bengaluru organized a captivating event, "ElecXpressions" on 25 January to commemorate National Voters' Day and to celebrate the 125th Birth Anniversary of Padma Shri Awardee Dr TMA Pai. This event marked a significant occasion for the youth to engage actively in politics and understand the importance of their electoral rights.

The theme of the event centered around empowering young minds to participate in the democratic process and make informed decisions as responsible citizens. Through a series of interactive sessions and artistic expressions, ElecXpressions aimed to instill a sense of civic duty and awareness among the student community.

It was held in collaboration with the Da Vinci Club as a part of the 125th Birth Anniversary celebrations of Padmashree Awardee Dr TMA Pai. This collaboration added a dynamic dimension to the event, as participants were encouraged to explore their thoughts on electoral literacy through doodling on a thematic board.

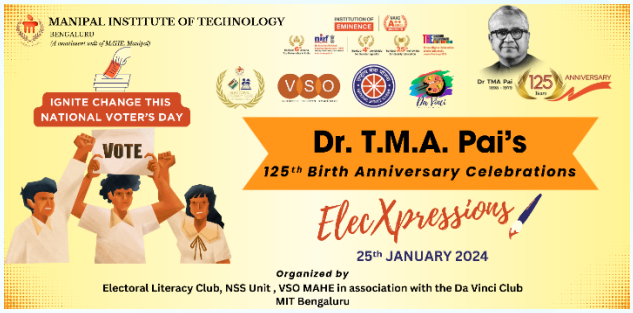
The Director, MIT Bengaluru, also visited the board and wrote a message on it. A screening on "National Voters Day" was held in the reception area, followed by a photoshoot in front of the academic block with the Director.

The amalgamation of electoral literacy and artistic expression created an engaging environment where students could freely express their views on democracy, voting rights, and the role of youth in shaping the future of the nation. It provided a platform for open dialogue and exchange of ideas, fostering a sense of inclusivity and belonging among participants.

By encouraging active participation and fostering a culture of political awareness, the event aimed to empower students to become informed voters and responsible citizens.

Beneficiaries:

Over 300 students participated, gaining awareness of voting rights and the role of youth in democracy.



Core Committee Inauguration And Website Launch (2023-2024)

The NSS Unit of MIT Bengaluru convened on 13 February 2024 to introduce the newly appointed core committee, launch the official website of the unit, and provide updates on past events conducted. The gathering aimed to foster a sense of community and highlight the club's achievements over the recent period.

The event began with a welcome address, , followed by a brief recap of events conducted in the past year, along with a screening of a short video based on the same. Next, the upcoming event of "Kannadamrutha", (i.e., Kannada Classes) was introduced to the audience.

This was followed by the announcement of the new office bearers of the unit, who were presented with appointment letters by the Chief Guest, Dr Jagannath Korody (Director, MIT Bengaluru). After this, the Chief Guest unveiled the website and addressed the gathering with a few words of wisdom. The event then continued with a discussion of future events by Nishanth Shet, Unit Head, NSS MIT Bengaluru.

Beneficiaries:

Over 60 NSS volunteers participated, fostering collaboration and engagement.

Kannadamrutha

The "ಕನ್ನಡಾಮೃತ" (Kannadamrutha) initiative was undertaken by the NSS unit of MAHE Bengaluru campus to foster a deeper appreciation for the Kannada language, providing a holistic understanding of its essence. The event aimed to offer participants from diverse linguistic and cultural backgrounds a platform to acquire basic language skills and pronunciation, helping them engage with native speakers. The classes were conducted from 13 to 22 February 2024.

The event was a resounding success, with participants engaging in a variety of activities and sessions designed by the volunteers to enhance their language learning, providing an immersive experience and opportunity to deepen their understanding of the language. The event kicked off with an introductory session that familiarized participants with the basics of Kannada. The sessions covered simple phrases, nouns, pronouns, vocabulary, and pronunciation. To ensure comprehension and retention, a small quiz was also conducted by the volunteers.

The event featured various sessions that encompassed effective methodologies to help the participants learn efficiently. The sessions were very interactive, with volunteers assisting the participants throughout and ensuring the smooth running of the event.

Beneficiaries:

Over 50 students attended the sessions, developing basic communication skills in Kannada.

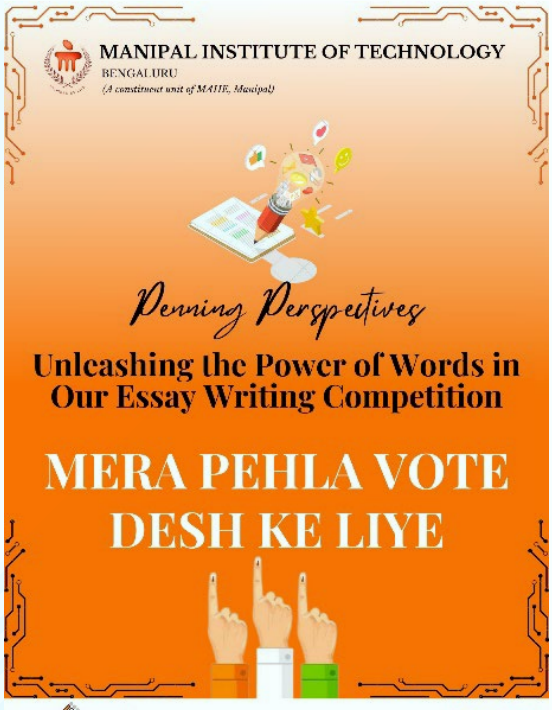
Mera Pehla Vote Desh Ke Liye! Campaign

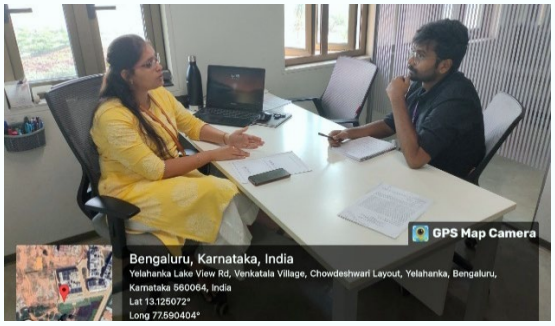
The Voting Awareness Campaign, "Mera Pehla Vote Desh ke Liye!", organized by the National Service Scheme Unit MIT Bengaluru and the Department of Student Welfare at MIT Bengaluru, aimed to educate and engage students in the democratic process ahead of the upcoming Lok Sabha Elections. Through a series of diverse events, the campaign endeavoured to foster a sense of civic responsibility and encourage active participation in the elections. The events were conducted from 4 to 11 March 2024. Events conducted include Penning Perspectives (Essay Writing Competition), Virtual Visions (Digital Poster Showdown), Vote Vow: Your Voice, Your Impact (Pledge to Participate), and a podcast titled Voice the Vote: Exploring Democracy.

Impact Analysis:

- Mobilized first-time voters, emphasizing the transformative power of individual voices.
- Encouraged cross-disciplinary participation, with students merging creativity, advocacy, and technology.

SDG Alignment:





HackNXS

The NSS unit of MIT Bengaluru organized a two-day hackathon as part of the college's official tech fest, Solistice-2024. Held on 6 and 07 April 2024, the event saw a remarkable turnout from students within the institution as well as participants from neighbouring colleges and the local community.

The hackathon spanned 24 hours and took place within the classrooms of AB-4, MIT Bengaluru. Participants were challenged to collaborate, innovate, and develop solutions to various problems within a limited timeframe. Throughout the event, regular evaluations were conducted by experienced faculty members from the Computer Science department, ensuring fair judging and constructive feedback for the participants. With a large turnout and a diverse pool of participants, the hackathon fostered a vibrant atmosphere of creativity and collaboration, reflecting the spirit of innovation driving the student community at MIT Bengaluru.

Beneficiaries:

Over 100 students participated, fostering teamwork, creativity, and technical expertise

TURINGER 2024 – NSS x MITB ACM STUDENT CHAPTER

The TURINGER '24 event, organized in collaboration with the National Service Scheme (NSS) and the Association for Computing Machinery (ACM), took place from 8 April to 13 April 2024. It aimed to integrate technology, innovation, and entrepreneurship through a dynamic, student-led initiative. Over 140 students participated in this engaging event, which featured key highlights such as Tradesphere, where company auctions and corporate summits encouraged strategic thinking, and Bears vs Bulls, a mock stock trading session designed to enhance financial literacy. The NSS played a pivotal role in ensuring the event's success by fostering a spirit of community service and promoting student engagement in activities that contribute to their personal and professional growth. Through this collaboration, the event empowered students with entrepreneurial and financial skills while encouraging innovation through interdisciplinary teamwork.

SDG Alignment:

SDG 8 – Decent Work and Economic Growth: Fostered entrepreneurship.

SDG 9 – Industry, Innovation, and Infrastructure: Highlighted tech-based solutions.

Blood Donation Drive 2024

The 4th Blood Donation Drive, organized by the NSS Unit of MIT Bengaluru in association with Manipal Hospitals and in collaboration with the Voluntary Service Organization (VSO) of MAHE Bengaluru, took place on 12 April 2024 at the AB-4 building, MAHE Bengaluru. This event aimed to address the critical need for blood and raise awareness about the importance of voluntary blood donation. The drive saw enthusiastic participation from students, staff, and volunteers who came together for this noble cause.

Nearly 90 units of blood were successfully collected during the drive, contributing significantly to the local blood banks. Volunteers not only donated blood but also assisted other donors by guiding them through the donation process, ensuring the event ran smoothly. The event was well-organized, with a team of professionals from Manipal Hospitals facilitating the donation procedures and providing necessary medical support to ensure the safety and well-being of all participants.

Awareness Session on Blood Cancer and Blood Stem Cell Transplantation

The NSS Unit of MIT Bengaluru, in collaboration with DKMS BMST Foundation India, organized an awareness session on blood cancer and blood stem cell transplantation. The event was held on Friday, 30 August 2024, in Academic Block 4 Auditorium. The session aimed to educate participants about the critical role of stem cell transplants in treating blood cancer and how individuals can contribute by registering as donors. The objective of the session was to spread awareness about blood cancer, its impact on patients, and the importance of blood stem cell transplantation.

The event also aimed to encourage attendees, especially those aged between 18 and 55, to register as potential blood stem cell donors through a simple cheek swab, increasing the donor pool for patients in need of transplants. The session was conducted by Ashitha Steffi J and Kruthika R, Senior Associates in Donor Recruitment at DKMS BMST Foundation India. They explained the importance of blood stem cell transplants for blood cancer patients and demonstrated the simple process of registering as a donor. Participants were encouraged to register on the spot by providing a cheek swab sample. The session concluded with an interactive Q & A, addressing audience concerns about the donation process.

'SWACHHATA HI SEVA' CAMPAIGN

On the occasion of Gandhi Jayanti, the NSS Unit of Manipal Institute of Technology, Bengaluru, organized a campus clean-up drive titled 'Swachhata Hi Seva' campaign on 2 October 2024. This initiative aimed to celebrate the Swachh Bharat Abhiyan, which was launched by Honourable Prime Minister Shri Narendra Modi a decade ago, while embracing Mahatma Gandhi's vision of a cleaner, self-reliant India. The campaign sought to instill a sense of responsibility and environmental consciousness among students, faculty, and staff.

The campaign took place from 8:00 AM to 2:00 PM on 2 of October, with the clean-up drive as its main highlight. Several enthusiastic students, faculty, and staff members participated in the event. Equipped with gloves, masks, and cleaning tools, volunteers were divided into smaller groups, each assigned to different parts of the university. The volunteers collected garbage, segregated waste into biodegradable and non-biodegradable categories, and ensured that the collected waste was disposed of responsibly. Banners and placards promoting cleanliness and proper waste management were displayed across the campus, reinforcing the key messages of the campaign.

HIKE AND HEAL

On 9 November 2024, the NSS Unit of MIT Bengaluru organized a remarkable event titled "Hike and Heal", which combined a trek to the scenic Shivaganga Hills with a cleaning drive under the "Swachhata Hi Seva" initiative. The event also contributed to the "Fit India" campaign launched by the Government of India, aiming to encourage physical fitness among students. Volunteers actively participated in the trek, which provided them with an opportunity to enjoy the natural beauty of the hills while engaging in physical activity, promoting both mental and physical well-being.

During the event, volunteers reflected on the significance of the "Fit India" Campaign, which was launched by Honourable Prime Minister Narendra Modi in 2019 to inspire individuals to adopt a healthy and active lifestyle. The participants took the Fitness Pledge, committing themselves to the principles of fitness and well-being. The trek served as an engaging activity that encouraged participants to incorporate fitness into their daily lives while fostering a sense of unity and purpose among the volunteers.

After completing the trek, the participants conducted a cleaning drive along the trekking route as part of the "Swachhata Hi Seva" initiative, which focuses on cleanliness and environmental responsibility. Volunteers collected litter and waste, significantly improving the cleanliness of the area. This effort not only beautified Shivaganga Hills but also instilled a sense of responsibility among the students, encouraging them to contribute actively to environmental conservation. The event successfully blended fitness, environmental awareness, and community service, making it a meaningful and impactful experience for all involved.

SDG Analysis:

Additional Initiatives by NSS Unit, MIT Bengaluru

In addition to these events, the NSS Unit of MIT Bengaluru has been actively involved in a variety of other initiatives. One such initiative is the ongoing Health Awareness Campaign, which focuses on both mental and physical health. This campaign includes workshops and videos on stress management, nutrition, and fitness, aligning with **SDG 3 (Good Health and Well-being)** and aiming to enhance the overall health and wellness of the campus community.

The NSS unit also launched a digital campaign for the Lok Sabha Elections in 2024, with the objective of motivating youth to participate in the democratic process. Through social media platforms, the campaign shared voter registration details, infographics, and motivational videos, empowering young citizens to engage in the electoral process. This initiative supports **SDG 16 (Peace, Justice, and Strong Institutions)** by fostering democratic participation, and **SDG 10 (Reduced Inequalities)** by promoting inclusivity in political engagement.

Moreover, the Unit proudly represented the institute on national occasions such as Republic Day, Independence Day, and Karnataka Rajyotsava, as well as other important days, underscoring their commitment to national pride and community involvement. These varied initiatives reflect the Unit's ongoing efforts to promote social, environmental, and political responsibility among students, contributing positively to both the campus and society at large.

Beyond these formal events, the NSS Unit has also taken on a role in advocating for societal causes through various media, forums, and community events. Volunteers actively engage on **social media**, where they use platforms like Instagram, Facebook, and Twitter to promote awareness about pressing issues such as environmental conservation, gender equality, mental health awareness, and social justice. By utilizing the power of digital media, the

volunteers reach a diverse audience and ignite conversations that drive change. Additionally, they organize **panel discussions**, **webinars**, and **community outreach programs** that allow for open dialogue on important societal issues. These forums provide students a chance to stand up for various causes, engage in constructive debates, and promote solutions that address these challenges.

Through their involvement in these various campaigns and initiatives, NSS volunteers at MIT exemplify the principles of leadership, service, and responsibility. They stand up for societal causes, not just in words but through meaningful actions, whether it is advocating for democratic participation, promoting health and wellness, or leading environmental and social justice movements. Their ability to engage with and lead through multiple platforms and forums has established them as effective change-makers who contribute to the growth of both the campus and the broader society. The NSS unit continues to be a catalyst for positive change, inspiring students to become active, socially responsible citizens committed to creating a better future.

KMC Manipal, NSS Events 2024

1. March-Past (26 January 2024)

The NSS team of KMC Manipal participated in the March-Past competition conducted by MAHE Manipal. They practised hard each day and presented their best for the event.

2. Blood Donation Awareness and Drive (03, 04, 17, and 25 February 2024; 28 April 2024; 12 May 2024; 15 September 2024; and 15 October 2024)

The NSS team at KMC Manipal organized blood donation awareness sessions and drives to promote blood donation and save lives. The events were well-organized and saw participation from a large number of donors.

3. **Beach Cleaning** (03 February 2024, 28 April 2024, 07 July 2024, 24 August 2024)

The students of NSS, KMC Manipal, volunteered for beach cleaning. They went to Malpe Beach by bus and, to their disappointment, found the beach scattered with plastic bottles and other plastic waste. Many visitors had brought plastic water bottles and threw them wherever they sat on the beach. The volunteers tried their best to collect as many plastic bottles as they could and urged people to throw their waste in the bins.

4. **Manipal Lake Cleaning** (02 March 2024; 18 May 2024)

In the span of the day, students were able to cover most of Manipal Lake, and the trash was disposed of properly in the dustbins around the neighbourhood. Their work was appreciated by the people around the neighbourhood.

5. **Pulse Polio Immunization in the Community** (03 March 2024)

The KMC NSS team participated in pulse polio immunization camps conducted by the Department of Community Medicine, KMC Manipal. Many children were vaccinated, and the event was well organized.

6. **Voter Awareness Play** (25 April 2024)

The KMC NSS team conducted a street play outside the Manipal College of Dental Science (MCODS) building near the KMC OPD. Nearly 100 people watched the play. 18 MBBS students from the first and second years participated in the performance.

7. **Asare Visit** (04 May 2024, 11 May 2024, 08 June 2024)

The students of NSS KMC Manipal visited Asare for the second time on 11 May 2024, and engaged the residents in activities such as origami, colouring, playing with balloons, and dancing. The visit aimed to bring joy and create meaningful interactions with the residents.

8. **Clean Manipal Campaign** (01 May 2024)

The KMC Manipal NSS team conducted a cleaning drive along the roads of the Manipal. It is widely acknowledged that a clean environment helps to reduce pollution, preserves the biosphere, and conserve the earth's natural resources. Through this initiative, an opportunity was provided for volunteers to make a meaningful contribution to the society. Clean Earth Green Earth

9. **Beach Yoga Training** (23 June 2024)

Volunteers of the KMC NSS Unit, in collaboration with FITVIB, KMC Manipal, and the Department of Student Affairs, MAHE, organized a Beach Yoga session to celebrate International Yoga Day on Sunday, 23 June 2024. It was based on the themes of World Yoga Day and International Day Against Drug Abuse for Mental Health. It was held on Kadike Beach, in front of the MAHE Guest House. Around 100 participants attended the session to learn yoga, which was conducted by yoga trainers, provided by the Department of Student Affairs, MAHE, and students of Manipal School of Nursing (MSON). Six volunteers from the KMC NSS Unit were participated in the event, having attended a training session the previous day at MARENA, Manipal.

10. **Pot of Gold Fundraiser** (30 June 2024)

The KMC NSS Team participated in the Pot of Gold Fundraiser event conducted by a student club of KMC. The funds raised were donated to charity.

11. **Independence Day** (15 August 2024)

The KMC NSS Team actively participated in the Independence Day celebrations held on 15 August 2024. The team secured second place in the event.

12. **Street Play** (Cybersecurity Awareness) - (8 September 2024)

The NSS Unit conducted a street play on Cybersecurity Awareness. The performance effectively highlighted key online safety issues and engaged the audience by providing practical advice.

13. **Special Village Camp**: 21 and 22 September 2024

The KMC Manipal NSS Team, in collaboration with the Department of Community Medicine, KMC Manipal, conducted a Special Village Camp. Various activities were organized during the camp, like Basic Life Support (BLS), first aid, yoga, art and craft for children, and internet safety awareness programs.

14. **Health Awareness in a Village** (02 to 06 September 2024; 09 and 10 September 2024)

The NSS team of KMC Manipal organized a Health Awareness Drive in villages around Udupi. As a part of the initiative, the volunteers adopted families and regularly visited them and to spread awareness about a healthy lifestyle and hygiene. The visits were conducted daily from 09:00 AM to 05:00 PM.

15. **Health Camp** (29 September 2024)

A health camp was conducted by National Medicos Organization (NMO) and Seva Bharathi at Naakur Shirangala. Screenings for glaucoma, cataract, retinopathy, Diabetes Mellitus (DM), and Hypertension (HTN) were carried out for all patients who attended.

16. **Basic Life Support (BLS) Training** (15 October 2024)

A BLS training program was conducted at Madhav Kripa School on 15 October 2024. A group of 40 students of the 10th standard participated in the session, where they were given demonstrations and hands-on practice in administering CPR and using an AED.

17. **Basic Life Support for Police Officials** (05 October 2024)

A BLS training program was conducted at Interact on 05 October 2024. A group of 25 police officials from Udupi district participated in the program, where they were given demonstrations and hands-on practice in administering CPR and using an AED.

18. **Bon Voyage Charity Event-** (16 October 2024)- SDG 17

Bon Voyage, a charity event organized by the NSS team, was held on 16 October 2024. It was a successful initiative, raising over INR 54,000. The funds are being donated to Ahimsa Animal Shelter.

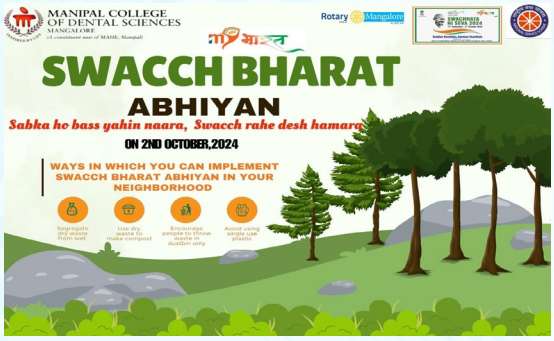
1. Swacch Bharat Abhiyan

The "Swachata Hi Seva" event, a cleanliness drive organized by MCODS Mangalore in collaboration with Rotary Mangalore, was held with great enthusiasm and commitment to promoting environmental hygiene. The event witnessed the active participation of more than 50 individuals, including students, faculty members, and volunteers, all united by a shared goal of contributing to the cleanliness and well-being of the community.

The drive focused on cleaning the Marena Sports Complex and its surrounding areas, a location frequented by students and the local community. Armed with cleaning equipment and protective gear, the participants worked tirelessly, picking up litter, sweeping, and ensuring the area was restored to a clean and well-maintained state. The effort not only enhanced the aesthetic appeal of the area but also raised awareness about the importance of maintaining public spaces for the health and well-being of everyone.

This initiative aligns with the broader goals of the Swachh Bharat Mission and reflects the core values of MCODS Mangalore and Rotary Mangalore in serving the community. The collaboration also underscored the importance of collective efforts in achieving sustainable cleanliness, inspiring others to take part in similar initiatives for the betterment of society.

This activity involved 25 student volunteers from the institution who worked for three hours.



Report: Dental Awareness and Screening Camp at Government School, Bengre

The **National Service Scheme (NSS) unit of MCODS Mangalore** organized a dental awareness and screening camp at the **Government School, Bengre**, in collaboration with the **Rotary Club, Mangalore**, on 30 November 2024. The event aimed to promote oral health awareness among school children and provide essential dental screening services.

The camp's theme, "*Oral Health: A Mirror to Systemic Health,*" emphasized the integral connection between oral hygiene and overall well-being. A team of dedicated dental professionals and NSS volunteers screened over **250 students**, identifying potential dental issues and offering personalized advice.

An engaging awareness session was conducted to educate the children about the importance of maintaining oral hygiene, proper brushing techniques, and the role of nutrition in dental health. Demonstrations and interactive activities made the session informative and enjoyable for the young audience.

The camp also distributed oral hygiene kits to the students, encouraging them to implement the practices learned during the session. The initiative highlighted the collective effort of MCODS Mangalore and the Rotary Club, Mangalore, to make quality dental care accessible to underserved communities.

The event concluded with heartfelt thanks to the school authorities for their support and to the enthusiastic participation of the students, ensuring the camp's success. This initiative reaffirmed NSS MCODS Mangalore's commitment to creating a healthier and brighter future for the younger generation.

This activity involved eight student volunteers from our institution who worked for five hours.

Sapling Distribution for Environmental Sustainability on the Occasion of World Environment Day

In collaboration with the Rotary Club Mangalore, an initiative aligned with the Sustainable Development Goals (SDGs), mainly focusing on environmental sustainability, was taken by the National Service Scheme (NSS) Unit at MCODS Mangalore. MCODS Mangalore's commitment to environmental sustainability and its proactive role in fostering a greener planet were thus underscored. Working together can significantly impact and inspire others to join this noble cause. The theme "Youth in Change" was followed, involving youngsters for a better future.

A call was made to work together to nurture the planet for future generations. Plant a tree and make a difference!

This activity involved 25 student volunteers from the institution who worked for two hours.

The project involved the distribution of saplings to administrators, students, faculty, and support staff. Each sapling represents a step towards:

- **Combating Climate Change:** By increasing green cover, the effects of climate change can be mitigated.
- **Improving Air Quality:** Trees act as natural air purifiers by absorbing pollutants and releasing oxygen.
- **Fostering Biodiversity:** Planting diverse species of trees supports local ecosystems and wildlife.

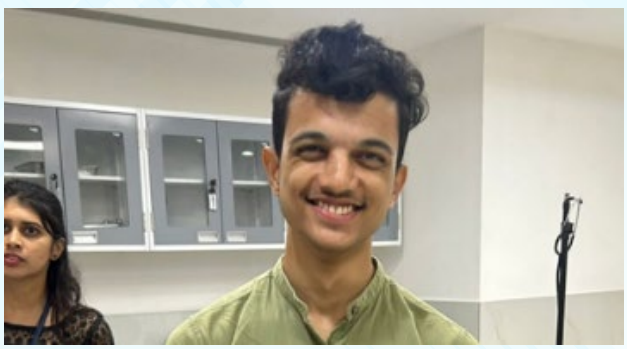
NSS KMC MANGALORE

1. **Name of the Project** – Awareness Talk on Menstrual Hygiene

Description of the project: The awareness talk on menstrual hygiene was conducted at Pompei College, Aikala, in collaboration with NSS and VSO – KMC Mangalore on 08 June 2024. The initiative was undertaken to commemorate Menstrual Hygiene Day. This year's theme was "Together for a #periodfriendlyworld". The event aimed to educate students about the importance of menstrual hygiene and break the stigma surrounding menstruation. The session was addressed by Eshanya B U and Rachana R Kamath, who provided valuable insights into proper menstrual hygiene practices, use of menstrual products, and dispelled myths and misconceptions. Interactive sessions were held to engage students and encourage open discussions about menstruation. Doubts raised by many students regarding menstrual problems were addressed, and they were advised to consult a doctor if needed. The event was successfully conducted as per the email sent from UNICEF. It raised awareness and empowered the attendees to adopt healthy menstrual hygiene habits.

2. **Name of the Project** – Blood Donation Drive

Description of the Project: A blood donation drive was conducted at KMC Attavara, on 14 June 2024, in observance of World Blood Donors Day. The event was a success, with a significant turnout from students, staff, and residents. The drive was organized with the aim of increasing awareness about the importance of donating blood and replenishing the blood bank supply. The event was efficiently organized by NSS and VSO volunteers, with the help of staff, ensuring smooth registration and screening processes. The initiative was positively received by the community, demonstrating their support for this life-saving cause. A target of 70 units of blood was set in celebration of the 70th anniversary at KMC Mangalore. Overall, the event contributed to fulfilling the crucial need for blood donations in the region.



3. **Name of the Project** – Swachhata Hi Seva - Campus Cleanliness Drive

Description of the Project: On 01 October 2024, a campus cleanliness drive was conducted at the Bejai campus by 100 volunteers from KMC Mangalore. The event was aimed at promoting hygiene and environmental awareness, contributing to a cleaner, healthier campus environment through collective student efforts.

4. **Name of the Project** – Swachhata Hi Seva - Oath-taking Ceremony

Description of the Project: On 26 September 2024, an oath-taking ceremony for Swachhata Hi Seva events was conducted, during which a commitment to cleanliness was pledged by the participants. The ceremony marked the beginning of a series of activities aimed at promoting sanitation and environmental responsibility across the campus.

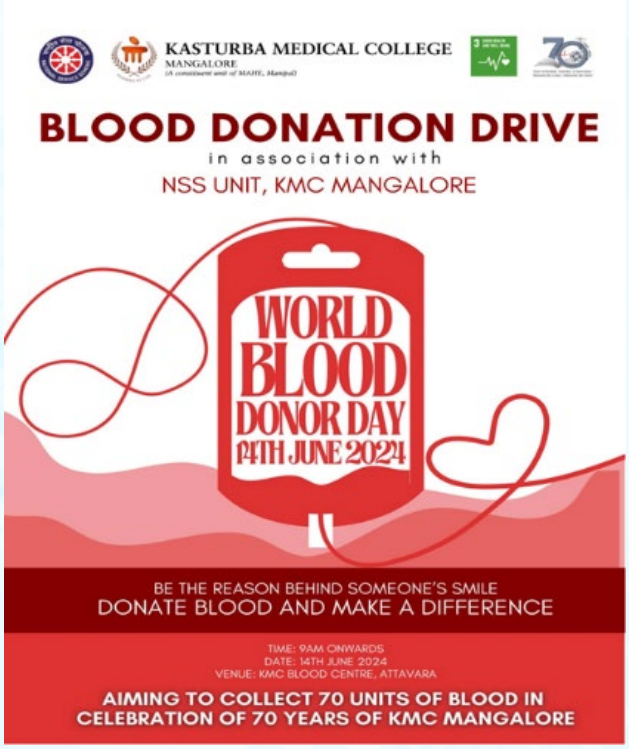
5. **Name of the Project** – Swachhata Hi Seva - Reel Making Contest

Description of the Project: From 26 September to 02 October 2024, a reel-making contest was conducted to encourage creativity in promoting cleanliness and Swachhata awareness

6. **Name of the Project**: Swachhata Hi Seva - Best Out of Waste and Collage Making Contest

Description of the Project: From 26 September to 02 October 2024, the "Best Out of Waste" event was organized to encourage creativity among students by turning waste materials into innovative crafts.

A collage-making contest using newspaper cuttings was also held, showcasing students' creativity and artistic skills.



Manipal College of Pharmaceutical Sciences (MCOPS)

List of the NSS activities with dates, collaborations, and locations:

1. **Beach Cleaning Activity Report**
   Date: 28 January 2024
   Location: Kadike Beach Road, Thonse West premises, Udupi district
   Collaborators: MCOPS and The Society for the Study of Xenobiotics (SSX-India)

A beach cleaning program was conducted along a 1 km stretch of Kadike Beach Road, Thonse West premises. The participants actively collected dry waste, totaling approximately 10 bags. The waste was properly packaged in disposable garbage bags, labeled with the type of waste and the college's name. The bags were then handed over to the Badanidiyoor Gram Panchayat for proper disposal.

2. **Hair Donation Drive for Cancer Day Celebration**
   Date: 16 February 2024
   Location: Professor PGR Hall, MCOPS
   Collaborators: The Cherian Foundation and MCOPS

As part of the Cancer Day celebration, a Hair Donation Drive was organized by the Development Committee (CDC) and the National Service Scheme (NSS) of MCOPS. The drive was aimed at supporting cancer patients undergoing chemotherapy by providing them with wigs made from donated hair. The initiative was carried out in collaboration with The Cherian Foundation, a charitable trust known for its social work and hair donation drives.

3. **Report on Beach Cleaning Activity: "Swachhata Hi Seva 24"**
   Date: 21 September 2024
   Location: Asare Beach, Kemmannu, Udupi district
   Collaborators: MCOPS

On 21 September 2024, the "Swachhata Hi Seva 24" beach cleaning activity was conducted at Asare Beach, Kemmannu, with the participation of 27 students guided by Dr Prasanna Kumar. The activity began with a briefing by Ms Namanashree, Solid and Liquid Resource Model (SLRM) supervisor, Tonse Kemmannu Gram Panchayat officer, emphasizing the importance of environmental preservation and the need for community service.

Students were divided into teams and provided with cleaning tools to collect waste along the beach. A total of 17 bags of plastic and glass waste were collected and segregated, and proper disposal was ensured in coordinaton with local authorities.

A significant contribution was made toward cleaning Asare Beach, while promoting environmental awareness among participants. The students expressed a sense of accomplishment and pride in their contribution to protecting the coastal environment. This event also fostered a deeper understanding of the importance of community-driven efforts in combating pollution.

4. **Report on Community Outreach Program in Honour of International Literacy Day and Teacher's Day 2024**
   Date: 08 September 2024
   Location: Government Composite High School, Shetty Bettu, Parkala, Udupi district
   Collaborators: MCOPS

In celebration of International Literacy Day and Teacher's Day 2024, the Community Development Committee (CDC) of MCOPS, under the leadership of Dr Prasanna Kumar, organized a community outreach program at Government Composite High School, Shetty Bettu, Parkala. The program was designed to educate students about health and lifestyle choices through engaging and interactive activities. This initiative effectively educated the students on important health practices, raised awareness about dengue prevention, and promoted a sense of teamwork and creativity through various interactive activities. The CDC and MCOPS remain committed to organizing such outreach programs to contribute to the well-being of the community and foster positive lifestyle habits among young individuals.

5. **Report on Children's Day Celebration 2024**
   Date: 14 November 2024
   Organizers: Community Development Committee (CDC) and National Service Scheme (NSS), MCOPS
   Collaborators: Pediatric Hematology and Oncology, KMC, Manipal

On 14 November 2024, the CDC and NSS of MCOPS organized a memorable Children's Day celebration in collaboration with the Pediatric Hematology Oncology Department at KMC, Manipal. The event aimed to bring joy and positivity to young oncology patients and their families, creating a festive atmosphere while engaging them in meaningful activities.

The program began at 10:00 AM with the distribution of refreshments, ensuring a warm and energetic start for the participants. Members of the CDC and NSS organized a series of interactive activities, starting with a thoughtful presentation by Ms Sameeksha and Ms Supreetha on the significance of Children's Day. Highlights included an Awareness Skit, Games and Fun Activities, Dance Performances, and Creativity Engagement. The Children's Day celebration successfully brought joy, hope, and camaraderie to the children and their families, demonstrating the dedication and compassion of CDC, NSS, and all collaborators involved.

▪The Hair Donation Drive Participants, Along with the Principal, and Teacher Coordinators of NSS and CDC at MCOPS

Manipal School of Architecture and Planning (MSAP)

1. NSS Blood Donation Camp (05 October 2024)

On Saturday, 05 October, the NSS Unit of MSAP, in collaboration with VSO and the MSAP Student Council, successfully organized a Blood Donation Camp at the MSAP campus. The event was inaugurated by Director Kalyan M, who not only graced the occasion but also led by example by being the first donor, setting a positive and inspiring tone for the day.

The camp saw enthusiastic participation from faculty members, security personnel, cleaning staff, and students, all united in their effort to contribute towards saving lives. Their collective act of kindness and social responsibility was a testament to the spirit of the MSAP community. The event highlighted the importance of blood donation and fostered a sense of community involvement.

The camp was a resounding success, with a significant total of 42 units of blood donated, contributing to the KMC blood bank's reserves. Each donation has the potential to save lives, and the participants took great pride in being part of this noble cause.

2. NSS SWACHCHTA HI SEVA – 2024 CAMPAIGN (17 September 2024)

The Swachhata Hi Seva - 2024 campaign was successfully launched on 17 September 2024, at MSAP, marking the beginning of a month-long drive aimed at promoting cleanliness, environmental sustainability, and active community involvement. The event witnessed the enthusiastic

participation from NSS volunteers, faculty members, the NSS Regional Director, and the Joint Director, MSAP, making it a memorable and impactful beginning.

In a powerful moment of unity, the NSS volunteers and guests took the Swachhata Pledge, led by the NSS student representative, committing to keeping their surroundings clean, reducing plastic usage, and promoting sustainable practices. The pledge underscored the theme— Swabhav Swachhata, Sanskar Swachhata.

3. NSS MEGA CLEANLINESS DRIVE (02 October 2024)

As part of the Swachchta Hi Seva - 2024 campaign, a Mega Cleanliness Drive Procession was organized to raise awareness about the importance of cleanliness and hygiene in public spaces. The procession began from the Clock Tower, Udupi Bus Stand, Udupi, and proceeded towards Radio Park, Udupi.

Citizens, volunteers, and local organizations were invited to join this initiative so that a cleaner, healthier environment for the community could be promoted through collective efforts.

The Cleanliness Drive Procession, held as part of the Swachchta Hi Seva 2024 campaign, successfully raised awareness about the importance of cleanliness and hygiene in public spaces.

4. NSS BEACH CLEANLINESS DRIVE (27 September 2024)

On 27 September 2024, as part of the Swachchta Hi Seva campaign, a beach cleaning drive was organized at Delta Beach from 07:00 AM to 10:30 AM. The event saw active participation from students who diligently cleaned debris, plastic waste, and other pollutants from the beach, contributing to the preservation of this beautiful natural space. Before the cleaning activity commenced, the students took a pledge to maintain cleanliness and spread awareness about sustainable practices. The beach cleaning drive was a meaningful initiative that combined physical action with educational impact, promoting a cleaner, healthier coastline for all.

Manipal College of Nursing (MCON)

1. "Ek Ped Maa Ke Naam" Campaign

The National Service Scheme (NSS) Unit and the Volunteer Services Organization (VSO) unit of MCON came together to actively take part in the "Ek Ped Maa Ke Naam" campaign in accordance with the guidelines set by the University Grants Commission (UGC) and the All India Council for Technical Education (AICTE).

On 05 September 2024, the inaugural of the campaign witnessed Dr Tessy Treesa Jose, the Associate Dean of MCON, plant a sapling at the MCON garden premises. Along with her, Mr Vinish V, NSS coordinator, and Dr Maria Pais, the VSO coordinator of MCON, accompanied by student representatives from both units, actively participated in the event.

The initiative not only highlights the commitment of MCON towards environmental sustainability and community engagement but also serves as a testament to the collaborative efforts of the NSS and VSO units in contributing to such significant campaigns. Through their participation, MCON's students and faculty members fostered a spirit of environmental consciousness and emphasized the importance of social responsibility and collective action in making a positive impact on the surroundings.

2. Swachhatha Hi Seva 2024 Program

The Health and Social Welfare Committee of the Students Nurses Association (SNA), MSoN, MAHE, in collaboration with VSO and NSS units of MCON, organized a "Swachh Bharat Abhiyan Awareness Program" on 30 September 2024, as part of the Swachhatha Hi Seva 2024 initiative. The event was held at Government School, Athrady, from 01:30

PM to 04:00 PM and witnessed participation of 65 students and 5 teachers.

3. Swachh Bharat Abhiyan Community Awareness Program

The Department of Community Health Nursing, NSS, and VSO Units of MCON, in collaboration with the Health Unit of Konkan Railway Corporation Ltd, organized a Swachh Bharath Abhiyan awareness program on 2nd October 2024, as part of the Swachhatha Hi Seva 2024 initiative. The event took place at the Railway Station in Udupi.

The program began with an inaugural ceremony graced by the presence of Dr Shenoy, the President of the Indian Medical Association (IMA) Udupi Chapter. Dr Steven George, the Deputy Chief Medical Officer, led the volunteers in taking the Swachh Bharat pledge. A rally featuring impactful slogans on sanitation was conducted, to create public awareness. The volunteers distributed pamphlets to residences and shops during house visits, sensitizing the community on the significance of maintaining a clean environment.

Manipal School of Life Sciences (MSLS)

1. Lake Clean-up Drive as an initiative of Swachhta Hi Seva on 29 September 2024

On 29 September 2024, a Lake Clean-up Drive was organized as part of the nationwide Swachhta Hi Seva campaign. This initiative aimed to raise awareness about environmental conservation and the importance of maintaining clean water bodies. Volunteers and students joined hands to remove waste and restore the lake's natural beauty, fostering a sense of responsibility and commitment towards a cleaner and greener future.

2. Felicitation of Housekeeping Staff on 30 September 2024

On 30 September 2024, a Felicitation Ceremony was held to honour the housekeeping staff for their invaluable contributions to maintaining cleanliness and hygiene in the surroundings. The event highlighted their dedication and tireless efforts, often behind the scenes, which play a vital role in creating a healthy and organized environment.

Department of Commerce (DOC)

1. Beach Cleaning

On 27 September 2024, on the occasion of World Tourism Day, the NSS Wing of the Department of Commerce, in association with the Tourism Department, organized a beach cleaning event at Delta Beach. Over 70 students from the department actively participated, collecting and responsibly disposing of waste such as plastics, cigarette butts, and glass bottles. The initiative aimed to promote environmental sustainability, raise awareness about marine conservation, and align with Sustainable Development Goals.

Manipal Tata Medical College (MTMC), JAMSHEDPUR

1. Voter ID registration and Voter Awareness

Date: 23 April 2024

On 23 April, a new Voter ID Registration camp for the upcoming Lok Sabha Elections was held for first-time voters by the NSS Unit of Manipal Tata Medical College.

Voter ID registration is crucial for ensuring electoral integrity and participation. It verifies eligibility, prevents fraud, and promotes fair elections. With a Voter ID, citizens exercise their democratic rights responsibly, contributing to a transparent and representative democratic process that reflects the collective voice of the electorate. Voter awareness is paramount for a thriving democracy. Voter awareness fuels civic participation, strengthens democratic institutions, and upholds the fundamental principle of government by the people, for the people. Around 40 first-time voters registered for a new Voter ID for the upcoming Lok Sabha Election by submitting the required documents to the concerned authority.

Block Level Officer MR Aryan Gope and Mr Ravi Ruben Kindo were present to register the first-time voters for the Voter ID cards. The event was organized by Dr Sachin Kumar Patil (NSS Program Officer) and NSS student volunteers.

2. World Environment Day 2024

Date: 05 June 2024

The World Environment Day 2024 celebration was started with tree plantation by the children of teaching and non-teaching staff of MTMC, Jamshedpur, in the presence of Dean Dr G Pradeep Kumar on 05 June 2024.

This was followed by a painting competition with the theme "Our Land Our Future" by the children. Around 40 children participated and they enjoyed the painting by showing their skills. Winners were awarded with gifts. The event ended with refreshments for all the participants. The event was organized by NSS-MTMC volunteers under the supervision of NSS Program Officer Dr Sachin Kumar Patil.

3. VOX ORBIS: Model United Nations (MUN)

Date: 27 October 2024

On 27 October 2024, the Cultural and Literary Committee (CLC) and the NSS unit of MTMC organized VOX ORBIS: Model United Nations. It is a student conference aimed at stimulating the process of the United Nations and engaging students in global civic issues.

It was a day-long event which started with the opening ceremony, followed by the lamp-lighting ceremony. The ceremony was graced by the illuminating presence of Dr Jai Prakash Reddy, legal advisor of MTMC. This was followed by the committee sessions of the UNHRC and the Lok Sabha in tandem.

UNHRC was chaired by Mr Sandip Ghosh (Finance Head, MTMC), Vice Chair- Dr Anshuman Pathnaik Senior Resident (SR, Department of Ophthalmology). The committee's agenda was "Echoes of Empowerment: The dilemma of Abortion legalisation in International Jurisdiction". The committee had a total of 40 delegates representing the various countries of the world.

Lok Sabha was chaired by Dr Sachin Kumar Patil (NSS Program Officer, NSS unit MTMC), Vice Chair Dr Oindrila Chakraborty (Assistant Professor, Department of Microbiology). The committee's agenda was "Assessing India's Healthcare Landscape". The committee had a total of 50 delegates representing constituencies and states as such. The house was led by Speaker- Ms Hrishika Srivastava.

Additionally, VOX ORBIS also had an IP team (international Press) which covered all the major happenings and minute-to-minute details of these very thrilling debates.

The conference aimed at providing a stage to all the students to present to become more aware about the issues at hand at both an international as well as a national level. Not only will this help with educational engagement and skill development, but also help with bettering the civic awareness of the students at the campus. This conference featured the committees United Nations Human Rights Council (UNHRC) and the Lok Sabha (in a youth parliament format).

The day ended with the closing ceremony, including awards distribution –

Best Delegate (UNHRC) – Tanishka (Canada)

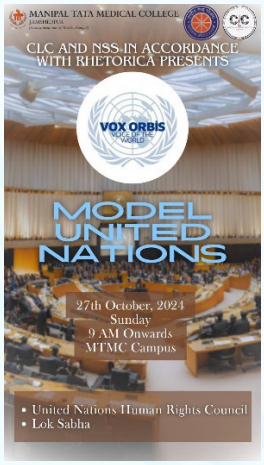
High Commendation (UNHRC) - Shruti Singh (Iran); Arsh Parvez (Russia)

Special Mention - Maneesh (Ireland)

Best Delegate (Ruling) - Shreyashi Holme Chaudhary

Best Delegate (Opposition) – Yashdeep Chikkara

Special Mention – Aryan Malaviya



4. Launch of Green Initiative @Manipal Tata Medical College

Poster and Debate Competition

Date: 30 November 2024

A poster and debate competition was held at MTMC in collaboration with the Cultural and Literary Committee (CLC) as a part of the upcoming event "Launch of Green Initiative on 30 November 2024. The theme of the competition was as mentioned below:

Poster Theme: "Building a Sustainable Future: Green Campus for a Greener Tomorrow"

Debate Theme: "Should health care system focus on using medical logistics to minimize carbon footprints?"

Students of MBBS and AHS were involved in the above competitions. This helped in creating impactful posters on sustainability, while the debate competition was held to discuss eco-friendly practices. This event aimed to ignite awareness and encourage the campus community to embrace greener practices for a sustainable future.

S

Marketing Department, Manipal

The Marketing Department at Manipal Academy of Higher Education (MAHE) leads strategic efforts to position MAHE as a premier institution of higher education, driving the University's brand presence and outreach. It plays a pivotal role in promoting MAHE's academic excellence, research contributions, and global reputation through targeted, data-driven marketing initiatives. The Department serves the constituent institutions, students, and stakeholders with the unified goal of enhancing brand visibility and reinforcing MAHE's identity as a leader in higher education.

The core philosophy of the Directorate is "Align ↔ Strategize ↔ Execute ↔ Evaluate," ensuring that all marketing efforts remain consistent, impactful, and aligned with MAHE's strategic objectives.

The Department leverages a mix of traditional and digital marketing channels, including print, social media, search engine marketing (SEM), and direct outreach, to engage prospective students, parents, alumni, and the academic community. It also manages content creation and design for various collaterals, including brochures, digital assets, and official communications.

The Marketing Department at MAHE is committed to **reducing inequalities** in access to higher education by strategically expanding the University's outreach to diverse and underrepresented communities. Through targeted digital campaigns and data-driven insights, advanced digital marketing strategies, including localized advertising, search engine optimization (SEO), and audience segmentation, are leveraged to ensure that MAHE's programs and scholarship opportunities reach students from varying socioeconomic backgrounds, regions, and communities. By creating inclusive and accessible digital content, the Department aims to extend its reach to students who may have limited access to traditional sources of information, thereby promoting educational equity and reducing barriers to quality higher education.

Principals Symposium
11 September 2024

Udupi District Aided & Unaided PU College Principals Association Inaugurated

Manipal, 11 September 2024: The Udupi District Aided & Unaided PU College Principals Association was inaugurated on 11 September, celebrating the outstanding achievements of principals, vice-principals, and top-performing students.

The event honoured educators for their leadership in improving pre-university results and students for their exceptional performance in state examinations. Nearly 50 principals from across Udupi district were present at the event. Dr Raviraja N S, Chief Operating Officer of MAHE, and Dr Rajeev Kumra, Director of TAPMI, graced the occasion as the chief guest and guest of honour, respectively. The event was held at the T A Pai Management Institute (TAPMI) campus.

Prof U L Bhat, retired Principal of Jnana Ganga; Ramdas Prabhu, retired Principal of SVT Karkala; and Pundarikaksha Kodancha, retired Principal of SVH Innanje, graced the event with their presence.

The newly formed Association aims to foster collaboration between pre-university institutions in Udupi, promoting academic excellence and knowledge-sharing among educators. This initiative is expected to enhance the quality of education and ensure continued progress in the district's academic standards.

At the event, 18 top-ranked students, along with three retired principals from Udupi district, were felicitated.

Speaking at the event, Dr Raviraja N S said, "It is an honour to be here at the inauguration of the Udupi District Aided & Unaided PU College Principals Association. The role of educators, especially principals, is pivotal in shaping the future of our nation. By fostering collaboration and sharing knowledge, this association will undoubtedly enhance the quality of education in Udupi, ensuring that every student is given the best opportunity to succeed."

Dr Rajeev Kumra commented, "I commend the formation of the Udupi District Aided & Unaided PU College Principals Association, as it symbolizes the collective commitment of our educational leaders to excellence and innovation. Together, we can create a more dynamic learning environment for our students, equipping them with the skills and values they need to

thrive in an ever-changing world. Moreover, the integration of AI in education presents exciting opportunities, allowing for personalized learning experiences and enhanced student engagement. By embracing AI technologies, we can better prepare students for the future, where digital literacy and adaptability will be essential."

About Manipal Academy of Higher Education:

MAHE is an Institution of Eminence, and a Deemed-to-be University. . It offers over 400 specializations across the Health Sciences (HS), Management, Law, Humanities, and Social Sciences (MLHS), and Technology and Science (TS) streams through its constituent units at campuses in Manipal, Mangalore, Bengaluru, Jamshedpur, and Dubai. With a remarkable track record in academics, state-of-the-art infrastructure, and significant contributions to research, MAHE has earned recognition and acclaim both nationally and internationally. In October 2020, the Ministry of Education, Government of India, awarded MAHE the prestigious Institution of Eminence status. Currently ranked 4th in the National Institutional Ranking Framework (NIRF), MAHE is the preferred choice for students seeking a transformative learning experience and an enriching campus life, as well as for national and multinational corporations looking for top talent.

SDG 8 – Decent work and Economic Growth

The Outreach Vertical of Marketing at MAHE Manipal aligns its efforts with SDG 8 – Decent Work and Economic Growth in several meaningful ways:

1. Promoting Career-Oriented Education and Skill Development

Through outreach programs, a key role is played in helping prospective students to make informed decisions about their future careers. Hands-on workshops and masterclasses in domains such as AI, cybersecurity, health sciences, culinary arts, and data sciences are organized to ensure that industry-relevant skills are gained, thereby enhancing employability. Mega career fairs, school and college contact programs, and education shows are conducted to bridge the gap between education and employment, empowering students with the right tools to succeed in the job market.

2. Encouraging Innovation and Entrepreneurship

At MIT Manipal, a strong focus is placed on entrepreneurship, with over 86 startups and INR 29 crore in funded projects. These success stories are highlighted through outreach efforts, inspiring students to explore innovative career paths and even start their own ventures. A spirit of creativity and self-reliance is fostered by connecting students with industry experts and showcasing real-world applications of technology and business.

3. Enhancing Access to Quality Higher Education

A major part of the work involves expanding access to quality education for students from diverse backgrounds. Through domestic and international outreach, including school contact programs in remote parts of India, as well as in Africa and SAARC countries (for which a special discounted

fee structure is also provided) students are informed about their options and the value of quality higher education. This access opens doors to global career opportunities, contributing to long-term economic growth.

4. **Facilitating Career Pathways and Economic Participation**

   Close collaborations are maintained with schools, career counsellors, and industry partners to help students align their education choices with future job opportunities. Workshops, seminars, and similar activity-based events are conducted to introduce students to diverse career options beyond traditional fields, encouraging them to explore new industries and sectors.

5. **Supporting Women and Underrepresented Groups in Education**

   Outreach efforts are committed to fostering diversity and inclusion by ensuring that students from all backgrounds have access to quality education and career opportunities. MAHE Manipal offers a range of scholarships to support students from economically weaker sections.

SDG 17 – Partnerships for the Goals

Alignment with SDG 17 – Partnerships for the Goals is ensured by the Outreach Vertical of Marketing at MAHE Manipal through the fostering of strategic collaborations and the building of strong networks to enhance educational opportunities and drive mutual growth.

1. **Strengthening Global and Domestic Collaborations**

   Outreach efforts are focused on the establishment and maintenance of meaningful partnerships with schools, career counsellors, industry leaders, and educational consultants across India and globally. Participation in international events—such as the B2B meetings in Tanzania, Ghana, and Rwanda, and education fairs in GCC countries, as well as in Asian countries like Bangladesh, Sri Lanka, Nepal, and Bhutan—is undertaken to strengthen relationships with key stakeholders and to expand the global footprint. Through these partnerships, new opportunities are created for students, offering them access to global education and career networks.

2. **Expanding Access to Education in Tier 2 and Tier 3 Cities**

   Outreach is extended to Tier 2 and Tier 3 cities in India, working closely with school administrators and career counsellors to create awareness about higher education opportunities at MAHE Manipal. Through school contact programs and targeted student interactions, efforts are made to ensure that students from smaller towns and rural areas have the same access to career guidance and educational opportunities as those from metropolitan areas.

4. **Partnering with Government and International Education Agencies**

   Engagement with government bodies and education ministries is aimed at supporting cross-border educational exchange and fostering global cooperation.

SDG 4 – Quality Education

MAHE Manipal holds a subscription to Times Higher Education's (THE) Campus+, a global platform where higher education institutions share insights, strategies, and best practices. Through this platform, MAHE contributes articles written by higher education (HE) experts for HE professionals worldwide, reinforcing its position as a thought leader in the global academic community.

MAHE's contributions to THE Campus+ support SDG 4 – Quality Education by enhancing the overall quality of higher education. Articles authored by MAHE faculty and staff cover key areas such as teaching methodologies, research advancements, and student engagement, providing valuable insights to the global academic community. This promotes inclusive and equitable quality education and encourages the adoption of innovative academic strategies. MAHE's profile:

Year of Establishment of Centre: 2011
Name of the Coordinator: Dr Srinivasa Kumar N Acharya

Brief about MUP

Manipal Universal Press (MUP), part of Manipal Academy of Higher Education (MAHE), is focused on publishing as a way to connect with society and culture. Based in the lively town of Manipal, MUP combines academic strength with creative publishing to highlight voices from diverse backgrounds. MUP's collection includes subjects like Engineering, Medicine, Management, Education, Humanities, and Social Sciences, along with journals featuring new research in Medicine and Health Sciences. In addition to academic books, MUP also publishes novels, poetry, short stories, and memoirs, combining intellectual content with creative writing. Through initiatives like the Indian Literature in Translation series, MUP is committed to preserving and promoting the linguistic and cultural heritage of India. Since its founding in 2011, MUP is a publishing house that connects academic research with public readership and supports Indian scholarship and literature globally.

Collaborations

Manipal Universal Press (MUP) has partnered with two leading global publishers, Taylor & Francis Group and Springer Nature, to enhance the visibility and reach of academic and professional publications. These collaborations, which include co-publications, expand the global impact of institutional research by providing access to expert resources, increasing distribution across disciplines, and fostering international recognition. Through these partnerships, MUP helps authors broaden their reach, promote cross-disciplinary collaborations, and unlock new opportunities for innovative research. The co-publications offer a valuable platform for knowledge exchange, academic growth, and global innovation.

Publications

MUP has published 300 titles to date, showcasing its dedication to both academic and literary excellence. Its collection spans a wide array of disciplines, ranging from Engineering and Medicine to Humanities and Social Sciences, alongside journals that feature exemplary research in Medicine and Health Sciences. In addition to its academic publications, MUP publishes a diverse range of literary works, including novels, poetry, short stories, and memoirs, blending creativity with intellectual depth. Through its collaborations with renowned publishing houses like Taylor & Francis and Springer Nature, MUP expands the global reach of its publications, ensuring broader visibility and impact. Through this diverse portfolio, MUP continues its mission to disseminate knowledge and foster meaningful connections between writers and readers.

Events

MUP has organized an array of vibrant events celebrating literature, culture, and creativity. The Tingala Belaku event (2022) featured evenings filled with poetry, translation, and music, including readings from Poornima *Suresh's Madhyamavathi*, Kannada translations of *Dasa Bharatha*, and multilingual poetic exchanges that highlighted the richness of regional and translated literature. As part of its outreach, MUP also set up book stalls at the event, displaying its diverse publications and engaging with readers.

MUP regularly places book stalls at various events, providing an opportunity for readers to explore and purchase its publications. MUP previously volunteered for the Manipal International Literature and Arts Platform (MILAP) (2017, 2018, and 2019), an annual three-day festival dedicated to literature, performance, visual, and cinematic arts. This event featured activities such as translation workshops, literary meets, film festivals, art exhibitions, and book fairs.

Additionally, MUP collaborated with Madhava Kripa School to celebrate the release of *Growing Up with Nidhi: Book 1 – Nidhi and Minchu* (2023) by Ms Rucha Sahasrabudhe, with Prof Dr Neeta Inamdar as the series editor. The celebration included a colouring competition, encouraging creativity and engagement among young readers.

Workshop

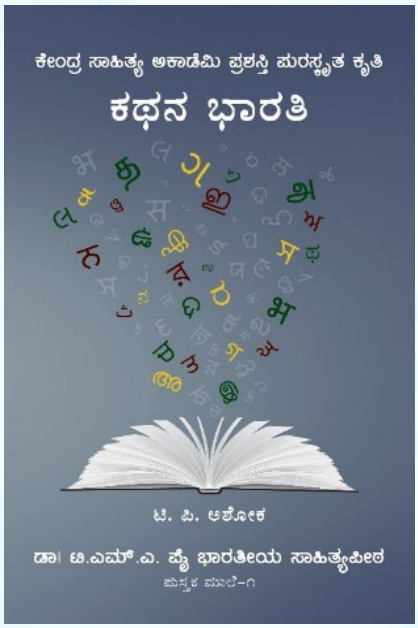
MUP, in collaboration with the Centre for Continuing Education and Interprofessional Development (CCEID), MAHE, organized a workshop on advanced editing skills and academic stylistics. The event, attended by 30 participants, covered key areas such as precision in editing, consistency in style, and adherence to academic guidelines.

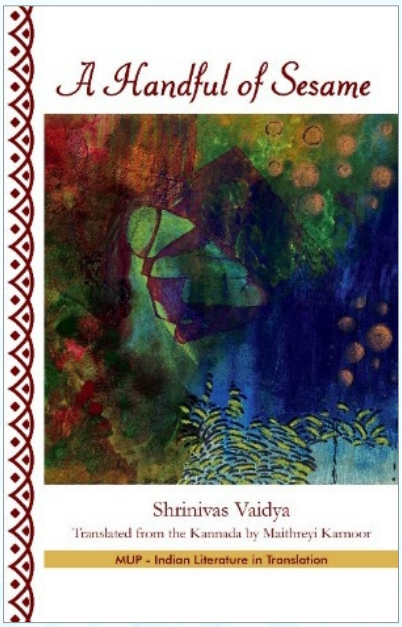
The workshop focused on developing advanced editing techniques, mastering grammar and stylistic nuances, and implementing effective fact-checking practices. Participants also explored digital tools and software for efficient copyediting. This initiative aimed to enhance professional skills in academic research and provided practical insights for refining editing practices, ensuring high-quality scholarly outputs.

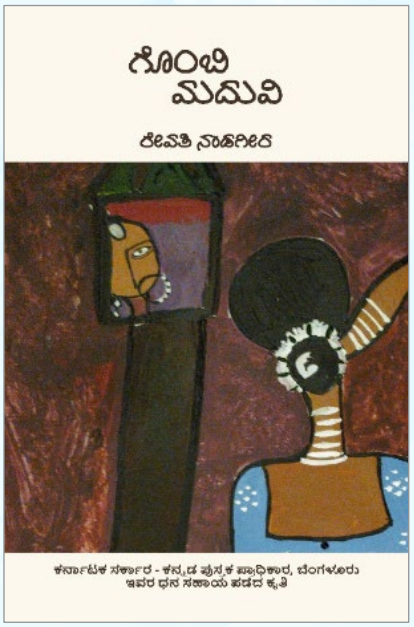
Through these workshops, individuals can develop their skills and pursue careers as freelance copyeditors, with the opportunity to join MUP's existing team of freelance copyeditors, who play a key role in the publication process.

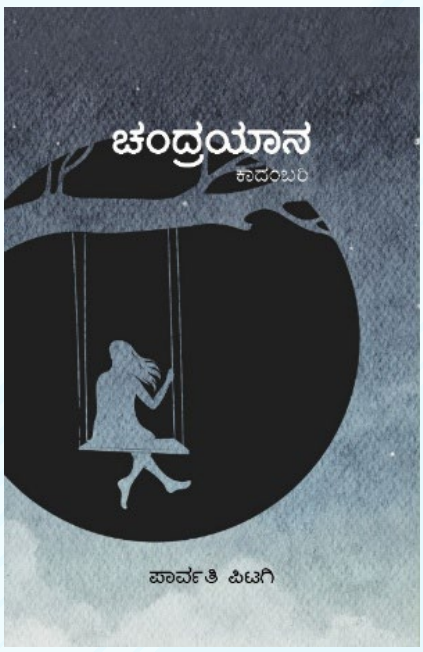
Awards

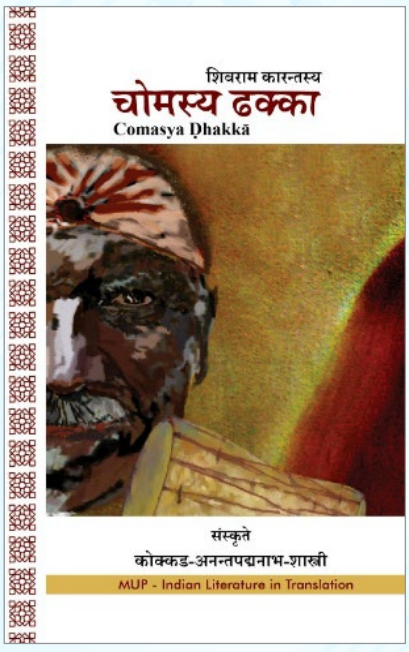
We are proud to highlight the achievements of our authors, whose accolades reflect their exceptional literary contributions and significant impact on the literary community. *A Handful of Sesame* by the Late Shri Shrinivas Vaidya won the Sahitya Akademi Award in 2008, while *Kathana Bharathi* by Professor T P Ashok received the Sahitya Akademi Annual Award in 2017. *Gombi Madhvi* by Ms Revati Nadgir was honoured with the Kannada Pustaka Pradhikara Award, and *Chomasya Dhakka* by Dr Shivarama Karanth, translated by Mr Ananthapadmanabha Shastri, earned the Grantha Puraskara Award from Karnataka Samskrit University (KSU) in 2019. Additionally, Chandrayana by Ms Parvati Pitagi won the Dr Hemavati Sonauli State Level Charitable Award in May 2023. These achievements celebrate the literary excellence and invaluable contributions of our esteemed authors.











V Research Activities

Centre for Doctoral Studies, Directorate of Research

PhD Orientation for 2023-24 Batch 2

The Centre for Doctoral Studies, Directorate of Research, Manipal Academy of Higher Education (MAHE), Manipal, organized the PhD Orientation 2024 on 25 April 2024 at Dr TMA Pai Auditorium, KMC, Manipal. The orientation was inaugurated by Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, Manipal. Dr Satish Rao, Director, Directorate of Research (DOR), MAHE, Manipal welcomed the guests and Dr Vasudha Devi, Deputy Director, CDS, MAHE, Manipal delivered the vote of thanks. Around 240 PhD scholars representing various institutions of MAHE attended the orientation.

The orientation aimed at sensitizing the scholars to the revised PhD guidelines. Dr Vasudha Devi and Dr Ankitha Shetty, Faculty Coordinator– Centre for Doctoral Studies, DOR, MAHE, Manipal briefed the scholars on MAHE PhD guidelines and requirements. Dr Santhosh K V, Deputy Director, Research (Technical), DOR, MAHE, Manipal took a session on "Open Access Publication and its Impact". Dr Karunakar Kotegar A, Director – International Collaborations, MAHE, Manipal took a session on "International Collaborative Opportunities During the PhD Course". A session on "Importance of Patent for PhD Scholars" was explained by Dr S Varadharajan, Coordinator, IPTTO, DOR, MAHE, Manipal. The Student Support System at MAHE, Manipal was briefed by Dr Geetha Maiya, Director, Department of Student Affairs, MAHE, Manipal.

PhD Orientation 2024-25 Batch 1

The Centre for Doctoral Studies, Directorate of Research, MAHE, Manipal, organized the PhD Orientation 2024 on 21 August 2024 at Dr TMA Pai Auditorium, KMC, Manipal. The orientation was inaugurated by Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, Manipal. Dr Satish Rao, Director, Directorate of Research (DOR), MAHE, Manipal welcomed the guests and Dr Vasudha Devi, Deputy Director, CDS, MAHE, Manipal delivered the vote of

thanks. Around 230 PhD scholars representing various institutions of MAHE attended the orientation.

The orientation aimed at sensitizing the PhD scholars on the revised PhD guidelines. Dr Vasudha Devi and Dr Ankitha Shetty, Faculty Coordinator– Centre for Doctoral Studies, DOR, MAHE, Manipal briefed the scholars on MAHE PhD guidelines and requirements.

Dr Santhosh K V, Deputy Director, Research (Technical), DOR, MAHE, Manipal took a session on "Open Access Publication and its Impact". The Student Support System at MAHE, Manipal was briefed by Dr Geetha Maiya Director, Department of Student Affairs, MAHE. A session on "Importance of Patent for PhD Scholars" was explained by Dr S Varadharajan, Coordinator, IPTTO, DOR, MAHE, Manipal. Dr Karunakar Kotegar A, Director – International Collaborations, MAHE, Manipal took a session on "International Collaborative Opportunities During the PhD Course".

Patent Awareness and Drafting Workshop for PhD Scholars

The Centre for Doctoral Studies, DoR, MAHE, Manipal in association with the Intellectual Property and Technology Transfer Office (IPTTO), DoR, MAHE, Manipal organized a Patent Awareness and Drafting Workshop for PhD Scholars on 28 August 2024 at Dr TMA Pai Auditorium, KMC, Manipal. Around 82 scholars representing various institutions of MAHE attended the workshop.

Dr Srinivas Mutalik, Principal, MCOPS, MAHE, Manipal, provided the opening remarks. Advocate Pranav Bhat from ~~An~~ the Astraea Innovative Solution was the resource person for the workshop. The workshop provided a comprehensive understanding of the patent filing process. About 40 applications from participants were identified for patent filing.

MAHE-Deakin Joint PhD Program – PhD Supervisors' Roles and Responsibilities

The Centre for Doctoral Studies, Directorate of Research, MAHE, Manipal in association with Deakin University, organized a session with prospective and current MAHE supervisors on their roles and responsibilities on 2 December 2024 at Sharada Hall, Ground Floor, MCHP, Manipal.

Tracey Yarwood, Senior Consultant, International HDR Programs, Deakin University, and Ms Irfa Javed, Manager – Research Engagement (South Asia), were the resource persons for the session. The session addressed queries from supervisors and provided an overview of their roles and responsibilities if their students enroll in JDP.

Around 60 supervisors representing various institutions of MAHE attended the session, which was conducted in hybrid mode. Shijomon Yesudhas, the Deakin coordinator at MAHE attended the session. The session was moderated by Dr Vasudha Devi, Deputy Director, CDS, MAHE, Manipal.

Shaping Global Research Excellence - Expanding Impact with a Joint Doctoral Program, a Session for MAHE PhD Scholars

The Centre for Doctoral Studies, DoR, MAHE, Manipal, in association with Deakin University, organized an information session on the Joint Doctoral Program for MAHE PhD scholars on 3 December 2024 at the Smart Classroom, Ground Floor, MCHP, Manipal. Around 100 scholars representing various institutions of MAHE attended the half-day information session.

The session began with opening remarks by Dr Satish Rao, Director, DOR, MAHE, Manipal. Presentations on the overview of the MAHE-Deakin Cotutelle Program were conducted by Ms Tracey Yarwood, Senior Consultant, International HDR Programs, Deakin University and Ms Irfa Javed, Manager – Research Engagement (South Asia). The session provided an overview of the JDP program, covering an introduction to Deakin University, eligibility criteria for admission, ethical requirements from both universities, admission procedures, collaboration with Deakin University supervisor, benefits from Deakin University, coursework requirements, and the examination process in detail.

A panel discussion was organized with MAHE- Deakin PhD scholars, Ms Swati Prabhu, Mr Tulasiram, and Mr Mirza Faizaan actively participated in the discussion. The session was moderated by Ms Tracey. The scholars shared their experience regarding the admission process, benefits from Deakin University, their stay at the Deakin campus, their experience with Deakin supervisors, and the challenges faced during the initial admission process. The discussion addressed queries and concerns raised by the scholars. Shijomon Yesudhas –Deakin coordinator at MAHE also moderated the session. Dr Vasudha Devi, Deputy Director, CDS, MAHE, Manipal delivered the closing remarks. Lunch was hosted by Deakin University, providing an opportunity for scholars to network.

Research Grants
Received During The Period From April 2024 To March 2025

Philips MAHE Clinical Partnership

Mr **Rutgers Joland and Mr Arvind Vaishnav's visit to Manipal Academy of Higher Education -MAHE**

- **On 19 June 2024, Clinical Partnership Growth Region planned this visit to provide a status update on ongoing projects at the MAHE site and to explore joint collaboration opportunities in the area of Data and AI.** The visiting team was warmly welcomed by clinical partners and Dr Harish Kumar, Director Corporate Relations at MAHE, followed by a visit to "Destination Manipal," one of a unique virtual campus tour experience in India.

Highlights:

Department of Radiodiagnosis – Incisive 1.1 CT Smart Workflow Data Project

Department of OBG, KMC Manipal – Fetal Monitoring Project.

Clinical Competency Development Programs for Philips engineers

Key takeaways and outcomes

Apart from visits and reviews of ongoing projects, new potential collaboration opportunities in Data and AI were identified during the visit.

Grant Proposal Submission for AI – COE (Philips as consortium partner).

CareHeart, An AI based real-time coronary artery disease diagnostic and prognostic system using multimodality features, aims to contribute to this endeavour by fostering research and innovation, focusing on the development of cost-effective screening and precision diagnostic systems using AI that seamlessly integrate into existing cardiac clinical workflows.

Philips expresses our interest in establishing a consortium partnership within the CoE to collaboratively address the unmet clinical needs associated with coronary artery disease diagnosis and management.

Philips-MAHE Publications

A study at KMC Manipal demonstrates that AI-based Precise Image enhances CT brain image quality with 58 per cent dose reduction. Two results presented at European Congress of Radiology (ECR) 2024

The Paper on MR LI-RADS has been accepted for an oral presentation at the AOCR conference (https://aocr2025.org/), which will be held from January 23 to 26, 2025, in Chennai.

About the Institution/School

Clinical Trials Unit (CTU) of Kasturba Medical College, Manipal is the threshold for globally conducted clinical trials at Manipal and it envisages the conduct of trials as per Good Clinical Practice (GCP) and generates credible, ethical, and high-quality data for submissions to sponsors. The institution is backed by a qualified and skilled team responsibile for assisting and coordinating with the concerned doctors who are the principal investigators or co-investigator in the study. The team helps recruit patients for the study by pre-screening their outpatient department (OPD) days and utilizing their database. Study coordinators are responsible for all the documentation related to the studies and corresponding with the Ethics Committee, Sponsors, and the Clinical Research Organizations. Clinical Trials of Phase II, III, and IV are conducted under CTU. CTU is also involved in studies such as registry studies, Ayurveda studies, and ultrasound machine studies and device studies (e.g., stents).

About the Institution

Manipal Centre for Clinical Research (MCCR), Mangaluru, is responsible for coordinating clinical trials at the Mangaluru campus by providing manpower support to principal investigators, i.e., faculty of Kasturba Medical College (KMC), Mangaluru. The centre facilitates coordination and liaises with the various departments, such as the ethics committee, legal, and finance departments, ensuring a smooth and streamlined documentation process. The centre also ensures that clinical trials are conducted following national and international regulatory and ethical guidelines, such as the Good Clinical Practice guidelines and the New Drugs and Clinical Trials Rules. MCCR has well-trained study coordinators and nurses who assist principal investigators in conducting these clinical trials as per the study protocol. The centre has conducted of several Phase-II to Phase-IV trials with various study designs, providing services to national as well as international sponsors and clinical research organizations.

Details of Research Grants:

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
1.	**Protocol Number GS-US-417-0304**: A Multi-centre, Open-label, Long-term Extension Study to Assess the Aafety and Efficacy of Filgotinib in Subjects with Rheumatoid Arthritis	Dr Surendra Kamath	KlinEra Global Services	12,28,611/Subject
2.	**Protocol Number OMS721-IGA-001**: A Randomized, Double-blind, Placebo-controlled, Phase-III Study of the Safety and Efficacy of OMS721 in Patients with Immunoglobulin A (IgA) Nephropathy (ARTEMIS - IGAN)	Dr Mayoor Prabhu	Syneos Health	5,24,199.00/Subject
3.	**TUXEDO-2 (India)**: Ultra-Thin strUt versus XiencE in a Diabetic Population with Multi-Vessel Disease– 2– India Study	Dr arasimha Pai	Batra Hospital and Medical Research Centre, New Delhi	21,500/Subject

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
4.	**Protocol Number GS-US-419-3896**: A Long-term Extension Study to Evaluate the Safety of Filgotinib in Subjects with Crohn's Disease.	Dr B V Tantry	KlinEra Global Services	22,11,442/Subject
5.	**Protocol Number GS-US-418-3899**: A Long-term Extension Study to Evaluate the Safety of Filgotinib in Subjects with Ulcerative Colitis	Dr B V Tantry	KlinEra Global Services	8,64,975/Subject
6.	**Protocol Number ECTS/19/004A**: Randomized, Double-blind, Multi-centre, Placebo-controlled, Parallel Study to Evaluate the Efficacy and Safety of Tranexamic Acid Mouthwash of Morningside Healthcare Limited, UK, to Reduce Bleeding in Subjects Undergoing Tooth Extraction Who Are on Drugs Affecting Haemostasis.	Dr Premlatha M Shetty	Ethicare Clinical Trials Services	11,000/Subject
7.	**Protocol Number NN9931-4553**: The Effect of Semaglutide in Subjects with Non-Cirrhotic Non-Alcoholic Steatohepatitis	Dr B V Tantry	Novo Nordisk India Private Limited	5,09,907/Subject
8.	**Protocol Number Ipca/HCQP/PIII-20:** Evaluation of Efficacy and Safety of Hydroxychloroquine When Used as an Add-on Therapy in Type 2 Diabetes Patients Uncontrolled on Metformin Monotherapy: A Randomized Double-blind, Placebo-controlled Study.	Dr Damodar Shenoy	IPCA Laboratories Limited	8,27,332/20 Subjects

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
9.	**Protocol Number** 219510 (RSV MAT-015): A Non-randomized, Open-label, Multi-country, Cohort Study to Describe the Safety of Study Participants Who Received RSVPreF3 Maternal Vaccination (any dose) or Controls from Previous RSV MAT Studies (RSV MAT-001, RSV MAT-004, RSV MAT-010, RSV MAT-011, RSV MAT-009, RSV MAT-012 and RSV MAT-039) During Any Pregnancy Conceived Post Vaccination/Control. 	Dr Priya Ballal	GSK	35,000/Subject
11.	Protocol Number RSV MAT-009: A Phase-III, Randomized, Double-blind, Placebo-controlled Multi-country Study to Demonstrate the Efficacy of a Single Dose of Unadjuvanted RSV Maternal Vaccine, Administered IM to Pregnant Women Aged 18 to 49 Years for the Prevention of RSV-Associated Lower Respiratory Tract Infections (LRTI) in Infants Up to Six Months of Age. 	Dr Priya Ballal	GSK	1,72,800/Subject
12.	Protocol Number NN9500-4656: Efficacy and Safety Investigation of NNC0194-0499 Co-administered With Semaglutide in Subjects With Non-alcoholic Steatohepatitis: a Dose-ranging, Placebo-controlled Trial. 	Dr B V Tantry	Novo Nordisk India Private Limited	6,75,068/Subject
13.	Effecmed/Scaffold/Dentistry/001-2022: A Multi-centre, Prospective, Open-label, Assessor-blinded, Randomized, Controlled, Pivotal Clinical Investigation to Evaluate the Performance and Safety of	Dr Premalatha M Shetty	EffecMed Private Limited	6,27,000/15 Subjects

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)
	3-D Scaffold Matrix – A Class C Medical Device Bone Void Filler for Alveolar Ridge Augmentation in Implant Dentistry. 			
14.	Effecmed/Scaffold/Ortho/001-2022: A Multi-centre, Prospective, Open-label, Assessor-blinded, Randomized, Controlled, Non-inferiority, Pivotal Clinical, Investigation to Evaluate the Performance and Safety of 3-D Scaffold Matrix - A Class C Medical Device Bone Void Filler as a Bone Graft Substitute in Orthopaedic Surgery. 	Dr Surendra Kamath	EffecMed Private Limited	12,23,400/22 Subjects
15.	Protocol Number DRL-IND-NDA01-DMF/2019: A Prospective, Multicentre, Randomized, Open-label, Actively Controlled, Phase-II Study to Evaluate the Efficacy, Safety, and Tolerability of Fixed-Dose Combination (FDC) of Doxycycline Hyclate and Metformin Hydrochloride (10%w/w + 1%w/w) Gel in the Treatment of Adults with Periodontitis. 	Dr Sangeeta Umesh Nayak	Dr. Reddy's Laboratories	8,96,740/18 Subjects
10.	Protocol Number 70033093ACS3003: A Phase-III, Randomized, Double-blind, Placebo-controlled, Event-driven Study to Demonstrate the Efficacy and Safety of Milvexian, an Oral Factor XIa Inhibitor, After a Recent Acute Coronary Syndrome. Librexia ACS. 	Dr Padmanabha Kamath	IQVIA	3,20,074/Subject

VI Social Impact

Outreach services provided through Department of Community Medicine, KMC, Manipal

Since 2022, Department of Community Medicine has implemented the NMC-mandated District Residency Program and initiated patient care services at select government health facilities in Udupi District. The department delivers health services through postgraduates from all 25 broad specialties and interns of KMC Manipal. The facilities where these services are provided is as detailed below:

- 24x7 Services at District Hospital Udupi (124 beds), Maternal and Child Health Hospital, Udupi (200 beds), and Taluk Hospital Kundapura (200 beds).
- 24x7 Services at five Community Health Centers: Byndoor (30 beds), Brahmavara (30 beds), Hebri (30 beds), Shirva (10 beds), Kota (30 beds).
- Four PHC's (09.00 AM to 04.00 PM) including Malpe, Kumbashi, Udupi, Manipal.

All these centres provide healthcare services to about 2,000–2,500 patients per day. The total number of deliveries from these centers for the year 2024 is 3,075, including 1,599 caesarean deliveries.

The Department of Community Medicine implemented the NMC-mandated Family Adoption Program, through which undergraduate medical students have adopted 3,217 families across six villages, covering a population of

34,738. Students visit these families periodically to assess their health status.

3 GOOD HEALTH AND WELL-BEING

The Department of Community Medicine, KMC Manipal conducted **168 camps in 2024,** including 91 cancer screening camps, 50 Rastriya Bal Swasthya Karyakram (RBSK) camps, 20 general health check-up camps, and 7 school health check-up camps across various parts of Udupi district and other regions in Karnataka. Additionally, the department conducted 12 health awareness activities.

3 GOOD HEALTH AND WELL-BEING

Cancer Screening Camps

The Department of Community Medicine is undertaking cancer screening camps in almost all the government health centres in the district on regular basis. A total of **91 cancer screening camps** were conducted, with **2,976 beneficiaries** during the year 2024. The "Well Women Clinic" initiative was launched by the Department of Community Medicine, KMC Manipal in collaboration with the Department of OBG, KMC Manipal, and Kasturba Hospital, the NCD Cell, Udupi District, and the Manipal Foundation, Bengaluru.

Screening camps provided community-level services through a network of Primary Health Centers (PHCs), Community Health Centers (CHCs), Taluk Hospitals, and community halls. Additionally, screenings were conducted at specialized cancer screening kiosks located at KMC hospital facilities in Manipal.

The initiative targeted underprivileged women, including tribal and migrant women in the Udupi district, providing cancer awareness sessions and screening services for breast and cervical cancers, hypertension, diabetes, and anaemia.

Women who tested positive in the cancer screenings were referred to Kasturba Hospital, Manipal, for further confirmation tests at no cost and received appropriate treatment at Manipal Comprehensive Cancer Care Centre (MCCCC)as needed. Those with high blood pressure, high blood sugar, or low hemoglobin levels were referred to their respective PHCs for further management.

Rastriya Bal Swasthya Karyakram (RBSK) Camp

The Department of Community Medicine, KMC Manipal, in collaboration with the Department of Pediatrics, OBG, and Psychiatry, KMC Manipal conducts RBSK camp at various government health facilities, including Community Health Centres and Taluk Hospitals. Children are screened for birth defects, deformities, nutritional deficiencies, and disabilities. In 2024, **50 RBSK camps** were

conducted, benefiting **1,710 children**. The Rashtriya Bal Swasthya Karyakram (RBSK) is an initiative under the National Health Mission (NHM) in India, aimed at early identification and intervention for children with developmental delays and health issues. It aligns with several Sustainable Development Goals (SDGs), particularly those focusing on health, well-being, and education like **SDG 3:** Good Health and Well-being (**Target 3.2**: End preventable deaths of new-borns and children under five years by providing timely health screenings and referrals, **Target 3.8**: Achieve universal health coverage by offering equitable health services for children from marginalized sections)

General Health Check-up Camps

A total of 20 General Health check-up Camps were conducted, with **3,057 beneficiaries**. Some of the noteworthy camps included Tribal Health Camp at Koraga tribal community, Siddapura. The services provided in the free camp included general health check-ups, screening for common skin conditions, oral health check-ups, GRBS, haemoglobin measurement, and appropriate referrals.

Rotary Club Manipal, in association with the Department of Community Medicine, Kasturba Medical College, MAHE Manipal, and with the involvement of the Department of General Medicine, organized a medical camp at Little Rock Indian School, Brahmavar, Udupi. The services provided in the free camp included general health check-ups, ECG, hemoglobin tests, and random blood glucose test. A total of 105 bus drivers from the school availed these services.

The Department of Community Medicine, KMC, Manipal in association with Urban PHC, the District Health and Family Welfare Office, Udupi, and the District NCD Cell, Udupi-Manipal, organized a general health check-up camp at DC Office, Manipal, Udupi. The services provided in the free camp included a general health check-up, consultations for general skin conditions, eye-related issues, referrals to higher centres, and ECGs by the Department of Medicine, DH, Udupi. Free medications, GRBS testing, COVID vaccination, and PMJAY card distribution were provided by DH Udupi staff for the needy after consultation.

The described health camps contribute significantly to several Sustainable Development Goals (SDGs), especially those focusing on health, well-being, and reducing inequalities. **SDG 3:** Good Health and Well-Being: (**Target 3.4:** Reduce premature mortality from non-communicable diseases (NCDs) through prevention and treatment. **Target 3.8:** Achieve universal health coverage, including access to essential health services and medications). **SDG 1:** No Poverty (**Target 1.3:** Implement social protection systems and measures for all, including social protection floors). **SDG 10:** Reduced Inequalities (**Target 10.2:** Empower and promote the social, economic, and political inclusion of all). **SDG 17:** Partnerships for the Goals. (**Target 17.17:** Encourage effective partnerships between public, private, and civil society organizations).

School Health Check-up Camps

Seven school health check-up camps were conducted at SVS English Medium Primary and High school, Vishwendarnagar, Innanje, Udupi, St Cecilys English Medium Higher Primary School, Udupi, Silas International School , Udupi, HM Sagar Vidya Mandir, Padubidri, Konchadi Radha Shenai Government Higher Primary School, Kharvikeri, Gangoli, Sri Anandeshwara Higher Primary School, Udupi, and Madhava Kripa School, Manipal. The camps were organized to screen for personal hygiene of students, general health conditions, fungal and parasitic infections, vision testing, dental hygiene and systemic disorders. There were a total of **3,996 children** who availed the benefits of the camp.

The school health check-up camps described contribute significantly to multiple Sustainable Development Goals (SDGs), particularly focusing on child health, education, and well-being. Here's how the camps align with specific SDGs: **SDG 3:** Good Health and Well-Being (**Target 3.2:** End preventable deaths of newborns and children under 5 years, and improve child health outcomes, **Target 3.3:** Combat communicable diseases, including waterborne diseases and other infections, **Target 3.4:** Reduce premature mortality from non-communicable diseases through prevention and treatment, **Target 3.8:** Achieve universal health coverage, including essential health services and access to medicines).

Health Awareness Activities

Several health awareness activities were undertaken by the Department of Community Medicine, KMC Manipal. A few activities are described below:

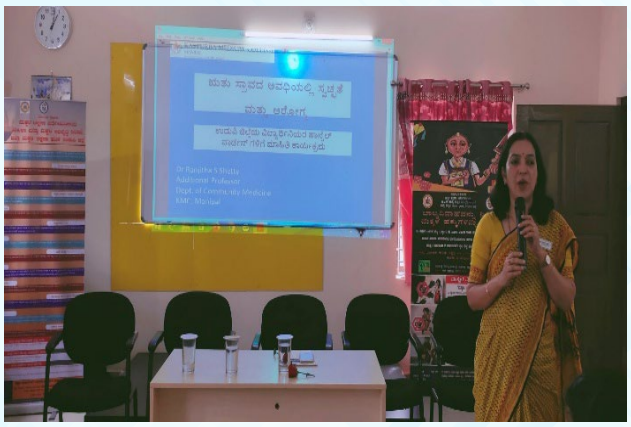
The National Service Scheme (NSS) Team, Department of Community Medicine, KMC Manipal, in collaboration with Primary Health Centre, Siddhapur, and Rotary Club Siddhapur-Hosangadi, conducted a two-day NSS camp in Siddhapur. A street play was conducted at Siddapur Bus Stand to create awareness among the people about controlling cholera and other infectious diseases. On the second day of the camp, a Basic Life Support (BLS) workshop was conducted for Sankaranarayan and Amasebailu police personnel and ASHA workers of that area. Additionally, a workshop was conducted on first aid for auto drivers and digital awareness for children.

A huge health camp, along with a science, commerce, arts, environment, general knowledge, and educational material exhibition, was conducted at Bhandarkar College of Arts and Science, Kundapura. A blood donation drive was also organized.

On occasion of the International Day Against Drug Abuse and Illicit Trafficking 2024, an awareness session on drug abuse and prevention was organized at Board High School and PU College, Udupi. The event was conducted under the joint auspices of the Indian Red Cross Society, Udupi district, Board High School and PU college, Udupi, Red Ribbon Club, Junior Red Cross Unit and the Department of Community Medicine KMC Manipal.

A first aid and CPR training programme was conducted for the employees of Hotel Fortune Inn Valley View, Manipal. Later, all the resource persons provided hands-on training to the participants on CPR.

The health awareness activities described contribute significantly to several Sustainable Development Goals (SDGs) by promoting health education, disease prevention, and community empowerment. Here's how these activities align with the SDGs: SDG 3: Good Health and Well-Being (**Target 3.3:** End epidemics of communicable diseases, **Target 3.5:** Strengthen the prevention and treatment of substance abuse, **Target 3.6**: Reduce deaths and injuries from road traffic accidents, **Target 3.8:** Achieve universal health coverage, including health education)



Services Provided Through Rural Maternity and Child Welfare Homes (RMCWH)

In addition, the Department of Community Medicine provides services through five Rural Maternity and Child Welfare (RMCW) Homes, established since the 1960s. These were founded by Late Dr TMA Pai with the active participation of the local community, at a time when the transport and communication networks in the taluk was rudimentary. The area covers a population of 40,172 spread across eight villages in the coastal region of Udupi taluk. A network of five RMCW Homes located in Alevoor, Kaup, Malpe, Udyavara, and Kadekar villages not only provides maternal and child health services but also addresses minor ailments in the community. The Malpe Centre initiated a Community Cancer Screening Clinic in 2012. Besides Malpe, all other centres offer screening facilities for non-communicable diseases. These centres also conduct interdisciplinary activities in collaboration with the Departments of Physiotherapy, Psychiatry, and the College of Dentistry. The centres operate under the direct administrative control of the Department of Community Medicine, KMC Manipal. Each centre is staffed by two Auxiliary Nurse Midwives (ANMs), one environmental assistant, and one sanitary worker.

Details on beneficiaries of RMCW Homes where services are exclusively provided through the Department of Community Medicine in the year 2024

Total population	40,172
Outpatients (General)	6,642
Outpatients (OBG-ANC)	343
Outpatients (Pediatric)	816
Referred to Kasturba Hospital	57

On an average, 130-140 patients regularly visit these centres every week, amounting to a total of 6,642 patients in the year 2024. Approximately 5 to 10 per cent of the patients each week were new, while the rest were regular patients.

Dr TMA Pai Rotary Hospital, Karkala

Dr TMA Pai Rotary Hospital, Karkala is an associate hospital of the Manipal Academy of Higher Education, Manipal. The 80-bed hospital has been providing quality healthcare to the people of Karkala Taluk.

Karkala is one of the taluks of Udupi district in coastal Karnataka and has a population of about 3,00,000, spread across the town and approximately 56 surrounding villages. In view of the demand and need for affordable and quality medical care, especially from rural areas, the Rotary Club of Karkala and Manipal Group took the initiative to set up a healthcare facility in Karkala.

In 1985, Kasturba Hospital, Manipal in association with the Rotary Club, started weekly outreach camps at Karkala. The overwhelming response to these camps led to the establishment of a Mother and Child Care Hospital in the town in 1987 with 10 beds. After an overwhelming response from the community, the 10-bed hospital was expanded to 80 beds in 1992.

At present, the hospital provides essential healthcare in Obstetrics, Gynecology, Pediatrics, Ophthalmology, General Medicine, Anesthesia, Cardiology, Neurology, Dermatology, ENT, Dental, Psychiatry, Orthopedics, Radiology, General and Laparoscopic Surgery, Surgical Oncology, Palliative Medicine, and Supportive Care. Additionally, super-specialty care is offered in Nephrology, Urology, Pediatric Surgery, Plastic Surgery, Pediatric Hemato-Oncology, Gastroenterology, Orthodontics, and Infertility Clinic care.

This project is a classic example of how private organizations like MAHE, NGOs like the Rotary Club, and the community itself can come together to provide quality healthcare to those in need at an affordable cost.

A community cardiology center was established in 2017 in association with the Rotary Club Karkala to conduct non-invasive cardiac screening using Echocardiography, ECG, TMT, and Holter monitoring. The centre also organizes screening camps and health education sessions in the community, focusing on cardiac diseases.

Digitalization of patient billing and X-ray services, along with the upgradation of laboratory services, has been completed. The hospital caters to approximately 90,000 outpatients and 4,000 inpatients annually. Around 800 childbirths occur in this hospital every year.

Free diabetes screening camps were conducted under the screening package sponsored by the Rotary Global Grant, providing services to nearly 700 patients.

In June 2021, the hospital upgraded its healthcare facility by establishing a dialysis unit with the support of the Rotary Club Manipal (under the Global Grant Scheme). In 2022, the Jamayath Ullah Falah Karkala Unit donated a dialysis machine to the center. On 29 April 2024, the Belanje Sanjeeva Hegde Trust, Hebri, donated another dialysis machine, bringing the total to five machines, operated in three shifts (Morning, Afternoon, Evening).

BPL cardholder patients who require dialysis receive the service at a subsidized rate. Additionally, support from the Ajekar Padma Gopal Trust and the G Shankar Family Trust has helped poor and needy patients access dialysis at an affordable price.

In 2019, the Boomi Pooja for the RTN K Krishna Prabhu OPD Block was performed by Mrs Vasanthi R Pai. The new OPD block was inaugurated on 7 March 2023. Additionally, three well-equipped operation theatres, a post-operative ward, and a minor OT have been established.

We have also established the well-equipped 'Yermal Revathi Premananda Shenoy' Trauma and Emergency Care Center, which was inaugurated on 30 June 2023, with the support of Rtn Mohan Shenoy and his family.

We have introduced full-time dental outpatient services, providing all general specialties under one roof.

The hospital was awarded the *Kayakalp* certificate by the Ministry of Health and Family Welfare, Government of India, for the year 2019-20, adding a feather to its cap. It has also been certified with ISO 9001:2015 and 14001:2015 and has received pre-entry-level accreditation from the National

Accreditation Board for Hospitals and Healthcare Providers (NABH), Quality Council of India, effective from 24 September 2019, and recertified on 24 September 2021.

The hospital is affiliated with Kasturba Medical College, Manipal, and imparts training to medical undergraduate students, interns, and postgraduate students across various departments. This also includes the first-year students of the Master of Hospital Administration program, beginning this year.

We conducted a total of 16 medical camps and 6 blood donation camps from January to December 2024, continuously upholding out social responsibility. A total of approximately 2,200 patients were screened in the medical camps, and 336 units of blood were collected.

The need for patients to travel to higher centers located 35-70 km away for specialists consultations has significantly reduced, as most specialty and super-specialty care is now available at our hospital. Additionally, patients no longer need to spend an entire day waiting to see a doctor, because of the amenities offered at our facility.

An electric car is available for both general transportation and the transit of consultants.

An outsourced entity, Health Map, manages imaging services to meet the diagnostic needs of patients. These services include General Ultrasound, X-Ray and a full-scale CT scan facility, all providing critical support for medical diagnosis. General ultrasound imaging services are available throughout the day, from morning to evening. This non-invasive procedure plays a vital role in diagnosing a variety of conditions across different body systems, including abdominal, pelvic, obstetric, and musculoskeletal issues. In addition to ultrasound, a state-of-the-art CT-scan facility is now available 24 hours a day, 7 days a week (24/7), providing continuous access for patients in need of advanced diagnostic imaging.

CT scans provide detailed cross-sectional images of the body, enabling a comprehensive examination of the brain, chest, abdomen, bones, and soft tissues. The availability of CT scans at any time are especially important in emergency situations, as it allows healthcare providers to diagnose injuries or diseases quickly and accurately, even outside of regular working hours.

We are planning to start super-speciality OPD services, including endocrinology, vitreo-retina surgery OPD, paediatric and geriatric psychiatry, de-addiction services, clinical psychology.

Senior anaesthetists are available on the hospital premises on a full-time basis, to assist the surgical and emergency cases.

In a bid to enhance patient care and ensure a timely response to critical and emergency cases, two Emergency Medical Doctors have been newly assigned to the triage on a full-time basis. This strategic move aims to improve the management of emergency patients, ensuring rapid assessment, and providing immediate care to those in urgent need.

In November 2024, the facility successfully obtained the license for the blood storage unit, officially allowing the storage and management of blood products within the premises. This approval signifies a major milestone in ensuring the availability of safe and regulated blood supplies for patients in need. In a significant development aimed at enhancing healthcare facilities, the Old LT Block is being converted into a Blood Bank with a generous donation from Rotarian Suvarna Tukaram Nayak. This transformation is an essential step in improving patient care, particularly in critical medical situations such as surgical procedures and delivery cases, where blood transfusion may be necessary. On 16 December 2024, a handing-over ceremony was held for the blood donation van donated by Suvarna Tukaram Nayak to the Blood Bank. The van is utilized during medical camps.

A Step-Down ICU (Intensive Care Unit) is currently being planned, which will play a vital role in providing continued care for patients who no longer require intensive monitoring but still need specialized medical attention. This new facility will consist of four fully equipped beds and will be staffed by a team of trained ICU professionals, ensuring the highest level of care for patients transitioning from critical conditions.

On 6 November 2024, the foundation stone laying ceremony of the new OPD and LT complex was initiated by the divine hands of Mrs Vasanthi Pai and in the gracious presence of Mr Dilip Jose, CEO, Manipal Hospitals Enterprises Limited (MHEL). The new Labour Theatre (LT) Block is set to become a key feature of the facility's infrastructure, distinguished by its unique emphasis on patient privacy. This new block

will offer a fully equipped, separate Labor Theatre area designed specifically to ensure privacy for patients during surgical and delivery procedures.

As part of its ongoing commitment to supporting underserved communities, financial assistance is provided to underprivileged families, particularly breadwinners and children, under the Manipal Foundation Fund. This initiative aims to alleviate the financial burden on families facing medical crises and offer support during difficult times.

We are also preparing for complete NABH 5th Edition accreditation for our hospital. A gap analysis of documentation and implementation has been completed. Required documents and SOPs have been prepared, and plans are in place to begin implementing the standards throughout the hospital.

Future plans include renovations for the hostel, wards, special block, and canteen.

Along with this, our future initiative is to transform the hospital into a green facility by adopting solar energy, LED lighting, water reuse, e-prescription, e-receipt, e-indent, e-lab requests, and e-purchase.

Manipal Arogya Card

In rural India, healthcare access is frequently impeded by challenges related to accessibility and affordability. The high costs and limited resources leave a significant portion of the rural population underserved. Recognizing the imperative nature of addressing the healthcare needs of the rural populace, Manipal Academy of Higher Education (MAHE), the largest healthcare provider in this rural region, initiated the Manipal Arogya Card (MAC) in 2000.

The primary objective of this initiative was to make healthcare more economically accessible with a nominal fee of less than 4 USD (INR 350) and extend its reach to nine tertiary care hospitals across three states, specifically catering to the populations of Karnataka, Goa, and the northern border of Kerala, with a focus on marginalized communities. The card offers substantial discounts on medical services, thereby facilitating access to treatments for those unable to afford regular healthcare, without imposing overwhelming financial strain.

What initially commenced as a modest endeavour in the undivided Dakshina Kannada district has now evolved into India's largest non-insurance healthcare scheme, enrolling nearly 400,000 members annually. Leveraging local languages and engaging over 600 representatives, the program effectively reaches rural and remote areas where healthcare options are limited.

Nature of the Work and Challenges:

The fundamental mission of the program has consistently been to address the dual challenges of healthcare affordability and accessibility in rural India. However, this journey has not been devoid of challenges. The continuous struggle to recruit and manage representatives in rural regions has notably impacted the program's ability to expand and reach a broader spectrum of communities. Furthermore, the initial manual system of collecting applications and issuing paper-based cards posed significant logistical challenges, impeding the enrolment process and resulting in delayed card distribution to beneficiaries.

Another pivotal challenge has been raising awareness about the program among populations with low literacy levels and limited exposure to healthcare services. Effectively promoting the benefits of the card in these areas necessitated a concerted effort, including multimedia campaigns in local languages, such as television and radio advertisements, newspaper features, and local press releases.

Evidence of Progress and Success:

In response to the logistical and operational hurdles, the Manipal Arogya Card program underwent a pivotal transition in 2020, shifting from a manual system to a fully digital enrolment process. This technological upgrade enabled the program to instantly issue pre-printed plastic cards, significantly enhancing efficiency and member satisfaction. The success of this digital transformation is evident in the program's escalating enrolment numbers, increasing from 100,000 members in 2014 to over 400,000 members in 2022.

The impact of the program is also evident in the broader healthcare infrastructure. The heightened demand for medical services propelled by the MAC has led to improvements in healthcare facilities, including enhanced equipment and a greater availability of trained professionals in the regions it serves. MAHE's unwavering commitment to continuous outreach has culminated in over 2,300 health check-up camps, 320 blood donation camps, and the provision of 37,000 free beds to beneficiaries.

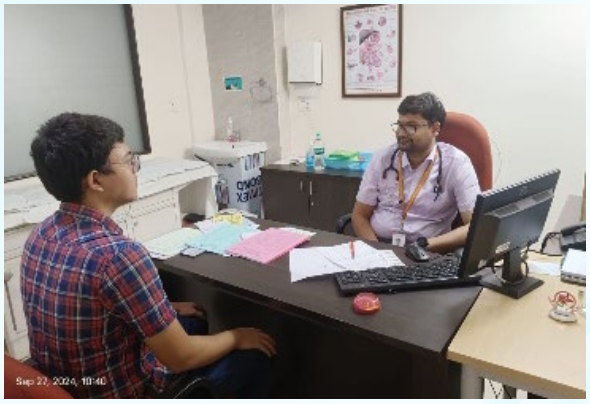
Impact of the Project:

The MAC has wielded a transformative impact on the rural populations it serves. By dismantling the cost barrier, the program has encouraged more frequent healthcare visits, fostering preventive and promotive healthcare, facilitating earlier diagnosis and treatment of illnesses, and ensuring long-term care. Consequently, this has substantially ameliorated the health outcomes of the rural community, especially among those hailing from economically weaker segments of society.

Furthermore, the program has nurtured a more health-conscious culture, advocating for preventive healthcare practices through extensive awareness campaigns. The outreach initiatives, encompassing health check-up camps and blood donation drives, have not only furnished essential services but have also educated communities about the significance of regular healthcare.

Our commitment to healthcare and social responsibility at MAHE Manipal is reflected in the increasing discounts we have offered year after year. This growth highlights the rising popularity of the Manipal Health Card. Over the past five years alone, the total discount amounts we have provided has more than doubled.

Financial Year	Concession (In Crores)
2019-20	9.88
2020-21	8.57
2021-22	13.14
2022-23	18.44
2023-24	21.92



The program has yielded not only direct healthcare benefits but has also wielded a sustained socio-economic influence. By alleviating the financial burden associated with healthcare, it has empowered families to reallocate their resources towards pressing needs, thereby enhancing overall community well-being. Moreover, the heightened demand for healthcare services has catalyzed local development, resulting in bolstered healthcare facilities and a fortified healthcare system in the regions served by the MAC.

Volunteer Services Organization, Manipal

Weekly Projects Conducted

A total of 14 projects were conducted throughout this year. Project Belaku and Khushi are new additions to our regular projects.

1. **SANJEEVANI:** Visit to paediatric ward
2. **UMANG:** Visit to Asha Nilaya
3. **JYOTI:** Visit to ASARE, Manipal
4. **DAY CARE:** Visit to day care, Manipal
5. **MUSKAAN:** Visit to Bijapur Colony, Manipal
6. **CLEAN MANIPAL CAMPAIGN (CMC):** Cleaning various stretches in and around Manipal
7. **AARAMBH:** Visit to an orphanage
8. **ASHA:** Visit to the old age home
9. **VIDYA:** Visit to NAMMA BHOOMI, Kundapura
10. **AKSHARA:** Visit to the government school
11. **BEACH ADOPTION:** Cleaning coastal stretches in and around Udupi
12. **AAKANSHA:** Visit to the cancer shelter
13. **BELAKU:** Visit to CSI boarding school
14. **KHUSHI:** Monthly sessions with cancer warriors

Brief Description of the Projects

Name of the Project: Project Sanjeevani- Visit to Paediatric Ward

Description of the Project: The Sanjeevani Project, an initiative under VSO, aims to bring joy and engagement to children through interactive sessions held every Sunday. The project focuses on fostering connections with the kids through various activities such as drawing, colouring, musical chairs, and passing the parcel. By creating a vibrant and dynamic environment, the Sanjeevani Project not only offers recreational opportunities but also promotes social interaction and creativity among the children. This dedicated effort reflects the commitment of VSO to make a positive impact on the lives of the younger generation, fostering a sense of community and joy in the process.

Total number of volunteers participated: 203

Number of hours contributed by each volunteer: 2 hours

Total number of hours contributed for this project: 406 hours

Name of the Project: Project Umang- A Visit to Asha Nilaya

Description of the Project: This project aims to provide recreational activities for children with intellectual disabilities, aged 6 to 18 from Asha Nilaya, Udupi. The children actively participate in various activities such as colouring, drawing, dancing, singing, building blocks, passing the ball, and showcasing their talents. This is a unique project is conducted once every two weeks. The focus is to improve the fine and gross motor skills, and also to enhance their overall mental well-being. These biweekly sessions involve engaging and interacting with the children and serve as an enriching experience enjoyed by both the coordinators and the enthusiastic youngsters. The volunteers thoroughly enjoy teaching the children and consider it a stress buster amid their hectic weekdays.

Total number of volunteers participated: 92

Number of hours contributed by each volunteer: 2 hours

Total number of hours contributed for this project: 184 hours

Name of the Project: Project Jyothi- A Visit to Asare

Description of the Project: ASARE is a home for the differently abled. Welcoming hearts, a big smile, pure innocence, and enthusiasm await VSO volunteers every Sunday. A group of 20 volunteers, along with the project coordinator, visit ASARE every Sunday from 04:00 to 06:00 PM. During these visits, the volunteers engage residents in a variety of activities like drawing, colouring, singing, dancing, playing, meditating, passing the ball. These interactions foster a sense of well-being, teamwork, and deep connection, leaving a lasting impact on both residents and volunteers. These weekly sessions involve engaging and interacting with them and serve as an enriching experience enjoyed by the coordinators and the enthusiastic youngsters. The volunteers thoroughly enjoy teaching the kids and consider it a stress buster between their hectic weekdays.

Total number of volunteers participated: 277

Number of hours contributed by each volunteer: 2 hours

Total number of hours contributed for this project: 554 hours

Name of the Project: Project Day Care- Visit to Daycare, Manipal

Description of the Project: In this project, the children availing the daycare facility of MAHE were engaged in various creative and entertaining activities such as colouring, group games, playing in the sandpit, singing and dancing. A summer camp, Sunny Smiles, was successfully conducted this year for children aged 9 to 13 of the MAHE faculty. This project is uniquely carried out under the daycare initiative of VSO. During the regular weekly session, lasting an hour, simple yet fun activities are organized to brighten the spirits of the children. Different activities are experimented with in each session. Few children like to draw and colour, while others want to play, run, and dance. Both kinds of activities are provided during the same session, those inclined to dance are encouraged to do so, while those interested in crafts are allowed to express their creativity.

Total number of volunteers participated: 151
Number of hours contributed by each volunteer: 1 hour
Total number of hours contributed for this project: 151 hours

Name of the Project: Project Muskaan- Visit to Bijapur colony

Description of the Project: Project Muskaan is a weekly initiative in which Bijapur Colony is visited by VSO volunteers to engage with the local community. Efforts were made by these dedicated volunteers to reach out to children aged 05 to 18 living in the Manipal slums. The curriculum included imparting general knowledge about the country and essential health and hygiene practices. In addition to structured lessons, the volunteers organized team-building activities, brain games, and fun games to cater to the diverse age group. The interaction fostered a special bond between the kids and the VSO volunteers, creating a positive and impactful experience beyond traditional teaching methods.

Total number of volunteers participated: 155

Number of hours contributed by each volunteer: 2 hours
Total number of hours contributed for this project: 310 hours

Name of the Project: Project Clean Manipal Campaign

Description of the Project: The Clean Manipal Campaign is a VSO project conducted weekly to make our surroundings cleaner while raising awareness about the harmful substances that degrade our environment. It highlights the importance of zero pollution so that human beings, nature, and wildlife can thrive in ideal conditions. Volunteers scout local areas and collect myriad items of waste that have been strewn over almost every road. The waste is segregated into glass, paper, and plastic, and efforts are made to ensure the area is clean again.

Total number of volunteers participated: 112
Number of hours contributed by each volunteer: 2 hours
Total number of hours contributed for this project: 224 hours

Name of the Project: Project Aarambh- Visit to the Orphanage

Description of the Project: The project Aarambh primarily aims to bring joy and a sense of belonging to the lives of children residing in orphanages. Every Sunday, a local orphanage is visited by a team of volunteers, and an environment was created where children were encouraged to express themselves through various activities like drawing, colouring, and playing with toys. The focus was placed on spending quality time with the children and engaging them through games and dance. Volunteers enthusiastically participate in this project and enjoyed their experience in the orphanage.

Total number of volunteers participated: 154
Number of hours contributed by each volunteer: 2 hours
Total number of hours contributed for this project: 308 hours

Name of the Project: Project Asha- Visit to an Old Age Home

Description of the Project: Every Sunday, an old age home was visited by a team of 20 volunteers with dedication and enthusiasm. Positive interaction with residents was enhanced through various activities, including skill-sharing, singing, dancing, quizzes, and more. The primary objective was to create a warm and inviting environment that encouraged meaningful interactions, fostering a delightful and mutually enjoyable experience for everyone involved.

Total number of volunteers participated: 96

Number of hours contributed by each volunteer: 2 hours

Total number of hours contributed for this project: 192 hours

Name of the Project: Project Vidya- Visit to Namma Bhoomi

Description of the Project: Project Vidya has been regarded as an integral part of VSO. The project has always focused on educating student residents of Namma Bhoomi, aged 10-18 years, about basic life lessons such as career planning and basic English communication skills, like questioning words, nouns, pronouns, verbs, and adverbs. The main objective of the project is to help the kids learn life skills that will help them in the future.

The weekly sessions engage volunteers and children in fun, interactive, and informative activities, including teaching and learning. The volunteers adore the children and enjoy teaching them.

Total number of volunteers participated: 219

Number of hours contributed by each volunteer: 3 hours

Total number of hours contributed for this project: 657 hours

Name of the Project: Project Akshara- Visit to an Academic School

Description of the Project- Project Akshara is considered pivotal in VSO, involving visits to the Academy Higher Primary School in Manipal. This project primarily focuses on engaging and students around 10 years of age. In this initiative, dedicated volunteers actively engage children in a spectrum of creative activities, encompassing drawing, crafts, painting, and origami. Simultaneously, the crucial task of educating the children, focusing on enhancing their English vocabulary is undertaken. The project also embraces the spirit of national pride and cultural significance by commemorating events such as Independence Day, Gandhi Jayanti, Karnataka Rajyotsava, and Diwali through activities like quizzes and essay writing, enabling children to learn about and appreciate the historical and cultural significance of these occasions. A special project celebrating Children's Day was organized, featuring 25 games tailored for children in grades 01 to 05. The event concluded with a vibrant dance session and a ceremony to distribute prizes. This project nurtures creativity and imparts valuable knowledge, enriching the overall development of the participating children.

Total number of volunteers participated: 103

Number of hours contributed by each volunteer: 1 hour

Total number of hours contributed for this project: 103 hours

Name of the Project: Project Beach Adoption

Description of the Project: Every Sunday, 20 to 40 volunteers go to the beach in Udupi and clean a slight stretch (250 meters). The collected waste is segregated into 6 categories- paper waste, hard plastic, plastic bottles, plastic wrappers/bags, glass bottles, and discarded fishnets. The cleaning continues each week from where it was stopped the previous week. The main objective is to clean the beach and the surrounding area, and create awareness among the local people, and prevent further dumping of waste on the coastal side.

Total number of volunteers participated: 385
Number of hours contributed by each volunteer: 2 hours
Total number of hours contributed for this project: 770 hours

Name of the Project: Project Aakansha- Visit to Cancer Shelter

Description of the Project: Under Project Akansha, volunteers visit the Access Life Cancer Shelter home for children in Manipal and spend quality time with them. Children are engaged in craft activities, board games, dance, and music. This project aims to provide a regular source of comfort and joy to young cancer patients, fostering connections and positive experiences during their challenging journey. It is a rewarding experience filled with joy and happy moments for both the kids and the volunteers.

Total number of volunteers participated: 50
Number of hours contributed by each volunteer: 2 hours
Total number of hours contributed for this project: 100 hours

Name of the Project: Project Belaku- Visit to the CSI Boys Boarding School

Description of the Project: The Belaku project is one of the newest additions to the list of VSO initiatives. Started in October 2024, the project aims to educate young boys aged 10 to 18, from the CSI boarding school on various topics. The focus of the project is to improve the language skills of the boys, particularly in English, and to increase awareness of the various fields they can pursue in the future.

These weekly projects involve engaging and interacting with the students and serve as an enriching experience, enjoyed by both the coordinators and the enthusiastic youngsters. The volunteers thoroughly enjoy teaching the kids and consider it a stress buster between their hectic weekdays.

Total number of volunteers participated: 121
Number of hours contributed by each volunteer: 2 hours

Total number of hours contributed for this project: 242 hours

Name of the Project: Project Kushi- Bringing Joy to Young Cancer Patients

Description of the Project: Project Kushi is a heartfelt initiative that aims to bring joy and laughter to young cancer patients and their families. Through this monthly project, a dedicated group of 8 volunteers spends a total of 24 hours engaging with children through various games and fun activities. These interactions provide a much-needed escape from the challenges of their illnesses, fostering a sense of hope and positivity.

The project has successfully touched the lives of 30 children, offering emotional support and creating lasting memories. By promoting Good Health and Well-being, this initiative has not only brightened the days of the patients but also strengthened the community bond, reminding everyone of the power of kindness and care.

Total number of volunteers participated: 8
Number of hours contributed by each volunteer: 3 hours

Total number of hours contributed for this project: 24 hours

Special Projects

Name of the Project: Synergy
Description of the Project: On 21 January 2024, the VSO hosted its highly anticipated *Synergy Gathering*, bringing together 45 active VSO coordinators for a day filled with enjoyment, laughter, and impactful team-building exercises. The event fostered meaningful connections among participants, strengthening relationships, and uplifting spirits through a dynamic blend of interactive games, motivational discussions, and reflective sessions. This gathering not only served as a platform for personal connection but also reinforced the collective mission of service and support, encouraging participants to continue their impactful work with renewed enthusiasm. The success of the event highlighted the power of unity and collaboration in driving VSO's goals, leaving everyone with a sense of fulfilment and a stronger commitment to making a difference.

Name of the Project: Manipal Marathon
Description of the Project: On 11 February, VSO played a pivotal role in the successful organization of the Manipal Marathon, which saw over **15,000 participants** take part. VSO volunteers were assigned various crucial responsibilities, including marking the marathon routes across different stretches, setting up

refreshment stalls, ensuring runners stayed on track at intersections, and coordinating the vibrant Manipal Carnival that followed the marathon. A total of **550 volunteers** participated in the event, contributing over **2,750 social hours** to make the marathon a seamless and memorable experience for all involved. The active involvement of VSO volunteers helped ensure the smooth execution of the marathon while fostering a sense of community spirit and collaboration.

Name of the Project: Kidathon
Description of the Project: On 03 March 2024, VSO organized Kidathon, a promo run for Tarang, aimed at engaging children in a fun and meaningful way while promoting afforestation and environmental awareness. The event saw active participation from over **300 children**, and as part of the initiative, more than **500 saplings** were distributed —each participant receiving one —to encourage the importance of environmental conservation. A dedicated team of **80 volunteers** worked tirelessly throughout the event, contributing over **800 social hours** to ensure the success of the program. Kidathon not only provided an enjoyable experience for the children but also reinforced the significance of taking proactive steps towards a greener, more sustainable future.

Name of the Project: Tarang
Description of the Project: On Sunday, 10 March 2024, the 10th edition of the annual kite flying festival, *TARANG*, was hosted by VSO, MAHE, embracing the theme "One Sky, One World, with every breeze that blows, sustainability grows." TARANG 2024 soared beyond traditional festivities by highlighting the importance of sustainability in a fun and engaging manner. The event witnessed the participation of over **5,000 individuals**, with **2,000 tickets sold**, creating an exciting and vibrant atmosphere. A dedicated team of **120 volunteers** contributed **480 social hours** to ensure the smooth execution of the event. Through the celebration of kite flying, TARANG 2024 fostered a sense of unity and environmental awareness, serving as a reminder that every small action contributes to a stronger, more sustainable planet, much like the winds that carried the kites.

Name of the Project: Sunny Smiles
Description of the Project: Sunny Smiles, a 21-day summer camp organized for children aged 07 to 14, was conducted daily from 8:30 AM to 5:00 PM, offering a perfect blend of enjoyment and education. Over the course of the camp, **52 children** actively participated in a wide range of exciting activities, from creative workshops to interactive games. The camp

was led by **40 activity facilitators** and supported by **20 dedicated volunteers**, who collectively contributed **420+ social hours** to ensure its success. Each day was filled with fun-filled and engaging experiences that the children embraced with enthusiasm, making Sunny Smiles a memorable and enriching summer for everyone involved.

Name of the Project: National Conference on Youth Change

Description of the Project: The 5th National Conference on Youth in Social Change, hosted by the Manipal Academy of Higher Education, stood as an inspiring testament to the impact of collaboration and innovation. Centered around the theme "Bridging Academic and Corporate Volunteering for Social Change," the event brought together over 600 leaders, students, and changemakers from more than 20 institutions.

The conference featured thought-provoking sessions led by a stellar lineup of speakers, including D Carthigueane from NSS, Mr Sankara Mahalingam of Firstsource, Capt Shanthi S from Infosys Foundation, Mr Harish Deshistha Kulkarni of Tata Communications, Mr Satyam Gambhir from Platform Commons, and Mr Abishek Iyappan representing SBI Youth Fellowship. Their insights illuminated pathways for harnessing collective efforts to address pressing societal challenges.

A standout moment of the event was the dynamic poster presentation competition, where creativity and innovation took centre stage. Participants unveiled ground-breaking ideas, sparking meaningful conversations and potential solutions to real-world problems. The energy in the room was palpable as young minds collaborated to envision a brighter future.

The conference was not just a gathering, it was a movement. It exemplified the power of partnership between academia and the corporate world in driving social transformation. The resounding success of the event owes its gratitude to the inspiring speakers, enthusiastic participants, and the dedicated organizing team, whose combined efforts have paved the way for sustained change.

Daan Utsav

Daan Utsav 2024, organized by VSO, was a remarkable celebration of compassion, unity, and community-driven impact, held from 02 to 08 October. With over **100 projects conducted** and the enthusiastic involvement of **2,436 volunteers** contributing an incredible **6,388 social hours**, the initiative made a profound difference, touching the lives of more than **8,000 individuals**. The week-long event addressed a range of social challenges through initiatives such as meal distributions, hygiene kit drives, and donation campaigns for toys, clothes, grains, and blood. These projects provided critical support to underserved communities, while initiatives like tree plantations and clean-up drives promoted sustainability and environmental stewardship. Daan Utsav 2024 was more than an event, it was a movement that fostered kindness, empowered communities, and left an enduring legacy of hope and transformation.

College Participated	Project Name	Date	Description	Volunteers Registered
All the MAHE College Volunteers Participated	**Project Splash and Dash**	29 September	VSO organized a fundraising event as a part of Daan Utsav, where volunteers visited faculty quarters and washed their vehicles, in exchange for either money, clothes, or books.	70

	Project Vigyan ka Jaadu	01 October	This project was done in collaboration with OPTICA. Academy School students visited MSLS, where they were shown various science experiments and had the opportunity to visit lab.	25
	Project Arogya	03 October	It was a Meditation session for stress relief. This session was taken by Art of Living Teachers.	5
	Project Jashn	05 October	A gratitude ceremony was held for the non-teaching staff of MSLS, followed by a jamming session with the staff and students.	15
	Project Shakti	08 October	MSLS VSO volunteers organized an awareness flashmob for women empowerment at MIT (Student Plaza).	20
	Toy donation	27 September	Toy donation boxes were placed across the MAHE campus, and the collected toys were donated to 'KRISHNANUGRAHA' orphanage on Gandhi Jayanthi.	10
Manipal Institute of Communication (MIC)	Project Khushi	05 October	MIC volunteers came together for a heartwarming initiative called Project Khushi. The event was held at the Pediatric Ward of KMC Women's and Children's Block, where volunteers engaged the young patients through art, music, and play.	7
	Project Saandhiya	06 October	MIC volunteers from VSO visited Dr A V Baliga Old Age Home, Aashraya. The visit focused on engaging with the elderly residents through an art session, where they enthusiastically participated in colouring and interacting with the volunteers.	5

Additional Projects

32nd Convocation, MAHE

During MAHE's 32nd Convocation, VSO contributed to its smooth execution, making it a proud moment for students and parents. This success was made possible by the dedicated efforts of 25 VSO volunteers.

Assistance with Scribe Requirements

VSO provided support for scribe requirements, ensuring equal opportunities for students facing challenges, fostering inclusivity in education. Fourteen volunteers were provided as scribes.

Democracy Day

VSO extended support of 100 volunteers towards the Democracy Day celebration.

Rangoli Competition

15 volunteers assisted with the Rangoli Competition

Mangalore Campus

KMC Mangalore

1. **Name of the Project** – Awareness Talk on Menstrual Hygiene

   Description of the project: The awareness talk on menstrual hygiene was conducted at Pompei College, Aikala, in collaboration with NSS and VSO – KMC Mangalore on 08 June 2024. The initiative was undertaken to commemorate Menstrual Hygiene Day. This year's theme was "Together for a #periodfriendlyworld". The event aimed to educate students about the importance of menstrual hygiene and break the stigma surrounding menstruation. The session was addressed by Eshanya B U and Rachana R Kamath, who provided valuable insights into proper menstrual hygiene practices, use of menstrual products, and dispelled myths and misconceptions. Interactive sessions were held to engage students and encourage open discussions about menstruation. Doubts raised by many students regarding menstrual problems were addressed, and they were advised to consult a doctor if needed. The event was successfully conducted as per the email sent from UNICEF. It raised awareness and empowered the attendees to adopt healthy menstrual hygiene habits.

2. **Name of the Project** – Blood Donation Drive

   Description of the Project: A blood donation drive was conducted at KMC Attavara, on 14 June 2024, in observance of World Blood Donors Day. The event was a success, with a significant turnout from students, staff, and residents. The drive was organized with the aim of increasing awareness about the importance of donating blood and

replenishing the blood bank supply. The event was efficiently organized by NSS and VSO volunteers, with the help of staff, ensuring smooth registration and screening processes. The initiative was positively received by the community, demonstrating their support for this life-saving cause. A target of 70 units of blood was set in celebration of the 70th anniversary at KMC Mangalore. Overall, the event contributed to fulfilling the crucial need for blood donations in the region.

3. **Name of the Project** – Swachhata Hi Seva - Campus Cleanliness Drive

Description of the Project: On 01 October 2024, a campus cleanliness drive was conducted at the Bejai campus by 100 volunteers from KMC Mangalore. The event was aimed at promoting hygiene and environmental awareness, contributing to a cleaner, healthier campus environment through collective student efforts.

4. **Name of the Project** – Swachhata Hi Seva - Oath-taking Ceremony

Description of the Project: On 26 September 2024, an oath-taking ceremony for Swachhata Hi Seva events was conducted, during which a commitment to cleanliness was pledged by the participants. The ceremony marked the beginning of a series of activities aimed at promoting sanitation and environmental responsibility across the campus.

5. **Name of the Project**: Swachhata Hi Seva- Reel Making Contest

Description of the Project: From 26 September to 02 October 2024, a reel-making contest was

organized, to encourage creativity and raise awareness about cleanliness.

Total number of volunteers participated: 50

Number of hours contributed by each volunteer: 2 hours

Total number of hours contributed for this project: 100 hours

6. **Name of the Project**: Swachhata Hi Seva- Best Out of Waste and Collage Making Contest

Description of the Project: From 26 September to 02 October 2024, the "Best out of Waste" event was organized to encourage creativity among the students by turning waste materials into innovative crafts.

A collage-making contest using newspaper cuttings was also held, showcasing the students' creativity and artistic skills.

Total number of volunteers participated: 30

Number of hours contributed by each volunteer: 2 hours

Total number of hours contributed for this project: 60 hours

Manipal College of Dental Sciences (MCODS) Mangalore

1. **Name of the Project***:* Empowering Tomorrow, Transforming Today: Viksit Bharat - A Vision Unveiled

Description of the Project: On 07 February 2024, 80 students organized competitions focused on technological advancements and social welfare initiatives. In an era where progress and development are the keystones of a thriving nation, Viksit Bharat emerges as a beacon of change, a collective vision that transcends boundaries and envisions a future where every citizen thrives. The Viksit Bharat event, a confluence of innovation, determination, and national pride, stands as a testament to the commitment of a nation towards holistic development. Organized by the batch of 2022, the event saw 80 students conducting competitions focusing on themes ranging from technological advancements to social welfare initiatives. Viksit Bharat encompasses a comprehensive roadmap charting the course for a robust and sustainable future. As thought leaders, policymakers, and visionaries come together under the banner of Viksit Bharat, the event becomes a melting pot of ideas, a crucible where innovation is forged, and strategies are honed. It is a platform where the brightest minds collaborate, exchange insights, and collectively strive towards sculpting a Bharat that is not just developed but also inclusive.

Total Number of Volunteers Participated: 80

2. **Name of the Project**: Beach Cleaning Drive

Description of the Project: A beach cleaning drive was organized by VSO Mangalore under the auspices of MCODS Mangalore, commemorating the 125th birth anniversary of our esteemed founder, Dr TMA Pai, and aligning with the Sustainable Development Goals (SDGs). The event took place at Tannerbhavi Beach on 17 February 2024, with approximately 60 students actively participating. The objective of the drive was to celebrate the legacy of Dr TMA Pai by engaging in a meaningful community service that contributes to environmental conservation and social responsibility. In alignment with SDG Goal 14 (Life Below Water), which emphasizes the protection of marine ecosystems, the initiative aimed to raise awareness about the significance of maintaining clean beaches for the well-being of both humans and marine life.

The event commenced with an opening ceremony, where the significance of the drive honouring Dr TMA Pai's birth anniversary and its relevance to the SDGs was highlighted. Volunteers were equipped with gloves, trash bags, and litter pickers, and divided into teams to cover different sections of the beach.

Despite ongoing beach festivities, the enthusiasm and dedication of our students remained unwavering as they diligently collected litter and debris from the shoreline. The cleanup drive not only contributed to the beautification of Tannerbhavi Beach but also served as a powerful demonstration of our commitment to environmental stewardship and community engagement.

Total Number of Volunteers Participated: 60

3. **Name of the Project**: Reusable Eco-Friendly Sanitary Napkin Distribution

Description of the Project: On 03 March 2024, 10 volunteers from MCODS, Mangalore, educated girls at Snehadeep Orphanage about menstrual hygiene. The program commenced with interactive sessions led by the student volunteers, who graciously dedicated their time and expertise. These sessions covered various aspects of personal hygiene, menstrual health, and reproductive wellness. Through engaging discussions, informative presentations, and demonstrations, the girls were equipped with crucial knowledge about maintaining cleanliness and managing their menstrual cycles hygienically. One of the highlights of the program was the distribution of reusable sanitary pads. Recognizing the financial constraints faced by the orphanage, this initiative aimed to provide a sustainable solution to menstrual hygiene management. The reusable pads not only offer a cost-effective alternative but also promote environmental sustainability by reducing waste generated from disposable products. Each girl received a set of pads along with instructions on proper usage and care.

Total Number of Volunteers Participated: 10

4. **Name of the Project**: Clothes Donation Camp

Description of the Project: On 03 March 2024, 30 volunteers organized a camp at Snehadeep Orphanage to distribute clean and durable clothes. As a gesture of solidarity and support, volunteers and attendees generously contributed clothing donations. These donations, comprising clean and durable fabrics, were intended to supplement the girls' clothing needs and enhance their sense of comfort and dignity. In conclusion, the program at Snehadeep exemplified a collective effort to uplift marginalized girls by providing them with essential resources for hygiene and good health.

Total Number of Volunteers Participated: 30

5. **Name of the Project**: Visit to Anirvedha School for Special Children

Description of the Project: Volunteers from

VSO organized medical and dental check-ups, conducted awareness programs, and distributed hygiene kits and educational materials. The event fostered empathy, strengthened community ties, and enriched the learning experiences for both students and recipients.

6. **Name of the Project**: Constitution Day Celebration

Description of the Project: As part of the UGC initiative to commemorate Constitution Day, MCODS Mangalore organized a series of events on 26 October 2024 to celebrate and honour the significance of the Constitution of India. The event aimed to instill awareness about constitutional values among students and encourage active participation in activities promoting national unity and responsibility.
The celebration commenced with a pledge ceremony, where 100 BDS students solemnly recited the Preamble of the Indian Constitution. This collective pledge reaffirmed their commitment to uphold the principles of justice, liberty, equality, and fraternity enshrined in the Constitution. A highlight of the day was the essay competition on the topic "Constitution of India". The competition witnessed enthusiastic participation, with more than 40 students showcasing their understanding and perspectives on the Constitution's historical significance, democratic ethos, and role as the backbone of India's governance. The entries reflected a deep respect for the nation's guiding document and demonstrated the students' analytical and creative writing skills. The best essays were awarded certificates acknowledging the students' values and respect for India's constitutional heritage.

Total Number of Volunteers Participated: 100

7. **Name of the Project**: Ek Ped Maa Ke Naam
Description of the Project: On 13 August 2024, participants planted trees dedicated to their mothers, promoting environmental sustainability as part of Independence Day celebrations under the Unnat Bharat Abhiyaan.

8. **Name of the Project**: Nasha Mukt Abhiyaan
Description of the Project: On 12 August 2024, over 300 participants pledged to fight against drug addiction. The event included awareness sessions and community-driven activities at creating a healthier, drug-free society.

Total Number of Volunteers Participated: 300

9. **Name of the Project:** Rashtriya Ekta Divas Pledge
Description of the Project: On 30 October, MCODS Mangalore commemorated Rashtriya Ekta Divas (National Unity Day), honouring the birth anniversary of Sardar Vallabhbhai Patel, an architect of India's unity. Over 100 students gathered to participate in the pledge ceremony, reaffirming their commitment to preserving the integrity, unity, and security of India. The event commenced with an inspiring introduction highlighting Patel's vision of a unified nation and his lifelong dedication to bringing India together. Students, faculty, and staff collectively recited the pledge, vowing to uphold and safeguard the unity of the country, transcending regional, cultural, and linguistic differences. The ceremony concluded with a moment of silence, symbolizing respect for Patel's contributions. This observance was a reminder of the values of unity, integrity, and harmony that form the core of national identity, resonating with the spirit of Rashtriya Ekta Divas and strengthening the community at MCODS Mangalore.

Total Number of Volunteers Participated: 100

10. **Name of the Project**: Swachata Hi Seva
Description of the Project: The Swachata Hi Seva event, a cleanliness drive organized by MCODS Mangalore in collaboration with Rotary Mangalore, was held with great enthusiasm and commitment to promoting environmental hygiene. The event witnessed the active participation of more than 50 individuals, including students, faculty members, and volunteers, all united by a shared goal of contributing to the cleanliness and well-being of the community.

The drive focused on cleaning the Marena Sports Complex and its surrounding areas, a location frequented by students and the local community. Armed with cleaning equipment and protective gear, the participants worked tirelessly, picking up litter, sweeping, and ensuring the area was restored to a clean and well-maintained state. The effort not only enhanced the aesthetic appeal of the area but also raised awareness about the importance of maintaining public spaces for the health and well-being of everyone.

This initiative aligns with the broader goals of the Swachh Bharat Mission and reflects the core values of MCODS Mangalore and Rotary Mangalore in serving the community. The collaboration also underscored the importance of collective efforts in achieving sustainable cleanliness, inspiring others to participate in similar initiatives for the betterment of society.

Total Number of Volunteers Participated: 100

Volunteer Services Organization, Bengaluru

The Volunteer Services Organization (VSO) at MAHE Bengaluru continued its mission to promote volunteerism and foster community engagement throughout the year. Through various impactful projects, events, and initiatives, VSO empowered students, staff, and faculty to make meaningful contributions to society while gaining valuable learnings, personal growth, and skills.

Projects Undertaken

1. Project Vidyaa

Under this project, volunteers visit two government schools weekly in nearby villages of Mudhenahalli and Nagadasanahalli to engage with underprivileged children aged 5-15. The planned sessions blend recreation, academics, and personality development. Recreational activities include painting, storytelling, and mind games. Academic training is focused on Math and English, with regular assessments to track learning progress. The project aims to provide a holistic development for these children and help bring them on par with their peers in private schools.

- **Volunteers Engaged**: 188
- **Average Hours per Volunteer**: 8
- **Total Volunteering Hours**: 752

2. Project Akshara

A one-of-a-kind program called "AKSHARA" was launched by the VSO at MAHE Bengaluru. More than thirty members of the housekeeping staff and other workers gained literacy skills through this initiative. Speaking, reading, and writing abilities in Kannada and English were cultivated through lessons conducted for a total of three hours each week, from November 2023 to May 2024.

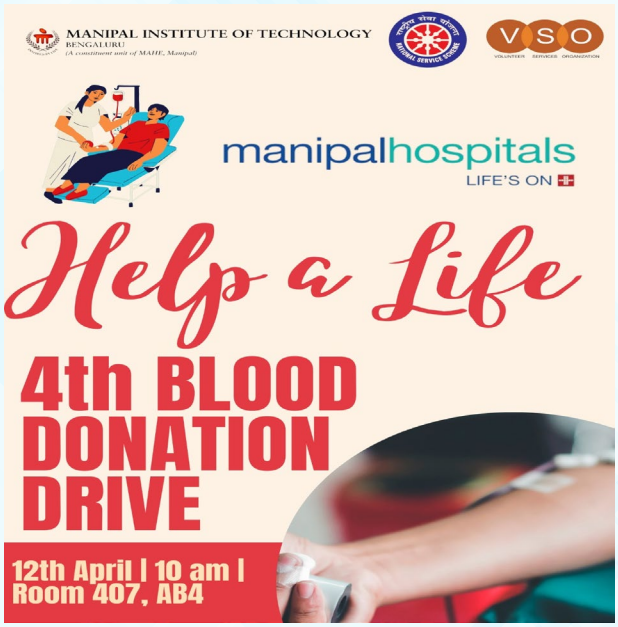
The housekeeping staff was also given a platform to apply their learning by participating in the 2024 Republic Day performances and speeches.

- **Volunteers Engaged**: 03
- **Average Hours per Volunteer**: 32
- **Total Volunteering Hours**: 96

3. Health Festival

Blood Donation – 12 April 2024

Under the Health Festival KAYA 2024, VSO, MAHE Bengaluru, in collaboration with Manipal Hospitals, organized a blood donation camp on 12 April 2024.



- **Volunteers Engaged**: 30
- **Average Hours per Volunteer**: 6
- **Total Volunteering Hours**: 180

4. Project Scribe

- **Description**: The scribe initiative fosters an inclusive academic environment by providing volunteer scribes to assist students with disabilities, temporary health conditions, or other needs during examinations. Scribes write the answer scripts as dictated by the students. The project encourages a culture of helping among the student body on campus.

5. Cleanliness Drives

Swachhata Hi Seva 2024 (SHS 2024) was observed from 14 September to 01 October 2024 with the theme of 'Swabhav Swachhata - Sanskaar Swachhata'. As a part of this campaign, VSO organized a cleanliness drive on 27 September 2024. Monthly campus cleanliness drives and community clean-ups are also conducted to enhance the aesthetic and hygienic conditions of the surrounding environment while instilling a sense of responsibility among participant volunteers. Additionally, awareness sessions are held to educate and inspire the student body to reduce consumption and waste generation by adopting sustainable practices. For students, these activities provide opportunities to develop teamwork, leadership, and organizational skills, while fostering a deeper connection to their community and environment.

- **Volunteers Engaged**: 31
- **Average Hours per Volunteer**: 04
- **Total Volunteering Hours**: 124

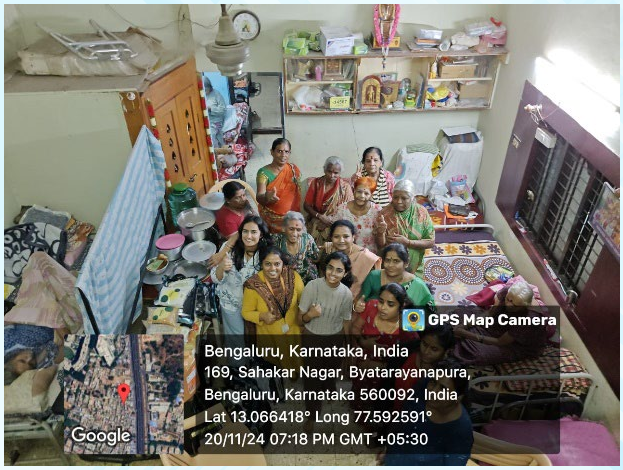
6. Daan Utsav 2024 (02 to 08 October)

Impact Highlights

- Volunteer Participation: 64
- Average hours per volunteer: 10
- Community Impact: 200+ individuals

Every year, Daan Utsav is celebrated under the aegis of VSO at MAHE Bengaluru from 02 to 08 October. Daan Utsav, India's biggest festival of giving, is a time when people come together to perform acts of kindness by giving their time, resources, or money in meaningful ways for causes of their choice. VSO, MAHE, Bengaluru, organized various projects to spread the joy of giving by touching the lives of others. The projects, facilitated by VSO-MAHE, Bengaluru, under Daan Utsav 2024, included:

a. **Donation Drives**: To promote the spirit of giving, donation drives were organized for blood, clothes, food, sanitary pads, and books. Volunteers went door to door in hostels and academic blocks to collect donations and sorted them accordingly. The funds collected were used to purchase groceries (i.e., 100 kg rice, 10 litres of cooking oil, 10 kg of wheat atta, 8 kg of sugar and 8 kg of dal) which were distributed to an old age home (Sumitra Parvathi Charitable Trust) near Sahakar Nagar, Bengaluru. Additionally, books and teaching aids collected during the drives were distributed among students in schools visited as part of Project Vidyaa. The clothes and sanitary pads collected will be distributed among young women and girls in orphanages.



b. Awareness Initiatives: Flash mobs, street plays, and sustainability workshops were organized to educate the community and encourage everyone to participate in Daan Utsav.

c. Wish Wall Initiative: A unique and heartwarming initiative that provided a platform for campus support staff, including mess workers, security personnel, and housekeeping staff, to write down their small wishes or desires. These wishes were displayed on a prominently placed Wish Wall, inviting students and faculty to fulfill them. This initiative highlighted the importance of acknowledging and appreciating the contributions of support staff's while fostering a deeper connection between the university community and its workforce, spreading joy and a sense of belonging.

7. Blood Donation Drives

Organized biannually, the blood donation drives aim to bridge the gap between the demand for and access to safe blood for patients. In 2024, two camps were conducted in collaboration with Manipal Hospitals, resulting in the donation of 178 units of blood by students of MAHE Bengaluru. The drives witnessed enthusiastic participation from students, who eagerly contributed to this life-saving initiative. Volunteers played a crucial role in managing the drives, ensuring a seamless experience for donors by coordinating registration, providing guidance, and offering post-donation care. These events not only save lives but also instill a strong sense of social responsibility and compassion among participants, fostering a culture of giving and community support.

Volunteers Engaged: 26
Average Hours per Volunteer: 06
Total Volunteering Hours: 156

8. Convocation

The Convocation 2024 at the Bengaluru campus was a momentous occasion, where VSO volunteers played an instrumental role in ensuring the smooth execution of the event. Volunteers guided parents and graduating students to designated seating and dining areas, making navigation seamless and stress-free for all attendees. To further enhance the celebratory atmosphere, dedicated photo volunteers captured heartwarming moments of the graduating students with their loved ones, preserving memories of this special day.

- **Volunteers Engaged**: 40
- **Average Hours per Volunteer**: 08
- **Total Volunteering Hours**: 320

9. Global Goals Week

- **Volunteers Engaged**: 06
- **Average Hours per Volunteer**: 05
- **Total Volunteering Hours**: 30

Global Goals Week is an annual week of action, awareness, and accountability for the Sustainable Development Goals (SDGs), bringing together partners from civil society, youth, business, academia, and the UN system to accelerate progress on the SDGs. As part of this international initiative, VSO, MAHE Bengaluru, organized a series of competitions from 20 to 29 September 2024 designed to encourage research, innovative ideas, and solutions to address global challeng

Volunteer Services Organization, Jamshedpur

1. Name of the Project: Donation Drive 2024

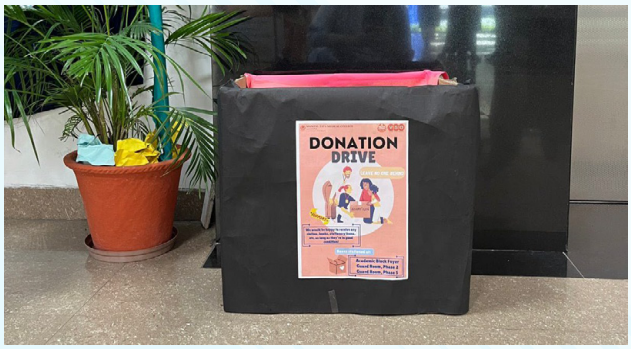
12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Description of the Project:

A donation drive was conducted on the campus, during which donation boxes were placed at the caretakers' room in the Phase 1 and Phase 2 hostels campuses, the security room of the Phase 5 hostels campus, and the main academic building entrance foyer on the college campus. Flyers were circulated among all batches repeatedly to encourage donation of clothes, toys, stationery, and other items that could be of use to someone else. Emphasis was laid on ensuring that the donated items were in good condition.

Total Items Collected:

- 335 clothes
- 22 footwear
- 03 tiffin boxes
- 01 bottle
- 01 body spray
- 04 story books
- 01 drawing book
- 12 crayon packs
- 01 pencil box
- 03 pens
- 03 notebooks
- 05 balls
- 01 school bag



2. Name of the Project: Gratitude Day (2024)

10 REDUCED INEQUALITIES

Description of the Project:

Gratitude Day was organized on 08 October 2024 as a part of Daan Utsav Week. It was planned to

acknowledge the tireless efforts of the mess, housekeeping, and security staff in maintaining the college and hostels. Students from all batches of MBBS and AHS contributed a small amount of money as a token of appreciation. Using the collective sum, snack arrangements were made by the volunteers of VSO Jamshedpur for the maintenance and security staff. The event was conducted across all hostel phases and the college campus. Many smiles were shared as a delightful evening filled with gratitude was spent by the students and staff members together.

Total number of volunteers participated: 30

Number of hours contributed by each volunteer: 02 hours

3. Name of the Project: Kids Summer Camp

Description of the Project:

A cheerful summer camp was organized by the Jamshedpur branch of the VSO on 18 May 2024, Saturday morning for the children of faculty, staff, and housekeeping members. A variety of fun activities, engaging games, and creative drawing sessions were enjoyed by the children, creating wonderful memories together. New friendships were made, team games were played, socializing skills were learned, and camp was concluded with contented hearts. Refreshing drinks and snacks of biscuits and cheese sandwiches were enjoyed by the children. A fun-filled, engaging activity was also conducted to help them learn more about hand hygiene. A dedicated team of twelve MBBS student volunteers played a key role in making this event a success. The camp was filled with laughter and joy, leaving everyone with big smiles and a day to remember.

Total number of volunteers participated: 15

Number of hours contributed by each volunteer: 2.5 hours

4. Name of the project: Project MUDIT - Cheshire Home Visit (07 July 2024)

Description of the Project:

On 07 July 2024, Sunday, a visit to a specially-abled home (Disability Home) - Cheshire Home, situated in Sunder Nagar, Jamshedpur was organized by VSO Manipal Tata Medical College (MTMC), Jamshedpur. The students boarded the bus from the hostel campus, which dropped them at the venue. The event commenced with the volunteers introducing themselves to the residents and making them wear wristbands. Template sheets were given to everyone to colour, while the volunteers helped them in the activity, and in the due course, bonded with them. The volunteers organized fun games for the residents. The residents then grooved to music along with the volunteers, enjoying a cheerful time. Finally, the event ended with snacks and juices being shared with the residents. All in all, it was a truly fun-filled and heartwarming visit, which also gave the volunteers a deeper perspective of life.

Total number of volunteers participated: 25

Number of hours contributed by each volunteer: 03 hours

Photographs:

5. Name of the Project: Project MUDIT - Cheshire Home Visit (02 October 2024)

Description of the Project:

On 02 October, a total of 19 volunteers visited the disability support centre. The college bus left the hostels at 08:10 AM and reached the venue by 08:30 AM. The event was started with introductions by the volunteers, and comfort and rapport were established with the specially-abled individuals. Later, drawing and colouring activities were assisted, ball games were played, and singing and dancing were performed together with them. The event was wrapped up by 11:00 AM. It was a brief visit but a loving experience for the residents of Cheshire Home and a great learning experience for the volunteers, highlighting the importance of inclusive services and community engagement.

Total number of volunteers participated: 19

Number of hours contributed by each volunteer: 2.5 hours

6. Name of the Project: Project AASHIRWAD - A Visit to Old Age Home (05 October 2024)

Description of the Project:

On 05 October 2024, a visit to an old-age home was organized by the VSO organization of MTMC, Jamshedpur. The event commenced with a performance from the college band, Safar. Enthusiastic engagement was shown by the elderly residents, who were delighted by the band's performance. Many residents also joined in by singing and dancing along with everyone. The event was filled with fun, laughter, and a spirit of celebration. A memorable and heartfelt day was experienced by all involved.

Total number of volunteers participated: 35

Number of hours contributed by each volunteer: 02 hours

7. Name of the project: Project AASHIRWAD - A Visit to Old Age Home (02 June 2024)

Description of the Project:

On 02 June 2024, a visit to an old-age home was organized by the VSO organization of MTMC, Jamshedpur. The event was commenced with a brief introduction by VSO's Student Ambassador, Ms Kashmira Dhote and Logistics Coordinator, Mr Chandra Prakash Katesaria, who were accompanied by Mr Anjaneyulu Konuri, Associate Professor, Department of Anatomy. This was followed by a performance from the college band, Safar. Enthusiastic engagement was shown by the elderly residents, who were delighted by the band's performance. Many residents also joined in by singing and dancing along with everyone. The event was filled with fun, laughter, and a spirit of celebration. The emotional highlight was marked when a token of appreciation was presented by the residents to Safar's lead singers. A memorable and heartfelt day was experienced by all involved.

Total number of volunteers participated: 19

Number of hours contributed by each volunteer: 1.5 hours

8. Name of the Project: Project ARTHAVA - Empowering Young Minds (27 September 2024)

Description of the Project:

Empowering young minds with knowledge and breaking the silence around menstruation.

Objectives:

- Understanding menstruation
- Personal Hygiene practices
- Breaking the stigma around menstruation
- Promoting the use of sanitary materials

Total number of volunteers participated: 06

Number of hours contributed by each volunteer: 01 hour

9. Name of the project: Project ARTHAVA - Empowering Young Minds (20 November 2024)

Description of the Project:

Project Arthava, an initiative of VSO MTMC in collaboration with XLRI Jamshedpur, was successfully conducted at Sardar Madho Singh School, South Park, Jamshedpur on 20 November 2024. The event was aimed at raising awareness and breaking stigmas surrounding menstruation. Under this project, high school girls were educated on basic menstrual hygiene, and demonstrations were given on the use of sanitary pads, tampons, and menstrual cups. Future sessions are planned to be conducted in different schools across the city.

Total number of volunteers participated: 27

Number of hours contributed by each volunteer: 01 hour

10. Name of the Project: Project DAKSH - The Music Workshop

Description of the Project:

VSO, Jamshedpur, organized an enriching event, Daksh, a music workshop designed to bring together children from diverse financial backgrounds. The workshop was commenced with engaging lessons on the essence of music, musical instruments, and celebrated Indian music artists, followed by a fun-filled quiz. Breathing and warm-up exercises were conducted, and the foundational sargam was taught. Basic lessons on pitch, melody, and rhythm were provided, enhancing the participants musical understanding. After a refreshing break and snacks, the children enjoyed a lively jamming session, each showcasing their singing talents. The event concluded with joyous games like musical chairs and passing the parcel, ensuring a day filled with learning, laughter, and unity through the universal language of music.

Total number of volunteers participated: 07

Number of hours contributed by each volunteer: 2.5 hours

11. Name of the Project: Project JEEVAN

Description of the Project:

Topics from the adult and paediatric BLS were divided and preassigned to the volunteers. Volunteers were instructed to prepare in advance and arrive ready. On the day of the workshop, the volunteers demonstrated and taught the topics assigned to them. First-hand training and practice were conducted using mannequins. The volunteers were judged and scored. The workshop was concluded with the certification of the volunteers.

Total number of volunteers participated: 25

Number of hours contributed by each volunteer: 05 hours

12. Name of the Project: Project KHUSHI

Description of the Project:

The Jamshedpur branch of the VSO organized an exciting project called Khushi on 2 October 2024, Wednesday morning for the students of MTMC, Jamshedpur. Volunteers formed groups and planted saplings across 49 houses in Bagunhatu. In addition to planting, a beautiful family photo of each family was taken, which would be framed and gifted to them later as a token of appreciation. Volunteers got to interact and connect with residents of Bagunhatu, along with sensitizing themselves to nature and creating wonderful memories together. This fun- filled, engaging activity also helped them learn more about the importance of plantation and a healthier, greener environment. An enthusiastic team of 29 volunteers played a key role in making this event a success. The event was filled with laughter and joy, leaving everyone with big smiles and a day to remember.

Total number of volunteers participated: 29

Number of hours contributed by each volunteer: 02 hours

13. Name of the Project: Project PAAVNI (ATP - Any Time Pad)

Description of the Project:

On 08 March 2024, "Project Paavni" was launched by the VSO at the MTMC campus to commemorate International Women's Day. This initiative aimed to address various aspects of women's well-being. The successful launch was graced by the presence of esteemed Dean, Dr G Pradeep and Dr Vinay AV, Associate Dean and Head, Department Physiology. Faculty members, students, and housekeeping staff attended the event, demonstrating collective support. The first initiative under Project Paavni, "Any Time Pad" (ATP), was initiated with a week-long sanitary napkin donation drive. Generous donations poured in, stocking the campus washrooms with essential pads for those in need, with a focus on the female housekeeping staff. Since its inception, the ATP initiative has been replenished many times, ensuring a steady supply. The housekeeping staff, who were informed and empowered, diligently refill the packets, maintaining a consistent stock. Gratitude is extended to the MTMC community for their continued support, through which the ATP initiative remains a vital resource. A tangible difference has been made in the lives of our students and staff through these contributions.

Total number of volunteers participated: 9

14. Name of the Project: Project SARATH - Awareness Event in NGO

Description of the Project:

On 03 September at 04:30 PM, a total of 9 volunteers visited the educational support centre. Volunteers introduced themselves to the children, allowing comfort and rapport to be developed. A teaching session was conducted on topics such as child rights, prevention against violence, and environmental protection. The event was concluded with the children being helped by the volunteers to draw waste management bins and followed by chocolates being distributed as appreciation. The event was wrapped up by 06:00 PM. The event was a great learning experience for children as well as for volunteers, highlighting the importance of sharing knowledge and bringing change in the community.

Total number of volunteers participated: 09

Number of hours contributed by each volunteer: 1.5 hours

15. Name of the Project: Project UNNATI

Description of the Project:

The Jamshedpur branch of the VSO organized a truly enriching project called Unnati on 6 October 2024, Sunday morning. This project was conducted in collaboration between the existing Project Saarthi and the Robinhood Academy. The volunteers reached the basti in Adityapur and met the children. The volunteers taught the students about their basic rights, such as the right to education, and also did lots of fun activities with the children. Following this, 70 packets of fresh, warm, and nutritious food were provided to the children. The programme concluded with a photo session and lots of smiles.

Total number of volunteers participated: 34

Number of hours contributed by each volunteer: 2 hours

16. Name of the Project: Project UTTARAYAN

4 QUALITY EDUCATION

Description of the Project:

On 26 October 2024, the enthusiastic members of the "Network of Student Leaders (NEST)", in collaboration with the "VSO", organized an exciting event called Project UTTARAYAN, "Women Safety and Health Initiative". Its motive was to educate and spread awareness about women's safety

laws, including the Sexual Harassment of Women at Workplace, Act 2013; the Protection of Women from Domestic Violence, Act 2005; and the Indecent Representation of Women (Prohibition), Act 1986, as well as the importance of HPV vaccination for cervical cancer, and self-breast examination. The target audience included the female housekeeping staff, kitchen staff, and female security guards of the hostels (Phase 1 and Phase 5 campuses). An awareness session was conducted among the female staff on the hostel campus. It was a successful program.

Total number of volunteers participated: 31

Number of hours contributed by each volunteer: 45 minutes

10 REDUCED INEQUALITIES

17. Name of the Project: Wish Tree

Description of the Project:

The Wish Tree program is a heartfelt initiative aimed at collecting and fulfilling the wishes of underprivileged children from urban slums and government schools. During a three-day fest event of MTMC, the professors and students of MTMC fulfilled the wishes at a special stall featuring a beautifully designed Wish Tree.

IX New Projects

Completed project

Name of the building: Dr Ramdas M Pai Block, Manipal

Project Start Date: **2022**
Project End Date: **2024**

Area Details: **1,75,000 sq ft**
Total Budget: **95 Cr**

Name of the Building: Manipal Center for Research and Instrumentation Facility (MCRIF) – Phase I

Project (Internals) Start Date: **2023**
Project End Date: **2024 (Phase I)**

Area Details: **46,000 sq ft (GF + FF)**
Total Budget: **16.90 Cr**

Name of the Building: BSL 3 LAB

Project Start Date: **2023**
Project End Date: **2024**

Area Details: **17,000 sq ft**
Total Budget: **10 Cr**

Name of the Building: TAPMI Sustainability Block

Project Start Date: **2023**
Project End Date: **2024**

Area details: **14,000 sq ft**
Total Budget: **8.2 Cr**

Name of the Building: Psychiatry Block

Project Start Date: **2023**
Project End Date: **2024**

Area Details: **6300 sq ft**
Total Budget: **2.2 Cr**

Ongoing project

Name of the Building: Manipal hospice and Respite Centre (MHRC)

Project Start Date: **2023**
Area Details: **1,17,000 sq ft**

Total Budget: **50 Cr**

Name of the Building: Knowledge Block - Mangalore

Project Start Date: **2024**
Area Details: **45,000 sq ft**

Total Budget: **25.75 Cr**

Name of the Building: MIT Tech Shop

Project Start Date: **2024**
Area Details: **1,00,000 sq ft**

Total Budget: **50 Cr**

Name of the Building: Karkala Hospital Expansion Block

Project Start Date: **2024**

Area Details: **4600 sq ft Total Budget: 2.20 Cr**

Mahe Proposed/Upcoming Projects

Name of the Building: TAPMI Academic Block

Area details: **85,000 sq ft**

Total Budget: **54 Cr**

Name of the Building: MIT Hostel Block

Area Details: **1,80,000 sq ft**

Total Budget: **88 Cr**

Name of the Building: MIT Playground

Area Details: **3,04,800 sq ft (7 Acres)**

Total Budget: **15 Cr**

Name of the Building: MSAP Food Court, Manipal

Area Details: **3158.48 sq ft**

Total Budget: **1.25 Cr**

Details of programs offered by the Institution:

I. Undergraduate Course

1. MBBS

II. Postgraduate Courses

1. MD Anatomy
2. MD Biochemistry
3. MD Physiology
4. MD Pathology
5. MD Microbiology
6. MD Pharmacology
7. MD Forensic Medicine
8. MD Community Medicine
9. MD Anaesthesia
10. MD Dermatology, Venerology and Leprosy
11. MD Emergency Medicine
12. MD General Medicine
13. MD Hospital Administration
14. MD Immunohaematology and Blood transfusion
15. MD Paediatrics
16. MD Palliative Medicine
17. MD Psychiatry
18. MD Radiodiagnosis
19. MD Radiotherapy/Radiation Oncology
20. MD Respiratory Medicine
21. MS General Surgery
22. MS OBG
23. MS Ophthalmology
24. MS Orthopaedics
25. MS Otorhinolaryngology
26. DM Cardiology
27. DM Infectious Diseases
28. DM Medical Gastroenterology
29. DM Medical Genetics
30. DM Medical Oncology
31. DM Nephrology
32. DM Neurology
33. DM Critical Care Medicine
34. DM Neonatology
35. DM Paediatric Oncology
36. DM Endocrinology
37. MCh Cardiothoracic and Vascular Surgery
38. MCh Neurosurgery
39. MCh Paediatric surgery
40. MCh Plastic and Reconstructive Surgery
41. MCh Urology
42. MCh Reproductive Medicine and Surgery
43. MCh Paediatric Orthopaedics
44. MCh Hand Surgery
45. MCh Surgical Oncology
46. MCh Head and Neck Surgery
47. MSc Medical Anatomy
48. MSc Medical Physiology
49. MSc Medical Microbiology
50. MSc Medical Biochemistry
51. MSc Medical Pharmacology
52. MSc Medical Clinical Embryology
53. MSc Genetics Counselling

54. MSc Forensic Science
55. MSc Reproductive and Development Biology
56. MSc Reproductive Genetics
57. MPhil Psychiatric Social Work
58. Fellowship in Foetal Medicine
59. Fellowship in Advanced Obstetric Ultrasound
60. Fellowship in Oncopathology
61. Fellowship in Gynaecologic Oncology
62. Fellowship in Urogynaecology, Female Pelvic Medicine, and Reconstructive Surgery
63. Fellowship in Paediatric Otorhinolaryngology
64. Fellowship in Paediatric Anaesthesia
65. Fellowship in Neuroanaesthesia
66. Clerkship in Emergency Medicine and Disaster Management
67. Integrated End Degree (MD/MS) progression to PhD

III. PhD

About the Institution/School:

Kasturba Medical College (KMC), Manipal, was established in 1953 as the first self-financing medical college in the private sector. The college consistently ranks among the top ten medical colleges in the country. The National Institutional Ranking Framework (NIRF), Ministry of Human Resource Development, Government of India, ranked KMC, Manipal, as the ninth best medical college in India in 2024. The Outlook ICARE ranked the institute as the number one private medical college in India. KMC, Manipal, offers one of the finest learning environments in South Asia, with infrastructure and faculty that support students in honing their skills to become outstanding medical professionals. The institute has strong linkages with national and international universities. Students from the UK, Ireland, USA, New Zealand, Kenya, the Netherlands, and Malaysia opt for their elective postings at KMC, Manipal, while students from KMC pursue electives at several top universities in the USA, Europe, and Australia. KMC Manipal, is the only medical college in the country recognized by the New York State Education Department (NYSED) which provides unrestricted allowance on the duration of clerkship/elective experience for KMC students seeking long-term clinical clerkship placements in the state of New York. The college is certified for ISO 9001:2015 and EMS 14001:2015 standards. Kasturba Hospital (KH), Manipal, is accredited by the National Accreditation Board for Hospitals and Healthcare Providers (NABH). The Kasturba Hospital Laboratory Services is accredited by the National Accreditation Board for Testing and Calibration Laboratories (NABL). In addition to the MCh Surgical Oncology Program started in the year 2023, four new super-specialty programs have been initiated this year to augment the existing postgraduate teaching-learning programs – 1. DM Neonatology, 2. DM Endocrinology, 3. DM Paediatric Oncology and 4. MCh Head and Neck Surgery. In 2024, KMC, Manipal, established the MAHE Centre of Excellence in Laboratory Care, a new facility that reflects its commitment to personalized care and community health. To further the cause of excellence in academics and research, KMC, Manipal, has signed agreements and Memorandums of Understanding with various international medical schools and universities facilitating active participation of inbound and outbound students and faculty. KMC, Manipal, has made strident efforts to engage its distinguished alumni placed in prestigious institutions across the globe by registering 5,376 alumni on the portal.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
Biochemistry			
1	Centre of Excellence in Laboratory Medicine 	The Centre of Excellence in Laboratory Medicine is a concerted initiative between Manipal Academy of Higher Education (MAHE) and Roche Diagnostics India Pvt Ltd, conceived to achieve excellence in laboratory medicine. The Centre was inaugurated on 19 November 2024 by Dr Sharath Kumar Rao, Pro Vice Chancellor, Health Sciences, MAHE, accompanied by Dr Raviraja N Seetharam (Chief Operating Officer, MAHE), Dr Harish Kumar S (Director, Corporate Relations, MAHE), and Dr Avinash Shetty (Medical Superintendent, Kasturba Hospital, Manipal). The collaboration aims to integrate the academic and research capabilities of MAHE with the extensive market presence and technical expertise of Roche Diagnostics India. The activities of the Centre have been meticulously planned to	01 January to 31 December 2024

Sl No	Activity	Particulars	Date(s)
		reflect MAHE's theme for 2025, "Year of Industry-Academia Collaborations." The aims of the Centre of Excellence in Laboratory Medicine are as follows: 1. Capacity building: By conducting workshops targeting laboratory personnel on various concepts of Total Quality Management and Laboratory Management within and outside MAHE, 2. Facilitating continuous improvement: By applying the principles of TQM to improve the service quality provided by the clinical laboratories within MAHE, 3. Knowledge dissemination: By conducting public outreach activates on various health-related laboratory aspects such as the importance of screening tests, 4. Promoting health research: By contributing to the scientific literature on laboratory medicine and Total Quality Management. The activities of the Centre are coordinated by Dr Ravindra Maradi, Professor and Head of Biochemistry and Laboratory Director, Kasturba Hospital Laboratory Services, Manipal.	
Endocrinology			
1	DM Endocrinology	The program aims to train a physician in the specialty of Endocrinology, encompassing the related knowledge, skills, and attitudes to enable him/her to function as an independent clinician/consultant and a teacher, well acquainted with research methods in endocrine medicine.	01 January to 31 December 2024
Head and Neck Surgery			
1	MCh Head and Neck Surgery	MCh Head and Neck Surgery is a three-year super specialty program designed to train students in diagnosis, treatment, and research in tumours arising from the head and neck region.	01 January to 31 December 2025
Neonatology			
1	DM Neonatology	The DM program aims to impart advanced training in neonatology to produce competent super-specialists who can provide clinical care of the highest order to new-born infants and serve as future teachers, trainers, researchers, and leaders in the field of neonatology.	01 January to 31 December 2024
Paediatric Haematology and Oncology			
1	DM Paediatric Oncology	The Paediatric Oncology program is designed to provide a diversified, organized educational environment that will allow the postgraduate student to develop both the clinical and research skills necessary to become an academic Paediatric Oncologist. The program is dedicated to developing individual careers by providing a strong foundation in clinical and laboratory research that allows each trainee the freedom to choose their career goals.	01 January to 31 December 2024

All Other Activities in the Department Relating to the Program/Course:

Sl No	Activity	Particulars	Date(s)
Administration			
1	Management Review Meeting	Management Review Meeting was held on 15 February 2024. The internal audits were conducted from 15 to 25 January 2024.	15 February 2024
2	Management Review Meeting	Management Review Meeting was held on 14 August 2024. The internal audits were conducted from the 22 to the 31 July 2024.	15 August 2024
3	College Day and Awards Ceremony	The institutional College Day and Awards Ceremony was held on 6 April 2024. The Chief Guest of the ceremony was Mr Harish Shah, Trustee, Harish and Bina Shah Foundation, Mumbai.	06 April 2024
4	IQAC Meeting	The IQAC core committee meeting was held on 31 December 2024.	31 December 2024
Anatomy			
1	Inauguration of Virtual Dissection Lab – Anatomage Table	The Virtual Dissection Lab Anatomage Table was inaugurated on 5 April 2024 by Dr Ranjan R Pai, Chairman MEMG and President MAHE Trust at the Dissection Hall, Department of Anatomy, KMC Manipal. Anatomage is a 3D digital dissection table that provides a life-size digital representation of the human body for visualization, manipulation, and virtual dissection of complex anatomical structures. It comprises five different human bodies with 3D anatomy, reconstructed using thin slices of digital images of actual cross sections, CT, and MRI.	05 April 2024
Kasturba Hospital			
1	World Cancer Day	Kasturba Hospital in collaboration with Manipal Comprehensive Cancer Care Centre celebrated World Cancer Day 2024. Awareness of cancer was created by forming the iconic Cancer Awareness Ribbon through a human chain.	04 February 2024
2	Inauguration of Dr Ramdas Pai Block at Kasturba Hospital, Manipal	The Dr Ramdas Pai Block was inaugurated on 30 April 2024 commemorating the 126th birth anniversary of Dr TMA Pai, by MAHE trustee Mrs Vasanti Pai in the presence of Dr Ranjan R Pai, Chairman of MEMG and President of MAHE Trust. It provides personalized and faster care to patients with state-of-the-art facilities and services. The block consists of premium OPD consultation and 161 beds with 75 single rooms, 34 double occupancy rooms, and 24 ICU/HDU beds.	30 April 2024
Medical Education			
1	Pedagogy and Assessment for 2023 Batch MD Students	The pedagogy workshop was conducted for the first-year postgraduate students from preclinical and paraclinical departments as per the PGMER requirements. The sessions included competency and learning objectives, interactive large-group teaching, effective use of media, skill teaching and learning, formative assessment, and case-based learning. A total of 42 PG students attended from the departments of Anatomy, Biochemistry,	28 February 2024

		Physiology, Pathology, Microbiology, Pharmacology, Community Medicine, and Forensic Medicine.	
2	How to Use ChatGPT and AI for Health Professionals	As a part of MAHE Dr A Krishna Rao Memorial Oration Award 2024, a workshop on how to use ChatGPT and AI for health professionals was conducted. Around 69 participants from KMC Manipal, MCODS, MCHP, MCOPS, SOLS, PSPH, Yoga, KMC, Mangalore, Father Muller Medical college, Mangalore, Subbaiah Institute of Medical Sciences, Shivamogga attended this workshop. The key facilitator of this workshop was Dr Avinash Nivritti Supe, Consultant GI Surgeon, Zen Hospital, Mumbai; Director – Clinical Governance, Hinduja Hospital, Mumbai; Ex-Director and Dean, Medical Education and Major Hospitals, MCGM, Mumbai; Emeritus Professor of Surgical Gastroenterology and Medical Education, Seth GS Medical College, Mumbai. He delivered the Oration lecture titled "Artificial Intelligence in Medicine" on 10 April 2024 at TMA Pai Auditorium, KMC Manipal.	10 April 2024
3	The PASSH Simulation Education Course - Faculty Development Program	Pan Asia Simulation Society in Healthcare (PASSH) is the leading healthcare simulation society from Asia, registered in Singapore. The Society has been advocating, mentoring, and leading healthcare simulation education and research across Asia for the last decade. Among its members and office bearers, it boasts many leading simulation educators and operations specialists from around the region. The PASSH simulation education course is a three-day Faculty Development Program (FDP) that was conducted at KMC, Manipal, MAHE, Manipal for the first time in India. This intensive course provided participants with the knowledge and skills to independently conduct team training simulation activities and awarded them an international certification. All the participants were supported over the subsequent year by PASSH mentors to help refine their skills at their respective institutions. The Department of Medical Education, KMC Manipal and CReST-the Centre for Resuscitation, Acute Care and Simulation Training, MAHE Manipal partnered with PASSH to conduct the elite FDP in healthcare simulation. Dr Kirtana Nayak and Dr Vimal Krishnan S, facilitated the partnership with PASSH, executing the international simulation FDP in Manipal. Participants from across the country, including institutions of national importance, benefitted from the program. The feedback from the participants was hugely positive, appreciating MAHE's commitment to establishing this pioneering course in India.	09 to 11 May 2024
4	Curriculum Implementation Support Program (CISP III)	NMC mandated a two-day workshop on the curriculum implementation support program conducted by the members of the curriculum committee. The clinical department faculty were the majority of the participants	02 to 03 July 2024

Sl No	Activity	Particulars	Date(s)
		as directed by NMC for CBME implementation to be streamlined in clinical disciplines.	
5	OSCE - Development and Implementation	Two-day OSCE workshop on OSCE implementation was conducted for the PG teachers/coordinators from clinical specialty and super specialty departments. As per PGMER 2023, OSCE is part of the MD/MS/McH/DM University examinations. The participants designed stations, prepared, and validated checklists, and piloted the stations with interns and participants acting as SPs. The blueprints were prepared by individual departments and discussed on Day 2.	26 to 27 July 2024
6	Revised Basic Course Workshop (rBCW)	NMC-mandated revised basic medical education technologies workshop was conducted by the Department of Medical Education, KMC, Manipal from 16 to 18 September 2024 in the presence of Dr Vrinda J Bhat, NMC observer, RCMET, GMC, Kozhikode. A total of 30 faculty from various departments at KMC, Manipal were certified at the end of three days of training.	16 to 18 September 2024
7	Revised Basic Course Workshop (rBCW)	Around 39 participants from KMC, MCHP, Nursing College, Manipal were given hands-on training with the modular skills trainer by Dr Mahalakshmi V N, Dean, HPE, AVMC, Puducherry. The modular skills trainer can be used to teach multiple skills to undergraduate health professional students. The faculty prepared checklists, learned Peyton's approach to teaching skills, and used SimCapture technology for grading skill performance.	26 October 2024
Ophthalmology			
1	World Glaucoma Week	In celebration of World Glaucoma Week 2024, the Department of Ophthalmology at KMC and Hospital in Manipal, organized an insightful workshop titled 'Manipal HOTS: Hands-on Training Sessions - Glaucoma Diagnostics' on 10 March. The event, inaugurated by Dr Srinath Kamath, President of Udupi District Ophthalmic Society, aimed at enhancing diagnostic skills among postgraduate students.	10 March 2024
Pharmacology			
1	World Drug Day	World Drug Day was celebrated on 26 June 2024 by the Department of Pharmacology, KMC, Manipal. The theme for this year was “The evidence is clear: invest in prevention”. A digital collage competition was conducted for second-year MBBS students. Students were assigned to small groups of seven to eight members. Each group received any one of the topics: nicotine, benzodiazepine, cannabis, morphine, or ketamine through the lot system. They were asked to prepare a digital poster focusing on sources, clinical features of dependence, mechanisms of dependence, and treatment of dependence for the allotted drugs. The posters were independently judged by two judges. Posters were presented by all participating	26 June 2024

Sl No	Activity	Particulars	Date(s)
		teams. The winning team in each category was awarded prizes.	
3	Pharmacovigilance Week	Awareness about Adverse Drug Reaction (ADR) reporting was raised among healthcare professionals and patients in KH Manipal, community health centres, and primary healthcare centres. Educational posters were displayed. An essay competition was conducted on the topic "Strengthening ADR Reporting for Patient Safety," which was open to all students of MAHE. Prizes and certificates were given to the winners and participants. A guest talk on "Signal Detection in Pharmacovigilance" was delivered by Dr Bino Ebin Singh, Medical Advisor and Deputy QPPV, Exeltis India, to increase understanding about signal detection among HCPs. Undergraduate MBBS students were trained in ADR reporting.	17 to 23 September 2024
4	World Patient Safety Day 2024	A digital poster-making competition based on the theme was conducted among the PY II MBBS students. It was a group activity. Teams of the top three posters from each batch were presented with certificates.	17 September 2024
Physiology			
1	World Parkinson's Day	The Department of Physiology organized E-poster competitions commemorating World Parkinson's Disease Day to raise awareness about the disease among the students.	11 April 2024
2	World Haemophilia Day	The Department of Physiology organized E-poster competitions commemorating World Haemophilia Day which was held on 16 May 2024. The aim was to raise awareness about the disease within the student community. Participants comprised first-year MBBS students of the 2023-2024 batch.	17 April 2024
Reproductive Science			
	World Embryologist Day	Around 80 PUC and final year BSc students at various colleges participated in the Open Day event conducted on account of World Embryologist Day. The program was inaugurated by Dr Sharath Rao, Pro Vice-Chancellor, Health Sciences, KMC, Manipal, and Dr Padmaraj Hegde, Dean, KMC Manipal. The sessions included introducing students to the field of clinical embryology and reproductive science, showcasing cutting-edge techniques and research, and outlining career opportunities in the field. The program also involved an orientation to the subject and academic programs available at the postgraduate and doctoral levels. This was followed by several activities such as live demonstrations of human gametes, embryos, and IVF techniques along with opportunities to meet experts in the field.	25 July 2024

Sl No	Activity	Particulars	Date(s)
Hand Surgery			
1	Mangalore Upper Limb Course 2	The Second Manipal Upper Limb Course (MULC-2) was conducted by the Department of Hand Surgery, KMC Manipal, under the Center for Congenital Difference Hastha on 20 July 2024, at the TMA Pai Auditorium in Manipal under the dynamic leadership of Prof Anil K Bhat. Dr Padmaraj Hegde, Dean, KMC Manipal, graced the program as the chief guest and emphasized the importance of continuous learning and skill development in the field of hand surgery. The course featured expert lectures and interactive sessions on congenital hand disorders. The participants had the opportunity to present, observe, and learn from these live case presentations, gaining valuable practical knowledge.	20 Jul 2024
2	Hand Surgery Day	The Department of Hand Surgery at KMC Manipal, under HASTHA Center for Congenital Hand Differences, observed Hand Surgery Day on 23 August 2024. A collection of informative posters pertaining to various aspects of hand surgery and congenital hand disorders was prominently exhibited within our outpatient department. Awareness regarding congenital hand anomalies and the importance of first-trimester scans and the need for cardiac evaluation was highlighted among the general public. The need for early referral was also highlighted among the medical professionals. Furthermore, we responded to inquiries and offered additional instructions on the risk variables linked to congenital anomalies.	23 Aug 2024
Research Verticals			
1	UG Research Vertical	ICMR STS Hands-On Workshop	17 Nov 2024, 12 Dec 2024 and 15 Dec 2024
2	PG & Faculty Research Verticals	Centre for Tropical Febrile Illness in association with KMC PRIME Faculty & Postgraduate Research Vertical conducted 'Meet the Researcher' for faculty & Postgraduate students	7 Feb 2024
3	PG Research Vertical	Full-day Protocol Writing workshop for DM/MCh postgraduate batch of 2023	19 Mar 2024
4	PG Research Vertical	“Case Report Writing Workshop” for the Postgraduate / Undergraduate/PhD students and for the faculty members	2 Mar 2024
5	PG Research Vertical	Scoping review workshop for postgraduates and guides of the Batch of 2021	30 Jan 2024 and 06 Feb 2024
6	PG Research Vertical	KMC PG research vertical & Prasanna School of Public health conducted workshop on Artificial Intelligence and human factors in academic writing. Resource person - Dr Bijaya Kumar Padhi	07 Jun 2024
7	PG Research Vertical	KMC Postgraduate Research vertical conducted Manipal Quest 1.0	09 Jun 2024

Sl No	Activity	Particulars	Date(s)
8	PG Research Vertical	KMC Manipal Postgraduate research vertical with Centre for Bioethics, MAHE, conducted 'Good Clinical Practice and Good Laboratory Practice' workshop for the batch of 2021 MD/MS/DM/MCh postgraduates	04 Jul 2024
9	PG Research Vertical	Manuscript Writing workshop	09 Sep 2024, 16 Sep 2024 and 23 Sep 2024
10	PG Research Vertical	Visualize to Impress: Crafting Graphics for Research using PowerPoint - online event	13 Dec 2024
11	Doctoral Research Vertical	Beyond Masters: Exploring MAHE PhD Pathways	16 May 2024
12	Doctoral Research Vertical	Embarking on Your PhD Journey: Orientation Program	30 May 2024
13	Doctoral Research Vertical	BMJ Research to Publication Hands-on workshop	02 Dec 2024, 03 Dec 2024 and 04 Dec 2024
14	Faculty Research Vertical	Ignite the mind: A one-day research Symposium for Junior Faculty	05 Jan 2024
15	Faculty Research Vertical	Masterclass on Manuscript Writing	09 Feb 2024
16	Faculty Research Vertical	Making the Change Happen: Introducing Implementation Science Research	13 Feb 2024
17	Faculty Research Vertical	Workshop on design, management and analysis of clinical trials	30 Aug 2024
18	Faculty Research Vertical	Workshop on investigator–initiated RCTs Session 2	11 Sep 2024
19	Consultancy & Entrepreneurship	Clinical Competency Development Program on ECG interpretation for Philips engineers	14 Mar 2024 and 15 Mar 2024
20	Research Ethics & Regulations	Sensitization program for Research Ethics and Regulations (RER) vertical Members for faculty	16 Feb 2024
21	Research Ethics & Regulations	Review, Audit and Identification of Solutions to Empower Ethics Committees (RAISE-EC)	29 Nov 2024
22	Research Ethics & Regulations	Advanced Techniques in Preclinical Cardiovascular Research by Research Ethics and Regulations Vertical & Central Animal Research Facility, KMC	21 Nov 2024
23	Research Ethics & Regulations	Regulations for animal experimentation	02 Dec 2024
24	Research Funding and Grants	Workshop: Indo-Foreign grants. Resource person - Dr Mukesh Kumar	19 Apr 2024
	Research Funding and Grants	Understanding and Treating Brain Disorders. Resource person – Dr Santosh D'Mello	13 Jun 2024
25	Research Funding and Grants	Grant writing workshop	09 Aug 2024 and 26 Sep 2024
26	Research Funding and Grants	"Business Model Canvas" Explore your entrepreneurial goals and startup ideas	21 Oct 2024
27	Clinical Trials	"A Primer on Implementation of Clinical Trials" – workshop in collaboration with Departments of Pharmacology & Community Medicine	21 Jun 2024

Sl No	Activity	Particulars	Date(s)
28	International Engagements, Alumni and Overseas Faculty	Workshop on "Strategies for International Collaborative Research"	13 Apr 2024
29	International, Engagements, Alumni and Overseas Faculty	McGill in association with IAO research vertical organized a session on "Meet the editor: Challenges & Opportunities in Medical Publishing" by Prof Madhukar Pai	01 May 2024
30	International, Engagements, Alumni and Overseas Faculty	Training session for the research coordinators of KMC departments in the Language Editing Tool: Curie by AJE Digital, USA	12 Jun 2024

Details of the Guest Visits (lectures, collaboration, and visitors on campus)

Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
Cardiology				
1	Dr Prabhavathi	Sri Jayadeva Hospital, Bengaluru, India	Guest Speaker	20 April 2024
Community Medicine				
1	Dr Andrew Fogarty	University of Nottingham	Guest Speaker	27 February 2024
2	Dr Dominick Shaw	University of Leicester	Guest Speaker	27 February 2024
Dermatology				
1	Dr Jaishree Sharad	Director, Skinfinitii Aesthetic Skin and Laser Centre, Mumbai	To deliver a guest lecture at a workshop on Aesthetic Dermatology.	28 January 2024
2	Dr Rajetha Damisetty	Founder and consultant at Mohana skin and hair clinic, Hyderabad	To deliver a guest lecture at a workshop on Aesthetic Dermatology.	28 January 2024
3	Dr Meera James	Consultant Cosmetic Dermatologist, Beau Aesthetica Cosmetic Dermatology Clinic, Ernakulam	To deliver a guest lecture at a workshop on Aesthetic Dermatology	28 January 2024
4	Dr Ganesh Pai, MD, DVD, FAAD	Medical Director DERMA-CARE, Mangaluru	To deliver a guest lecture at a workshop	15 and 16 June 2024
5	Dr Vindhya Pai, MD (Dermatology), Consultant Dermatologist	The Skin Clinic, Mangaluru, India	To deliver a guest lecture at a workshop	15 and 16 June 2024
6	Dr Sharvari Pandit, MD (Dermatology), Consultant Dermatologist	Pandit Clinic, Pune, Maharashtra	To deliver a guest lecture at a workshop	15 and 16 June 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
Hospital Administration				
1	Dr Ritesh Kondeti, Professor and Head, Radiology (Radio Diagnosis) MBBS, DNB	Apollo Institute of Medical Sciences and Research, Chittoor, India	Guest Speaker	02 February 2024
Medical Gastroenterology				
1	Dr Jimmy K Limdi	Consultant Gastroenterologist, Head of IBD, Northern Care Alliance NHS foundation Trust, Manchester	Research Talk	06 January 2024
2	Dr Guruprasad Padur Aithal	Professor of Nottingham, Nottingham Digestive Centre, United Kingdom	Guest Lecture	13 August 2024
Neurosurgery				
1	Dr Nupur Pruthi, Professor	NIMHANS, Bengaluru	Guest Speaker	05 and 06 September 2024
Neurology				
1	Dr (Brig) Sankar Prasad Gorthi	Professor and Head, Department of Neurology, Bharati Hospital and Research Centre, Pune	Invited to deliver a guest lecture.	16 June 2024
Ophthalmology				
1	Dr Jeewan Singh Titiyal	Dr RP Centre of Ophthalmology, AIIMS Delhi	Guest Lecture	11 January 2024
2	Dr Vikram Jain	Glaucoma Consultant Prasad Netralaya, Lalbagh, Mangaluru	Manipal HOTS- Hands-on Training Session - Glaucoma Diagnostics - Guest Speaker	10 March 2024
3	Dr Kamala Mahesh	Glaucoma Consultant Sankara Eye Hospital, Shivamogga, Karnataka	Manipal HOTS- Hands-on Training Session - Glaucoma Diagnostics - Guest Speaker	10 March 2024
4	Dr Shibi Dev B N	HOD, Department of Glaucoma Nethradhama Super Specialty and Eye Hospital, Bengaluru	Manipal HOTS- Hands-on Training Session - Glaucoma Diagnostics - Guest Speaker	10 March 2024
5	Dr Vijna Kamath	Glaucoma Consultant Mahalaxmi Eye Clinic and Laser Centre, Udupi	Manipal HOTS- Hands-on Training Session - Glaucoma Diagnostics - Guest Speaker	10 March 2024
6	Dr Muna Bhende	Senior Retina Consultant, Sankar Nethralaya, Chennai	Guest Lecture	22 April 2024
7	Ms Rakhi Nathawat	Senior Manager at Dr Shroff Charity Eye Hospital, New Delhi, and Eye Bank Association of India	Guest Lecture	24 April 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
8	Dr Neeti Gupta	Additional Professor, Department of Ophthalmology in AIIMS Rishikesh, Fellowship in 'Cornea and Anterior Segment and Refractive Surgery' from LVPEI, Hyderabad (2018-19)	Guest Lecture	18 July 2024
9	Dr Pradeep Venkatesh	Additional Professor (Retinal Consultant), MBBS, MD, Department of Ophthalmology from All India Institute of Medical Sciences (AIIMS), New Delhi	Guest Lecture	01 August 2024
Otorhinolaryngology				
1	Dr Prahlada N B	Professor, Department of ORL-HNS, Basaveshwara Medical College and Hospital, Chitradugra, Karnataka	Guest Speaker	14 January 2024
2	Dr Anand V, ENT Consultant, MS ENT	No 106, MCV Memorial ENT Trust Hospital, Palghat Road, Pollachi Ho, Pollachi – 642 001 (Near NGM College)	Manipal FESS Workshop -2024 - Guest Speaker	16 and 17 May 2024
3	Dr Dipak Ranjan Nayak, ENT Consultant, MS ENT	Utkal Hospital, Bhubaneshwar	Manipal FESS Workshop -2024 - Guest Speaker	16 and 17 May 2024
4	Dr Manoj Krishnan, ENT Consultant, MS ENT	Medical College, Pattom Kumarapuram Rd, Murinjapalam, Thiruvananthapuram, Kerala 695 011	Manipal FESS Workshop -2024 - Guest Speaker	16 and 17 May 2024
5	Dr George Varghese, ENT Consultant, MS ENT	G V ENT clinic, Seaport - Airport Rd, Chittethukara, Kakkanad, Kerala 682 031	Manipal FESS Workshop -2024 - Guest Lecture	16 and 17 May 2024
6	Dr Hazarika P, ENT Consultant, MS ENT	Nemcare Hospitals Pvt Ltd, GMCH Road, Bhangagarh, Guwahati, Assam	Manipal FESS Workshop -2024 - Guest Speaker	16 and 17 May 2024
7	Dr PSN Murthy, ENT Consultant, MS ENT	Sneha Mother and Children, Kaleshwara Rao Road, Kothapet, Vijayawada - 520 001	Manipal FESS Workshop -2024 - Guest Speaker	16 and 17 May 2024
8	Dr Udayabhanu H N, Associate Professor, MS ENT	Akash Institute of Medical Sciences, Prasannahalli, Bengaluru Rural - 562 110	Manipal FESS Workshop -2024 - Guest Lecture	16 and 17 May 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
9	Dr Ashish chandra Aggarwal, ENT Consultant, MS ENT	Additional Professor, Dr RML Institute of Medical Sciences, Lucknow	Manipal FESS Workshop -2024 - Guest speaker	16 and 17 May 2024
10	Dr Shama Shetty, ENT Consultant, MS ENT	ENT - Head and Neck Consultant, Sparsh Multispecialty Hospital, Bengaluru	Manipal FESS Workshop -2024 - Guest speaker	16 and 17 May 2024
11	Dr Archita Menon, ENT Consultant, MS ENT	Shri Atal Bihari Vajpayee Medical College and Research Institute (formerly known as Bowring and Lady Curzon Hospital), Shivaji Nagar, Bengaluru-1	Manipal FESS Workshop -2024 - Guest speaker	16 and 17 May 2024
12	Dr Ravi Ramalingam, ENT Consultant	Managing Director and Senior Consultant of KKR ENT Hospital and Research Institute, Kilpauk and KKR ENT Super Specialty Hospital, Maduravoyal.	Seventh Manipal ENT Oration	18 May 2024
13	Dr Sunil Narayan Dutt, Professor and Distinguished Clinical Tutor	Head of Cochlear Implant Program, Apollo Karnataka Region, Apollo International Hospitals, Bannerghatta Road, Opposite IIM (B), Bengaluru 560 076, India Mobile: 99001 28981, Email id: sunildutt@hotmail.com	Guest Speaker	08 October 2024
Paediatrics				
1	Dr Sai Shankar	Fellow PICU, UK, AUS. (Fellow NICU, UK)	Guest Lecture	17 May 2024
Reproductive Medicine and Surgery				
1	Dr Sujata Lalit Kumar	Medical Director, Stockholm IVF, Stockholm, Sweden	1. Gave a guest lecture 2. Research meeting: To discuss ongoing clinical research at RMS and plan for future research collaborations	16 July 2024
Reproductive Science				
1	Dr Rajakumara Eerappa	Professor and Head, Macromolecular Structural Biology Group Department of Biotechnology, IIT Hyderabad	Guest Lecture	05 July 2024
2	Dr Luther Lalit Kumar	Principal Scientist Karolinska Institute, Sweden	Guest Lecture	16 and 17 July 2024
3	Dr Nagarajan Kannan	Director, Stem Cell and Cancer Biology Laboratory, Mayo Clinic, Rochester, USA	Guest Lecture	28 and 29 July 2024
4	Dr Ravi Ram Kristipati, PhD	CSIR-Indian Institute of Toxicology Research, Lucknow, Uttar Pradesh	Guest Speaker	20 to 22 August 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
	Senior Principal Scientist			
5	Dr Shamprasad Varija Raghu, PhD Associate Professor	Yenepoya Research Centre (YRC), Yenepoya (Deemed to be University) Mangaluru, Karnataka	Guest Speaker	20 to 22 August 2024
6	Dr Anurag Sharma, PhD, Associate Professor, Department of Environmental Health and Toxicology	Nitte Centre for Science and Education, Nitte (Deemed to be University), Mangaluru, Karnataka	Guest Speaker	20 to 22 Aug 2024
7	Prof Kshitish K Acharya	Transcriptomics and Reproductive Biology, Institute of Bioinformatics and Applied Biotechnology, Bengaluru	Guest Speaker	20 September 2024
Surgical Oncology				
1	Dr Shalaka P Joshi	Professor, Department of Breast Surgery Tata Memorial Centre, Mumbai	Guest Speaker	10 and 11 May 2024
2	Dr Manish Bhandare	Professor, Department of GI and HPB Surgery Tata Memorial Centre, Mumbai	Guest Speaker	10 to 11 May 2024

Books/chapters authored by faculty members:

Sl No	Name of the Book	Chapter(s) name (if authored, chapters only)	Faculty members	Publisher	Date
Dermatology					
1	IADVL Textbook of Pemphigus and other Autoimmune Bullous Diseases		Dr Raghavendra Rao	Jaypee Brothers Medical Publishers (P) Ltd,	31 December 2024
2	Handbook of Psychodermatology		Dr Smitha Prabhu S	Jaypee Brothers, New Delhi, India	31 December 2024
3	Difficult to Treat Acne. Part 2.	Cosmetically Disabling Acne: perseverance pays	Dr Smitha Prabhu S	Knowledge Bridge International	31 December 2024
4	Difficult to Treat Acne. Part 2.	Cosmetically Disabling Acne: perseverance pays	Lisa Jennifer D'Souza	Knowledge Bridge International	31 December 2024
Endocrinology					
1	RSSDI Annual Case Book-2024	Anti-GAD65 Antibodies positive diabetes mellitus and stiff person syndrome: Two sides of a coin	Dr Anudeep Gaddam	Knowledge Bridge International	31 December 2024
2	RSSDI Annual Case Book-2024	Anti-GAD65 Antibodies positive diabetes mellitus and stiff person syndrome: Two sides of a coin	Dr Avivar Awasthi	Knowledge Bridge International	31 December 2024
3	Jyotirmoy Pal, Progress in Medicine 2024	Diabesity and Glucagon-like Peptide-1 Receptor Agonists	Dr Avivar Awasthi	Jaypee Brothers Medical Publishers (P) Ltd.	31 December 2024
4	RSSDI Annual Case Book-2024	Anti-GAD65 Antibodies positive diabetes mellitus and stiff person syndrome: Two sides of a coin	Dr Sahana Shetty	Knowledge Bridge International	31 December 2024
Neurology					
1	Advances in Headache Disorders	Advances in the Management of Cluster Headache	Dr Sanjay Rao Kordcal	Jaypee Brothers Medical Publishers (P) Ltd.	31 December 2024

Sl No	Name of the Book	Chapter(s) name (if authored, chapters only)	Faculty members	Publisher	Date
Ophthalmology					
1	"Essentials of Ophthalmology" undergraduate textbook of ophthalmology	Instrument	Dr Ashrith Kamath	Wolters Kluwer	31 December 2024
2	"Essentials of Ophthalmology" undergraduate textbook of ophthalmology	Instrument	Dr Kalakuntla Nihith Chandra	Wolters Kluwer	31 December 2024
3	"Essentials of Ophthalmology" undergraduate textbook of ophthalmology		Dr Sulatha V Bhandary	Wolters Kluwer	31 December 2024
4	"Essentials of Ophthalmology" undergraduate textbook of ophthalmology		Dr Vijaya Pai H	Wolters Kluwer	31 December 2024
Paediatric Haematology and Oncology					
1	Tata Memorial Centre textbook of Oncology	Paediatric MDS/overlap syndromes	Dr Vasudeva Bhat K	Springer	31 December 2024
Pharmacology					
1	Principles and Practice of Pharmacovigilance and Clinical Practice	Methods to Detect, Predict, and Prevent Adverse Drug Reactions in Pharmacovigilance and Clinical Practice	Dr Jeffrey Pradeep Raj	Springer Nature	31 December 2024
Reproductive Medicine and Surgery					
1	Optimizing IUI Results	Luteal Phase Support	Dr Pratap Kumar	Jaypee Brothers Medical Publishers (P) Ltd	31 December 2024

Details of Research Grants:

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
Anaesthesiology					
1	Dr Souvik Chaudhuri	DHR-ICMR MBBS/MD/Ms-PhD Program (Category-2 Young Medical Faculty PhD Program)	ICMR, New Delhi	10,00,000.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
Anatomy					
1	Exploration of the physiological action of homeopathic anti-anxiety mediating human GABAergic and serotonergic neurons	Dr Dinesh Upadhya	CCRAS, New Delhi	8,66,242.00	01 January to 31 December 2024
2	Identification of epigenetic, transcriptional and behavioural mechanisms engaged by schizophrenia and related neuropsychiatric disorders using Drosophila as a model	Dr Pavan Kumar Agrawal	DBT, New Delhi	19,59,138.00	01 January to 31 December 2024
3	Characterizing a novel potential antidepressant drug that activates the RXFP3 receptor	Dr Somasish Ghosh Dastidar	SERB, New Delhi	3,00,000.00	01 January to 31 December 2024
4	Deciphering the biological role of the three mammalian eukaryotic Initiation Factor 4 Binding Proteins (4E-BPs) against a null background of their paralogues to identify their activators and repressors as potential therapeutic targets in neuroinflammatory disorders such as Parkinson's and astrocytomas, which is a cancer in the CNS	Dr Somasish Ghosh Dastidar	DBT, New Delhi	19,70,695.00	01 January to 31 December 2024
5	Transcriptional and behavioural mechanisms underlying social	Dr Pavan Kumar Agrawal	DBT, New Delhi	12,02,376.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	isolation stress in Drosophila				
6	Validating the efficacy of novel formulations of in-silico derived drugs that inhibit protein translation and virgin Coconut oil in preclinical models of Parkinson's disease	Dr Somasish Ghosh Dastidar	ICMR, New Delhi	76,37,837.00	01 January to 31 December 2024
7	Rapid semi-quantitative diagnostic kit for detecting vitamin A deficiency in primary health centres	Dr Dinesh Upadhya	DBT, New Delhi	9,59,937.00	01 January to 31 December 2024
Biochemistry					
1	Understanding the effect of diabetes mellitus on immunometabolic response to Burkholderia pseudomallei in Indian patients	Dr Ranita Ghose Dastidar	ICMR, New Delhi	21,67,781.00	01 January to 31 December 2024
Cardiology					
1	Protocol No. CTQJ230A12301 title: A randomized double-blind, placebo-controlled, multicentric trial assessing the impact of lipoprotein (a) lowering with TQJ230 on major cardiovascular events in patients with established cardiovascular disease	Dr Tom Devasia	Novartis Healthcare Pvt Ltd	33,800.00	01 January to 31 December 2024
2	Protocol No. CKJX839B12302: A randomized double-blind, placebo-controlled, multicentric trial, assessing the impact	Dr Tom Devasia	Novartis Healthcare Pvt Ltd	2,04,100.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	of inclisiran on major adverse cardiovascular events in participants with established cardiovascular disease (Victorian-2 prevention)				
3	Protocol No EX6018-4758 Effects of Ziltivakimab versus placebo on cardiovascular outcomes in participants with established atherosclerotic cardiovascular disease, chronic kidney disease, and systemic inflammation	Dr Tom Devasia	Novo Nordisk India Pvt Ltd	18,48,140.00	01 January to 31 December 2024
4	Protocol CKJX839D12302: A randomized, double-blind, placebo-controlled multicentric study to evaluate the effect of inclisiran on preventing major adverse cardiovascular events in high-risk primary prevention patients (Victorion-1 Prevent).	Dr Tom Devasia	Novartis Healthcare Pvt Ltd	3,30,966.00	01 January to 31 December 2024
5	Targeted next-generation sequencing-based approach to explore potential variants in patients with non-syndromic congenital heart defects.	Dr Yashvanthi Borkar	DST, New Delhi	17,72,323.00	01 January to 31 December 2024
Community Medicine					
1	A study to assess the health and economic status of beedi rollers in	Dr Muralidhar M Kulkkarni	WHO, New Delhi	1,61,385.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	Coastal Karnataka, 29 September 2022 to 28 September 2023				
2	BCG Vaccine Trial Protocol: VPM1002-IN-3.01TBR/A multicentric Phase II/III double-blind, randomized placebo-controlled study to evaluate the efficacy and safety of VPM1002 in the prevention of tuberculosis (TB) recurrence in pulmonary TB patients after successful TB treatment in India.	Dr Veena G Kamath	Parexel International Clinical Research Pvt Ltd	7,90,530.00	01 January to 31 December 2024
3	Protocol No. SII-qHPV/IN-04 Study title "A Phase-IV single-arm, multicentric, study to assess the safety of SIIPL's qHPV vaccine (CERVAVAC) when administered in a two-dose schedule to girls and boys aged 9-14 years and in a three-dose schedule to women and men aged 15-26 years.	Dr Veena G Kamath	DiagnoSearch Life Sciences Pvt Ltd	4,54,960.00	01 January to 31 December 2024
4	Protocol No. SII-wHEXA/IN-03: An observer-blind, randomized, active controlled, multicentric Phase-III study in infants and toddlers to assess the immunogenicity and safety of SIIPL Hexavalent (DTwP-HepB-IPV-Hib)	Dr Veena G Kamath	DiagnoSearch Life Sciences Pvt Ltd	22,18,068.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	vaccine containing reduced dose IPV in comparison with SIIPL Hexasiil				
5	Protocol ID: MEQ00064 Study title "Immunogenicity and safety of an investigational quadrivalent meningococcal conjugate vaccine when administered concomitantly with routine paediatric vaccines in healthy infants and toddlers in India and the Republic of South Africa	Dr Veena G Kamath	Labcorp Development Pvt Ltd	9,29,097.00	01 January to 31 December 2024
6	Protocol ID: MEQ00064 Study title "Immunogenicity and safety of an investigational quadrivalent meningococcal conjugate vaccine when administered concomitantly with routine paediatric vaccines in healthy infants and toddlers in India and the Republic of South Africa"	Dr Veena G Kamath	Fortrea Development India Pvt Ltd	42,84,848.35	01 January to 31 December 2024
7	SII-qHPV/IN-02	Dr Veena G Kamath	DiagnoSearch Life Sciences Pvt Ltd	3,06,111.00	01 January to 31 December 2024
8	Validation and deployment of the Swaasa AI Platform for screening and triaging of respiratory problems	Dr Chythra R Rao	Salcit Technologies Pvt Ltd	4,52,550.00	01 January to 31 December 2024
Critical Care					
1	Development of screening tool to identify fatal	Dr Shwethapriya R	ICMR, New Delhi	4,88,639.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	hyperinflammatory subphenotype -2 of acute respiratory distress syndrome with point of care ultrasound, ventilator mechanical power, and blood cell count derived biomarkers.				
2	Optimizing antimicrobial treatment strategy for Carbapenem-resistant *Klebsiella pneumoniae*	Dr Vishal Shanbhag	ICMR, New Delhi	12,99,324.00	01 January to 31 December 2024
Dermatology					
1	Assessment of immuno-metabolic axis of autoimmune blistering diseases (AIBDs)-mechanistic and diagnostic implications	Dr Raghavendra Rao	IADVL, Ghaziabad	3,20,000.00	01 January to 31 December 2024
2	Clinical and demographic characteristics of Indian patients with generalized pustular psoriasis flare (GPP): A retrospective case series	Dr Satish Pai B	Sekhmet Technologies Pvt Ltd	35,400.00	01 January to 31 December 2024
3	Protocol No: 1368_0120 Study Title: An open-label, multicentric, single-arm, post-marketing trial (in select countries) to evaluate efficacy and safety and the impact of immunogenicity on efficacy, safety, and pharmacokinetics of spesolimab IV	Dr Sathish Pai B	IQVIA RDS (India) Pvt Ltd	50,000.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	in treatment of patients with generalized pustular psoriasis presenting with a recurrent flare following their initial GPP flare treatment with spesolimab IV,				
Emergency Medicine					
1	Dr Rachana Bhat	DHR-ICMR MBBS/MD/Ms-PhD Program (Category-2 Young Medical Faculty PhD program)	ICMR, New Delhi	10,00,000.00	01 January to 31 December 2024
2	Impact of indigenously developed simulation-based training module 'Maternal resuscitation program' on knowledge, skills, and preparedness in maternal resuscitation among healthcare teams: District level Quasi-experimental study	Dr Prithvishree Ravindra	ICMR, New Delhi	7,76,443.00	01 January to 31 December 2024
Forensic Medicine					
1	Evaluating the role of extracellular vesicles derived from snakes' venom on toxicity profile in a rat model-an experimental study	Dr Shankar M Bakknnavar	ICMR, New Delhi	6,22,217.00	01 January to 31 December 2024
General Medicine					
1	An integrated transcriptomics and proteomics approach for identification of altered plasma miRNA and blood	Dr Mukhyaprana Prabhu	Indian Rheumatology Association, New Delhi	7,00,000.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	proteins as composite biomarker panel in lupus flare				
2	ICMR - Young Diabetes Registry (YDR) and YDR Cohort Phase-III	Dr Shivashankar K N	ICMR, New Delhi	11,97,004.00	01 January to 31 December 2024
3	Targeting SLE heterogeneity in geriatric and childhood lupus using single-cell transcriptomics and validation using a CRISPR-based gene editing system for patient-specific precision medicine	Dr Mukhyaprana Prabhu	ICMR, New Delhi	16,95,666.00	01 January to 31 December 2024
Hand Surgery					
1	Protocol No. SMPL/SM/003 "A prospective, interventional, randomized, comparative open label pivotal clinical study to assess the efficacy of Serioss ® a bone void filler/bone substitute"	Dr Anil Bhat (Co PI)	Serigen Mediproducts Pvt Ltd	4,07,470.00	01 January to 31 December 2024
Infectious Diseases					
1	Implementation of AMSP in various tertiary care centres across India	Dr Muralidhar Varma D	ICMR, New Delhi	19,35,183.00	01 January to 31 December 2024
2	Protocol No. MDA 2013-0039 study title "A Phase-III, multi-centre, randomized, open-label, assessor-blind study to evaluate the efficacy and safety of Mino-Lok Therapy	Dr Muralidhar Varma D	Biorasi Cro Services Pvt Ltd	63,559.32	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	(MLT) in combination with systemic antibiotics in the treatment of catheter-related or central line-associated bloodstream infection				
3	Protocol No. W-5222-202 titled "A Phase-II, prospective, multicentre study to determine the efficacy and safety of Cefepime-Zidebactam (FEP-ZID) WCK 5222 for the treatment of adult subjects with serious infections caused by carbapenem-resistant gram-negative bacteria including those with underlying kidney dysfunction precluding the use of Colistin/Polymyxin B	Dr Praveen Kumar Tirlangi	Clinnex Research Pvt Ltd	50,000.00	01 January to 31 December 2024
4	Role of adjunctive corticosteroids on clinical outcomes in severe scrub typhus pneumonitis: a randomized controlled trial	Dr Kavitha Saravu	CMC, Vellore	2,88,684.75	01 January to 31 December 2024
Medical Gastroenterology					
1	Protocol No. GS-US-418-3899 A long-term extension study to evaluate the safety of Filgotinib in subjects with ulcerative colitis	Dr Shiran Shetty	KlinEra Corporation India, Mumbai	50,847.46	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
2	Protocol No. CNTO1959UCO3004 Study title "A Phase-III, randomized, double-blind, placebo-controlled, parallel-group, multicentric study to evaluate the efficacy and safety of guselkumab subcutaneous induction therapy in participants with moderately to severely active ulcerative colitis.	Dr Ganesh Pai	Johnson & Johnson Pvt Ltd	1,75,000.00	01 January to 31 December 2024
3	Protocol No. 202009 (B-Well 1) Title: Phase-III multicentric, randomized, double-blind, study to assess the efficacy and safety of treatment with Bepirovirsen in HBeAg-negative Nucleos(t)ide analogue-treated participants with chronic Hepatitis B virus (B-Well 1)	Dr Shiran Shetty	GSK Pharma India Pvt Ltd	12,84,012.81	01 January to 31 December 2024
Medical Genetics					
1	Investigating the crosstalk between primary cilia and autophagy in chondrogenesis and its modulation by Fibroblast growth factor (FGF) signalling in FGFR3-related skeletal dysplasias in vitro	Dr Priyanka Upadhyai	ICMR, New Delhi	4,00,000.00	01 January to 31 December 2024
2	Liquid biopsy strategies for early detection and treatment monitoring of Human Papilloma Virus (HPV) associated cancers in India	Dr Rama Rao Damerla	Regional Centre for Biotechnology, Faridabad	19,58,829.00	01 January to 31 December 2024
3	Long read sequencing to study HPV integration sites in genomes of	Dr Rama Rao Damerla	Lady Tata Memorial Trust	13,79,100.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	patients with cervical cancer.				
4	Centre for rare disease diagnosis, research and training	Dr Anju Shukla	DBT/Wellcome Trust India Alliance, Hyderabad	89,10,958.00	01 January to 31 December 2024
5	Deep phenotyping, comprehensive genomic studies, and investigations into pathomechanisms of congenital heart defects	Dr Shalini S Nayak	DBT, New Delhi	10,97,669.00	01 January to 31 December 2024
6	preparation for newly activated fellows: Must read, understand and implement	Dr Anju Shukla	DBT/Wellcome Trust India Alliance, Hyderabad	37,81,562.00	01 January to 31 December 2024
7	Investigating the pathomechanisms underlying the RNA exosome component EXOSC1 associated neurodegenerative disorder	Dr Priyanka Upadhyai	SERB, New Delhi	10,00,000.00	02 January to 31 December 2024
Medical Oncology					
1	Development of pharmacometrics model for intravenous fentanyl in children with haematolymphoid malignancies	Dr Vasudeva Bhat K	ISMPO, New Delhi	2,50,000.00	01 January to 31 December 2024
2	Observational study on the "Toxicity of time" in patients with advanced cancer receiving palliative therapy	Dr Sharada Mailankody	ISMPO, New Delhi	2,50,000.00	01 January to 31 December 2024
3	Response-adapted management of childhood classical Hodgkin Lymphoma (cHL) and early response assessment by positron emission and Computerized Tomography (PET-CT) to allow omission of radiotherapy in Indian children treated with a	Dr Vasudeva Bhat K	TATA Memorial Centre, Mumbai	2,88,271.19	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	standard care of intensified chemotherapy regimen				
Microbiology					
1	Modelling pulmonary melioidosis and studying mechanism linking insulin resistance and disease severity using human bioengineered 3D lung organoids	Dr Bharati Bisht	Regional Centre for Biotechnology	25,37,398.00	01 January to 31 December 2024
2	Development and evaluation of indirect ELISA using recombinant Omp25 protein of *Brucella melitensis* for rapid and differential diagnosis of human brucellosis	Dr Vandana K E	ICMR, New Delhi	12,65,052.00	01 January to 31 December 2024
3	Point-of-use sensors for rapid detection and differentiation of bacteria and viruses in water and clinical samples	Dr Chiranjay Mukhopadhyay	DST, New Delhi	8,07,231.00	01 January to 31 December 2024
4	Generate proof of concepts and showcase the medical and economical value around diagnostic solutions in antimicrobial stewardship.	Dr Vandana K E	Biomerieux India Pvt Ltd	15,45,600.00	01 January to 31 December 2024
5	Mission A Multicentric capacity-building initiative to strengthen the clinical and laboratory detection of melioidosis in India with a special focus on the northeastern states	Dr Chiranjay Mukhopadhyay	ICMR, New Delhi	96,04,518.00	01 January to 31 December 2024
6	Relating the metabolic lifestyle of Indian strains of a highly pathogenic bacterium *Burkholderia pseudomallei* to antibiotic resistance	Dr Piyush Behari Lal	Regional Centre for Biotechnology, Faridabad	22,20,874.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	and pathogenicity determinants				
7	One-health approach to understanding the burden and threat of zoonotic tuberculosis melioidosis and glanders in Uttar Pradesh, Karnataka and Haryana States multi-institute projects	Dr Chiranjay Mukhopadhyay	ICMR, New Delhi	12,95,227.00	01 January to 31 December 2024
8	Sepsis-induced stress and network analysis on pathogen expression of stress-combat genes: The SNAPE study	Dr Chiranjay Mukhopadhyay	ICMR, New Delhi	8,79,278.00	01 January to 31 December 2024
9	Understanding the association of pathogen virulence, host endotypes, and gut microbiota-host ecosystem in melioidosis sepsis	Dr Chiranjay Mukhopadhyay	SPARC, New Delhi	5,73,740.00	01 January to 31 December 2024
10	Understanding the relationship of host gut microbiota and immune response to patient's outcome in melioidosis	Dr Chiranjay Mukhopadhyay	ICMR, New Delhi	13,06,155.00	01 January to 31 December 2024
11	Expanding antimicrobial resistance research and surveillance activities in secondary-level hospitals	Dr Vandana K E	ICMR, New Delhi	28,07,812.00	01 January to 31 December 2024
Nephrology					
1	Allopurinol for CVD in CKD (Avoid-CKD): A double-blind, randomized controlled trial	Dr Indu Ramachandra Rao	PGIMER, Chandigarh	19,260.00	01 January to 31 December 2024
2	Protocol No 417-201-00012 entitled "A Phase-II/III, multicentric, open-label trial to evaluate the long-term safety, tolerability, and efficacy of Sibeprenlimab	Dr Ravindra Prabhu	George Clinical India Pvt Ltd	1,40,184.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	administered subcutaneously in subjects with immunoglobulin a nephropathy" (Protocol) to be conducted at Institution (Trial) to involve patients participating in the trial				
3	Comparison of pharmacokinetics principles of anti-tubercular drugs in Tuberculosis (TB) patients with and without chronic kidney disease (CKD)	Dr Ravindra Prabhu	ICMR, New Delhi	3,77,628.00	01 January to 31 December 2024
4	Fever, hyperglycaemia, swallowing, and hypertension management in acute stroke: A cluster randomized trial (Indian quality improvement in stroke care study (FeSSH0 Phase-II)	Dr Aparna R Pai	ICMR, New Delhi	3,82,755.00	01 January to 31 December 2024
5	Role of remote ischaemic conditioning in the prevention of contrast-induced nephropathy following percutaneous coronary intervention: a randomized-controlled trial	Dr Indu Ramachandra Rao	ICMR, New Delhi	7,96,303.00	01 January to 31 December 2024
6	Effect of integrated focused renal supportive care on symptom burden, quality of life and advance care planning in end-stage renal disease patients: A randomized controlled trial	Dr Shankar Prasad Nagaraju	ICMR, New Delhi	4,21,290.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
Neurosurgery					
1	Application of machine learning methods to predict mortality and morbidity in spontaneous intracerebral haemorrhage	Dr Girish R Menon	DBT, New Delhi	5,25,854.00	01 January to 31 December 2024
2	National Task Force (NTF) project entitled "Indian trial of Tranexamic acid in spontaneous intracerebral haemorrhage (Intrinsic trial)"	Dr Girish R Menon	Christian Medical College, Ludhiana Society	2,28,851.00	01 January to 31 December 2024
Neurology					
1	Efficacy and safety of Pozelimab and Cemdisiran combination therapy in patients with symptomatic generalized myasthenia gravis	Dr Arvind N Prabhu	Parexel International Clinical Research Pvt Ltd	67,989.00	01 January to 31 December 2024
2	National Task Force (NTF) project entitled "Stenosis: Long-term single versus dual antiplatelet therapy in patients with Ischemic stroke due to intracranial atherosclerotic disease: A randomized trial	Dr Aparna Ramakrishna Pai	Christian Medical College, Ludhiana Society	1,84,938.00	01 January to 31 December 2024
3	Protocol No. VIB0551.P3.S1: A randomized, double-blind, multicentric, placebo-controlled Phase-III study with an open-label period to evaluate the efficacy and safety of Inebilizumab in adults with myasthenia gravis	Dr Arvind N Prabhu	Medpace Clinical Research India Pvt Ltd	5,19,995.57	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
4	Protocol No R3918-MG-2018 - Efficacy and safety of Pozelimab and Cemdisiran combination therapy in patients with symptomatic generalized myasthenia gravis	Dr Arvind N Prabhu	Parexel International Clinical Research Pvt Ltd	3,34,153.00	01 January to 31 December 2024
Obstetrics and Gynaecology					
1	Cervicovaginal high-risk Human papillomavirus (HPV) infection understanding the clinical progression of the disease by cervicovaginal microbiome analysis and immune profile	Dr Shyamala Guruvare	ICMR, New Delhi	6,09,914.00	01 January to 31 December 2024
2	To assess the efficacy of the AI systems in assisting medical practitioners in performing USG examinations	Dr Akhila Vasudeva	Chennai Origin Health Software Technologies Pvt Ltd	7,50,000.00	01 January to 31 December 2024
Ophthalmology					
1	Evaluating the bacterial ocular surface microbiome in neonates	Dr Manali Hazarika	SPARC, New Delhi	9,46,958.00	01 January to 31 December 2024
2	The effect of specific techniques of nasal breathing (Pranayama) on intra-ocular pressure	Dr Yogish Subraya Kamath	DST, New Delhi	2,02,857.00	01 January to 31 December 2024
3	Screening of refractive error using smartphone photography in paediatric population of coastal Karnataka	Dr Yogish Subraya Kamath	ICMR, New Delhi	4,53,504.00	01 January to 31 December 2024
Orthopaedics					
1	Protocol No. SMPL/SM/003 "A prospective, interventional, randomized, comparative open label pivotal clinical	Dr Shyamasunder Bhat	Serigen Mediproducts Pvt Ltd	4,07,470.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	study to assess the efficacy of Serioss ® a bone void filler/bone substitute"				
2	Protocol No: SMPL/SM/003 A prospective, interventional, randomized, comparative open-label pivotal clinical study to assess the efficacy of serioss as bone void filler/bone substitute	Dr Shyamasunder Bhat	Jehangir Clinical Development Centre Pvt Ltd	3,12,004.00	01 January to 31 December 2024
3	Navigation-assisted guidance for Pedicle Screwinsertionin Spine surgery	Dr Shyamsunder N Bhat	SERB, New Delhi	3,08,800.00	01 January to 31 December 2024
4	Navigation-assisted guidance for Pedicle Screwinsertionin Spine surgery	Dr Shyamsunder N Bhat	Wipro GE Healthcare Pvt Ltd	5,60,151.00	01 January to 31 December 2024
5	SRPL-OA-16-17/001	Dr Vivek Pandey	Ecron Acunova Limited	73,600.00	01 January to 31 December 2024
Paediatric Surgery					
1	Perioperative respiratory care and outcomes for patients undergoing high-risk abdominal surgery(Penguin)	Dr Vijay Kumar	Christian Medical College, Ludhiana Society	3,30,000.00	01 January to 31 December 2024
Paediatrics					
1	Vertebral fragility and osteoporosis among children exposed to glucocorticoids	Dr Kaushik H	ICMR, New Delhi	10,21,860.00	01 January to 31 December 2024
Palliative Medicine and Supportive Care					
1	Evidence synthesis for lung cancer guidelines: conducting systematic review/meta-analysis	Dr Naveen Salins	ICMR, New Delhi	10,28,500.00	01 January to 31 December 2024
2	Technical resource centre under the Centre for Evidence for guidelines by MAHE Manipal	Dr Naveen Salins	MHFW, New Delhi	16,45,200.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
Pharmacology					
1	Studies on the role of HDAC inhibitors in reprogramming cancer cell metabolism to reverse cisplatin resistance in patient-derived xenograft model of ovarian cancer	Dr Vasudha Devi	ICMR, New Delhi	11,27,082.00	01 January to 31 December 2024
Psychiatry					
1	Clinical Research Centre for Neuromodulation in Psychiatry	Dr Samir Kumar Praharaj	NIMHANS, Bengaluru	33,85,000.00	01 January to 31 December 2024
Radiation Oncology					
1	DHR-ICMR MBBS/MD/Ms-PhD program (Category-2 Young Medical Faculty PhD Program)	Dr Shirley Lewis	ICMR, New Delhi	10,00,000.00	01 January to 31 December 2024
Reproductive Science					
1	Elucidating the cryo susceptibility and mitochondrial dynamics of oocytes and embryos under maternal metabolic conditions -UTN number-RG01230181, ICMR proposal ID IIRP-1021.	Dr Sandhya Kumari M V	ICMR, New Delhi	14,52,469.00	01 January to 31 December 2024
2	Exploring the therapeutic potential of metformin and acarbose co-administration strategy on improving the functional competence of oocyte, embryo development, and foetal development in experimentally induced PCOS and type II diabetes	Dr Guruprasad Kalthur	ICMR, New Delhi	20,80,454.00	01 January to 31 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
3	Identifying and exploring the key deubiquitinase enzyme that facilitates the generation of matured insulin-producing B-cells from human IPSCs	Dr Guruprasad Kalthur	ICMR, New Delhi	12,41,454.00	01 January to 31 December 2024
4	Long-term effects of repeated ovulation induction-induced changes in hormone-sensitive organs-an experimental study	Dr Guruprasad Kalthur	DBT, New Delhi	4,49,553.00	01 January to 31 December 2024
5	Proapoptotic peptide-mediated targeted depletion of endometriosis-associated M2 macrophage population: An alternative strategy for endometriosis management	Dr Rahul Dutta	ICMR, New Delhi	8,00,719.00	01 January to 31 December 2024
6	Validation of bioreactor in improving ovarian tissue viability and quality	Dr Satish Kumar Adiga	SAR Health Line Pvt Ltd	3,00,000.00	01 January to 31 December 2024
Surgical Oncology					
1	DHR-ICMR MBBS/MD/Ms-PhD Program (Category-2 Young Medical Faculty PhD Program)	Dr Preethi S Shetty	ICMR, New Delhi	10,00,000.00	01 January to 31 December 2024

Patent details:

Details of Patent filed:

Sl No	Name	Date
1	Transcranial Infrared Laser Therapy Prototype on Cognitive Function, Quality of Life in Elderly Population	01 January 2024
2	A Composition and Method for Enriching Target Allelic Variants Based on Allele-Specific Amplification	12 January 2024
3	Clock Spring-based Power Generation System and a Method thereof	24 January 2024
4	A Soft Embalming Solution and Method of Preparation thereof	15 February 2024
5	Flywheel Based Plant Cutting Device and Method thereof	07 March 2024
6	System and Method for Face Recognition	08 March 2024

Sl No	Name	Date
7	A Device for Detection of Visual Field Defects using Eye Movements	12 March 2024
8	Buoyancy-based Water Rescue System and Method thereof	14 March 2024
9	System for Tracking and Managing Health Parameters of Users and Method thereof	14 March 2024
10	Mobile Application on Mental Health	16 March 2024
11	Development of CPR Monitoring Device to assess CPR Performance	16 March 2024
12	The Outcome of Polyethylene Glycol Fusion Augmented by Electrical Simulation in Delayed Setting of Nerve Repair in a RAT Model	16 March 2024
13	Mitosys-Tumour Histologic Grade Calculating Tool	16 March2024
14	Smartphone App to improve Treatment Adherence	16 March 2024
15	High-quality Anatomy Videos (Multiple)	16 March 2024
16	Intravenous (IV) Tubings with Safety (Unidirectional) Valve	16 March 2024
17	Low-cost, Portable, Non-invasive Ventilation Device with Oxygen and Pressure Sensors	16 March 2024
18	Application- Use of AI for Global Options for Aesthetic Concerns and Medical and Non-Medical Solutions	16 March 2024
19	Reusable Clamp Device and Method thereof	19 March 2024
20	Odour-Proof Sanitary Napkin and Method thereof	20 March 2024
21	A Method of Fabricating a Radioactive Phantom for Assessing Radiation-Detecting Imaging Devices	24 March 2024
22	A Lightweight Collapsible Autopsy Table	30 March 2024
23	Auto Validation Process for Test Result in the Clinical Laboratory	31 March 2024
24	Gravity Based Elevator System and Method thereof	04 April 2024
25	An Apparatus for Transporting Fluids Lighter than Water Across Water Bodies	09 April 2024
26	A Light-Weight Revolutionary Aircraft Device and Method thereof	09 April 2024
27	A System for Knee Range Measurement	11 April 2024
28	Ring Blade Grinder Device	15 April 2024
29	A System and Method for Automated Drug Delivery with Autologous Fluid Utilization	19 April 2024
30	Module for Radio Nuclide Removal using Natural Adsorbent Sponge	23 April 2024
31	Nano Oxygen Carrier and Method thereof	08 May 2024
32	Device for Alerting Users by Detecting and Indicating Real-Time Water Depth Information and Method thereof	22 May 2024
33	Zeolite Imidazolate Frameworks (Zif)-Based Antimicrobial Nanoparticles, a Method of Preparing the same, and uses thereof	24 May 2024
34	Chemically Defined Media (CDM) Composition for Production of Extracellular Vesicles (EVS) Chemically Defined Media (CDM) Composition for Production of Extracellular Vesicles (EVS)	04 June 2024
35	Twin Elevator System	04 June 2024
36	System and Method for Detecting Pathological Condition of Users by Assessing Glycaemic Control Index	05 June 2024
37	System and Process for Production of Environmentally Friendly Bioenergy	07 June 2024
38	Smart Multi-Compartment Modular Passage System and Method for Discharging Radioactive Wastewater into a Sewage	08 June 2024
39	A Method and Composition for the Development of 3D-based Conduit for Peripheral Nerve Regeneration	12 June 2024
40	A Device and Method for Comparison of Missing and Unidentified Individuals across Various Regions	12 June 2024
41	A Multipanel Elisa Assay for Diagnosis of Rapid Progressors in Diabetic Kidney Disease	12 June 2024
42	An Apparatus for Anaesthetising Insects	20 June 2024

Sl No	Name	Date
43	Wearable Bioimpedance System for Monitoring Fluid Level during Haemodialysis Treatment and Method thereof	20 June 2024
44	Device for Soft Palate Retraction	02 July 2024
45	Method for Detection of Lead in Blood by Treatment with Alkaline Cysteine	02 July 2024
46	Method and Composition of Mucoadhesive Grids System for the Treatment of Helicobacter Pylori Infection	06 July 2024
47	System and Method for Monitoring Metabolic Parameters of a User	08 July 2024
48	Pharmaceutical Compositions for Enhancing Gamma-Aminobutyric Acid (GABA) and Preparation thereof	11 July 2024
49	Identification of Pathogens Causing Meningitis, Kit, and Composition for Targeting said Pathogens	25 July 2024
50	Medium Composition for the Culture of Parthenogenetically Derived Embryos and Method for the Culture of Parthenogenetic Derived Embryos	06 August 2024
51	Self-Closing Tap Device	08 August 2024
52	System and Method for Extinguishing Fires	08 August 2024
53	A System and Method for Automated Prediction of Pedicle Screw Size and Direction	14 August 2024
54	A Washing Machine and a Method of Operating the Washing Machine	20 August 2024
55	Assembly to Detect Refractive Error of Eye	27 August 2024
56	Support Device for Disabled Users	02 September 2024
57	A Method for Evaluating Phytoconstituent Loaded Milk Extracellular Vesicles	06 September 2024
58	System and Method for Identifying Dengue Infection from the Blood of Users	09 September 2024
59	Method for Extracting Thiamine Diphosphate (Tdp) from Dried Blood Spots (DBS)	10 September 2024
60	Device for Compressing Haemodialysis Avfs to Stem Blood Loss from Needle Puncture Sites Post Dialysis	22 September 2024
61	Method for Enhancing the Stability of Sodium Dithionite for Paraquat Dichloride Detection	26 September 2024
62	Device for Measuring Complex Social Behaviours in Small Insects	26 September 2024
63	Human Sperm Selection Media Formulation for Enhanced Sperm Motility and Viability	30 September 2024
64	System for Providing Personalized Relaxation Therapy to Caregivers and Method thereof	03 October 2024
65	System and Method for Artificial Intelligence-Based Mobile/Web Application for Enhanced Recovery after Oncosurgery (Eros)	05 October 2024
66	Method for Determination of Sex and Stature by the Measurements of Cervical Vertebrae	11 October 2024
67	Method for Detecting Poor Glycaemic Control in Diabetics Based on In-Gel Autofluorescence of Serum Albumin	11 October 2024
68	Neuroprotective Nutraceutical Formulation and a Process for Preparation thereof	14 October 2024
69	Co administration of Urease Inhibitor and Mucolytic with current Treatment Regimen for eradication of Helicobacter Pylori	17 October 2024
70	A System and Method of an Abdominal Compression Device for Radiotherapy Treatment	25 October 2024
71	Modular Brain Retractor for Neurosurgery	07 November 2024

Sl No	Name	Date
72	Pressurized Steam Cooker Device	07 November 2024
73	Rapid Mass Blood Screening Device and Method thereof	07 November 2024
74	A Device for Customized Scar Reduction and Healing in Facial Burn and Trauma Patients	16 November 2024
75	A System and Method for Developing a Screening Tool for Intrauterine Growth Restriction	19 November 2024
76	System and Method for Prediction of Diseases	29 November 2024
77	A System and Method of an Abdominal Compression Device for Radiotherapy Treatment using a Dosimeter	01 December 2024
78	A System for Enablement Dry Red Chilli Sorting and a Method thereof	01 December 2024
79	Method for Development of Oral Formulation for Treatment of Gastric Ulcer	06 December 2024
80	A Method and Composition of Antibiotic-Loaded Nanosponge for Treating Antimicrobial-Resistant Urinary Tract Infection	06 December 2024
81	A System and Method for Comprehensive Mental Health Support, Awareness, and Recovery Tracking	06 December 2024
82	A Method and Composition for Development and Evaluation of a Hypothermic Intermediate-Term Corneal Storage Media	09 December 2024
83	A System and Method for Detecting Muscle Activity Using AI-Based Sensor Technology	10 December 2024
84	A System and Method for Assessing and Managing Pressure Ulcers	10 December 2024
85	A Method for Detecting Maple Syrup Urine Disease Using Liquid Chromatography-Mass Spectrometry	11 December 2024
86	A Handheld Slicing Apparatus for Autopsy and a Method for Enabling thereof	11 December 2024
87	System and Method for Keloid Scar Management	13 December 2024
88	A System and Method for Forensic voice Recognition Using Acoustic Analysis Techniques	14 December 2024
89	A System and Method for Diabetic Foot Health Management	14 December 2024
90	A Pharmaceutical Formulation for the Prevention of Diabetes-Related Complications	14 December 2024
91	A System and Method for Managing Gastrointestinal Leaks Using an Absorbable Medicated Endo-Sponge	17 December 2024
92	A System and Method for Depression Analysis Using Temporal Neural Networks	17 December 2024
93	A Self-Absorbable Biodegradable Biliary Stent and a Method for Fabricating thereof	19 December 2024
94	A System and Method for Portable Blood Pressure Monitoring	24 December 2024
95	A System and Method for Cultivating Hollow Organs Using IoT-Enhanced Bioreactors	26 December 2024
96	A System and Method for Monitoring Weight-Bearing Compliance Using a Smart Footwear	27 December 2024

Sl No	Name	Date
97	A System and Method for Real-Time Posture Monitoring Using Wearable Sensors	27 December 2024
98	Naphthalimide-Based Fluorophore for Detection of Yeast, Method of Preparation thereof and Staining Formulation	27 December 2024
99	Digital Microscope System and Method for Detecting Sickle Cell Disease from Microscopic Blood Smear Images	27 December 2024
100	Electrochemical Method and Electrocatalyst System for Selective Capture and Conversion of Iodide to Iodine	27 December 2024

Details of Patent Granted:

Sl No	Name	Date
1	An automatic light positioning and focusing system	17 December 2024
2	System and method for locating and enabling retrieval of containers from a tray	17 December 2024
3	A kit with interleukin biomarker for differentiation of patients with intestinal tuberculosis and Chron's disease	17 December 2024

Awards/Recognitions:

Institution (including 'The Best Teacher Award' for the year)

Sl No	Name	Details	Date
Neonatology			
1	National Neonatology Forum (NNF) Accreditation	National Neonatology Forum founded in 1980, has declared the Neonatology Unit of Kasturba Hospital, Manipal as an Accredited Level III B Special Care Neonatal Unit in consideration of the satisfactory fulfilment of the criteria prescribed by the forum.	16 July 2024

Faculty Members

Sl No	Name	Details	Date
Anaesthesiology			
1	Dr Sushma T K	Received Rajani Sundar Gold Medal for Securing the highest marks in Post-Doctoral Fellowship in Paediatric Anaesthesia - IAPA Conference 2024	11 February 2024
2	Dr Arjun Balakrishnan	Received award for Outstanding Poster Presentation at ISNACC Pune 2024	18 February 2024
3	Dr Krishna H M	Has been appointed as an Advanced Cardiovascular Life Support Regional Faculty for the American Heart Association, Region- India, MENA, Term- February 2024 to February 2026.	24 February 2024
4	Dr Krishna H M	Has been appointed as a Basic Life Support Regional Faculty for the American Heart Association, Region- India, MENA, Term- February 2024 to February 2026.	24 February 2024
5	Dr Krishna H M	Appointed as a Paediatric Advanced Life Support Regional Faculty for the American Heart Association.	28 February 2024
6	Dr Ravitej Bhat	Third Prize in Best Case Report Presentation - 5 Annual Conference of the Neurocritical Care Society of India (NCSI)	01 September 2024

Sl No	Name	Details	Date
7	Dr Priyanka G Kini	Conferred with Fellowship in Pain Medicine for the session 2023-2024.	15 December 2024
Anatomy			
1	Dr Anne D'Souza	Promoted as a Senior Editorial Board Member for BMC Medical Education for two years	31 January 2024
2	Dr Rohini Punja	Received the Emergent Anatomist Incentive Award	08 September 2024
4	Dr Lydia Shobha Andrade	Low and Middle-Income Country Awards (LMICA) - Travel grant and registration fee waiver to attend the Medical Education Technologies Conference-2024 in Qatar.	03 November 2024
5	Dr Prasanna L C	Was honoured with the "Dr Mati Lal Pan Memorial Gold Medal Award" for the best research paper published in Embryology, at the 71st national conference of the Anatomical Society of India, held at SGRDIMS, Amritsar, on 24th November 2024.	24 November 2024
Community Medicine			
1	Dr Sanjay Kini	Won the AI Champ award at the National Workshop on "Transform your research with AI" organized by the Department of Community Medicine, JJM Medical College, Davangere	06 January 2024
2	Dr Muralidhar M K	Received Best Poster Presentation at the National IAPSM Conference	07 August 2024
3	Dr Chythra RRao	Was recognized as a top-cited scholars, ranking in the Top 2 percentile of researchers in the world in their respective fields for the year 2023. This prestigious recognition was published on 16th September 2024 by the renowned scholar Prof John P A Ioannidis under the title "August 2024 data-update for Updated Science-Wide Author Databases of Standardized Citation Indicators". https://elsevier.digitalcommonsdata.com/datasets/btchxktzyw/7.	16 September 2024
Critical Care			
1	Dr Sagar M S	Second prize in Yoga Asana Competition - on the Occasion of International Day of Yoga 2024, organized by the Division of Yoga Centre for Integrative Medicine and Research, MAHE, Manipal.	21 June 2024
Forensic Medicine			
1	Dr Vinod C Nayak	Nominated as a member of the District Narcotics and Psychotropic Substances Committee.	16 February 2024
2	Dr Shankar M Bakkannavar	Was honoured with the Best Faculty Oral Presentation Award at the "SIMLA 2024" – A 20th South India Medico Legal Association Conference at Rangaraya Medical College, Kakinada from 26 to 28th September 2024	28 September 2024
3	Dr Shankar M Bakkannavar	Paper presentation at SIMLA 2024 Conference - I Prize	28 September 2024

3	Dr Kasi Viswanath Gali and Dr Arghya Choudhuri	Resident bowl USICON Quiz Winner- Second place, Quiz Winner 2024 organized by The Urological Society of India on 1st to 4th February 2024 at Samrat Ashok Convention Centre, Patna	04 February 2024
4	Dr Kasi Viswanath Gali	Received the first prize in the Resident Mentor session for presenting the paper "Evaluation of management of PFUI in Children" at the USICON 2024 Conference held at Samrat Ashok Convention Centre, Patna	04 February 2024
5	Dr Abhijit Sanjay Shah	Won Best Oral Presentation for the paper titled "Percutaneous treatment of stone-containing calyceal Diverticula: A decade long Experience from a University Teaching Hospital" Manipal Research Colloquium -2024 organized by MAHE- Student Research Forum under the aegis of the Directorate of Research, MAHE, Manipal at KMC, Manipal	13 April 2024
	Dr Abhijit Sanjay Shah	First prize in 11th Annual Residents Bowl Quiz Competition	06 May 2024
7	Dr Abhijit Sanjay Shah	Won first prize in the Urology Quiz Program which was conducted during the annual "Urology Masterclass" at Christian Medical College, Vellore	08 June 2024
8	Dr Kasi Viswanath Gali	Won the Young Researcher Award for demonstrating outstanding Research capabilities at Manipal Quest 1.0	09 June 2024
9	Dr Abhijit Sanjay Shah	Young Researcher Award - for demonstrating outstanding Research capabilities at Manipal Quest 1.0 (MAHE Inter-Health Sciences Postgraduate Research Conference) organized by Postgraduate Research Vertical at KMC, Manipal.	09 June 2024
11	Dr Arghya Choudhuri	Has got first prize in ASU Quiz O Mania in the 35th Annual Conference of the Association of Southern Urologists conducted at Dwaraka Place Convention Centre (SZUSICON 2024).	28 July 2024

Extra - Curricular Activities:
Sports Activities:
In Institution:

Sl No	Event	Details	Date(s)
Neurosurgery			
1	Manipal Marathon – 2024	Dr Girish Menon, Dr Sushanth S, Dr Ashwin Pai, and Dr Raghavendra Nayak participated in Manipal Marathon 2024.	11 February 2024
Ophthalmology			
1	Marathon – 2024	Dr Sudha G Menon, Dr Shailaja S, Dr Neetha K I R, Dr Sushan S Shetty and Dr Soumay S participated in Manipal Marathon 2024.	11 February 2024
Otorhinolaryngology			
1	Manipal Marathon 2024	Dr Kailash Pujary, Dr Ajay Bhandarkar M, Dr Neethu Mary Mathew and Dr Anusha Shashidhara Shetty participated in Manipal Marathon 2024.	11 February 2024

Inter Institution:

Sl No	Event	Details	Date(s)
Administration			
1	Basketball	Mr Shivam Mehra (captain) and the team won Inter-MAHE Basketball Winners	11 April 2024
2	Football	KMC faculty won the MAHE inter-institutional teaching/non-teaching football tournament.	29 November 2024
Neurosurgery			
1	Cricket	Dr Girish Menon and Dr Sushanth S – Institution-level Cricket Match winners	19 January 2024
Otorhinolaryngology			
1	Football tournament	Dr Kailesh Pujary and Dr Akshay P champions in the MAHE Inter Collegiate/Institutional Teaching and non-teaching Staff Football Tournament 2024-25	29 November 2024
Physiology			
1	MAHE Inter Collegiate Staff tournaments	Dr Sreenath N champion in a Football tournament	14 January 2024

Outside University:

Sl No	Event	Details	Date(s)
Administration			
1	Basketball	Mr Shivam Mehra (captain) won KSHEMA Accolades Winners	01 January 2024
2	Basketball	Mr Shivam Mehra (captain) won the AIMS Synergy runners-up	01 January 2024
3	Invictus 2024 - Chess	Mr Ayush Sharma (captain) – The Invictus 24 team won bronze	17 April 2024
4	Powerlifting	Ms Himanshi Sharma won the AFMC Silhouettes gold medal	08 May 2024
5	Pushups Challenge	Ms Himanshi Sharma has received the AFMC Silhouettes gold medal	08 May 2024
6	basketball	Mr Shivam Mehra (captain) won SDM Crossover Winners	16 July 2024
7	Bench press championship	Ms Himanshi Sharma won the Lucknow state silver medal	07 September 2024
8	Chess	Mr Arjun Ahuja (captain) has got the Autumn Muse team silver and bronze	24 September 2024
9	Chess	Mr Ayush Sharma (captain) won the JIPMER Spandhan team runners-up	04 November 2024
Neurosurgery			
1	Marathon	Dr Girish Menon participated in the TATA Mumbai Marathon 2024 and finished 42K	21 January 2024

Cultural Activities:

Inter Institution:

Sl No	Event	Details	Date(s)
Administration			
1	Utsav 24	The parade team won the third position in the cultural parade	01 April 2024
2	Utsav 2024	The music team won the third position in a cultural event	01 April 2024
3	Utsav 2024	The dance team won the first position in the folk dance	01 April 2024

Sl No	Event	Details	Date(s)
4	Utsav 2024	Aniket Vikram Singh has got the first position in stand-up comedy	01 April 2024
5	Utsav 2024	The dramatics team won the first position in the mime	01 April 2024
6	Utsav 2024	The fashion team has won the third position in the fashion show	01 April 2024
7	Utsav 2024	The music team won the third position in the eastern vocal	01 April 2024
8	Invictus 2024	The music team won the third position in the eastern vocal duet	17 April 2024
9	Invictus 2024	The dramatics team won the first position in the mime	17 April 2024
10	Invictus 2024	The dramatics team won the first position in the street play	17 April 2024
11	Invictus 2024	The music team has won the second position in the Battle of the Bands	17 April 2024
12	Invictus 2024	The dramatics team has secured the second position in the theatre	17 April 2024
13	Invictus 2024	Ms Garima Shukla secured the first position in the monologue	17 April 2024
14	Invictus 2024	Afaq Ahmed has got the third position in the monologue	17 April 2024
15	Invictus 2024	Ms Nehala Khan has got the second prize in the eastern solo dance	17 April 2024
16	Invictus 2024	The music team won the first position in the eastern group vocals	17 April 2024
17	Invictus 2024	Inesh Vij and Kirti Gaur got the first position in the western vocal duet	17 April 2024
18	Invictus 2024	Ms Sriya got the third place in the eastern solo vocals	17 April 2024
19	Invictus 2024	The dramatics team won the first place in Mad Ads	17 April 2024
20	Invictus 2024	Mr Aniket Vikram Singh got the first prize in stand-up comedy	17 April 2024
Ophthalmology			
1	Annual Inter-Departmental Fest Verve	Secured the first position in the event Inter-departmental variety held at Dr TMA Pai Hall	12 March 2024
Outside University			
Paediatrics			
1	Yakshagana	Dr Suneel Mundkur, Professor, Department of Paediatrics participated in Yakshana held at Rajangana, Udupi	04 October 2024
2	Yakshagana	Dr Suneel Mundkur, Professor, Department of Paediatrics participated in Yakshana held at Karwar	22 October 2024
3	Yakshagana	Dr Suneel Mundkur, Professor, Department of Paediatrics participated in Yakshana held at Pernakila	23 March 2024
4	Yakshagana	Dr Suneel Mundkur, Professor, Department of Paediatrics participated in Yakshana held at Vighneshwara Sabha Bhavana, Parkala	26 May 2024

Inauguration of Dr Ramdas Pai Block at Kasturba Hospital, Manipal

Launch of Manipal Matri-Amrit Human Milk Bank

Trailblazing Indian Cardiac Care Leaders Award - Dr Tom Devasia

Ashok Koul Innovators Award - Dr Joseph Thomas

Top 100 Women innovators in healthcare professionals – Dr Shirley Lewis Salins

FOGSI – Imaging Science Committee Award – Dr Vidyashree G Poojari

First place in Research poster presentation at the National Global Health and Surgery Conference – Dr Poorvaprabha Patil

Indian representatives at Global Youth Coalition on plastic pollution, UN International Negotiations Committee Meetings - Dr Poorvaprabha Patil

National Neonatology Forum Accreditation Level III B - Department of Neonatology

Inauguration of MAHE Centre of Excellence in Laboratory Medicine supported by ROCHE – Department of Biochemistry

Center for Bioethics

Address: C/o Department of Forensic Medicine, KMC Manipal
Phone Number: 9886340969
Email (Centre): bioethics.mu@manipal.edu
Coordinator: vikram.palimar@manipal.edu

Year of Establishment of the Centre: 2015
Name of the Coordinator: Dr Vikram Palimar
Mentor: Dr Padmaraj Hegde

Members:
Dr Animesh Jain, KMC, Mangalore
Dr B Suresh Kumar Shetty, KMC, Mangalore
Dr Judith Angelitta Noronha, MCON, Manipal
Dr Melita Sheilini, MCON, Manipal
Dr Vasudha Devi, KMC, Manipal
Dr Manikandan N, MCHP, Manipal
Mr Guruprasad, MCHP, Manipal
Dr Sunitha Carnelio, MCODS, Manipal
Dr Chetana Chandrashekhar, MCODS, Manipal
Dr Mahadev Rao, MCOPS, Manipal
Dr Nanda Kumar K, MCOPS, Manipal
Dr Vahab Abdul Saadi, MSLS, Manipal
Dr K P Guruprasad, MSLS, Manipal
Dr Neetha Shetty, MCODS, Mangalore
Dr Supriya Nambiar, MCODS, Mangalore

Brief About the Centre:

Vision:
To be a world-class Center for Bioethics and a hallmark of excellence in addressing ethical and legal issues in biomedical research and healthcare.

Mission:
Excellence in training to address ethical and legal issues in biomedical research and clinical practice.

Objectives:

1. Training in ethical and legal issues in biomedical research
2. Training on ethical and legal issues in healthcare
3. Addressing ethical issues in research and publications

Activities at the Centre:
Center for Bioethics conducts a Bioethics Certificate Course once a year and an International Council for Harmonization of Good Clinical Practice (ICHGCP) workshop for researchers of MAHE and outside, twice a year.

Research Publications:

1. Developing a module on the care of LGBTQIA+ individuals for health professionals: Research protocol. Pai, M.S., Yesodharan, R., Palimar, V., . . . Shetty, D., Babu, B.V. F1000Research, 2024, 12, 1437. (SDG-4 Quality Education,
2. Tangible impact of patient communication modules on medical students and interns Nayak, V., Nayak, K.R., Goyal, S., . . . Palimar, V., Komattil, R. Advances in Physiology Education, 2024, 48(1), pp. 40–48.

SDG-related Activities:

- Workshop on Research Ethics for postgraduate students of MCHP, Manipal on 25 January; 1, 8, 15, 22, 29 February; and 7 and 14 March 2024. Around 200 participants attended the workshop.
- The ICHGCP workshop was conducted in association with the Research Ethics and Regulations Vertical, KMC, Manipal on 12 February 2024. Around 100 participants attended the workshop.
- The ICHGCP workshop was conducted on 29 August 2024. Around 80 participants attended the workshop.
- The Certificate Course in Bioethics was conducted from 25 July to 28 September 2024. Around 26 participants attended the course.
- GCP and GLP workshop for the batch of 2021 (MD/MS/DM/MCh) on 4 July 2024, in association with the Postgraduate Research Vertical, KMC, Manipal. Around 250 participants attended the workshop.
- GCP and GLP workshop for the batch of 2022 (MD/MS/DM/MCh) on 24 September 2024 in association with the Postgraduate Research Vertical, KMC, Manipal. Around 250 participants attended the workshop.

Centre for Fertility Preservation (CFP)

The Centre for Fertility Preservation (CFP) at Kasturba Medical College, Manipal, is a pioneering facility and the first in India to offer fertility preservation services. At the forefront of this vital field, the Centre provides specialized and comprehensive oncofertility care for both adults and children. CFP is a global partner of the Oncofertility Consortium, USA, and actively collaborates with renowned universities across Europe, including the University of Münster in Germany, the University of Naples in Italy, and the University of Edinburgh in the United Kingdom.

The novelty of the Centre lies in its intensive fundamental and clinical research bridging bench to bedside in the field of oncofertility to ultimately improve patient care. CFP has received several research grants from national and international funding agencies. The Centre also offers a dynamic PhD and postdoctoral program for young talents interested in exploring various fundamental and applied aspects of fertility preservation through multidisciplinary approaches. Additionally, the Centre has ongoing research collaborations with premier Indian institutes such as the Indian Institute of Sciences (IISc), National Centre for Biological Sciences (NCBS), National Institute of Immunology (NII), and others.

Key Initiatives/Accomplishments of the Centre in 2024:

- CFP is actively involved in providing oncofertility care in collaboration with consortium members from various departments at Kasturba Hospital.
- The centre has received a research grant from SAR Healthline Pvt. Ltd. for a project on female fertility preservation (Grant amount INR 800,000).
- Dr Akshatha Daddangadi successfully completed her PhD project titled "Fertility preservation in females: An experimental approach to assess the efficiency of vitrification in preserving the genetic and functional integrity of oocytes and embryos."
- A new PhD student has registered and undertaken a thesis titled "Optimizing oncofertility: Evidence-based protocols for cryopreservation of germ cells/gonadal tissue in adolescent cancer patients."
- Dr Stephene Shadrack Meena, a research scholar and recipient of the "*Best Young African Researcher (2023)*" award by the Merck Africa Foundation (MARS), visited the centre for a three-month research training in oncofertility. During this period, he initiated a survey aimed to understand oncologists' perspectives on fertility preservation for cancer patients in East Africa.
- Ms Shruthivishali Muthukumar, Lecturer and Co-coordinator of CFP, visited the University of Naples for advanced training in ovarian tissue cryopreservation and bioreactor setup for ovarian tissue culture for two months.
- The centre and its coordinators have organized and moderated three workshops on ovarian tissue cryopreservation at national conferences.
- CFP has published several research articles in reputed peer-reviewed journals.
- Salian, S. R., Daddangadi, A., Predheepan, D., Bhagat Amonkar, D. D., Pandya, R. K., Laxminarayana, S. L. K., Uppangala, S., Kalthur, G., Anderson, R. A., & Adiga, S. K. (2024). Centre for Excellence in Inborn Errors of Metabolism (CE - IEM)

Address: Kasturba Medical College (KMC), Manipal
Phone Number: +91 820 2923167
Email (Centre): ce.iem@manipal.edu **Email (Coordinator):** leslie.lewis@manipal.edu

Year of Establishment of the Centre: 21 December 2015

Name of the Coordinator: Dr Leslie Edward S Lewis

Members: Dr Varashree B S, Dr Krishnananda Prabhu R V, Dr Monalisa Biswas, Dr Arjun Asok

2. Brief about the Centre Unique selling points (200 words limit):

Vision: Development of state of art metabolic laboratory to detect Inborn Errors of Metabolism, Adult Metabolic Disorders, Monitoring Drug Concentration, and Toxicology E stimations.

Mission: Development and establishment of routine and high-risk newborn screening in Udupi district, to decrease infant mortality and morbidity. Extending of the facility to neighbouring districts, capacity building in the field of newborn screening.

Objectives:

Establishment of newborn screening at MAHE constituent hospitals and extending the facility to the government sector in Udupi district.

- Document the incidence of IEM in the Udupi district and develop a geography-specific reference range of Biomarkers.
- Extending cost-effective newborn screening to neighbouring districts and PAN Karnataka.
- Create awareness, establish networks, train IEM experts, support research, and execute IEM projects

- Provide genetic workup counselling for the parents of children suffering from IEM disorders.
- High-end toxicology screening and drug level monitoring.

3. Activities at the C entre:

A. Peer group engagement:

i. Conference: Hosting of annual conference, "**IEM Metabolic Meet 2024**" on 05 **October 2024**, based on the theme "**Metabolomics in Maternal and Child Health**". The conference was registered with the **Karnataka Medical Council** for **2 Credit hours** and was attended by over 100 delegates from reputed institutions across South India.

ii. Workshops: Four workshops on GCMS have been conducted by the Centre in the year 2024, entirely free of cost (Details of the same have been provided in the next section).

B. Research activities: Numerous collaborative projects involving various departments of KMC, Manipal, sister institutions under the MAHE flagship, and external institutions are underway and have been facilitated entirely free of cost (Details of the same have been provided in the next section).

C. Infrastructure upgradation: Representation regarding facility upgradation to the Senior officials of the University for support for procurement of IVD certified triple quadrupole LCMS for capacity building (performing in house extended newborn screening at nominal cost and lower TAT, establishing metabolic diagnostics for entire Coastal Karnataka catchment, extending the scope of services to TDM, Drugs of Abuse and advanced steroid panel). The Centre has been provided with the opportunity to present the request for facility upgradation at the 97 Board of Management Meeting, MAHE, on 20 December 2024. The BoM sanctioned the procurement of IVD certified LC-MS/MS for establishing a diagnostic metabolomic network for the Coastal Karnataka catchment.

4. Research Activities

A. Research Projects: Currently, the Centre, through its DST FIST GCMS laboratory, is actively supporting 15 PhD scholars from multiple departments of KMC, Manipal, and other constituent institutes under the MAHE flagship. Further details of the ongoing projects are summarized below:

i. Ongoing/ C ompleted S tudies from KMC, Manipal

Sl No	Title of the project	Faculty
1	Determining the quantitative status of metabolic enzymes in extracellular vesicles	Dr Dinesh Upadhya
2	Synergistic effects of metformin and riluzole on Alzheimer's disease in Wistar rats	Dr Ravindra Maradi
3	Assessment of serum fatty acid methyl ester profile in NAFLD	Dr Shobha U Kamath
4	Oral and gut microbiome profiling of infants from birth to one year	Dr Vandana K E Dr Leslie Edward Lewis
5	Comparison of Fatty acid methyl ester profiling within different blood matrices	Dr Varashree B S Dr Leslie Edward Lewis
6	Deciphering neonatal and paediatric energy metabolomic signatures specific to primary mitochondrial disorders	Dr Leslie Edward Lewis
7	Circulating metabolomic signatures as a superior alternative to absolute blast count (ABC) to assess the prognosis of paediatric acute lymphoblastic leukemia	Dr Arjun Asok
8	Impact of diet and gut microbiota on blood metabolites and glycemic control	Dr Krishnananda Prabhu R V
9	Comparison of Fatty acid methyl ester profiling across ACS groups	Dr Krishnananda Prabhu R V
10	Profiles of micronutrients and fatty acid methyl esters (FAMEs) in intra uterine growth restriction (IUGR)	Dr Vijetha Shenoy Belle
11	Metabolic perturbations of third trimester as predictors of maternal and neonatal outcomes in pregnancy induced hypertension	Dr Varashree BS

Sl No	Title of the project	Faculty
12	Comparative quantitative analysis of pesticides and drugs in human clinical samples by microextraction (ME) and Digital image colorimetry (DIC) and Gas chromatography-mass spectrometry (GC-MS)	Dr Shankar M Bakkannavar
13	Analysis of vitreous humour to identify different poisons (organophosphorus, paraquat, and rodenticide) and to determine the concentration of sodium and potassium ions in poisoning and non-poisoning cases to estimate time since death	Dr Shankar M Bakkannavar
14	Analysis of vitreous humour to identify different poisons (organophosphorus, paraquat, and rodenticide) and to determine the concentration of sodium and potassium ions in poisoning and non-poisoning cases to estimate time since death	Dr Shankar M Bakkannavar
15	Association of fibroblast growth factor (FGF-23) and metabolomic profile with cardiorenal outcomes in patients with chronic kidney diseases: A Prospective Observational study	Dr Indu Rao
16	Establishment of biological reference intervals for urinary organic profile in healthy neonates and early infants	Dr Leslie Edward Lewis
17	Biochemical analysis and AHA grading of atherosclerotic plaques in coronary, carotid and renal arteries in fatalities due to myocardial infarction	Dr Ravindra Maradi

ii. Ongoing/C ompleted S tudies from MIT, Manipal

Sl No	Title of the project	Faculty
1	Studying the roles of Vitamin D in human infertility	Dr Ajeetkumar Patil
2	Detection of ketone bodies from polymer-based patch	Dr Chiranjit Gosh

iii. Ongoing/C ompleted Studies from MCOPS, Manipal

Sl No	Title of the project	Faculty
1	Development and validation of GCMS method for GABA and lamotrigine	Dr Shaila Angela Lewis
2	Determination of molecular mass of synthesized compounds	Dr Suvarna G Kini Dr Gautham Shenoy

iv. Ongoing studies from MCHP, Manipal

Sl No	Title of the project	Faculty
1	Role of mitochondria in diabetic sarcopenia	Dr Arun G Maiya

v. Ongoing studies from MTMA, Jamshedpur

Sl No	Title of the project	Faculty
1	GCMS based untargeted metabolomics and fatty acid methyl ester quantification in women with preeclampsia	Dr Takkella Nagamma

vi. Ongoing/C ompleted S tudies from External Institutions

Sl No	Title of the project	Institution	Faculty
1	GCMS based metabolomic signatures of unique head and neck cancers in the North-eastern population	IIT, Guwahati	Dr Ajaikumar B Kunnumakkara
2	GCMS based determination phytochemical and bioactive components of plant extracts	IIT, Guwahati	Dr Ajaikumar B Kunnumakkara

Sl No	Title of the project	Institution	Faculty
3	GCMS based determination phytochemical and bioactive components of plant extracts	Central University of Kerala	Dr Balakrishna
4	Fatty acid methyl esters in lipid extract samples	St Aloysius (Deemed to be University) Mangalore – 575 003 Karnataka, India	Dr Lyned D Lasrado

B. Workshops Conducted

We are hereby providing you an account of three workshops conducted within (January to December 2024).

1. Pre-conference workshop on Gas Chromatography Mass Spectrometry (GCMS): Basics and Applications in Biomedical Research

Photograph of workshop participants at the pre-conference workshop

Date: 04 October 2024

2. Workshop for faculty as a part of Faculty Research Verticals, KMC , Manipal

Photograph of workshop participants at the Faculty Research Verticals workshop

Date: 12 April 2024

Faculty Research Verticals is an initiative of the KMC Research Cell to promote inter-departmental collaboration and augment clinician-basic scientist collaboration to aid the development of translational research. The Basics and the applications of the GCMS were taken up as a topic for one of the bimonthly sessions of Faculty Research Verticals, and interested faculty from various departments were provided an overview of the basics of the GCMS and the prospects of introducing GCMS based analysis in their research initiatives.

3. Workshop on Basics of GCMS and its application in Biomedical Research

Photograph of workshop participants along with the Resource persons and the Guest of Honour, Dr Krishnananda Prabhu R V, Associate Dean and Professor (Biochemistry)

Date: 18 and 19 April 2024

The two-day workshop was conducted free of cost for 8 participants from various departments of KMC, Manipal. Selection of participants was made on the basis of expression of interest, and preference was provided to participants interested in metabolomic research.

C. IPRs filed:

Patents filed:

Sl No	Application No	Application Titled
1	202441068357	Methanol based extraction of thiamine pyrophosphate from dried blood spot

Copyrights filed:

Sl No	Registration No	Title of the Literary Work
1.	L-128419/2023	All you need to know about Newborn Screening
2.	L-149421/2024	Plausible implications of elevated homocysteine on atherogenesis
3.	L-147402/2024	Perinatal and Maternal consequences of thiamine deficiency during pregnancy and post-partum period
4.	L-147596/2024	The central role of thiamine in energy metabolism
5.	L-146899/2024	Neural Pathways affected by thiamine deficiency
6.	L-147158/2024	Frontal Lobe: The Thiamine Sensitive Lobe of the Brain
7.	L-146999/2024	Key developmental functions of thiamine sensitive areas of the brain
8.	L-156535/2024	Schematic representation of the central role of inflammation across all stages of coronary artery disease
9.	L-160622/2025	Thiamine sensitive areas of the brain (represented in sagittal and coronal sections of the brain)
10.	L-160621/2025	Role of Thiamine Pyrophosphate (TPP) in regulating cardiac functions

5. Research Publications:

Two of the articles have been published in an eminent Q1 journal, while seven manuscripts are in peer review . The details of the same are provided below:

a) Mandal D, Dey I, Ghosh C. Development of a disposable paper-based thin film solid-phase microextraction sampling kit to quantify ketone body. RSC advances. 2024;14(44):32230-8. **(Q1, Cite score: 7.5, Impact factor: 3.9)**

b) Ysphaneendramallimoggala, Biswas M, Anburaj SE, Iqbal F, Suryakanth VB, Lewis LE. Thiamine: An indispensable regulator of paediatric neuro-cardiovascular health and diseases. European Journal of Pediatrics. 2024 Nov;183(11):4597-610. (Q1, **Cite score: 5.9, Impact factor: 3.0)**

c) Poojary H, Das PP, Koo S, Ghosh C. Development of a Paper-Based Disposal Thin-Film Solid-Phase Microextraction Tool for the Quantification of Environmentally Hazardous 4-Chlorophenol in Water. ACS Omega. 2024 Dec 20. **(Q1, Cite score: 6.6, Impact factor: 4.0)**

d) Assessment of agreement of fatty acid methyl ester concentrations among different blood matrices

e) Evaluation of Bacopa Monnieri for its potential to ameliorate Cisplatin-induced hepatotoxicity and nephrotoxicity in rats

f) Effects of acute exposure to white LED light on retinal metabolites and behaviour in rodents

g) Effects of acute exposure to blue LED light on retinal metabolites and behaviour in rodents

h) Identification of phytochemical constituents in the ethanolic extract of Tinospora Cordifolia by GCMS

i) Identification of phytochemical constituents in the ethanolic extract of Nigella Sativa by GCMS:

j) Identification of phytochemical constituents in the ethanolic extract of Apama Siliquosa by GCMS

6. SDG-related Activities:

- Facility upgradation for diagnostics and clinical research (SDG 3 & SDG 10)
- Peer group engagement through conferences and workshops (SDG 4)

7. Awards and Recognition:

NIL

8. List of ongoing projects/ research grants:

Centre for Congenital Hand Differences

Address: Department of Hand Surgery, KMC Manipal
Phone Number: 08202923916
Email (Centre): handsurgery.kmc@manipal.edu **Email (Coordinator):** anil.bhat@manipal.edu

Year of Establishment of the Centre: 2016

Name of the Coordinator: Dr Anil K Bhat

Members: Dr Ashwath M Acharya, Dr Mithun Pai

Brief About the Centre:

Vision: To be the Centre of Excellence in India for congenital hand difference.

Mission: To practice comprehensive documentation, clinical knowledge translation, training, innovative research, and community services for children with congenital hand differences

Objective:

- Promote awareness of local, regional, and national data to create global impact in alignment with the University's vision.
- Establish a centre of repute in learning and teaching the management of congenital hand differences and develop holistic patient management with a team-based approach.
- Spearhead high-quality original and innovative research and development related to hand malformations in India and publish them.
- Establish bilateral partnerships with high-volume regional centres to enhance the potential for international collaborations and grants and to achieve academic and innovative excellence.
- Community participation along with involvement of policymakers to further services to remote areas.

Activities at the Centre:

Mangalore Upper Limb Course 2: The Second Manipal Upper Limb Course (MULC-2) was conducted by the Department of Hand Surgery, KMC Manipal, under the Center for Congenital Difference Hastha on 20 July 2024, at the TMA Pai Auditorium in Manipal under the dynamic leadership of Prof Anil K Bhat. Dr Padmaraj Hegde, Dean, KMC Manipal, graced the program as the chief guest and emphasized the importance of continuous learning and skill development in the field of hand surgery. The course featured expert lectures and interactive sessions on congenital hand disorders. The participants had the opportunity to present, observe, and learn from these live case presentations, gaining valuable practical knowledge.

Hand Surgery Day: The Department of Hand Surgery at KMC Manipal, under HASTHA Center for Congenital Hand Differences, observed Hand Surgery Day on 23 August 2024. A collection of informative posters pertaining to various aspects of hand surgery and congenital hand disorders was prominently exhibited within our outpatient department. Awareness regarding congenital hand anomalies and the importance of first-trimester scans and the need for cardiac evaluation was highlighted among the general public. The need for early referral was also highlighted among the medical professionals. Furthermore, we responded to inquiries and offered additional instructions on the risk variables linked to congenital anomalies.

Research Activities:

Department of Hand Surgery and HASTHA: The Center for Congenital Hand Difference participated in Research Day conducted by MAHE Health Science on 08 June 2024 and 13 and 14 November 2024. Here, we focused on collaboration with different departments across various institutes. The highlights were the incorporation of AI in Hand Surgery with emphasis on various collaborations, including basic science and anatomical studies.

Centre for Clinical and Innovative Forensics

Address: Department of Forensic Medicine and Toxicology,
Kasturba Medical College, MAHE, Manipal
Phone Number: 9845240393
Email (Coordinator): vinod.nayak@manipal.edu

Year of Establishment of the Centre: 01 February 2018
Name of the Coordinator: Dr Vinod C Nayak
Members: Dr Aparna Jayakala

Brief about the Centre:

Vision:

To become a center of distinction in the field of clinical forensics, aiming to provide quality training to all stakeholders

Mission:

To promote research, stakeholder training, and consultation to law enforcement agencies.

Objectives:

To develop a strong network of trained stakeholders in the area of clinical forensics.
To identify and explore emerging research issues in the field of clinical forensics and provide focus for funded research.
To facilitate knowledge dissemination among stakeholders, practitioners, educators, and students.

Activities at the Centre:

i) The Centre for Clinical and Innovative Forensics, in collaboration with the Manipal College of Nursing, MAHE, Manipal, organized a certificate course designed to equip participants with the knowledge and skills to recognize, assess and manage patients with medico-legal needs, collect evidence, document findings and testify in a court of law, while also understanding relevant Indian and international laws. The course runs for 23 weeks, includes 45 hours of instruction (2 hours per week), and carries 3 credits. Participants receive worksheets and learning materials throughout the course.

ii) In 2024, in collaboration with the Manipal College of Nursing, MAHE Manipal organized a forensic training program funded by the Indian Council of Medical Research (ICMR), New Delhi. Held on 18 and 19 November 2024 and 27 and 28 December 2024, the program was part of a research project assessing the effectiveness of forensic training for medical and nursing officers in urban and rural health centers. It focused on enhancing skills in injury identification and medico-legal evidence collection for sexual assault and domestic violence cases, strengthening forensic documentation and reporting.

iii) The sixth duty meet for the Western Range Police was held on 20 September 2024 at the MAHE Campus. It was organized by the Karnataka State Police in association with the Centre for Clinical and Innovative Forensics, KMC Manipal. Over 200 police officers were trained in crime investigation, including cybercrime, toxicology, crime photography, and crime scene investigation, with experts from the Forensic Science Laboratory (FSL) contributing to the sessions.

Centre for Molecular Neurosciences

Address: 2nd Floor, Physiology Block, KMC Manipal
Phone Number: 2923611
Email (Centre): cmn.office@manipal.edu **Coordinator:** dinesh.upadhya@manipal.edu

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr Dinesh Upadhya

Members:
Dr Dinesh Upadhya
Dr Somasish Ghosh Dastidar
Dr Pavan Agrawal

National Scholars: Five (two with Dr Dinesh Upadhya, two with Dr Pavan Agrawal, and one with Dr Somasish Ghosh Dastidar)
Total Research Scholars: 21

Research Assistant: One (supported by grants from Dr Pavan Agrawal)
Project Research Scientists – Two, and Project Assistant- One (supported by grants of Dr Somasish Ghosh Dastidar)

Brief About the Centre:

Vision:

- Outstanding neuroscience research to help the global community better mental health.

Mission:

- To perform excellent advancements in neuroscience through innovative ideas, the development of ultramodern techniques, and collaborative work with resolution.

Objectives:

- Undertaking research activities of regional, national, and global importance.
- Evaluating neuroscience problems with multiple perspectives and out-of-the-box ideas.
- Undertaking national and international collaborations to accomplish planned tasks.
- Training students to become proficient neuroscientists at the global level.
- Organizing workshops, seminars, conferences, and advanced training courses to gain and disseminate experience.

Activities at the Centre:

- Dr Dinesh Upadhya's lab at the Centre has provided scientific consultations and technical help to over 25 faculty members and more than 40 PhD students of MAHE in 2024.
- The Centre has provided paid services for the analysis of extracellular vesicles to multiple Non-MAHE institutions, including the Indian Institute of Space Science and Technology (IIST), Thiruvananthapuram; Rajiv Gandhi Centre for Biotechnology, Thiruvananthapuram, Kerala; NITTE (Deemed to be University); Yenepoya (Deemed to be University), Mangalore; and startups such as Neer Shakti Systems Pvt Ltd, Manipal, etc.
- The Centre faculty interacted and contributed to a co-authored Q1 publication with Dr Rajashekhar Gangaraju, Associate Professor, Anatomy and Neurobiology, University of Tennessee Health Science Centre, College of Medicine, Memphis, Tennessee.
- The Centre faculty interacted and contributed to two co-authored Q1 publications with Dr Ashok K Shetty, Texas A&M University, United States.
- Adjunct Faculty Dr Deepak Kanojia, Mythic Therapeutics, Boston, USA, visited the Centre from 16 to 18 January 2024 and gave a research talk on "Industry Academia Partnership and Developing Novel Therapies for Breast Cancer Metastasis on 17 January 2024. He also interacted with researchers at our Centre and clinician-researchers from the Department of Medical Oncology and others at the KMC, Manipal.
- Adjunct Faculty, Dr Santosh D'Mello gave four guest lectures on understanding and treating brain disorders at different MAHE institutions:
  - FOXES in the Brain on 22 July 2024
  - Histone Deacetylase-3: Friend and Foe of the Brain on 24 July 2024
  - Understanding MeCP2 Duplication Syndrome on 30 July 2024
  - Do's and Don'ts While Writing an NIH R01 Grant on 09 August 2024
- Dr Hari Subramanian, MAHE visiting faculty, interacted with research scholars for three days.
- Six MBBS students were trained at the Centre as a part of the Basic Sciences Electives between 29 January 2024 to 10 February 2024

Research Activities:

- Upadhya Laboratory has focused research activities on epilepsy, metabolic and

neurodevelopmental disorders, CNS infections, neurotherapeutics, etc.

- Dastidar Laboratory has focused research activities on Parkinson's disease, amyotrophic lateral sclerosis, rare genetic disorders, neuromelioidosis, heavy metal toxicity, probiotics, etc.
- Agrawal Laboratory has focused research activities on the effects of social isolation stress on neurons and behaviours, the impact of nicotine exposure across generations, modelling paediatric rare developmental disorders, Parkinson's disease, CRISPR-based therapies for neuronal disorders, etc.

Awards and Recognition:

- Dr Dinesh Upadhya's lab at the Centre for Molecular Neurosciences received the **Best Stall** award in the Translational Theme of Collaborate section of MAHE Research Day 2024
- Dr Dinesh Upadhya received the **Best Oral Presentation** award at the International Conference on Nanoscience and Nanotechnology, held at Manipal, between 29 February to 1 March 2024.
- Dr Namita N Kashyap received the **Best Poster Presentation** award at the International Conference on Nanoscience and Nanotechnology, held at Manipal between 29 February to 1 March 2024.
- Dr Dinesh Upadhya received the **Second Prize** in a poster presentation at Manipal Genetics Update VII, held from on 18 to 20 January 2024.

- Dr Dinesh Upadhya delivered an **invited talk** at the International Symposium on Multi-omics Approaches in Understanding Environmental and Lifestyle influences on Health, organized by Nitte (Deemed to be University) at NUCSER, Mangalore, on 9 October 2024.
- Dr Dinesh Upadhya delivered an **invited talk** at the XLII Annual Meeting of the Indian Academy of Neurosciences, held at NIMHANS, Bengaluru, on 11 to 14 November 2024.
- Mr Rachagolla Sai Prathap Yadav, PhD scholar, was awarded a travel grant for a poster presentation at the EMBO Workshop on Neuropeptides and Behavioural Flexibility, held from 05 to 08 December 2024 at NISER, Bhubaneswar, India.
- Dr Pavan Kumar Agrawal delivered an **invited talk** at **the EMBO workshop on Neuropeptides and Behavioural Flexibility from** 05 to 08 December 2024 at NISER, Bhubaneswar, India.
- Dr Pavan Kumar Agrawal was selected to attend the **EMBO Laboratory Leadership Course,** held at NCBS, Bangaluru, India, from 21 to 24 October 2024.
- Dr Somasish Ghosh Dastidar delivered an **invited talk** on 'Exploring the Therapeutic Potential of Natural Nutraceutical in Reducing Neuroinflammation and Enhancing Motor Function in Parkinson's Disease at the International Conference on Bioeconomy from Bioresources' held at Gangtok, India, November 2024.
- Dr Somasish Ghosh Dastidar delivered an **invited talk** on 'Exploring the Therapeutic Potential of Natural Nutraceutical in Reducing Neuroinflammation and Enhancing Motor Function in Parkinson's Disease at Indian Academy of Neurosciences' held at NIMHANS, Bengaluru, India, November 2024.
- Dr Rajarshi Bhattacharya delivered an **invited talk** on "Masoprocol: A novel Therapeutic for Parkinson's Disease via Modulation of Protein Translation and Mitochondrial Dynamics" at **IMMUNOCON, 2024** organized by the Indian Immunology Society in IISc, Bengaluru, India, in October 2024.
- Dr Rajarshi Bhattacharya delivered an **invited talk** on "Validating the Role of Masoprocol, a Protein Translation Inhibitor, in Neurodegenerative Disorders" at the **International Conference on the Advances in Mechanisms and Approaches to Neuro-Therapeutics (AIM-AT)** organized by the Indian Academy of Neurosciences at NIMHANS, Bangaluru, India held in November 2024.
- Dr Rajarshi Bhattacharya gave an oral presentation on "Development of Next Generation Genome Editing Platform in Lactic Acid Bacteria" at the **International Conference on Bioeconomy from Bioresources: Promoting Traditional Resources of NER for Viksit Bharat**, organized by BRIC-Institute of Bioresources and Sustainable Development (BRIC-IBSD), held in Gangtok, India, in November 2024.
- Priyajit Changdar was awarded the **Best Poster Award** for the presentation titled "Virgin Coconut Oil Mitigates Parkinson's Symptoms and Offers Neuroprotection by Enhancing Tyrosine Hydroxylase Levels" at **Manipal Research Colloquium 2024**, held in April 2024 organized by the Student Research Forum, MAHE.
- Three PhD scholars under the guidance of Dr Somasish Ghosh Dastidar qualified for **the MAHE-Deakin Cotutelle Program**, enabling them to pursue a joint PhD between MAHE and Deakin University.
- Dr Somasish Ghosh Dastidar guided and mentored five BSc and MSc students in 2024.
- Dr Dinesh Upadhya's lab hosted one external candidate for an internship, two MBBS students for observership, and one MD student for an elective.

Centre for Sexual Assault Crisis

Address: Department of Forensic Medicine and Toxicology,
Kasturba Medical College, MAHE, Manipal
Phone Number: 8893805359
Coordinator Email: aparna.jayakala@manipal.edu

Year of Establishment of the Centre: 1 September 2018; Reactivated on 6 March 2023
Name of the Coordinator: Dr Aparna Jayakala
Members: Dr Vinod C Nayak, Ms Anagha Deshmukh

Brief About the Centre:

Vision: To provide holistic treatment to survivors of sexual assault, efficient medico-legal support, and quality training to all stakeholders.

Mission: The number of cases of sexual violence is on the rise, and the need for medical and legal support is important for redeeming justice. As a part of medicolegal care, the Centre focuses on preventing re-victimization, providing comprehensive care including counselling, medico-legal documentation, and developing a strong network of trained stakeholders.

Objective: Provide timely assistance to survivors through prompt treatment, medico-legal examination, forensic evidence collection, and legal consultation. Offer training programs for students, faculty, staff, and associated stakeholders on medico-legal issues related to sexual assault, including informed consent, confidentiality, and mandatory reporting, with an emphasis on intersectional and LGBTQ+-specific concerns. Establish partnerships with service providers such as government medical officers, law enforcement agencies, child welfare committees, and other local organizations to facilitate comprehensive and coordinated medico-legal care for survivors.

Activities at the Centre:

i) Continuing to provide medico-legal examinations, evidentiary material collection,
ii) medico-legal consultations, and psychological counselling to survivors of sexual assault presenting to Kasturba Hospital, Manipal.
ii) Conducted an offline forensic training workshop on the topic "Identification of Injuries and Medico-Legal Evidence Collection in Sexual Assault and Domestic Violence," on 18 November 2024, for nursing officers, at MCON, MAHE Manipal, organized by MCON, Manipal, MAHE and the Centre for Clinical Forensics.
iii) Resource person for the ongoing online training workshop for the "Certificate Course in Forensic Nursing", organized by Mr Renjulal Yesodharan, Assistant Professor, MCON Manipal, MAHE.
iv) Conducted an offline forensic training workshop on the topic "Identification of Injuries and Medico-Legal Evidence Collection in Sexual Assault and Domestic Violence," on 27 and 28 December 2024, for government medical and nursing officers at the Medical Education Classroom – 2nd floor, KMC Library, MAHE Manipal. The workshop was organized by MCON Manipal, MAHE, and the Centre for Clinical Forensics.

Awards and Recognition:

Awarded Best Stall in Clinical Theme of the Collaborate Section of MAHE Research Day 2024, along with Centre for Clinical and Innovative Forensics.

Centre for Clinical Anthropometry

Address: Department of Anatomy, KMC, Manipal
Phone Number: 9886738555
Coordinator Email: Chandni.palimar@manipa.edu

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr Chandni Gupta
Members:

1. Dr Sneha Guruprasad Kalthur, Professor, Department of Anatomy
2. Dr Vikram Palimar, Professor and Head, Department of Forensic Medicine
3. Dr Eshwari K, Associate Professor, Department of Community Medicine
4. Dr Shyamala G, Professor, Department of OBG

Brief About the Centre:

Vision:

To establish an anthropometric baseline database for the adult and foetal Indian population, which can be utilized to identify the sex, age, nutritional status, diseases, human remains, and various congenital anomalies.

Mission:

To become a Centre of distinction in the field of clinical anthropometry, aiming to update and collect various anthropometric data of adults and foetuses from different populations across various regions.

Objectives:

1. To collect various anthropometric data of adults, children, and foetuses from all parts of India and creating a comprehensive database.
2. To identify and explore emerging research issues in the field of clinical anthropometry and apply for grants.
3. To facilitate knowledge dissemination among various stakeholders.

Activities at the Centre:

- Provided expert opinion on distinguishing between human and animal bones (specifically identifying the body) to forensic officials regarding bones received from the police on 21 October 2024.

  The total number of bones received: 37

Research Activities:

Nine research papers were submitted for publication, and two research projects are currently ongoing.

Research Publications:

- Dhamija A, Andrade LS, K. P and Gupta C. Correlation of age with the size of subcortical nuclei of the brain and its implication in degenerative disease: A magnetic resonance imaging study [version 2; peer review: 2 approved] F1000Research 2024, 12:1230. (Q1)
- Shwetha Acharya, Chandni Gupta, Vikram Palimar, Sneha Guruprasad Kalthur, Vaishali Yagain. Comparison of anthropometric measurements related to the medial longitudinal arch of feet between non-dancers and Bharatnatyam dancers- An observational study. Translational Research in Anatomy 37 (2024) 100329. (Q2)

- Hamza Nehala C, Gupta C, Palimar V. Morphometric measurements of mandible to determine stature and sex: A postmortem study. J Taibah Univ Med Sc 2024;19(1):106-113. (Q2)

Awards and Recognition:

Awarded the Gold Medal for the maximum number of publications in 2023 at the KCACON Conference 2024, held on 28 and 29 September 2024.

List of Ongoing Projects/Research Grants:

Two research projects are ongoing.

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date

KARNATAKA CHAPTER OF ANATOMISTS

"GOLD MEDAL AWARD"

Dr. CHANDNI GUPTA

has been Granted the

"Gold Medal Award"

instituted by Dr. Prakash H S, for the maximum paper published per year in any journal by the members of KCA at Annual 24th KARNATAKA CHAPTER OF ANATOMISTS conference held at Ramaiah Medical College, Bengaluru.

In the year 2024.

Secretary | President | Founder President

Centre for Foetal and Perinatal Pathology

Address: Department of Pathology
1st floor Centre for Basic Sciences, KMC Manipal
Phone Number: 0820 2922396
Email (Coordinator): mary.mathew@manipal.edu

Year of Establishment of the Centre: 1 February 2019
Name of the Coordinator: Dr Mary Mathew
Members:

Dr Mary Mathew MD, DCH. Professor, Department of Pathology KMC, Manipal

Dr Leslie Lewis, MD, DCH, Professor, Department of Paediatrics, KMC, Manipal

Dr Shalini Nayak, PhD, Assistant Professor, Department of Medical Genetics, KMC, Manipal

Dr Prashanth K Adiga, MD, Professor, Department of OBG and Gyn, KMC, Manipal

Dr Rajagopal K V, MD, Professor, Department of Radiology, KMC, Manipal

Brief About the Centre:
The vision of the Centre for Foetal and Perinatal Pathology is to establish a National and Regional Reference Centre for Foetal and Perinatal Pathology, with a mission to identify the causes of foetal and perinatal deaths that can be prevented, thereby reducing the perinatal mortality rate. This aligns with the Sustainable Developmental Goals (SDG) 3 for good health and well-being. The objectives of the centre are to provide high-quality services that integrate medical and scientific advances in perinatal pathology, conduct education, training, and courses in foetal and perinatal pathology, and provide support services to affiliated and regional hospitals/clinics while building national and international collaborations.
The centre was inaugurated by Dr Srinivas Rao, Consultant Pathologist from Alder Hey Children's Hospital, Liverpool, UK.

Activities at the Centre:
Manipal Path CME 2024, the first edition on "Update on Paediatric Liver and Renal Diseases," was held on 16 February 2024. This one-day update was conducted by Dr S Ranganathan, Endowed Chair, Professor, and Division Director of the Division of Pathology and Laboratory Medicine at Cincinnati Children's Hospital, USA, and Adjunct Professor, in the Department of Pathology, KMC Manipal.

Dr S Ranganathan, Endowed Chair, Professor, and Division Director, Division of Pathology and Laboratory Medicine, Cincinnati Children's Hospital, USA, visited the Centre for Foetal and Perinatal Pathology, KMC Manipal.

A virtual CME on "Paediatric Renal Tumours: Approach to Grossing, Pathology Diagnosis and Staging" was held on 30 December 2024. The session was conducted by Dr Srinivas Rao, Consultant Pathologist, Alder Hey Children's Hospital, Liverpool, UK, and Adjunct Faculty, Department of Pathology, KMC, Manipal.

This session was attended by postgraduate students and faculty from KMC Manipal, KMC Mangalore, and Kerala. Dr Rao described the various nuances of grossing techniques, followed by a discussion of

interesting cases. The centre currently has two full-time PhD students.

Research Activities:

The Centre for Foetal and Perinatal Pathology set up a stall at MAHE Research Day, held on 13 and 14 November 2024, to showcase its achievements.

Ms July Johnson (PhD Candidate) presented a poster on "Standardization of Minimally Invasive Tissue Sampling (MITS) Technique for Intestine Sampling in Neonatal Autopsies" at the ICHTR 2024 conference held on 18 and 19 December 2024.

6. *Pathology*, *43*(2),94–110. https://doi.org/10.1080/15513815.2023.2301448 (Scopus Q2)

Awards and Recognition:

- Dr Mary Mathew received an IPPA (International Paediatric Pathology Association) course scholarship for five years. This year, one week of training was held in Copenhagen from 21 to 27 September 2024.

Research Publications:

1. Cause of Death in Neonates with Neurological Insults in the Neonatal Intensive Care Unit: Insights from A MITS Pilot Study. **Mary Mathew**, Leslie Lewis, Athira Sreenivas, Jayashree Purkayastha. Clin Infect Dis 2021 Dec 15;73(Supplement_5): S408-S414. doi: 10.1093/cid/ciab857. Scopus indexed Q1

- Dr Mary Mathew was awarded a Diploma in Paediatric Pathology by the International Paediatric Pathology Association on 27 December 2024.

Manipal Centre for Benign Haematological Disorders

Address: Department of Immunohaematology and Blood Transfusion, KMC, Manipal
Phone Number: 09539788828/22254 **Email (Centre)**: mcbhd.kmc@manipal.edu
Coordinator: ganesh.mohan@manipal.edu

Year of Establishment of the Centre: 2019
Name of the Coordinator: Dr Ganesh Mohan
Members:
Dr Shamee Shastry
Dr Shwethapriya
Dr Vimal Krishnan
Dr Archana M V

Brief About the Centre:

Vision: To provide comprehensive care, diagnosis, rehabilitation, education, and research in benign haematological disorders through a multidisciplinary approach.

Mission: Multidisciplinary approach to patient diagnosis.

Objective: Comprehensive patient care and research.

Activities at the Centre:

1. Designed a questionnaire-based survey to assess the practice of diagnosis and patient care in thrombophilia (ongoing).
2. Developed a hospital treatment guidance document on the approach to thrombocytopenia in adult patients requiring critical care.
3. Developed benchmarks for massive transfusion protocol.
4. Planning to establish a Specialized Coagulation Research Centre.
5. Samples received from outside hospitals / centres to diagnose thrombnotic microangiopathy in 2024– 96 (excluding the samples received from Kasturba Hiospital Manipal)

Research Activities:

1. Applied for a research grant to assess the effectiveness of identifying bleeding risk due to thrombocytopaenia in acute febrile illness using thromboelastography.
2. Creating a registry for thrombotic microangiopathy

Research Publications:

1. Ninan A, Krishnan V, Shastry S, Mohan G, Chenna D, Madkaiker D, Balakrishnan J; A comprehensive approach to continuous quality improvement of massive transfusion by developing key performance indicators. Vox Sang; 2024, 119 (11)
2. Nelliat M, Mohan G, Lukos J, Shastry S, Chidangil S. Advancing transfusion medicine through Raman tweezer spectroscopy: A review of recent progress and future perspectives. Transfusion Medicine and Hemotherapy; 2024, 51(6).
3. Ninan A, Mohan G, Shanbhag V, Chenna D, Shastry S, Rao S. Assessing the clinical efficacy of low volume therapeutic plasma exchange in achieving recovery from acute liver failure inuced by yellow phosphorous poisoning. Journal of clinical apheresis, 2024, 39 (3).
4. Prethika PA, Mohan G, Shastry S, Balakrishnan J. Tailoring transfusion strategy using thromboelastogram in goal-directed massive transfusion: impact on transfusion requirements and clinical outcomes. Asian Journal of transfusion science, 2024, 18(1).

Awards and Recognition:

1. Received a fellowship from the International Society on Thrombosis and Haemostasis in Coagulation Disorders. The four-month training will be held at the University of Oviedo, Spain.
2. Received the prestigious J.R. Jolly Award from the Indian Society of Blood Transfusion and Immunohaematology (ISBTI) during the national conference, TRANSCON, Ahmedabad.

9. Ms Devika J L, Co-coordinator- MAHE Online Education and Social Media, MCHP, Manipal
10. Dr Sachin Sogal, Co-coordinator- Mountain Medicine and High-Altitude Expeditions

Brief About the Centre:

The Centre for Wilderness Medicine is a team of professionals comprising Emergency Physicians, Paramedics, SCUBA diving experts, public health experts, search and rescue experts and conservation/ecology experts who work together addressing at least eight Sustainable Development Goals (SDGs), capacity building, fieldwork, and research, with a strong focus on ONE Health. This is the first and only known centre at a university in India working in different domains of Wilderness Medicine with expertise, facility, international recognition, and the research environment. The team is making great strides in addressing under-recognized and growing healthcare needs in a changing landscape. The centre is supported by several adjunct faculty members, including those from the Wilderness Medical Society and various other collaborators around India, such as Snakebite Healing and Education, Coastal Impact, Herpactive, Reef Watch, Offtrail Adventures, the Madras Crocodile Bank Trust, the Agumbe Rainforest Research Station, Scuba Evolution, etc. Additionally, the centre also works with state health departments of Goa, Karnataka, Maharashtra, Himachal Pradesh, etc. The centre played a significant role in the development of the National Action Plan for Snakebite Envenoming by the Centre for One Health, NCDC, due to the work done on capacity building of healthcare workers across states and its research on various topics related to snakebite.

Vision:

- To provide a platform of learning in Wilderness Medicine in India and internationally.
- To provide a service to the nation with this unique and diverse field.
- To facilitate the development of various initiatives and innovations consistent with the Sustainable Development Goals.

Mission:

- To provide Wilderness Medical services locally, nationally, and internationally.
- To drive research, development, and innovation in Wilderness Medicine.
- To set up a sustainable division of Wilderness Medicine.
- To start training programs and courses in Wilderness Medicine —MD Marine Medicine (MCI approved) programs, short courses (Basic, Advanced and Specialized), fellowships, student education, and community training.

Objectives:

- To provide Wilderness Medical services on expeditions to remote or austere environments.
- To obtain training, undertake observerships, and participate in conferences on Wilderness Medicine.
- To start training in Wilderness Medicine at MAHE.
- To initiate and complete multidisciplinary research and innovation in Wilderness Medicine related.
- To support all activities that require Wilderness Medical Support.

- To start a post graduate program in Dive and Marine Medicine.
- To start a High Altitude and Mountaineering Medicine Program.

NOTICE

RESULT OF INTERVIEW CONDUCTED ON 02nd MAY, 2024 AT MOES, NEW DELHI FOR THE POST OF MEDICAL OFFICER FOR 44-INDIAN SCIENTIFIC EXPEDITION TO ANTARCTICA (ISEA) ON CONTRACTUAL BASIS

The panel of provisionally selected candidates with reference to interview held on 02nd May 2024 for selection of Medical Officer (contractual basis) for 44th ISEA is given below:

1. (In order of merit an offer shall be issued as per availability of vacancy)

Candidates for Long term (Winter Season)

Sl.	Medical officer (Medical Discipline) Name of the candidate	Medical Officer (Surgical Orientation) Name of the candidate
1	Dr. Ashlyn R	Dr. Abhinav Vatsa
2	Dr. Rahul Jain	Dr. Paul Jay Maheshbhai
3	Dr. Aditya Ayyagari	Dr. Vasishi Venkateswara
4	Dr. Nidhi Jha	Dr. Shyni C Kuriakose
5	Dr. Farsia Mohammad Hashaat	
6	Dr. Shailey Singh	
7	Dr. Suraj Verma	
8	Dr. Soumya K	

2. The above lists are in order of merit in individual discipline and vacancies falling in a discipline can only be filled from the list of the respective discipline.

3. Final selection of the candidates is subject to medical/psychological clearance and successful completion of pre-Antarctic snow ice acclimatization training.

DSO DOCTOR'S TRAINING PROGRAM

Date: 17 September 2024
Venue: DHO Office, Udupi
Lead Facilitator: Dr Freston Marc Sirur, Associate Professor, Department of Emergency Medicine, and Co-Coordinator for the Centre for Wilderness Medicine, KMC Manipal

The District Surveillance Officers Training, held at the DHO Office in Udupi, provided an insightful platform for healthcare professionals to enhance their knowledge and skills in snakebite management and pre-hospital care. The session was led by Dr Freston Marc Sirur, whose expertise in emergency medicine and envenomation provided participants with a comprehensive understanding of critical topics.

Dr Freston began the session with a detailed discussion on identifying the major causes of snakebite. Through a series of real-life case discussions, he elaborated on recognizing signs and symptoms of envenomation, distinguishing between venomous and non-venomous bites, and the importance of a timely and accurate diagnosis. Participants were educated on the appropriate first-response measures to snakebites. The session emphasized the immediate immobilization of the affected limb, avoiding harmful practices such as tourniquets, incision, or suction, and ensuring rapid transportation to a medical facility. Dr Freston highlighted these practices through interactive discussions, which helped clarify common misconceptions and inappropriate measures.

A significant portion of the session was dedicated to identifying the medically significant snakes found in the Western Ghats. Using morphology and envenomation syndromes, Dr Freston provided insights into species such as the spectacled cobra, Russell's viper, common krait, saw-scaled pit viper, Malabar pit viper, and the hump-nosed pit viper. The

importance of accurate snake identification in guiding treatment protocols was underscored. He also covered diagnostic tools and clinical approaches used in managing snakebite cases. The session highlighted the proper administration of anti-venom, including dosage and monitoring for adverse reactions, management of anaphylaxis, transfer precautions to ensure patient safety during transportation, and the importance of maintaining detailed medical documentation for each case.

The session stressed the significance of community outreach programs to raise awareness about snakebite prevention and management. Dr Freston also discussed gaps in the pre-hospital system, emphasizing the urgent need for a robust pre-hospital emergency response system to reduce morbidity and mortality rates and improve patient outcomes. The Department of Emergency Medical Technology actively participated in the training by presenting a simulation-based demonstration. Through a play, the team highlighted the do's and don'ts during a snakebite incident in between the session. The simulation illustrated both appropriate and inappropriate measures, making the learning process engaging and impactful for participants.

The session encouraged active engagement from participants, who shared their personal experiences and challenges in managing envenomation cases at their Primary and Community Health Centres. This interactive exchange provided valuable insights into the practical difficulties faced by healthcare professionals in the field. The training concluded with a discussion on the critical role of inventory management. The session emphasized the importance of regular equipment checks and restocking essential items to ensure preparedness for snakebite emergencies as well as the other emergencies.

To keep the learning process ongoing, a WhatsApp group has been created, where healthcare workers across the district can post their queries, seek advice on snakebite management or identification, and communicate regarding patient transfers.

Launch of National Action Plan for Prevention and Control of Snakebite Envenoming in India (NAPSE)

Date: 12 March 2024

Venue: Centre for One Health, National Centre for Disease Control, Directorate General of Health Services, Ministry of Health and Family Welfare, Government of India

The launch of the National Action Plan for Prevention and Control of Snakebite Envenoming in India (NAPSE) marked a pivotal step in addressing the public health burden of snakebite envenoming in the country. Organized by the Centre for One Health, National Centre for Disease Control (NCDC), this landmark event emphasized a "One Health" approach to reduce snakebite-related deaths by half by the year 2030.

Contributions by Dr Freston Marc Sirur and Dr Vrinda Lath

Dr Freston Marc Sirur, Associate Professor, Department of Emergency Medicine, Coordinator – Centre for Wilderness Medicine, and Dr Vrinda Lath, Senior Resident, Department of Emergency Medicine, Co-coordinator – Centre for Wilderness Medicine, KMC Manipal, played instrumental roles in the development of NAPSE. Their contributions stemmed from a series of consultations and visits to NCDC on 21 March 2023, 18 October 2023, and 19 October 2023. Their expertise in emergency medicine and envenomation management significantly influenced the drafting process, ensuring that the action plan was both evidence-based and practically implementable.

International Snakebite Awareness Day Program

On the occasion of International Snakebite Awareness Day, held on 19 September 2024, the Centre for

Wilderness Medicine, KMC Manipal, in collaboration with the Marketing Team of Kasturba Hospital and the Department of Emergency Medical Technology, Manipal College of Health Professions, conducted an extensive three-day snakebite awareness program for OPD patients and bystanders on 19, 23 and 24 September 2024. The program was designed to educate the public on critical aspects of snakebite prevention, first-response actions, and the identification of local snake species. Held in the OPD waiting area, lobby, and other accessible spots, this session was structured to reach a wide audience. Ms Usha and Ms Krithika led the session, with Dr Vrinda, Ms Rashmi, and Ms Snehal also participating .

The snakebite awareness session focused on essential first-aid steps, addressing myths and misconceptions, and promoting effective pre-hospital care. Participants learned evidence-based practices such as immobilization, reassurance, and rapid hospital transport, while correcting harmful actions like using tourniquets or attempting to extract venom. The session emphasized identifying common snakes in coastal Karnataka, such as the Russell's viper and the spectacled cobra, using visual aids. An open forum encouraged the sharing of personal experiences, fostering community awareness and understanding. MSc EMT students Ms Usha and Ms Krithika developed visually engaging IEC materials, providing emergency response steps, do's and don'ts, and key helpline contacts. This initiative empowered participants with life-saving knowledge, dispelled misconceptions, and highlighted the importance of community education in mitigating snakebite risks.

Nature Guide Training Report

Date: 29 July 2024

Time: 10:30 AM- 4:30 PM

Location: Goa State Forest Research and Training Institute, Valpoi

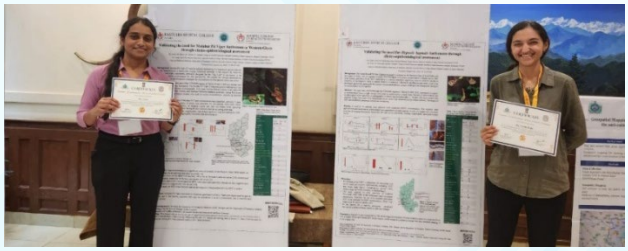
The Centre for Wilderness Medicine was invited to train the Nature Guides of the Goa Forest Department on 29 July 2024. The Nature Guide Training, held on the same day, offered an informative session focused on essential skills for emergency preparedness and basic first aid. The event was attended by almost 150 participants from Nature Guide backgrounds, all eager to learn and enhance their preparedness for emergency situations. A brief overview of the Center and its work was presented to the participants.

The session covered assembling comprehensive emergency kits with essentials like first aid supplies, survival tools, and personalized items for specific scenarios. Participants were trained to assess scene safety, prioritize risks, and stay calm in emergencies. Basic first aid techniques were demonstrated, including treating burns, dehydration, choking,

cardiac arrest (CPR), seizures, and immobilizing injured limbs. Heat and cold emergencies, wound care, and the importance of rapid healthcare transfer were emphasized. Effective communication in emergencies was taught using a mnemonic for clarity and accuracy. Personal hygiene in survival situations, including handwashing, waste disposal, and food safety, were also addressed to prevent infections and illness.

Participation in First National Conference on Recent Advances and Challenges in Hyperimmune Sera Production

Organized by Central Research Institute (CRI), Kasauli, Co-organized by National Centre for Disease Control (NCDC), New Delhi, held between 8-10 September 2024 at CRI, Kasauli



The First National Conference on Recent Advances and Challenges in Hyperimmune Sera Production marked a significant milestone in the field of antisera manufacturing in India. The event provided a platform for scientists, clinicians, and antisera manufacturers to discuss advancements, challenges, and innovations in the production and application of hyperimmune sera. The conference also highlighted the issues faced in treating snakebite and animal bite cases, aiming to develop solutions for existing challenges. Attendees benefited from professional interactions and opportunities for collaboration

Dr Vrinda and Ms Usha, Co-coordinators of the Centre for Wilderness Medicine, KMC Manipal under the domain of Leadership, Expeditions, Conservation Medicine and Envenomation, Research, and Mitigation respectively, participated in this conference. Representing the Centre, they presented posters titled "Validating the Need for Hypnale hypnale Antivenom through Clinico-Epidemiological Assessment." and "Validating the Need for Malabar Pit Viper Antivenom through Clinico-Epidemiological Assessment" respectively.

The posters focused on the critical need for developing specific antivenins to address envenomation by the Hump-nosed Pit Viper and the Malabar Pit Viper, both of which are a common causes of morbidity and mortality in coastal Karnataka. These snake species are commonly found in the Western Ghats region and pose significant health risks due to envenomation.

This event provided an excellent opportunity to network with experts in the field, exchange ideas for future research collaborations, and gain knowledge about the current advancements and research.

Conflict, Conservation, Coexistence

Date: 02 June 2024 – 04 June 2024

Time: 9:00 AM – 5:00 PM

Location: TMA Pai Hall, 3rd Floor, Manipal

The three-day national conference and workshop, "Conflict, Conservation, Coexistence," organized by the Center for Wilderness Medicine, KMC Manipal, was held from 2 to 4 June 2024. The conference aimed to address human-wildlife conflict through a One Health lens, emphasizing urban ecologies. Participants from diverse fields, including health sciences, public health, veterinary medicine, conservation, and the arts, shared insights on balancing coexistence and conservation.

Day 1 (2 June):

- The event began with a talk on "Human-Wildlife Conflict: A Wilderness Medicine Perspective," followed by an inaugural ceremony featuring dignitaries like Dr Prashanth Bhat and Dr Anil K Bhat. The day included screenings of documentaries like *Tigers on the Rise* and *Dhīvaraḥ,* alongside talks on biodiversity, spiders' ecological roles, and urban wildlife coexistence by eminent speakers like Dr Vivek Pandi and Ms Jayanti Kallam.

Day 2 (3 June):

- The second day featured discussions on topics such as the healthcare implications of climate change (Dr Arathi Rao), conservation challenges in urbanized areas (Mr. Aaron Fernandes), and marine ecosystem awareness (Mr Venkatesh Charloo). A panel discussion on urban design, ecology, and health concluded the day.

Day 3 (4 June):

- Participants engaged in field workshops at the Agumbe Rainforest Research Station, focusing on practical conservation techniques and wildlife management strategies.

The event successfully fostered dialogue and collaboration among diverse stakeholders, encouraging actionable strategies for mitigating human-wildlife conflicts while promoting coexistence.

Anti-Naxal Force Training Report

Date: 30 June 2024

Time: 9:30 AM to 5:00 PM

Location: Police Training School, Hebri

Group: Dr Freston Marc Sirur, Dr Vrinda Lath, Mr Avinash Bhat, Mr Karthik, Ms Shwetha Kulal, Ms Reethu, Ms Ramya, Mr Giridhar Nayak

On 30 June 2024, the Centre for Wilderness Medicine conducted a training program for the Anti-Naxal Force, focusing on basic emergency response for first responders. Around 20 participants attended the session. Dr Vrinda introduced the center and its key initiatives, including animal rescues, water and rope rescue courses, and trauma care in wilderness settings. She also covered basic triage and first responder principles. Dr Freston highlighted the preparation of first aid, survival, and rescue kits, emphasizing essential items like gauze, splints, static ropes, and life jackets. Ms Shwetha Kulal demonstrated airway management techniques, including airway patency checks and maneuvers for

trauma and non-trauma cases. A session on Basic Life Support led by Dr Vrinda focused on scene safety, CPR, AED use, and the Heimlich maneuver for choking. Additional topics included the prevention and management of heat and cold emergencies by Ms Shwetha, and first aid for seizures by Ms Reethu. Dr Vrinda discussed hydration and dietary guidelines during dehydration, diarrhea, and fever. Dr Freston covered envenomation treatment, focusing on snake bites and animal attacks, supported by live specimen identification. Ms Ramya and Mr Karthik conducted hands-on training in hemorrhage control, wound care, and tourniquet use, while Mr Avinash contributed to discussions on lightning strike precautions, splinting, and spinal restriction. The training concluded with demonstrations on patient transfer techniques, receiving positive feedback for its comprehensive approach and practical utility.

Centre for Balance Disorders

Address: Department of Otorhinolaryngology (ENT),
Kasturba Medical College, MAHE, Manipal
Phone Number: 08202923255, 08202922218
Email (Centre): ent.kmc@manipal.edu **Coordinator**: kailesh.pujary@manipal.edu

Year of Establishment of the Centre: May 2020

Name of the Coordinator: Dr Kailesh Pujary, Professor in ENT Department, KMC, Manipal, MAHE

Members and Co-coordinator:
Dr John Solomon, Professor in Department of Physiotherapy and Associate Dean, MCHP, MAHE, Manipal

Brief About the Centre:

Vision:
To improve the quality of life for patients with balance disorders by treating them with an interdisciplinary and evidence-based approach.

Mission:
To be a centre of excellence, fostering research and innovation in the field of balance disorders, with national and international collaborations.

Objectives:

1. To develop a comprehensive multidisciplinary clinic for the management of balance disorders.
2. To foster innovation, train/mentor students, researchers, and healthcare providers in balance disorders, and facilitate national and international collaborations.
3. To conduct short-term training courses and workshops.
4. To develop an e-health platform for awareness, assessment, and self-help modules.
5. To foster evidence-based practices, best practices, and multi-centric studies.

Activities at the Centre:

Certificate Course in Balance Disorders – 12 weeks online (July – September 2024) and Hands-on trainingfrom 14 to 17 October 2024 at Interact Hall, Manipal.

Faculty:

Anirban Biswas, Kolkata,
Arun P, London, UK
Ravi Nayar, Bengaluru
Alfarghal Mohamad, Saudi Arabia
Sudhir Kothari, Pune
Vishal Pawar, Dubai
Raj Nandi, London, UK
AK Vats, Udaipur
Balakrishnan R, Manipal
Kailesh Pujary, Manipal
Ajay Bhandarkar, Manipal

Vestibular and Balance Assessment and Management

Vestibular and Balance Assessment and Management

Certificate distribution to participants by Dr Padmaraj Hegde, Dean, KMC, Manipal, MAHE, during the event, Vestibular and Balance Assessment and Management.

Clinical Research Centre for Neuromodulation in Psychiatry

Address: Department of Psychiatry, KMC Manipal
Email (Coordinator): samir.kp@manipal.edu

Year of Establishment of the Centre: 2020

Name of the Coordinator: Dr Samir Kumar Praharaj

Members: Dr Sonia Shenoy, Dr Abhiram P N, Dr Kirtana M Pai, Dr Prakashini K, Dr Rajagopal K V, Dr Krishna H M, Dr Ravindra Maradi, Dr Pallavi LC, Dr Ashok Jammigumpula, Dr Jithin T Joseph, Jithin Jaise, Prathvi Pahi

Brief About the Centre:

Vision:

To establish a Centre, in collaboration with other psychiatric institutes in India, to conduct multi-center studies with inputs from expert consultants involving international researchers in neuromodulation.

Mission:

Research focus: a) To conduct disease modelling studies in psychiatric disorders using multi-modal data anchored in investigative neuromodulation techniques (TMS-derived metrics combined with tDCS perturbation studies) along with additional assessments using MRI, EEG, and several other neurobiological measures; b) To discover biomarkers predictive of differential clinical response to neuromodulatory interventions like ECT, TMS, and tDCS through multi-centre studies.

Objectives:

1. The Centre will serve as a resource for understanding the neurobiological correlates of pharmaco-resistance in psychiatric diseases and the neurobiological effects of neuromodulation.
2. It will act as a resource centre to disseminate knowledge and expertise to the professionals interested in taking up cutting-edge research in the area of neuromodulation in psychiatry.
3. To integrate the "big data" related to the previous two objectives for the discovery of biomarkers that can predict differential clinical response to NIBS and thereby develop personalized, neuromodulatory interventions to impart "precision medicine".
4. This CRC will interact with all stakeholders to facilitate the implementation of neuromodulatory treatment approaches at different levels of healthcare delivery through standardized, scalable, and pragmatic interventions.
5. This CRC will generate "clinician-scientists" in this area and conduct a regional/national-level virtual training program to enhance the practice standards of neuromodulatory interventions in India.
6. After the completion of the research projects (mentioned above), the services of the Centre (tDCS, rTMS, etc.) can be offered to selected patient populations with appropriate indications who might benefit from these treatment modalities.

Activities at the Centre:

a) Standardization of NIBS techniques (in collaboration with the other centres)
b) Three clinical trials (ongoing): 73 participants have been recruited in the clinical trials, and more than 130 TMS EMG assessments have been done
c) CRTP fellowship training (sponsored by DBT Wellcome India Alliance)
d) Paid neuromodulation clinical services, including rTMS and tDCS for various psychiatric disorders
e) PG training: Mandatory NIBS posting (one month) for MD Psychiatry residents
f) Observers from other institutes for NIBS training
g) Development of NIBS training materials (e.g. "Basic course in ECT" already developed for undergraduate students)
h) Guest lectures/workshops /conferences on NIBS
i) Publications in peer-reviewed journals
j) Writing grant applications

Research Activities

Ongoing clinical trials (three ongoing), additional studies using NIBS.

a) Comparative clinical efficacy and neurobiological correlates of true-vs-sham ECT in patients with clozapine-resistant/intolerant schizophrenia
b) Identification of resting brain functional connectivity markers of response to continuous theta burst stimulation and cathodal transcranial direct current stimulation in schizophrenia patients with persistent auditory hallucinations
c) Clinical efficacy and neurobiological correlates of sequential treatment with cathodal tDCS primed iTBS and ECT in treatment-resistant depression

NIBS Equipment

Award by Neuromodulation Society of India 2024

Centre for Emergency Toxicology

Address: Department of Emergency Medicine, Kasturba Medical College, Manipal
Phone Number: 9449111397
Email (Coordinator): sachin.sujir@manipal.edu

Year of Establishment of the Centre: 11 February 2021
Name of the Coordinator: Dr Sachin Nayak Sujir
Members: Dr Freston Marc Sirur, Dr Jayaraj MB, Dr Nisarg S, Dr Divya D Pai.

Brief About the Centre:
Vision: Dedicated to advancing the field of Emergency Toxicology through innovative research, education, and collaboration, with an aim of protecting and enhancing public health and safety on a global scale.

Mission: To empower healthcare and emergency medicine professionals with the latest toxicology research, education, and partnerships to proactively manage and prevent toxicological emergencies.

Objectives:
Academics and Training:
- UG and PG toxicology teaching and training through integrated modules
- Post-PG 2-year Fellowship in Emergency Toxicology
- HAZMAT team training and simulation – MAHE HAZMAT module

Research:
- Toxicology registry
- Regional and international research collaboration
- Research on antidotes, delivery systems, and treatment modalities

Clinical:
- Tox Cart
- ToxEm Podcast
- Tox Board – Collaboration between clinical and analytical toxicology to provide a platform for proper analysis and debriefing of cases

Activities at the Centre:
- Conducted an informative session on **Poisoning in Community: Prevention and First Aid Management** on the Udayavaani YouTube Channel
- Participated in **COLLABORATE** during the Research Day 2024
- Established systematic protocols for the effective management of toxicology patients
- Ongoing data collection and enrolment of patients for the **"TOXIK"** registry, which plays a pivotal part in toxicology research
- Designed the Emergency Medicine Toxicology Fellowship curriculum

Research Activities

1.	Guidelines for recreational drug poisoning, which was presented at Asia Pacific Association of Medical Toxicology Conference, to be published in a research journal	Submitted
2.	Glyphosate Toxicity Unveiled: A Decade of Insights into Demography, Clinical Profiles, and Management Strategies in South India	Submitted
3.	Retrospective study on Rodenticide Poisoning	Manuscript writing
4.	Clinical Presentations, outcomes and predictors of mortality in rat poisoning: A retrospective study.	Data collection, IEC approval done
5.	Clinical Presentations, outcomes and predictors of mortality in Copper Sulphate poisoning: A retrospective study.	Data collection, IEC approval done
6.	Clinical Presentations, outcomes and predictors of mortality Paraquat poisoning: A retrospective study.	IEC submission done
7.	Research project on Identification of poison quantity by Gas chromatography Mass Spectrometry and its correlation with predictors of mortality in poisoning patients.	Planning stage

Centre for Swallowing Disorders

Address: Department of Otorhinolaryngology (ENT),
Kasturba Medical College (KMC), MAHE, Manipal
Phone Number: 08202923255, 08202922218
Email (Centre): ent.kmc@manipal.edu
Coordinator: kailesh.pujary@manipal.edu

Year of Establishment of the Centre: May 2021

Name of the Coordinators:

- Dr Suneel C Mundkur, Professor, Department of Paediatrics, KMC, Manipal, MAHE
- Dr Kailesh Pujary, Professor, Department of Otorhinolaryngology KMC, Manipal, MAHE

Members:

- Dr Venkataraja Aithal U, Department of Speech and Hearing, MCHP
- Dr Usha Devadas, Department of Speech and Hearing, MCHP
- Dr Veena K D, Department of Speech and Hearing, MCHP
- Dr Deepa Devadiga, Department of Speech and Hearing, MCHP
- Mentor - Dr Leslie E Lewis, Department of Paediatrics, KMC, Manipal, MAHE

Brief About the Centre:

Vision:

To be a centre for excellence in education, research, and comprehensive, and innovative clinical care for swallowing disorders.

Mission:

To promote excellence in training and research, and to provide evidence-based clinical services for swallowing disorders to 'Reach the Required.'

Objectives:

- To develop a comprehensive, multidisciplinary clinic for the assessment and management of individuals with swallowing disorders.
- To provide a focused approach to swallowing disorders in a) children, b) head and neck oncology cases, c) neurological illnesses, and d) geriatrics
- To foster innovation and train/mentor students, researchers, and healthcare providers in this area.
- To conduct knowledge enhancement workshops for the benefit of novice as well as practising therapists.
- To enhance research in the field of swallowing disorders and rehabilitation through national and international collaboration.

Seminar on Dysphagia: Assessment and Management on 10 and 11 January 2024.

Guest talk by Dr Elizabeth Oommen, Professor, Speech Pathology and Audiology (SPAUD), University of Calvin, USA - Seminar on Dysphagia: Assessment and Management

Group photo during Dyphagia seminar

Centre for Rare Diseases

Address: Center for Rare Diseases, Department of Medical Genetics,
Kasturba Medical College, Manipal, MAHE, Manipal- 576104

Clinical Research Center "Center for Rare Genetic Disease Diagnosis, Research, and Training."

Year of Establishment of the Centre: 1 October 2021

Name of the Coordinator: Dr Anju Shukla

Members:

- Dr Anju Shukla, Department of Medical Genetics, Kasturba Medical College, Manipal.
- Dr Aarti Sevilimedu, Dr Reddy's Institute of Life Sciences, Hyderabad.
- Dr Akhilesh Pandey, Institute of Bioinformatics, Bengaluru.

Brief About the Centre:

Vision: Develop a Center for Rare Disease as a benchmark for diagnosis, care, research, and training in India.

Mission: To establish a self-sustaining center for cutting-edge research in rare disease etiology along with training the next generation of scientists for clinical and fundamental biomedical research.

Objectives:

- To establish a local cohort and biorepository for rare genetic disorders.
- To deploy exome sequencing (ES), whole genome sequencing (WGS), and RNA-Seq for discovering potential disease-causing variants.
- To functionally characterize causal genes/variants in cells and model organisms through in vitro assays, proteomics, and metabolomics/lipidomic approaches to understand the potential disease mechanisms.
- To establish a cutting-edge interdisciplinary research-training program focused on rare diseases for physician-scientists (Clinical Research Training Program (CRTP), basic scientists, and genetic counsellors, that integrate clinical and laboratory sciences.

Activities at the Centre:

Activities	Description
Clinical cohort and Biorepository at MAHE	As of now we have recruited 919 affected individuals from 842 unrelated families with rare genetic diseases. Genomic DNA isolated from peripheral blood samples has been banked. Tissue samples have been collected from individuals for further

Activities	Description
	validation of the genetic variants identified in selected families
Rare Diseases Registry at MAHE	A registry has been established for families with rare diseases. Our web portal documents essential details. The website will be fully functional in a few months, after patient information is entered.
Exome Sequencing (ES) and Whole Genome Sequencing (WGS) at MAHE	Genetic testing which includes genomic tests (exome sequencing, whole genome sequencing, and chromosomal microarray) and targeted testing as appropriate have been applied.
Functional studies	Functional characterization of the causal genes/variants in cells and model organisms has been carried out through in vitro assays, proteomics, metabolomics, and lipidomic approaches.
Clinical Research Training Program (CRTP)	Two CRTP Doctoral Fellows have been recruited to work within the Clinical/Public Health Research Centres
Publications	Research publications (17)
Research Day	The Research Day was held on 13-14 November 2024 at KMC Greens, KMC and was organized by Manipal Academy of Higher Education (MAHE). A stall was set up by the Department of Medical Genetics to inform visitors about rare diseases, including their diagnosis and management.
Open Day	The Open Day was held on 24 May 2024 at the Department of Medical Genetics. The event was organized by the department to raise awareness among young minds about genetic diseases.
Manipal Genetics Update VII	The International Conference "Manipal Genetics Update VII on Cellular and Animal Models for Rare Genetic Diseases" was held from 18 to 20 January 2024, at Fortune Valley View in Manipal. This event was organized by the Department of Medical Genetics at Kasturba Medical College (KMC), Manipal, along with the Center for Rare Disease Diagnosis, Research, and Training, funded by the DBT/Wellcome Trust India Alliance, with support from various other sponsors.

SDG-related Activities:

CRC is involved in SDG 3, SDG 4, SDG 9, SDG 11, and SDG 17. As a part of community awareness and quality education under the SDG framework, an Open Day was conducted on 24 May 2024. The main goal of the initiative was to engage and raise awareness among the young minds about DNA, genetics, and the rare genetic diseases: causes, diagnosis, and management. Many interactive sessions as well as quizzes were organized along with other engaging sessions.

The Center was also part of Research Day, held on 13 and 14 November 2024. During the program, an open platform was provided for young researchers and students interested in the subject to explore and learn more about the "Rare Genetic Diseases". The Centre is also part of national and international collaborations aiming towards good health and wellbeing.

Awards and Recognition:

Clinical Research Training Program

This Clinical Research Training Program (CRTP) aims to develop physician- scientists as a way forward for improving clinical and public health research ecosystems in India. Two CRTP Doctoral Fellows were recruited to work within the Clinical/Public Health Research Centres (CRCs).

List of Ongoing Projects/Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
1.	Clinical Research Centre- "Centre for Rare Disease Diagnosis, Research, and Training."	DBT/Wellcome Trust India Alliance	Dr Anju Shukla	₹ 9,99,99,999	1 October 2021 to 30 September 2026

Open Day interaction between the research scholars and inquisitive minds on 24 May 2024 at the Department of Medical Genetics, KMC. There was much more for the young minds, including Mendel's life movies screening, quizzes, photo booths, and other engaging acivities.

Open Day 24 May 2024: DNA, Genetics, Heredity, and more . . .

Exploring Young Minds on Open Day at the Department of Medical Genetics

MAHE Research Day, 13 and 14 November 2024 at KMC, Manipal

Department of Medical Genetics at MAHE Research Day 2024. A stall was put up at KMC Greens by the department to raise awareness among students and young researchers about rare genetic diseases.

The Manipal Genetics Update VII took place from 18 to 20 January 2024, targeting basic and clinical scientists engaged in rare disease research. Organized by the Department of Medical Genetics at KMC, Manipal, the conference underscored the significance of employing diverse cellular and animal systems to model the pathophysiology of rare diseases. It emphasized the use of such systems to model the pathophysiology of these conditions, enhancing our comprehension of their underlying biology and paving the way for the creation of novel diagnostic tools and biomarkers, which can aid in early detection and intervention strategies. The conference aimed to offer a platform for various stakeholders involved in rare disease diagnosis, research, and management to collaborate, network, and exchange unique knowledge.

Centre for Sustainable, Affordable & Value Based Solutions in Emergency Care

Address: Department of Emergency Medicine, Kasturba Medical College, Manipal
Phone Number: 9599460465
Email (Centre): centerforsave@manipal.edu **Coordinator:** rachana.kmc@manipal.edu

Year of Establishment of the Centre: May 2023

Name of the Coordinator: Dr Rachana, Associate Professor, Department of Emergency Medicine, Kasturba Medical College, Manipal

Members:

Dr Prithvishree Ravindra, Emergency Medicine, KMC Manipal

Dr Manu Sudhi, Emergency Medicine, KMC Manipal

Brief About the Centre:

Vision:

To increase the access to timely, affordable emergency care services in the community starting with Udupi District (EM for EM – Emergency Medicine for Every Menage; Emergency Medicine for Every ಮನೆ)

Mission:

To strengthen emergency care accessibility and efficiency by building capacity in primary and community healthcare centers, fostering innovation in cost-effective emergency technologies, and enhancing pre-hospital emergency response networks.

Objectives:

1. To build capacity in primary care and community care centers to deliver standardized emergency care and referral services
2. To innovate and create "Make in India" technology as a cost-effective alternative treatment interface for emergency departments
3. To strengthen the pre-hospital emergency care network in Udupi District

Activities at the Centre:

The Centre for SAVE, in collaboration with the Centre for CARE, conducted first aid training sessions in Udupi, equipping participants with essential life-saving skills. The sessions covered CPR, choking management, and emergency response techniques, ensuring that community members, and professionals alike, were prepared to handle medical emergencies effectively. This initiative reflects a commitment to enhancing emergency preparedness and strengthening pre-hospital care in the region.

Six sessions were conducted of the Maternal Resuscitation Program – a one-day interdisciplinary team training program to handle maternal emergencies. The program involved healthcare professionals (doctors, nurses, and paramedical staff) from the Departments of Emergency Medicine, Critical Care, Obstetrics and Gynaecology, Anaesthesiology, Paediatrics, and Community Medicine. These monthly training programs were conducted from July to November 2024. So far, more than 200 healthcare workers caring for obstetric emergencies were trained.

Research Activities:

Patent application for a Portable Continuous Positive Airway Pressure (CPAP) device with oxygen and pressure sensor, vide reference no. KMC/20, submitted (Dr Rachana)

With support from ICMR, a hands-on training module has been developed called the 'Maternal Resuscitation Programme', addressing training, knowledge, skills, inter-disciplinary team building, and team dynamics for the management of maternal emergencies such as severe pre-eclampsia, eclampsia, post-partum haemorrhage, and maternal cardiac arrest. An indigenous maternal resuscitation training mannequin has also been developed with provision for hands-on training in perimortem Caesarean section/resuscitative hysterotomy, in collaboration with an Indian company.

As part of its commitment to **sustainable and affordable healthcare solutions**, the **Centre for Sustainable Affordable Value-Added Solutions (Centre for SAVE)** conducted a randomized trial comparing a **low-cost CPR Pillow** with a standard mannequin for hands-only CPR training. The study highlighted the **effectiveness of cost-effective alternatives** in CPR education, demonstrating their potential to make life-saving training more **accessible and scalable**. Published in *Resusc Plus*, this research reinforces the importance of **innovative, resource-efficient solutions** for improving emergency preparedness in **resource-limited settings**.

Research Publications:

1. Ravindra P, Shubha HS, Kumar Nagesh S, Bhat R, Kumar Sahu A, Chugh S, Lavanya BN, Rani P. #CPR challenge: Impact of a social media campaign on cardiopulmonary resuscitation awareness and skills among young adults - A quasi experimental study. Resusc Plus. 2024 Jul 15;19:100711. doi: 10.1016/j.resplu.2024.100711. PMID: 39113757; PMCID: PMC11304058. (Scopus Q2)

2. Nehra A, Ravindra P, Bhat R, Nagesh SK, Alok Y, Nisarg S, Shanmukhappa Maddani S, Balakrishnan JM. Comparison between a low-cost model (CPR Pillow) and a mannequin in training hands only cardiopulmonary resuscitation (CPR): A randomised trial. Resusc Plus. 2023 Dec 4;17:100518. doi: 10.1016/j.resplu.2023.100518. PMID: 38089839; PMCID: PMC10714364. (Scopus Q2)

SDG-related activities:

- **SDG 3: Good Health and Well-being** – Enhancing healthcare access through affordable, scalable solutions—such as low-cost CPR training tools, improved emergency preparedness, and strengthened community health initiatives.
- **SDG 4: Quality Education** – Developing low-cost training models and educational tools to improve medical and emergency training, and to ensure skill development in resource-limited settings.
- **SDG 9: Industry, Innovation, and Infrastructure** – Encouraging **Make-in-India healthcare innovations**, including **indigenous CPR training models** and affordable medical technologies for emergency care.
- **SDG 10: Reduced Inequalities** – Bridging healthcare gaps by making **life-saving training and emergency care technologies accessible** to underserved and rural populations.
- **SDG 17: Partnerships for the Goals** – Strengthening **collaborations with healthcare institutions, industry partners, and policymakers** to drive **affordable, sustainable innovations** in medical training and emergency response.

Awards and Recognition:

The Publication 'Nehra A, Ravindra P, Bhat R, Nagesh SK, Alok Y, Nisarg S, Shanmukhappa Maddani S, Balakrishnan JM. **Comparison between a low-cost model (CPR Pillow) and a mannequin in training hands only cardiopulmonary resuscitation (CPR): A randomised trial**. Resusc Plus. 2023 Dec 4;17:100518. doi: 10.1016/j.resplu.2023.100518. PMID: 38089839; PMCID: PMC10714364' was adopted by the WHO Collaborating Centre for Emergency & Trauma care, SEARO for mass CPR training

In 2023, the **Indian Council of Medical Research (ICMR)** awarded a grant for a pioneering project on the **Maternal Resuscitation Programme**. This initiative is dedicated to improving emergency response for maternal crises by developing a **structured training module** and an **indigenous maternal resuscitation mannequin**. By equipping healthcare providers with critical skills in managing maternal cardiac arrest and perimortem Caesarean section, the project aims to **enhance maternal survival rates** and **strengthen emergency care systems** across India.

List of ongoing projects/ research grants:

SlNo	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1	Impact of indigenously developed Simulation-based training module 'Maternal resuscitation program' on knowledge, skills and preparedness in maternal resuscitation among healthcare teams: District level Quasi-experimental study	ICMR	Dr Prithvishree Ravindra	33,00,000	15 October 2023 to 15 October 2026

Other Ongoing Projects:

- Effectiveness of a simulation-based training package on emergency care practice among staff nurses of primary health centers and community health officers of Ayushman Arogya Mandir (health and wellness centers) of Udupi District Karnataka – PhD Project with the Department of Community Nursing, MCON, Manipal
- Mindful Resuscitation: The effect of pranayama and dhyana on the physiological parameters, performance, and stress levels of health care providers working in emergency and critical care settings (PhD Project)
- Comparison between music and metronome superimposed on music in teaching effective cardiopulmonary resuscitation: A prospective interventional study
- Comparison of simulation team performance in cardiopulmonary resuscitation by trained healthcare personnel with and without the novel CPR timer device.

Centre for Cardiac Arrest Research and Education

Address: Department of Emergency Medicine, Kasturba Medical College, Manipal
Phone Number: 9035296971
Email (Centre): care.kmc@manipal.edu **Coordinator:** prithvishree.r@manipal.edu

Year of Establishment of the Centre: May 2023

Name of the Coordinator: Dr Prithvishree Ravindra, Additional Professor, Department of Emergency Medicine, Kasturba Medical College, Manipal

Members:

Dr Rachana, Department of Emergency Medicine, KMC Manipal
Dr Mohammad Khalid, Department of Emergency Medicine, KMC Manipal
Dr Savan Kumar Nagesh, Department of Anaesthesiology, KMC Manipal
Dr Sunil R, Department of Critical Care, KMC Manipal
Dr Souvik Chaudhuri, Department of Critical Care, KMC Manipal

Brief About the Centre:

Vision:

To improve cardiac arrest outcomes in India through research, education, and capacity building.

Mission:

To advance resuscitation science, enhance CPR education, and develop evidence-based strategies for improving survival and neurological outcomes in cardiac arrest cases across India.

Objectives:

1. Improve CPR literacy in the community
2. Improve survival rates and neurological outcomes in out-of-hospital cardiac arrest (OHCA) and in-hospital cardiac arrest (IHCA)
3. Enhance research in CPR and produce high-quality publications in high-impact journals on cardiac arrest and resuscitation science.
4. Develop innovative solutions in CPR training and education through inter-institutional collaborations within MAHE and international partnerships.

Activities at the Centre:

The Centre for CARE conducted CPR training sessions across Udupi to enhance community preparedness for cardiac arrest and related emergencies. The sessions covered hands-only CPR, AED usage, and choking management, equipping participants with essential life-saving skills. Attendees included individuals from diverse backgrounds, ensuring widespread CPR literacy. The training emphasized quick response techniques to improve survival outcomes in cardiac arrest cases. This initiative aligns with the Centre's mission to strengthen resuscitation education and capacity building in India. The following activities were conducted in 2024:

1) January 2024: CPR training program at Manipal Mahila Samaj
2) February 2024: First aid training for teachers at Madhav Kripa School
3) March 2024: CPR training program at Udupi Fire Station
4) April 2024: Basic life support training program at Sai Radha Green Valley, Manipal
5) April 2024: First aid training program at MESCOM, Udupi
6) August 2024: Emergency response training program at Nethra Jyothi College of Paramedical Sciences, Udupi
7) September 2024: CPR training program at TAPMI, Manipal
8) November 2024: First aid training program at Government College, Barkur
9) Weekly CPR training for Kasturba Hospital employees (from March 2024 onwards, in collaboration with the Department of Emergency Medicine, KMC Manipal, and Emergency Medical Technology, MCHP, Manipal) – approximately 1,300 Kasturba Hospital employees trained to date
10) Maternal resuscitation program – Training on maternal cardiac arrest and pre-cardiac arrest scenarios conducted monthly from July to November 2024, as part of the ICMR grant

Research Activities:

The Centre for CARE has been actively engaged in research to enhance CPR education, training methodologies, and skill acquisition. Several key

studies have contributed to the growing body of knowledge in resuscitation science:

#CPR Challenge: Impact of a Social Media Campaign on CPR Awareness and Skills Among Young Adults – This study evaluated the effectiveness of a social media campaign in improving CPR awareness and skills among young adults. Published in Resusc Plus (Scopus Q2), the study highlighted the role of digital platforms in increasing CPR literacy and practical competency.

Hand Preference and CPR Effectiveness: A Randomized Cross-Over Mannequin-Based Trial – The study explored whether using the preferred or non-preferred hand during CPR affects the quality of chest compressions. The results showed that both hand placements led to similar performance, though participants felt more comfortable using their preferred hand.

Comparison of a Low-Cost Model (CPR Pillow) Versus a Mannequin in Hands-Only CPR Training – Addressing the need for accessible CPR training tools, this randomized trial compared the effectiveness of a low-cost CPR Pillow with a standard mannequin. The study demonstrated the potential of cost-effective alternatives in CPR education, making training more scalable. Published in Resusc Plus, this research supports innovations in resource-limited settings.

As part of the ongoing the ICMR Grant Project (initiated in October 2023), a hands-on training module called the Maternal Resuscitation Programme has been developed to enhance knowledge, skills, and teamwork in managing maternal emergencies such as severe pre-eclampsia, eclampsia, postpartum haemorrhage, and maternal cardiac arrest. Additionally, an indigenous maternal resuscitation training mannequin, designed to facilitate hands-on training in perimortem Caesarean section (resuscitative hysterotomy), has been developed in collaboration with an Indian company. Six training sessions have been successfully completed so far.

These studies align with the Centre's mission to advance CPR research, improve training methodologies, and enhance survival outcomes through evidence-based strategies.

Research Publication:

1. SDG-related Activities:

1. **SDG 3: Good Health and Well-being** – Enhancing survival rates through widespread **CPR education**, promoting **maternal resuscitation training**, and improving outcomes in cardiac arrest and maternal emergencies.
2. **SDG 4: Quality Education** – Advancing **CPR training and resuscitation education** through skill-based learning, publishing **high-quality research** on resuscitation science, and developing **indigenous training modules** for maternal emergencies.
3. **SDG 9: Industry, Innovation, and Infrastructure** – Supporting the creation of **low-cost CPR training mannequins** and **maternal resuscitation models** in collaboration with Indian manufacturers to make life-saving education more accessible.
4. **SDG 10: Reduced Inequalities** – Promoting equitable access to **CPR training and maternal emergency care**, particularly in resource-limited settings, by developing **affordable and scalable training solutions**.
5. **SDG 17: Partnerships for the Goals** – Strengthening collaborations with institutions, researchers, and healthcare organizations to enhance **CPR research, training accessibility, and innovation in resuscitation science**.

These efforts contribute to improving emergency response, enhancing medical education, and making life-saving interventions more affordable and widely available.

Awards and Recognition:

The **Indian council of Medical Research grant** has been awarded for a pioneering project on the **Maternal Resuscitation Programme** in 2023. This initiative focuses on enhancing emergency response for maternal crises through a **structured training module** and the development of an **indigenous maternal resuscitation mannequin**. By equipping healthcare providers with essential skills in managing conditions such as maternal cardiac arrest and perimortem Caesarean section, the project aims to improve maternal survival and strengthen emergency care in India.

List of ongoing projects/ research grants:

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1	Impact of indigenously developed Simulation-based training module 'Maternal resuscitation program' on knowledge, skills and preparedness in maternal resuscitation among healthcare teams: District level Quasi-experimental study	ICMR	Dr Prithvishree Ravindra	33,00,000/-	15 October 2023 to 15 October 2026

Centre for Resuscitation, Acute Care & Simulation Training

Address: MAHE, Manipal
Phone Number: 7907953224
Email (Coordinator): vimal.krishnan@manipal.edu

Year of Establishment of the Centre: 1 May 2023
Name of the Coordinator: Dr Vimal Krishnan S
Members: Dr Mohammad Khalid, Dr Jayaraj Mymbilly Balakrishnan, Dr Aaditya Katyal

Brief About the Centre :

Vision: CReST seeks to transform emergency healthcare services, teaching, and research to positively impact society.
Mission: Standardize the process of care for critically ill and injured patients and advocate for Emergency Department Resuscitation and Acute Care (ED-RAC) services in India

Objectives:

1. To ensure high-quality and standardized care for critically ill and injured patients in the resuscitation and acute care units (RAC units/EDCRIT) in the Emergency Medicine department.
2. To initiate a training program (Short-term Course-Fellowship) in Resuscitation, Acute Care and Simulation in Trauma and Emergencies for all age groups under CReST
3. To lead the ED-RAC/EDCRIT services system building in India.

Activities at the Centre:

- Faculty Development Program in Ultrasound Simulator July 2023.
- Disaster Preparedness training sessions — multiple certificate simulation sessions for MBBS students from November 2023 to January 2024
- Manipal Resuscitative Echo Course on 13 April 2024
- Pan Asia Simulation Society in Healthcare Simulation (PASSH) Simulation FDP Course, 9-11 May 2024
- Interprofessional Simulation Workshop, 23 October 2024
- Facilitated the formation of Centre of Excellence in Healthcare Simulation in partnership with Laerdal.
- Facilitated the formation of the first Centre for PASSH course in partnership with the International Simulation Society Pan Asia Simulation Society in Healthcare Simulation
- Two MoUs with Laerdal and PASSH

Research Activities

- 2 publications
  - Krishnan S V, Katyal A, Nair SS, Nayak KR. Comparing online and onsite simulation modules for improving knowledge and confidence in disaster preparedness among undergraduate medical students. International Journal of Emergency Medicine. 2024 Dec;17(1):1-6. Q1 publication in 2024
  - Vimal Krishnan S, Andrews T, Muhammed CA, Sanjan A, Wilson W, Balakrishnan J, Rao S. Impact of Virtual Interprofessional COVID-19 disaster simulation Tabletop Exercise (VICTEr) workshop on Disaster Preparedness among Interprofessional trainees in a tertiary care teaching hospital in India. doi: 10.5603/DEMJ.a2023.0004 Q2 publication in 2023
- 1 PhD scholar in Healthcare Simulation in MAHE Manipal

Research Publication:

1. Vimal Krishnan S, Andrews T, Muhammed CA, Sanjan A, Wilson W, Balakrishnan J, Rao S. Impact of Virtual Interprofessional COVID-19 disaster simulation Tabletop Exercise (VICTEr) workshop on Disaster Preparedness among Interprofessional trainees in a tertiary care teaching hospital in India. doi: 10.5603/DEMJ.a2023.0004 Q2 publication in 2023
2. Krishnan S V, Katyal A, Nair SS, Nayak KR. Comparing online and onsite simulation modules for improving knowledge and

confidence in disaster preparedness among undergraduate medical students. International Journal of Emergency Medicine. 2024 Dec;17(1):1-6. Q1 publication in 2024

Awards and Recognition:

- Facilitated the formation of Centre of Excellence in Healthcare Simulation in partnership with Laerdal. (first in India)
- Facilitated the formation of the first Centre for PASSH course in partnership with the International Simulation Society Pan Asia Simulation Society in Healthcare Simulation (first in India)

Centre for Excellence in Immunohematology

Address: Department of Immunohematology and Blood Centre, KMC, Manipal
Phone Number: 082029-22331/23191
Email (Centre): ihbt.kmc@manipal.edu **Coordinator:** shamee.girish@manipal.eu

Year of Establishment of the Centre: 2024

Name of the Coordinator: Dr Shamee Shastry

Members:
Dr Ganesh Mohan,
Dr Chenna Deepika,
Dr Deep Madkaiker

Brief About the Centre:

Vision:
To aim for high standards in testing, patient-centric learning, research, and innovation, and to act as a reference hub in Immunohaematology (IH) for the nation.

Mission:

To be a nationally renowned and globally recognized Centre of Excellence in Immunohaematology, dedicated to advancing patient care through exceptional standards in specialized testing, innovative research, comprehensive education, and collaborative clinical consultation.

Objectives:

- To achieve excellence in academics through knowledge sharing, academic collaboration, and starting training programs.
- To serve as a national reference laboratory for specialized IH testing
- To provide clinical consultation for complex IH cases
- To carry on the research projects in the field of IH
- To work towards innovation in the field of IH
- To enhance global visibility and establish international collaboration

Activities at the Centre:

Workshop and Training Activities:

a. Essence of Immunohaematology Hands-on Workshop – 20 and 21 February 2024

b. Development and Release of the Brochure on COE Activities for Nationwide Circulation – February 2024

c. A Workshop on the Significance of Advanced Testing in Immunohaematology – 10 August 2024

d. A Workshop on the Significance of Advanced Testing in Immunohaematology – Second Session; 14 September

f. MAHE Research Day Participation – 13 and 14 November 2024

g. Total Number of Samples Referred from Other Centres: 78

International Collaboration: Established with the Australian Red Cross Reference Lab

Research Activities:
Research Projects Initiated: 2
Submitted the EOI to recruit a PhD candidate

Research Publication:

a. Precision diagnostics in Transfusion Medicine: Advancing accuracy in blood group typing through molecular methods – under review in Journal of Transfusion and Apheresis Science

SDG-related Activities:

Goal 3. Good Health and Well-being: The COE acts as a reference laboratory, providing testing and consultation services on various issues related to Immunohaematology.
Goal 4: Quality Education: Training workshops were conducted

Awards and Recognition:

Recognition of excellent service of the Centre and the Department by Quidel Ortho – 30 August 2024

List of Ongoing Projects/Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
1	Lean and Six Sigma In Transfusion Medicine – PG thesis	Quidel Ortho	Shamee Shastry	10,00,000	April 2024
2	Study of Drug-induced AIHA – PG thesis	Quidel Ortho	Shamee Shastry	10,00,000	April 2024

Participation in MAHE Research Day

Centre for Tropical Febrile Illness

Address: Kasturba Medical College, Manipal, MAHE, India
Phone Number: +91-7838340627, 9868996079
Email (Centre): nitin.gupta@manipal.edu **Coordinator:** nitin.gupta@manipal.edu

Year of Establishment of the Centre: 2023

Name of the Coordinator: Dr Nitin Gupta, Associate Professor, Department of Infectious Disease, KMC, Manipal

Members:

- Dr Tirlangi Praveen, Assistant Professor, Department of Infectious Disease, KMC, Manipal
- Dr Prithvishree Ravindra, Associate Professor, Department of Emergency Medicine, KMC, Manipal
- Dr Rachana Bhat, Assistant Professor, Department of Emergency Medicine, KMC, Manipal
- Dr Souvik Chaudhuri, Associate Professor, Department of Critical Care Medicine, KMC, Manipal
- Dr Chiranjay Mukhopadhyaya, Professor, KMC, Manipal, Director, Manipal Institute of Virology, MAHE, Manipal
- Dr Chandrashekar UK, Professor, Department of Medicine, KMC, Manipal
- Dr Kirthinath Ballala, Associate Professor, Department of Community Medicine, KMC, Manipal
- Dr Carl Boodman, Infectious Disease, University of Manitoba, Canada
- Dr Christian Kahusu, Infectious Disease/ Immunology, Institut National de Recherche Biomedicale, Democratic Republic of Congo
- Dr Steven Van Den Broucke, Infectious Diseases, Institute of Tropical Medicine, Antwerp, Belgium

Brief About the Centre:

The Centre for Tropical Febrile Illness at KMC, Manipal, is dedicated to research, education, and capacity-building in the field of tropical infectious diseases. The centre focuses on improving the diagnosis and management of febrile illnesses, including scrub typhus, leptospirosis, dengue, and other emerging infections. Primary care physicians often face challenges in diagnosing these conditions due to overlapping symptoms and limited laboratory resources. To address this, the centre aims to bridge this gap by developing decision-support tools, improving triaging techniques, and validating point-of-care diagnostic tests. Additionally, it offers structured training programs for medical students, primary care physicians, and travel medicine practitioners. The centre serves as a host institution for national and international students interested in tropical febrile illnesses, providing observerships and fellowships. It also fosters collaborations with institutions such as AIIMS, New Delhi, the Institute of Tropical Medicine, Antwerp, and the Manipal Institute of Virology.

Vision:

To improve the management of tropical febrile illnesses in India through research, education, and capacity-building.

Mission:

To enhance patient care and public health outcomes through high-quality research, training, and collaboration.

Objectives:

- Train healthcare professionals in diagnosing and managing tropical febrile illnesses.
- Serve as a global hub for research, education, and international collaboration in tropical medicine.
- Develop and publish evidence-based guidelines for the management of tropical infections.

Activities at the Centre:

- **Meet the Researcher: Carl Boodman (7 February 2024, Shirdi Sai Baba Conference Hall, Cancer Research Block)**
  - *Travelling the World in Search of Bartonella* - Carl Boodman
- **CME on Viral Haemorrhagic Fever (29 May 2024, Shirdi Sai Baba Conference Hall, Cancer Research Block)**
- *Approach to a Traveller with Unknown Viral Haemorrhagic Fever (VHF)* - Dr Steven Van Den Broucke
- *Dengue Beyond National Guidelines* - Dr Praveen Kumar Tirlangi

- *Updates on Kyasanur Forest Disease* - Dr Nitin Gupta
- *Laboratory Diagnosis of VHF* - Dr Amrita Pattanaik
- *Fluid Resuscitation in VHFs* - Dr Rachana Bhat

- **Workshop on Tropical Fevers (19-20 October 2024, Interact Hall, KMC, Manipal)**
- *Tropical Fevers- Current Situation in India* - Dr Nitin Gupta
- *Heart and Kidney Involvement* - Dr Tirlangi Praveen Kumar
- *Liver and Brain Involvement* - Dr Devashish Desai
- *Lung and Bone involvement* - Dr Nitin Gupta
- *Radiology* - Dr Sundeep Malla
- *Ventilatory Management* - Dr Souvik Chaudhuri
- *Fluid Therapy* - Dr Prithvishree Ravindra
- *Ebola Virus Disease* - Dr Christian Kahusu
- *Steroids and Immunomodulation* - Dr Tirlangi Praveen Kumar
- *Coagulation Abnormalities and Management* - Dr Rachana Bhat
- *Diagnostics* - Dr Nitin Gupta
- *Antimicrobial Therapy* - Dr Nitin Gupta

Research Activities:

- Systematic reviews and meta-analyses on various tropical infections
- Diagnostic studies on rapid tests for febrile illnesses
- Clinical studies on tropical fevers
- Collaboration with AIIMS, the Institute of Tropical Medicine Antwerp, and the Manipal Institute of Virology

Research Publications:

- 24 research publications in international peer-reviewed journals in 2024

Sn	Article Title	Journal	Year
1.	Frequency and distribution of eschar in patients with scrub typhus in India: systematic review of literature and meta-analysis	Infezmed	2024

Centre for Indigenous Population

Address: Department of Community Medicine, KMC Manipal,
MAHE, Manipal, 576104
Phone Number: 0820-2933529
Email (Coordinator): ranjitha.shetty@manipal.edu

Year of Establishment of the Centre: 2018

Name of the Coordinator: Dr Ranjitha S Shetty, Associate Dean, Additional Professor, Department of Community Medicine, KMC, Manipal

Members:

- Dr Ashwini Kumar, Professor and Head of Community Medicine
- Dr Sneha D Mallya, Community Medicine
- Dr Eshwari K, Community Medicine
- Dr Ramprasad V P, MCODS
- Dr Sreedharan, Manipal College of Pharmaceutical Sciences
- Dr Jarina Begum, Community Medicine, MTMC, Jamshedpur

Key Stakeholders

- ICMR, New Delhi
- The George Institute, New Delhi
- District Health Office, Udupi
- ITDP Office, Udupi
- Samagra Grameena Ashram, NGO
- Tribal Community Leaders

Brief About the Centre:

Vision:

To enhance the overall health and well-being of the Indigenous population.

Mission:

To encourage and empower the Indigenous population to attain a better quality of life.

Objectives:

1. Conduct a needs assessment of the community to identify challenges to health and well-being
2. Build capacity through targeted interventions
3. Identify and document the traditions and best practices of this population to preserve their customary culture.

Activities at the Centre:

1. The ICMR project has been completed on 5 November 2024.
   Title of the study: "Effectiveness of a healthcare governance model on the utilization of healthcare services among PVTG in Udupi District: A cluster randomized controlled trial" *(Aligning with SDG 3 and 10)*
2. A research project in collaboration with The George Institute, New Delhi has been completed.
   Title of the study: Socio-ecological study of cervical cancer screening and treatment among vulnerable populations in India: A qualitative study *(aligning with SDG 3,5 and 10)*
3. A research project in collaboration with Manipal College of Pharmaceutical Sciences (as Co-I) - funded by IMF, MAHE, Manipal- *an ongoing study*
   Title of the study: "Effect of Nutritional Status Educational Program on Parents/Guardians to Improve Malnutrition Status Among Children aged 5-10 years of Koraga Tribal Community in Udupi District" *(aligning with SDG 2,3 and 10)*.

Research Publications:

1. Empowering Healthcare Access: Ethnographic Insights into Sustainable Solutions for a Particularly Vulnerable Tribal Group (PVTG) in South India – Original research article submitted to the journal *F1000 Research (aligning with SDG 3 and 10) - Under review.*
2. Pujari S, Rashid M, Thunga G, **Shetty RS,** Mundkur SC, Devi ES, Unnikrishnan B, Nair S. Effect of video-assisted educational intervention on improving knowledge, attitude and practice among mothers of children below five years on malnutrition: A systematic review. Public Health (Feb)2025; 242:28–36 *(aligning with SDG 2,3 & 10)*
3. Biju, S., Shetty, **Ranjitha S,** Unnikrishnan, B. "Effectiveness of a Healthcare Governance Model on the Utilization of Health Care Services among a Particularly Vulnerable Tribal Group (PVTG) in Udupi District: A Cluster Randomized Controlled Trial—A Research Protocol." Manipal Interdisciplinary Health Science and Technical Reports-2023: Proceedings of the Interdisciplinary Conference on Health and Technical Research (1st ed.). London: CRC Press; 2024. pp. 76-83. DOI 10.4324/9781003545293-13 (Published as a book chapter in Sep 2024 -aligning with SDG 3 &10)

List of Ongoing Projects/ Research Grants:

Role: Co-supervisor for the PhD Candidate from MCOPS

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
1	Effectiveness of video assisted education and home-based iron and folic acid (IFA) supplementation among women with anaemia from a particularly vulnerable tribal group (PVTG) in southern Karnataka - A cluster randomized tria	Intramural Fund (IMF), MAHE, Manipal	Dr Seha D Mallya	**5,08,190**	**03.10.2024**
2	Effect of Nutritional Status Educational Program on Parents/Guardians to Improve Malnutrition Status Among Children Aged 5-10 Years of Koraga Tribal Community in Udupi District	Intramural Fund (IMF), MAHE, Manipal	Dr Sreedharan, MCOPS, Manipal	6,00,000	17 December 2021

Collaborations:

National: Collaboration with ICMR, New Delhi

District: Collaboration with District Administration, District Health Office, ITDP, local panchayats, Koraga community leaders.

Inter-institute collaboration:

- The George Institute (TGI), New Delhi
- Manipal Tata Medical College (MTMC), Jamshedpur
- Manipal College of Pharmaceutical Sciences (MCOPS), Manipal and
- Manipal College of Dental Sciences (MCODS), Manipal.

PhD Enrolment:

As Supervisor: 01

As Co-supervisor: 04 (Scholars from KMC, Manipal; MTMC, Jamshedpur; MCOPS, Manipal; and MCODS, Manipal)

Manipal Centre for Infectious Diseases

Address: Department of Infectious Diseases, Kasturba Medical College, Manipal,
Manipal Academy of Higher Education, Manipal - 576104
Phone Number: +91 820 2923320
Email (Centre): macid.mu@manipal.edu
Email (Coordinator): kavitha.saravu@manipal.edu

Year of Establishment of the Centre: 2016

Name of the Coordinator: Dr Kavitha Saravu

Members:

- Dr Kavitha Saravu – Professor and Unit Head, Department of Infectious Diseases, Kasturba Medical College, Manipal, Coordinator, Manipal Center for Infectious Diseases (MAC ID), MAHE, Manipal
- Dr Shrikala Baliga - Professor, Department of Microbiology, Kasturba Medical College, Mangalore, Deputy Director, Q&C, Mangalore Campus, MAHE, Director, KMC Laboratory Services, Mangalore
- Dr Kiran Chawla – Professor, Department of Microbiology, Kasturba Medical College, Manipal
- Dr Sneha Deepak Mallya – Associate Professor, Department of Community Medicine, Kasturba Medical College, Manipal
- Dr T S Murali – Professor and Head, Department of Public Health Genomics, Manipal School of Life Sciences, Manipal
- Dr Akshatha Ravindra – Assistant Professor , Department of Infectious Diseases, Kasturba Medical College, Manipal

Brief About the Centre:

Mission: To achieve excellence in infectious diseases research, training through interdisciplinary and international collaborations and to promote translation of knowledge into policy and practice

Objectives:

a) To achieve excellence in Infectious Diseases Research
b) Hold educational activities in Infectious Diseases
c) Promote translation of knowledge into policy and practice
d) Faculty and student exchanges
e) International and Interdisciplinary collaboration

Activities at the Centre:

i) Hands-on Training Program on Primer Designing and Polymerase Chain Reaction

Science and Engineering Research Board (SERB), New Delhi, Government of India, and MACID sponsored a one-day "Hands-on Training Program on Primer Designing and Polymerase Chain Reaction" held on 24 January 2024. The workshop was jointly organized by the Department of Infectious Diseases, Kasturba Medical College, Manipal, MAHE, Manipal, Division of Microbiology, Department of Basic Medical Sciences, MAHE, Manipal, and Manipal Center for Infectious Diseases, Prasanna School of Public Health, MAHE, Manipal under the SERB Scientific Social Responsibility (SSR) initiative.

ii) 5th Manipal International Infectious Diseases Conference

Manipal Centre for Infectious Diseases, Prasanna School of Public Health, MAHE, Manipal, in association with the Department of Infectious Diseases, Community Medicine and General Medicine, Kasturba Medical College, Manipal organized the 5th Manipal International Infectious Diseases Conference from 9 and10 March 2024.

iii) Meet the Editor: Challenges and Opportunities in Medical Publishing Program

Manipal Center for Infectious Diseases (MAC ID), KMC, Manipal, in association with Research Vertical KMC Manipal: Internationalization Alumni and Overseas Faculty (IAO), KMC, Manipal organized a session on "Meet the Editor: Challenges and Opportunities in Medical Publishing" by Prof Madhukar Pai, Inaugural Chair, Department of Global and Public Health, McGill University, Editor-in-Chief, PLOS, Global Public Health.

iv) World Immunization Day 2024

Manipal Centre for Infectious Diseases and Department of Community Medicine, Kasturba Medical College, Manipal, organized an "Awareness Talk on Adult Immunization" on 11 November 2024

to raise awareness about the importance of vaccines in protecting health and preventing disease.

Research Activity:

i) Hands-on Training Program on Primer Designing and Polymerase Chain Reaction held on 24 January 2024.

Research Publications:

i) Laxminarayana SL, Belurkar S, Saravu K, Swaminathan SM. Intracellular Cytokine Flow Cytometry to Differentiate between Active and Latent Tuberculosis through Assessment of Tuberculosis-specific Cytokines. Journal of Applied Hematology. 2024 Oct 1;15(4):280-6.

Quartile 4, Impact Factor – 0.168

ii) Biswas A, Lewis SA, Raja S, Paul A, Ghosal K, Mahmood S, Ansari MD. Design and Evaluation of Microemulsion-Based Drug Delivery Systems for Biofilm-Based Infection in Burns. AAPS PharmSciTech. 2024 Sep 5;25(7):203.

Quartile 2, Impact Factor – 3.4

SDG-related activities:

i) Hands-on Training Program on Primer Designing and Polymerase Chain Reaction

The hands-on training program addressed SDG 3(Good Health and Well-being), SDG 4 (Quality Education), and SDG 17 (Partnership for the Goals).

ii) 5th Manipal International Infectious Diseases Conference

This conference addressed SDG 3(Good Health and Well-being), SDG 4 (Quality Education), and SDG 17 (Partnership for the Goals). The theme of the conference was antimicrobial resistance, critical care for infectious diseases, and tropical infections.

iii) Meet the Editor: Challenges and Opportunities in Medical Publishing Program

The session addressed SDG 4 (Quality Education).

iv) World Immunization Day 2024

This awareness program addressed SDG 3(Good Health and Well-being), SDG 4 (Quality Education), and SDG 17 (Partnership for the Goals). The theme of the program was "Protection Beyond Childhood: Embrace Adult Immunization!"

Awards and Recognition:

i) The MACID student member, Seshasai Kameswara Kiran Chunduru, received the Best Oral Presentation Award at the 5th Manipal International Infectious Diseases Conference held on 9 and 10 March 2024.

List of Ongoing Projects/ Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
1.	Role of adjunctive corticosteroids on clinical outcomes in severe scrub typhus pneumonitis: a randomized controlled trial	ICMR	Dr Kavitha Saravu	INR 11,40,600/-	October 2024
2.	Persistence of malaria in a malaria-endemic region with a focus on asymptomatic and submicroscopic malaria and its sustained transmission among construction workers and natives – A multicentric cross-sectional study	ICMR	Dr Kavitha Saravu	INR 42,49,711/-	October 2023
3.	A study to assess disease severity among scrub typhus and leptospirosis patients using clinical, immunological and molecular tools	ICMR	Dr Kavitha Saravu	INR 1,29,45,789/-	Technically approved

5th Manipal International Infectious Diseases Conference

Meet the Editor: Challenges and Opportunities in Medical Publishing Program

World Immunization Day 2024

Clinical Epidemiology Unit

Address: MAHE Manipal
Phone Number: 9448107771
Email (Coordinator): ravindra.prabhu@manipal.edu

Year of Establishment of the Centre: 2009

Name of the Coordinator: Dr Ravindra Prabhu A

Members: Faculty from clinical departments of KMC Manipal

Brief About the Centre:

Vision: Excellence in clinical research.

Mission: The Clinical Epidemiology Unit is committed to training and conducting clinical research to promote evidence-based practices.

Objectives: Coordinate research at intra and inter departmental level in KMC Manipal.

- Encourage clinical research through inter-institutional cooperation.
- Liaise with industry for diagnostic / device-related clinical research.
- Build capacity among health care professionals in clinical research methods and biostatistics.

Activities at the Centre:

Conducting monthly meetings for postgraduates and faculty to teach critical appraisal of therapy papers.

Research Activities:

Four hybrid meetings/webinars have been conducted in collaboration with the Cochrane Education Advocate to teach the methodology of systematic reviews.

Research Publication:

The coordinator has seven publications in 2024.

Year of Establishment of the Centre: 2023
Name of the Coordinator: Dr Sagar M S
Members: Dr Vishal Shanbhag, Dr Guruprasad D Rai, Dr Souvik Chaudhuri, Dr Prithvishree Ravindra,

Brief About the Centre:

Vision: To improve outcomes of acute severe respiratory illness

Mission: To set up dedicated unit by developing newer strategies, research, and collaborations

Objectives:

1. To establish a regional advanced respiratory care and ECMO referral centre
2. Industry collaborations and development of economical solutions for ECMO

Centre for Point of Care Ultrasound

Address: Department of Critical Care Medicine, 1st Floor,
Trauma and Emergency Block, KMC Manipal
Phone Number: 0820-2923990

Email (Centre): criticalcare.kmv@manipal.edu

Email: shwethapriya.rao@manipal.edu

Coordinator: Dr Shwethapriya R
Year of Establishment of the Centre: 2023
Name of the Coordinator: Dr Shwethapriya R
Members: Dr Souvik Chaudhuri, Dr Margi T Bhatt

Brief About the Centre:

Vision: To develop a national Centre of Excellence to train doctors to detect, diagnose, and deliver point-of-care-ultrasound (POCUS) based expedited therapy for critically ill patients.

Mission:
1. To conduct hands-on training in advanced POCUS for personalized, ultrasound-guided resuscitation, de-resuscitation, and optimal therapy for patients in critical care
2. To start a Fellowship training program in Critical Care Learning and Ultrasound Evaluation.

Objectives:

- Develop a structured training program for multi-organ POCUS-based evaluation in critically ill patients, in collaboration with renowned national/international faculty.
- Make this a centre of national importance in critical care ultrasound training for professionals in intensive care, emergency medicine, anaesthesia, and medicine – attracting MD/ DM students who will also receive this additional fellowship.
- Accentuate the Dr TMA Pai PhD Research Scholarship Programme on Critical Care Ultrasound.
- Expand the regularly conducted workshop into a national-level, two-day program on multi-organ ultrasound evaluation, held twice a year (basic and advanced level).
- Conduct a dedicated POCUS training program for doctors in Udupi District.

Activities at the Center:

- (i) Two-day Hands-on Clinical Training Workshop on Multi-system Point-of-Care Ultrasound (POCUS) for the diagnosis and management of acute illness and trauma in Emergency and Intensive Care Units, sponsored by DHR-ICMR – held on 14 and 15 June 2024, with collaboration from national faculty.
- (ii) Collaboration with the Centre for Resuscitation, Acute Care and Simulation Training (CReST).
- (iii) POCUS hands-on and simulation training conducted by international faculty on 17 June 2024.

Research Activities:
Ongoing: "The importance of parasternal muscles in weaning – a prospective observational study."

Awards and Recognition:
ICMR-DHR Workshop Grant - 2024

Brief About the Centre:

Vision: To be a centre of excellence for the prevention and control of cancer in the community

Mission: To bring about cancer control by primary, secondary, and tertiary prevention activities

Objectives:

1. Promote and implement primary, secondary, and tertiary levels of prevention with respect to common cancers in the region.
2. Foster research in the area of cancer prevention and control, and facilitate the output of quality publications and research grants.
3. Capacity building, training, and mentorship
4. Provide consultation for Preventive Oncology activities

Activities at the Center:

The **"Well Woman Clinic"** initiative was launched by the Centre for Community Oncology in November 2023 in association with Kasturba Hospital, Manipal, Manipal Comprehensive Cancer Care Centre, Manipal, the NCD Cell of Udupi District, and the Manipal Foundation, Bengaluru

As part of the initiative, over **80 health screening camps** have been conducted for underprivileged women across Udupi district. The screening camps provided community-level services through a network of Primary Health Centers (PHCs), Community Health Centers (CHCs), Taluk Hospitals, and community halls. Additionally, screenings were conducted at specialized cancer screening kiosks located at KMC hospital facilities in Manipal, Udupi and Karkala.

The initiative targeted underprivileged women, including tribal and migrant women in the Udupi district, offering cancer awareness sessions and screening services for breast and cervical cancers, hypertension, diabetes, and anaemia.

Women who tested positive in cancer screenings were referred to Kasturba Hospital, Manipal, for further confirmation tests at no cost and were offered appropriate treatment at MCCCC. Women with high blood pressure, high blood sugar, or low hemoglobin levels were referred to their respective PHCs for further management.

The Well-Woman Clinic initiative has reached over 2,000 underprivileged women across the district, significantly raising awareness about breast and cervical cancers among rural populations and facilitating access to essential screenings. Among those screened, approximately 15 women with a family history of breast cancer or diagnosed with fibroadenoma are currently under follow-up. To date, two women have been diagnosed with breast cancer and are undergoing treatment at Manipal Comprehensive Cancer Care Centre. A woman with high-grade squamous intraepithelial lesion (HSIL) of the cervix has undergone treatment at Dept. of OBG, KH, Manipal. Additionally, four women diagnosed with low-grade squamous intraepithelial lesion (LSIL) are also under regular follow-up at KH, Manipal.

Research Activities

An MD thesis titled *"Implementation of the Population Portal and Establishment of a Prospective Profile of Head and Neck Cancer Patients Attending a Tertiary Cancer Centre in Southern Karnataka, India"* was submitted in 2024 by a postgraduate student in Community Medicine. The study was conducted under the guidance of Dr Ranjitha S Shetty. The study was co-guided by members of the Centre for Community Oncology, Dr. Shirley Lewis Salins and Dr. Sneha D. Mallya.

1. MBBS
2. MD (General Medicine)
3. MD (Paediatrics)
4. MS (General Surgery)
5. MS (Obstetrics & Gynaecology)
6. MS (Orthopaedics)
7. MD (Anaesthesiology)
8. MS (Oto-rhino-laryngology)
9. MS (Ophthalmology)
10. MD (Dermatology, Venerology and Leprosy)
11. MD (Anatomy)
12. MD (Physiology)
13. MD (Biochemistry)
14. MD (Pharmacology)
15. MD (Pathology)
16. MD (Microbiology)
17. MD (Radio-Diagnosis)
18. MD (Community Medicine)
19. MD (Radiation Oncology)
20. MD (Psychiatry)
21. MD (Respiratory Medicine)
22. MD (Forensic Medicine)
23. MD (Emergency Medicine)
24. Fellowship in Head and Neck Oncology
25. Fellowship in Geriatric Medicine
26. Fellowship in Interventional Radiology
27. Fellowship in Pediatric Haemato and Oncology
28. Fellowship In Otology & Endoscopic Ear Surgery
29. MSc (Medical) Physiology
30. MSc (Medical) Microbiology
31. MSc (Medical) Anatomy
32. MSc (Medical) Biochemistry
33. MSc (Medical) Pharmacology
34. MSc (Medical) Emergency Medical Technology
35. MSc (Medical) Respiratory Therapy-Adult Respiratory Care
36. MSc (Medical) Anaesthesia & Operation Theatre Technology
37. MSc (Medical) Forensic Medicine
38. MSc (Clinical Psychology)
39. MPT (Cardio-pulmonary Sciences)
40. MPT (Community Physiotherapy)
41. MPT (Neurosciences)
42. MPT (OBG Gynaecological Physiotherapy)
43. MPT (Orthopaedics Musculoskeletal Sciences)

44. MPT (Paediatrics & Women Health)
45. MPT (Geriatrics)
46. MSc in Audiology
47. MSc in Speech Language Pathology, MSc (SLP)
48. Bachelor of Physiotherapy (BPT)
49. Bachelor in Audiology & Speech Language Pathology
50. BSc (Respiratory Therapy)
51. BSc (Medical Imaging Technology)
52. BSc RRT & DT
53. BSc Radiotherapy Technology
54. BSc (Cardiovascular Technology)

About the Institution/School:

Kasturba Medical College, Mangalore, was started in 1955, utilizing the clinical facilities of the Government Wenlock Hospital and Government Lady Goschen Hospital. In 1961, the pre-clinical section was started in Mangalore. Kasturba Medical College, Mangalore, became an independent college in 1977. Apart from the two Government hospitals, there are other teaching hospitals attached to the college, viz. the KMC Hospital, Attavar, established in 1992 with a bed strength of 500. The infrastructural facilities are comparable to international standards, with six large, air-conditioned lecture halls, each with a seating capacity of 250, fitted with modern audio-visual teaching aids, including multimedia projectors, and a modern, fully air-conditioned library with a seating capacity of about 800, and with internet facility. The library has over 30,000 books and subscribes to more than 250 journals annually. In the year 2001, the Centre for Basic Sciences was started at Bejai for first-year students. Apart from the departments of Anatomy, Physiology, and Biochemistry, there are two lecture halls with a seating capacity of 250 each, and both ladies' and boys' hostels within the Basic Sciences Complex for first-year students. Kasturba Medical College, Mangalore, provides hostel accommodation for its students in eight hostels, of which five are ladies' hostels. There is also a Medical Education Unit, which conducts orientation programmes for students, interns, and postgraduates, and also provides resource material for the teaching faculty. The Medical Council of India granted recognition in 1958 with the first graduating class of KMC. Recognition by the General Medical Council of Great Britain and the Malaysian Medical Council soon followed. New courses, faculty research, and student amenities have steadily developed over the years. The first college to be developed as a private partnership model in medical education and health care delivery, KMC, Mangalore, ranks among the top 25 medical colleges in the country today. It is the medical college with the highest ICMR STS awards in the country. KMC, Mangalore, is recognized as one among 20 international medical schools by the Educational Commission for Foreign Graduates (ECFMG) for the electronic credentials verification program. Students from 45 countries have graduated from KMC, and the degrees have been recognized worldwide.

Administration			
1	Blossom Deluxe Rooms KMC Hospital Attavar	Equipped with 22 Deluxe rooms and two Super Deluxe rooms, staffed by a trained, experienced workforce to deliver quality care to the customers. The inaugural event was attended by several eminent personalities. The Guest of Honour for the event was the Vice Chancellor of MAHE, Col Dr M D Venkatesh. Blossom Deluxe Rooms have been created to offer patients a tranquil environment conducive to healing and recovery.	26 January 2024
2	Innovation Hub	Kasturba Medical College, Mangalore, has created an exclusive space and office for inspiring, developing, and nurturing ideas into innovative Med-Tech collaborative products of the future. The idea is for our faculty and students to go beyond traditional academics and work towards sustainable development within India. The KMC Mangalore branch is ideally located for systematic liaison with other government institutions and will enhance the ongoing work. This initiative will help foster a culture of experimentation and risk-taking, while we provide resources and structured support in line with MAHE policies.	12 February 2024

3	MRPL Manipal Nethra Sanjeevani Program	inauguration ceremony of the MRPL Manipal Nethra Sanjeevani Program was held on 11 April 2024, at 10:00 am at Durga Sanjeevani Manipal Hospital. Sri Krishna Hegde, GGM HR, MRPL, was the Chief Guest; Sri Vedamurthy Vasudev Asranna, Senior Hereditary Priest – Shri Durga Parameshwari Temple, Kateel; Sri Sanath Kumar Shetty K, President, Management Committee; Sri Vedamurthy Harinarayanadasa Asranna, Hereditary Priest, Shri Durga Parameshwari Temple, Kateel; Dr Suresh S Rao, founder, Sanjeevani Charitable Trust; and Dr Ajay Kamath, HOD, Department of Ophthalmology, were the Guests of Honor. The event was presided over by Dr H. S. Ballal, Pro Chancellor, MAHE Manipal. COO of MAHE Teaching Hospitals, Dr Anand Venugopal, and Dean, Dr B Unnikrishnan, graced the program. The program was well arranged.	11 April 2024
4	KMC Knowledge Block	The ground-breaking ceremony of the KMC Knowledge Block was held on 18 April 2024 at 10:30 am at CBS, Bejai Block, KMC, Mangalore. Dr H S Ballal, Pro Chancellor; Lt Gen (Dr) M D Venkatesh, Vice Chancellor; Dr Sharath Kumar Rao, Pro Vice Chancellor; Dr Dilip G Naik, Pro Vice Chancellor, Mangalore Campus, MAHE Manipal; and Dr B Unnikrishnan, Dean, KMC Mangalore, were present at the program.	18 April 2024
5	Virtual dissection lab (Anatomage 10 table)	The inauguration of the Virtual Dissection Lab (Anatomage 10 table) was held on 18 April 2024 at 11:00 am at the Department of Anatomy, Bejai Campus. This cutting-edge technology was inaugurated by eminent dignitaries including Dr H S Ballal, Pro Chancellor; Lt Gen Dr M D Venkatesh, Vice Chancellor; Dr Sharath Rao, Pro VC of Health Sciences, MAHE Manipal; Dr Dilip G Naik, Pro VC of MAHE Mangalore Campus; and Dean of KMC Mangalore, Dr B Unnikrishnan. This table features a breakthrough in digitalizing the medical education and health care sectors for treatment plans and better patient care.	18 April 2024
6	E Prescription	As part of our ongoing commitment to the Go Green initiative and to enhance the efficiency of our operations, we have transitioned to e-prescriptions for all consultants across all departments. This move is aimed at reducing paper waste and streamlining our prescription processes. The benefits of e-prescriptions include: Environmental Impact: Reducing paper waste aligns with our Go Green goals. Efficiency: Streamlined processes lead to faster and more accurate prescriptions. Safety: Electronic records reduce the risk of errors and enhance patient safety.	25 July 2024
7	New surgical super-speciality building at	Minister for Health and Family Welfare, Dinesh Gundu Rao, will inaugurate the new surgical super-specialty building built by Mangaluru Smart City Ltd (MSCL) on the premises of Government	15 August 2024

Sl No	Activity	Particulars	Date(s)
	Government Wenlock Hospital Mangaluru	Wenlock Hospital on 15 August. Capt Brijesh Chowta, Dakshina Kannada MP, inspected the surgical super-specialty block at Wenlock Hospital in Mangaluru on Tuesday. Addressing presspersons on Tuesday, Jacintha D'Souza, District Surgeon and Medical Superintendent of Wenlock Hospital, said that the seven-storey building has been built at an estimated cost of ₹56 crore. Of the seven floors, four are now ready for occupation. The total area of the building is 1.65 lakh sq ft. The basement has radiology and cath lab sections. The ground floor has a 15-bed emergency section, eight-bed emergency ICU, endoscopy, and emergency operation theatre. The first floor has 60-bed ENT and urology operation wards. The second floor has 70-bed neurosurgery, cardiothoracic surgery, and eye operation wards. The third and fourth floors each have five operation theatres (10 in total), and each has 10-bed and 15-bed pre-operation and post-operation wards. In addition to constructing the building, MSCL has provided medical equipment worth ₹7 crore. The State government has arranged medical equipment worth ₹2 crore, and KMC Mangalore has provided equipment worth ₹4 crore. Speaker U T Khader and Urban Development Minister B S Suresh will also attend the inaugural function, which will be presided over by Mangaluru City South MLA D Vedavyasa Kamath.	
8	Central Research Laboratory (CRL)	The Central Research Laboratory (CRL) was shifted from the Department of Biochemistry, CBS, Bejai, to its new premises at the Central Lab, Attavar, in the year 2023. A cell culture lab with a class II facility was commissioned in 2024, with all the required facilities for mammalian primary and cancer cell line research. The lab is equipped with a carbon dioxide incubator, inverted microscope, hood, centrifuge, freezers (-80 and -20 degrees), spectrophotometer, and all other necessary accessories. A separate area was designated in the Department of Microbiology for the Molecular Techniques Lab, with PCR, Western blot, electrophoresis, Nanodrop, gel documentation, etc., for genetic and molecular research. An ultra-performance HPLC system was procured during late 2024, installed in early January 2025, and is ready for use in therapeutic drug monitoring, screening for inborn errors, proteomics, and lipidomics. The lab aims to provide a platform for all students, research scholars, and faculty of KMC Mangalore for advanced research in the above fields, with a focus on interdisciplinary collaborations for translational research and practical solutions for health care.	31 December 2024
Cardiology			
1	Cardiology Package for the General Public	KMC Hospital Attavar organized a Cardiology Health Package for the general public, offering a comprehensive range of diagnostic tests to assess heart health. The package included essential blood tests related to cardiology, along with ECG, Echocardiography (ECHO), and Treadmill Test (TMT). This initiative aimed to promote early detection and prevention of cardiac conditions, enabling timely medical intervention. A total of 27 patients availed themselves of the service, benefiting from expert consultations and detailed evaluations. The program reflects KMC Hospital's commitment to providing accessible and affordable cardiac care, empowering the community to prioritize their heart health.	01 July 2024

Sl No	Activity	Particulars	Date(s)
Dermatology			
1	Dermatology Special Evening Clinic	The Dermatology Department of KMC Hospital, Attavar, is pleased to introduce a Dermatology Special Evening Clinic exclusively for students. This initiative offers specialised care for a range of skin concerns, with a 30 per cent discount on procedures like Laser Hair Removal, Chemical Peeling, Acne Scar Removal, and Tattoo Removal. Catering to the unique dermatological needs of students, this clinic ensures high-quality care at affordable rates. Avail yourself of this opportunity to enhance your skin health with expert dermatologists in a convenient evening schedule.	01 January 2024
2	Upgraded Laser and Phototherapy Equipments at KMC Hospital Attavar	The inaugural ceremony for the upgraded laser and phototherapy equipment at KMC Hospital, Attavar, Mangalore, was held on 4 November 2024 in the Skin OPD, Attavar. Dean Dr B Unnikrishnan was the chief guest. The upgraded equipment promises to offer improved therapeutic options for patients.	04 November 2024
Orthopaedics			
1	KMC Hospital Attavar - Renovated Orthopaedic OPD	On 20 June 2024, Dr Sharath Kumar Rao K, Pro Vice Chancellor, Health Sciences, MAHE Manipal, inaugurated the renovated orthopaedic OPD at KMC Hospital Attavar, Mangalore. Later, a program was held at Conference Hall 1 in KMC Attavar Tower 2. Dr B Unnikrishnan – Dean of KMC Mangalore, Dr Anand Venugopal – COO of Teaching Hospitals, MAHE Manipal, Dr John Ramapuram – Medical Superintendent of KMC Hospital Attavar, and Dr Atmananda S Hegde were all present on the dais. Dr M Shantharam Shetty – Pro Chancellor, NITTE Deemed to be University – was the guest of honour. The program commenced with a lamp-lighting ceremony officiated by the chief guests and other dignitaries. Dr Atmananda S Hegde, HOD of the Department of Orthopaedics, welcomed the guests and gave a gist of the history of the department. The program also served as a platform to honour the former HODs of Kasturba Medical College – Dr M Shantharam Shetty, Dr B Seetharama Rao, Dr Umananda Mallaya, Dr Surendra U Kamath, and Dr K Ramachandra Kamath – in recognition of their distinguished service in the Department of Orthopaedics.	20 June 2024

1	KMC Hospital, Attavar, Comprehensive Cancer Care Centre	In a special ceremony, Shri U T Khader, Honourable Speaker, Government of Karnataka, and Shri Dinesh Gundu Rao were felicitated by MAHE for their unwavering support and contributions to the healthcare sector. The event was presided over by Dr H S Ballal, Pro Chancellor, MAHE Manipal. Distinguished guests and officials such as Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE; Dr Dilip G Naik, Pro Vice Chancellor (Mangalore Campus), MAHE; Dr Anand Venugopal, Chief Operating Officer, Teaching Hospitals, MAHE; Dr B Unnikrishnan, Dean, Kasturba Medical College, Mangalore; and Dr John Ramapuram, Medical Superintendent, KMC Hospital Attavar, Mangalore, were present on the occasion.	26 January 2024

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
Administration			
1	Management Review Meeting (MRM)	MRM was held on 15 February 2024 and 10 September 2024. The internal audit was conducted from 4 to 8 January 2024 and from 10 to 13 July 2024.	01 January to 31 December 2024
2	Career in New Zealand: My Experiences on the Path to Royal College Fellowship	The Career Counselling Cell and the Office of Alumni Relations, KMC Mangalore, conducted an alumni mentorship session, "Career in New Zealand: My Experiences on the Path to Royal College Fellowship," by Dr Divya Vara Prasad Kosuri, alumnus MBBS 2004 batch, Consultant Fellow of The Royal NZ College of General Practitioners, on 10 January 2024. It was an enriching discussion that opened doors to valuable career insights. Ninety students, including MBBS undergraduates and MD/MS postgraduates, attended the session. Dean Dr B Unnikrishnan presided over the session and felicitated Dr Kosuri.	10 January 2024
3	Planning and Writing an Effective Grant Proposal	This workshop is designed to assist interested faculty members by acquainting them with the diverse opportunities at KMC, Mangalore, and equipping them with specific tips to bolster the success rate of their applications.	19 January 2024
4	Basic Course in Medical Education	The primary objective of this program is to improve the teaching and assessment skills of the faculty.	22 to 24 January 2024

Sl No	Activity	Particulars	Date(s)
5	Learning Management System Training	A learning management system (LMS) is a software application or web-based technology used to plan, implement, and assess a specific learning process. It is used for eLearning practices and, in its most common form, consists of two elements: a server that performs the base functionality, and a user interface that is operated by instructors, students, and administrators.	25 January 2024
6	Living and Working in the UK	A Career Guidance and Alumni Mentorship Session on "Living and Working in the UK" was held on 23 February 2024, at Kasturba Medical College, Mangalore. Dr Tushar Dixit, Consultant Anaesthetist and Executive Director of Mersey School of Anaesthesia Charity, shared valuable insights with the eager attendees. It was a fantastic opportunity for aspiring medical students to gain firsthand knowledge and guidance from an alumni mentor. Seventy students (UGs and PGs) and ten faculty members attended the program.	23 February 2024
7	Framing testing MCQs: from recall to application	This workshop will give an overview of the formats of MCQs and help improve the quality of MCQs.	27 February 2024
8	Author Workshop- BMJ Case Reports	The Chief Editor for BMJ Case Reports, Dr Seema Biswas, visited India from the UK and conducted an author workshop on Saturday, 2nd March. The faculty research vertical assisted in organising the workshop. The workshop was conducted in two sessions between 9:30–11:00 am and 11:15–12:45 pm in the Medical Education Unit Hall. A total of 33 faculty and postgraduate students attended the sessions. The sessions were interactive and mainly concentrated on the points to keep in mind while writing the article to be sent for publication. Dr Biswas went through a couple of unpublished case reports from the audience, discussed the points to improve the articles, and gave constructive feedback. She also stressed the point that the informed consent form is highly important and mentioned that "if no informed consent, then no publication." The audience was interactive and clarified their doubts related to case report publication. There was a positive response from the attendees, who have expressed their intent to utilise this facility and send more case reports for publication in BMJ Case Reports.	02 March 2024

14	Parthenon KMC Model United Nations Conference	Sustainable development is development that meets the needs of the present without compromising the ability of future generations to meet their own needs. Keeping this in mind, Kasturba Medical College Mangalore Model United Nations Club, under the guidance of Dr Rohith M, successfully conducted a Model United Nations conference on the college premises with 180 delegates in attendance. The two-day conference was conducted in line with the goals. Crucial topics relevant to the ongoing crises from all corners of the world were brought to the conference tables and were discussed by young minds, minds curious to know more about the world.	24 and 25 April 2024
15	Road to Residency in the US	The session aimed to provide valuable insights and guidance to our medical students aspiring to pursue residency in the United States. The event witnessed enthusiastic participation from 88 individuals, predominantly comprising interns and final-year students. We also had eight external participants. The session was highly interactive, with attendees actively posing questions. Dr Joel Joseph, Dr Noorelle Khan, Dr Arshia Jolly, and Dr Adail D'Souza, alumni from the MBBS Batch of 2016, generously shared their firsthand experiences and offered valuable tips to the aspirants. Their contributions were instrumental in guiding the attendees through the intricacies of the residency match process. The event fostered a sense of pride among	25 April 2024

		our alumni community as they observed the recognition of KMC Mangalore's legacy even on an international platform. Throughout the session, the significance of alumni mentoring in navigating the complexities of the residency application process was emphasised, highlighting the invaluable role alumni play in shaping the future of our students.	
16	EREVNA	The Kasturba Medical College (KMC) Mangalore chapter of MAHE Student Research Forum (SRF) hosted the KMC Erevna 2024, a National Undergraduate Medical Research Conference, from 3 to 5 May 2024 at the Marena Indoor Sports Complex in Attavar, Mangalore. Themed "Navigating the InnoSearch Odyssey: Sailing Towards Sustainable Healthcare," this conference aimed to encourage research in education through novel approaches. Reflecting the Greek call for research, Erevna signifies the commitment to fostering research in academia. Sessions were designed to blend transformative discussions, guiding participants towards sustainable solutions. Lt Gen (Dr) M D Venkatesh, Vice Chancellor of MAHE, and Dr Dilip G Naik, Pro Vice Chancellor of the Mangalore Campus, graced the event's inaugural ceremony. The programme featured paper and poster presentations, ideathons, mentorship sessions, quiz competitions, guest lectures, and workshops spanning various medical disciplines. On the closing day, the valedictory ceremony was honoured by Dr Antony Sylvan D'Souza, Dean of Father Muller Medical College, Mangalore. The conference concluded with a prize distribution ceremony. KMC Erevna 2024 transcended traditional academic discourse, offering a platform for aspiring medical researchers to navigate the seas of knowledge, guided by the wisdom of the ancients, towards a horizon of sustainable healthcare.	03 to 05 May 2024
17	Exploring Diverse Career Opportunities in Health Care: A Journey from MBBS to Clinical Development	The Career Counselling Cell and the Office of Alumni Relations, Kasturba Medical College (KMC), Mangalore, organised an alumni mentorship session titled "Exploring Diverse Career Opportunities in Healthcare: A Journey from MBBS to Clinical Development" on 13 May 2024. The event featured Dr Vinita Jagannath, an esteemed alumna from the MBBS batch of 2006, who has ascended to the role of Regional Clinical Director, Vaccines European Clinical Development, at Merck Sharp & Dohme (MSD) R&D Innovation Centre, London, UK. This session is part of an ongoing series aimed at enriching the professional development of KMC Mangalore students and strengthening the alumni network. Dr Jagannath shared her insights on various career paths available in the healthcare sector beyond traditional clinical roles. She outlined her own career progression, from obtaining her MBBS degree at KMC Mangalore to leading clinical vaccine development in Europe. The session included a Q&A segment where students had the opportunity to interact directly with Dr Jagannath. Ninety-two attendees were present for the session, including third-year MBBS students as well as junior residents from various departments.	13 May 2024
18	Learning Management System Training	A learning management system (LMS) is a software application or web-based technology used to plan, implement, and assess a specific learning process. 		the program. Dr Dhanya Prabhu, Assistant Professor, gave a talk on "Need and Indications for Mirena (Levonorgestrel IUD) in Gynaecology." This was followed by a demonstration and hands-on training.	
2	HPV Vaccination Drive	The Department of Obstetrics and Gynaecology at KMC Hospital, Attavar, hosted a successful HPV vaccination drive on 13 June 2024. The event aimed to raise awareness about cervical cancer prevention and increase HPV vaccination rates among women in the region. The programme commenced at Sushrutha Hall, KMCH Attavar, with an inauguration ceremony. The gathering included hospital staff, students, and teachers from various schools in Mangalore. Dr Deepak R Madi, Deputy Medical Superintendent, graced the occasion as the chief guest. Dr Aparna Rajesh Bhat, Unit Head of the OBG Department, KMCH Attavar, welcomed the guest and the gathering. Following the inauguration, Dr Aparna Rajesh Bhat, Dr Neena Mahale, and Dr Sauda from the Department of Obstetrics and Gynaecology delivered informative sessions on the significance of the HPV vaccine and cervical cancer prevention. Dr Spandana Rao K compered the event. In his address, Dr Deepak Madi emphasized the importance of vaccination as a key strategy in preventing this cancer. At the end, Dr Nina Mahale gave the vote of thanks. The day-long drive saw a significant turnout, with around 134 women receiving the HPV vaccine. This initiative by KMC Hospital, Attavar, highlights their commitment to promoting women's health and well-being in the community.	13 June 2024
3	Formation of MTP Board and its functioning MTP Act and its effective implementation comprehensive Abortion Care services (CAC)	The Department of Obstetrics and Gynaecology, Kasturba Medical College, Mangalore, Government Lady Goschen Hospital, Mangalore, and the District Health and Family Welfare Department, Dakshina Kannada, in association with International Pregnancy Advisory Services (IPAS), conducted a workshop on 18 June 2024 on the topic “Functioning of MTP Board, MTP Act and its Effective Implementation, and Comprehensive Abortion Care Services (CAC).” Dr Durgaprasad M R, Medical Superintendent, LGH, Mangaluru; Dr Shraddha Shetty K, HOD, Department of OBG, KMC, Mangalore; Dr Jagadish, RMO, LGH, Mangaluru; Dr Deepa Prabhu, Family Welfare Officer, D K, Mangaluru; and Dr Sundari, Chairperson, MTP Board, D K, were the Guests of Honour for the programme. Mr G S Gopal, Regional Director, IPAS Development Foundation, and Mr Nagesh M, Senior Officer, IPAS Development Foundation, were the resource persons. They enlightened everyone about the formation and functioning of the MTP Board, updates in the MTP Act, the new amendment to the MTP Act 2021, CAC services, and documentation, including maintenance of registers and forms. Different methods, namely MMA, MVA, EVA, and the need for post-abortion contraception methods, as well as maintenance of the HMIS portal and usage of codes, were discussed. The workshop was conducted at the 1st Floor Yoga Hall – MCH Building, Government Lady Goschen Hospital, from 10:00 AM to 1:00 PM on 18 June 2024. The session was attended by OBG faculty members, postgraduates, LGH faculty, and nursing staff.	18 June 2024

Physiology			
1	Unique Brains and Happy Minds" Addressing Behavioural Challenges in Children with special Needs: Effective Approaches and Strategies	Department of Physiology – Recreational activities for students: On the occasion of "World Brain Day", the department conducted a program, Unique Brains and Happy Minds, for the parents of mentally challenged students of Saanidhya Special School, Shakti Nagar, on 11 July 2024. Dr Krithishree, Consultant Psychiatrist, KMC Hospital, Mangalore, gave a talk on Addressing Behavioral Challenges in Children with Special Needs: Effective Approaches and Strategies. The program was attended by the faculty of the school and parents, and was well appreciated by everyone.	11 July 2024
2	Unravelling the gut feeling: Gut-Brain Axis	The Department of Physiology conducted a CME on Unravelling the Gut Feeling: Gut-Brain Axis on 5 October 2024. It was a half-day CME conducted in the Medical Education Unit Hall in hybrid mode. Associate Dean Dr Suresh Kumar Shetty was the Chief Guest, and Dr Shrikala Baliga was the Guest of Honour. We had around 170 registrations, out of which around 60 participants attended online. Speakers for the CME were Dr Jnaneshwar Shenoy, Professor and Head, Physiology, Fr Mullers Medical College; Dr Mamatha Ballal, Professor, Microbiology, KMC, Manipal; Dr Sheetal Ullal, Professor of Pharmacology; and Dr Sweta Adatia, a distinguished neurologist presently heading the Department of Neurology at Gargash Hospital, Dubai, UAE. She is a renowned TEDx speaker and an eminent researcher.	05 October 2024
Physiotherapy			
1	World Obesity Day 2024-Slim Down, Maintain, Don't Gain: Decoding the Science and Strategies for Obesity Challenge	On World Obesity Day, the Department of Physiotherapy organized a CME on Decoding the Science and Strategies for Obesity Challenge on 9 March. Smt Kavitha Shastri, Ex-District Governor, Lions Club International, Mangalore, was the Chief Guest; Dr Dilip G Naik, Pro VC, Mangalore Campus, and Dr B Suresh Kumar Shetty, Associate Dean, KMC Mangalore, were the Guests of Honour. A total of 120 delegates, including BPT undergraduates and MPT postgraduates from colleges in and around Mangalore, participated. Experts from the Departments of Physiotherapy, Physiology, Biochemistry, Clinical Nutrition, Clinical Psychology, Community Medicine, Endocrinology, and Surgery, from both Mangalore and Manipal campuses, conducted the sessions. This event earned one credit.	09 March 2024
2	Functional Shoulder Girdle:	The Department of Physiotherapy conducted the international webinar Functional Shoulder Girdle: Biomechanic Perspective on 20 July 2024	20 July 2024

Sl No	Activity	Particulars	Date(s)
	Biomechanic Perspective 	through MS Teams. We had an international speaker, Dr Parthasarathy Eappakkam Kumaraswamy, Clinical Instructor, ASPIRE – An Orthopedic Manual Therapy Institute, Michigan, USA. This webinar included both theoretical updates and video demonstrations of manual therapy skills focused on common shoulder rehabilitation conditions. The session was attended by 102 participants – MAHE (UGs, PGs) and non-MAHE experts. The presentation was widely acclaimed; we also received excellent feedback and enthusiastic enquiries from the participants.	
3	Artificial Intelligence exploring the new boundaries in rehabilitation-World Physiotherapy Day 2024 	On the occasion of World Physiotherapy Day 2024, a CME on Artificial Intelligence: Exploring the New Boundaries in Rehabilitation was conducted on 4 September 2024. Integrating AI into rehabilitation has driven efficiency and quality in healthcare services; in this CME, we had experts from both technical and rehabilitation teams share their experiences and discuss the recent trends of AI models in rehabilitation. Prof Dr K V Gangadharan, Dean, NITK, Surathkal, and Prof Shrikanth Prabhu, MIT, Manipal, delivered lectures and enlightened our BPT and MPT students. Post-noon sessions included physio theatre and other extracurricular activities by the students.	04 September 2024
4	Vestibular Rehabilitation for Head and Neck Cancer Survivors 	A webinar titled Vestibular Rehabilitation for Head and Neck Cancer Survivors was held on 20 December 2024, from 7:30 to 9:00 pm, through MS Teams by adjunct faculty Dr Linda Dsilva, PhD, PT, Assistant Professor, Director, Vestibular and Balance Rehabilitation Lab, University of Kansas Medical Centre, USA. A total of 90 delegates, including BPT undergraduates and MPT postgraduates from colleges in and around Mangalore, participated.	20 December 2024
Psychiatry			
1	Case Conference 	As part of the Alumni Talk Series, the Department of Psychiatry, KMC Attavar, hosted a case conference, chaired by Dr Prima Dsouza, alumnus and former faculty of KMC Mangalore, currently working as a consultant psychiatrist at the Institute for Psychological Health, Thane. It was conducted on 24 May 2024 in Sushrutha Hall, KMC Attavar, and was attended by participants including faculty, students of the Department, and Dr Sunil Kumar, consultant psychiatrist, Wenlock District Hospital, Mangalore. The members actively participated and interacted with the speaker, and put forth doubts and questions they had with regard to the case. The feedback suggested that the session was appreciated by the participants.	24 May 2024
2	Schizophrenia: Representation & Misrepresentation in cinema	As a part of World Schizophrenia Awareness Day, the Department organised an open forum on “Schizophrenia: Representation & Misrepresentation in Cinema” at Sushrutha Hall, on 30 May 2024 at 4:00 pm.	30 May 2024

Sl No	Activity	Particulars	Date(s)
3	Mental Health Carnival and Reel Making Competition	On account of World Mental Health Day, the Department of Psychiatry organised the following events: 1. Reel-making competition: Students were asked to send reels raising awareness on mental health. They actively participated in the event. The winners were: 1st place – Siddharth Sharma, Sreha Viswanathan from Final Year MBBS; 2nd place – Aleema Isha, 1st Year MSc Clinical Psychology. 2. Mental Health Carnival was held on 14 and 15 October 2024, from 3:30 to 5:00 pm at Sushrutha Hall, KMC Attavar. Mental health-themed games and activities were conducted.	14 to 15 October 2024
4	Psychiatry Insight 2024	The Department of Psychiatry, Kasturba Medical College, Mangalore, hosted the CME-CRE Psychiatry Insight 2024 on 6 and 7 November 2024 at MEU Hall. The event focused on the theme of "Mental Health in the Digital Era: Navigating New Frontiers" and featured a range of engaging sessions, with approximately 80 participants in attendance.	06 to 07 November 2024
Pulmonary Medicine			
1	Recent Updates in Tuberculosis	Department of Respiratory Medicine, Kasturba Medical College, conducted a CME on recent updates in tuberculosis on 17 January 2024 from 2.30 to 5:00 pm, in association with the District TB Centre, Dakshina Kannada district. Two speakers were invited: Dr Jose Thomas, WHO consultant, DK, spoke on "TB Preventive Activities under the NTEP Mission"; and Dr Shiren Shetty, Deputy MS, KMC Manipal and HOD, Gastroenterology, spoke on "Abdominal Tuberculosis". It was attended by 30 delegates.	17 January 2024
Radiodiagnosis			
1	International Women' Day - street play	On the occasion of International Women's Day, the Department of Radiodiagnosis and Imaging conducted an awareness campaign on breast cancer and mammography screening with the support of KMC Hospital Attavar, KMC Hospital Ambedkar Circle, and RadX Club.	02 March 2024
2	Interventional radiology workshop -KMC EREVNA-2024	RadX organized Diagnose & Defend, an interventional radiology workshop during KMC EREVNA 2024, a National Undergraduate Research Conference on 5 May 2024, focusing on stroke diagnosis and treatment. Dr Santosh Rai, HOD of Radiodiagnosis, and Dr Suprasanna, Professor of Radiodiagnosis, chaired the event. The three-hour session featured a keynote lecture by Dr Meghana, Radiodiagnosis Faculty member, for the first half hour, which included an introduction to CVA, types and causes, the importance of timely imaging and accurate diagnosis in treatment, along with an overview of imaging findings and an introduction to interventional radiology procedures in CVA management. This was followed by smaller group workshops of 15 minutes each on diagnosis, vascular anatomy, and interventions, led by junior residents from the	03 to 05 May 2024

Sl No	Activity	Particulars	Date(s)
		Department of Radiodiagnosis, attracting 160 undergraduate students.	
3	Exploring Radiology as a career in the Radiology	The Department of Radiology at KMC Mangalore conducted a special session on Radiology career opportunities in the USA on Saturday evening, 15 June 2024. The panel included radiologists over a wide spectrum of age and professional career: Dr Raghu HR, Dr Manish Dhyani, Dr Monika Nukala, Dr Kaustubh Hegde, Dr Saubhagya Shrivastava, and Internal Medicine resident Dr Arshia Jolly. The session was held by the Department of Radiology, KMC Mangalore, in association with the Career Counselling Cell, the Office of Alumni Relations, and RadX – our UG society of Radiology. The session started with the introduction of the panelists, followed by the QA sessions, which were moderated by Professor and HOD Dr Santosh Rai. The anchors were Dr Abhijeet, Senior JR, and Dr Aravind Raj, Senior JR at KMC Mangalore, and also Dr Naisargi, JR at Manipal Hospital Bengaluru , and Dr Pradymuna JR at KMC Mangalore. The session lasted for 90 minutes, offering intense, valuable insights into the field of Radiology in the USA. The feedback was excellent from the attendees.	15 June 2024
4	Fetal MRI Masterclass	The Fetal MRI CME 'Masterclass' conducted on 18 August 2024 by the Department of Radiology at KMC Mangalore was a resounding success. The event featured renowned experts, Dr Adinarayan Makam from Bengaluru and Dr Nitin Ghonge from Delhi, who shared their extensive knowledge and insights into the latest advancements in fetal imaging. Their engaging sessions were highly appreciated by the participants, with about 100 delegates in total, contributing to a deeper understanding of this critical imaging technique. The inaugural function was graced by Associate Dean Dr Suresh Shetty, and the guests of honour, who were felicitated, were the iconic radiologists of Mangalore: Dr Naveen Chandra M Shetty, Dr Ganesh Khandige, and Dr Suresh HB, who pioneered obstetrics ultrasound in this region. The CME was well-received, with attendees commending the organisation and the quality of the presentations.	18 August 2024
5	International Day of Radiology	On 8 November, the Department of Radiodiagnosis & Imaging, KMC Mangalore, celebrated International Day of Radiology (IDoR). The World Roentgen Day is the occasion to commemorate the discovery of X-rays by German scientist Wilhelm Röntgen on 8 November 1895. A huge shout-out to our BSc Medical Imaging students for organising a day filled with fun and engaging games.	08 November 2024
Radiotherapy			
1	Cancer day	KMC Mangalore, KMCH-AOC, in association with City Center Mall, Mangalore, observed World Cancer Day on 4 February 2024 from 3 p.m. to 7 p.m. at the City Center Mall premises. A month-long Cancer Awareness Month initiative was inaugurated with a general health check-up and cancer screening for the mall employees and the general public. This was followed by dazzling performances from Upasana Dance Academy and informative cancer awareness talks by the department faculties. A QR code was released for answering any cancer-related queries.	04 February 2024
2	AROICON 2024	The 44th National Conference of the Association of Radiation Oncologists of India (AROICON 2024) took place from 28	28 November to

Sl No	Activity	Particulars	Date(s)
		November to 1st December 2024 at Kasturba Medical College, Mangalore, in collaboration with the AROI Karnataka Chapter (Association of Radiation Oncologists of India). The event was successfully hosted at the Dr TMA Pai International Convention Center, Mangaluru. It was organized by the Department of Radiation Oncology, Kasturba Medical College, Mangalore, under the leadership of Dr M. S. Athiyamaan, Organizing Chairman, and Dr Sourjya Banerjee, Organizing Secretary, AROICON 2024. AROICON 2024 was a monumental success, attracting over 1,700 delegates from across the country and featuring a record-breaking 665+ abstract submissions, marking the largest and most unprecedented participation in the conference's history. The pre-conference workshop, organized by the Indian College of Radiation Oncology (ICRO), titled "IMPACT - Interactive Modules for Problem-based Assessment and Case-based Teaching," was held on 28 November. This engaging workshop, which involved over 400 participants, provided a unique and enriching educational experience. This year's conference also introduced undergraduate participation, a first in the history of AROICON. Spanning four days, AROICON 2024 offered over 150 scientific sessions centered on the theme, "New Horizons in Radiation Oncology: Biology to Imaging to Therapeutics," at the prestigious Dr TMA Pai International Convention Center. The conference comprehensively explored various aspects of cancer biology, advanced imaging technologies, and innovative therapeutic strategies, all aimed at elevating the standards of oncology care.	01 December 2024
Simulation and Skills Centre			
1	BLS – ACLS	The Department of Simulation and Skills Centre organised a BLS/ACLS training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 14 to 16 February 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the course were Dr Vivek Gopinathan, Dr Sanjan A, Dr Nikhil Paul, Dr Sujith Raj, and Dr Archu M. J. The sessions were conducted properly by the Co-ordinator, Mr Madhin from IIEMS. There were 33 candidates, respectively, for both sessions of BLS/ACLS.	14 to 16 February 2024
2	BLS – ACLS	The Department of Simulation and Skills Centre organised a BLS/ACLS training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 25 to 27 March 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the course were Dr Vivek Gopinathan, Dr Sanjan A, Dr Nikhil Paul, and Dr Archu. The sessions were conducted by the Co-ordinator, Mr Ashik from IIEMS. There were 28 and 23 candidates, respectively, for both the BLS and ACLS sessions.	25 to 27 March 2024
3	BLS – ACLS	The Department of Simulation and Skills Centre organised a BLS/ACLS training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 18 to 20 May 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the course were Dr Vivek Gopinathan, Mr Ajo Joseph, Dr Neeta S, Dr Nikhil Paul, and Dr Archu. The sessions were conducted by the	18 to 20 June 2024

Sl No	Activity	Particulars	Date(s)
		Co-ordinator, Mr Ashwin from IIEMS. There were 39 and 37 candidates, respectively, for both the BLS and ACLS sessions.	
4	BLS - ACLS Provider Course	The Department of Simulation and Skills Centre organised a BLS/ACLS Provider training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 20 to 22 August 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the course were Dr Vivek Gopinathan, Dr Nikhil Paul, Dr Vipun, Mr Aswanth, and Dr Neeta S. Dr Keerthana Manoharan was the Monitor for the session. The sessions were conducted by the Co-ordinator, Mr Midhun from IIEMS. There were 44 candidates, respectively, for the session.	20 to 22 August 2024
5	BLS - ACLS Provider Course	The Department of Simulation and Skills Centre organised a BLS/ACLS Provider training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 23 to 25 August 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the course were Dr Vivek Gopinathan and Dr Nikhil Paul. Dr Sumesh T. Rao and Dr Shishir Upadya were the Monitors for the session. The sessions were conducted by the Co-ordinator, Mr Midhun from IIEMS. There were 16 and 18 candidates, respectively, for the session.	23 to 25 August 2024
6	BLS - ACLS Instructor Course	The Department of Simulation and Skills Centre organised a BLS/ACLS Instructor training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 27 to 28 July 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the course were Dr Vimal Krishnan, Dr Vivek Gopinathan, and Dr Sanjan. The sessions were conducted by the Co-ordinator, Mr Jibin from IIEMS. There were 7 candidates for the session.	27 to 28 August 2024
7	BLS - ACLS Provider Course	The Department of Simulation and Skills Centre organised a BLS and ACLS training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 9 to 11 September 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the course were Dr Vivek Gopinathan and Dr Sanjan. Dr Sumesh T. Rao and Dr Shishir Upadya were the Monitors for the sessions. The sessions were conducted by the Co-ordinator, Mr Sharon from IIEMS. There were 23 and 18 candidates, respectively, for the BLS and ACLS sessions.	09 to 11 September 2024
8	BLS PALS	The Department of Simulation and Skills Centre organised a BLS and PALS training programme in association with the Indian Institute of Emergency Medical Services (IIEMS) from 2 to 4 December 2024 at the Simulation and Skills Centre, Attavar Hospital. The instructors for the BLS course were Dr Vivek Gopinathan and Dr Aditi. The instructors for the PALS course were Dr Vivek Gopinathan, Dr Seema, and Dr Niharika. Dr Nikhil Paul was the Monitor for the PALS session. The sessions were conducted by the Co-ordinator, Mr Midhun from IIEMS. There were 13 and 15 candidates, respectively, for the BLS and PALS sessions.	02 to 05 December 2024

Details of Guest Visit (lectures, collaboration, visitors on campus)
Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
Administration				
1	Dr Divya Vara Prasad Kosur	Consultant Fellow of The Royal NZ College of General Practitioners	Alumni mentorship session - talk on Career in New Zealand: My Experiences on the Path to Royal College Fellowship	10 January 2024
2	Dr Tushar Dixit	Consultant Anaesthetist, Deputy Clinical Director and Lead Preoperative Services Mersey and West Lancashire Teaching Hospitals NHS trust, Executive Director Mersey School of Anaesthesia Charity	A Career Guidance and Alumni Mentorship Session on Living and Working in the UK	23 February 2024
3	Dr Hasmukh Jain	Professor of Medical Oncology at Tata Memorial Trust, Mumbai	Campus Visit	29 June 2024
4	Dr Raghu Ram Pillarisetti	Founder and Director of KIMS-Ushalakshmi Center for Breast Diseases at KIMS Hospitals	Campus Visit	29 June 2024
5	Mr Abhishek Bavadhankar	USMLE and Residency Expert	Career guidance session on USMLE and Residency options in USA	18 July 2024
Anaesthesiology				
1	Dr Saneesh P.J	Senior Consultant, Ananthapuri Hospital and Research Institute, Trivandrum, Kerela	Alumni mentorship session on the modern scope in career path	05 February 2024
2	Dr Nigel Kuriakose	Anaesthesiologist and Intensivist, Sultan Qaboos comprehensive cancer care and Research centre, sultanate of Oman	Alumni mentorship session on Employment opportunities abroad	05 February 2024
Anatomy				
1	Dr Shivaprakash	Associate Professor, JSS Medical College, Mysore	Guest lecture on Clinical Case scenarios on Cardiovascular system	16 January 2024
2	Dr Vishram Singh	Editor, Journal of Anatomical Society of India Editor-in-Chief, Journal of Anatomical Society of India	Guest lecture on Clinical Case scenarios on Respiratory system	17 January 2024
3	Dr Balakrishnan	Associate Professor, Department of Anatomy, SRM Medical College Hospital and Research Centre, SRM Institute of Science and Technology, Tamil Nadu	Guest lecture on Clinical Case scenarios on Central nervous system	10 February 2024
4	Dr Dhannya	Consultant Embryologist and IVF Lab in charge	Guest lecture on Structure of Chromosomes	09 to 12 April 2024
5	Dr Anu V Ranade	Associate Professor, Department of Basic Medical Sciences, University of Sharjah	Guest lecture on Uterus and Cervix- Gross Anatomy with applied aspect	16 May 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
6	Dr Vinay Kumar V	Professor, Department of Anatomy, AJ Institute of Medical Sciences, Mangalore	Guest lecture on Clinical Vignettes Discussion	16 May 2024
7	Dr Sampath Madhyastha	Associate Professor, Department of Anatomy, Faculty of Medicine, Kuwait University, Kuwait	Guest lecture on Female Reproductive system - Clinical scenario	01 June 2024
8	Dr Vishram Singh	Adjunct faculty, Department of Anatomy, KMC, Mangalore and Editor in chief, Journal of Anatomical Society of India	Guest Lecture on Clinical Case scenarios of Upper limb	16 December 2024
Audiology and Speech Language Pathology				
1	Dr Tarlochan Dev	Founder and Managing Director, Labat Asia Pvt Ltd	Guest Lecture on New regulations for MedTech and Healthcare Industries in India	19 February 2024
2	Ms Anjana Hoode	Clinical Supervisor, Stepping stones centre, Bengaluru	Alumni talk series on Clinical consideration in speech therapy	28 September 2024
3	Dr Aniruddha Deshpande	Associate Professor of Audiology, Hofstra University, USA	Guest Lecture on Assessment of Tinnitus	29 October 2024
Biochemistry				
1	Dr Bindu Y Srinivasu	Research Associate Scientist Department of Chemistry and Chemical Biology	Alumni talk on Protein dynamics and hydrogen deuterium exchange mass spectrometry	13 April 2024
2	Dr Vasudeva G Kamath	Assistant Professor, Biochemistry, Department of Basic Medical Sciences, University of Arizona	Alumni Mentorship Session on Beyond the Bench: Navigating career paths after your Masters	10 June 2024
3	Dr Fiona Olvitta D'Souza	Head, Scientific operations Geneticist, Clinical genetics, Anderson diagnostic services Pvt Ltd, Chennai	Alumni webinar on Advances in Preventive Genetics	24 September 2024
Community Medicine				
1	Dr Sandeep Bhalla	Vice President Projects-ECHO India	Guest lecture on ECHO Model: Transforming Capacity Building and Strengthening Health Systems in India	29 June 2024
2	Dr Sunil Raina	Professor and Head of the Department of Community Medicine at RPGMC, Tanda, Himachal Pradesh	Guest lecture on Science, Research, and Publications: Are they the same	27 July 2024
Dermatology				
1	Dr Chitra Nayak	Professor and Head, TN Medical College, Mumbai	Guest lecture on Hormonal assessment in dermatology	12 January 2024
2	Dr Sathish Pai B	Professor, Department of Dermatology KMC, Manipal, MAHE, Manipal	Guest lecture on Phototherapy in Psoriasis	30 January 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
3	Dr Reena Rai	Professor and HOD, PSG Institute of Medical science and Research, Coimbatore	Gest lecture on Finding a needle in the haystack: Guide to patch testing	29 February 2024
4	Dr Shylaja Someshwar	Professor and Head, MGM Institute of Health Science	Guest lecture on Understanding Chronic Urticaria	11 June 2024
5	Dr Shylaja Someshwar	Professor and Head, MGM Institute of Health Sciences	Guest lecture on Newer aspects in Atopic Dermatitis	24 November 2024
Forensic Medicine				
1	Dr Ritesh G Menezes	Professor of Forensic Medicine division, Department of Pathology, College of Medicine, King Fahd Hospital of the University Imam Abdulrahman Bin Faisal University, Dammam, Saudi Arabia (KSA).	Guest lecture on Ethics in Research and Publication	12 April 2024
2	Dr Dimpal Mesta	B.A.LL.B (Hon's), LLM,Ph.D, Assistant Professor, SDM Law College, Mangalore	Guest lecture on Forensic Day	11 May 2024
3	Dr Tanuj Kanchan	Professor and HOD, Department of Forensic Medicine & Toxicology, AIIMS Jodhpur	Adjunct Faculty Lecture on Publishing your research: Experience sharing	10 June 2024
4	Dr Francis NP Monteiro	Professor and Head Department of Forensic Medicine, Faculty of Medicine, Manipal University Medical college, Malaysia	Guest Lecture on ART and Guidelines for ART Clinics in India	16 October 2024
General Medicine				
1	Dr.B .S Baliga	Director, East Alabama Endocrinology P.C, Associate Professor of Medicine, Mercer University	Guest lecture on Technological Advances in the management of Diabetes	02 January 2024
2	Shree Dinesh Kamath	Akhila Bharatha Sanghatana Mantri, Samskrita Bharati, New Delhi	Guest Lecture on World Sanskrit Day	19 August 2024
3	Dr Joseph M Pappachan	Research Scientist, Professor, Senior Consultant Endocrinologist and Clinical Lead for Obesity Service, Type 2 Diabetes Mellitus, and clinical research in Endocrinology and Metabolism at Lancashire Teaching Hospitals NHS Trust	Guest Lecture on Approach to MRCP	29 November 2024
Microbiology				
1	Mrs. Deepthi D Souza	Microbiology section lead and Pathology Quality manager, Nuffield hospital, United Kingdom	Guest Lecture on Opportunities for postgraduates in Microbiology abroad	20 March 2024
2	Dr Godfred A Menezes	Professor and Chairperson, Medical microbiology and Immunology, RAK College of Medical Sciences, RAK	Guest lecture on Nonfermenters as Nosocomial pathogens	28 May 2024

Pathology				
1	Dr Hariharan Bharadwaj	Clinical Fellow in Hematopathology at Mass Brigham General, Harvard University, USA	Alumni talk on an approach to mature B-Cell Lymphomas	20 January 2024
2	Dr Krithika Shenoy	Clinical Fellow, Gastrointestinal and Liver Pathology, Washington University School of Medicine, St Louis, MO, USA	Alumni Talk on Pancreatic Cystic Lesions: A Case Based Approach	17 February 2024
3	Dr Sujay Prasad	Chief Medical Director, NDPL Director, Neuberg Anand Reference Laboratory, Bangaluru	Guest session on Leadership what is it? and costing of common laboratory tests	30 March 2024
4	Dr Nandan Padmanabha	Pathology Resident & AP Chief, BIDMC, Harvard Medical school	Alumni Guest lecture on Lessons from the past: Pathology in the 21st century	23 May 2024
5	Dr Divya Sharma	Associate Professor and Director of Liver pathology Service, Department of Pathology & Laboratory Medicine, University of Cincinnati, USA.	Guest lecture on Pathology of lung tumours- WHO classification 2021	27 May 2024
6	Dr Pallavi Sharma	Professor, GSMCH, Hapur	Campus visit to meet faculty	20 August 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
7	Dr Bhagat Singh Lali	Junior Consultant, TMC Kolkatta	Guest lecture on Case Based Approach to Soft Tissue Tumour	26 September 2024
Pharmacology				
1	Dr Jaykumar Sejpal	Lead medical Advisor, global Medical Affairs, Dr Reddy's Laboratories	Alumni mentorship session Medicomarketing: Navigating Roles and Responsibilities; Career Vistas for Pharmacologists – Beyond Academia	30 March 2024
2	Dr Durgarao Yalla	Postdoctoral Fellow, Clinical Pharmacology and Experimental Therapeutics Lab, TMC-ATREC	Alumni mentorship session on Career Vistas for Pharmacologists – Beyond Academia	30 March 2024
Physiology				
1	Dr Sunil Dhungel	Professor, Department of Neurology and Neuroscience, Medical University of the America Nevis, West Indies.	Guest lecture on Neural regulation of Circulatory Shock	05 January 2024
2	Dr Shripad B Deshpande	Professor Emeritus, Department of Physiology, Apollo Institute of Medical Sciences and Research, Chittoor, A.P.	Guest lecture on Postures and Righting Reflexes	08 March 2024
3	Dr Anish Singhal	Deputy Medical Superintendent, Assistant Professor, Department of Physiology, All India Institute of Medical Sciences, Bibinagar, Hyderabad, India Department of Physiology	Guest lecture on Basics of Autonomic Function Testing and intraoperative Neurophysiological Monitoring	15 April 2024
Physiotherapy				
1	Ashish Dev Gera	Assistant Professor, Dolpin PG Institute Dehradun, Fellowship Diploma in Sports Rehabilitation, Founder at Rehab Rewired	Alumni Talk on Decoding Iliotibial Band Pain	04 April 2024
Psychiatry				
1	Dr Rameela Shekhar	Mental Health Professional, Manashanthi Counselling Research and Training Centre	Guest lecture on Safety in Workplace - Mental Health Priority	16 October 2024
Pulmonary Medicine				
1	Dr Nilanjan Umesh	Consultant- Critical Care Medicine, Rajgiri Hospital, Kochi	Guest lecture on Management of Refractory Hypoxia in ARDS	25 July 2024
Radiodiagnosis				
1	Dr Mukesh G. Harisinghani	Professor of Radiology, Harvard Medical School, Radiologist, Abdominal Imaging and Interventional	Guest Lecture on Protocol Considerations - Upper Abdomen	10 February 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
		Radiology, Massachusetts, General Hospital		
2	Dr Mukesh G. Harisinghani	Professor of Radiology, Harvard Medical School, Radiologist, Abdominal Imaging and Interventional Radiology, Massachusetts, General Hospital	Guest Lecture on MRI In Anorectal Fistulas	30 March 2024
3	Dr Kishan Ashok Bhagwat	Consultant Radiologist, Consultant Ayush Imaging centre, Davangere	Guest Lecture on Orbital Imaging	10 April 2024
4	Dr Abhishek Milind	Fellowship in Intervention Radiology, Innovision, Mumbai	Alumni guest lecture series on case-based discussion	08 May 2024
5	Dr Abhishek Milind	Fellowship in Intervention Radiology, Innovision, Mumbai	Alumni guest lecture series on MRI Shoulder - The basics	20 June 2024
6	Dr Gowthami Chebrolu	Fellow in Cardiothoracic Imaging, Narayana Institute of Cardiac Sciences, Bengaluru	Guest Lecture on Insight into Paediatric Cardiac Imaging	29 October 2024
7	Dr Sanyam Katya	Consultant Radiologist, Manipal Health Map Diagnostics, New Delhi	Guest lecture on Radiographic approach to small joints of the hand	24 December 2024
Radiotherapy				
1	Dr Ho Gwo Fuang	Professor and HOD, Department of clinical Oncology university Malays Medical centre Kuala Lumpur, Malaysia	guest lecture on Hyperthermia in Radiation Oncology	19 June 2024

		and staff taking a pledge to support the Nasha Mukt Bharat Abhiyaan. The pledge, emphasising the role of youth in leading the nation toward a drug-free future, was a powerful reminder of our collective responsibility in creating a healthier, safer society. 250 students took the pledge, which was administered by Dr Jagadish Rao, Professor and Head of Forensic Medicine and Toxicology.	
14	Anti-ragging week	KMC Mangalore observed Anti-Ragging Week from 12 to 18 August, as part of a nationwide initiative directed by the UGC to foster a ragging-free campus environment. The week included various competitions such as essay writing, poster making, and street play. The valedictory ceremony, held on 16 August, featured a street play and culminated in the distribution of prizes to the winners. Dr Shrikala Baliga, Associate Dean, graced the event as the Chief Guest, emphasising the importance of a safe and respectful academic atmosphere.	12 August 2024
15	Independence Day	On the eve of India's 78th Independence Day, Kasturba Medical College, Mangalore, stood radiant in tricolour lights, symbolising the vibrant spirit of our nation. The morning of 15 August marked a momentous occasion as we celebrated not only our country's freedom but also 70 glorious years of excellence at our institution. Dr B Unnikrishnan, Dean of KMC Mangalore, welcomed the gathering. The day's festivities commenced with the hoisting of the national flag by Dr Sharath Kumar Rao K, Pro Vice Chancellor, Health Sciences, MAHE, followed by an inspiring message from the Chief Guest. The program featured a soulful patriotic song by our students, adding to the atmosphere of pride and unity. The event also recognised the contributions of our dedicated non-teaching staff, Mrs Yeshoda K. (KMC Mangalore), Mrs Dakshayini (KMCH Attavar), and Mr Manjunath Bhandary (KMCH-Ambedkar Circle) through the Dr K R Shetty - MAHE Endowment Service Excellence Awards, felicitated by Dr Dilip G Naik, Pro Vice Chancellor, Mangalore Campus, MAHE. The celebration concluded with a Vote of Thanks delivered by Dr B. Suresh Kumar Shetty, Associate Dean, KMC Mangalore.	15 August 2024
16	Sanskrit Divas	The Department of Medicine, KMC Mangalore, in association with Samskrita Bharati, celebrated World Sanskrit Day. The event, inaugurated by Dr B Unnikrishnan, Dean of KMC Mangalore, featured a keynote address by Sri Dinesh Kamat, Akhila Bharatha Sanghatana Mantri, Samskrita Bharati.	19 August 2024
17	National Space Day	KMC Mangalore celebrated the maiden National Space Day by showcasing the creative talents of our students, who made beautiful posters on the theme. The event also featured screenings of ISRO videos, which captivated the interest of our students. This initiative was in line with the directives from the UGC, highlighting the importance of space exploration and research. The event provided a unique opportunity for our students to engage with the wonders of space and science, fostering a spirit of curiosity and learning.	23 August 2024
18	Teachers Day	On 5 September 2024, the Teacher's Day celebrations at Kasturba Medical College, Mangalore, commenced with a warm welcome from Dean Dr B. Unnikrishnan. The event honoured 70 years of public-private partnership of the college	05 September 2024

1	World No Tobacco Day 2024 Theme Sensitization Program	On World No Tobacco Day 2024, we united to protect children from tobacco industry interference. The Department of Public Health Dentistry came together to raise awareness about the dangers of tobacco and its devastating impact on health, communities, the environment, and children. We celebrated with a week of events to share facts about the harms of tobacco, encourage friends and family to quit smoking, and advocate for more robust tobacco control policies. Together, we can make a difference! Let us envision a healthier, happier, and tobacco-free world. World No Tobacco Day – Theme Sensitization Program, 1 June 2024. The Departments of Public Health Dentistry, Oral Medicine and Radiology, and the Tobacco Cessation Clinic at MCODS, Manipal, collaborated to organize a sensitization program on the World No Tobacco Day theme. We were honoured to have Dr M Mukhyaprana Prabhu, Professor and Head of the Department of General Medicine, KMC, Manipal, and Dr Leslie Edward Lewis, Professor and Head of the Department of Pediatrics, KMC, Manipal, as our Guests of Honour. World No Tobacco Day – Health Education Program and Screening Camp at MJC, Manipal, on 7 June 2024. A Health Education program and screening camp was organized at Manipal Junior College (MJC), Manipal. Ms Shyla from the DSO office in Udupi and Dr Ramprasad provided valuable insights into tobacco cessation and highlighted the harmful effects of tobacco through informative sessions. Their efforts were instrumental in raising awareness among attendees about the importance of quitting smoking for better health. Our team was able to screen 204 high school students.	01 June 2024
2	Tobacco-free Kids" Dr Shalini Singh, Dr Agramroop Kaur	On World No Tobacco Day – Webinar on 7 June 2024, a webinar session aimed to address the critical issue of safeguarding children from the harmful influences of the tobacco industry, with the theme:	07 June 2024

Sl No	Activity	Particulars	Date(s)
		Protecting children from tobacco industry interference, was conducted. Dr Shalini Singh, a Global Tobacco Policy Researcher based in the USA, provided valuable insights into the research methodologies and resources essential for effective tobacco control measures. Dr Agramroop Kaur, a Global Youth Health Advocate affiliated with Tobacco-Free Kids in the USA, discussed strategies and initiatives to empower youth in the fight against tobacco use. The webinar attracted a diverse audience, including healthcare professionals, researchers, and postgraduate students. Participants engaged actively through interactive Q&A sessions, expressing keen interest in practical approaches to combating tobacco use among children and adolescents. The webinar concluded on a positive note with a renewed commitment from participants to implement evidence-based strategies and advocate for more robust policies to protect children from the detrimental effects of tobacco. Manipal College of Dental Sciences plans to organize similar educational events to raise awareness and drive actionable steps towards tobacco control and public health improvement. Resource people: Research resources in tobacco control – Dr Shalini Singh, Global Tobacco Policy Researcher, USA; Youth advocacy in tobacco control – Dr Agramroop Kaur, Global Youth Health Advocate, Tobacco-Free Kids, USA.

Year of Establishment of the Centre: Nov 2022
Name of the Coordinator: Dr M Vidya Saraswathi, Professor, MCODS, Manipal

Co-Coordinators

1. Dr Arvind Pandey, Associate Professor, Department of Anatomy, KMC, Manipal
2. Dr Ramakrishna M, Associate professor, Department of Data Science and Computer Engineering, MIT, Manipal
3. Dr Shubha H S, Professor, MIC, Manipal
4. Dr Priyanka Kamath, Associate Professor, KMC, Mangalore
5. Mr Nishith Damodhar, Assistant Professor, Senior scale, WGSHA, Manipal

Brief About the Centre:

Vision:

To facilitate the development of art and techniques of photography to nurture hobbies and/or aid in the profession. The benefits are two-fold,

1. Ensuring a healthy life and promoting the well-being of all age groups, as involvement in hobbies and related activities can distract them from the present bane of destructive practices like alcohol, drug abuse, etc., and promote mental well-being.
2. Inclusive and quality education with lifelong learning opportunities for all.

Stakeholders/Target Group:

1. Students and faculty of constituent units of MAHE
2. Students and faculty of constituent units of AGE

Activities at the Centre:

a. Integrated Dental Photography Certificate Program – August and October 2024
b. Unique Timestamp Photography Competition for students of MCODS, Manipal in August 2024, in association with the editorial board of MCODS, Manipal
c. In collaboration with MIC Manipal
   i. World Photography Day event – August 2024
   ii. Product Photography event – September 2024

- Certificate Course in Restorative Dentistry
- Certificate Course in Minor Oral Surgery
- Certificate Course in Modern Endodontics
- Certificate Course in Micro Implant Anchorage
- Certificate Course in CAD-CAM Dentistry
- Dental Bench Test Preparatory Course

About the Institution/School:

Founded in 1987, MCODS, Mangalore (a constituent college of Manipal Academy of Higher Education (MAHE), Manipal) is the country's first dental college to admit 100 students to the BDS course from the very first year of inception, along with the simultaneous commencement of postgraduate programmes. MCODS, Mangalore follows the guidelines of the Dental Council of India and was recognized by it in the year 1991. MAHE is accredited with highest A++ grade by the National Assessment and Accreditation Committee (NAAC). The institute follows the ISO 9001:2015 and 14001:2015 standards, imparting quality health care to patients as well as excellent education to students. According to survey results by nationally acclaimed magazines, the institute is among the top five private colleges in India (India Today Ranking 2024 – 2nd among the top private colleges and 10th overall; Outlook India 2024– 3rd among private colleges and 7th overall; The Week Magazine 2024 – 2nd among private and 8th overall). The institution secured the 11th rank in the National Institute Ranking Framework conducted by Ministry of Human Resource Development (MHRD) in 2024. Under the QS ranking in the subject of Dentistry MAHE

was ranked in the 51-100 band (QS ranking band). The institute has recently upgraded the curriculum to an outcome-based education system, shifting the curriculum delivery from a teacher-centric to a student-centric mode. Assessments are integrated with the InPods software, which provides analytics of individual student performance and maps them to course and programme outcomes. The curriculum is designed in accordance with the syllabus prescribed by the Dental Council of India (DCI). The core courses are the bachelor's and master's degrees in Dental Surgery. The institute has enabled the use of the online Learning Management System (LMS) via Impartus, as well as the Brightspace platform and Impartus lecture capture system, which facilitate the delivery of course content in the form of videos, demonstrations, lectures, PowerPoint slides, PDF's, etc. The curriculum supports the use of innovative teaching modalities such as 'flip classroom', small group teaching, and student-directed learning. The evaluation system has been divided into formative and summative assessments, and the practical assessment utilizes the Objective Structured Practical and Clinical Examination (OSPE/OSCE) systems. The university has subscribed to the "Coursera" platform, which delivers free online courses on a variety of subjects, thus utilizing the Massive Open Online Course (MOOC) systems. MCODS, Mangalore is spread over two locations, Light House Hill Road and Bejai which are conveniently accessible within the city, and have dedicated facilities. A total of 311 dental chairs, state-of-the-art dental equipment, a centrally air-conditioned library, modern air-conditioned lecture halls, and Continuing Professional Development (CPD) rooms with audio-visual aids, along with phantom head simulation laboratories for preclinical training and access to new-generation dental materials, ensure delivery of optimal training for undergraduate and postgraduate students. The institute also operates a mobile dental clinic with two automated dental units that render treatment in peripheral nodal centres and areas with limited access to dental care. In 2024, MCODS, Mangalore successfully conducted 868 dental camps, screening and treating 24,845 patients.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
Administration			
1	Dental Bench Test Preparatory Course	A Dental Bench Test Preparatory Course, coordinated by Dr Ramya Shenoy and Dr Sharon Saldanha, has been introduced as a certificate program at the institute. This initiative equips students with essential skills for international qualifying exams in dentistry. The program's success has led it's establishment as a regular feature of Manipal College of Dental Sciences, gaining recognition and popularity.	31 December 2024
2	Digital Patient Feedback Form	The Digital Patient Feedback Form has transformed feedback collection at the institute. Accessible via QR codes, this initiative has expedited the feedback process across departments, enabling quicker assessments. By eliminating the need for paper, the system aligns with the institute's environmental sustainability goals, promoting a paperless and eco-friendly approach.	31 December 2024

Sl No	Activity	Particulars	Date(s)
3	Center for Digital Dentistry	The Center for Digital Dentistry, headed by Dr Shravan Shetty, has been initiated at Manipal College of Dental Sciences, Mangalore. It integrates advanced digital dentistry units like CAD-CAM, 3D printing, face scanners, and CBCT to enhance patient education and care. The center aims to revolutionize research and patient care practices within the institute.	31 December 2024

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
Administration			
1	Tips and Tricks for Research: Research Coordinator Interaction	In alignment with the Year of Research Excellence, the research coordinators of Manipal College of Dental Sciences, Mangalore, organized small-group faculty interactions in across eight sessions. These interactions aimed to highlight the university's goals, emphasizing the importance of research excellence and its impact on oral perception, admissions, finance, internationalization, and industry collaboration. Additionally, the sessions delved into detailed discussions on individual faculty members' research output targets.	18 January 2024
2	Empowering Tomorrow, Transforming Today: Viksit Bharat - A Vision Unveiled	In an era where progress and development are the keystones of a thriving nation, Viksit Bharat emerges as a beacon of change, a collective vision that transcends boundaries and envisions a future where every citizen thrives. The Viksit Bharat event, a confluence of innovation, determination, and national pride, stands as a testament to the commitment of a nation towards holistic development. Viksit Bharat was organized by batch of 2022, 80 students conducted competitions focusing on technological advancements to social welfare initiatives, Viksit Bharat encompasses a comprehensive roadmap that charts the course for a robust and sustainable future. As thought leaders, policymakers, and visionaries come together under the banner of Viksit Bharat, the event becomes a melting pot of ideas, a crucible where innovation is forged, and strategies are honed. It is a platform where the brightest minds collaborate, exchange insights, and collectively strive towards sculpting a Bharat that is not just developed but also inclusive.	07 February 2024
3	Journey from Innovation to Entrepreneurship	The Innovation and Entrepreneurship Vertical, MCODS, Mangalore, organized a Guest lecture on "Journey from Innovation to Entrepreneurship" on 16 February 2024 in the Medical Education Hall, LHH, Mangalore. The resource person	16 February 2024

Sl No	Activity	Particulars	Date(s)
		for the program was Dr Shruti Acharya, Associate Professor, Department of Oral Medicine and Radiology, MCODS, Manipal. Dr Shruti Acharya shared her experience and enlightened the audience about government grants, types of IPR, steps in innovation etc. The presentation was followed by a live demonstration of the product TARSIER X , with emphasis on special features like a bite riser to facilitate endodontic treatment, use of high-quality medical-grade polymer, an anglemeter to standardize the radiographic procedure, thus reducing radiation exposure to patient and dentist.	
4	Beach Cleaning Drive	Beach Cleaning Drive was organized by VSO Mangalore under the auspices of MCODS Mangalore, commemorating the 125th Birth Anniversary of our esteemed founder, Dr TMA Pai, and aligning with the Sustainable Development Goals (SDGs). The event took place at Tannerbhavi Beach on 17 February 2024, with approximately 60 students actively participating in the drive.	17 February 2024
5	Free Re-usable Eco-friendly Sanitary Napkin Distribution	The program commenced with interactive sessions led by 10 student volunteers from MCODS, Mangalore, who graciously dedicated their time and expertise. These sessions covered various aspects of personal hygiene, menstrual health, and reproductive wellness. Through engaging discussions, informative presentations, and demonstrations, the girls were equipped with crucial knowledge about maintaining cleanliness and managing their menstrual cycles hygienically. One of the highlights of the program was the distribution of reusable sanitary pads. Recognizing the financial constraints faced by the orphanage, this initiative aimed to provide a sustainable solution to menstrual hygiene management. The reusable pads not only offer a cost-effective alternative but also promote environmental sustainability by reducing waste generated from disposable products. Each girl received a set of pads along with instructions on proper usage and care.	03 March 2024
6	Clothes Donation Camp	As a gesture of solidarity and support, cloth donations were generously contributed by volunteers and attendees. These donations, comprising clean and durable fabrics, serve to supplement the girls' clothing needs and enhance their sense of comfort and dignity. In conclusion, the program at Snehadeep exemplified a collective effort to uplift marginalized girls by providing them with essential tools for hygiene and good health.	03 March 2024
7	International Women's Day 2024	MCODS, Mangalore celebrated International Women's Day on 8 March 2024.	08 March 2024

Sl No	Activity	Particulars	Date(s)
8	Institutional International Collaboration MCODS, Mangalore 	Dr Karunakar Kotegar A, Director, Office of International Collaborations, MAHE, Manipal conducted an interactive session to brief the faculty about the current activities supported by MAHE to promote international collaboration. He provided guidance and presented a plan to be implemented by the college to achieve the targets.	15 April 2024
9	Inter-Institutional Research Interaction Program (PG Research Vertical) 	Faculty from MCODS, Mangalore interacted with the faculty of Department of Biotechnology, MIT, Manipal and Manipal School of Life Sciences, Manipal on 17 April 2024, with the aim of forging Inter-Institutional research collaborations. Dr Balaji S Professor and Head, Department of Biotechnology led the group through an informative presentation of research being carried out by his team. Dr Manjunath B Joshi, Professor, MSLS, Manipal conducted a guided tour and demonstrated the various facilities available at MSLS. It was an enriching experience.	17 April 2024

Brief about Centre:

Vision	**To be recognized globally in the field of forensic odontology**
Mission	Excellence in education, research, and service in the field of Forensic Odontology
Objectives	• To undertake training and conduct research pertaining to forensic odontology. • To sensitize medical and dental personnel to various techniques of forensic odontology. • To develop a Database for identification of features and traits among the Indian subpopulations. • To serve as a Regional Referral Centre for processing requests pertaining to Forensic Odontology and assist in medico-legal cases

Activities at the Centre:

One-Day Value Addition Training on Forensic Anthropology

Date: 22 March 2024

One-day value-added course with the theme of "Forensic Anthropology" took place at MCODS, Mangalore, at the Attavar campus. The workshop provided valuable insights into the field of forensic anthropology, equipping 80 BDS students with practical knowledge and skills that can be applied in their future practice. Dr Srikant N, HoD, Department of Oral Pathology, welcomed the resource persons and participants for the day. Dr Junaid Ahmed, Associate Dean, MCODS, addressed the gathering and introduced the concepts of forensic anthropology to BDS students, emphasizing the importance of gender and age identification in forensic cases. Dr Arvind Kumar Pandey, Associate Professor, Department of Anatomy Kasturba Medical College (KMC), Manipal, Deputy Director, Student Affairs (Health Sciences) MAHE, Manipal, Karnataka, spoke on various forensic anthropology concepts. In this talk, he highlighted that gender and age identification is important in the forensics case-solving process. Dr Arvind Kumar Pandey, along with Dr Sushma Prabhath, Associate Professor, Department of Anatomy, KMC, Manipal, guided participants through a hands-on activity that would enable them to differentiate human from animal bones, identify some bones, among others. Dr Prateek Rastogi, Professor and Head, Department of Forensic Medicine, KMC, Mangalore, and Dr Haneil D Souza, Associate Professor, Department of Forensic Medicine, KMC, Mangalore, both agreed on how important anthropometry was to forensic scientists and provided practical lessons on instrument recognition and X-ray usage. The queries raised by participants to the

speakers were put across as an interactive session. The Team Oral Pathology thanked all the speakers, participants, and volunteers for making the workshop a success. Special thanks were extended to the Department of Anatomy, KMC, Manipal, and Department of Forensic Medicine, KMC, Mangalore, for their support and collaboration.

All the participants expressed to incorporate more practical sessions and case studies in future workshops to further enhance participants' understanding of forensic anthropology concepts.

Future Perspectives: The Department of Oral Pathology expressed interest in organizing future workshops on forensic anthropology due to the positive response from participants.

Hands-On Training on Digital Cephalometry

The Department of Orthodontics and Dentofacial Orthopaedics at MCODS, Mangalore, held an elective workshop for the intern batch on 05 September 2024. The workshop covered hands-on training on Digital Cephalometry, led by Dr Nidhin Philip and Dr Asavari Desai Shetty.

Brief About the Centre:

Dentistry today isevolving at a rapid rate. The techniques and materials which are being used in day-to-day dentistry are being developed at a fast pace. In this scenario, the ability of the clinician to keep up to date with the cutting-edge technology depends on his capacity to invest in regular training programs. These programs and sessions are commonly conducted in Metropolitan cities. Economic constraints and time management may make it a challenge for the dentists to travel and attend such courses. This has created an opportunity for learning centers such as Dental colleges to serve as facilitators for high-quality short-term dental courses for the benefit of the dental clinicians and the students by hosting reputed resource persons and conducting such courses using the existing infrastructure. This center will serve to enable Academia-Industry partnership for knowledge sharing. This can also serve to improve the speed of knowledge delivery and also help to create a self-sustaining center dedicated to advanced learning at the Institution.

Vision: To create a center for excellence in advanced dental learning.

Mission: To conduct high-quality programs at the Dental college to update the knowledge of the dental practitioners, postgraduates, and undergraduate students.

Objectives:

1. To conduct lectures and workshops for dental students and practitioners.
2. To create a self-sustaining Center for short-term dental courses at the Institution.

Center for Advanced Dental Education Activity Report 2024

1. 'PHOTODONTICS – 'Workshop on Photography in Aesthetic Dentistry'

On 05 April 2024, the Department of Conservative Dentistry and Endodontics at MCODS, Mangalore, organized a specialized photography national workshop called **Photodontics** aimed at postgraduate students. Dr Karthik Shetty HOD Department of Conservative Dentistry and Endodontics, led the session as the resource person. The workshop served as a platform to enhance understanding and offer practical training and enhance clinical abilities. Specifically designed to empower postgraduates with valuable clinical knowledge and hands-on skills, the program focused on generating precise photographic documentation crucial for diagnosis, treatment planning, and record-keeping.

Number of Participants: 15
Department(s): Conservative dentistry and endodontics
Institution(s): Manipal College of Dental Sciences (MCODS), Mangalore
Partner institution(s): None
Contact Details of Principal Investigator: NA

2. 'Rubber Dam Xtremes 2.0' - Advanced Rubber dam techniques workshop

This national workshop aligns with **SDG Goal 4: Quality Education** by enhancing the skills and promoting lifelong learning opportunities for dental professionals. Through practical, hands-on training in rubber dam usage, this workshop fosters the development of essential clinical skills for both novice and experienced dentists, enhancing their competence in advanced isolation techniques to provide quality, precise dental care, thereby improving patient outcomes and contributing to overall health and well-being.

The Rubber Dam Xtremes workshop conducted by the Centre of Advanced Dental Education and the Department of Conservative Dentistry & Endodontics was a comprehensive two-day program designed to elevate the practical skills of dental practitioners in isolation techniques using rubber dams. With a mix of lectures, demonstrations, and hands-on sessions, the workshop was structured to cater to novice and experienced participants, enhancing their expertise in applying rubber dams across various dental procedures.

Day one began with an introductory lecture on rubber dam techniques and their clinical applications, followed by clinical videos and live demonstrations on phantom heads to further illustrate isolation techniques. In the afternoon, participants engaged in hands-on training, practicing anterior and posterior quadrant isolation on intact typodont models to build essential rubber dam skills. Day two opened with an advanced lecture that covered clamp selection, troubleshooting, and effective isolation in challenging cases. In the afternoon, participants practiced on pre-prepped typodont models across varied clinical scenarios, such as deep Class II, Class III, and Class V restorations, crown-prepped teeth, palatal cavities, veneers, and diastema closures, with a focus on matrix application in quadrant-specific isolations.

The workshop's speaker, Dr Niranjan Vatkar, is an accomplished micro-endodontist and restorative dentist from Pune, known for his expertise in retreatment, micro-endodontics, and composite restorations. Dr Vatkar runs a precision-focused practice using the Carl Zeiss OPMI microscope. He earned his Bachelor of Dental Surgery (BDS) from Government Dental College and Hospital (GDC)

Mumbai (2006) and Master of Dental Surgery (MDS) in Conservative Dentistry and Endodontics from M A Rangoonwala Dental College, Pune (2010). Trained by leading experts like Dr Vishal Gupta and Pascal Magne, he has become a prominent educator, regularly conducting workshops and creating India's first online rubber dam course, recognized nationally and internationally for his contributions to dental excellence.

CENTER FOR DIGITAL DENTISTRY

Year of Establishment of the Centre: 6 May 2024

Name of the Coordinator: Dr Shravan Shetty

Members:

- Dr Umesh Pai, Associate Professor, Department of Prosthodontics, MCODS, Mangalore
- Dr Nanditha Sujir, Associate Professor, Department of Oral Medicine and Radiology, MCODS, Mangalore
- Dr Jefferson Prince, Reader, Department of Oral Surgery, MCODS, Mangalore
- Dr Amoli Singh, Senior Lecturer, Department of Orthodontics, MCODS, Mangalore

Brief About the Centre:

Vision:

To establish a globally recognized center for digital dentistry that integrates advanced technologies, fosters innovation, and enhances dental education, research, and patient care.

Mission:

To empower dental professionals with cutting-edge knowledge and hands-on experience in digital tools, promote interdisciplinary collaboration, and pioneer advancements in oral healthcare.

Objectives:

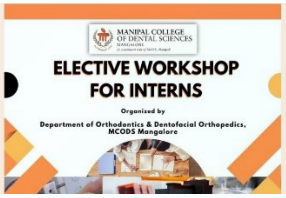
- Educate dental professionals on diverse digital dentistry techniques, emphasizing their practical applications, patient benefits, and sustainability in practice.
- Develop a structured curriculum incorporating cutting-edge technologies like three-dimensional (3D) imaging, intraoral and facial scanners, CAD/CAM, 3D printing, and AI-driven treatment planning.
- Facilitate collaborative research to drive innovation, produce impactful publications, and foster partnerships between academia and industry for national and international funding.
- Enhance patient care by utilizing digital treatment planning and simulations, facilitating interdisciplinary collaboration for comprehensive and efficient treatment solutions.

Activities at the Centre:

- 3D printer (SoL Ackuretta) demonstration completed for faculty, PGs, and technicians on 08 July 2024, in collaboration with the Department of Prosthodontics.
- Facial scanner (MetiSmile Shining 3D) demonstration completed for faculty, PGs, and technicians on 09 July 2024 in collaboration with the Department of Prosthodontics.

  (SDG 9: Industry, Innovation, and Infrastructure).

- Intra-oral scanning of patients initiated.
- Aligner orthodontic treatment was initiated in collaboration with the Department of Orthodontics. (SDG 3: Good Health and Wellbeing)
- A capsule workshop for interns on the interpretation of CBCT was held in collaboration with the Department of Oral Medicine and Radiology. (SDG 4: Quality Education)
- External advisor - Dr Hemant Mathur was the course faculty for the certificate course in cone-beam computed tomography, held between 11 to 14 September 2024. (SDG 4: Quality Education)
- An elective workshop for interns on 3D printing in orthodontics was held in collaboration with the Department of Orthodontics. (SDG 4: Quality Education).



Research Activities:

External Advisor and International Adjunct Faculty, Dr Sumit Yadav (UNMC, USA), delivered an insightful talk on his research projects. He also interacted with the faculty members and postgraduate students of the Department of Orthodontics, discussing possibilities for collaborative research on topics of mutual interest. (SDG 4: Quality Education).

About Institution/School:

Manipal College of Pharmaceutical Sciences between 1963 and 2024. Founded by Dr TMA Pai in 1963 in a modest premise, the institute was christened as the College of Pharmacy. For more than two decades, the institute functioned as a satellite of Kasturba Medical College, Manipal. It was originally affiliated with the University of Mysore between 1963 and 1979. Subsequently, the institute came under Mangalore University, which was founded in 1980. The affiliation of the College of Pharmacy with Mangalore University lasted till 1984. After moving to the new premises in December 1981, the college became independent in 1985 and was renamed as the College of Pharmaceutical Sciences (COPS). For a decade (between 1985 and 1995), the college continued its affiliation with Mangalore University. In Karnataka state, Rajiv Gandhi University of Health Sciences (RGUHS) was established in 1996 with a view to consolidating all the institutions of health sciences under one umbrella. Accordingly, COPS was transferred to RGUHS for all academic regulations between 1996 and 1999. In the year 2000, COPS became a constituent unit of MAHE, a Deemed University, and was rechristened as Manipal College of Pharmaceutical Sciences (MCOPS) – a Trail-Blazer of Pharmaceutical Education and Research. MCOPS has come a long way since 1963. The first program introduced was DPharm in 1963 and subsequently BPharm in 1965. Two Masters' Programs that commenced in 1970 were Pharmaceutical Chemistry and Pharmaceutical Administration. While MCOPS was the first in the state of Karnataka, it was second in the south to offer MPharm programs for the aspirants in 1970. However, MCOPS was the first in the country to design and offer MPharm Pharmacy Administration

in 1970. Later, all other specializations were added systematically. Today, MCOPS offers the highest number (10) of masters' specializations. Since the beginning of the establishment of the Pharmacy Education in India, the country was trailing behind the developed countries in offering education in the Practice of Pharmacy, in terms of pharmaceutical care in hospitals and the community. To overcome this lacuna and to travel with the developments in Pharmacy Practice across the globe, the Pharmacy Council of India introduced a practice-orientated program, namely Doctor of Pharmacy (PharmD) and PharmD PB in 2008 in India. MCOPS was the first amongst a few colleges which seized this opportunity and launched the new program viz., PharmD in 2008. Since then, the PharmD programs of MCOPS have become very popular nationally and internationally. All these programs, which are offered at MCOPS have received the approvals and EOAs both from the AICTE and/PCI since the very beginning. The prestigious Doctoral Program, viz., PhD in Pharmaceutical Sciences was introduced at MCOPS in 1979. Since then, a large number of PhDs have rolled out from MCOPS in different disciplines of Pharmacy. MCOPS is often termed as the hub of research activities of MAHE. It has received significant financial assistance from AICTE, DST, DBT, UGC, ICMR and other funding agencies helping it modernize its laboratories and remove obsolescence

Institutional Activities/Curricular Activities

New Initiatives:

1	Centre for Animal Research, Ethics and Training (CARET)	Coordinator: Dr K Nandakumar; Date of Establishment: 2024; Aim: To provide a platform for academicians, researchers, regulators, and industry professionals to collaborate, lead, and drive the identification of innovative practices that ensure animal welfare and scientific integrity. Their expertise and dedication are not just important, but integral to driving high-quality research outcomes and achieving the objectives of the center.	16 October 2024 to 15 October 2026

All other activities in the department relating to the program/course :

Sl No	Activity	Particulars	Date(s)
Administration			
1	Design Thinking Bootcamp 2024	Manipal College of Dental Sciences and Manipal College of Pharmaceutical Sciences hosted a Design Thinking Bootcamp 2024 in collaboration with E-Cell, MIT, as part of the Manipal Entrepreneurship Summit 2024. The event was scheduled from 12 to 16 February 2024, and the event aimed to promote entrepreneurship among the youth. With the theme "Vision to Venture,"	16 to 17 February 2024
2	Hair Donation Drive for Cancer Day Celebration	As part of the Cancer Day celebration, a Hair Donation Drive was organized by the Development Committee (CDC) and National Service Scheme (NSS) of MCOPS. The drive aimed to support cancer patients undergoing chemotherapy by providing them with wigs made from donated hair. The Cherian Foundation, a charitable trust known for its social work and hair donation drives, collaborated with us for this initiative. The Drive was inaugurated on 16 February 2024, at the PGR Hall, MCOPS. Dr Vasudeva Bhat K, Associate Professor and Incharge Head of the Division of Pediatric Hematology and Oncology at Kasturba Medical College, Manipal, graced the occasion with his presence. Following the	24 February 2024

Sl No	Activity	Particulars	Date(s)
		inauguration, the collection of hair donations took place on 17 February 2024, at the PGR Hall. A total of 16 participants generously donated hair with a length exceeding 10 inches. The primary objective of the drive was to collect hair donations to be utilized in making wigs for pediatric cancer patients at Kasturba Hospital, Manipal. The donated hair was collected and sent to The Cherian Foundation. They will utilize the hair donations to prepare wigs for pediatric cancer patients at Kasturba Hospital, Manipal. Conclusion: The Hair Donation Drive was a meaningful initiative that aimed to provide support and hope to pediatric cancer patients. By donating their hair, the participants contributed to making a positive impact on the lives of those undergoing cancer treatment.	
3	MCOPS Diamond Jubilee Commemoration Lecture	The Manipal IPCs funded MCOPS Diamond Jubilee Commemoration Lecture was a distinguished event that celebrated 60 years of excellence at the MCOPS Under the theme "Practicing Bench Side Chemistry: Success and Failures," the lecture was delivered by Dr MNA Rao, Consultant at Divis Laboratories, Hyderabad. This annual tradition evolved from its inception as the 42nd IPC Commemoration Lecture and was later renamed to mark the institution's golden and diamond jubilees. The program began with a melodious invocation by Tanusha from 1st BPharm and included a warm welcome by Dr C Mallikarjuna Rao, Principal, MCOPS, who also provided an overview of the event's significance.	24 February 2024
4	61st Awards and Annual Day	The 61st Awards and Annual Day Celebration of the MCOPS . The event commenced with an invocation dance by Keertana Rajeev, I PharmD student, which set a spiritual and auspicious tone for the evening. Principal Dr C Mallikarjuna Rao welcomed the dignitaries, students, faculty, and other attendees with an inspiring address, emphasizing the college's legacy of six decades of excellence in pharmaceutical education and research. Distinguished guests included Chief Guest Dr MNA Rao, Consultant at Divis Laboratories, Hyderabad, along with Pro Vice Chancellors of MAHE, Dr Sharath Rao and Dr Niti Nipun Sharma, who added stature to the occasion.	24 February 2024
5	ENTERPRIZE AND INNOVATE 24	"ENTERPRIZE AND INNOVATE 24", an entrepreneurship and innovation fest was conducted at MCOPS, MAHE, Manipal, under the aegis Innovation and Entrepreneurship Committee, MAPS, MCOPS, MAHE. The occasion was graced by the eminent presence of Dr Manesh Thomas, CEO, Manipal-GoK Bioincubator, Mohammad Zuber, Chief Innovation Officer, MIT, MAHE, and Dr Srinivas Mutalik, Principal, MCOPS. Their presence added prestige to the event. Around 90 students registered for the event across various institutions of MAHE. The various events conducted under the umbrella of Enter-Prize and Innovate '24 were PITCHERS, AD-WIT, CORPORATE CONUNDRUM, QUIZ-	16 and 17 March 2024

10	World Pharmacists Day 2024	MCOPS celebrated World Pharmacists Day (WPD) 2024, in a grand style at Prof P Gundu Rao Conference Hall, MCOPS. The event was jointly organized by the Indian Pharmaceutical Association (IPA) Manipal Branch, MCOPS and Pharmacy Literacy Club (PLC), Centre for Public Health Pharmacy, MCOPS. The event commenced at 10:00 AM with a welcome address by our esteemed principal, Dr Srinivas Mutalik. Dr D Sreedhar, Secretary of IPA-Manipal branch, delivered an overview of the program. The Chief Guest Mr Pramod Hegde, CMD, Medorganics India Pvt. Ltd, Mangalore delivered the keynote address on this year's theme, "Pharmacists: Meeting Global Health Needs". Mr Shankar Naik, Deputy Drugs Controller, Udupi, who participated as the Guest of Honour, delivered an encouraging message to the budding pharmacists. The dignitaries who made a significant contribution to the pharmacy profession - Mr Pramod Hegde (CMD, Medorganics India Pvt. Ltd, Mangalore), Mr Shankar Naik (Deputy Drugs Controller, Udupi), Mr T Premchand Pai (Pharmacist, Manipal Drug House, Manipal), Mr Jose A J (Chief Pharmacist, Kasturba Hospital, KMC, Manipal), Mr Ramesh Nayak (President, Chemists and Druggists Association, Udupi), and Mr Sundar Poojary (MD, Janaushadhi Kendra, Brahmavara) - were felicitated during this program.	25 September 2024
11	Constitution Day 	Constitution Day, also known as Samvidhan Divas, the students of MCOPS gathered to honour the foundational principles of India's democracy. This day holds special significance as it marks the adoption of the Constitution of India in 1949. Following the reading of The Preamble, a pledge was taken, wherein students vowed to contribute towards the betterment of the nation and uphold the spirit of the Constitution in their personal and professional lives. The event served as a reminder of the shared responsibilities and rights as citizens of the country. Faculty members emphasized the significance of understanding the Constitution not merely as a legal document but as a guiding framework for a progressive and inclusive society. The observance of Constitution Day at MCOPS reflected the institution's commitment to fostering a sense of national pride and civic responsibility among its students.	26 November 2024
12	Bharatiya Bhasha Diwas	The students and staffs of MCOPS celebrated Bharatiya Bhasha Utsav, a day dedicated to cherishing the soul of	11 December 2024

Sl No	Activity	Particulars	Date(s)
		India: Its Languages. This vibrant event reminded the profound role of mother tongues play in shaping identities, fostering cultural unity, and preserving our heritage. Students and faculty came together to express this through captivating performances, graceful dances, soulful songs, and heartfelt poetry, each in their native languages. Every act was a story, a melody, a dance of tradition and pride. The celebration wasn't just an event; it was an experience, a colourful canvas painted with the diversity of India's linguistic heritage. It inspired everyone to reconnect with their roots and recognize the beauty of mother tongues. Bharatiya Bhasha Diwas at MCOPS truly celebrated the power of language in uniting hearts and cultures.	
Pharmaceutics			
1	Upskilling Program (USP- I) on Scientific Computing and Visualization 	The Certificate Course in Scientific Computing and Visualization, hosted by the Centre for Pharmaceutical Skill Development at MCOPS, held at MCOPS. The workshop provided participants with hands-on experience in molecular docking and essential scientific computing techniques for modern drug discovery. Led by expert speakers, including Dr Neha Sureshchandra Gandhi, Professor, Department of Computer Science and Engineering, Manipal Institute of Technology and Mr P Sandeep Mallya, Senior Grade Lecturer, Department of Bioinformatics, School of Life Sciences, MAHE, attendees gained insights into protein structure validation, 3D structure rendering, and working with various file formats. The participation of over 32 students from diverse educational institutions attended the session.	16 and 17 March 2024
2	3rd National Manipal Pharmaceutics Conference (MPCON) 2024 	3rd Manipal Pharmaceutics Conference (MPCON) 2024 was organized by the Department of Pharmaceutics, MCOPS, MAHE at Manipal. MPCON 2024 brought together leading experts, researchers, and practitioners in the field of pharmaceuticals at the MCOPS campus, MAHE. The conference, titled "Trending Novel Technologies in Pharmaceuticals" provided a comprehensive overview of the latest advancements in shaping the industry. Around 200 delegates, including pharmacy students, teachers, and industry delegates from various reputed pharmacy institutions across India, and industry representatives, participated in this national conference	29 to 31 August 2024
3	1st International Conference on cGMP 'ICONcGMP 2024'	The inaugural session of ICONcGMP 2024 commenced by invoking the Almighty's blessing and a floral tribute to the Founder and architect of MAHE, Dr TMA Pai. Dr Montukumar M Patel, President, Pharmacy Council of India, New Delhi, was the chief guest for the inaugural function of ICONcGMP 2024. Dr Patel emphasized the need to overhaul the pharmacy curriculum as per the National Education Policy 2020, Ministry of Education, Government of India, and exhorted academicians and industry personnel to provide their valuable inputs for	09 October 2024

4	Dr Neha S Gandhi	Department of Computer Sciences and Engineering, MIT	Dr Neha S Gandhi on "Computational Insights into Biomacromolecules and their Molecular Recognition". Manipal-Schrödinger Center for Molecular Simulation, MCOPS, MAHE, Manipal has organized a research lecture and interaction session by Dr Neha S Gandhi, Professor, Department of Computer Sciences and Engineering, MIT, MAHE, Manipal at MCOPS.	13 July 2024
Pharmaceutics				
1	Dr Krishna Iyer	Bombay College of Pharmacy, Mumbai	Dr Krishna Iyer, Professor, Bombay College of Pharmacy, Mumbai, delivered a guest lecture on the topic "Pharmacokinetics and Enzyme kinetics" in Room No. 27, Department of Pharmaceutics, MCOPS. The Guest Lecture was organized by the Department of Pharmaceutics, MCOPS, MAHE, Manipal. Dr Krishna Iyer shared his views on the basics of pharmacokinetics and explained the importance of enzyme kinetics in the development of drug delivery systems. He also stressed the need for academic excellence for the students to understand the basics of any concepts in pharmaceutical sciences.	03 February 2024
2	Mr Mahendra Joshi	IDRS Labs Pvt Ltd, Bengaluru	Mr Mahendra Joshi, Co-founder and Director, IDRS Labs Pvt Ltd, Bengaluru, delivered a lecture on "cGMP and Compliance in New Product Development". The session was attended by UG, PG students, and Research Scholars of MCOPS and Department of Nuclear Medicine, MCHP, Manipal.	04 March 2024
3	Dr Praful Deshpande	Teva Pharmaceuticals, Ireland	The Department of Pharmaceutics, MCOPS, had the privilege of hosting a guest talk titled "Crafting Your Career: Advocating Towards Industry Readiness" delivered by Dr Praful Deshpande, PhD, Senior Lead Scientist - Inhalation Research, Product Development at Teva Pharmaceuticals, Ireland	08 March 2024
4	Dr V Kalaiselvan	Indian Pharmacopoeia Commission	Dr V Kalaiselvan, Senior Principal Scientific Officer at the Indian Pharmacopoeia Commission, Ministry of Health and Family Welfare, Government of India, delivered a guest talk on "Regulatory aspects of patient	08 March 2024

			safety: Role of Indian Pharmacopoeia Commission".	
5	Ms Bisruta Chowdhury	Royal Institute of Technology, Stockholm, Sweden	The Department of Pharmaceutics hosted a guest talk titled "Pharmaceutical Research Ecosystem and Career in Europe: Dream to Aspire" delivered by Ms Bisruta Chowdhury, Research Engineer at KTH (Kungliga Tekniska högskolan) Royal Institute of Technology, Stockholm, Sweden.	13 March 2024
6	Prof Dimitrios Lamprou	Queen's University Belfast School of Pharmacy	Prof Dimitrios Lamprou from Queen's University Belfast School of Pharmacy and who also serves as the Chair at the United Kingdom and Ireland Controlled Release Society (UKICRS), delivered a guest lecture on "Innovative Technologies in Drug Delivery".	17 September 2024
Pharmacognosy				
1	Mr Mangesh Karanje	Consultant Entrepreneur and Business Developer, Mumbai	Mr Mangesh Karanje, Alumnus of MCOPS (MPharm Pharmaceutical Administration: 2016-2018 Batch) Consultant Entrepreneur and Business Developer, Mumbai, delivered a guest talk on My Entrepreneurship Journey. The talk was organized by the Department of Pharmacognosy jointly with alumni relations and the Innovation and Entrepreneurship Committee, MCOPS, virtually.	14 November 2024
2	Dr Anujith Sekhar	Regulatory Writer-Oncology, Ex-Eli Lilly	Dr Anujith Sekhar, Regulatory Writer-Oncology, Ex-Eli Lilly, delivered a guest talk on "Insights into Regulatory Writing in Pharma" at Department of Pharmacy Practice, MCOPS Manipal. He is an alumnus of MCOPS (PharmD Batch 2016 to 2022). During the talk, Dr Sekhar said, "Regulatory writer career is very challenging, but very passionate job profile in the pharma industry, especially if you work in a multinational company"	22 November 2024
Pharmacology				
1	Dr Devinder Arora	Griffith University, Gold Coast Campus, Australia	Dr Devinder Arora, Senior Lecturer, Griffith University, Gold Coast Campus, Australia, visited MCOPS during 10 to 17 February 2024. On 15 February 2024 afternoon, he delivered a guest lecture titled "Raising Awareness about Substandard and Predatory Publishing in Science". 50 participants including UG, PG, Research Scholars, and staff	10 February 2024

			members were present for the guest lecture.	
2	Dr Vinod Tiwari	Indian Institute of Technology (Banaras Hindu University), Varanasi, Uttar Pradesh	Dr Vinod Tiwari, Associate Professor of Pharmacology, Department of Pharmaceutical Engineering and Technology, Indian Institute of Technology (Banaras Hindu University), Varanasi, Uttar Pradesh visited MCOPS, Manipal during March 14 – 17, 2024. Guest lecture titled "Peripheral G-Protein Coupled Receptors: A Potential Target for the Treatment of Neuropathic Pain", was delivered by Dr Vinod where 80 participants including UG, PG, Research Scholars and staff members were present. In his lecture he emphasized the therapeutic value of peripheral mu-opioid receptors for neuropathic pain treatment.	14 March 2024
Pharmacy Management				
1	Mr Vijaykumar Shivpuje	Patlex Business Solutions, Mumbai	Mr Vijaykumar Shivpuje, Director, Patlex Business Solutions, Mumbai, delivered lecture on "Career opportunities in IPR for Pharma students". He has over 15 years of experience in IPR and has his own firm which provides services in IPR.	15 February 2024
2	Ms Aishwarya Surampuri	Global Regulatory Center (GRC), GSK	Ms Aishwarya Surampuri on Global Labelling: Scope and Applications. The session emphasized on comparison between regulatory labelling frameworks in the European Union and the United States, elucidating directives, product information templates, and differences between Summary of Product Characteristics (SmPC) and Package Leaflet within the EU. In the US, regulations, and guidance, including Prescribing Information and the Physician Labelling Rule 2006, were discussed.	09 Mar 2024
3	Mr Sameer Burande	CEO of Institute of Pharmaceutical Education and Research	The "Attitude to Altitude" talk was delivered by Mr Sameer Burande, CEO of Institute of Pharmaceutical Education and Research was an inspiring session focused on cultivating a growth-oriented mindset to achieve success.	05 November 2024
4	Dr Raghavendra Shetty	ECRON ACUNOVA Ltd, Manipal	The guest lecture followed by the visit to ECRON ACUNOVA Ltd, Manipal provided a detailed overview of its operations, with a primary focus on bioavailability (BA) and bioequivalence (BE) studies. Dr Raghavendra Shetty,	11 November 2024

7	System and Method for Automated Disproportionality Analysis of Faers Data	01 July 2024
8	Method and Composition for Development of Pi3K/Mtor Inhibitors Against Ovarian Cancer	03 July 2024
9	Method and Composition of Mucoadhesive Grdds System for the Treatment of Helicobacter Pylori Infection	06 July 2024
10	System and Method for Monitoring Metabolic Parameters of a User	08 July 2024
11	Cilnidipine Loaded Nanosuspension in Oro-Mucosal Film and Preparation Method Thereof	08 July 2024
12	A Mucoadhesive Multi-Layered Nanofiber-Based Drug Delivery System and Method of Synthesis Thereof	09 July 2024
13	Composition for design and development of KRAS G120 inhibitors against pancreatic cancer	16 July 2024
14	A Method for Development and Evaluation of Nanotheranostic Platform for Breast Cancer Management	19 July 2024
15	A Method for Targeting Neuroinflammation Linked Depression by Putative Role of Cannabinoid Receptor-2 Agonist	23 July 2024
16	Mucoadhesive Patch Device with Microneedles for Antibacterial Therapy in Oral Ulcer Management	08 August 2024
17	Mucoadhesive Patch Device with Microneedles for Steroid Therapy in Oral Ulcer Management	08 August 2024
18	Nanoparticulate Drug Delivery System Loaded with Fluoroquinolone Antibiotics, and a Method of Preparation Thereof	12 August 2024
19	Mannosylated Liposomes Loaded with Immunomodulators for Colorectal Cancer and a Method of Preparation Thereof	12 August 2024
20	Therapeutic Microneedle Array and Method Thereof	13 August 2024
21	Creation of Gelma nanoparticles	17 August 2024
22	Analytical and Bioanalytical Method for Quantifying Curcumin and Naringin in Pharmaceutical Formulations and Plasma Samples	25 August 2024
23	Method for Investigating Neuropathological Mechanisms and Therapeutic Targets of Post-Traumatic Stress Disorder (PTSD)	29 August 2024
24	A Method for Establishing Neuroprotective Effects of Cb2 Agonists in LPS and Cums Neuroinflammation Models	02 September 2024
25	A Method for Evaluating Phytoconstituent Loaded Milk Extracellular Vesicles	06 September 2024
26	Method and Composition for Posaconazole Loaded Self Nano-Emulsification System	22 September 2024
27	Binary or Ternary Amorphous System with Plausible Improvement in Solubility and Bioavailability of Atazanavir	22 September 2024
28	Method For Enhancing the Stability of Sodium Dithionite for Paraquat Dichloride Detection	26 September 2024
29	A method for fabricating and evaluating sustained-release inhalation formulation of salmeterol xinafoate for COPD treatment	01 October 2024

Sl No	Name	Date
30	A Method for Quantification of Lenalidomide in Mesoporous Silica Nanoparticles using Central Composite Design	05 October 2024
31	Development and Evaluation of Self Emulsifying Drug Delivery System for the Treatment of Prostate Cancer	11 October 2024
32	Preclinical Evaluation of Nk1R and NLRP3 Inhibitors in the Treatment of Diabetes Induced Neuropathy	13 October 2024
33	Co Administration of Urease Inhibitor and Mucolytic with Current Treatment Regimen for Eradication of Helicobacter Pylori	17 October 2024
34	Nanoparticulate Drug Delivery System Loaded with Fluoroquinolone Antibiotics and a Method of Preparation Thereof	18 October 2024
35	Chitosan-Coated Liposomes Entrapped with Antibiotic Formulation and Method of Preparation Thereof	18 October 2024
36	A Method for Quantification of Erastin-Loaded Mesoporous Silica Nanoparticles using RP-HPLC Method	25 October 2024
37	A Method for Quantification of Erastin and Lenalidomide-Loaded Nanoparticles using RP-HPLC Method	25 October 2024
38	A Formulation of In Situ Nano Emulgel for Treatment and Management of Congestive Failure	25 October 2024
39	System and Method for Prediction of Diseases	26 November 2024
40	Herbal, Multipurpose Compositions for the Prevention of Contact-Lens-Associated Microbial Keratitis and Method of Preparation	26 November 2024
41	Pharmaceutical Composition for Chemotherapy-Induced Cognitive Impairment (CICI) in a Breast Cancer Patient	28 November 2024
42	A Nano Lipid Carrier Based Drug Delivery System, Method of Preparation and Use Thereof	11 December 2024
43	A Pharmaceutical Formulation for the Prevention of Diabetes Related Complications	14 December 2024

		Pharmacy" organized by the Pharmacy Council of India on 01 and 02 October 2024 in Hyderabad.	
Pharmaceutics			
1	Dr Usha Y Nayak	Dr Usha Y Nayak, Professor, Department of Pharmaceutics, MCOPS, MAHE, Manipal, received the Best Presentation Award at the 2nd International Conference on Advances in Materials Science and Technology (ICAMST – 2024), held at M S Ramaiah University of Applied Sciences, Bengaluru.	29 July 2024
2	Dr Anup Naha	Dr Anup Naha received the ANEXAS GLOBAL EXCELLENCE Award from Anexas Europe for his contributions towards global excellence by providing leadership in Education and Research.	30 July 2024
3	Dr Girish Pai K	Dr Girish Pai K, Faculty at Department of Pharmaceutics and Coordinator, Centre for cGMP was invited as an expert by Education Regulation Committee (ERC), Pharmacy Council of India (PCI) for a two-day workshop on NEP 2020 organized by PCI, New Delhi. The meeting and workshop were chaired by Dr Montu M Patel, President, PCI, Prof (Dr) Atul Nasa, PVC- SGT University and EC member, and Dr Deependra Singh, Chairman, ERC. About 40 experts from Industry and Academia were invited for this workshop. Dr Pai received the invite based on his contributions to the pharmaceutical industry and the cGMP area. Dr Pai presented on the industry-relevant contents/topics to be incorporated in the NEP 2020 and suggested a way forward in shaping the future pharmacists of our country. PCI officials and industry experts were present during the presentation. Dr Pai presented a copy of Pharmaceutical Consumer Complaints: A Guide to Academia and Pharmaceutical Industry to Dr Deependra Singh. The entire logistics for this event were sponsored by the Pharmacy Council of India, New Delhi.	02 September 2024
4	Dr Usha Y Nayak	Dr Usha Y Nayak, Professor, Department of Pharmaceutics, MCOPS, Manipal, was felicitated by the Indian Council of Social Science Research (ICSSR), Union Ministry of Education, New Delhi, and Springer Nature during India Research Tour 2024 at MAHE, Manipal. Dr Nayak was identified as one of the top five women researchers of MAHE, Manipal.	07 October 2024
6	Dr Srinivas Mutalik	Dr Srinivas Mutalik, Principal, MCOPS, received 3 awards (Research Excellence: Publications; Research Excellence: Patents; Research Excellence: Overall Researchers) in the prestigious MAHE Research Awards 2024. These awards were given away in the MAHE Research Awards Ceremony. Being an optimistic leader and an accomplished researcher.	11 November 2024
7	Dr Girish Pai	Dr Girish Pai received prestigious INDIA PHARMA AWARDS 2024 Centre for cGMP received the invitation from Ernst and Young LLP to present the concept of conceptualizing “MANIPAL cGMP MUSEUM” in person at New Delhi. EY was appointed as the PROCESS	25 November 2024

8	Dr Srinivas Mutalik	Dr Srinivas Mutalik received Dr TMA Pai Gold Medal for Outstanding Research Publication (Co-author in Influence of different LED wavelengths on retinal melatonin levels - A rodent study) as Co-author with MCHP faculty during MCHP Annual Day 2025	31 December 2024
9	Namdev Dhas, Jayvadan K Patel, Yashwant V, Pathak Editors	The book "Advanced Targeting Towards Lymphatic System" was published in Springer Nature, is edited by Dr Namdev Dhas, Dr Jayvadan Patel, and Dr Yashwant Pathak. This book goes in depth about the lymphatic system and the functions of the lymphatic organs, lymphatic tissues, and lymphatic vessels. The book addresses various types of diseases in which the lymphatic system can act as a targeting site for drug absorption and suggests strategies to treat these different infections of the lymphatic system. This book is intended for academicians who work in fields related to the lymphatic system, novel drug delivery systems, pharmaceutical science, novel-material sciences, as well as professionals in the medical, nursing, or other healthcare industries. In brief, the book brings 22 chapters with an overview of the lymphatic system, its challenges and opportunities in the form of the development of targeted delivery of various Nano platforms and their related strategies for treatment of various diseases along with their toxicological and regulatory aspects which might draw their attention to industrial applicability and commercialization.	31 December 2024
10	Dr Srinivas Hebbar	Dr Srinivas Hebbar, Assistant Professor Selection Grade, Department of Pharmaceutics, MCOPS, has been elected as the Vice President of the Society for Pharmaceutical Education and Research (SPER) Karnataka branch for the year 2024-2026. The Society SPER is a prominent organization dedicated to advancing pharmaceutical sciences. Focused on education, innovation, and research, SPER serves as a platform for professionals, scholars, and students to collaborate and exchange knowledge. Through conferences, seminars, and publications, SPER promotes innovation, disseminates research, and fosters excellence in pharmaceutical education. The SPER serves pharmaceutical professionals with a member base of around 3,750, spread across the country with 13 state branches and 126 events organized so far.	31 December 2024

Centre for Drug Delivery Technologies

Address: Department of Pharmaceutics, Manipal College of Pharmaceutical Sciences (MCOPS), MAHE, Manipal
Phone Number: +91 82029 22482
Coordinator Email: ss.mutalik@manipal.edu

Year of Establishment of the Centre: December 2016

Name of the Coordinator: Dr Srinivas Mutalik

Members: Dr Sajan George, Dr Manjunath Joshi, Dr Guruprasad Kalthur, Dr Raviraja N S, Dr Usha Y Nayak, Dr Namdev Dhas, Dr Adarsh Kudva, Dr Mohammed Fayaz, Dr Sulatha Bhandari

Brief About the Centre:

Vision:
To create a unique platform for research and development activities in drug delivery science and technology.

Mission:
To establish a single stage for conducting research activities in drug delivery and add value to the ongoing research.

Objectives:
1. To identify researchers and infrastructure in drug delivery technologies and facilitate research in this area.
2. To approach industries for funding, projects, and instruments.
3. To add value to the ongoing research.
4. To provide a platform for discussion and training (workshops).

Activities at the Centre:
- Course work: Nanotechnology: Concepts to Experimentation
- Conducting workshops/seminars

Research Activities:
- Executing funded projects
- Publishing/presenting research findings
- PhD/MPharm projects

Research Publications:
1. Navti PD, Fernandes G, Soman, Nikam AN, Kulkarni S, Birangal SR, Dhas N, Shenoy GG, Rao V, Koteshwara KB, Mutalik S*. Centre for Drug Testing

Address: Department of Pharmaceutics, MCOPS, MAHE, Manipal
Phone Number: 0820-29-22482
Email (Centre): usha.nayak@manipal.edu
Coordinator: usha.nayak@manipal.edu

Year of Establishment of the Centre: 2016

Name of the Coordinator: Dr Usha Y Nayak, Professor and Vice Principal, MCOPS

Members:
Dr Gautham Shenoy G
Dr S G Vasantharaju
Dr P C Jagadish
Dr B S Muddukrishna
Dr Varadraj Bhat G

Brief About the Centre:

Vision:
To become the preferred drug testing centre by the researchers.

Mission:
To provide analytical services to stakeholders.

Objectives:
- To undertake drug analysis and development for academic and research purposes.
- To provide consultancy services to academia and industries.
- To conduct skill development and training programs

Activities at the Centre:
Non-regulated drug analysis for academic/research purposes was conducted. The samples were largely used for various activities such as particle size analysis, differential scanning calorimetry, Fourier transform infrared spectroscopy, liquid chromatography-mass spectrometry, and cytotoxicity studies. An income of 1,22,521.18 INR was generated in 2023-24.

Research Activities:

Grant proposals were submitted to ICMR, New Delhi, and BIRAC, New Delhi.

Any SDG-related Activities:
The drug analysis of the samples aligns with SDG 9: Industry, Innovation, and Infrastructure.

Centre for Toxicovigilance and Drug Safety

Address: Department of Pharmacy Practice, MCOPS, Manipal
Phone Number: 9880151127
Email (Centre): centre.toxvig@manipal.edu **Coordinator:** girish.thunga@manipal.edu

Year of Establishment of the Centre: 2016
Name of the Coordinator: Dr Girish Thunga

Brief About the Centre:

The Centre for Toxicovigilance and Drug Safety is dedicated to multidisciplinary research, with a particular focus on toxicovigilance and drug safety. The Centre bridges the gap between industry and academia by developing specialized skill-based programs and organizing workshops. It practices evidence-based medicine and provides training in evidence synthesis to students. Recognized by the Indian Council of Medical Research (ICMR) as a Technical Resource Centre for evidence synthesis, the Center also supports institutions and scientific/professional bodies/associations under the title 'Enhancing the competency in Systematic Review and Meta-Analysis for Biomedical Research in India: A Capacity Building Program' and in developing online material for students.

The Centre is engaged in numerous collaborative projects with various industries, has secured multiple mobility grants, and has established an international student chapter known as ISPE. It has also made significant contributions in patents, publications, and securing grants. Moreover, the Centre emphasizes healthcare integration within the community, with a focus on addressing occupational hazards and safety concerns. It maintains collaborations with multiple departments and both Indian and international universities, and has established over six academic partnerships with industry experts contributing to its work.

Vision: Excellence in Pharmaceutical Education and Research
Mission: To advance with evolving scientific and technological innovations, equipping future pharmaceutical professionals with contemporary knowledge, research capabilities, and ethical values to meet global healthcare challenges.

Objectives:

- To offer certificate programmes for professionals in the areas of GCP, GMP, toxicovigilance and drug safety
- To enhance industry-academic collaboration to generate funds for relevant projects
- To offer doctoral programmes for professionals in the pharmaceutical industry
- To develop a Poison Information Service (PIS) and offer its services to industry and academics
- To organize conferences, workshops, seminars, and related events in the areas of GCP, GMP, toxicovigilance, and drug safety

Activities at the Centre:

- Application-Based Learning through an Evidence-Based Approach: Antimicrobial Stewardship as a Model, held on 22 January 2024.
- Certificate Course on "Meta-Analysis and Meta-Synthesis" (2nd Batch), held from 14 to 17 February 2024.
- International Student Exchange Program facilitated by the DACKEP Mobility Grant, fostering academic cooperation between the University of Sydney, Australia, and MAHE, India – for a two-week duration (19 February to 1 March 2024)
- "MISS 2024": Summer School Program on "The Indian Toxicological Scenario: From Theory to Practice" held from 15 July to 26 July 2024
- Organized a series of awareness sessions to educate farmers on the safe use of pesticides. The first session was held in Melur, Periyapatna Taluk (Mysore district) on 30 September 2024, and the second session at Keladi Shivappa Nayaka University of Agricultural and Horticultural Sciences, Shimoga (KSNUAHS) on 8 October 2024.
- Conducted a street play titled "Tambaku Ko Bye, Zindagi Ko Hi-Fi," on 16 September 2024.
- Participated in the Krishi_Mela, hosted by Keladi Shivappa Nayaka University of Agricultural and Horticultural Sciences (KSNUAHS), Shimoga, held from 18 to 21 October 2024. The stall focused on pesticide safety education, highlighting the health and environmental risks of improper pesticide handling.
- A four-day training program on "Evidence Synthesis Through GRADE," was conducted from 21 to 24 October 2024 for Pharm D and M Pharm students from Manipal College of Pharmaceutical Sciences (MCOPS).
- A technical talk by Dr Manjunath S on "Single-Cell Omics and Next-Generation Sequencing: Innovations in Cancer Research and Toxicology" and
  "Point of Care Diagnostics: Best Practices for Developing Effective Diagnostic Kits" was held on 23 October 2024.
- Participated in and hosted a stall at the Research Day Science Expo, held on 13 and 14 November 2024.
- ICMR-DHR-SARANSH funded five-day workshop on "Systematic Review and Meta-Analysis" conducted from 18 to 22 November 2024.
- Med Mystery, a clinical case study contest, organized for 5th and 6th year Pharm D students, was held on 14 and 15 December 2024

Research Activities:

- **PhD Awardees (2 students):**
  Pooja Gopal Poojari
  Mohammed Rashid PP

- **Filed Patents:**

1. System and method for monitoring metabolic parameters of a user
2. Python language processed automated disproportionality analysis system for FAERS database
3. Method for enhancing the stability of sodium dithionate for paraquat dichloride detection
4. System and method for prediction of diseases
5. Artificial intelligence-based system and method for optimizing antivenom dosage

Research Publications:

1. Evaluation of treatment outcomes and risk factors of clinical non-improvement in patients with Paraquat poisoning: a 10-year retrospective study
2. Consumers' and practitioners' perspectives on the antipsychotic induced metabolic syndrome and challenges in metabolic monitoring to patient prescribed second generation antipsychotics in severe mental illness
3. Role of C5aR2 in Prognosis of Patients with Acute Respiratory Distress Syndrome through negative modulation of C5a: A Prospective Observational Study
4. The impact of the Metabolic Monitoring Offline Tool on psychiatric care: Findings from a Cluster RCT
5. Efficacy of corticosteroids in COVID-19: An evidence-based approach from the published randomized controlled trials
6. Impact of Home Medicines Review on medication regimen complexity
7. Prevalence and Predictors of Adverse Events Associated With Dipeptidyl Peptidase-4 (DPP-4) Inhibitors in Type 2 Diabetic Patients: A Cross-sectional Study
8. Determinants of and Barriers to Diabetes Care among Patients with Serious Mental Illness: A Scoping Review with Recommendations
9. Development of a machine learning-based model for the prediction and progression of diabetic kidney disease: A single centred retrospective study
10. Development, validation, user testing of patient information leaflet to improve awareness of metabolic side effects in patients on atypical antipsychotics
11. Cost and cost-effectiveness of treatments for rheumatic heart disease in low-and middle-

income countries: A systematic review protocol

12. Effect of chronic kidney disease on adverse drug reactions to anti-tubercular treatment: a retrospective cohort study
13. Factors associated with dietary and exercise compliance among elderly with chronic conditions of hypertension and type 2 diabetes mellitus residing in rural areas of coastal Karnataka: A community-based cross-sectional study
14. Efficacy and Safety of Glycopyrrolate in the Management of Organophosphate and Carbamate Poisoning: A Systematic Review
15. Vaccine-associated paralytic poliomyelitis in oral polio vaccine recipients: disproportionality analysis using VAERS and systematic review.
16. Development of a multivariable prediction model to assess potential drug-drug interactions in chronic kidney disease patients
17. Clinical characteristics, management, outcome, and cost of stings and bites in patients admitted to a tertiary care teaching hospital

SDG-related activities: Education and Good health and Well-being

- ICMR-DHR-SARANSH funded workshop on "Systematic Review and Meta-Analysis" a five-day workshop held from 18 to 22 November 2024.
- Four-day training program on "Evidence Synthesis Through GRADE," conducted from 21 October to 24 October 2024 for Pharm D and M Pharm students from MCOPS.
- Organized a series of awareness sessions to educate farmers on the safe use of pesticides. First session was held in Melur, Periyapatna Taluk (Mysore district) on 30 September 2024 and second session was held at Keladi Shivappa Nayaka University of Agricultural and Horticultural Sciences, Shimoga (KSNUAHS) on 8 October 2024.
- Conducted a street play on the topic titled "Tambaku Ko Bye, Zindagi Ko Hi-Fi" on 16 September 2024
- Application-Based Learning through an Evidence-Based Approach: Antimicrobial Stewardship as a Model' held on 22 January 2024.
- Certificate Course on "Meta-Analysis and Meta-Synthesis" (2nd Batch) was held from 14 to 17 February 2024.

Awards and Recognition:

- Dr Harsimran Kaur, PhD scholar, received the DST-SERB grant to attend the 16th Asian Conference on Pharmacoepidemiology (ACPE-16) in Tokyo, Japan
- Research scholars, Ms Tejashree M U secured 2nd Rank and Dr Haritha K secured 5th Rank in the Pharmaceutical Category (Oral Presentation) for their exceptional research work at National Biomedical Research Competition-2024 (NBRCOM 2024), organized by the Society of Young Biomedical Scientists (SYBS) and hosted by AIIMS, New Delhi.
- Dr Girish Thunga was awarded Best Researcher of the Year-2024, instituted by Dr N Udupa

List of Ongoing Projects/ Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date	
1	NCP 2025 Mobility program	Griffith Global Mobility	Dr Girish Thunga	1300000	2025	
2	Evidence based guidelines on empirical use of antibiotics for Meningitis, Intra-abdominal infections, and Skin and soft tissues infections	ICMR-DHR	Dr Girish Thunga	500000	2024	2025
3	Technical Resource Centre under the Centre for Evidence for Guidelines	ICMR-DHR	Dr Girish Thunga	6000000	2024	2027

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date	
4	Support to Institutes for Training in Biomedical Research	ICMR-DHR	Dr Girish Thunga	7500000 2500000+10 lack for 5 yrs	2024	2029
5	Workshop on Systematic review and Meta-analysis	ICMR-SARANSH	Dr Girish Thunga	6,00,000	2023	2024
6	Prevalence of Sexually Transmitted Infections, their associated risk factors, and treatment behaviour among tribal population in India: A multicentric study	ICMR-EOI-Multicentric study	Dr. Girish Thunga	54,00,000	2024	2026
7	Optimizing antimicrobial treatment strategy for Carbapenem resistant Klebsiella pneumoniae bacteraemia	ICMR-Investigator initiated small extramural grants	Dr Girish Thunga	42,41,496	November 2023	November 2026
8	Design, development and clinical validation of a point of care diagnostic device for the rapid detection of paraquat poisoning in human serum in the hospital setting.	Science and Engineering Research Board	Dr Girish Thunga	18,40,177	January 2024	January 2027

SARANSH- Systematic Review and Meta Analysis Workshop

Manipal – Schrodinger Centre for Molecular Simulations

Address: II Floor, Room Number 231, MCOPS, Manipal

Phone Number: +91 82029 22793/152

Coordinator Email: varad.g@manipal.edu

Year of Establishment of Centre: **2018**

Name of the Coordinator: **Dr Varadaraj Bhat G**

Brief about the Centre:

Manipal-Schrodinger Center for Molecular Simulations, MCOPS, Manipal, utilizes cutting-edge software Schrödinger for molecular dynamics, quantum mechanics, and docking studies. The Center of Excellence has facilities in drug discovery, material design, and nanotechnology applications. The software helps simulate protein-ligand interactions to optimize drug design and identify novel bioactive compounds for pharmaceuticals. The center is equipped with high-performance computing clusters for large-scale simulations and offers interdisciplinary collaboration across chemistry, biology, physics, and materials science. It supports academic research with training and workshops, offering hands-on training in molecular modeling software and conducting specialized workshops for students and professionals.

Vision: Make MAHE a pioneer in the field of molecular simulations.

Mission: Uplift the research activities of students and faculty at MAHE.

Objectives:

* Enhance the number of publications and patents through the use of software.

* Discover new chemical entities for the treatment of selected diseases.

* Create a pool of experts in molecular simulations.

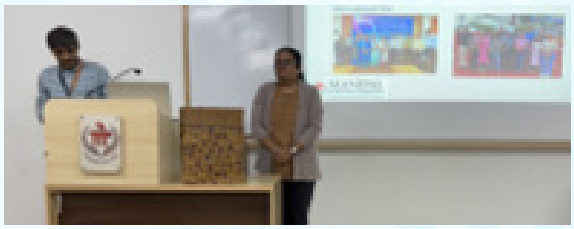
Activities at the Centre:

Conducting training programs for UG students, PG students, research scholars, and staff members of MAHE.

Research Activities: The Centre engages in a variety of activities related to computational chemistry, drug discovery, materials science, and molecular simulations.

Research Publication: Approximately 70 publications from MCOPS.

Photo Gallery



Centre for Digital Learning

Address: Manipal College of Pharmaceutical Sciences, MAHE, Manipal
Phone Number: 9844276576 (Coordinator)
Coordinator (Email): anoop.kishore@manipal.edu

Year of Establishment of the Centre: 2019
Name of the Coordinator: Dr Anoop Kishore, Associate Professor, Department of Pharmacology, MCOPS, Manipal
Members:

1. Dr Rekha Shenoy,
   Associate Professor, Department of Pharmacology, MCOPS, Manipal
   rekha.shenoy@manipal.edu
2. Dr Pawan G Nayak
   Assistant Professor, Department of Pharmacology, MCOPS, Manipal
   pawan.nayak@manipal.edu
3. Dr Nandakumar K
   Professor, Department of Pharmacology, MCOPS, Manipal
   nandakumar.k@manipal.edu

Brief About the Centre

- The centre is established with a grant from the **Vision Group on Science and Technology, Government of Karnataka** (20 Lakh)
- The centre offers **industry-oriented** online certificate courses like Introduction to Medical Writing.
- It also provides research-oriented course like Python Programming for Health Sciences.
- More than 320 candidates have undergone training in the last three years.

Vision: Excellence in digital learning and skill development

Mission: Coordinate digital learning across the constituent colleges of Manipal Academy of Higher Education (MAHE).

Objectives:

1. Establish facilities for multimedia content creation.
2. Create awareness programs among the faculty of constituent colleges of MAHE on the importance of online educational activities.
3. Train faculty to create quality educational materials.
4. Coordinate course content creation and review to assess suitability for certificate courses, and coordinate hosting of media content and courses online.

Activities at the Centre:

Certificate Courses Offered:

A. **Title:** Online Certificate Course on Introduction to Medical Writing
Mode: Online
Duration: 45 days
Number of Batches in 2024: 2
Number of Registered Candidates: 93
Fees Collected: INR 2,48,000/-

B. **Title:** Python Programming for Health Sciences
Mode: Offline
Duration: 45 days
Number of Batches in 2024: 1
Number of Registered Candidates: 21
Fees Collected: INR 84,000/-

C. **Title:** Soft Skills for Career Advancement [will be launched in 2025]
Mode: Online
Duration: 3 months
Number of batches in 2025: 1
Number of registered candidates: NA
Fees Collected: NA

Research Activities

Inter-institute collaborations, research publications

Research Publications: Two publications in 2024

1. Purushothama, D.S., Kishore, A. A computational analysis of the effectiveness of fast Fourier transform in denoising ECG signals. Global and Stochastic Analysis, 2024, 11(4), pp. 65–72

   [Scopus Q2, Discrete Mathematics and Combinatorics]

2. Purushothama, D.S., Kishore, A., Devasia, T., Nayak, P.G. An assessment of the orthogonal and biorthogonal discrete wavelet transform based denoising of biological signals – a study based on ECG. Global and Stochastic Analysis, 2024, 11(4), pp. 113–122

   [Scopus Q2, Discrete Mathematics and Combinatorics]

Any SDG-related Activities:

A. Quality Education

The certificate courses are designed to impart industry-oriented skills to the participants, enabling them to obtain placements as well as career advancements.

B. Good Health and Well-being

Currently, the courses offered are related to health sciences. These courses help the candidates work in fields that promote healthcare and patient care.

C. Industry, Innovation and Infrastructure

The certificate course in Python is an initiative to help candidates enter into the field of machine learning and artificial intelligence in the field of health sciences and to foster innovation in related areas.

List of Completed Grants

Received 20 Lakh from the **Vision Group on Science and Technology** (VGST), **Government of Karnataka**, to establish the Digital Learning Centre facility during 2019-2022, under the scheme Centres of Innovative Science and Engineering Education.

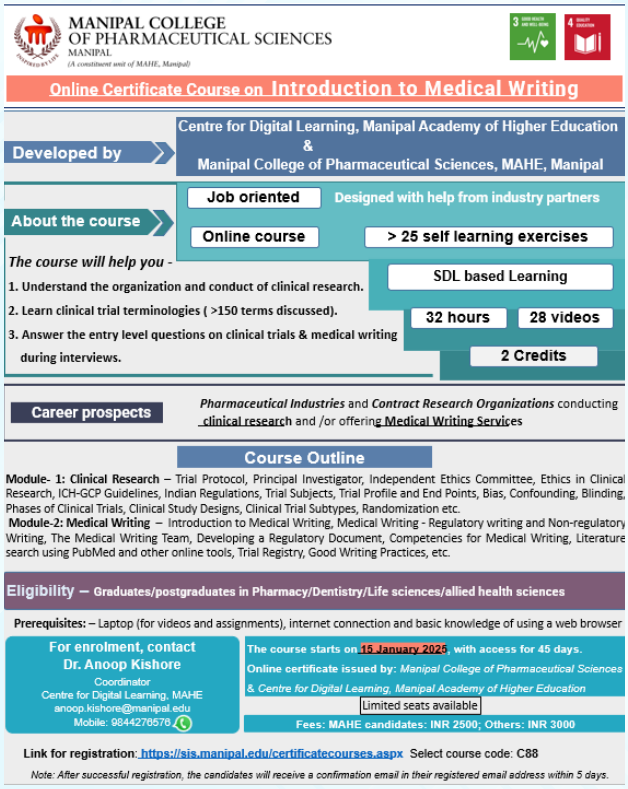
Recording Lectures for Certificate Course

Online Class Recording



MANIPAL COLLEGE OF PHARMACEUTICAL SCIENCES
MANIPAL
(A constituent unit of MAHE, Manipal)

Online Certificate Course on Introduction to Medical Writing

Developed by Centre for Digital Learning, Manipal Academy of Higher Education & Manipal College of Pharmaceutical Sciences, MAHE, Manipal

About the course

Job oriented | Designed with help from industry partners

Online course | > 25 self learning exercises

SDL based Learning

32 hours | 28 videos

2 Credits

The course will help you -

1. Understand the organization and conduct of clinical research.
2. Learn clinical trial terminologies (>150 terms discussed).
3. Answer the entry level questions on clinical trials & medical writing during interviews.

Career prospects — *Pharmaceutical Industries* and *Contract Research Organizations* conducting clinical research and /or offering Medical Writing Services

Course Outline

Module- 1: Clinical Research – Trial Protocol, Principal Investigator, Independent Ethics Committee, Ethics in Clinical Research, ICH-GCP Guidelines, Indian Regulations, Trial Subjects, Trial Profile and End Points, Bias, Confounding, Blinding, Phases of Clinical Trials, Clinical Study Designs, Clinical Trial Subtypes, Randomization etc.

Module-2: Medical Writing – Introduction to Medical Writing, Medical Writing - Regulatory writing and Non-regulatory Writing, The Medical Writing Team, Developing a Regulatory Document, Competencies for Medical Writing, Literature search using PubMed and other online tools, Trial Registry, Good Writing Practices, etc.

Eligibility – Graduates/postgraduates in Pharmacy/Dentistry/Life sciences/allied health sciences

Prerequisites: – Laptop (for videos and assignments), internet connection and basic knowledge of using a web browser

For enrolment, contact
Dr. Anoop Kishore
Coordinator
Centre for Digital Learning, MAHE
anoop.kishore@manipal.edu
Mobile: 9844276576

The course starts on 15 January 2026, with access for 45 days.
Online certificate issued by: *Manipal College of Pharmaceutical Sciences & Centre for Digital Learning, Manipal Academy of Higher Education*
Limited seats available
Fees: MAHE candidates: INR 2500; Others: INR 3000

Link for registration: https://sis.manipal.edu/certificatecourses.aspx Select course code: **C88**

Note: After successful registration, the candidates will receive a confirmation email in their registered email address within 5 days.

(A constituent unit of MAHE, Manipal)

Centre for Digital Learning
Manipal Academy of Higher Education

Certificate Course
on
Python Programming for Health Sciences

Beginner level | **Offline classes** | **Hands-on**

*This course is specifically designed for professionals in **Health Sciences** with **zero-prior-experience in programming***

Eligibility:

1. Undergraduate & Postgraduate students of Health/Life Sciences
2. PhD Scholars in Health/Life Sciences
3. Faculty of Health/Life Sciences.
4. ***NO prior knowledge*** of programming is necessary

Starting
2024
30 Sep

Programming is ***NOT*** as intimidating as it is perceived to be!
At its core, programming is simply about ***breaking down bigger problems*** and ***creating solutions***. It's a **mindset** and a **skill** that's both learnable and manageable.

Whether you're aspiring to enter the fields of data science, AI and machine learning, or trying to explore how programming can be applied to health sciences, or someone who has missed the tech-train due to life circumstances, join us to explore and learn the possibilities of programming. ***Python*** is an excellent ***starting point*** for beginners.

Days:	**Mondays**	**Wednesdays**	**Fridays**
Time:	**5.30 – 6.30 PM**	**5.30 – 6.30 PM**	**5.30 – 6.30 PM**

18 – 20 classes

Topics covered: Introduction to computing logics and circuits, Python data types- int, float, str, list, tuple, dictionaries, bool, range; Operators- arithmetic and logical; conditional statements; Loops- for, while; built-in functions, Creating functions; Some important libraries for scientific and numeric calculation, Plotting graphs. Biological signals and the hardware to capture signals, principles of signal processing, integrating python programs to capture and process biological signals. The course concludes with a ***praxis*** project.

Requirement: Laptop, with good battery backup, and admin privileges to install/uninstall software.

Fees: MAHE category – INR 4000, Non-MAHE category – INR 4500

Link for registration: https://sis.manipal.edu/CertificateCourses.aspx ***course code: CG3***

Course coordinator: **Dr. Anoop Kishore**, Coordinator, Centre for Digital Learning, Manipal Academy of Higher Education, Manipal, Email:- anoop.Kishore@manipal.edu Mob:- 9844276576

Centre for Current Good Manufacturing Practices

Address: MCOPS, MAHE, Manipal.
Phone Number: +91 90081 35597
Email (Coordinator): girish.pai@manipal.edu

Year of Establishment of the Centre: 2021
Name of the Coordinator: Dr Girish Pai K

Members:

The team consists of Co-coordinators of the Centre Dr Muddukrishna B S, Dr Girish Thunga, Dr Aravind Pai, Dr Vasudev Pai, Prof Ravindra Shenoy U, Dr Rekha R Shenoy, and Dr Virendra Ligade (MAHE)

Industry Experts:

Mr Harish Jain, Managing Director, Embiotic Labs Pvt Ltd, Bengaluru and President, Federation of Pharma Entrepreneurs

Mr G Sundar, Director, PharmaQA Compliance Services, Chennai

Dr Raveendra Pai M, Senior Vice President, Formulation Research, Glenmark Pharmaceuticals Ltd, Mumbai

Mr Mahendra Joshi, Co-founder and Managing Director, IDRS Labs Pvt Ltd, Bengaluru.

Brief about the Centre:

Currently, a considerable gap is observed between industry and academia with respect to GMP concepts taught in the academic curriculum and actual industry practices. The recent audit outcomes from various global regulators reflect that the building of a strong quality culture and data integrity systems is the need of the hour, especially for the Indian pharmaceutical sector. Quality culture and data integrity go hand in hand. It is believed that these good practices should be inculcated into young minds through the academic setup so that fresh candidates entering regulated pharma companies are well-versed in GMP practices. Due to inadequate adherence to Good Manufacturing Practices, marketed pharmaceutical products may be defective or may have quality issues that go unnoticed at the manufacturers' end or in the medical outlet. Subsequently, defective products may be purchased by the patients, which may involve complaints of a physical or chemical nature, or any other issues related to quality attributes. As a layperson, the patient may not notice the defect; the product may be packed and handed over by the pharmacist to the ailing patient in a hurry to dispense it and generate the bill. Thus, defective products may be consumed by the ailing patients. Therefore, a comprehensive procedure and protocol to handle real-life complaints shall be developed by the proposed Center.

Objective: To create awareness of cGMP right from academia to inculcate a culture of quality.

Activities at the Centre: The 2nd NATIONAL cGMP DAY celebrations were organized along with the first-ever international conference on cGMP, "ICONcGMP 2024".

ICONcGMP 2024

On 09 October 2024, the inaugural session of ICONcGMP 2024 was commenced with the invocation of the Almighty's blessing and a floral tribute to the founder and architect of MAHE, Dr TMA Pai. Dr Montukumar M Patel, President, Pharmacy Council of India, New Delhi, was the Chief Guest for the inaugural function. Dr Patel emphasized the need to overhaul the pharmacy curriculum as per National Education Policy 2020, Ministry of Education, Government of India, and exhorted academicians and industry personnel to provide their valuable inputs for preparing a state-of-the-art pharmacy curriculum.

2nd NATIONAL cGMP DAY Celebrations – 2024

National cGMP Day was celebrated with great pomp and show across the country.

On 10 October 2024, the 2nd National cGMP Day was celebrated in the presence of industry stalwarts and MAHE University officials at the TMA Pai Auditorium. During his address, the Chief Guest, Sri Mehul Shah, General Secretary, IDMA and Promoter and Managing Director of Encube Ethicals Pvt Ltd, Mumbai, expressed deep admiration for Manipal, calling it a "hub of education." He was amazed by the scale of the educational ecosystem, which includes over 25,000 students, 26 streams, and 130 courses. Sri Mehul Shah also acknowledged the contributions of Dr TMA Pai, the visionary behind Manipal's educational infrastructure. The Guest of Honour, Sri Daara B Patel, Secretary General, IDMA, assured continued support for MAHE's initiatives and encouraged the audience to take a pledge to uphold high standards in their professional endeavours. During his welcome address, Dr Sharath K Rao, Pro Vice Chancellor, MAHE, envisioned a future where postgraduate courses of MCOPS integrate micro-credentials, leading to well-rounded, skilled professionals entering the workforce. Dr Girish Pai, Coordinator Centre for cGMP, highlighted the success of the first National cGMP Day, giving special credit to Sri Mehul Shah and Sri Daara B Patel for their pivotal contributions. Sri S M Mudda was presented the "National cGMP Award 2024", which was received on his behalf by Sri Mehul Shah.

Research Activities:
Ongoing research on real-life cases and manufacturing defects. These findings are being converted into a case study for the virtual museum titled, 'MANIPAL cGMP MUSEUM' is underway.

Research Publication:
Machine Vision Based Quality Inspection of Pharmaceutical Bottle Packaging Shetty, B., Madhushree, S. M., Muddukrishna, B. S., Shenoy, R., Kirankumar, H., Joshi, M. & Girish Pai, K., 2024, In: Research Journal of Pharmacy and Technology. 17, 10, p. 5154-5160 7.

Review article published at a peer-reviewed journal

Awards and Recognition: Recipient of the India Pharma Awards 2024 for Excellence in Quality

Centre for CGMP, Mahe, Manipal receives prestigious India Pharma Awards 2024 for Excellence in Quality as Special Recognition Award

Manipal, India, 27 November 2024: Manipal Academy of Higher Education (MAHE), Manipal, the Centre for cGMP, was awarded the prestigious India Pharma Awards 2024 in recognition of its exceptional contribution to pharmaceutical quality for the second consecutive time. The Centre received a special Recognition Award in the category of Excellence in Quality for its pioneering initiative, the Manipal cGMP Museum, which is dedicated to the legacy of Dr TMA Pai, Padmashree Awardee and the visionary founder of Manipal.

The India Pharma Awards 2024 ceremony was held on Day 1 of CPHI-PMEC India at the India Expo Center, Greater Noida, where over 2,000 exhibitors and 50,000 delegates had gathered.
The Centre for cGMP's groundbreaking concept, the Manipal cGMP Museum, was presented in person at the India Pharma Awards 2024 in New Delhi on 25 November 2024. Dr Girish Pai K, Coordinator, and Dr Muddukrishna B S, Co-coordinator, represented MAHE, Manipal, and delivered a compelling three-minute presentation that highlighted key parameters such as quality control systems, regulatory compliance, internal training, and cost efficiency. The jury members praised the initiative for its innovation and long-lasting societal impact, marking it as a significant contribution to the pharmaceutical sector.
Out of 276 submissions from leading pharmaceutical industries and academic institutions, the Centre for cGMP's proposal stood out, advancing to the final jury

stage. The selection process involved a thorough review of submitted documents and a panel of six distinguished jury members. The Centre's initiative was shortlisted based on its excellence in quality, innovation, and societal impact.

Dr Girish Pai K and Dr Muddukrishna B S received the award from Mr Balachandra Barve, Joint Managing Director of Blue Cross Laboratories Ltd, in the presence of industry leaders, pharmaceutical entrepreneurs, and executives from global pharma companies. This prestigious award reaffirms the Centre for cGMP's leadership in pharmaceutical quality management and its unwavering commitment to excellence in training, innovation, and societal impact. It also highlights the Centre's role in shaping the future of pharmaceutical education and research on a global scale.

Centre for Pharmaceutical Care

Address: Department of Pharmacy Practice, MCOPS, MAHE
Phone Number: +91 82029 22403; +91 9113645128

Email (Centre): cpc.mcops@manipal.edu | **Email (Coordinator):** rajesh.v@manipal.edu

Year of Establishment of the Centre: 2021

Name of the Coordinator: Dr Rajesh V

Members: Co-coordinators: Dr Sreedharan, Dr Sonal Sekhar M

Brief About the Centre:

Aim: To assist physicians in the rational use of drugs (effective, safe, and economical) and apprehend the patient's choice.

Objectives:

- To research the practice of pharmacy in collaboration with a multi-disciplinary team.
- Developing various professional competency assessment tools.
- Training clinical pharmacy professionals and students from India and abroad with global standards.
- Conducting regular workshops on Medication Therapy Management and CPE for practicing pharmacists.
- Providing a platform for academicians, researchers, pharmacy practitioners, and students for an interactive learning experience through the International Conference on Clinical Pharmacy (CPCON)

Activities at the Centre:

Sl. No	Event and Date	Description
1	Ninth International Conference on Clinical Pharmacy (CPCON 2024) 06 and 07 January 2024	The theme of CPCON 2024 was "Advancing Patient Centric Medication Optimization". The resource persons were from the USA, Australia, and India, representing academia and the healthcare industry. A total of 363 delegates from 42 institutions attended the conference. There were 258 scientific abstract submissions, of which 164 were accepted and presented. The conference brought together renowned researchers, educators, industrial professionals, clinical pharmacists, and students to discuss the latest developments and challenges in pharmaceutical care.
2	Pre-Conference Workshop 05 Jan 2024	The pre-conference workshop covered two topics: 'Medication Therapy Management in Different Practice Settings' and 'Approaches in Regulatory Medical Writing'
3	Workshop on 'Concepts of Scientific Writing and Publication Ethics' 23 and 24 August 2024	The workshop provided training on topics such as abstract writing overview, poster and oral development, manuscript writing, and key considerations. Sessions were conducted by Dr Haritha Nekkanti, Associate Scientific Lead Novartis, Hyderabad, and Dr Pranitha Manchanapalli, Expert Scientific Writer Novartis, Hyderabad.

Sl. No	Event and Date	Description
4	National Pharmacovigilance Week (NPW) 2024 17 to 23 September 2024	The theme of NPW 2024 was 'Building ADR Reporting Culture for Patient Safety'. Events such as public speeches, poster competitions, quizzes, and workshops were organized for pharmacy students. A workshop on 'Industrial Aspects of Pharmacovigilance' was conducted by Mr Anand Kunchanur, Senior Manager/Affiliate Safety Representative AbbVie, Bengaluru

Research Activities

The following projects are currently ongoing:

1. Development of an Intravenous Fentanyl Dosing Protocol for Pain Management in Pediatric Hematolymphoid Malignancies
2. Therapeutic Safety Assessment of High-Dose Methotrexate in Pediatric Hematolymphoid Malignancies: An Ambispective Study

Research Publication:

1. Shwetha Somakumar, Elstin Anbu Raj S, Gabriel Sunil Rodrigues, Rajesh V. Clinical Efficacy and Safety of Ceftriaxone in Surgical Prophylaxis: A Systematic Review and Meta-Analysis. Ind. J. Pharm. Edu. Res., 2024; 58(2s):s332-s339.
2. Faiza Iqbal, Arya Alocious, Selin C. Joy, Elstin Anbu Raj Stanly, V. Rajesh, M.K. Unnikrishnan, Douglas Steinke, Prashant Chandra. Centre for Pharmacometrics

Address: Department of Pharmacy Practice, MCOPS, Manipal
Phone Number: 0820-2922403
Email (Centre): centre.pmx@manipal.edu **Email (Coordinator):** msv.rajan@manipal.edu

Year of Establishment of the Centre: 2021
Name of the Coordinator: Dr Surulivel Rajan M
Members: Dr Rajesh V, Dr Mahadev Rao

Brief About the Centre:

Vision: To become a globally recognized **leading centre** for academic and industrial research in the area of pharmacometrics

Mission: To conduct **academic courses and training programs** to develop the pharmacometric capabilities within the university and at the national level

Objective: To develop a **national and international** academic and industry **collaborative research** network to promote the science of pharmacometrics and contribute to the development of drugs and other healthcare analytics solutions

Activities at the Centre:
Certificate Course in Data analysis with R has started, and two batches have completed the course.

- Joint research with **ACTREC, Mumbai** started, and PhD is jointly supervised. **PGIMER, Chandigarh** and MCOPSis currently have a data-sharing agreement and one more **PhD** is about to start.
- Published with Collaborators.
- **Webinar on Pharmacometrics** was conducted
- International Conference on Pharmacometrics India 2025 was conducted in Manipal on 1 and 2 February 2025.

Research Activities:

The Centre conducted the Seventh Annual Conference on SSX India at Manipal on 31 January and 1 February 2024. More than 200 scientists from across the country participated, with speakers from national and international institutions and industries.
The Centre for Pharmacometrics has started consultancy project group and Industry projects are ongoing with projects worth 20.75 lakh INR completed in the year 2024.

Research Publication:

Garg, Kunal; Bhandari, Ritika Kondel; Shafiq, Nusrat; Jain, Suksham; Jaswal, Shivani; Chawla, Deepak; Mallayasamy, Surulivelrajan; Khurana, Supreet; Batcha, Jaya Shree Dilli. Centre for Pharmaceutical Skill Development

Address: Manipal College of Pharmaceutical Sciences
Phone Number: 9739314682
Email (Centre): cpsd.mahe@manipal.edu **Coordinator:** anup.naha@manipal.edu

Year of Establishment of Centre: 2022
Name of the Coordinator: Dr Anup Naha
Members: Co-Coordinator – Dr Srinivas Hebbar
Student Members: Ms Induja Ko, Ms Anjana AK, Mrs Mahananda Prabu, Mr Abutwaibe, Dr Ujwala Achar, Mr Vaibhav Namdev.

Brief About the Centre:

Vision: To bridge the gap between industry and academia.
Mission: To train and groom pharmacy students to become skilled professionals who are ready for employment in the industry.

Objectives:

- Training graduates and postgraduates for specific job roles
- Faculty training through continuing pharmacy education programs focused on novel and niche areas/techniques and the delivery of innovative pedagogy
- Executive programs in collaboration with pharmaceutical industries

Activities at the Centre:

Activities of cpsd-2024
Upskilling Programme

Sl No	Date	Event
1	16 - 17 March 2024	Certificate Course in Scientific Computing and visualization
2	15-16 June 2024	Certificate Course on Foundations of Cell Culture: Techniques and Best Practices
3	24-25 August 2024	Certificate Course on Foundations of Cell Culture: Techniques and Best Practices (Second Batch)

Upskilling Programme-1

A **Certificate Course in Scientific Computing and Visualization** was hosted by the Centre for Pharmaceutical Skill Development (CPSD) at Manipal College of Pharmaceutical Sciences on 16-17 March 2024 at MCOPS, MAHE

Upskilling Programme- 2

The **Centre for Pharmaceutical Skill Development** (CPSD), in association with the **Department of Pharmacology**,

MCOPS, MAHE, conducted an **Upskilling Program (USP-II)** themed "**Certificate Course on Foundations of Cell Culture: Techniques and Best Practices**" on 15-16 June 2024 at MCOPS, MAHE, Manipal.**Upskilling**

Programme- 3

Centre for Pharmaceutical Skill Development (CPSD) in association with **Department of Pharmacology**, MCOPS, MAHE, conducted an **Upskilling Program** (**USP-II**) (Second Batch) themed "**Certificate Course on Foundations of Cell Culture: Techniques and Best Practices**" On 24-25 August 2024 at MCOPS, MAHE, Manipal.

Awards and Recognition:

Centre for Excellence Certification by Life Sciences Sector Skill Development Council (LSSSDC) in the year 2023.

Centre for Public Health Pharmacy

Address: Department of Pharmacy Practice, MCOPS
Phone Number: 0820-2922403
Coordinator Email: sonal.sekhar@manipal.edu

Year of Establishment of the Centre: 2022
Name of the Coordinator: Dr Sonal Sekhar M
Members: Dr Sreedharan and Dr Girish Thunga P

Brief About the Centre:

Vision:

To establish a Centre of Excellence that provides an interdisciplinary platform for capacity building in public health pharmacy practice, service, and research.

Mission:

To promote the quality use of medicine in our society.

Objectives:

- To impart knowledge to society on the quality and safe use of medicines and to implement community-centered care as part of the social commitment of the MAHE.
- To develop leadership skills among students to engage in community outreach programs and become a public health pharmacy champion.
- To foster a research culture in evidence-based pharmacy, with a perception of public and global health concepts.
- To generate scientific knowledge on evolving best practices in pharmacy and apply these for societal benefit through an interdisciplinary approach.
- To network with national and international agencies for integrated strategies to tackle public and global health issues related to medication use.

Activities at the Centre

Conducting health camps, health education sessions, home medication reviews, Pharmacy Literacy Club activities, and quarterly newsletter publication (DigiDose).

Research Activities

Pharmacoepidemiology, standardized patient studies.

SDG-related Activities:

Menstrual Health Awareness Program at Srimad Bhuvanendra High School, Karkala

A community outreach activity on Menstrual Health Awareness was organized at Srimad Bhuvanendra High School, Karkala, on 23 March 2024. Around 75 students participated in the program. During the event, Pharmacy Literacy Club (PLC) members provided an overview of menstruation and its phases. They explained the importance of maintaining good menstrual hygiene and discussed various menstrual hygiene products, including sanitary napkins, tampons, and menstrual cups. The disposal and proper usage of menstrual hygiene products were demonstrated. The advantages and disadvantages of each product were also highlighted to help students make informed choices. In addition, an overview of cervical cancer, its causes, the importance of early detection, and available vaccines for prevention were also discussed. The school and teachers appreciated the effort of the PLC and expressed their willingness to host such events in the future as well.

Mythri: Medication Donation Drive at Suraksha Seva Ashram, Karkala

The PLC, Centre for Public Health Pharmacy, Department of Pharmacy Practice, MCOPS, in

association with Chosen Generation Charitable Trust (CGCT), Ajjarkad, Udupi, organized a medication donation campaign named 'Mythri' at Suraksha Seva Ashram, Karkala on 30 March 2024. Medications were sponsored by Radha Medicals. PLC members, along with CGCT, identified the need for medications and sanitary pads for more than 75 inhabitants of the Ashram following discussions and a primary meeting in November 2023 with the Ashram caretaker, Mrs Ayesha Banu. PLC volunteers reviewed the prescriptions, and a detailed medicine information leaflet was prepared by PLC to aid the caretaker in using the medicines effectively. Additionally, Mr Skanda, President of PLC, counselled the caretakers on the indications and dosing of the medicines. Ms Chaitra, from PLC, also gave a talk on the importance of personal hygiene to the inmates.

Basic Life Skills Workshop for Faculty and Research Scholars of MCOPS

World Health Day 2024, themed "My Health, My Right," was celebrated on 7 April 2024. To mark this occasion, the PLC, Centre for Public Health Pharmacy, MCOPS, in collaboration with *Tempus Pretioso*: Emergency Medicine Enthusiast Club of KMC, Manipal, organized a Basic Life Skills (BLS) workshop for the faculty and research scholars of MCOPS on 9 April 2024 from 4:30 PM to 6:00 PM at MCOPS. To a crowd of nearly 40, members of *Tempus Pretioso* expertly demonstrated various lifesaving emergency procedures, including cardiopulmonary resuscitation (CPR), head injury management, sprain and splinting, the Heimlich maneuver, and management of hypoglycemia, dehydration, seizures, and head injury management. The sessions were conducted with an initial demonstration by the KMC team using a PowerPoint presentation, followed by hands-on training during which participants practiced on dummies. The workshop was lauded for its hands-on training experience and the in-depth practical information shared.

Abhaya: A Malaria Screening Initiative at Gujjarbettu Subcentre Coastline, Hoode Beach, Udupi

On 21 April 2024, the PLC, Centre for Public Health Pharmacy, MCOPS collaborated with CGCT (R) and the Community Health Office, Kalianpura, to conduct 'Abhaya', a malaria screening initiative, in the coastal community of Nejar, Udupi. This watchdog program marks the first hands-on community healthcare service provided by PLC in the realm of vector-borne diseases. PLC volunteers were trained and briefed on sample collection and rapid test procedures. Organized under the directions of Smt Nisha Poojary, Community Health Officer, Gujjarbettu, ten PLC volunteers, divided into three groups, worked under the supervision of staff from Arogya Kshema Kendra, Nejar, and went door-to-door from 9 AM to 1:00 PM, collecting blood samples for thick and thin smears and performing rapid tests for any suspected cases. More than 90 individuals were sampled for blood smears, and 15 required rapid tests. PLC volunteers also counselled the locals on clearing away stagnant water and places where it is usually found.

Alumni Guest Talk by Suhaj Abdulsalim, Qassim University, Saudi Arabia

Dr Suhaj Abdulsalim, Assistant Professor, College of Pharmacy, Qassim University, Saudi Arabia, delivered a guest talk on "Problem-Solving Model in Pharmacy" on the 23 July 2024 from 11:30 AM at the Department of Pharmacy Practice, MCOPS, Kasturba Hospital, Manipal. He is a faculty alumnus of MCOPS, having served from 2012 to 2016. During the talk, Dr Suhaj stated, "Making decisions and solving problems are critical responsibilities of all pharmacists, whether they are managers/leaders or staff members." He shared his professional experience as an international academic pharmacist and motivated students to practice problem-based learning. He also discussed different problem-solving models, barriers to effective problem-solving and decision-making, and the steps involved in problem-solving.

Alumni Guest Talk by Dr Mohammed Zabiuddin Ahad, School of Pharmacy and Medical Sciences, Griffith University, Australia

Dr Mohammed Zabiuddin Ahad, School of Pharmacy and Medical Sciences, Griffith University, Gold Coast, Queensland, Australia, delivered a guest talk on "Getting a PhD Abroad" on the 7 August 2024, from 2:30 to 3:30 PM at the Department of Pharmacy Practice, MCOPS, Kasturba Hospital, Manipal. He is an alumnus of MCOPS (PharmD Batch 2011 to 2017). During the talk, Dr Ahad said, "Along with your routine academic activities, you should attend international conferences, which provide a platform for professional networking. This will help to shape your thinking and career." He shared his professional experience as an antimicrobial stewardship pharmacist and motivated students to practice and research this potential area. During his talk, he discussed the different skill sets required for PharmD graduates to practice at the international level. Dr Ahad also spoke about how to apply for various scholarships for doctoral studies in Australia.

World Pharmacists Day (WPD) 2024 Celebration

MCOPS celebrated World Pharmacists Day (WPD) 2024, in grand style on 25 September 2024 at Prof P Gundu Rao Conference Hall, MCOPS. The event was jointly organized by the Indian Pharmaceutical Association (IPA) Manipal Branch, MCOPS, and the Pharmacy Literacy Club (PLC), Centre for Public Health Pharmacy, MCOPS. A panel discussion on the topic "Accessibility, Affordability, and Availability of Medicines" was conducted with a regulatory pharmacist, hospital pharmacist, community pharmacist, academic pharmacist, and public representative. The panellists were Mr Shankar Naik (Deputy Drugs Controller), Mr Jose AJ (Chief Pharmacist, Kasturba Hospital, KMC, Manipal), Dr Girish Thunga (Associate Professor, MCOPS), Mr Pradeep Kumar (Chief Pharmacist, Radha Medicals, Manipal), and Mrs Abigail S Anchan (Managing Trustee, Chosen Generation Charitable Trust, Udupi).

Dr Sebastian Padickaparambil Delivered a Talk on Rolling with the Punches – A Talk on Student Well-Being

On 29 October 2024, the PLC, Centre for Public Health Pharmacy, Department of Pharmacy Practice, MCOPS, in collaboration with the Chosen Generation

Charitable Trust (R.), Udupi, organized a guest talk titled "Rolling with the Punches – A Talk on Student Well-Being". The session was delivered by Dr Sebastian Padickaparambil, Additional Professor, Department of Clinical Psychology, MCHP, Manipal. He explained the different kinds of stress the student community encounters and demonstrated techniques for relaxation. He also provided the Perceived Stress Scale sheet to assess stress levels. Additionally, during the event, the winners of a reel competition held on World Heart Day were felicitated. The event was attended by more than 50 PharmD and MPharm students, research scholars, and staff of the department.

Alumni Guest Talk by Dr Manyasreeprapti Rao Yendamuri, Associate Scientific Writer, Specialty Care, Sanofi, Hyderabad

Dr Manyasreeprapti Rao Yendamuri, Associate Scientific Writer, Specialty Care, Sanofi, Hyderabad, delivered a guest talk on "Insights into Scientific Writing in Pharma" on the 12 November 2024, from 3:30 to 4:15 PM at Department of Pharmacy Practice, MCOPS, Kasturba Hospital, Manipal. She is an alumnus of MCOPS (PharmD Batch 2015 to 2021) and visited the institution as part of the Campus Recruitment program of Sanofi. During the talk, Dr Rao said, "I feel extremely grateful to have been representing my organization at my alma matter in addition to my existing roles and responsibilities." She shared her professional experience as a scientific writer and motivated students with her professional journey. During her talk, she discussed the different skill sets required for PharmD/MPharm graduates to become good scientific writers and helped them navigate through the various career paths and skills to be honed to achieve their professional goals.

National Pharmacy Week and World Antimicrobial Awareness Week 2024 Celebrations

On National Pharmacy Week and World Antimicrobial Awareness Week, the PLC, Centre for Public Health Pharmacy, Department of Pharmacy Practice, MCOPS organized a plethora of events from 21 to 23 November 2024. These included quiz and case presentation competitions, guest talks, and community outreach activities. The volunteers of the PLC visited the community pharmacies in and around Manipal and distributed antibiotic awareness pamphlets to promote the best dispensing practices among pharmacists. The event concluded with a prize distribution ceremony for the winners of the competitions.

Alumni Guest Talk by Dr Anujith Sekhar, Regulatory Writer-Oncology, Ex-Eli Lilly

Dr Anujith Sekhar, Regulatory Writer-Oncology, Ex-Eli Lilly delivered a guest talk on "Insights into Regulatory Writing in Pharma" on 22 November 2024 from 10:00 AM to 12.00 PM at the Department of Pharmacy Practice, MCOPS, Kasturba Hospital, Manipal. He is an alumnus of MCOPS (PharmD Batch 2016 to 2022). During the talk, Dr Sekhar said, "Regulatory writer career is very challenging, but a very passionate job profile in the pharma industry, especially if you work in a multinational company." He shared his professional experience as a regulatory writer and motivated students with his professional insighs. During his talk, he discussed the different skill sets required for PharmD/MPharm graduates to become good regulatory writers. In addition, he navigated through the various career paths and skills to be honed to achieve professional goals.

Guest Talk by Dr Mounika Cherukuri, Assistant Professor, KMC, Manipal

Dr Mounika Cherukuri, Assistant Professor, Department of Medicine, Kasturba Medical College (KMC), Manipal, delivered a guest talk, "Antibiotics in Clinical Practice: Choosing Wisely and Avoiding Overuse" on 23 November 2024 at the Seminar Room, Department of Pharmacy Practice, MCOPS, 4th Floor, MCODS. The event was organized by the PLC, Centre for Public Health Pharmacy, Department of Pharmacy Practice, MCOPS, on National Pharmacy Week and World Antimicrobial Awareness Week 2024. During the talk, Dr Mounika explained the various critical types of pathogens and the diseases caused, followed by the antibiotic treatment regimen used to manage them. She made the session more interesting by presenting different case scenarios and encouraging the audience to suggest treatment options.

Awards and Recognition:

Received ISPE registration scholarship to attend ISPE's 15th Asian Conference on Pharmacoepidemiology, Tokyo, Japan, held from 12 to 14 October 2024.

List of Ongoing Projects/Research Grants:

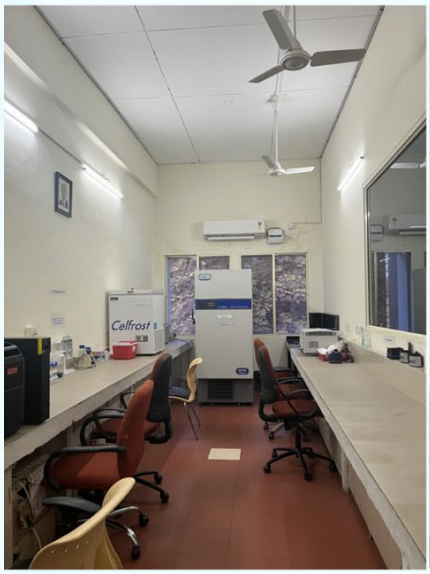
Menstrual Health Awareness Program

National Pharmacy Week 2024

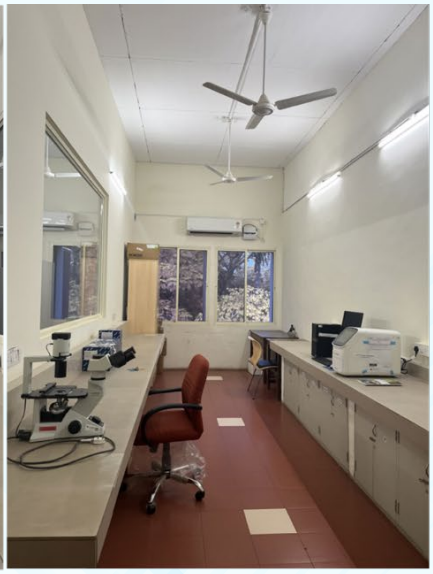
National Pharmacy Week 2024_Pharmacy Visists

Centre for Translational Research

Address: Manipal College of Pharmaceutical Sciences,
Manipal Academy of Higher Education, Manipal, 576104 India
Phone Number: 0820-29-22403
Email (Centre): translational@manipal.edu
Email (Coordinator): mahadev.rao@manipal.edu
Centre for Translational Research lab: 270 sqft



Pre-PCR/Sample processing room



PCR room

Sample storage room

Year of Establishment of the Centre: 01 January 2020

Name of the Coordinator: Dr Mahadev Rao

Members: Dr Naveen Salins, Dr Naveen Kumar, Dr Karthik Udupa, Dr Muralidhar Varma, Dr MS Rajan, Dr Rama Rao Damerla

Brief About the Centre:

Vision:

To develop a new translational research division that aims to develop robust services, protocols and policies to empower patients, clinicians, and other healthcare providers with access to high-quality, precise care, and conduct high throughput clinical trials/research, education, and training programs.

Mission:

- To foster national and international multidisciplinary collaborations in translational research and education.
- To advance bench to bedside and bedside to bench research, primarily in cancer and tuberculosis.

Objectives:

1. Develop a multidisciplinary team of clinicians, basic scientists, and clinical pharmacists who can design and implement translational research projects that aim to improve treatment outcomes and quality of life for tuberculosis, cancer, and lifestyle diseases.
2. Act as a centre for genomic screening/surveillance to identify the mutational burden/genome variation of cancer and tuberculosis patients from various parts of the country via genome sequencing.
3. Develop novel diagnostics and/or identify biomarkers that could be used for pre-emptive screening for targeted drug therapy, prevention of adverse drug reactions, and optimization of drug dosing.
4. Design novel drug molecules and repurpose existing drugs for diseases such as tuberculosis and cancer, especially in cases of drug resistance/treatment failure.
5. Conduct certificate courses and residency programs equipped with hands-on training that

empower clinicians, researchers, and postgraduates to obtain expertise in cutting-edge translational research areas such as precision therapy, drug and disease modelling, organoid modelling, etc.

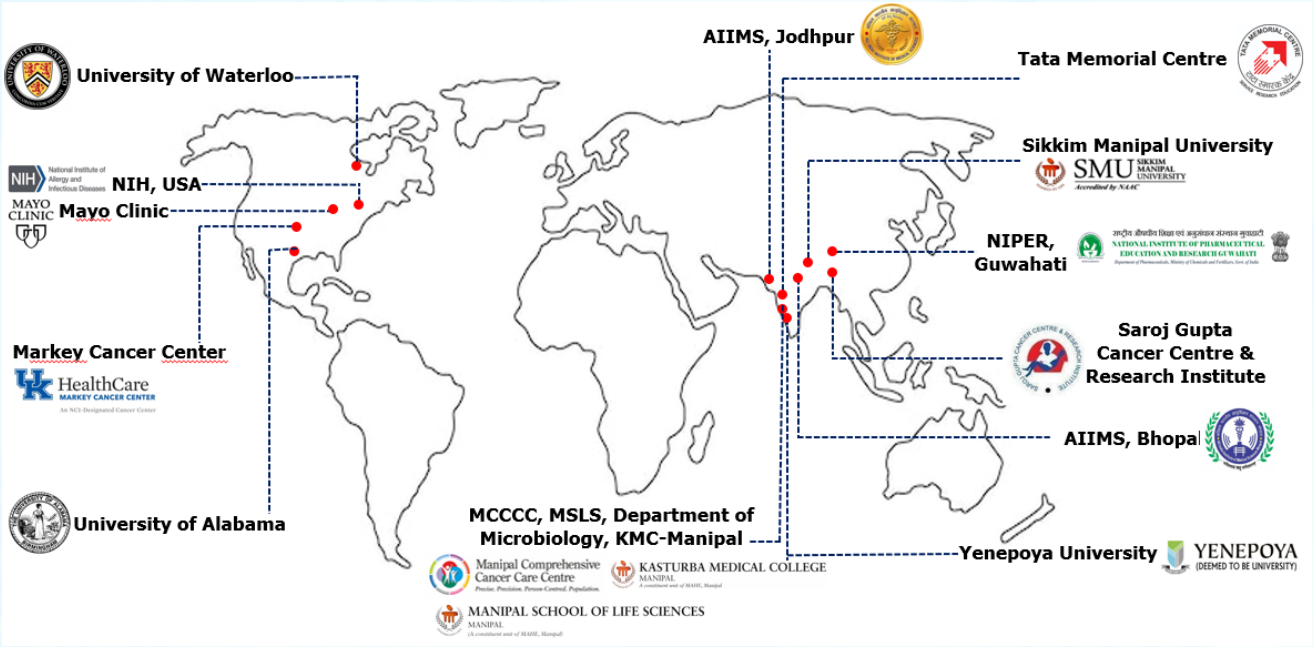
6. Develop national and international collaborations with research scientists and premier institutes to develop high-quality, multicentric research projects and utilize multidisciplinary expertise and facilities to create a pool of next-generation scientists.

Activities at the Centre:

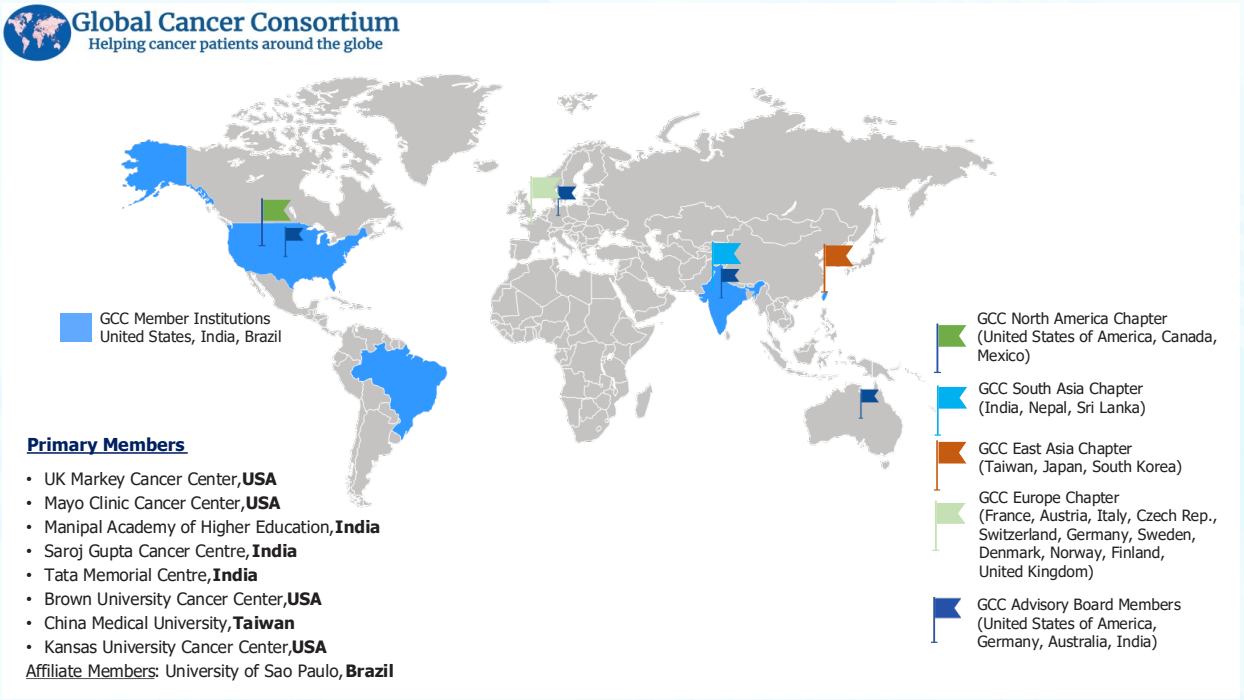
- **Translational Research Certificate Course 2024**

Translational Research Certificate Course (TRC Course) 2024 was successfully conducted from 22 and 24 February 2024 (online) and from 1 to 2 March 2024 (offline), for a total of 32 hours. Out of 19 registrants, 6 participants were from external institutions and 13 participants were from Manipal. There was a total of 13 speakers from various institutions/industries such as from Manipal College of Pharmaceutical Sciences (MCOPS) - Manipal, Kasturba Medical College (KMC) - Manipal, Manipal School of Life Sciences - Manipal, Yenepoya University - Mangalore, All India Institute of Medical Sciences (AIIMS) - Bhopal, University of Waterloo - Canada, Agilent Technologies - USA, and University of Alabama - USA. All the 19 participants successfully completed TRC 2024. Feedback was collected for the course via Google Forms and all the talks received good feedback from the participants.

- **Collaborations**



- **Activities at Global Cancer Consortium:**
- Member Institutions, Chapters and Advisors



- GCC laboratory inauguration in MAHE, Manipal and One day International Symposium on "Translational Oncology".

- Academician Forum Series - Joseph Schlessinger, PhD, Yale University School of Medicine, New Haven, CT, USA

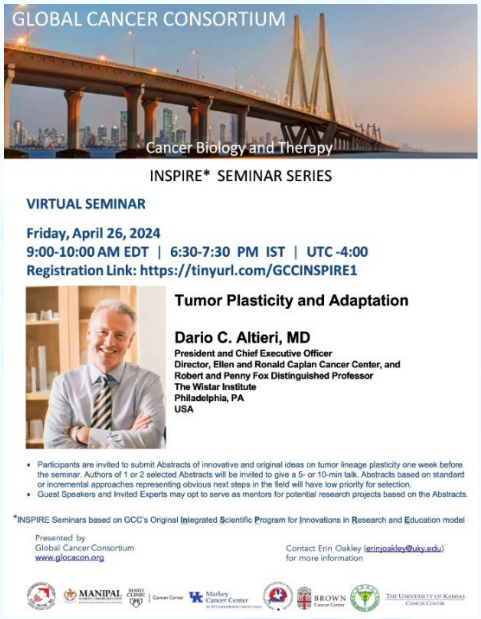
- 3rd International Global Cancer Consortium Conference

17 PARTNERSHIPS FOR THE GOALS

3 GOOD HEALTH AND WELL-BEING

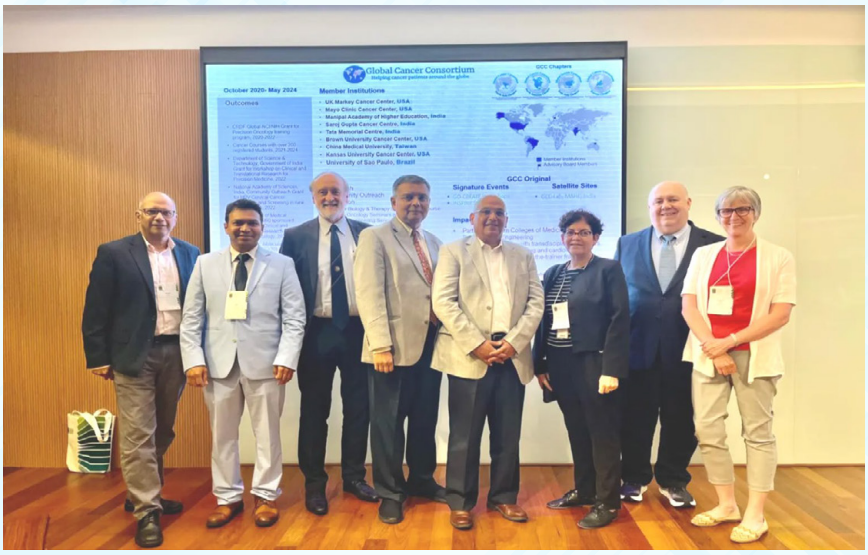
17 PARTNERSHIPS FOR THE GOALS

- INSPIRE* Seminar Series - Dario C Altieri, MD, The Wistar Institute, Philadelphia, PA USA



- Academician Forum Series – Norman Sharpless, MD, The University of North Carolina School of Medicine, Chapel Hill, NC, USA

- 4th International Global Cancer Consortium Conference, São Paulo, Brazil



- Network Talk Series - Prof Kumar Somasundaram, PhD and Dr Subir Biswas, PhD

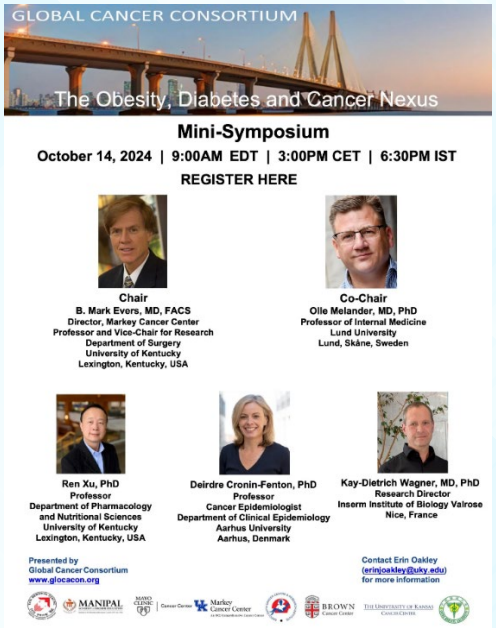
- Network Talk Series - Prof Hridayesh Prakash, PhD, FRSB(London) and Dr Manash K Paul, PhD

- INSPIRE* Seminar Series – Bonnie Ky, MD, MSCE, FACC, University of Pennsylvania School of Medicine, Philadelphia, PA, USA

- INSPIRE* Seminar Series – Neal L Weintraub, MD, Medical College of Georgia, Augusta University, Augusta, GA, USA

- Network Talk Series – Dr Bhavani S Shankar, PhD and Dr Smita D Mahale, PhD

- Mini-Symposium – The Obesity, Diabetes and Cancer Nexus



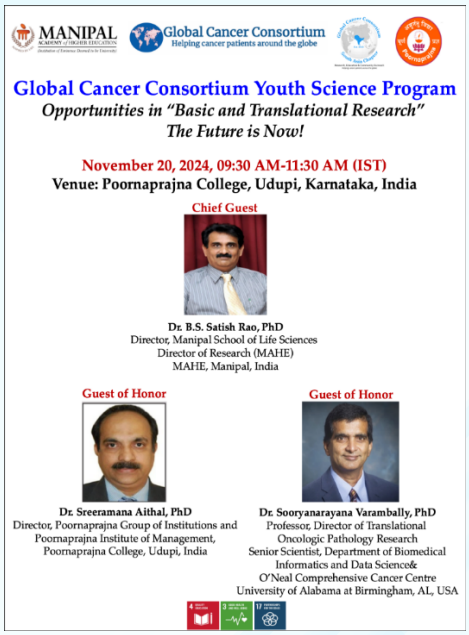
- Precision Medicine Series - Shridar Ganesan, MD, PhD, Rutgers Cancer Institute, NJ, USA

- Network Talk Series - Pritha Ray, PhD and Sabarinathan Radhakrishnan, PhD

- Short Talk Series - Dr Pooja Advani, MBBS, MD and Dr Shridar Ganesan, MD, PhD

- Immuno-Oncology Series - Dr Lukas Flatz, MD, PhD, University of Tuebingen, Tübingen, Germany

- GCC Youth Science Program



- International Symposium on "Biorepository, Technology and Integrative Data Analysis for Cancer Target Discovery" at Manipal School of Life Sciences, Manipal, India

- **Global Cardio-Oncology Certification Training**

The Global Cancer Consortium (GCC) in collaboration with The International Cardio-Oncology Society (IC-OS) initiated training program in Cardio-Oncology. The first phase of this program aims to provide pre-recorded lectures, each delivered by accomplished professionals in the field. These lectures may be paired with local mentors who will offer hands-on clinical application of the principles expounded in the recordings. In parallel, there are clinical case reviews and presentations by faculty, as well as trainees enrolled in the course and an opportunity to consult with the course directors.

4. **Research Activities:**

Sl No	Principle Investigator	Title	Funded by	Research Scholars working under the project
Department of Pharmacy Practice				
1	Dr Mahadev Rao	Pharmacogenomics, biochemical, epigenetic and population pharmacokinetic study in tuberculosis patients- a multicentre study	ICMR JRF	Ms Chaitra
		Integrating Pharmacogenomic and Population Pharmacokinetic Analysis for Precision Therapy of Isoniazid in TB Patients.	ICMR SRF and MAHE-Intramural fund	Mr Levin Thomas
		Role of placental monocarboxylate transporter 8 (MCT8) expression on adverse pregnancy outcomes in Indian population.	ICMR JRF	Ms Jinsu Thomas
		Repurposing of antiviral drugs targeting lysine demethylase 5B [KDM5B] oncogene in breast cancer.	DST-INSPIRE SRF and MAHE-Intramural fund	Ms Anmi Jose
		Identification of Circulating Tumor DNA Mutations in Indian Lung Cancer Patients.	DST-INSPIRE SRF and MAHE-Intramural fund	Ms Gayathri Baburaj
		Precision therapy of Gefitinib in non-small cell lung cancer patients: an integrated approach of pharmacogenomics and population pharmacokinetic analysis	Dr T M A Pai PhD Fellowship and MAHE-Intramural fund	Ms Prathvi Shenoy
		Influence of single nucleotide polymorphism on disease susceptibility and gefitinib induced toxicities in lung cancer patients.	Nil	Ms Unnati Shetty and Mr Pratheek J
2	Dr Sonal Sekhar	Effect of Vitamin D Supplementation on Vitamin D Receptor Gene Expression and Wound Healing in Diabetic Foot Ulcer Patients Infected with Biofilm-Forming Organisms – A Prospective Cohort Study	DHR-ICMR Senior Project Associate	Ms Ruby Benson
		Effect of Vitamin D Supplementation and Vitamin D Receptor Gene Polymorphisms in Patients with Diabetic Foot Infection among South-Indian Population	ICMR SRF and MAHE-Intramural fund	Ms Shilia Jacob

Sl No	Principle Investigator	Title	Funded by	Research Scholars working under the project
3	Dr Surulivel Rajan M	Pharmacometric and Pharmacogenomic integration for precision dosing of Tacrolimus	Dr T M A Pai PhD Fellowship	Mr Arun Prasath
		Clinical Assessment of Phamacometric Model Guided Dosing in Oncology	ICMR SRF and MAHE-Intramural fund	Ms Jayashree
4	Dr Rajesh V	Medication Therapy Management of Anticoagulants and Incorporaton of Pharmacogenomics-guided Individualized Dosing of Warfarin	Dr T M A Pai PhD Fellowship	Ms Vooradi Santosha
Other institute collaborations				
5	Dr Rama Rao Damerla	Tumor characterization and development of a liquid biopsy test for early detection and treatment of cervical cancer	CSIR SRF and MAHE-Intramural fund	Preetiparna Parida
6	Dr Naveena AN Kumar	Expression of PTGS2 along with genes regulating VEGF signaling pathway and association with high-risk factors in locally advanced oral squamous cell carcinoma	Dr T M A Pai PhD Fellowship and MAHE-Intramural fund	Mehta Vedant Kamal

In communication and Upcoming-under preparation:

1. Integration of NAT2 genotype and population pharmacokinetic analysis for precision therapy of isoniazid.
2. An Allele-Specific Quantitative PCR Strategy for Detection of EGFR T790M Mutations by Liquid Biopsy in Non-Small Cell Lung Cancer Patients
3. Repurposing the antiviral drug Abacavir to enhance Doxorubicin efficacy in breast cancer via inhibiting histone demethylase, KDM5B
4. Impact of genetic polymorphism in CYP2D6 gene on the tamoxifen and its active metabolites plasma levels
5. Clinical significance of monocarboxylate transporter 8 (MCT8) in maternal-fetal thyroid hormone transport during pregnancy

Awards and recognition:

- Dr Mahadev Rao presented the abstract titled "Pharmacogenomic Profiling of N-acetyltransferase 2 in Southern and Western Indian TB Population" at the World Conference on Lung Health – TBScience 2024 held in Bali, Indonesia from 12-16 November 2024. He received the NIH/NIAID, USA travel grant to attend the same.
- Mrs. Gayathri Baburaj, presented her research work titled "Competitive Allele-Specific TaqMan PCR to Detect EGFR T790M Mutations for Liquid Biopsy in Lung Cancer" at the 43rd Annual Convention of the Indian Association for Cancer Research (IACR) held on January 19-22, 2024, at Pune.
- Mrs. Gayathri Baburaj presented her research work titled "A Method for Detection of EGFR T790M Mutation for Liquid Biopsy in Non-Small Cell Lung Cancer Patients" at the 3rd International Global Cancer Consortium Conference themed "Current Trends in Tumor Microenvironment & Therapeutics", held from February 3-4, 2024, in Mumbai. Her abstract was selected both for oral and poster presentations.
- Mrs. Anmi Jose presented her research work titled "Enhancing the efficacy of doxorubicin in breast cancer cell lines using abacavir sulphate by targeting KDM5B oncogene: A precision medicine approach" at the 3rd International Global Cancer Consortium Conference themed "Current Trends in Tumor Microenvironment & Therapeutics" held from February 3-4, 2024, in Mumbai.
- Mrs. Anmi Jose presented her research work titled "Abacavir Potentiates the Efficacy of Doxorubicin in Breast Cancer Cells via KDM5B Inhibition" at the Molecular Analysis of Precision Oncology Congress 2024, organized by European Society of Medical Oncology (ESMO) in London, United Kingdom, held from October 16-18, 2024, in London. She received the DST-SERB travel grant to attend the same.

List of ongoing projects/ research grants:

MAHE Research Day 2024

Centre for Animal Research, Ethics and Training (CARET)

Address: Kasturba Medical College, Manipal, District – Udupi, 576104, Karnataka.
Phone Number: 7892573537
Email (Centre): caret@manipal.edu **Email (Coordinator):** nandakumar.k@manipal.edu

Year of Establishment of the Centre: October 2024
Name of the Coordinator: Dr K Nandakumar
Members: Dr Amrita Parida, Dr Rahul Dutta, Dr Jagnoor Singh Sandhu

Brief About the Centre:

Vision:

The Center for Animal Research Ethics and Training (CARET) envisions becoming a global leader in fostering humane, ethical, and scientifically robust animal research practices. By integrating comprehensive training programs with cutting-edge research methodologies, CARET aims to bridge the gap between ethical principles and experimental precision.

The center aspires to cultivate a new generation of researchers who are not only proficient in advanced experimental techniques but also deeply committed to minimizing animal suffering. Through collaboration, innovation, and education, CARET seeks to set new benchmarks in ethical animal research, ensuring sustainability and scientific excellence across diverse disciplines.

Mission:

To train research scholars and other professionals in the ethical and scientific aspects of animal experimentation, ensuring they are well- prepared for humane and rigorous research practices.

Objectives:

1) Provide foundational and practical training in animal welfare, ethical research, scientific methodology, and routine experimental procedures.
2) Offer advanced training in specialized areas, such as animal behavioural testing, while promoting humane and ethical practices in all aspects of research.
3) Collaborate with academic and research institutions, both nationally and internationally, to foster a culture of ethical and scientifically sound research.

Activities at the Centre: Date	Activity	Participants	Remarks
15 October 2024	Field visit by MSc students from MSLS	40	Students from MSLS visited CARET and were introduced to the concept of animal housing requirements and other important aspects related to lab animals.
21 November 2024	Workshop "Advanced Techniques in Pre-Clinical Cardiovascular Research"	24	One-day workshop providing hands-on experience to delegates on drug screening and discovery methodologies.

Activities at the Centre: Date	Activity	Participants	Remarks
02 December 2024	(Event ID – KMC MA1283) Webinar "Regulations on Animal Experimentation"	> 300	The program aimed to provide an in-depth understanding of animal experimentation regulations and ethical guidelines crucial for researchers

Centre for Advanced and Translational Theranostics (CATT)

Address: Manipal College of Pharmaceutical Sciences (MCOPS), MAHE, Manipal
Phone Number: +91 82029 22482
Coordinator Email: ss.mutalik@manipal.edu

Year of Establishment of the Centre: 15 October 2024
Name of the Coordinator: Dr Srinivas Mutalik

Members:

1. Dr Sajan D George, DAMP, MAHE, Manipal
2. Dr Sanjay Bharati, MCHP, MAHE, Manipal
3. Dr Nandakumar K, MCOPS, Manipal
4. Dr Usha Y Nayak, MCOPS, Manipal

Brief About the Centre:

Vision:
Excellence in research and development in novel drug delivery, nanomedicine, and theranostics

Mission:
To create a unique platform for conducting research and training activities in drug delivery, nanotechnology, and theranostics, and to add value to the ongoing research.

Aim:
To create a unique platform to develop, evaluate, validate, scale up, and commercialize products/formulations/technologies in advanced and translational theranostics.

Objectives

1. Product Development: Development of innovative and Advanced Theranostics (AT)for treating and diagnosing various diseases with the help of funded projects and industry support.
2. Research Output and Commercialization: To attain high-quality publications, IPRs, funding, technology transfer, and commercialization of products with the help of industries.
3. Translational Theranostics: To undertake translational theranostic projects with the help of laboratories, hospitals, clinicians, ethical committees, funded projects, and industries.
4. State-of-the-Art Facility: Establish a state-of-the-art facility for producing and characterizing AT, including 3D printing technologies for personalized Nanomedicine and tissue-engineered scaffolds.
5. Interdisciplinary Cooperation: Foster interdisciplinary cooperation and facilitate knowledge exchange among practitioners and researchers, training next-gen researchers, and add value to ongoing research.

Activities at the Centre:

- Course work: Nanotheranostics: Overview, Concepts, and Experimentation
- Conducting workshops/seminars/training sessions

Research Activities:

- Executing funded projects
- Publishing and presenting research findings
- PhD/MPharm projects
- Collaborative research

List of Ongoing Projects/Research Grants:

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
1	Development of Novel Treatment Mode for Schizophrenia and Bipolar	ICMR, New Delhi	Dr Srinivas Mutalik	2, 51,00,000 INR	2024

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
	Disorder using Asenapine Maleate				
2	Addressing Anemia in Women and Children with Intervention of Effective, Budgeted, and Novel Nanomedicine Technology for Oral Iron Delivery	ICMR, New Delhi	Dr Srinivas Mutalik	40,06,000 INR	2024

Manipal College of Nursing, Manipal

Address: Madhav Nagar, Manipal
Phone Number: 0820 – 2922443
Email (Office): office.con@manipal.edu **Dean:** judith.n@manipal.edu

Name of the Dean: Dr Judith Angelitta Noronha

Established: 1990

Details of Programs Offered by the Institution:

- Basic BSc Nursing
- Basic BSc Nursing MAHE-UNB Dual Degree Program
- Post Basic BSc Nursing
- MSc Nursing in 5 specialities
- Nurse Practitioner in Critical Care
- PhD Nursing

About the Institution/School:

Manipal College of Nursing (MCON), Manipal, established in 1990, is one of the leading institutions in India for Nursing Education and Research. The mission statement of MCON is consistent with that of its parent organization, Manipal Academy of Higher Education. The Vision and Mission statements of MCON Manipal respectively are: To be a world class nursing institution with international standards and a hallmark of excellence in Nursing Education, Practice and Research and Excellence in nursing education, healthcare services, research and commitment to human development'. MCON functions with the values: Quality, Commitment, Accountability, Team Work, Loyalty, Integrity and Humane Touch. The college is certified by ISO 9001:2015; 14001:2015; ISO 50001:2011. MCON Manipal has been ranked #1 nursing college in India among India's top 10 undergraduate courses and institutions for BSc Nursing (Source: Education World India - Higher Education India dated: 27 May 2023 and its strives to maintain this remarkable achievement in 2024-25). MCON Manipal is one of the four Nursing Institutions in India whose degree is approved by Singapore Nursing Board. Core Objectives: To offer professional education of high pedagogic excellence; optimal learning environment and opportunity for personal and professional growth. To encourage community participation and interaction with National and International healthcare organizations. To develop professional competency and research skills in students and faculty. Speciality Areas: The college houses six clinical nursing departments to cater to the academic needs of the students. The Clinical Nursing departments are – Fundamentals of Nursing, Community Health Nursing, Obstetrics and Gynaecology Nursing, Child Health Nursing, Medical Surgical Nursing, and Mental Health Nursing.

Institutional Activities/Curricular Activities
New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Curriculum on Gender Inclusive Healthcare	Implementation of the LGBTQIA+ Inclusive Healthcare Curriculum for undergraduate students at health sciences institutes at the university specially for Nursing students. This curriculum was developed as part of an ICMR-funded project which enhances the UN sustainable goals by addressing the healthcare needs of LGBTQIA+ individuals.	01 January 2024 to 31 December 2024
2	Peanut Ball Device for labour management	Peanut Ball Device for labour management in the labour room of Kasturba Hospital, Manipal	01 May 2024 to 31 Dec 2024
3	Memorandum of Understanding to have Industry Partnership	Collaborated with Lenmed Nursing College, Proprietary Limited, South Africa recently and signed the memorandum. Accordingly, the first phase of online ICU short learning Program on Cardiovascular System and Central Nervous System nursing for the staff nurses at Lenmed South Africa was held in the month of October (14 to 18 October 2024) and November (11 to 15th November 2024) respectively.	14 October 2024 to 15 November 2024

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	International Students Clinical Placement 2024	Six students of MGH Institute of Health Professions, Boston visited MCON, MAHE Manipal. The students were accompanied by Professor Dr Elissa Ladd and Dr Kaveri Roy from the MGH Institute of Health Professions. The students were provided various experiences at Hombelaku, psychiatric rehabilitation, psychiatric wards, critical care units, emergency units, antenatal, and postnatal areas, infertility clinics of pediatric wards, NICU, Access Life Assistance Foundation, Ayurveda, and yoga departments of Kasturba Hospital. Students were also given the experience of community settings, including the Primary Health Center and Anganwadi Center. Dr Elissa Ladd and Dr Kaveri Roy were involved in the various academic programs during the visit, which included the symposium on wound care, the National Conference of MCON	02 to 24 January 2024

Sl No	Activity	Particulars	Date(s)
		2024, and a guest lecture on integrating intersectionality in nursing education.	
2	International Mobility Program	As part of the International Mobility program, MCON faculty Dr Shashidhara YN and fourth-year BSc Nursing students, Shaina Tauro and Melin Mathew visited the University of Stavanger, Norway, with the support of Erasmus Plus funding. They could visit the University of Stavanger and nursing homes and got an opportunity to get clinical experience for 60 days at various nursing homes. This was one of the best international student mobility opportunities for MCON, MAHE, Manipal.	27 January 2024 to 29 March 2024
3	27th Management Review Meeting of IMS of MCON and MSON Manipal	a) Fulfillment of its compliance obligations b) Significant environmental aspects c) New potential opportunities for continual improvement. Other matters were discussed	29 January 2024 to 29 January 2025
4	World Leprosy Day	Leprosy is a chronic infectious disease caused by a type of bacteria, Mycobacterium leprae. The disease predominantly affects the skin and peripheral nerves. Left untreated, the disease may cause progressive and permanent disabilities. This International Day of World Leprosy is an opportunity to raise awareness of the disease and call for an end to leprosy-related stigma and discrimination. World Leprosy Day always takes place on the last Sunday of January. This date was chosen by French humanitarian, Raoul Follereau as a tribute to the life of Mahatma Gandhi, who did much work with people affected by leprosy and died at the end of January 1948. As a part of World Leprosy Day, 4th year BSc Nursing students of MCON and the Department of Community Health Nursing collaborated with the NSS Unit of MCON to organize an essay writing competition on the theme “Innovative Strategies to Beat Leprosy”.	03 February 2024
5	World Cancer Day 2024	World Cancer Day is celebrated every year on 4 February to create awareness of cancer and its prevention. Between 2022 and 2024, the focus of World Cancer Day was to help “close the cancer gap.” This year marks the third and final year of the campaign. The theme for this year is “Together, we challenge those in power.” This theme encompasses the global demand for leaders to prioritize and invest in cancer prevention and care and do more to achieve a just and cancer-free world. On behalf of the cancer awareness	04 February 2024

Sl No	Activity	Particulars	Date(s)
		programme, the Department of Community Health Nursing and students of 4th year BSc Nursing, MCON, MAHE, Manipal, conducted a radio awareness program on cancer and its prevention. The programme was broadcasted by Community Radio, Manipal, at 90.4 MHz. The department also organized a cancer awareness programme, at PU College Moodubelle.	
6	Awards and Annual Day 2024	The 34th Awards and Annual Day of MCON, MAHE, Manipal was organized. The chief guest of the day, Dr Deepika Cecil Khakha, Nursing Advisor, Directorate General of Health Services (DGHS), Ministry of Health and Family Welfare, Government of India, emphasized that any educational institution thrives on four pillars: diligence, perseverance, passion, and resourcefulness, which help to achieve impressive milestones and earn reputable standing. She highlighted the importance of core essentials of the nursing profession like compassion, professionalism, and teamwork, emphasizing resilience, adaptability, and leadership.	16 February 2024
7	International Observership Programme – University of Northern Denmark	Twelve students along with Professor Tanja Chræmmer and Professor Rikke Brændgaard Sørensen faculty from the University of Northern Denmark visited MCON for International Observership program. They have visited various medical-surgical, pediatric, and OBG wards, and labour rooms. The students also visited Dr TMA Pai Rotary Hospital, Karkala, to get an experience of various hospitals in Karnataka. The students and faculty of Denmark conducted health education on hand hygiene at various schools and in the Anganwadi. They demonstrated germs on the hands using technology and highlighted the importance of handwashing to the schools and Anganwadi children. They also experienced the culture of Udupi district, which was shared by Dr Prashant Shetty, Department of Humanity and Philosophy. The Department of Yoga and Ayurveda shared other healthcare practices in India.	19 February 2024 to 01 March 2024
8	Street Play on Drug Abuse	The use of tobacco, alcohol, and other substances is a global problem and affects many children and adolescents. To create awareness about drug abuse through drama and humour, team members of the SNA health education committee of MCON presented a street play on "Drug Abuse" near the main gate of KMC. The team mainly portrayed the ill effects of substance abuse and the remedial measures. The total beneficiaries were 20 participants, and they appreciated the efforts of the team.	28 February 2024
9	Capacity Building Workshop on Inclusive Healthcare	MCON, MAHE, Manipal, organized an ICMR-funded "Capacity Building Workshop on Inclusive Healthcare." 30 participants from various disciplines, including the Department of Nursing, Clinical Psychology, Community Medicine, and senior staff nurses from the hospital, attended. The primary objective of the workshop was to promote good health and well-being and reduce inequalities. During the day, seven sessions were deliberated, starting with a keynote session by Dr Sameera Jahagirdar on "Towards Inclusive Healthcare: Navigating LGBTQIA+ Health in India." This was followed by sessions on Introduction to Inclusive Healthcare, Inclusive Communication, Transgender People and Healthcare: The Treatment Management, Mental Healthcare Services for LGBTQIA+, Research and Evidence-based Practice, Interpersonal Communication, and Ethical and Legal Issues in LGBTQIA+. The speakers for these sessions were Dr Mamatha S Pai, Professor, and	05 March 2024

Sl No	Activity	Particulars	Date(s)
		Principal Investigator of the Project, MCON, Manipal Dr Deeksha Shetty Research Assistant , Dr Bhavana B Bhat, Dr Nirmal Krishnan M, Mr Renjulal Yesodharan, Dr Latha T, Associate Professor and Co-Investigator of the Project, AIIMS, Kalyani, and Dr Vikram Palimar, HOD and Professor, and a co-investigator of the project, KMC, Manipal.	
10	World Tuberculosis Day – 2024	World Tuberculosis Day is observed each year to raise public awareness and understanding about one of the world's deadliest infectious killers, TB, and it's devastating health, social, and economic impact on people around the world. The Department of Medical-Surgical Nursing, MCON, MAHE, organized an awareness program, at Labour Colony, Pragathi Nagar Manipal, as part of World Health Day 2024. The awareness program (Mime) was hosted by the NSS unit of MCON and was based on the theme 'Yes! We can end TB' to raise public awareness about tuberculosis.	23 March 2024
11	International Faculty Engagement	Department of Child Health Nursing, MCON, MAHE, Manipal, organized a guest lecture on the topic "Competency Framework for Clinical Learning" by Ms Olga Gershuni, Lecturer at Fontys University of Applied Sciences (Eindhoven, the Netherlands), Mental Health Program Director and Strategic Advisor at Health Tech Without Borders Researcher and PhD Candidate at Maastricht University, the Department of International Health (Maastricht, the Netherlands)	28 March 2024
12	World Health Day – 2024	The Department of Community Health Nursing, MCON, MAHE, Manipal, along with the students of 1st year MSc Nursing and 4th year BSc Nursing, observed World Health Day 2024 by organizing various activities such as poster competition, roleplay, and guest lecture on the theme "My health, my right."	04 April 2024
13	National Safe Motherhood Day – 2024	The Department of Obstetric and Gynecological Nursing, MCON, observed National Safe Motherhood Day 2024 . As part of this day, various activities and programs were conducted, which included a safe motherhood awareness session, a college competition, a competition on concept writing, and reflective writing. An awareness session on "Safe Motherhood " was organized for VI semester BSc Nursing students.	11 April 2024
14	International Faculty Visit to MCON	Prof VanSlyke, a Teaching Professor at the University of New Brunswick Faculty of Nursing, visited MCON, Manipal, as part of the Shastri Faculty Collaboration and Internationalization Project and engaged in various activities aimed at enhancing collaboration and understanding between the institutions. Prof Stephen interacted	15 to 27 April 2024

Sl No	Activity	Particulars	Date(s)
		with the students in their clinical area to grasp their clinical learning experiences and conducted orientation sessions for MAHE-UNB dual degree students. Exploratory visits were made to the culinary museum, Yoga, Ayurveda, and Sidha departments, as well as to the village and Primary Health Centre to understand community dynamics and student initiatives. Sessions on scholarly writing and NCLEX preparation were conducted. Additionally, he visited the Mental Health Unit and Centre for Online Learning, while also contributing through a guest lecture on reflection for first-year MSc Nursing students, emphasizing its significance in learning enhancement. Prof Stephen's visit fostered deeper collaboration and knowledge exchange between the institutions.	
15	CNE conducted at Al- Salam Al-Assima Hospital, Kuwait	MCON, MAHE, Manipal, conducted six days of continuing nursing education (CNE) on leadership in nursing at Al Salam International Hospital, Kuwait, Dr Mamatha S Pai, Professor, Department of Child Health Nursing, and Mr Renjulal Yesodharan, Assistant Professor- Senior Scale, Department of Psychiatric (Mental Health) Nursing, MCON took the sessions. Thirty-five middle-level nursing managers (Ward in- charge and team leaders) completed the CNE and obtained certificates.	27 April 2024 to 02 May 2025
16	World Hand Hygiene Day 2024	The Department of Fundamentals of Nursing, MCON, observed World Hand Hygiene Day. The theme for the year 2024 is Accelerate Action Together; Save Lives – Clean Your Hands. Considering the theme for the year, the faculty and Semester 2 Basic Nursing students organized an awareness session on the importance of infection control in hospitals and the steps to be followed for hand hygiene for the nursing aides in Goretti Hospital, Santhekatte, Udupi.	06 May 2024
17	International Midwives' Day 2024	The Department of Obstetrics and Gynecological (OBG) Nursing at MCON, celebrated the 'International Day of the Midwives 2024' at Dr TMA Pai Taluk Hospital in Udupi and the Primary Health Care (PHC) Centre in Bailor, Karkala. The theme for this year's Virtual International Day of the Midwife (VIDM) 2024, designated by the International Confederation of Midwives (ICM), was "Sustainable Midwifery: Caring for Tomorrow's World." As part of this celebration, awareness sessions and practical demonstrations were conducted for nurses, midwives, and Community Health Officers (CHOs). These sessions emphasized sustainable midwifery practices.	07 and 08 May 2024

18	International Nurses' Day Celebration 2024 	MCON and Manipal School of Nursing Manipal (MSON) have conducted various activities in commemoration of International Nurses' Day 2024, coinciding with the birth anniversary of Florence Nightingale, the pioneer of modern nursing. The theme selected by the International Council of Nurses for 2024 is "Our Nurses. Our Future. The Economic Power of Care." Two distinguished nurses, Ms Vivian Wilfred Soans, a retired Staff Nurse from Kasturba Hospital, Manipal, and Mrs Sakamma, a retired ANM staff member from Rural Maternity and Child Welfare Home, Kadekar, were honoured for their outstanding contributions to patient welfare and community care services, as well as their support for student learning. Dr Devina E Rodrigues, Professor from the Department of Community Health Nursing at Father Muller College of Nursing, Mangaluru, delivered an impactful session centered around the theme "Our Nurses. Our Future. The Economic Power of Care.	10 May 2024
19	Advanced Skill Lab Critical Care Competency Workshop 	The Department of Medical-Surgical Nursing, MCON (MCON), Manipal Academy of Higher Education (MAHE), in collaboration with the Indian Society of Critical Care Medicine, Manipal branch, organized a two-day "Advanced Skill Lab Critical Care Competency Workshop" for faculty and PG Nursing students (NPCC and MSc). The second day's session began with Dr Vimal Krishnan, Additional Professor, Department of Emergency Medicine, KMC Manipal, on the topic of trauma assessment. He led an engaging and dynamic session, seamlessly integrating theoretical concepts with practical, scenario-based learning. Ms Teena Sharon, Nurse Practitioner in Critical Care, Kasturba Hospital, Manipal, presented a detailed session on organ transplantation, including the medical procedures, ethical considerations and patient care. A session on POCUS for shock was presented by Dr Vishal Shanbhag, Associate Professor, Department of Critical Care Medicine, KMC Manipal, with several real-life examples suggesting that it provides valuable knowledge and practical insights into using ultrasound technology to diagnose and manage shock effectively.	31 May 2024 to 01 June 2024
20	MAHE Health Science Research Day 	Faculty and students of MCON participated in MAHE Health Science Research Day. It was a day filled with events meant to showcase the research being done at MAHE, under the events, INSPIRE Juniors, Undergraduates, Postgraduates and Professionals, build COLLABORATION and ENRICH research knowledge and skills.	08 to 09 June 2024

25	First responder workshop	The first responder workshop on multiple trauma wound management was organized by the Manipal Center for Interprofessional Advanced Wound Care, the Center for Resuscitation, Acute Care and Simulation Training (CReST), and the Center for Clinical and Innovative Forensics. The workshops used simulation to build capacity, which is urgently needed to ensure prompt and efficient initial care, which can significantly lessen the severity of injuries and even save lives. By stabilizing patients, wisely allocating resources, and averting problems, trained responders can increase community resilience in emergencies. The program was officially opened by Mr Parameshwar A Hegde, the Additional Superintendent of Police, Udupi. The case-based simulation was used by emergency medicine professor Dr Vimal Krishnan and nurse practitioner Mr Prasannakumara of Kasturba Hospital Manipal to place participants in first responder roles throughout various trauma situations. Dr Vimal emphasized the "Communicate-Awareness-Regulation-Education" (CARE) methodology. This model places a strong emphasis on the value of effective communication, situational awareness, knowledge of legal terminology, and ongoing education.	19 July 2024
26	Summer School Program	The Pillar II Exemplary Research & Innovation and Student Research Forum of MCON, in collaboration with MAHE SRF and Directorate of Research, MAHE, Manipal, conducted the Summer School Program on the topic “Randomized Controlled Trials: Plan, Implement, Report”. The sessions focused on attaining Quality Education. Dr Sonia R B D’Souza, Professor and HOD, Department of Obstetrical and Gynecological Nursing, explained the principles, types, characteristics, and elements of RCTs on Day 1. Mr Anil Raj, Assistant Professor, Department of Medical-Surgical Nursing, MCON, MAHE, Manipal elaborated on the randomization process (sequence generation and allocation), blinding, and drawbacks of RCTs on Day 2. Dr Shalini Ganesh Nayak, Assistant Professor - Senior Scale, Department of Medical-Surgical Nursing, explained reporting guidelines/CONSORT, and the appraisal of RCT. She explained each component of the CONSORT checklist for reporting RCT on Day 3.	22 to 24 July 2024

Brief About the Centre:

Vision:

The vision of the Manipal Interprofessional Advanced Wound Care Centre is to become a centre of excellence committed to providing top-notch interprofessional education on wound care and improving patient-centered outcomes and treatment through innovative knowledge mobilization efforts.

Mission:

Our mission is to provide medical and nursing professionals with the knowledge and abilities necessary to provide holistic care by providing them with the most recent developments in wound care, working and learning with, from, and about each other.

Objectives:

- To equip students with core competencies in interprofessional wound care.
- To sensitize students toward a multicultural understanding of infected wound care.
- To promote effective collaboration among health sciences professionals toward wound care and patient education in the clinical arena.
- To carry out research and development in the area of the IP approach to wound care.
- To attract industry-academia collaboration and funding.
- To conduct international and national scientific programs.
- To invite postdoctoral fellows in areas of innovative practices in image-based Artificial Intelligence in wound assessment and evaluation to improve quality assessment and wound care workflow.

Activities at the Centre:

- Pre-Conference Skill-Based Workshop on 'Interprofessional Advanced Wound Care', during the National Conference on Nurse-Led Development for Sustainable Healthcare in India, held on 17 January 2024 from 2:00 to 5:00 PM at CCEID, 5th Floor, Health Sciences Library, MAHE. A total of 39 participants attended.

Name of the Principal: Dr Leena Sequira

Established: 1959

Details of Programs Offered by the Institution:

- Diploma in Nursing and Midwifery

About the Institution/School:

Manipal School of Nursing (MSON) made a humble beginning in 1959, inspired by the insight and wisdom of our founder Dr TMA Pai, who worked relentlessly with the conviction that "education helps to remove the ills of society." The government aid was minimal, if any. The school took its first steps as the Auxiliary Nurse Midwives training centre and was later upgraded to a General Nursing and Midwifery training centre in 1962. The professional educational program is geared to prepare nurses to meet the health needs of the individuals, family, community, and the country at large. The scope of diploma nursing is very vast and includes practice in hospitals, communities, industry, air force, navy, army, hospitality sector, education, administration, and many others in the country and abroad. It also forms a strong foundation for advanced courses in nursing. The MSON is recognized as a centre for KSDNEB examinations, with about 700 students from 10 institutions cross Udupi district attending the theory examinations here. The school is also certified by ISO 9001-2015 and Integrated Management System and accredited by the Karnataka Nursing Council and Indian Nursing Council. The annual sanctioned intake of the school is 60 students, with 10 percent seats reserved for government-sponsored candidates and 5 percent reserved for boys. The final year result in the last academic year was 97 percent.

Institutional Activities/Curricular Activities

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Annual Day and Lamp Lighting Ceremony	The Annual Day and Lamp Lighting Ceremony of MSON, MAHE, Manipal was held on Thursday, 14 March 2024. Ms Olga Gershuni, Lecturer, Fontys University of Applied Sciences, Eindhoven – the Netherlands, was the chief guest for the program. She congratulated the students who lit the lamp and addressed the importance of the ritual. She also emphasized the qualities of a professional nurse, highlighting that education is not just the acquisition of knowledge but also shapes the character of a person, and the power of holistic care helps a nurse to become empathetic and kind. Dr Judith A Noronha, Dean, MCON, MAHE, Manipal, in her presidential address, advised the students that nursing is an art that is admired by others. She also emphasized the importance of the nursing profession for upcoming nurses. Mrs Saraswathi Hebbar, Lecturer, Manipal School of Nursing, Manipal, welcomed the gathering and introduced the chief guest. Dr Leena Sequira, Principal, Manipal School of Nursing, Manipal, presented the annual report of the School for the year 2023. Meritorious students from various batches were awarded. Ms Supriya proposed a vote of thanks. The entire program was compared by Ms Shanthi Pinto, Assistant Lecturer, Manipal School of Nursing, Manipal. The formal function was followed by a cultural program by the students and faculty. The program concluded with the national anthem.	14 March 2024
2	Seminar on " Updates in Health Care Management"	Manipal School of Nursing, MCON, MAHE, Manipal organized a seminar on “Updates in Health Care Management” on 22 July 2024 from 8:00 AM to 12:00 PM for final-year DNM students. The chief guest of the program was Dr Anice George, Professor and Head – Research and Collaboration, MCON, MAHE, Manipal. Dr Leena Sequira, Principal, MSON, MCON, MAHE, Manipal, introduced the chief guest and welcomed the gathering. Dr Judith A Noronha, Dean, MCON, Manipal, addressed the participants with motivational words, encouraging them to be better caregivers and to pursue higher education. Dr Anice, in her speech, motivated students to learn about new technologies in the healthcare system and advised them to take responsibility for updating themselves. The first session was on “Legal and Ethical Issues in Patient Care,” by Dr Savitha Prabhu, Assistant Professor (Senior Scale), MCON, MAHE, Manipal. She highlighted the ethical principles and legal responsibilities of a nurse and emphasized common ethical issues in patient care. Ms Ranjani P, Assistant Professor (Senior Scale), MCON, MAHE, Manipal, elaborated on “Effective Communication in Health Care,” which included strategies to improve effective communication and appropriate communication etiquette to be followed while working in a healthcare setting. Ms Janet Prameela Dsouza, Assistant Professor (Senior Scale), MCON, MAHE, Manipal, explained the nurse’s role in the administration of medication. She discussed the rights and routes of drug administration, and also stressed medication errors and how to prevent errors while administering medications. Fifty-eight students participated. The participants expressed that the seminar was interesting and useful for them.	22 July 2024

Details of Guest Visit (lectures, collaboration, visitors on campus)
Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Ms Shaila Lavita D'Almeida	James Paget NHS Trust, London	MSON, MAHE, Manipal, organized a guest lecture on the topic "Role of a Nurse in Endoscopic Procedures" by Ms Shaila Lavita D'Almeida, Band 5 Registered Endoscopy Staff Nurse, James Paget NHS Trust London (alumnus of MSON – Diploma (N); 2012–2015 batch) on 23 January 2024 at 3:00 PM for third-year DNM students. Ms Shaila shared her experience of handling patients undergoing endoscopic procedures like colonoscopy, gastroscopy, bronchoscopy, ERCP, etc. She enlightened the students by giving instances from her clinical experience. The session was experience-driven and very informative. The lecture was conducted onsite in the classroom of MSON, fifth floor, and 58 students attended the session.	23 January 2024
2	Mr Shrikantha	North Devon District Hospital, Barnstaple United Kingdom	Manipal School of Nursing, MCON, Manipal had organized a guest lecture on the topic "Role of a Nurse in Medical Assessment Unit" by Mr Srikantha, Band 5 Registered Nurse, North Devon District Hospital, Barnstaple, UK, on 16 February 2024 at 8:00 AM for third-year DNM students. Mr Srikantha discussed the working environment and cases encountered in the medical assessment unit. He also stressed on the process of handling emergency cases by using the NEWS scale. He enlightened the participants by giving instances from his clinical experience. A total of 60 participants attended the session. It was a useful and interactive session where participants could acquire knowledge about the medical assessment unit.	16 February 2024
3	Ms Prameela Seravo	NKF Dialysis Center, Singapore	Manipal School of Nursing, MCON, Manipal, organized an Effective Alumni Engagement Guest Lecture Series– June 2024 on "Role of a Nurse in Dialysis Unit" on 1 October 2024 from 3:00 PM to 4:00 PM. Ms Prameela Seravo, Enrolled Nurse, NKF Dialysis Centre, Singapore, highlighted the definition and initial assessment of a dialysis patient, as well as care of the fistula. She emphasized the dialysis procedure and precautions to be taken while handling the client; she also encouraged the audience to discuss dialysis. The target audience comprised 60 thirs-year Diploma Nursing students.	01 October 2024

1	Annual Sport Meet 2024	Manipal School of Nursing, MCON, MAHE, Manipal, conducted its Annual Sports Meet on 20 December 2024 at the MIT ground. Prof Varadesh Hiregange, Professor and HOD, Department of GCPAS, MAHE, Manipal,	20 December 2024

Sl No	Event	Details	Date(s)
		was the Chief Guest of the program. Dr Judith A Noronha, Dean, MCON, MAHE, Manipal, also graced the occasion. The program commenced at 8:30 AM with a march past by the students of MSON, accompanied by the band troupe of TMA PAI EMHS School, Kunjibettu, followed by the introduction of the teams to the Chief Guest by Ms Shanti P, Assistant Director, Department of Physical Education, KMC, MAHE, Manipal. The invocation was followed by a welcome and introduction of the Chief Guest by Dr Leena Sequeira, Principal, MSON, MCON, MAHE, Manipal. Prof Varadesh Hiregange addressed the gathering and officially declared the Sports Meet 2024–25 open. He spoke about the advantages of sports activities and said that rather than using the term "sportsman", we could use the word "sportsmanship". He said that there are no losers in sports, as all participants benefit from the activities. Prof Varadesh concluded his speech by acknowledging the care and compassion of nurses and congratulating everyone. The event progressed with a torch ceremony by the students. The solemn oath for the event was taken by Mr Hilton Lawrence Noronha, Sports Secretary and third-year Diploma student, MSON. The program concluded with the felicitation of the band troupe students and their teacher by the Chief Guest. Appreciation awards were given to the students who had won competitions at the university level. Mrs Saraswathi Hebbar, Lecturer, MSON, MAHE, Manipal, delivered the vote of thanks. Ms Sania Dsa and Ms Tenzin Lhadon were the masters of ceremonies for the program. The running events comprised the 100m, 200m, 400m, and 4x100m relay. The jump events included the long jump and high jump. The throwing events—discus, shot put, and javelin throw—were conducted. In addition, a few events for the faculty were held. The position holders were felicitated at the victory stand by different dignitaries. The valedictory ceremony began at 4:15 PM. Dr Binil V, Additional Professor and HOD, Department of Psychiatric Nursing, was the Chief Guest. Mrs Soumya Alex, Assistant Lecturer, MSON, welcomed the gathering. Dr Binil V addressed the students and congratulated them. The individual championship for the year in the men's category was won by Mr Unnath A Amin from the third year, and in the women's category by Ms Manya from the first year. Mr Unnath A Amin won the Best Outgoing Men trophy and Ms Shreya D won the Best Outgoing Women award for the year 2024–25. The program ended with a vote of thanks by Mr Hilton Lawrence Noronha. Ms Annette, second-year Diploma student, was the master of ceremony for the valedictory program. The event contributed to Sustainable Development Goal 3: "Good Health and Wellbeing."

The event saw 26 registrants, with 25 attending all sessions. The workshop featured talks on lifelong health through exercise, fitness components, and exercise safety and risk management. Participants engaged in hands-on demonstrations of aerobic exercise testing and activities to elevate cardiovascular performance.	09 February 2024
3	Physical Activity Measurement Workshop	A physical activity measurement workshop was held on 23 March 2024, with 21 participants from various locations including Chennai, Mumbai, Amritsar, and several MAHE institutions. The workshop aimed to exchange and spread knowledge about measuring and promoting physical activity.	23 March 2024

Sl No	Activity	Particulars	Date(s)
		The event featured presentations on the impact of the COVID-19 pandemic on physical activity, methods of measurement, and their pros and cons. Sessions included demonstrations of accelerometers discussions on measuring physical activity in children and real-time observations.	
4	Sporticon-2024 International Conference	The Sporticon '24 Conference was held from 24 to 25 August 2024, celebrating the 10th anniversary of the Department of Exercise and Sports Science at MCHP, MAHE. The event focused on injury prevention, performance enhancement, and athlete health, featuring sessions on rehabilitation, strength and conditioning, exercise physiology, sports biomechanics, and physical activity. Panel discussions covered the evolution of sports science in India and emerging technologies. The conference facilitated knowledge exchange among professionals, offering internship and employment opportunities for students and fostering industrial collaboration. With around 130 attendees and 26 alumni, the event highlighted the department's strong community.	24 to 25 August 2024
Health Information Management			
1	Capacity building program on "Universal Health Coverage - Advanced Healthcare Financing: Real-world applications from theory to practice"	Postgraduate students, Research Scholars, and the Faculty of Departments of Health Information Management, MCHP, participated in a comprehensive four-day workshop from 5 to 8 November 2024. The workshop, conducted by the India chapter of WHO, delivered practical and interactive sessions to the participants to enhance their understanding of healthcare financing under Universal Health Coverage. The workshop, jointly hosted by three institutions of MAHE, the Department of Commerce, PSPH, and MCHP, provided a unique opportunity for the participants to delve into advanced healthcare financing models, a core component of effective health information management. By bridging theory with real-world applications, participants gain insights into financial strategies that impact patient care, resource allocation, and overall healthcare delivery.	05 to 08 November 2024
Medical Imaging Technology			
1	Adjunct faculty talk	The Department of Medical Imaging Technology, MCHP, MAHE, Manipal organized an adjunct faculty talk by Dr Leena R David on the topic "Crafting the future generations of Medical Imaging Professionals", on 07 February 2024, 02.00 PM in the smart classroom through MS Teams. Dr Leena R David secured her PhD degree from the University of Salford in the year 2020 and is currently working as a lecturer in the Department of Medical Diagnostic Imaging at the College of Health Sciences, University of Sharjah.	07 February 2024

		high-pressure environment of the Olympic Games. Ms Karnawat highlighted the crucial role of physiotherapy in optimizing performance, preventing injuries, and ensuring recovery during such a prestigious event. The lecture offered invaluable insights into how physiotherapists contribute to the success of athletes at the highest levels of competition, underlining the importance of comprehensive care in sports performance.	
18	"Train the trainers" program on the occasion of the International Day for Persons with Disabilities, 2024.	The Department of Physiotherapy at MCHP organized the "Train the trainers" program on the occasion of the International Day for Persons with Disabilities 2024 on 26 November 2024 at Asha Nilaya. This program aimed to empower teachers and caretakers with the necessary knowledge and skills to effectively support individuals with disabilities.	26 November 2024
19	Open house event "Reimagining roles of health professionals: amplifying leadership and advancing inclusion through student-led projects" in celebration of the International Day of Persons with Disabilities	The Department of Physiotherapy, MCHP in collaboration with the Centre for Comprehensive Rehabilitation, MAHE organized an Open house event "Reimagining roles of health professionals: amplifying leadership and advancing inclusion through student-led projects" on 03 December 2024 at the Department of Physiotherapy, II floor, MCHP. This event was a great opportunity for students to learn, engage, and contribute to raising awareness about inclusivity and accessibility. The open house showcased innovative, student-led projects that redefined the role of health professionals in promoting leadership, inclusion, and sustainability for persons with disabilities. The event explored how students are fostering awareness and advocating for equity through creativity and collaboration.	03 December 2024

Sl No	Activity	Particulars	Date(s)
20	Workshop on "Clinical neurodynamics" 	The Department of Physiotherapy, MCHP organized a workshop on "Clinical neurodynamics" by Dr Kiran Challagundla, Head Physiotherapist, Indian Badminton Team from 10 to 13 December 2024 at Postgraduate Research laboratory, II floor, Department of Physiotherapy, MCHP. The workshop covered a wide range of topics, including neurodynamic assessment techniques, treatment strategies, and condition-specific management of musculoskeletal and neuropathic conditions. Participants gained hands-on experience in neurodynamic testing and learned advanced techniques for diagnosing and treating peripheral neuropathy and other orthopaedic conditions. The workshop highlighted the importance of integrating neurodynamics into physiotherapy practice to enhance patient care.	10 to 13 December 2024
Prosthetics and Orthotics			
1	Industrial visit 	On 12th September 2024, eight students and two faculty of MCHP, visited Ottobock, Mangaluru, for an insightful industrial visit.	12 September 2024
2	Adjunct faculty talk: Prosthetics – the future is now 	Event title: Adjunct faculty talk: Prosthetics – The future is now. Date: 26 September 2024; Venue: MMMC Tower, Smart Classroom Participants: 50+ students from Physiotherapy, Exercise Sports Science, and Prosthetics and Orthotics	26 September 2024
3	International prosthetics and orthotics day celebration	An online session regarding common clinical cases and general awareness was taken by guest faculty: Mrs Urmila Naukudkar, AIIPMR – Mumbai. Students from the Department of Physiotherapy and Physician Assistants also attended the event.	11 November 2024

1	Nexus- Phase 2	Inter Batch Sports events of MCHP	18 January 2024
2	Fit MCHP	On 5 October 2024, Saturday the sports committee of MCHP MAHE organized the Fit MCHP event near the MMMC stairs. The event mainly contained the following activities Tic - Tac -Toe, focus game, balancing relay, broad jump, plank, push up, and juggling the ball. The event was a very successful one as many students and faculty members visited and participated in one or more activities. Students from various departments along with teachers tested their physical fitness through these activities. The participants enjoyed the event and many of the participants set new records. The record holders were given a special at the end of the event. The sports committee along with the student council did a fabulous job in arranging the event. Overall, the event was a big success with a wholesome new experience.	05 October 2024

1	National Youth Day	The National Youth Day is celebrated every year on the birth anniversary of Swami Vivekananda to honour his teachings and ideals who was born on 12 January. This day is dedicated to promoting education and inspiring the upcoming generations with the teachings and morals of Swami Vivekananda. The editorial board of MCHP hosted a unique interaction for the students of MCHP to celebrate the spirit of youth, the "Blindfold conversations".	12 January 2024
2	Symphony icebreaker session	The icebreaker session for symphony was held on 22 August 2024, featuring three interactive and creative activities that encouraged participants to engage with music in unique ways. The session started with a brief introduction of each member, wherein people expressed their particular area of interest in music. The activities conducted were as follows: 1. Guess the song with emojis, 2. State a song for the situation, and 3. Original composition challenge. The session was concluded with a small orientation session, orienting the members about the rules and regulations of the club and its meetings. It was also intimated to follow the Instagram page for updates regarding future events of the club. Conclusion: The icebreaker session was a great success, fostering camaraderie, creativity, and a deeper appreciation for music. Each activity allowed members to express their musical knowledge, tastes, and talents in a fun and supportive environment, setting a positive tone for future club meetings.	22 August 2024
3	Thespians icebreaker	To introduce the new members to the club, Thespians held an icebreaker session on 24 August 2024 from 17:30 to 19:30 at SH3 in MCHP. The members introduced themselves to each other and were given a brief of the events of the club and what to expect. They bonded over a game of mad ads and a round of showing their favourite poses. This session was a success.	29 August 2024
4	Icebreaker session	The Literary Club started off the academic session (2023-24) with an icebreaker session on the 2nd of September, with its club members. Members were given a brief about the general workings of the club, and activities that were conducted over the previous academic year (2023-24). They were also introduced to the upcoming activities planned for the club. The freshers were also introduced to the cultural events that the college is an active participant in, namely the college's very own cultural fest Pulse, and the inter-MAHE Utsav competition. The meeting concluded with all the club members mingling amongst themselves.	02 September 2024

5	Symphony x Hult Collaboration	On the 3 of September, the Music Club Symphony collaborated with the HULT prize organization to host a successful Game Night, enriched by live musical performances. The event commenced at 7:00 pm, offering participants an engaging and dynamic blend of entertainment and music. The evening's musical performances were headlined by Riana and Kaaviyaa, whose live sets provided an enjoyable and immersive atmosphere, complementing the night's activities. Their performances were met with enthusiasm, adding a professional and lively ambiance to the event. To foster greater community engagement, the event also featured an open mic session, encouraging attendees to participate and showcase their musical talents. The collaboration between the Music Club Symphony and the HULT prize organization proved to be a resounding success, effectively combining live music, interactive sessions, and gaming to create a memorable and enriching experience for all attendees.	03 September 2024
6	Teacher's Day Celebration	On 5 September 2024, Sharada Hall was abuzz with joy as we celebrated Teacher's Day at 4 pm. The event began with a warm welcome to all teachers, followed by a special token of appreciation presented to Dr G Arun Maiya, our esteemed Dean, and the Associate Deans. Their dedication and leadership have significantly enriched our educational environment. The celebration featured an array of lively activities, including a fun quiz, an energetic round of antakshari, and a creative game of Pictionary. The entertainment continued with a soulful performance by Symphony, who captivated us with their renditions of evergreen songs, adding a touch of nostalgia and elegance to the evening. The festivities concluded with refreshments, offering a chance for attendees to relax and enjoy each other's company. It was a memorable and fitting tribute to our teachers, blending gratitude with a delightful and engaging program.	05 September 2024
7	Symphony Western song-writing workshop	The Western Songwriting workshop of Symphony was held on 23 September 2024. We are excited to share that the Symphony Western Songwriting workshop was a resounding success, led by our talented students, Elisheba (BOT, PG student) and Melvyn (BPT, intern). Both have extensive experience in songwriting and have crafted their songs, making the workshop incredibly insightful. The session began with a brief introduction of all the members, fostering an engaging discussion about personal experiences with songwriting and the artists that inspire us. A highlight was when one of our participants Chris D'Souza shared one of his original songs, which sparked even	23 September 2024

		more creativity in the room. The event concluded with two enjoyable and enlightening songwriting activities that left everyone feeling inspired and eager to write. The activities conducted were as follows: 1) Create a parody of a rhyme and 2) Write your song. The session concluded with each team performing their song, featuring a member on guitar, followed by a lively discussion about their songwriting process. Conclusion: Overall, the workshop was a tremendous success-informative and inspiring, leaving everyone motivated to write more. A heartfelt thanks to Melvyn and Elisheba for conducting such a remarkable workshop!	
8	Dabble and doodle - Voquesta club activity	A fun painting event was organized on 24 of September 2024 for the members of Voquesta. They gathered at KMC Greens and were provided with paper and paints to do their work. As per feedback, all members had fun. Side by side during the same, core committee's interviews were held for the club.	24 September 2024
9	Thespians Club Icebreaker	To introduce the new members to the club, Thespians held an icebreaker session on 24 August 2024 from 17:30 to 19:30 at Seminar Hall 3 in MCHP. The members introduced themselves to each other and were given a brief of the events of the club and what to expect. They bonded over a game of mad ads and a round of showing their favourite poses. This session was a success.	24 August 2024
10	Good Samaritan Law video shoot	To promote the Good Samaritan Law, Thespians in collaboration with Spectra shot a video. The video shows the story of a man getting into an accident and being helped and taken to the hospital by a Samaritan.	27 September 2024
11	Flea market	On 28 September 2024, a flea market was organized by the MCHP student council with the help of the student affairs committee of MCHP on MMMC ground floor. The flea market provided an amazing platform for students to promote their various businesses, ranging from crochet, baking, and stickers, to photobooth. Students from all departments attended the flea market to make the event a success and help various small businesses. Various clubs of MCHP like Voquesta kept hair and makeup stalls whereas, the nature club made various showpiece items from the best out of waste. The Dean committee had visited as well and appreciated the event arranged by the student council with the help of various committee.	28 September 2024
12	Asha Nilaya visit with VSO	To bring in Daan Utsav week, Thespians in collaboration with VSO visited Asha Nilaya. The kids were engaged in arts and crafts following which they were entertained by a skit performed by Thespians and a few games.	29 September 2024

13	Spectra club activity	A media cell working committee and core committee photoshoot and icebreaker session, for which The Spectra crew visited Hoode Beach. An eventful and collaborative team evening, consisting of fun games like beach volleyball, team bonding and productive shooting.	29 September 2024
14	JAM session - Literary club activity	The Literary Club commenced with its first ever club activity of the semester with a Jam session. The attendees were explained the rules and regulations of the event; proceeded by a brief outlook on how this is conducted for Pulse and Utsav competition. The members were initially divided into groups of four, with each team coming forward to compete amongst themselves. The Jam master gave each team a topic and the selected candidates competed to speak the most within the time frame of one minute; all while trying to gain an advantage over their opponents by trying to point out reasonable violations and gain an edge over in the competition. The activity concluded after the Jam master conducted six sessions.	04 October 2024
15	Khel Daan Gyaan	On 5 October 2024, the student council of MCHP along with Daksha ma'am visited Sri Krishna Bala Niketan orphanage at 4 pm and celebrated 'Daan Utsav' along with kids organized by the welfare committee of MCHP. Around 25 people from MCHP took part in this event; the students and kids engaged in various activities and played games like red light-green light, passing the ball, Chinese whisper, and many more. The students also donated various stationary stuff, food items, towels, and hygiene products as well. After donating stuff, the kids were provided with snacks i.e. samosa and frooti. After snacks were provided there was an entertaining dance performance done by the MCHP club Soulbeats and a song performance done by the Symphony. Lastly, the students of MCHP and the kids took pictures and bid goodbye.	05 October 2024
16	Health checkup camp for MAHE housekeeping staff	The MCHP welfare and student affairs committees organized a health check-up camp on 8 October 2024 at 8:30 am in Sharada Hall. A welcoming speech and a hearty welcome to our major guest, Col Vijay Baskar Reddy (head of campus safety), housekeeping personnel, the dean, and the associate dean kicked off the event. The program began with delegates lighting a lamp and a speech from Dr Arun Maiya. The program comprised health examinations from several areas, including clinical psychology, speech and hearing, physiotherapy, and cardiovascular technology. The housekeeping staff were given refreshments such as a pack of dried fruits and buttermilk following the checkup.	08 October 2024

17	Arbi Falls Visit - Nature club activity	On 12 October 2024, the Nature's Club organized a trek to Arbi Falls, aimed at promoting teamwork and fostering an appreciation of nature among students. The event successfully brought together __ participants, including students and faculty members. Participants engaged in observing beautiful nature, drizzling rain, different plants, and various species, such as frogs, insects, and small fishes, enhancing their environmental awareness. A memorable highlight of the day was the playful water fights, which encouraged bonding and created a lively atmosphere. After spending time enjoying the scenery and each other's company, the group reconvened to share reflections on their experiences. This session fostered a sense of community and encouraged discussions about teamwork and environmental stewardship. Overall, the trek was a success in achieving its goals, leaving participants with memorable experiences and a strengthened appreciation for nature. The Nature's Club looks forward to organizing more such events in the future.	12 October 2024
18	Pulse	Inter-department Pulse 24-25 for the cultural and literary event was conducted by the student affairs and student council of MCHP. It was a week-long event which was held as interbatch competitions. Literary competitions such as painting, cartooning, JAM, debate, rangoli, and clay modelling were conducted. Cultural events included Indian classical, western and eastern solo and group song and dance, and stand-up comedy. External judges were called to judge the events. The competitions were smoothly conducted.	13 October 2024
19	Parrlon	Parrlon, the college cultural event, was successfully conducted on 23 November 5 pm onwards, in the MMMC parking area. The event began with inauguration and lamp-lighting by Chief guest Dr Srinivas Muthalik, Principal of MCOPS, MAHE. Followed by various cultural events such as dances, ramp walks, MIME, singing, and bands were included. Stalls of stickers, handicrafts, and bakery items were put up during parlour. It was fun-filled, which was concluded with a short DJ.	23 November 2024
Anaesthesia and Operation Theatre Technology			
1	Stand-up comedy event	Ms Aashika Ashoka secured second place in the stand-up comedy competition during Pulse 2024.	16 October 2024
2	Cultural dance	Ms Ashina and Ms Zoya secured third place in Pulse 2024.	17 October 2024
Clinical Nutrition and Dietetics			
1	Utsav- 2024	Sanika, a third-semester student from CND, participated in the Eastern dance (Solo) event during Utsav 2024, held from 1st to 5 April 2024, and won the third place.	01 April 2024

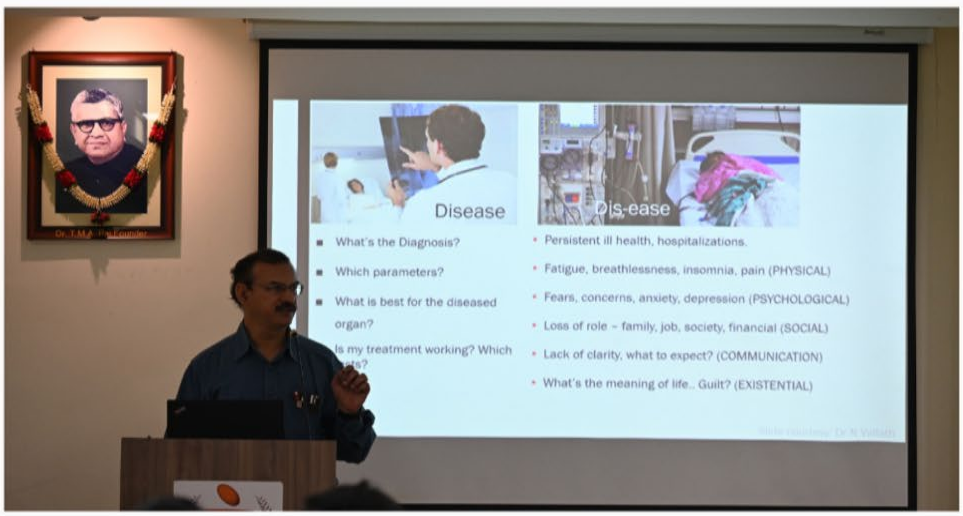
This contest was about educating a child regarding myopia using OCI's engaging animation videos and gathering feedback on the child's understanding of the content.	03 September 2024

Photo archive of important events

MCHP celebrated its 25th Annual Awards Day on 27 December 2024 at Dr TMA Pai Auditorium, KMC, Manipal.

The Department of Physiotherapy, MCHP celebrated World Physiotherapy Day on 04 September 2024 at Dr TMA Pai Auditorium, III floor, KMC, Manipal.

MCHP Faculty Development Program Series, Title: Pedagogic Effectiveness Workshop organized by MCHP, Manipal on 15 to 17 July 2024 at Sharada Hall, MCHP



RRT and DT conducted enhancing QoL in kidney disease patients: Role of dialysis technology and renal supportive care on 20 February 2024 (SDG3).

Department of Medical Imaging Technology at the MCHP, MAHE, Manipal in collaboration with Phillips Healthcare, hosted a seminar titled "Advances in CT Imaging Skills and Technology" on the 9 of September 2024. The event focused on the integration of cutting-edge technology in the field of CT imaging. (SDG 3) (SDG 4)

The Department of Cardiology and Department of Cardiovascular Technology organized an insightful event on "Cardiac Arrhythmias" as a preliminary session of the 15 Manipal Cardiology Update 2024. The session took place from 9:00 AM to 5:00 pm on the first floor of TMA Pai Halls, MAHE, Manipal. (SDG 3, SDG 4)

Nutrition Update 2024 hosted by the Clinical Nutrition and Dietetics Program and Kasturba Hospital Manipal. (SDG3, SDG4)

Institutional Alumni Relation and Industry Liaison Committee of MCHP organized MCHP Silver Jubilee alumni reunion-2024 on 14 December 2024.

Euphoria 2024, a student activity program, was conducted on 27 October with the theme Occupational Therapy for all. The event featured 17 teams comprising students from the first-year BOT to II MOT, competing in various activities designed to foster creativity, collaboration, and awareness about Occupational Therapy. (SDG3: Good Health and Well-being, SDG4: Quality Education).

A six-day free workshop on "Women's Fitness" for female faculties and research scholars featured yoga, Zumba, fun games, and body image artwork sessions, promoting physical health, mental well-being, and a balanced lifestyle (Date from 01 to 06 June 2024) (SDG 03 and SDG 05)

Centre for Sports Science Medicine and Research

Address: Basement 5, Marena, MAHE, Manipal
Phone Number: 7639280751
Email (Centre): eass.mchp@manipal.edu **Coordinator**: baskaran.c@manipal.edu

Year of Establishment of the Centre: 2016
Name of the Coordinator: Dr Baskaran C
Members:

Dr Prabu Raja G
Mr Tulasiram B
Mr Sathish Kumar
Mr Chakravarthy
Ms Sohini Roy
Ms Tanugatri
Mr Eswaran

Brief About the Centre:

Vision:
To become a global leader in advancing sports science, medicine, and research through quality sports science education, fostering research, and enhancing athlete well-being.

Mission:
To provide support to comprehensive undergraduate and postgraduate training programs; to undertake cutting-edge research initiatives; to optimize athletic potential, promote injury prevention, and advance knowledge in sports science.

Objective:
To support quality education and nurture knowledge among future leaders of exercise and sports science; to advocate cutting-edge research in sports science through international collaborations and quality graduate research; to implement evidence-based sports science to enhance athlete health and well-being and long-term athlete development programs.

Activities at the Centre

- CHAMP – Inculcating grassroots sports-related motor development activities for children of MAHE employees (Every Monday, Wednesday, Friday: 6:30 AM – 7:30 AM)
- WWW.FIT – Enriching MAHE women's fitness (Every Monday, Wednesday, Friday: morning 4:00 PM – 5:00 PM)
- Clients – MAHE clients – Assessing and prescribing exercise for sports-related injuries and return to sports

- Externship opportunity: Mechanical engineering and KMC students, Sri Venateshwara College of Physiotherapy (17 to 23 December)

Research Activities

- 14 postgraduate student projects: Involving exercise physiology, biomechanics, and injury prevention
- One PhD thesis (Cotutelle): Exploring physiological alterations with blood flow restriction

Brief About the Centre:

Vision:

To become a Centre of Excellence in Stroke Rehabilitation.

Mission:

To conduct high-quality research, offer training programs, and deliver comprehensive stroke rehabilitation services.

Objectives:

- To provide health services that maximize the recovery of stroke survivors and achieve the best possible outcomes through inter-professional practice
- To foster innovation, and to train and mentor students, researchers, and healthcare providers.
- To conduct short-term training courses and workshops
- To expand the rehabilitation services to community living stroke survivors
- To establish international collaborations for research
- To conduct a certificate program in stroke rehabilitation

3. Activities at the Centre:

Stroke Rehabilitation Camps were conducted at the following locations:

a. Dr TMA Pai Hospital, Udupi on 23 March 2024
b. Dr TMA Pai Rotary Hospital, Karkala on 10 August 2024
c. Kasturba Hospital, Manipal on 24 November 24

Webinar on "Novel Targets to Promote Arm Function in Stroke Survivors: A Behavioural Perspective" delivered by Dr Vasanthan Rajagopalan, Principal, Oxford College of Physiotherapy, Bengaluru on 28 October 2024

Participated in the MAHE Research Day – COLLABORATE 2024, held at KMC Greens on 13 and 14 November 2024. The Centre showcased its advanced research resources and specialized equipment and actively participated in the program.

International Experts:

Dr Edward Jude, Consultant Physician and Professor, Tameside Hospital, NHS Foundation Trust.

Dr Praveen Arany, Assistant Professor of Oral Biology, University of Buffalo, School of Dental Medicine.
Dr David G Armstrong, Professor of Clinical Surgery, Keck School of Medicine of USC, Los Angeles.
Dr Nicolette Nadene Houreld, Senior Lecturer and Researcher, LASER Research Centre, Faculty of Health Sciences, University of Johannesburg.

Brief About the Centre:

The Centre for Podiatry and Diabetic Foot Care and Research (CPDFCR), affiliated with MAHE is a state-of-the-art podiatry clinic that provides a wide range of services for diabetic foot-related issues in the Udupi district. Started in 2015, it has received various national and international grants related to diabetic foot syndrome. The Centre has received a prestigious grant from the World Diabetes Foundation "Diabetic foot Care: Stepping Ahead" WDF 15-941. Routine comprehensive clinical evaluation of the diabetic foot involves assessment for peripheral neuropathy,

vascular, and musculoskeletal components. The Centre is well-equipped with advanced instruments for evaluation and management. Low-level laser therapy, laser shoe, Matrix Therapie®, oxygen therapy to the wound bed, wound dressing, pedicure debridement, exercise prescription, foot care education, and counselling and footwear prescription, offloading, customized insole, are the available conservative management for the diabetic foot at the earlier stage.

Vision:

- To create a Centre for Advanced Research Training and Clinical Practice and create a Centre of Excellence in Podiatry and Diabetic Foot through international accreditation.

Objectives:

- To conduct high-quality research and academic programs to enhance the knowledge of health professionals.
- To offer consultation services to other centres and hospitals for setting up podiatry and diabetic foot clinics.
- To develop and produce audio-visual/multimedia educational and research-related content.

Activities at the Centre:

1. The CPDFCR, MCHP, along with the services provided at the Diabetic Foot Screening Camp at Mother of Sorrows Church, Udupi on 18 May 2024. Members: Ms Tina Agnes, Assistant Professor, and PhD scholars - Ms Deeksha, Ms Sohini, Ms Grace, and Ms Shrija Shetty
2. The CPDFCR, MCHP along with Ms Tina Agnes Assistant Professor, and PhD scholars Ms Deeksha Shettigar, Ms Shrija Shetty and Research scholar Ms Varsha Galaganath, provided services at the Diabetic Foot Screening Camp at Dr TMA Pai Rotary Hospital, Karkala on 08 June 2024.
3. The CPDFCR, MCHP along with Ms Tina Agnes Assistant Professor, and PhD scholar Ms Grace, Research scholar Ms Varsha, and PG students Ms Rishbha Tiku, Ms Nivedita Hanakanahalli, and Ms Shreya Prabhu provided services at the Diabetic

Foot Screening Camp at Kokkarne on 09 June 2024.

4. The CPDFCR, MAHE, Manipal, organized an adjunct faculty lecture on "Wound healing tragedy – What Would Be an Appropriate Metabolic Approach?" by Dr Ravi Kamepalli, Clinical Assistant Professor, University of Toledo College of Medicine and Life Sciences, USA, and Adjunct faculty, CPDFCR, MAHE, Manipal, on 10 September (Tuesday), at 03.15 PM at Jishnu Lab, II floor, Department of Physiotherapy, MCHP.
5. The CPDFCR, organized a workshop on "Producing and Using Systematic Reviews for Evidence-Based Healthcare" from 08 to 10 July 2024 at MAHE Manipal.
6. The CPDFCR and Rotary Club Manipal organized a workshop on Advanced Physiotherapy Skills and Practices on 4 December 2024 from 9:00 AM to 1:00 PM.

Brief About the Centre

Vision and Mission:
To pursue research in the assessment and management of myofascial pain and to offer holistic clinical service to people with myofascial pain in the head and neck regions.

Objectives:

- To provide comprehensive and holistic management of myofascial pain.
- To foster interdisciplinary research by involving experts in different fields.

Activities at the Centre:
Clinical service and training for clients with myofascial pain.

Research Activities: Interdisciplinary research

Research Publication: Published:1 Submitted manuscripts: 2

Manuscript Submitted - 2 (with MCODS, MIC and KMC (Anatomy), Manipal)

Centre for Comprehensive Rehabilitation

Address: Department of Physiotherapy, Manipal College of Health Professions (MCHP), MAHE
Phone Number: 7008179030 / 8050730675
Email (Coordinator): sidhi.mohapatra@manipal.edu

Year of Establishment of the Centre: 2019
Name of the Coordinator: Sidhiprada Mohapatra

Mentors:

- Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE
- Dr Sharath Rao K, Pro Vice Chancellor (Health Sciences), MAHE
- Dr Arun G Maiya, Dean, Manipal College of Health Professions, MAHE

Brief About the Centre:

Vision:
To be a state-of-the-art Centre for rehabilitation of individuals following long-term disabilities. The Centre will strive to be a hallmark of excellence in advising on quality care and advocating the rights of individuals with long-term disabilities (lwDs).

Mission:
The Centre will provide high-quality and cost-effective care for individuals with long-term disabilities. The Centre will aid in the development of programs targeting community integration of lwDs

Objective:

- To continually engage with various stakeholders through interactive sessions on problems encountered by lwDs.
- The Centre will work towards disseminating knowledge gained through research, publications, seminars, and conferences.
- To develop and implement best practice guidelines for design modifications and accessing the built environment. This Centre will aid in developing policy recommendations and add to the body of research in the field of disability.

Activities at the Centre:

1. **Prevention of Injuries: Screening Camp for Participants with Disabilities at Manipal Marathon 2024**

Organized a screening camp to assess injury risks among participants with disabilities, promoting early intervention and inclusive participation.

2. **Coordination and Logistic Arrangement for Participants with Disabilities at Manipal Marathon 2024**

Facilitated accessible transportation, support services, and event coordination to ensure seamless participation for individuals with disabilities.

3. **Conduct of International Conference: Inclusion and Integration of Persons with Disabilities across the Lifespan (12 and 13 February 2024)**

Hosted a global dialogue on disability inclusion, bringing together researchers, policymakers, and practitioners to advance knowledge and best practices.

4. **Celebration of International Day for Persons with Disabilities, 2024**

Organized awareness programs at Asha Nilaya Special School, Udupi, to promote training teachers on disability prevention strategies.

5. **Organized an Open House on 03 December 2024 for Showcasing Academic Projects by Undergraduate Physiotherapy Students on Empowerment, Education, and Advocacy for Persons with Disabilities**

Provided a platform for students to present innovative projects focused on disability rights, rehabilitation, and accessibility, fostering awareness and advocacy.

Research Activities:

1. **Collaborative Projects Initiated:**
   Titled: *A Scoping Review: Describing Approaches to Transdisciplinary Training to Deliver Health Interventions in Low-Resource Settings*
   Initiated a research collaboration with the University of Toronto to explore models of transdisciplinary training for healthcare delivery in underserved regions.

2. **Grants Applied:**
   - Grant Application to Scheme for Promotion of Academic and Research Collaboration, Ministry of Human Resource Development, Government of India:
     Equitable Healthcare Training: Fostering Cultural Competence for Professionals Serving Individuals with Intellectual and Multiple Disabilities
     A grant proposal aimed at improving healthcare professionals' competencies in delivering culturally responsive and equitable healthcare services.

   - Grant Application to Indian Council of Medical Research (ICMR):
     AI-Driven Prognostics and Interventions for Climate-Induced Health Risks in Elderly Individuals with Disabilities

     The proposed research aims to leverage artificial intelligence to assess and mitigate climate-related health risks among elderly individuals with disabilities, promoting adaptive healthcare solutions.

Any SDG related activities:

Competitions and Innovations: Participated in two competitions on Inclusive Designs – Breaking Barriers (Organized by UDita and Mphasis Foundation, 10 to 20 February 2024)

1. Pathways to Inclusion: Transforming Driveways for Wheelchair Accessibility
   Competed in an innovation challenge focused on designing inclusive driveways to improve wheelchair accessibility in public and private spaces.
   Relevant SDGs: SDG 9 (Industry, Innovation, and Infrastructure), SDG 10 (Reduced Inequalities), SDG 11 (Sustainable Cities and Communities)

2. Transformative Pedagogy: Nurturing Inclusive Design Minds Through Universal Accessibility
   Participated in a competition emphasizing inclusive education strategies and universal design principles in pedagogy.

Copyrights Filed

1. Health-Seeking Behavior Questionnaire

Developed a validated tool to assess healthcare-seeking patterns among individuals with disabilities to improve accessibility and service delivery.

2. Employers' Contribution to an Equitable Workplace: Evidence-Based Strategies to Enhance Breastfeeding at Work

Designed a framework to support inclusive and family-friendly workplace policies, particularly for breastfeeding employees.

3. Ergonomics at Construction Sites

Created a guide on ergonomic best practices to improve occupational health and safety in the construction industry.

Centre for Studies on Healthy Aging

Address: MCHP, MAHE, Manipal
Phone Number: 2937305/9448152143
Email (Centre): CSHA630@manipal.edu **Coordinator:** sebestina.dsouza@manipal.edu

Year of Establishment of the Centre: 2020
Name of the Coordinator: Dr Sebestina Anita Dsouza, Professor, Department of Occupational Therapy, MCHP, MAHE
Members: Dr G Kanaka, Associate Professor, Department of Speech and Hearing, MCHP, MAHE; Dr Girish, Associate Professor, Department of Physiotherapy, MCHP, MAHE

Brief About the Centre:

Vision: Health and participation of older adults

Mission: Enable people to be healthy, independent, safe and participate in valued activities as they age

Objectives:

a. Promote early identification and management of common age-related health problems.
b. Capacity building of professionals (health, technical and others) to meet the specific needs of older adults and support healthy ageing
c. Advocate for the elderly, health aging, age-friendly cities and communities.
d. Understand and address factors that promote healthy aging in the Indian context through collaborative research pertaining to all aspects of healthy living and aging, including technological solutions.
e. To continually engage with various stakeholders for related activities such as service provision, research activities, dissemination of knowledge, education programs, etc.

Activities at the Centre:

a. We conducted three health aging screening camps at Fatima Church, Perampalli, RSB Bhavan, Manipal and TMA Pai Hospital Udupi
b. Facilitated an international student forum discussion on Aged Care in collaboration with University of Sydney with other universities from Sweden, South Africa, Korea, Ireland

Research Activities:

a. Two copyrights granted
b. Seven ongoing PhD related to aging
c. Ongoing work with Swedish collaborators for publications related to completed ICMR funded project
d. One patent application

Research Publications: Four publications

SDG-related activities:

a. Conducted three healthy ageing screening camps at Fatima Church, Perampalli; RSB Bhavan, Manipal; and TMA Pai Hospital, Udupi, in collaboration with community stakeholders

b. Facilitated an international student forum discussion on aged care, in collaboration with the University of Sydney and universities from Sweden, South Africa, Korea, and Ireland, on the occasion of the UN International Day for Older Adults

c. Conducted a workshop on dementia in collaboration with the Department of Occupational Therapy on 4-5 October 2024

d. Invited as a resource person to conduct an ageing-related workshop by SRM, Chennai, from 27 to 28 November 2024

Centre for Translational Radiation Sciences

Address: Manipal College of Health Professions, MAHE, Manipal
Phone Number: 6361843609
Coordinator Email: rozy.kamal@manipal.edu

Year of Establishment of the Centre: July 2024
Name of the Coordinator: Dr Rozy Kamal

Members:

- Dr Sumeet Suresh Malapure, Professor and Head, Nuclear Medicine Unit, Department of Radiotherapy, KMC, MAHE, Manipal
- Dr Nandkumar K Professor and Head, Department of Pharmacology, MCOPS, MAHE, Manipal
- Dr Sanjiban Chakrabarty, Associate Professor, Department of Cell and Molecular Biology, MSLS, MAHE, Manipal
- Dr Naresh Kumar Mani, Associate Professor, Department of Biotechnology, MIT, MAHE, Manipal

Brief about the Centre:

Vision:

To promote, accelerate, and support the expansion of translational research in radiation sciences for safe and improved healthcare outcomes.

Mission:

To establish dedicated infrastructure to meet regulatory needs, provide specific research training for workforce development, and accelerate research through international collaborations.

Objectives:

- To accelerate the process of radiopharmaceutical development, keeping pace with drug discovery through technological innovations and international collaborations.
- To foster an interdisciplinary research ecosystem in healthcare domains (Nuclear Medicine, multimodality imaging physics, regenerative medicine, and biomedical sciences).
- To supplement research infrastructure and skill development needs in translational radiation sciences within the country through academic excellence and skill training programs.

Research Activities:

There is one ongoing intramural-funded research project, one application has been submitted for an external research grant, and two more will be submitted in the next two to three months.

Research Publications:

Two original research articles were submitted.

Awards and Recognition:

Two copyrights on radiation handling practices in Type II radiation laboratories (Applied: 1 and Registered: 1).

List of Ongoing Projects/Research Grants:

Sl. No.	Title	Funding Agency	Name of the PI	Amount	Duration
1	Development of a multimodality nano-system for receptor-specific and sustained uptake in therapeutic/cancer cells	Intramural	Dr Rozy Kamal, Dr Raviraja N S	INR 6,00,000/-	November 2023

Manipal College of Health Professions, Bengaluru

- Master of Physiotherapy
- MSc Clinical Psychology
- MSc Cardiovascular Technology
- MSc Renal Replacement therapy and Dialysis technology
- MSc Genomic counselling

About the Institution/School:
The Manipal College of Health Professions, MAHE, was established in 1999 as the first institution in India exclusively dedicated to the education of allied health professionals. The school envisions training healthcare professionals who can create a difference in the quality of life of individuals, both physically and mentally. The seeds of Manipal Hospital's origin were sown as early as 1953 when the founder of the Manipal Education and Medical Group (MEMG), Dr TMA Pai, established the Kasturba Medical College in Manipal, Karnataka. Manipal Hospitals as an entity came into existence in 1991 with the launch of our 650-bed flagship hospital at Old Airport Road, Bengaluru . Today, Manipal Hospitals is one of India's leading healthcare groups, with over 10,500 beds across 37 hospitals.

Manipal Institute of Regenerative Medicine, Bengaluru

Address: Academic Block - 2, MAHE, Govindapura, Yelahanka,
Bengaluru - 5600643, Karnataka, India
Phone Number: +91 8024497234; 9880857280
Email (Office): dean.mirm@manipal.edu **Email (Dean):** jyothi.prasanna@manipal.edu

Name of the Dean: Dr Jyothi Prasanna S
Established: 2007

Details of the Programs offered by the Institution:

- MSc Stem Cell Technology and Regenerative Biology
- MSc by Research in Translational Neuroscience
- MSc by Research in Translational Immunology
- Advanced Post Graduate Diploma in Stem Cell Technology and Regenerative Biology
- Advanced Post Graduate Diploma in Digital Imaging in Molecular Diagnostics
- PhD Regenerative Medicine

About the Institution/School:

Manipal Institute of Regenerative Medicine (MIRM) was established in 2007 to generate a trained workforce to cater to the emerging field of Stem Cell Technology. Over the years, MIRM has emerged as an organisation amalgamating a strong classroom and laboratory-based postgraduate teaching program with an excellent doctoral and postdoctoral research program in Stem Cell Technology and Regenerative Biology. MIRM has good infrastructure for conducting advanced research in the field, using funds from MAHE. MIRM has revised the syllabus for postgraduate students, and the new syllabus has a significantly higher content on research project-based education. The field of Tissue Engineering has been included in the curriculum for the first time. MIRM faculty members have broad, interdisciplinary expertise to teach and conduct research in the fields of Developmental Biology, Human Disease Modelling, Neurobiology, Cancer Biology, Immunology, and Tissue Engineering. Postgraduate students are mentored by faculty members on a one-to-one basis to either take up a challenging job in the healthcare sector or pursue further research interests within MIRM (Dr TMA Pai Fellowship PhD Programme) or other institutes of national and international repute. The curriculum and grading system of MIRM are recognized by most reputed universities across the globe.

Institutional Activities/Curricular Activities
New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	MSc by Research in Translational Immunology	New Postgraduate Program – MSc by Research in Translational Immunology was introduced during the academic year 2024–25.	05 August 2024 to 30 June 2025
2	Advanced Post-Graduate Diploma in Digital Imaging in Molecular Diagnostics	Initiatives taken for starting a new course – Advanced Postgraduate Diploma in Digital Imaging in Molecular Diagnostics was approved during the academic year 2024–25 in the Academic Senate meeting of MAHE.	05 August 2024 to 30 June 2025

All other activities in the department relating to the program/course :

Sl No	Activity	Particulars	Date(s)
1	Workshop on Innovations in Regenerative Medicine: Advanced Tissue Engineering Techniques	The workshop on Innovations in Regenerative Medicine: Advanced Tissue Engineering Techniques was organized to understand the latest trends in regenerative medicine, focusing on advanced tissue engineering techniques such as 3D bioprinting, cell sheet engineering, and decellularized matrix-based scaffolds, and their applications. Dr Manasa Nune, Associate Professor, MIRM, co-ordinated the above workshop. The workshop was a grand success, with interactive participation from 75 participants from all over the country, including faculty, researchers, industry participants, medical and dental graduates, engineering students, and master's and bachelor's life sciences students.	19 to 20 January 2024
2	National Science Day Program	The National Science Day Program organized by MIRM, MAHE Bengaluru. Eminent scientists and 200 students participated in the above program. Participants presented their research work posters during the program. The first issue of the MIRM newsletter, Rejuven, was launched during the National Science Day celebrations held at AB-4 Auditorium, MAHE, Bengaluru. Chief Guest Prof G Padmanabhan, Padmashri and Padmabhushan awardee of the Government of India, released the above newsletter.	28 February 2024
3	Meritorious and Best Outgoing Student Awards	The Meritorious and Best Outgoing Student Awards were presented to the MSc graduates Ms Inchara Malavalli and Ms Loshini S (2022 batch) during the celebration of National Science Day at MAHE, Bengaluru.	28 February 2024
4	Workshop on "Advances with spectral and imaging flow cytometry"	A workshop on "Advances with Spectral and Imaging Flow Cytometry" was organized for students, research scholars, and faculty members of MAHE and non-MAHE institutions. Dr Uttara Chakraborty, Assistant Professor, MIRM, co-ordinated the above workshop in association with CYTEK Biosciences, Bengaluru .	02 to 04 April 2024

Sl No	Activity	Particulars	Date(s)
5	Science Quiz Competition	A Science Quiz Competition was conducted for the new admission candidates during the Open House program organized at MAHE Bengaluru.	06 April 2024
6	Research collaboration with Industry	A Memorandum of Understanding was entered into between MAHE, MIRM Bengaluru, and NKure Therapeutics Private Limited, Bengaluru, for research collaborations.	24 to 26 May 2029
7	SERB-ANRF - "Preliminary Screening Committee Meeting of SERB POWER Grant Scheme"	Dr Manasa Nune, Associate Professor, MIRM, co-ordinated the SERB - Anusandhan National Research Foundation (ANRF) meeting at MIRM, MAHE Bengaluru campus, with around 30 scientists attending from across India.	30 to 31 May 2024
8	MAHE Health Science Research Day event - "ENRICH - 2024"	Dr Uttara Chakraborty, Assistant Professor, represented MIRM at the MAHE Health Science Research Day event – "ENRICH" Vertical, showcasing the research infrastructure and support system available in MIRM, held at KMC, MAHE, Manipal.	08 June 2024
9	International Conference on "Intracellular Quality and Metabolic Control from E. Coli to HomoSapiens"	The research abstract presentations and special scientific guest lectures by national and international scientists were presented at the international conference titled "Intracellular Quality and Metabolic Control from E. coli to Homo sapiens", held at Dr Ramdas Pai Convention Centre, MAHE, Bengaluru. Dr Venkatesh, Vice-Chancellor of MAHE, Manipal, inaugurated the conference. A total of 350 participants registered and participated. Dr Anujith Kumar, Professor, MIRM, and Dr Urmi Bandyopadhyay, DBT Ramalingaswami Re-entry Fellow, MIRM, co-ordinated the international conference.	27 to 29 August 2024
10	MYO Cytometer Workshop	The Make Your Own (MYO) Cytometer workshop was conducted at MIRM for students and research scholars. Dr Uttara Chakraborty co-ordinated the above workshop in association with the resource person Dr William J Tellford, Head and Scientist, Flow Cytometry Core Laboratory, NIH, USA.	18 to 20 September 2024
11	Jeevakoshada Shastra Day Program	An outreach program, "Jeevakoshada Shastra Day", was organized jointly with Shri Kodanda Rama Swamy High School, Mittur, Mulabagal Taluk, Kolar District. A total of 100 students participated in the program. The program was co-ordinated by Dr Uttara Chakraborty, Assistant Professor, MIRM, and Dr William J Tellford, Head	21 September 2024

Sl No	Activity	Particulars	Date(s)
		and Scientist, Flow Cytometry Core Laboratory, NIH, USA.	
12	Regional Young Investigators Meeting (RYIM) 	The Regional Young Investigators Meeting aims to build local networks of scientists and science professionals with an aim to promote regional collaborations and change. The RYIMs are intended to be Young Investigator-driven endeavours that promote networking in local scientific communities and foster collaborative leadership among Young Investigators in the region. The workshop was co-ordinated by Dr Sangeeta Nath, Assistant Professor – Research, MIRM. A total of 100 young scientists and 20 eminent scientists participated in the above workshop.	28 to 30 November 2024

Details of Guest Visit (lectures, collaboration, visitors on campus)

Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Dr Kaushik Chatterjee, Associate Professor	Indian Institute of Science, Bengaluru	Guest Lecture on “Emerging Strategies in 3D Printing of Tissue Scaffolds”	19 January 2024
2	Mr. Junaid Parker, Program Manager & Scientist	Avay Biosciences, Bengaluru	Guest Lecture on "Bio-convergence for advancements in tissue engineering and translational research"	19 January 2024
3	Dr Naresh Kasoju, Scientist-C (Applied Biology)	Sree Chitra Tirunal Institute for Medical Sciences and Technology, Thiruvananthapuram, Kerala	Guest Lecture on “Bio-Engineering of Tissues In Vitro: Focus on Smart and Sustainable Biomaterials and Scaffolding Technologies”	19 January 2024
4	Dr Gautam Chakraborty, Assistant Professor	Tisch Cancer Institute in Icahn School of Medicine, Mount Sinai NY	Guest talk on “The Impact of DNA damage repair in cancer progression: Clinical and translational significance”	24 January 2024
5	Dr Sarmistha Mahanty, Wellcome Trust-DBT India Alliance Fellow	Indian Institute of Science, Bengaluru	Guest Lecture on "Organelle Adaptation in Skin Cell Differentiation, Epidermis Development and Regeneration"	07 February 2024
6	Prof G Padmanaban, Former Director	Indian Institute of Science, Bengaluru	Special guest lecture on "How to develop scientific temperament and enquiry in young students".	28 February 2024
7	Prof Sanjeev Jain, Emeritus Professor	Department of Psychiatry, NIMHANS, Bengaluru	Special guest lecture on "Isaac Newton: I can calculate the motion of heavenly bodies, but not the madness of people".	28 February 2024
8	Dr Kushagra Bansal, Faculty	Jawaharlal Nehru Centre for Advanced Scientific Research, Bengaluru	Guest talk on 'Thymic development of T cells'.	28 February 2024

4	Novel 3D printed biomaterials based on acellular matrices derived from cultured cells for neuronal differentiation and uterine tissue regeneration".	Dr Manasa Nune	SERB, New Delhi	650,000.00/-	07 February 2024
5	Travel grant for attending EMBO Workshop When Biology of Endocytosis meets physics: Emerging Mechanisms and Functions	Mr Deepak K V	SERB, New Delhi	53,875.00/-	19 February 2024
6	Lysosomal pathology in relation to translocation of PAKI, synaptic dysfunction and modulation of membrane actin protrusions: in Alzheimer's patient derived iPSC model	Dr Sangeeta Nath	ICMR, New Delhi	1,101,454.00/-	07 March 2024
7	Targeting ovarian cancer stem cells with the Wnt antagonist, secreted frizzled related protein 4 (sFRP4) and its functional domains	Dr Sudha R Warrier	DBT, New Delhi	3,540.00/-	08 May 2024
8	Chaperoned control of Cellular homeostasis in stress and proteinopathies	Dr Amanjot Singh	DBT/Wellcome Trust India Alliance, Hyderabad	13,148,006.00/-	22 May 2024 to 31 December 2024
9	Inter-organ communication in response to wounding	Dr Sveta Chakrabarti	DBT/Wellcome Trust India Alliance, Hyderabad	19,427,705.00/-	22 May 2024
10	Parkinson's pathology induced mitochondrial toxicities promote biogenesis of	Ms Abinaya R, Guide : Dr Sangeeta Nath	ICMR, New Delhi	598,660.00/-	12 September 2024 to 31

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	tunnelling nanotubes (TNTs) and aggravates glioblastoma multiforme				December 2024
11	Novel Approach to rescue post-transplant diabetogenic effect of Calcineurin Inhibitors by meddling with key ubiquitin E3 Ligase	Dr Anujith Kumar	SERB, New Delhi	1,500,000.00/-	19 September 2024 to 31 December 2024
12	Elucidation of early cardiac valve malformations in Turner Syndrome using iPSC models	Dr Shagufta Praveen	DBT, New Delhi	2,642,582.00/-	28 October 2024
13	Understanding the molecular basis of skeletal muscle wasting in cancer cachexia	Dr Vinay Kumar M B	SERB, New Delhi	1,714,746.00/-	28 October 2024
14	Inspire Fellowship under INSPIRE Program - for Student pursuing full-time doctoral (PhD) Program at MAHE	Mr Govind M, Guide : Dr Jyothi Prasanna S	DST, New Delhi	753,307.00/-	31 October 2024 to 31 December 2024
15	Teachers Associateship for Research Excellence (TARE)	Dr Uttara Chakraborty	SERB, New Delhi	275,000.00/-	08 November 2024 to 31 December 2024
16	Mechanism of Novel Lysosomal amino acid storage in response to extracellular environment	Dr Urmi Bandyopadhyay	Regional Centre for Biotechnology	2,724,147.00/-	25 November 2024 to 31 December 2024
17	Understanding the stability of PITX3 regulated by Proteasomal system in the end stage differentiation of dopaminergic neurons	Mrs Shreetama Benerjee, Guide: Dr Anujith Kumar	DST, New Delhi	215,982.00/-	30 November 2024 to 31 December 2025
18	Discerning the role and underlying mechanism of Zinc finger transcription factor of cerebellum 3 (ZIC3) in dopaminergic neural fate specification	Dr Anujith Kumar	DBT, New Delhi	2,078,605.00/-	30 November 2024 to 31 December 2024
19	Study to Evaluate the Disease modifying potential of intranasal Administration of Dental Pulp Sem Cells Exosomes in and Animal Model of Temporal Lobe Epilepsy	Dr Anandh D	DBT, New Delhi	2,013,230.00/-	30 November 2024 to 31 December 2024

Patent details:

Details of Patent Filed:

Sl No	Name	Date
1	A cellular matrix containing bioink composition for fabricating 3D structure and method of preparation thereof. (Provisional Indian Patent - Dr Nasera Rizwana, PhD Scholar and Dr Manasa Nune, MIRM, Bengaluru).	27 May 2024

Sl No	Name	Date
2	Conditioned media containing bioink composition for fabricating 3D structure and method of preparation thereof. (Provisional Indian Patent - Dr Nasera Rizwana, PhD Scholar and Dr Manasa Nune, MIRM, Bengaluru)	27 May 2024
3	Process for preparation of scaffold coated with utirine cell-derived matrix. (Complete Indian Patent - Mrs. Srividya Hanuman, PhD Scholar and Dr Manasa Nune, MIRM, Bengaluru)	13 September 2024

Awards/Recognitions:

Faculty Members

Sl No	Name	Details	Date
1	Dr Meenal A Francis, Assistant Professor	Travel and registration fellowship award for presenting a poster titled 'Deubiquitinates-The unseen part regulators of pancreatic ß-cell fate in diabetic state' at the 46th All India Cell Biology Conference (AICBC2024), Navi Mumbai, Maharashtra.	10 January 2024
2	Dr Uttara Chakraborty, Assistant Professor, MIRM 	Awarded the partial travel grant award of 500 USD to travel and participate in CYTO 2024, from 4 to 8 May 2024 at the Edinburgh International Conference Centre in Edinburgh, Scotland. She presented a poster on "An imaging flow cytometry-based approach to study phagocytosis in Mesenchymal Stem Cells and their role against invading pathogens."	04 May 2024

Students

Sl No	Name	Details	Date
1	Dr Vineetha Christopher, PhD Research Scholar, MIRM	Awarded "Best Poster Presentation" for the poster "Decoding the stromal code of oral potentially malignant lesions for mechanistic insights into tumour progression" at the Third International Global Cancer Consortium Conference, ACTREC, Navi Mumbai, 3 to 5 February 2024.	03 February 2024

Email-(Office): virology@manipal.edu **Email (Director):** virology@manipal.edu

Name of the Director: Dr Chiranjay Mukhopadhyay
Established: 2010
Details of Programs Offered by the Institution:

- MSc Clinical Virology
- Doctor of Philosophy (Virology)

About the Institution/School:

Manipal Institute of Virology (MIV), a constituent unit under MAHE, is a premier diagnostic, research and academic institute with a state-of-the-art of infrastructure and biosafety facilities for conducting a myriad of projects on infectious diseases. MIV is an ICMR Collaborating Center of Excellence (ICMR-CCoE), a prestigious designation aimed at fostering a sustainable and collaborative ecosystem for multidisciplinary biomedical research in India. MIV is a NABL-accredited laboratory in accordance with ISO 15189:2012, signifying quality and competence in medical testing facilities. It is the only virus diagnostic laboratory in India with several serological and molecular tests included in its scope. MIV is a Center of Excellence recognized by the Global Virus Network (GVN) and a partner in WHO Global Outbreak Alert and Response Network (GOARN). Recognized as NCVBDC Apex Referral Laboratory for Arboviral diseases (MoHFW, Government of India), MIV was also a Grade-I Virus Research and Diagnostic Laboratory under ICMR, MoHFW, Government of India (2010-2019) and a Regional Reference Laboratory for Influenza Virus under the Integrated Disease Surveillance Programme, MoHFW, Government of India (2009-2021). MIV is one of the country's first virology diagnostic laboratories under the private-public partnership scheme and one among the few national institutes offering academic programs in Virology. MIV provides state-of-the-art diagnostic facility to diagnose viral diseases while supporting public health services in disease surveillance and outbreak response, contributing to global health security. It also conducts research in basic and applied virology, epidemiology, diagnosis, vaccine, and therapeutics. MIV offers two unique academic programs, MSc in Clinical Virology and PhD in Virology. MSc Clinical Virology is a two-year full-time postgraduate program and PhD in Virology is a three-year doctoral program. Additionally, six virology skill-based training programs and a one-month certificate

course in Clinical and Diagnostic Virology for MD Microbiology trainees are some of the certificate programs available at MIV. MIV, as one of the best institutes in India, has the platform for cross-cutting in-depth research in the field of Influenza viruses, Herpes simplex viruses, Enteroviruses, Human Papilloma Virus, etc., and Neglected Tropical Diseases. The varied areas of research mainly focus on improving clinical diagnosis of viral diseases, infectious disease surveillance (influenza, hepatitis, chikungunya, dengue, and cervical cancer), and epidemiological studies including molecular epidemiology of emerging and re-emerging viral diseases. The current thrust areas of research at MIV are focused on developing various strategies for newer and alternative treatment (prophylactic and therapeutic) modalities, platforms for testing antivirals, immunological profiling of viral diseases, and the development of diagnostic kits. MIV actively engages in collaborative research projects funded by esteemed organizations such as DBT-BIRAC, DST-SERB, ICMR, and CCRH. MIV also supports the state and national health services for outbreak investigation. MIV is a part of the Global Outbreak Alert and Response Network (GOARN) by WHO and Global Virus Network (GVN).

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Involvement of Technicians in Research Activities	MIV has implemented a new policy where two dedicated technicians will be assigned to each faculty member for research activities and these technicians will be included as co-authors on publications resulting from their research work.	01 January 2024 to 31 December 2024
2	Virology skill-based training programs-2024	MIV conducted a series of skill-based training programs in cell culture and virus isolation techniques and molecular diagnostic techniques. These programs were designed for a diverse audience, including undergraduate and postgraduate medical students, interns, life sciences students, MD students, PhD students, postdoctoral researchers, junior and mid-level faculty from medical and basic science colleges, and research staff.	01 January 2024 to 31 December 2024
3	Certificate course in clinical and diagnostic virology	MIV successfully conducted a one-month certificate course in Clinical and Diagnostic Virology in September 2024. This program was designed for Postgraduate (MD) Microbiology students and faculty, as well as individuals with MDs in Microbiology, Medicine, or other relevant clinical specialties, DM degrees in Infectious Diseases, and foreign medical graduates.	01 January 2024 to 31 December 2024
4	Weekly Seminar Series by Laboratory Technician	MIV has initiated a weekly seminar series on laboratory practices, led by laboratory technicians.	01 January 2024 to 31 December 2024

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Introduction of Summer Internship in the MSc Clinical Virology program	MIV introduced the summer internship program for students in the MSc Clinical Virology program for the 2024-25 academic batch	01 January 2024 to 31 December 2024

Details of Guest Visit (lectures, collaboration, visitors on campus)

Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Dr Willem Wiersinga	Centre of Experimental and Molecular Medicine, Amsterdam UMC	Visited MIV to deliver a guest lecture on "Antiviral therapy for COVID-19: An Update"	09 February 2024
2	Dr Tom van der Poll	Centre of Experimental and Molecular Medicine, Amsterdam UMC	Visited MIV to deliver a guest lecture on "Coagulation Disorders in Sepsis and COVID-19"	09 February 2024
3	Dr Siddappa Byrareddy	Nebraska Medical Center Omaha,USA	Adjunct Faculty at MIV. Visited MIV to deliberate on research and academic activities and delivered a guest talk on "Antiviral Strategies for Infectious Diseases"	22 March 2024
4	Dr Akhil Chameettachal	National Cancer Institute/Center for Cancer Research, Frederick, USA	Visited MIV to deliver a guest talk on "Retroviral RNA Packaging: Finding a Needle in a Haystack"	19 June 2024
5	Dr Subhash Kaushik	CCRH, Ministry of Ayush, Government of India	Visited MIV for MoU exchange between MIV, MAHE and with CCRH, Ministry of Ayush, Government of India as part of research collaboration	19 July 2024
6	Dr Shaji Kumar RT	CCRH, Ministry of Ayush, Government of India	Visited MIV for MoU exchange between MIV, MAHE and with CCRH, Ministry of Ayush, Government of India as part of research collaboration.	19 July 2024
7	Dr Suhana P Azis	CCRH, Ministry of Ayush, Government of India	Visited MIV for MoU exchange between MIV, MAHE and with CCRH, Ministry of Ayush, Government of India as part of research collaboration.	19 July 2024
8	Dr Vishwa Mohan Katoch	Rajasthan University of Health Sciences, Jaipur	Visited to MIV as part of university visit	27 July 2024
9	Dr Soma Chattopadhyay	Institute of Life Sciences (Government of India), Bhubaneswar, Odisha,	Visited MIV as external examiner for MSc Clinical Virology practical examination and delivered a guest talk on "Advanced Virology Research"	02 August 2024
10	Dr Madhur Kulkarni	Indira College of Pharmacy, Pune	Visited MIV to deliver a guest talk on "Advanced Virology Research"	02 August 2024
11	Dr Abhijit Date	University of Arizona, Tuscon, USA	Visited MIV to deliver a guest talk on "Advanced Virology Research"	02 August 2024
12	Dr Manjunatha M V	NIMHANS, Bengaluru	Guest talk during the certificate course in Clinical and Diagnostic Virology held at MIV.	04 September 2024 to 06 September 2024
13	Dr Ashwini MA	NIMHANS, Bengaluru	Guest talk during the certificate course in Clinical and Diagnostic Virology held at MIV.	06 September 2024
14	Dr Sanjay Bhattacharya	Tata Medical Center, Kolkata, India	Guest talk during the certificate course in Clinical and Diagnostic Virology held at MIV	15 September 2024
15	Prof R K Ratho	PGIMER, Chandigarh	Guest talk during the certificate course in Clinical and Diagnostic Virology held at MIV	16 September 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
16	Dr Sophia Koo	Harvard University, USA	Visited MIV as part of university visit	19 September 2024
17	Dr Sanjay Bhattacharya	Tata Medical Center, Kolkata, India	Adjunct Faculty at MIV. Visited MIV to deliberate on research and academic activities and delivered a guest talk on "Transplant Related Viral Infections"	21 November 2024 to 22 November 2024
18	Dr P V Bhandary	Dr A. V. Baliga Group of Institutions, Udupi	Visited MIV to deliver an awareness session on Eliminating Gender-Based Violence	09 December 2024
19	Dr Shyam Sundar Nandi	ICMR-National Institute of Virology, Mumbai Unit	Visited MIV to deliver a guest lecture on "Recent Trends in New Vaccine and New Technologies Development	27 December 2024

8	Partner in WHO global outbreak alert and response network (GOARN)	MIV is a Centre of Excellence recognized by the Global Virus Network (GVN) and a partner in the WHO Global Outbreak Alert and Response Network (GOARN).	31 December 2024

Faculty Members

Sl No	Name	Details	Date
1	Dr Sudheesh N	Dr Sudheesh N won the First Place in Best Poster Presentation at the in National Conference on One Heath at Dass Continental Thrissur Kerala	03 November 2024
2	Mr Anup Jayaram	Anup Jayaram won the Third Prize in Best Poster Presentation in VIROCON-2024 held at DRDE, Gwalior	13 November 2024
3	Dr Sudheesh N	Selected for GVN Rising Stars Mentorship Program for the academic year 2022-2023	31 December 2024
4	Dr Anitha J	Dr Anitha J received the Flu Lab Award for the OPTIONS XII for the Control of Influenza Congress 2024, held in Brisbane, organized by the International Society for Influenza and other Respiratory Virus Diseases (ISIRV).	31 December 2024

Students

Sl No	Name	Details	Date
1	Ms Snigdha Maity	Ms Snigdha Maity qualified in the National Eligibility Test (NET) for Lectureship/Assistant Professor	10 May 2024
2	Ms Snigdha Maity	Ms Snigdha Maity received the E-Poster Display Competition Award at Manipal Quest 1.0, MAHE, Inter-Health Science Postgraduate Research Conference	09 June 2024
3	Ms Varsha Iyengar	Ms Varsha Iyengar received the Best Poster Presentation Award at the 45th Annual Conference of Indian IABS – Empowering Health: Challenges and Solutions, held at A J Institute of Medical Sciences and Research Centre, Mangaluru.	09 November 2024

Extra - Curricular Activities:

Sports Activities:

Inter Institution:

Sl No	Event	Details	Date(s)
1	MAHE staff Athletics competition 2023-24	MIV won a total of 12 medals in the MAHE Staff Athletics Competition 2023-24 (Gold: 5, Silver: 1, and Bronze: 6), organized by MAHE in April 2024	01 January 2024

Outside University:

Sl No	Event	Details	Date(s)
1	Marathon for Mental Health Awareness 2024	Mrs Akshatha secured first place in the 5K Marathon for Mental Health Awareness, organized by the Department of Student Affairs, MAHE, in collaboration with SST, FITVIB, and the Sports Committee of KMC, Manipal	10 October 2024

Cultural Activities:

In Institution:

Sl No	Event	Details	Date(s)
1	Onam Celebration	MIV celebrated Onam on 12 September 2024, followed by various cultural programs performed by staff and students of MIV.	12 September 2024
2	Deepawali Celebration	MIV celebrated Deepawali on 29 October 2024, followed by various cultural programs performed by staff and students of MIV.	29 October 2024

Inter Institution:

Sl No	Event	Details	Date(s)
1	Staff Ustav	MIV participated in the staff cooking competitions and won prizes during Staff Ustav 2024 organized by MAHE	15 March 2024
2	Staff Ustav	MIV participated in a variety of entertainment program during Staff Ustav 2024 organized by MAHE	01 April 2024

Photo Archive of Important events

MIV joined forces with the Encephalitis Society, UK, for their BrainWalk initiative as part of World Encephalitis Day on 22 February 2024

MIV organized a five-day skill-based training program on "Cell Culture and Virus Isolation Techniques" from 18 to 22 March 2024

MIV and CEIDeM, PSPH, MAHE jointly organized a workshop on "Systematic Reviews and Meta-Analysis" from 9 to 11 May 2024

The CCRH (Ministry of Ayush, Government of India) team visited MIV for an MoU exchange with MIV, MAHE as part of a research collaboration on 19 July 2024

MIV organized a Certificate Course on Clinical and Diagnostic Virology for MD Microbiology students across the country from 1 to 21 September 2024

MIV organized training on "Basic Courses in Virological Techniques" for Microbiology postgraduate students (MSc and MD) of KMC Manipal and KMC Mangalore, MAHE, from 14 to 18 October 2024

On the occasion of World Flu Day 2024, MIV organized a half-day influenza awareness program at Indrali English Medium Higher Primary School, Udupi, on 5 November 2024, to raise awareness about influenza and promote health education among students.

MIV hosted an awareness session on Eliminating Gender-Based Violence by Dr P V Bhandary, Dr A. V. Baliga Group of Institutions, Udupi on 09 December 2024

MIV hosted a guest lecture on "Recent Trends in New Vaccine and New Technologies Development" by Dr Shyam Sundar Nandi, Scientist E and Deputy Director, ICMR- National Institute of Virology, on 27 December 2024

MIV organized a training workshop on "Molecular Diagnostic Techniques" from 25 November 2024 to 29 November 2024 as part of a series of skill-based training programs.

Manipal School of Life Sciences, Manipal

Address: Planetarium Complex, MAHE, Manipal 576 104
Phone Number: 0820-2922058
Email (Office): director.msls@manipal.edu **Director:** rao.satish@manipal.edu

Name of the Director: Dr Satish Rao BS
Established: 2002

Details of Programs Offered by the Institution:

- BSc Biotechnology (Three years)
- BSc (Honours) in Biotechnology (Four years)
- MSc Medical Biotechnology (Two years)
- MSc Molecular Biology and Human Genetics (Two years)
- MSc Bioinformatics (Two years)
- MSc by Research in Life Sciences (Two years)
- MSc Systems Biology (Two years)
- MSc Genome Engineering (Two years)
- MSc Tissue Engineering (Two years)
- MSc Biomolecular Physics (Two years)
- Certificate course in Bioinformatics (Two months)

About the Institution/School:

The Manipal School of Life Sciences (MSLS) is well established for its three-pronged activities in research, education, and diagnostics under the aegis of the Manipal Academy of Higher Education (MAHE), Manipal, with certified approval of its programs from various agencies of the Central and State Governments of India. Established in 2002, MSLS has evolved to become the major research hub of the University and in the nation. Scientific research being the major thrust area, MSLS strives to create human resources in the field of life sciences, biotechnology, and bioinformatics, and translates its research findings toward helping the community in the area of human health. It conducts Bachelor's (BSc) and Bachelor's (Honours) Programs in Biotechnology, and Master's Programs (MSc) in Bioinformatics, Medical Biotechnology, Systems Biology, Genome Engineering, Molecular Biology and Human Genetics, by Research in Life Sciences and Biomolecular Physics. A postgraduate diploma in Cellular and Molecular Diagnostics, under the Biotechnology Skill Enhancement Program (BiSEP) of the Government of Karnataka, is also offered. The research focuses on the areas of molecular and cellular biology of cancer, acute, infectious and chronic diseases, neurosciences, nanobiotechnology, including genome analysis, epigenetics and other omics analysis, signalling, pharmacogenomics in human diseases, cell and molecular biology of medicinal plants, translational studies, molecular radiobiology and experimental oncology, biomedical applications of laser spectroscopy, microbial genome analysis, data

science and bioinformatics. These activities are undertaken with significant national and international collaborations. These activities are driven by 25 faculty members and a team of over 100 research and PhD scholars, and technical and administrative staff. Genome-based data generation and analysis have resulted in significant international publications, patents, and databases (publicly hosted) over the past decade. The School periodically organizes international conferences, symposia and workshops promoting enthusiasm and interaction among young scientists. It also conducts annual social outreach programs for school and college students toward developing scientific temper. The eight departments of the School promotes interdisciplinary research and support the push toward being the premier life sciences institution. MSLS has collaborations for academic and research purposes with national and international institutions spread around the globe. MSLS is proud of its close-to-1,300 alumni having a global presence within two decades of its existence. In the field of research, the School has a Centre of Excellence under TIFAC, DST and the Government of India (GoI) in the field of Pharmacogenomics, Translational Genomics and Radiation Dosimetry under Atomic Energy Regulatory Board and program support from DBT, GoI. The primary focus of research is in the field of cancer, infectious diseases, genetic disorders, ageing, plant biotechnology, human variations, traditional medicine and pharmacogenetics. The School also undertakes high-technology diagnostics for several genetic disorders for patients around this region.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Started new MSc program MSc Biomolecular Physics'	MSc (Biomolecular Physics) is a graduate program covering broad aspects of various areas of biomolecular physics to help students choose a career in Life Sciences research. The main focus of the program is to gain basic and advanced knowledge in biomolecular physics and its applications through lectures and hands-on training, culminating in research project work.	From August 2024 onwards

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Study Tour: Sri Durgaparameshwari Temple Pre-University College, Mandarthi	54 students of second PU Science class visited MSLS to learn about the research activities at MSLS	03 January 2024
2	Study Tour: The Government Arts and Science college, Trivandrum,	29 students from the Government Arts and Science college visited MSLS to learn about the research activities to meet academic requirements.	08 February 2024

Sl No	Activity	Particulars	Date(s)
3	Awareness Program 	Conducted Awareness Program titled "Art of Living Youth Empowerment"	09 February 2024
4	Pre PhD Synopsis Presentation – Mr Venkidesh and Ms Rekha 	Pre-PhD Synopsis presentation by Mr Venkidesh and Ms Rekha, PhD scholars at the Manipal School of Life Sciences, Manipal.	10 February 2024
5	Study Tour: MGR College, Hosur, Tamil Nadu 	40 students from the M.G.R College, Hosur, Tamil Nadu visited Manipal School of Life Sciences as a part of curriculum.	10 February 2024
6	Special Talk by Dr Vijaya Kumar 	Special Talk entitled “Precision Cancer Medicine: More than Genomic” for BSc, MSc - research project students, Research Scholars and Faculty members at Manipal School of Life Sciences.	19 February 2024
7	Pre PhD Synopsis - Mr Darshan CM 	Pre-PhD Synopsis presentation by Mr Darshan C.M, a PhD scholar at the Manipal School of Life Sciences, Manipal.	21 February 2024

Sl No	Activity	Particulars	Date(s)
8	Residential Program – National Science Day 2024 	MAHE Manipal has been celebrating National Science Day for close to 20 years by organizing a week-long training program for school children and an open science exhibition at the Manipal School of Life Sciences (MSLS). This year as well, top students of Class IX and X from neighboring Academy schools were hosted for a week-long residential, hands-on science training program at MSLS and other constituent institutions of MAHE, Manipal (including KMC, MCOPS, MIT, MCBR, DAMP, MCNS and WGSHA) from 21 to 27 February 2024.	22 to 27 February 2024
9	Delegation	A 2-member delegation, Prof Balakrishnan Prithiviraj, Associate Vice President (Global Relations) Government and Global Relations and Ms Megan Chipp, Director, Global Partnerships from the Dalhousie University visited Manipal School of Life Sciences, MAHE and discussed about future possibilities especially for PhD	27 to 29 February 2024
10	Interaction 	Interaction with speakers of Nano Conference regarding research work	01 March 2024
11	Interaction 	Interaction with Dr Anuradaha Chowdhary, Professor, Vallabhbhai Patel Chest Institute, New Delhi - Prof J V Bhat Memorial oration awardee	02 March 2024
12	MAHE Prof J V Bhat Memorial Oration 2024 	Manipal School of Life Sciences (MSLS), MAHE organized the 18th "Annual MAHE Prof JV Bhat Memorial Oration", delivered by Dr Anuradha Chowdhary (Vallabhbhai Patel Chest Institute, New Delhi) in Manipal on 3 March 2024, in the presence of Dr Sharath K Rao (Pro Vice-Chancellor - Health Sciences, MAHE, Manipal) and Dr B S Satish Rao (Director, MSLS, Manipal). The annual event commemorates the birthday of late Prof J V Bhat for his significant contributions to scientific research in microbiology by awarding an eminent Indian scientist who has excelled in this area of research.	03 March 2024
13	Awareness Lecture 	Awareness lecture and pledge ceremony on "Mera Pehla Vote - Desh Ke Liye" by Dr Ashoka Kamath, Vice Principal, District Institute of Education Training, DIET, Udupi, at Auditorium, MSLS Annex.	09 March 2024
14	Annual Sports Meet	The Sports Day was organized at MIT Athletic Ground. The staff members and students of Manipal School of Life	11 March 2024

Sl No	Activity	Particulars	Date(s)
		Sciences participated in various sports activities conducted at the Institution level	
15	DAILAB CAFÉ Series 90	Title: "Mining Renewable Energy Resources" - Rendezvous with Karanj by Prof Latha Rangan Applied Biodiversity Laboratory (ABL), Indian Institute of Technology - Guwahati, Assam	11 March 2024
16	Study Tour	The students from Department of Studies in Biochemistry, School of Life Sciences, Pooja Bhagavat Memorial Mahajana Education Centre (PG Centre), Mysuru, visited MSLS as a part of their curriculum.	12 March 2024
17	Sensitization on Prevention of Sexual Harassment	Sensitization on Prevention of Sexual Harassment at Workplace by Dr Savitha Soman, Department of Psychiatry, KMC, Manipal	21 March 2024
18	Awareness Lecture	Awareness lecture on “Making our campus NASH MUKT” by Dr Samir Kumar Praharaj, HOD, Department of Psychiatry, KMC, Manipal	21 March 2024
19	Interaction and Guest Talk	Interaction with faculty and guest talk. Title: “Science of Yogic Breathing” by Dr Divya K, Executive Director, Sri Sri	22 March 2024

Sl No	Activity	Particulars	Date(s)
		Institute for Advanced Research, Art of Living, Bengaluru in association with Division of Yoga, Centre for Integrative Medicine & Research (CIMR)	
20	Interaction 	Interaction of faculty members with The Bioplus team on 3 April 2024.	03 April 2024
21	Interaction 	Interaction with Dr Shashidhar H Doddamani, Research Officer (Ay), CARI Bengaluru, Central Council for Research in Ayurvedic Sciences, Ministry of AYUSH, Government of India	30 April 2024
22	DAILAB CAFÉ Series 91 	Title: "Ethnomedicinal Evaluation of Averrhoa carambola Linn. Fruit Oil in Osteoarthritis of Knee - An Exploratory Clinical Trial" by Dr Shifa Shetty P, All India Institute of Ayurveda (AIIA), New Delhi	16 May 2024
23	Interaction 	Interaction with Dr Sundar Swaminathan, Adjunct Faculty at IISC	21 May 2024
24	Pre PhD Synopsis - Ms Manasa G Shetty	Pre-PhD synopsis presentation by Ms Manasa G Shetty, a PhD scholar at the Manipal School of Life Sciences, Manipal.	03 June 2024
25	Pre PhD Synopsis – Ms Manasa Hegde	Pre-PhD synopsis presentation by Ms Manasa Hegde, a PhD scholar at the Manipal School of Life Sciences, Manipal.	03 June 2024
26	Awareness Program on MAHE Research Day Awareness Program 	In connection with the MAHE Research Day, the UG research vertical of KMC, Manipal, canvassed highlighting the importance of attending the research day.	04 June 2024
27	World Environment Day	MSLS students participated in the rally organized by MAHE in connection with World Environment Day on Wednesday, 5th June 2024	05 June 2024

Sl No	Activity	Particulars	Date(s)
28	Pre PhD Synopsis – Ms Manasa Hegde	Pre-PhD synopsis presentation by Ms Manasa Hegde, a PhD scholar at the Manipal School of Life Sciences, Manipal.	06 June 2024
29	PhD Viva -Dr Prabhu Sowmya Ramakant Rekha	PhD viva voce examination of PhD Scholar: Ms Prabhu Sowmya Ramakant Rekha. Title: Host mediated regulation of invasion, egress and drug response of Plasmodium Falciparum Malaria. Guide: Dr Saadi Abdul Vahab External Examiner: Dr Solomon F D Paul, Chennai on 06 June 2024	06 June 2024
30	Pre PhD Synopsis – Ms Nidhi S Mukundan	Pre-PhD Synopsis presentation by Ms Nidhi S Mukundan, a PhD scholar at the Manipal School of Life Sciences, Manipal.	10 June 2024
31	Pre PhD Synopsis – Ms Arya K	Pre-PhD Synopsis presentation by Ms Arya K, a PhD scholar at the Manipal School of Life Sciences, Manipal.	13 June 2024
32	Pre PhD Synopsis – Mr Sampara Vasishta	Pre-PhD Synopsis presentation by Mr Sampara Vasishta, a PhD scholar at the Manipal School of Life Sciences, Manipal.	14 June 2024
33	Pre PhD Synopsis – Ms Ishita Chakraborty	Pre-PhD Synopsis presentation by Ms Ishita Chakraborty, a PhD scholar at the Manipal School of Life Sciences, Manipal.	17 June 2024
34	DAILAB CAFE Series 92	Title: "Peering inside the unexplored world of protein cavities" by Dr Arjun Ray, Department of Computational Biology, Indraprastha Institute of Information Technology Delhi	17 June 2024
35	Interaction	Interaction of Research Scholars with Dr Parimal Misra	25 June 2024
36	DAILAB CAFE Series 93	Title: "Fundamentals and Applications of Photopharmacology by Dr P K Hashim Assistant Professor, Hokkaido University, Japan	26 June 2024

Sl No	Activity	Particulars	Date(s)
37	PhD Viva - Dr Sima Chaudhari	PhD viva voce examination of PhD Scholar: Dr Sima Chaudhari Title: Investigation of Neurodegeneraton Associated with Defective DNA Break Repair. Guide: Dr K Satyamoorthy External Examiner: Dr Parimal Misra, Hyderabad	26 June 2024
38	Interaction	Interaction with Dr Aruna Korlimarla, Principal Scientist, Research Division, Dr Pataru Kondaiah, Senior Advisor, Research, and Dr S Pruthvish, Director, Academics Training from Sri Shankara Cancer Hospital and Research Centre, Bengaluru	27 June 2024
39	Pre PhD Synopsis – Ms Indira G	Pre-PhD Synopsis presentation by Ms Indira G, a PhD scholar at the Manipal School of Life Sciences, Manipal.	01 July 2024
40	Pre PhD Synopsis – Mr Keshava Prasad	Pre-PhD Synopsis presentation by Mr Keshava Prasad, a PhD scholar at the Manipal School of Life Sciences, Manipal.	09 July 2024
41	DAILAB CAFE Series 95	Title: "Clinical Relevance and Insights of Microbiome on Human Health by Ms Shruptha Padival, PhD Scholar, SDM University, Dharwad	31 July 2024
42	Presentation of Flow Cytometry	A Presentation of Flow Cytometry application by Mr Nagarjuna, Application Head - Beckman Coulter Life Sciences, Chennai	08 August 2024
43	Training for Technicians and Research Scholars.	Application Training for Flow Cytometry was conducted at Manipal School of Life Sciences for technicians and Research scholars by Beckman Coulter Life Sciences, Chennai	08 August 2024 to 09 August 2024
44	Independence Day 2024	MSLS students participated in the nationwide mass pledge against drugs organized by the Department of Social Justice and Empowerment on the occasion of 78th Independence Day	12 August 2024
45	Interaction	Interaction with Dr Vishwa Mohan Katoch, Former Director General, ICMR, New Delhi.	12 August 2024
46	Anti-Ragging Day	A slogan writing competition for students organized in celebration of Anti-Ragging Day.	14 August 2024

Sl No	Activity	Particulars	Date(s)
47	National Space Day	National Space Day was jointly organized by the sister institutes—Manipal School of Life Sciences (MSLS), Manipal Centre for Natural Sciences (MCNS), and Manipal Institute of Technology (MIT)—on 23 August 2024, to celebrate a significant milestone in India's space exploration history. The day commemorated the first anniversary of Chandrayaan-3's successful moon landing.	23 August 2024
48	Interaction	An interaction with Dr Hari Subramanian, Adjunct Professor, Mayo Clinic, USA.	05 September 2024
49	Interaction	Interaction with Dr Umesh S Deshmukh, Professor, Oklahoma Medical Research Foundation, Oklahoma City, USA with faculty members.	10 September 2024
50	DAILAB CAFE Series 96	Title: Bio composites for wound healing and other biomedical applications by Dr Vishal Kumar, Bhagwant Ayurvedic College, Uttar Pradesh.	11 September 2024
51	Interaction	Interaction with Dr Umesh S Deshmukh, Professor, Oklahoma Medical Research Foundation, Oklahoma City, USA with MSc by Research students.	12 September 2024

Sl No	Activity	Particulars	Date(s)
52	Pre PhD Synopsis – Mr Nadeem Khan G	Pre-PhD Synopsis presentation by Mr Nadeem Khan G, a PhD scholar at the Manipal School of Life Sciences, Manipal.	16 September 2024
53	Environment related activities (Swachh Bharath)	Manipal Lake Cleaning Activity - In line with "Swachhata Hi Seva" campaign from 17 September – 2 October 2024 – organized by Student Council & NSS.	29 September 2024
54	NSS Activity	Oath-Taking Ceremony and Felicitation of Housekeeping Staff - In line with "Swachhata Hi Seva" campaign organized by Student Council and NSS.	30 September 2024
55	Interaction	Interaction with Dr Binu Thakaran, Vice Chair, Morehouse School of Medicine, Atlanta	03 October 2024
56	Sharada/Ayudha Pooja	Celebrated the Sharada/Ayudha Pooja at Manipal School of Life Sciences, Manipal on 9th October 2024.	09 October 2024
57	Pre PhD Synopsis – Ms Soundaryaa B	Pre-PhD Synopsis presentation by Ms Soundaryaa B, a PhD scholar at the Manipal School of Life Sciences, Manipal.	11 October 2024
58	Awareness Program	Awareness Program by CANARA BANK for students entitled “Features of new Savings Bank Account - CANARA ASPIRE” at Manipal school of life sciences.	16 October 2024
59	A roadshow	A roadshow by Biorad, India, Pvt. Ltd and talk on 'Streamlining protein electrophoresis and Western blotting	25 October 2024

Sl No	Activity	Particulars	Date(s)
		experiments' by Dr Amrrutraj Maannambeth, Product Manager, Bio-Rad Laboratories	
60	Outreach Program 	Manipal Optica Student Chapter in collaboration with the National Service Scheme (NSS), Manipal School of Life Sciences carried out a joint outreach program at Krishnappa Samant Memorial Government Higher Primary School, Saralebettu on 3 November 2024.	03 November 2024
61	PhD Viva -Dr Sachin Ashok Thorat	PhD viva voce examination of PhD Scholar: Dr Sachin Ashok Thorat. Title: 'Modulation of Withanolide Biosynthetic Pathway Genes and Withanolide Contents in Withania Somnifera (L) Dunal under Salinity Stress' Guide: Dr A Muthusamy. External Examiner: Dr Prof Ravindra Nath Kharwar, BHU, Varanasi	12 November 2024
62	Interaction	Interaction with Prof Sasha Mikheyev, Associate Dean (International), ANU College of Science and Professor in Research School of Biology, Australian National University, Australia	20 November 2024
63	Interaction	Interaction with two-member delegation from Queen Mary University, London	23 November 2024
64	Constitution Day	The Manipal School of Life Sciences (MSLS) celebrated Indian Constitution Day with great enthusiasm and reverence on 26th November 2024. Ms Bidushe Podder welcomed the gathering and the session commenced with a brief introduction to the history and significance of Constitution Day. The program followed with the reading of the Preamble to the Indian Constitution, led by Ms Esha Poojary, President of the Student Council. The Preamble pledge was recited with pride and solemnity, reaffirming the fundamental values of justice, liberty, equality, and fraternity enshrined in the Constitution. Following the pledge, a Constitutional Quiz was conducted to test and enhance participants' knowledge of the Indian Constitution. The quiz featured engaging and thought-provoking questions, allowing students to delve deeper into the history, principles, and significance of the Constitution. Participants enthusiastically competed, showcasing their understanding and fostering a sense of camaraderie. The event highlighted the importance of understanding the Constitution as the foundation of India's democracy. Through these activities, MSLS not only paid tribute to the architects of the Constitution but also encouraged the community to uphold its principles in their daily lives.	26 November 2024

Sl No	Activity	Particulars	Date(s)
65	Interaction	Faculty Interaction with Dr Arun Sreekumar, SA	27 November 2024
66	Study Tour: KLE Society's S. Nijalingappa's college, Bengaluru	47 BSc students from KLE Society's S. Nijalingappa's college, Bengaluru visited MSLS to learn about the research activities	02 December 2024
67	World Meditation Day	In connection with World Meditation Day Special – One hour session was conducted on 28 December 2024	28 December 2024

Details of Guest Visit(lectures, collaboration, visitors on campus)
Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Dr Arijit Mukhopadhyay	School of Science, Engineering & Environment University of Salford, UK	Guest lecture entitled "Transcriptomic plasticity of the human brain"	06 April 2024
2	Dr Arijit Mukhopadhyay	School of Science, Engineering & Environment, University of Salford, UK	Guest lecture entitled "Just keep swimming"	08 April 2024
3	Dr Shahi Gujar	Executive Director, Cancer Immunotherapy, Innovation & Global Partnerships, Faculty of Medicine, Dalhousie University, Canada.	Guest lecture entitled "Immuno-metabolomics for the Next-generation Cancer Immunotherapies"	02 May 2024
4	Mr Kiran Bhaskar	Co-Director, New Mexico Alzheimer's Disease research Center (Exploratory), University of New Mexico, USA	Title: "A double whammy: how misfolded tau could hijack the immune system to propagate itself and trigger neuroinflammation in Alzheimer's Disease"	18 July 2024
5	Prof Santosh D'Mello	Professor of Biological Sciences, Louisiana State University Shreveport.	Guest lecture entitled "FOXES in the Brain	22 July 2024
6	Dr Kiran	Assistant Professor, Department of Biomedical & Materials Science, Tunghai University, Taichung, Taiwan.	Guest lecture entitled "Light as a Sustainable Source for Functional/Material Application"	06 August 2024
7	Prof Tapas K Manna	IISER Thiruvananthapuram	Guest talk entitled "Chromosome segregation and genome stability" for PhD and MSc students under the aegis of "Center for DNA Repair and Genome Stability" as a center activity	24 August 2024
8	Dr Hari Subramanian	Adjunct Professor, Mayo Clinic, USA	Guest talk on "Neurons, Circuits, Physiology and Behavior	05 September 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
9	Dr Umesh S Deshmukh	PhD Professor, Oklahoma Medical Research Foundation, Oklahoma City, OK, USA.	Guest talk on "Aging: A Confounding Variable in Autoimmunity".	10 September 2024
10	Dr Binu Thakaran	Vice-Chair, Morehouse School of Medicine, Atlanta	Guest talk on "The blood-brain barrier as a therapeutic target in traumatic brain injury"	03 October 2024
11	Mr Ravi Kumar Velayutham	Assistant Director – Discovery Chemistry, Bengaluru	Guest talk on "Photo Redox Catalysis in Organic Chemistry" and discussed placement opportunities for research scholars and Master's students at MSLS.	18 October 2024
12	Dr Manjunath Siddaramaiah	Diagnostics and Genomics Senior FAS, APAC, John F Welch Technology Centre, Bengaluru	Alumni Engagement Lecture entitled "Build your Point of Care Lateral Flow Assay Diagnostics: An overview of Design and Fabrication."	22 October 2024
13	Dr Kaushik Kumar Dey	St Jude Children's Research Hospital, Memphis, USA.	Guest talk entitled "Multi-omics & Systems Biology approach reveals mitochondrial associated proteins in Alzheimer's disease progression".	15 November 2024
14	Prof Richard Grose	Dean for Global Engagement for the Faculty of Medicine and Dentistry, Queen Mary University, London	Guest talk entitled "Targeting Cellular Crosstalk in Cancer".	23 November 2024
15	Dr Prabhakara Nagareddy	Professor, Section of Cardiovascular Diseases, Department of Internal Medicine The University of Oklahoma Health Sciences Center (OUHSC) Oklahoma City (International Faculty, MCOPS, MAHE, Manipal)	Guest Lecture entitled "The Role of Neutrophils in Cardiometabolic and Cardiovascular Disease".	13 December 2024
16	Dr Sriram Sridharan	Special Fellow, Cancer Science Institute of Singapore, National University of Singapore, Singapore	Guest talk on the topic "Mechanisms of Chromatin Re-organization upon Replication Stress"	22 December 2024

Faculty Members

Sl No	Name	Details	Date
1	Dr Nirmal Mazumder	top 2% researchers (Elsevier); among top 2% scientists in the world (Biophysics)	24 September 2024
2	Dr Nirmal Mazumder	awarded with Distinguished Alumni Award 2024 for outstanding contributions to the field of Biomedical Science and Engineering and in recognition of exemplary achievements by College of Biomedical Science and Engineering National Yang Ming Chiao Tung University, Taiwan	24 September 2024
3	Dr Nirmal Mazumder	Was invited to visit the Department of Life Sciences, Faculty of Life and Environmental Sciences, Shimane University, Shimane, Japan as part of the Japan Science and Technology - Sakura Science Program (JST-SSP) – scholarship	05 November 2024
4	Dr Nirmal Mazumder	Associate Professor, Department of Biophysics, Manipal School of Life Sciences, MAHE, Manipal conferred with Scientific High Level Visiting Fellowships (SSHN) programme 2024 funded by French Institute in India (IFI), Embassy of France in India during 1st December 2024- 14th December 2024.	01 December 2024

Students

Sl No	Name	Details	Date
1	Ms Debyani Samantray	Oral presentation; Won first prize at the 2nd International Conference on Combating Antimicrobial Resistance (CAMR-2024), Puducherry, India, held from 5 to 6 January 2024	06 January 2024
2	Ms Sangavi Eswaran	Shortlisted for the Young Scientist Award presentation and received a Travel Grant at the 48th Annual Meeting and International Conference of the Indian Society of Human	24 January 2024

Sl No	Name	Details	Date
		Genetics, Institute of Human Genetics, Ahmedabad, Gujarat, from 21 to 24 January 2024	
3	Ms U Sangeetha Shenoy	Oral presentation: Received the Young Scientist Award at the 48th Annual Meeting and International Conference of the Indian Society of Human Genetics (ISHG) 2024, held in Ahmedabad, Gujarat, India, from 21 to 24 January 2024	24 January 2024
4	Ms Kausalya Neelavara Makkithaya	Best Poster Award at the 32nd DAE-BRNS National Laser Symposium, held from 29 January to 01 February 2024 at RRCAT, Indore	01 February 2024
5	Mr Gagan	Awarded the Karnataka DST-PhD Fellowship for Science and Engineering under the Life Sciences discipline by the Karnataka Science and Technology Promotion Society (KSTePS), Department of Science and Technology, Government of Karnataka, for the year 2023–24 (from February 2024 onwards)	01 February 2024
6	Mr Dinesh Reghunathan	Best Poster Award (Second Prize) – Genomics India Conference (GIC) 2024, Shiv Nadar University, Delhi NCR, India, from 1 February to 3 February 2024	03 February 2024
7	Mr Sharath Mohan Bhat	Secured the Best Oral Presentation award at the 3rd Global Cancer Consortium, Advanced Centre for Treatment, Research and Education in Cancer, Mumbai, India, from 2 to 4 February 2024	04 February 2024
8	Ms Sangavi E	Received Best Poster Award at the International Conference on "Nanoscience and Nanotechnology", MAHE, Manipal, Karnataka, from 29 February to 1 March 2024	01 March 2024
9	Ms Manasa Manjunath Hegde	Won the Best Poster Prize at the International Conference on Nanoscience and Technology, MAHE, Manipal, India, from 29 February to 1 March 2024	01 March 2024
10	Mr Sanjay K U	Best Poster Award at the International Conference on Nanoscience and Nanotechnology, Manipal, March 2024	01 March 2024
11	Ms Swathi M	Won first prize in poster presentation at the International Conference on Integrating Novel Approaches for Non-communicable Disease Target Exploration, BITS Pilani, Rajasthan, India, from 7 to 9 March 2024	09 March 2024
12	Ms Varijakshi C G	2nd Best Oral Presentation at the Fifth Manipal International Infectious Diseases Conference, Manipal, India, 9 and 10 March 2024	10 March 2024
13	Mr Nadeem Khan G	Recipient of the Council of Scientific and Industrial Research (CSIR) Foreign Travel Grant, Government of India, to attend the 63rd Annual Meeting and ToxExpo in Salt Lake City, Utah, United States, from 10 to 14 March 2024	14 March 2024
14	Ms Ankitha S (PhD) and Ms Meghna Shetty	Won 3rd prize in Manipal MedTech Hackathon 2024 held at Manipal on 22 March 2024	22 March 2024
15	Ms Chandni Sachdeva	Awarded with SERB ITS Travel Grant to participate in Microbiology Society Annual Conference 2024, Edinburgh, UK, from 8 to 11 April 2024 (Poster Presentation)	11 April 2024
16	Ms Chandni Sachdeva	Awarded with MACID Student Travel Award at 34th European Congress of Clinical Microbiology and Infectious Diseases, Barcelona, Spain, from 27 to 30 April 2024 (e-Poster Presentation)	30 April 2024

Sl No	Name	Details	Date
17	Ms Pooja	Awarded as Senior Research Fellow by CSIR (Council of Scientific and Industrial research), New Delhi from 1 May 2024 onwards	01 May 2024
18	Mr Sanjay K U	Awarded as Senior Research Fellow by CSIR (Council of Scientific and Industrial research), New Delhi from 1 May 2024	01 May 2024
19	Ms Chandni Sachdeva	Awarded with Bill and Melinda Gates Foundation Travel Award at ASM Microbe 2024, Atlanta, US, from 13 to 17 June 2024 (Oral Presentation)	17 June 2024
20	Mr Gagan	Awarded with Raman-Charpak Fellowship to conduct part of his research work under the supervision of Prof Walter Blondel's Lab in Research Center for Automatic Control (CRAN), University of Lorraine, Nancy, France from 2 April to 29 June 2024	29 June 2024
21	Mr Gagan	Awarded as Senior Research Fellow by CSIR (Council of Scientific and Industrial research), New Delhi from 1 July 2024	01 July 2024
22	Ms Parichita Mishra	1st prize winner, entitled to consumables bundle worth Rs 10,000 at NBIL's Internal Competition - Bioprinting Contest- Organized by: Next Big Innovation Labs, Bengaluru from 8 to 12 July 2024	12 July 2024
23	Mr Sampara Vasishta	Best Oral Presentation Award at 11th Edition of the Dr Mohan's International Diabetes Update, Chennai, from 26 to 28 July 2024	28 July 2024
24	Ms Aishath Shaheeda	Best poster presentation at International Symposium on Current Trends in Biomedical Engineering (ISCTBME 2024), MIT, Manipal, India, on 10 August 2024	10 August 2024
25	Ms Debadrita Mondal	Best poster award at International Symposium on Current Trends in Biomedical Engineering, Manipal Institute of Technology, Manipal, Karnataka, India, on 10 August 2024, Poster presentation	10 August 2024
26	Mr Sampara Vasishta	Young Investigators Scientific Presentations - Best Oral Presentation Award at Research Day organized by Manipal College of Pharmaceutical Sciences on 14 September 2024	14 September 2024
27	Mr Gagan	Has been selected for the International Internship Pilot Program (IIPP) by the National Science and Technology Council (NSTC) in Taiwan from 1 August 2024 to 30 October 2024	30 October 2024
28	Mr Shaik Basha	3rd Best Poster Award at the International Conference on Advancements in Diagnostic Technologies: Global Healthcare Monitoring (ADT-2024), held from 15 to 17 November 2024, organized by Motilal Nehru National Institute of Technology Allahabad, Prayagraj, Uttar Pradesh, India	17 November 2024
29	Ms Neeharika Narisepalli Venkatasai	Best Poster Award at conference on Advancements in Basic Science, Environmental Studies, and Traditional Medicine for Translational Drug Discovery and Development, Varanasi, India, from 21 to 23 November 2024	23 November 2024
30	Mr Venkidesh B S	Oral presentation – Won the SRR-Young Scientist Award at International Conference on Radiation Research: Impact on	24 November 2024

Sl No	Name	Details	Date
		Human and Environment (ICRR-HHE 2024), held at AIIMS, Patna from 22 to 24 November 2024

Sl No	Event	Details	Date(s)
1	Chess, Carom, Table Tennis, Cricket, Football, Volleyball, Basketball, Athletics, Badminton, Throwball	Sports Activities (Institution) – Conducted following events for students, faculty members and research scholars Chess, Carom, Table Tennis, swimming, Cricket, Football, Volleyball, Basketball, Athletics, Badminton	19 August 2024

Inter Institution:

Sl No	Event	Details	Date(s)
1	Table Tennis Singles, Badminton, Squash,	Dr Babitha KS bagged Runners up in Table Tennis Singles (Women), winner in Badminton Singles (Women) and Runners up in Squash	30 August 2024
2	Inter MAHE Cross Country Race (Men & Women)	The MAHE Inter-Collegiate Students Cross Country Race, organized by the Sports Council of MAHE and hosted by the Manipal School of Life Sciences (MSLS), was successfully conducted on 2 October 2024. The event brought together enthusiastic athletes from various MAHE institutions, showcasing their determination, endurance and sportsmanship. The race spanned 7 km for men and 5 km for women; it provided a challenging yet exhilarating experience for all participants	02 October 2024
3	Inter MAHE Swimming competition	The Inter-MAHE Swimming Competition, organized by the Sports Council of MAHE, was held on 29 October 2024 and witnessed remarkable performances by the talented athletes of MSLS. Among the standout performers was Sakina, a first-year BSc student of MSLS, who delivered an exceptional performance and secured multiple accolades: 400 m freestyle – winner; 100 m backstroke – winner; 200 m freestyle – winner; 50 m backstroke – winner; 50 m butterfly – runner-up	29 October 2024

Outside University:

Sl No	Event	Details	Date(s)
1	Table Tennis	Mr Abhinab Sarma, BSc V semester student was selected to represent MAHE in the interzone University Table Tennis tournament.	10 December 2024

Cultural Activities:

Sl No	Event	Details	Date(s)
1	Teachers Day	Students celebrated Teachers Day celebrated with cake cutting	05 September 2024

Sl No	Event	Details	Date(s)
2	DAAN Utsav (VSO activities)	MSLS conducted the following events through its student and staff volunteers of VSO as part of DAAN Utsav 2024, from 28 September to 5 October 2024: 1. Sustainability Workshop 2. Toy Donation Drive 3. Flashmob to spread awareness about gender equality, with the theme of women empowerment 4. VIGYAN KA JAADU: Students of Classes 4 and 5 from Academy Higher Primary School visited MSLS. A magic show demonstrating basic science experiments was organized, followed by a tour of MSLS. 5. Yoga and Meditation Session for Stress Relief	28 September 2024
3	Navratri - Antarang	To celebrate the spirit of Navratri, the Student Council organized Antarang on 1 October in the MSLS auditorium. The event commenced with the ceremonial lighting of the lamp by our esteemed Director, Dr Satish Rao B S, symbolizing the triumph of light over darkness. The evening was a vibrant showcase of talent, featuring classical dance performances, poetry recitals, Bengali folk dance, live music, drama, South Indian traditional dance, and a spectacular fashion show. Following the cultural performances, students continued the celebration with a traditional Thiruvathira dance and an energetic flash mob	01 October 2024
4	Deepawali - Deep Parv	The festival of lights was celebrated with grandeur through Deep Parv on 25 October. The event was inaugurated by Dr Satish Rao B S, who lit the ceremonial lamp, marking the beginning of the festivities. Mahati set the tone with a soulful prayer, filling the atmosphere with divine energy. The celebration featured a variety of cultural performances, with students showcasing their talents through music, dance and theatrical acts. Adding to the festive spirit, students set up creative stalls offering food, handmade crafts and games, making the event an immersive and joyous experience	25 October 2024

Manipal Centre for Ayurveda Biology

Address: Department of Ageing Research, Manipal School of Life Sciences, MAHE, Manipal
Phone Number: 08202922058; 9448682151
Coordinator Email: guruprasad.kp@manipal.edu

Year of Establishment of the Centre: 2019

Name of the Coordinator: Dr K P Guruprasad

Members: Dr Manjunath B Joshi,
Dr Gireesh G,
Dr Basavaraj S Hadpad,
Dr Sripathy Adiga

Brief about the Centre:

Vision: To undertake cutting-edge research in Ayurveda Biology by using principles of Indian traditional medicine and modern biological approaches dedicated to the process of healthy ageing.

Mission: Collaboration of Ayurveda and other traditional medicinal systems with modern science to provide proof of concept to improve human health.

Ayurveda, the Indian traditional medicinal system, mainly focuses on enhancing the quality of life with its holistic approach. Current research in Ayurveda is dominated by studies on medicinal plants and the development of drugs. However, knowledge of underlying cellular and molecular mechanisms influenced by the Ayurveda regime and its clinical implications in ameliorating pathological conditions is sparse. The rich heritage of Ayurveda has established its legacy in treating a variety of diseases while simultaneously maintaining well-being and quality ageing. Ayurvedic concepts emphasize maintaining body constitution, tissue rejuvenation, and adaptation of the body to seasons, *inter alia*, thereby sustaining quality ageing through multifarious herbal formulations and procedures. In recent years, increased life span has been associated with complex diseases causing a significant socio-economic burden. Therefore, further research is needed to investigate the cues Ayurveda provides in terms of modern biology. This will provide insights into Ayurveda principles governing intricate networks of cellular and biochemical pathways, using the 'process of ageing' as a model system.

Objectives: a) To establish a platform facilitating research in Ayurveda Biology following traditional concepts. b) To evaluate the role of *Rasayana* in dementia, neurodegenerative diseases, and musculoskeletal disorders. c) To investigate *Prakriti* in relation to human genomics and epigenomics related to human diseases. d) To develop human resources in Ayurveda Biology. e) To promote national and international collaborative research with Ayurveda institutions, modern medical institutions, and industries.

Activities at the centre:

Collaborative research involving traditional practitioners and modern scientists.

Research Activities: Collaborative research

5	Neural Circuit Mechanism of Obsessive-Compulsive Disorder-Like Checking Behaviour in Mice: A Study with a Special Focus on the Role of Hippo-Campo-Medial Prefrontal Cortical Neuronal Circuit.	DBT, GOI	Dr Gireesh G	41,00,000/-	2024-2027

Centre for DNA Repair and Genome Stability (CDRGS)

Address: Manipal School of Life Sciences
Phone Number: 9986297508
Email (Centre and Coordinator): sanjiban.c@manipal.edu

Year of Establishment of the Centre: 2019

Name of the Coordinator: Dr Sanjiban Chakrabarty, Associate Professor, Department of Public Health Genomics, MSLS, MAHE, Manipal

Members:

Dr Shama Prasada Kabekkodu, Professor and Head, Department of Cell and Molecular Biology, MSLS, MAHE, Manipal

Brief about the Centre:

Vision:

To achieve excellence in research in DNA repair and genome stability, facilitate training through collaborations, and promote translational clinical research.

Mission:

To foster focused research collaborations with national and international research groups working on DNA damage response, genome instability, and therapeutics.

Objective: 1. Develop advanced, state-of-the-art research methodologies, tools, and technologies through collaboration. 2. Organize joint workshops, and symposiums, develop joint PhD programs, and facilitate mobility with international partners.

Activities at the Centre:

Funded Research Program: As PI: Completed 1, Ongoing: 5, Approved: 3, as Co-PI: 1

Research activities: Extramural research grants: 10, Workshops/Symposiums/EMBO global lectures/Guest lectures conducted: 04

Research Publication: 06

Any SDG-related activities:

Workshops/Symposiums/EMBO global lectures/guest lectures conducted: 04

List of Ongoing Projects/Research Grants:

1	Functional Evaluation of Mitochondrial Genome Encoded miRNAs in Breast Cancer	SERB, Government of India	Dr Sanjiban Chakrabarty	33,26,000/-	10 March 2024 (Completed)
2	Delineating the Genomic Basis of Neurodegeneration and Mitochondrial Disorders Associated with Defective DNA Break Repair	Department of Health, Government of India	Dr Sanjiban Chakrabarty	59,32,000/-	2023-2026 (Ongoing)
3	Microfluidic 3D Cancer-on-Chip Platform to Study Chemo and Radio-Sensitivity in Advanced Head and Neck Cancer Patients	Board of Research in Nuclear Sciences, Government of India	Dr Sanjiban Chakrabarty	44,61,000/-	2022-2025 (Ongoing)

Sl. No.	Title	Funding Agency	Name of the Principal Investigator	Amount (INR)	Duration
4	3D Tumour Model to Study Chemo Radio Response in Locally Advanced OSCC Patients Undergoing Definitive CCRT	MAHE Intramural	Dr Sanjiban Chakrabarty	14,94,000/-	2022-2025 (Ongoing)
5	Design, Development, and Characterization of Novel Small Molecule Inhibitors as Therapeutics Against Head and Neck Cancer	MAHE MRB with MUJ	Dr Sanjiban Chakrabarty	8,60,000/-	2022-2024 (Completed)
6	Cancer-on-Chip: Developing a State-of-the-Art Microfluidic Diagnostic Organ-on-Chip (OoC) Platform to Study Ex-Vivo Chemo-Radiation Sensitivity	Indian Council for Medical Research, Government of India: IIRPG-Intermediate Fellow	Dr Sanjiban Chakrabarty	2,52,00,000/-	2024-2028 (Ongoing)
7	Development of an Oral Cancer-on-a-Chip Device for Assessment of Drug Sensitivity on Patient-Derived Tumour Samples for Personalized Medicine	DBT-Biotechnology Industry Research Assistance Council (BIRAC)	Dr Sanjiban Chakrabarty	1,00,00,000/-	2024-2026 (Ongoing)
8	Functional Assessments of Pathogenic Variants in the Nuclear and Mitochondrial Genome Contributing to the Pathogenesis of Hereditary Optic Neuropathies	Department of Biotechnology, Government of India	Dr Sanjiban Chakrabarty	28,00,000/-	2024-2027 (Ongoing)
9	A Molecular Understanding of Mitochondrial Disorder in an Indian Patient Cohort: A New Avenue for Molecular Diagnosis, Therapeutics, and Disease Management	ANRF-SUPRA, Department of Science and Technology, Government of India	Dr Sanjiban Chakrabarty	48,00,000/-	2024-2027 (Ongoing)
10	Non-Invasive Marker for Screening of Squamous Cell Carcinoma of the Cervix	Scheme for Promotion of Academic and Research Collaboration	Co-PI: Dr Sanjiban Chakrabarty (PI: Dr Shama Prasada Kabekkodu)	39,00,000/-	2023-2025 (Ongoing)

We conducted a prestigious European Molecular Biology Organization (EMBO)-supported global

lecture delivered by Prof Wim Vermeulen from the Department of Molecular Genetics, Erasmus University Medical Centre, The Netherlands.

The "International Symposium on Genome Instability and Human Health" was conducted under the aegis of the Centre for DNA Repair and Genome Stability (CDRGS), at Manipal School of Life Sciences (MSLS), MAHE, Manipal on 24 February 2024, Saturday at 10:00 AM at the MSLS Annex Auditorium, Manipal. The EMBO Global Lecture and International Symposium were inaugurated by Dr Sharath K Rao, Pro Vice-Chancellor (Health Sciences), Prof Satish Rao, Director, MSLS, and Dr Sanjiban Chakrabarty, Coordinator, CDRGS, MSLS, MAHE, Manipal. Multiple lectures were delivered by national and international speakers from the National University of Singapore (NUS), Erasmus MC ,The Netherlands, the Indian Association for the Cultivation of Science, Kolkata, Kasturba Medical College (KMC), Manipal, Manipal Academy of Higher Education (MAHE), and Manipal School of Life Sciences (MSLS), MAHE. Additionally, there was a sponsored talk from Illumina Premas Life Sciences.

The one-day symposium and workshop on "Mitochondrial Genomics: From Mutations to Clinical Phenotypes" was inaugurated at the MSLS Annex Auditorium, MAHE, Manipal on Saturday by Dr Raviraja N S, Chief Operating Officer-Operations, MAHE, Manipal, in the presence of Dr B S Satish Rao, Director, MSLS, MAHE, Dr P Govindraj, Secretary, Society for Mitochondrial Research and Medicine, India, Dr Sanjiban Chakrabarty, Convener of the symposium and workshop (Associate Professor, MSLS, MAHE), and co-conveners, Dr Shama Prasada K (Professor and HOD, MSLS, MAHE) and Mr Sandeep Mallya (Senior Grade Lecturer, MSLS, MAHE). The symposium and workshop were jointly organized by the Centre for DNA Repair and Genome Stability (CDRGS) MSLS, and the Society for Mitochondrial Research and Medicine (SMRM), India on 27 July 2024. The event had seven eminent speakers and was attended by approximately 65 participants.

Dr Tapas K Manna, Professor, School of Biology, Indian Institute of Science Education and Research (IISER), Thiruvananthapuram, delivered a guest lecture on "Molecular Drivers of Chromosomal Instability and Aneuploidy" at MSLS on 24 August 2024.

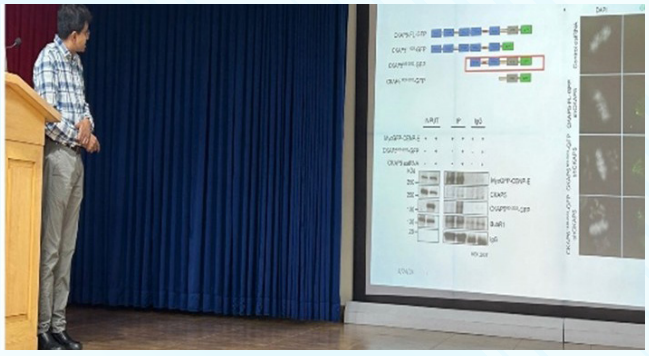
EMBO Global Lecture

One Day Symposium & Workshop on Mitochondrial Genomics: From Mutations to Clinical Phenotypes

International Symposium on Genome Instability and Human Health



Guest Lecture: Molecular Drivers of Chromosomal Instability and Aneuploidy

Prasanna School of Public Health, Manipal

Address: Madhav Nagar, Eshwar Nagar, Manipal, Karnataka 576 104
Phone Number: 0820-2923157
Email (Office): publichealth.mu@manipal.edu
Director: cherian.varghese@manipal.edu

Name of the Director: Dr Cherian Varghese V
Established: 2017
Details of Programs Offered by the Institution:

- Master of Public Health (MPH)
- Master of Hospital Administration (MHA)
- Master of Social Work (MSW)
- MSc Biostatistics
- MSc Data Science
- MSc Digital Epidemiology
- MSc Health Technology Assessment
- Certificate Course in Biostatistics, Epidemiology, and Research Methodology
- Certificate Course on Evidence Synthesis
- Certificate Course on Qualitative Research Methods
- Certificate Course in Meditation and Conscious Living
- Certificate course in Research Methodology
- Certificate Course in Scoping Review Methodology
- Certificate Course in Health Technology Assessment (HTA)
- PhD

About the Institution/School:

The Prasanna School of Public Health (PSPH) at Manipal Academy of Higher Education (MAHE) is a pioneering institution established to address pressing challenges in the field of public health, hospital administration, social work, health technology assessment and data science. The evolution of PSPH reflects its commitment to academic excellence, research, and innovation in public health education. The journey of PSPH began in 2006 with the establishment of the Department of Statistics, the first university teaching department of MAHE. In 2007, the MSc Biostatistics programme was introduced, marking the start of specialized education in data science and statistical applications for public health. By 2009, the Department of Public Health was formed, launching the Master of Public Health (MPH) and Master of Social Work (MSW) programmes to address critical health and social challenges. Expanding its offerings with an understanding of the growing needs for administrators in the hospital setting, the Department introduced the Master of Hospital Administration (MHA) programme in 2010, equipping students for leadership in

healthcare management. The PSPH was formally established in 2017, uniting various disciplines under one roof to foster interdisciplinary education and research. In 2019, the MSc Data Science programme was launched to meet the growing demand for expertise in big data and AI-driven public health solutions. The school achieved significant milestones in 2020, including ISO certifications (9001:2015, 14001:2015) and the curriculum of the MPH programme being validated by the Agency for Public Health Education Accreditation (APHEA), ensuring global standards in education. Continuing its trajectory of growth, PSPH introduced the MSc Digital Epidemiology programme in 2021, an innovative course addressing the intersection of digital health and epidemiology. In the same year, PSPH gained national recognition, being ranked 4th among emerging MSW colleges and 16th among all MSW colleges in India by the India Today NDRA Survey. In 2023, PSPH showcased its global presence by hosting the prestigious G20-T20 event, furthering its reputation for international engagement in global health and public health diplomacy. PSPH redefined academic and research excellence by becoming the first APHEA-accredited public health school in Asia and the eleventh globally in 2024. Additionally, PSPH achieved top national rankings, being ranked 1st among emerging MSW colleges and 15th among all MSW colleges in India by the India Today NDRA Survey. These milestones underscore PSPH's unwavering dedication to advancing public health, social work, and healthcare education, positioning itself as a leader in building a healthier and more equitable future. PSPH currently hosts five departments and eleven research centres hosting seven post-graduate programmes and doctoral degree programmes in part-time and full-time modes apart from six certificate courses.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
Data Science			
1	Certificate course in Research Methodology	The department initiated a mandatory certificate course in Research Methodology for PhD scholars in the Health Science stream at MAHE, Manipal, admitted in the academic year 2023-24 onwards. This 4-credit course aims to provide scholars with a comprehensive understanding of the research process, equipping them to conduct high-quality research while developing critical thinking and analytical skills.	01 January 2024
Health Information			
1	Certificate Course in Scoping Review Methodology	This Scoping Review Certificate Course provides a theoretical introduction and practical sessions on developing a search strategy and designing a scoping review protocol. This course includes student-centered classroom sessions by experts in the field. Participants will learn to choose the right review question for their project work and improve their skills in conducting a scoping review based on their topic of interest.	10 July 2024 to 31 December 2024
2	Certificate Course in Health Technology Assessment (HTA)	The Health Technology Assessment (HTA) course focuses on evaluating the principles and impacts of health technologies and interventions, covering aspects such as effectiveness, cost-effectiveness, and broader social and ethical implications. The objectives of the course is to	24 August 2024

Sl No	Activity	Particulars	Date(s)
		sensitize the participants to the real word settings. Two batches will be conducted in a year.	

All other activities in the department relating to the program/course :

Sl No	Activity	Particulars	Date(s)
Data Science			
1	Workshop on Survey Research and Data Analysis using Jamovi. 	The Department of Data Science (DoDS), PSPH, MAHE, Manipal organized the Workshop on "Survey Research and Data Analysis using Jamovi" from 11 to 13 January 2024 through hybrid mode - on-Campus on the Premises of R A Fisher Hall, Department of Data Science, Level 6, Health Science Library Building, MAHE, Manipal; virtually through Microsoft Teams.	11 to 13 January 2024
3	Connected Conversations – Alumni Interaction Session. 	Department of Data Science (DoDS), PSPH, MAHE, Manipal organized 'Connected Conversations – Alumni Interaction Session' Virtually through Microsoft Teams on Saturday, 03 February 2024. Ms Nisha Nayak (Business Analyst, Amazon India; Alumna, MSc Biostatistics Programme [2021-2023 batch], DoDS, PSPH, MAHE, Manipal) was the resource person.	03 February 2024
4	Workshop on Survey Methods and Data Analysis using Jamovi. 	Goa Institute of Public Administration and Rural Development organized a workshop on "Survey Methods and Data Analysis using Jamovi" on the Premises of Goa Institute of Public Administration and Rural Development, Ella Farm, Old Goa, Goa from 27 to 29 February 2024. Prof Dr Asha Kamath (In-charge Director, PSPH, MAHE, Manipal); Prof Dr Shreemathi Mayya (Faculty, Department of Data Science [DoDS], PSPH, MAHE, Manipal); Dr Vani Lakshmi R (Faculty, DoDS, PSPH, MAHE, Manipal); Ms Bhagyajyothi Rao (Faculty, DoDS, PSPH, MAHE, Manipal) were the resource persons for this event.	27 to 29 February 2024
5	One Day Workshop on "Data Analysis using Jamovi." 	Manipal Centre for European Studies (MCES) - Jean Monet Centre of Excellence, MAHE, Manipal organized a One Day Workshop on "Data Analysis using Jamovi" on Saturday, 02 March 2024 on the Premises of Advanced Research Centre, MCES Fifth Floor, Lecture Hall 2, MCES, MAHE, Manipal. Dr Vani Lakshmi (Faculty, Department of Data Science [DoDS], PSPH, MAHE, Manipal) was the resource person	02 March 2024
6	Alumni Interaction Session –Connected Conversations.	Department of Data Science (DoDS), PSPH, MAHE, Manipal organized an Alumni Interaction Session 'Connected	08 March 2024

Sl No	Activity	Particulars	Date(s)
		Conversations' on Friday, 08 March 2024 virtually through Microsoft Teams.	
7	Workshop on Statistics for Communication Research.	Manipal Institute of Communication (MIC), MAHE, Manipal organized a Workshop on "Statistics for Communication Research" on the Premises of PG Lab, MIC, MAHE, Manipal on March 22-23, 2024. Dr Vani Lakshmi (Faculty, Department of Data Science [DoDS], PSPH, MAHE, Manipal) was the resource person	22 to 23 March 2024
8	Masterclass in Quantitative Methods in Social Sciences and International Relations.	The Department of Geopolitics and International Relations (DGIR), MAHE, Manipal organized a Masterclass in Quantitative Methods in Social Sciences and International Relations on Friday, 05 April 2024 on the Premises of Lecture Hall 1, Old TAPMI Building, DGIR, MAHE, Manipal. Dr Vanilakshmi (Faculty, Department of Data Science [DoDS], PSPH, MAHE, Manipal) was the resource person.	05 April 2024
9	Course regarding Introduction to Statistical Data Analysis using Jamovi.	The Department of Data Science (DoDS), PSPH, MAHE, Manipal jointly with MAHE SRF (Student Research Forum), Manipal under the aegis of the Directorate of Research, MAHE, Manipal organized a course titled "Introduction to Statistical Data Analysis using Jamovi" from 13 to 17 May 2024 as part of the Summer School Programme 2024 Virtually through Microsoft Teams. Dr Vani Lakshmi (Faculty, DoDS, PSPH, MAHE, Manipal) was the Course Coordinator	13 to 17 May 2024
10	Course regarding Introduction to R Programming.	The Department of Data Science (DoDS), PSPH, MAHE, Manipal jointly with MAHE SRF (Student Research Forum), Manipal under the aegis of the Directorate of Research, MAHE, Manipal organized a Course titled "Introduction to R Programming" from 20 to 24 May 2024 as part of the Summer School Programme 2024. Dr Vani Lakshmi (Faculty, DoDS, PSPH, MAHE, Manipal) was the Course Coordinator	20 to 24 May 2024
11	Workshop on "Development of Research Tool."	The Pillar II (IOE), Exemplary Research and Innovation, UG and PG Vertical, Manipal College of Nursing (MCON), MAHE, Manipal organized a workshop on "Development of Research Tool" in Classroom Number 211, Second Floor, MCON, MAHE, Manipal on Wednesday, 03 July 2024. Dr Vani Lakshmi (Assistant Professor [Senior Scale], Department of Data Science [DoDS]; Coordinator – Editorial and Quality; PSPH, MAHE, Manipal) was one of the resource persons for the event. She delivered a talk on the topic "Factor Analysis"	03 July 2024
12	Alumni Meet.	An alumni meet was organized by the Department of Data Science, PSPH, MAHE, Manipal on Saturday, 19 October 2024, at the MAHE-Bengaluru campus. This meeting was specially organized for the alumni of MSc Biostatistics, MSc Data Science, MSc Digital Epidemiology, and PhD	19 October 2024

Sl No	Activity	Particulars	Date(s)
		programmes. The event marked a significant milestone, as such an event was held after five years to reconnect and strengthen the community. Dr Raghavendra Prabhu P (Deputy Registrar, MAHE-Bengaluru) was the Chief Guest for the event.	
13	Five-Day Workshop on "Statistical Analysis with R: A Hands-On Approach."	The Department organized a five-day workshop on "Statistical Analysis with R: A Hands-On Approach" from 02 to 06 December 2024. The faculty, PhD research scholars of the Department were the resource persons for the workshop.	02 to 06 December 2024
Health Information			
1	Faculty Training Programme on Systematic Reviews.	PSPH, MAHE, Manipal organized a "Faculty Training Programme on Systematic Reviews" in Lecture Hall 1, PSPH, MAHE, Manipal from January 11 to 16, 2024.	11 to 16 January 2024
2	Certificate Course in Evidence Synthesis – Systematic Review and Meta-Analysis.	The Centre for Evidence-informed Decision-making (CEIDeM), DoHI, PSPH, MAHE, Manipal organized a Certificate Course in Evidence Synthesis (Systematic Review and Meta-Analysis) from 02 March 2024 to 01 June 2024, through hybrid mode. Participants from the MAHE campus attended the sessions in person at PSPH. Microsoft Team's platform was utilized to deliver sessions to the participants outside MAHE, Manipal campus. This course aimed to enhance the skills of participants in conducting systematic reviews and meta-analyses, providing them with valuable tools for evidence-informed decision-making in public health. The hybrid mode of delivery allowed for flexibility and accessibility, catering to the diverse needs of the participants.	02 March 2024 to 01 June 2024
3	Certificate Course in Qualitative Research Methods.	The Transdisciplinary Centre for Qualitative Methods (TCQM), Department of Data Science (DoDS), PSPH, MAHE, Manipal organized a Certificate Course in Qualitative Research Methods from 05 April 2024 to 28 June 2024. The Certificate Course Sessions were held every Friday from 15:00 to 17:00 hours IST in Hybrid Mode – On-Campus in the Lecture Halls of PSPH, MAHE, Manipal and virtually through Microsoft Teams.	05 April 2024 to 28 June 2024
4	MAHE Inter-Health Sciences Postgraduate Research Conference – Manipal Quest 1.0 – Excellence in Health Science Research: The Quest Continues.	Kasturba Medical College (KMC) Manipal Postgraduate Research Vertical hosted the MAHE Inter-Health Sciences Postgraduate Research Conference – Manipal Quest 1.0 – Excellence in Health Science Research: The Quest Continues on Sunday, 09 June 2024, at Dr TMA Pai Auditorium and Dr TMA Pai Halls 1 and 2, MAHE, Manipal. Dr Arathi Rao (Associate Professor, MPH Programme, Department of Health Policy [DoHP], PSPH, MAHE, Manipal); Dr Divya Susanna Patil	09 June 2024

Sl No	Activity	Particulars	Date(s)
		(Research Fellow and Coordinator, Centre for Evidence-informed Decision-making, Department of Health Information [DoHI], PSPH, MAHE, Manipal) were two of the speakers during the event. Dr Arathi Rao spoke on the topic "Qualitative Exploration in Health Sciences Research." Dr Divya Susanna Patil spoke on the topic "Crafting a Scoping Review."	
5	Webinar on Introduction to Scoping Review Methodology	Scoping review is an emerging methodology to inform policy and decision-makers and thus ensuring the integrity of these reviews is essential. The science of developing these reviews and the art of curating evidence tailored to the needs of stakeholders is the need of the hour. Strong foundations for utilizing this methodology for an array of research questions will facilitate the researchers in synthesizing a vast body of literature. The Centre for Evidence-informed Decision-making, Department of Health Information, PSPH, MAHE, Manipal organized a webinar on "Introduction to Scoping Review Methodology," virtually through Microsoft Teams on Monday, 15 July 2024 . Dr Edlin Glane Mathias presented the different types of reviews, followed by Mr Elstin Anburaj, who discussed how to choose the appropriate review to address a research question. Dr Divya Susanna Patil then provided a detailed insight into the methodology of scoping reviews during the final session. A total of 176 faculty, post-doctorates, PhD scholars, researchers, and postgraduates from all disciplines were the participants in the webinar	15 July 2024
6	Webinar on "Promoting Breastfeeding Support: An Evidence-Based Perspective".	On the occasion of World Breastfeeding Week 2024 (1-7 August), the Centre for Evidence- informed Decision-making, Department of Health Information, PSPH, MAHE, Manipal organized a webinar on "Promoting Breastfeeding Support: An Evidence-Based Perspective" on Friday, 02 August 2024, virtually through Microsoft Teams for healthcare providers, researchers, policymakers, academia, and the public. Dr Edlin Glane Mathias (Research Fellow, Centre for Evidence-informed Decision-making, PSPH, MAHE, Manipal) was the resource person. The session focussed on the latest research and strategies to enhance breastfeeding practices and support. It provided valuable insights on how we can collectively improve breastfeeding support within our community	02 August 2024
7	Certificate Course on Scoping Review Methodology.	Centre for Evidence Informed Decision Making (CEIDeM), Department of Health Information, PSPH, MAHE, Manipal, organized the Certificate Course on Scoping Review Methodology on the premises of Interact Lecture Hall GC, MAHE, Manipal from 07 to 10 August 2024. Dr Divya S Patil, Mr Elstin Anbu Raj, and Dr Edlin Mathias were the instructors for the course.	07 to 10 August 2024

Sl No	Activity	Particulars	Date(s)
8	Webinar on Introduction to Health Technology Assessment. 	Dr Bhavani Shankara Bagepally (Scientist-E, ICMR [Indian Council of Medical Research] – National Institute of Epidemiology [NIE], Chennai; Honorary Associate Professor at the Academy of Scientific and Innovative Research [AcSIR], India) was the resource person. Mr Elstin Anbu Raj (Research Fellow, CEIDeM, PSPH, MAHE, Manipal) welcomed the resource person and audience during the occasion. Prof Dr Cherian Varghese (Director, PSPH, MAHE, Manipal) delivered the welcome address on the occasion.	24 September 2024
9	EQUIMOB International Conference on Mobility, Ageing and Health. 	EQUIMOB (Inclusive-Cities through Equitable Access to Urban Mobility Infrastructures for India and Bangladesh) organized an International Conference on 'Mobility, Ageing, and Health' on 23-24 October 2024, at MAHE, Manipal, India. The conference was jointly organized by Manipal School of Architecture and Planning (MSAP), MAHE, Manipal and PSPH, MAHE, Manipal, constituent institutions of MAHE, Manipal in collaboration with Utrecht University, The Netherlands. The conference was held 24 October 2024, on the Third Floor, Dr TMA Pai Halls, MAHE, Manipal. On October 24, 2024 'EQUIMOB workshop on Publishing with the Journal of Global Ageing' was held. Prof Martin Hyde (Editorial Lead, Journal of Global Ageing) was the speaker for this workshop. This insightful workshop focussed on the intricacies of publishing with the Journal of Global Ageing as part of the EQUIMOB International Conference, the session covered essential aspects of the publication process, including manuscript preparation, submission guidelines, and tips for increasing the likelihood of acceptance, understanding the scope and focus of the Journal of Global Ageing, Best practices for preparing manuscript, navigating the submission and review process, common pitfalls and how to avoid them. EQUIMOB Project aims to bridge the gap between science, policymaking, and social impact. The project believes that interdisciplinary collaborations and innovative approaches are necessary to reduce inequalities and make urban transport inclusive for the vulnerable population in India and Bangladesh. Prof Dr Cherian Varghese (Director, PSPH, MAHE, Manipal) addressed the audience and participants during the occasion and spoke regarding the importance and objectives of institutions and organizations .	24 October 2024
10	Workshop on "Systematic Reviews and Meta-Analysis." 	Manipal College of Nursing (MCON), MAHE, Manipal organized a workshop on "Systematic Reviews and Meta-Analysis" on Wednesday, November 06, 2024. Dr Anupama D S (Faculty, PSPH, MAHE, Manipal) was the resource person for the session on 'Selection of Studies and Data Extraction.'	06 November 2024

Sl No	Activity	Particulars	Date(s)
Health Policy			
1	Session regarding Centers for Disease Control and Prevention. 	Dr Vikas Kapil (Chief Medical Officer, Global Health Center, Centers for Disease Control and Prevention [CDC], USA) was the resource person for this session. During the session, the resource person spoke regarding public health, global health, the Centers for Disease Control and Prevention, the role played by the Centers for Disease Control and Prevention, pandemics such as COVID-19, health systems preparedness in the USA and around the world during pandemics, epidemics, epidemiology, infectious diseases, communicable diseases, non-communicable diseases, climate change, and the impact of climate change on health of the people.	04 January 2024
2	Visit by Students and Faculty from the University of Maryland, USA to PSPH, MAHE, Manipal-Student Immersion Programme. 	Students and faculty from the University of Maryland, USA, visited PSPH, MAHE, Manipal as part of the Student Immersion Programme from 04 to 20 January 2024. This Student Immersion Programme included classroom sessions related to the curriculum; visits to institutions, and organizations related to public health; and excursions for the students and faculty from the University of Maryland, USA.	04 January 2024
3	Maastricht Students (MPH) Visit to PSPH-Student Exchange Programme-Inaugural Session. 	As part of the Student Exchange Programme, students of the Master of Global Health (MGH) from Maastricht University, Maastricht, Netherlands, Europe visited PSPH, MAHE, Manipal in connection with the MPH Programme.	22 January 2024
4	Radio Manipal Programme – Awareness Talk by Dr Arathi Rao on the occasion of National Girl Child Day. 	Dr Arathi Rao (Associate Professor, MPH Programme, Department of Health Policy, Manipal) delivered an awareness talk on the occasion of National Girl Child Day, which was broadcasted by Radio Manipal FM 90.4 on Wednesday, 24 January 2024.	24 January 2024

Sl No	Activity	Particulars	Date(s)
5	MPH Alumni Interaction Session. 	MPH Programme, Department of Health Policy (DoHP), PSPH, MAHE, Manipal organized an Alumni Interaction Session on Friday, 23 February 2024, on the premises of Lecture Hall 1, PSPH, MAHE, Manipal. Mr Sandeepa S Prabhu (Manager–Urban Health Systems and Capacity Building, PATH; Alumnus 2012-2014 batch, MPH Programme, PSPH, MAHE, Manipal) was the resource person for the event.	23 February 2024
6	State Institute of Health and Family Welfare Training Workshop.	MPH Programme, Department of Health Policy (DoHP), PSPH, MAHE, Manipal organized the State Institute of Health and Family Welfare Training Workshop based on the theme 'Role of Health Educators in Disaster Management and Health Extension Education Strategies' on the premises of PSPH, MAHE, Manipal; places in and around PSPH, MAHE, Manipal; Udupi district from 29 February 2024 to 02 March 2024. Faculty of the MPH Programme, Department of Health Policy (DoHP), PSPH, MAHE, Manipal were the resource persons for the Training Workshop.	29 February 2024
7	Visit by Dr Cherian Varghese to PSPH 	Dr Cherian Varghese (Regional Advisor, NCD [Non-Communicable Diseases], World Health Organization [WHO], New Delhi, India) visited PSPH, MAHE, Manipal on Friday, 15 March 2024.	15 March 2024
8	Interactive Session 	PSPH, MAHE, Manipal organized an interactive session at the PSPH Board Room, PSPH, MAHE, Manipal on Friday, 05 April 2024. Dr Anil Gumber (Health Economist, Sheffield Hallam University, Sheffield, England) was the resource person.	05 April 2024
9	Sensitization Workshop on Research Ethics 	Members of the Institutional Review Committee (IRC), PSPH, MAHE, Manipal organized a 'Sensitization Workshop on Research Ethics' on Saturday, 06 April 2024 on the premises of Lecture 1, PSPH, MAHE, Manipal. Resource persons were : 1) Dr Rajeshkrishna Bhandary (Chair, Research Ethics and Regulations Vertical, Kasturba Medical College [KMC], MAHE, Manipal); 2) Dr Muralidhar M K (Member Secretary, Institutional Ethics Committee- 1, KMC, MAHE, Manipal); 3)	06 April 2024

10	Global Health Symposium	PSPH, MAHE, Manipal hosted the Global Health Symposium from 21 April 2024 to 03 May 2024, on the premises of PSPH, MAHE, Manipal; places in and around the MAHE University Campus., Manipal; Maastricht University, The Netherlands; and McMaster University, Canada. The 14th Edition of the 'Global Health Symposium 2024 - Bridging Different Worlds' was jointly organized. Faculty and students from the following universities participated in the symposium. • Maastricht University, The Netherlands • McMaster University, Canada; • Thammasat University, Thailand; • Niigata University, Japan; • Bangladesh University of Professionals, Bangladesh; • University of South-Eastern Norway, Norway; • The University of Alabama at Birmingham, USA	21 April 2024 to 03 May 2024
11	MPH Alumni Interaction Session.	The MPH Programme, Department of Health Policy (DoHP), PSPH, MAHE, Manipal organized an MPH Alumni Interaction Session on Monday, 29 April 2024 on the premises of Interact Lecture Hall 3A, MAHE, Manipal . Dr Siddharth Maurya (Consultant in Public Health Planning and Evidence, Regional Resource Centre for Northeastern States, NHSRC [National Health System Resource Centre], Ministry of Health and Family Welfare, Government of India; Alumnus, MPH Programme [2015-2017], PSPH, MAHE, Manipal) was the resource person for the session .	29 April 2024
12	Alumni Interaction Session - PhD and Career Opportunities in the United States of America (USA).	The Placement Cell, PSPH, MAHE, Manipal organized an Alumni Interaction Session on "PhD and Career Opportunities in the United States of America (USA)" on Saturday, 25 May 2024, virtually through Microsoft Teams. Dr Nivedhitha Parthasarathy (PhD, UTHealth Houston School of Public Health, Houston, Texas, USA; Alumna, MPH Programme [2017-2019 Batch], PSPH, MAHE, Manipal) was the resource person for the event.	25 May 2024
13	Radio Manipal Programme – Awareness Talk by Dr Arathi Rao on the	Dr Arathi Rao (Associate Professor, MPH Programme, Department of Health Policy, Manipal) delivered an awareness talk on the occasion of World Environment Day based on the theme of World Environment Day 2024 'Our Land, Our Future. We are #GenerationRestoration' which was	05 June 2024

Centre for Evidence-informed Decision-making

[Formerly known as Public Health Evidence South Asia]
Address: First Floor, Prasanna School of Public Health (PSPH), Madhav Nagar, Manipal
Phone Number: 0820 2922993
Email Centre: healthinfo.psph@manipal.edu **Coordinator:** divya.patil@manipal.edu

Year of Establishment of the Centre: 2015
Name of the Coordinator: Dr Divya Sussana Patil
Members: Dr Edlin Glane Mathias, Mr Elstin Anbu Raj

Brief about the Centre:
The Centre for Evidence-informed Decision-making (CEIDeM) is based at the Prasanna School of Public Health (PSPH), Manipal Academy of Higher Education (MAHE). The Cochrane Affiliate Centre – MAHE, part of India's Cochrane Network, is based at CEIDeM. The centre aims to address public health evidence needs across the globe. Overtime, we have grown into an international network with global collaborations, including many universities, public health organizations, and NGOs. Our staff and interns come from diverse global backgrounds. We seek to partner with organizations and individuals across disciplines to resolve diverse public health challenges faced by low- and middle-income countries (LMICs). We work together to foster a flexible environment that inspires new ideas, debate, change and innovation, with a focus on capacity building in evidence synthesis.

Vision:
To facilitate the synthesis, production, and dissemination of high-quality evidence of the effects of public health interventions relevant to the South Asian region.

Mission:
- Capacity Building: Mentoring reviewers and methodologists in the South Asian region to conduct and interpret systematic reviews relevant to public health.
- Evidence Building: Producing systematic reviews of public health interest relevant to the South Asian region.
- Networking: Collaborating with institutions and individuals across the region.
- Knowledge Dissemination and Advocacy: Disseminating knowledge by organizing workshops and conferences.

Activities at the Centre:
Capacity building in evidence synthesis methods, consultancy for academia and industry, internships, and writing grant proposals.

Research Activities:
- Teaching research methodology for MSW classes and systematic review methodology for MPH and MHA students at PSPH.
- Inviting resource persons outside MAHE for teaching evidence synthesis methods.
- Providing consultancy for INDENCE Healthcare.
- Mentoring interns

Manipal Health Literacy Unit

Address: PSPH, MAHE Manipal, Udupi, Karnataka, India
Phone Number: 0820-2923157
Email (Centre): mhlu.mahe@manipal.edu **Coordinator**: usha.rani@manipal.edu

Year of Establishment of the Centre: 2014
Name of the Coordinator: Dr Usha Rani

Brief About the centre:
The scope of MHLU is to conduct practice- and policy-focused multidisciplinary research
and development activities, collaborating extensively with national and international institutes to generate robust evidence in health literacy. MHLU aspires to be a hub for research excellence, policy advocacy, and interdisciplinary collaboration, contributing meaningfully to the advancement of health literacy on a global scale. The unit aims to continuously learn, adapt, and engage with communities, fostering a culture of innovation and excellence in health literacy studies.

Vision:

To excel in health literacy research, policy, and practice.

Mission:

To be the most preferred unit for health literacy studies in India.

Objectives:

- To carry out practice- and policy-focused multidisciplinary research and development activities in health literacy.
- To collaborate with national and international institutes to generate evidence on health literacy.

Activities at the Centre:

Eight International webinars were hosted and the details are provided below:

Ninth International Webinar

Topic: Health Literacy and Climate Change

Speaker:

- Thao T P Nguyen (Hue University of Medicine and Pharmacy, Hue University, Vietnam)

Moderator:

- Meliantha Asmarani Kusumawardani (Secretariat of Faculty of Medicine, Universitas Dian Nuswantoro, Semarang, Indonesia)

Date and Time: 28 February 2024 at 12:30 PM, IST

Mode of Delivery: MS Teams

10th International Webinar

Topic: A Data-Analytic Roadmap to Health Literacy Assessments and Health Literacy-Informed Interventions for Population Health.

Speaker:

- Dr Vani Lakshmi R, PhD (Assistant Professor, Senior Scale, Department of Data Science, PSPH, MAHE, Manipal, Karnataka, India)
- Prof Tin Tin Su, Dr Med, MSc CHHM, MBBS (Director, Southeast Asia Community Observatory – SEACO, Professor: Global Public Health, Jeffery Cheah School of Medicine and Health Sciences, Monash University, Malaysia)

Moderator:

- Prof Diane Levin-Zamir PhD, MPH, MCHES (National Director, Department of Health Education and Promotion, Clait Health Services, Israel, Full Professor, University of Haifa School of Public Health, Chair, National Health Promotion Council, Israel Ministry of Health, Research Co-Chair, WHO Action Network of M-POHL)

Date and Time: 27 March 2024 at 12:30 IST

Mode of Delivery: MS Teams

11th International Webinar

Topic: Embedding Health Literacy Research and Best Practices within Health Services: The NSW Statewide Health Literacy Hub and Approaches to Address Health Literacy Needs of Marginalized Communities.

Speaker:

- Dr Reetu, MPH, PhD (Project Coordinator, Department of Community Medicine and School of Public Health, PIGMER, Chandigarh, India)
- Dr Danielle Muscat Psych (Hons), PhD (Senior Research Fellow and Applied and Translational Research Lead, Faculty of Medicine and Health, Sydney School of Public Health, The University of Sydney, Sydney, Australia)

Moderator:

- Dr Roshan Mahato (Assistant Professor of Faculty of Public Health, Khon Kaen University, Thailand)

Date and Time: 24 April 2024 at 12:30 PM IST

Mode of Delivery: M S Teams

12th International Webinar

Topic: The Use of Artificial Intelligence in Improving Health Literacy and Effective Health Communication

Speaker:

- Dr Professor Nutbeam, FFPH, FAAHMS (Executive Director, Sydney Health Partners and Professor of Public Health, School of Public Health, University of Sydney)
- Ms Kavita Nagasampige (Assistant Professor, Senior Scale, Manipal Institute of Communication, MAHE, Manipal, India)

Moderator:

- Dr Swathi K S, BAMS, MBA, PhD (Associate Professor, Coordinator - MHA Program, Coordinator - Student Affairs, Department of Healthcare and Hospital Management, PSPH, MAHE, Manipal)

Date and Time: 29 July 2024 at 12:30 PM, IST
Mode of Delivery: MS Team

13th International Webinar

Topic: Professional Responsiveness to Patients' Health Literacy and Health Literacy and Treatment Seeking During a Stroke.

Speaker:

- Flaviane Rocha, PhD, MSc (Nurse and Researcher, Active Member of Healthcare Assistance and Quality of Life Research Group (NEPAQ-UFG) and the Brazilian Health Literacy Network (REBRALS))
- Dr Manesh Muraleedharan, PhD (Assistant Professor, Symbiosis Institute of Health Sciences (SIHS), Pune)

Moderator:

- Ms Anjali Pradhan (Research Scholar, PSPH)

Date and Time: 29 August 2024 at 12:30 PM, IST
Mode of Delivery: MS Teams

14th International Webinar

Topic: Cervical Cancer Screening Health Literacy in Asia and Europe and "Landscape of Youth Mental Health at SCARF"

Speaker:

- J A R (Jaap) Koot, MD, MBA (Global Health Unit, Department of Health Sciences, UMCG)
- Dr Vijaya Raghavan Dhandapani, MBBS, MD (Psychiatry) (Head (Research), Department of Youth Mental Health, Schizophrenia Research Foundation, India)

Moderator:

- Dr P Arathi Pao (Associate Professor and Head, Department of Global Public Health Policy and Governance, PSPH, MAHE)

Date and Time: 27 September 2024 at 12.30 PM, IST
Mode of Delivery: MS Teams

15th International Webinar

Topic: Health Insurance Across borders: Switzerland and International Perspectives

Speaker:

- Dr Ana Cecilia Quiroga Gutierrez (Research Associate, Institute of Health Economics and Health Policy, Bern University of Applied Sciences)

Date and Time: 27 November 2024 at 12:30 PM, IST

16th International Webinar

Topic: Nutrition Health Literacy and its Need in Chronic Lifestyle Disease Prevention and Management

Speaker:

- Dr Sanchita Bhattacharya (Founder Director, Holistic Health Centre for Integrative Medicine, Consultant SHARAN, Ambassador – Physicians Association for Nutrition (PAN) – India

Moderator:

- Ms Pallavi Mashesh Shettigar (Coordinator – Department of Dietetics and Applied Nutrition, WGSHA, Manipal)

Date and Time: 27 December 2024 at 12.30 PM, IST

Mode of Delivery: MS Teams

Research Activities:

Research work:

S No	Title of the Project
	Ongoing Research Projects
1	Developing a Comprehensive Assessment Tool for Environmental Health Literacy in the Indian Context
2	Digital Health Literacy Among Ageing and Elderly Population: A comparative Study Between Rural and Urban Central Kerala
3	Digital Health Literacy of The Ageing Population in Coastal Karnataka
4	Digital Health Literacy: Impacts of Self-medication Among Students of Four Institutes in Coastal Karnataka
5	Assessing Health Literacy in Parents of Children Diagnosed with Cancer
6	Assessing Health Literacy and Health-related Lifestyle Among Academicians and Academic Researchers
7	Understanding Literacy in Laboratory Tests: Ranking of Barriers and Facilitators
8	Health Literacy and Self-care Behaviours in Indian Diabetic Patients: A Study Across Cultural Zones
	Completed Research Projects
1	Interaction Between Cultural Practices, Lifestyle, Socio-demographic Determinants, and Weight Literacy Among Pregnant and Postpartum Women
2	Health Literacy Assessment Tools Database App Development (funded project)
3	Assessing Patient Experiences and Health Literacy in Gynaecology and Obstetrics Outpatient Department in a Tertiary Care Teaching Hospital, Karnataka.
4	General and Digital Health Literacy Among Patients Hospitalized in a Tertiary Care Teaching Hospital in the Coastal District of Karnataka.
5	Explore Knowledge, Attitude, and Practices on Mental Health and Assess Mental Health Literacy Among School Physical Education Teachers in the Udupi District.
6	Exploring Types of Health Literacy Measurement Tools in Different Domains of Health Literacy.
7	Health Literacy and Perceived Patient-centred Care Among Outpatients in the OPD Pharmacy of a Tertiary Care Hospital in Coastal Karnataka
8	Oral Health Literacy Among Physical Labourers in the Udupi district.
9	General and Oral Health Literacy Levels Among Outpatients Visiting Dental Outreach Programs and Camps in Udupi District, Karnataka State.
10	Hand Hygiene Practices and to Assess Health Literacy Among Caregivers of the Paediatric Population.
11	A Scoping Review of Digital Health Literacy (DHL) Frameworks and Contextualizing to India.
12	A Pre- and Post-survey to Determine the Effectiveness of Nutrition Health Literacy Education Among High School Students in Udupi Taluk.
13	Community-Based Health Literacy Interventions in India: A Scoping Review

Research Publication:

1. Maternal Health Literacy and Hand Hygiene Practices Among Caregivers of Children Under Five: A Cross-Sectional Study in India. Journal of Health Literacy

Awards and Recognitions:

- Two Copyrights on Cinematography and Literary work (received in 2024)

List of Ongoing Projects/Research Grants:

Ongoing Funded Projects

- D A Prasanna Endowment Research Grant on "Capacity Building Interventions for Creating an Impact in Health Literacy." Grant duration: August 2022 to March 2025.
- Enhancing Adolescents Sports' Mental Health Literacy Among Physical Education Teachers

Through a Digital Mental Health Program: An Interventional Study Among Physical Education Teachers in Udupi District. IMF from MAHE of INR 17,65,965/- for 3.5 years.

Ongoing Self-funded Projects

Transdisciplinary Centre for Qualitative Methods

Address: Prasanna School of Public Health, MAHE, Manipal-576 104
Phone Number: 0820 29 22407/0820 2923157
Email (Centre): tcqm.mu@manipal.edu **Email (Coordinator)**: a.bailey@uu.nl

Year of Establishment of the Centre: 2016

Name of the Coordinator: Prof Ajay Bailey

Members:

Dr Selim Jahangir (Co-Coordinator)

Dr Divya Sussana Patil (PhD candidate)

Brief about the Centre:

Vision:

To educate, facilitate, and promote transdisciplinary qualitative research for the comprehensive understanding of issues about public health.

Mission:

To provide extensive training on design, conduct, and analysis of qualitative methods.

Objectives:

a. To promote interdisciplinary research in public health.
b. To provide impetus to researchers from across disciplines to share expertise and collaborate.
c. To build the capacities of young scholars in teaching and conducting qualitative research.
d. To establish a regional hub for qualitative research in South Asia.

Activities at the Centre:

- Offers Certificate Course in Qualitative Research Methods. The upcoming certificate course will start in March 2025.
- Organizing international/national conferences. Recently we organized an international conference on mobility, ageing, and health in October 2024. This was part of the dissemination programs of the EQUIMOB project funded by the Dutch Research Council (NWO) and Utrecht University, The Netherlands.
- Offers expert consultancy on qualitative research methods to master's students, researchers, and faculty members across MAHE institutions. Our support includes guidance on study design, data collection, transcription, analysis, and interpretation of findings.
- Alumni meet for TCQM certificate course attendees
- Organizing Summer/Winter schools

Research Activities

Research Grants Received

- EQUIMOB: Inclusive cities through equitable access to urban mobility
- Human costs of shrinking deltas: Adaptation pathways of vulnerable groups to sea-level rise in three Asian deltas
- Climate change-induced immobility (CLIMO): Investigating the historical, socio-cultural, political, and environmental interlinkages

Research Grants Applied

- Applied to SPARC grant on the theme of Inclusive Healthcare Access
- Applied to ICMR call on Centre for Advanced Research
- Applied to ICMR call on Extramural Intermediate Call
- Applied to ICSSR call on Social Determinants of Health

Centre for Health Demography

Address: Prasanna School of Public Health
Email (Centre): Website Health Demography Centre
Email (Coordinator): t.c.vogt@rug.nl

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr Tobias Vogt
Members: Dr Selim Jahangir (relieved May 2024)

Brief About the centre:

Vision:

The Health Demography Centre seeks to address the global challenge of social inequalities in India, helping societal and political stakeholders to improve health of all.

Mission:

In collaboration with national and international partners, the research centre uncovers new data sources or uses existing data to study health and demographic patterns and their underlying determinants. It applies state-of-the-art demographic methods to address highly relevant societal and academic questions regarding individual and regional health inequalities.

Objectives:

1. To build capacity for conducting demographic research at MAHE.
2. To elucidate the causes behind population health improvements and differences in India and beyond.
3. To identify the societal consequences of changing population age structures.
4. To monitor the current and future health demands of Indian sub-populations.

Unique Selling Points:

- The only demography centre at MAHE dedicated to research and (potential) teaching.
- Creation of a data inventory for health demographic research in India.
- Extensive collaboration with national and international partners to conduct health demographic research from a global perspective.

Activities at the Centre:

- Co-supervision of PhD students with the Indian Institute for Population Studies, Mumbai
- Co-supervision of PhD students with the Manipal Centre for Humanities
- Research on challenges related to health disparities and population dynamics in India and beyond
- Editing a special issue for the International Journal of Public Health

Research Activities:

- Conference presentations at the European Population Conference
- Invited session organizer for Dutch Demography Day
- Researching on health and life expectancy differences across Indian states - The role of lifestyle factor
- Research on public and private support for old age and health in India and South Asia

Centre for Digital Health, Applied Research and Technology

Address: Prasanna School of Public Health (PSPH), MAHE, Manipal
Phone Number: 70221 73677 | Extn: 22987
Email Centre: cdht@manipal.edu **Coordinator**: rahul.clare@manipal.edu

Year of Establishment of the Centre: 2023

Name of the Coordinator: Dr Rahul Sheshan Clare

Members:

- Dr Sucheta V Kolekar, Associate Professor, Department of Information and Communication Technology, MIT, MAHE, Manipal
- Dr Raghavendra U, Associate Professor, Department of Instrumentation and Control Engineering, MIT, MAHE, Manipal

Brief About the Centre:

The Centre for Digital Health, Applied Research, and Technology is distinctive for its unwavering commitment to evidence-based research, robust interdisciplinary collaborations, and steadfast dedication to timely project execution. Established in 2023 at the PSPH, MAHE, the Centre stands out through its promise of delivering quality outputs within specified deadlines. By adhering to internationally recognized standards, it continually fosters trust among key stakeholders, both regionally and globally.

A hallmark of this centre is its holistic approach to knowledge creation, ensuring diverse perspectives inform research projects. Researchers benefit from advanced digital health technologies, positioning them at the forefront of innovation. Furthermore, the centre prioritizes professional development opportunities for students, faculty, and industry partners alike, guaranteeing a dynamic environment where ideas flourish. It actively cultivates strong partnerships with national and international institutions. Its commitment to tackling global health challenges through research-intensive technology-driven solutions positions it as the go-to hub for collaborative endeavours. By uniting academic rigour, timely deliverables, and genuine stakeholder engagement, the Centre for Digital Health, Applied Research, and Technology sets itself apart as a transformative force in the ever-evolving landscape of public health.

Vision:

To be a centre of excellence by 2028.

Mission:

To be a trusted, reputable, and commitment-driven centre within MAHE, nationally, and globally, fostering collaborative research, with the promise of delivering commitments in high-quality (evidence-based) outputs two weeks before the deadline while adhering to the targeted (International), and local guidelines.

Objective:

To be the platform of choice for faculty, researchers (national and international), students, and industry to network, and collaborate in research, and educational projects.

Activities at the Centre:

- 9 to 10 February 2024: AI for Everyone workshop offered by the Centre for Digital Health, Applied Research, and Technology, PSPH, Manipal.

Research Activities

- Principal Investigator - Legal and Ethical Aspects of Healthcare in the Digital Era: Developing a six-credit online certificate course on legal and ethical aspects of healthcare in the digital era; proposed an international conference on Generative AI in digital health.
- Co-Investigator - Influence of COVID-19 on Coronary Artery Disease: Collaborating on an AI-based study to assess the impact of COVID-19 infection and vaccination on coronary artery disease at Kasturba Hospital, Manipal (IEC 299-2023).
- Project Manager - Prevent IT Erasmus + Project on Antibiotic Resistance: Led MAHE's role in a multi-institutional EU-funded project on antibiotic resistance, involving five Indian and four European universities, and two NGOs.
- Principal Investigator - Robert Bosch Collaborative Project: Managed a multi-centric, multi-million project with Bosch, involving large-scale clinical trials (20,000+ participants) and health technology assessments for non-invasive haemoglobin testing.
- Core Team Member - Executive Training Program in Drug Development: Co-designed a training program with Roche India and the University of Basel; shortlisted as a finalist for the TOPRA Awards 2024 (Education category).
- Co-Editor/Project Manager - Climate Change and Public Health: Organized the Prof Rajani Prasanna lecture series on Climate Change; co-edited a

volume on public health governance and challenges, to be published by Springer Nature in 2024.

- Principal Investigator - Project Neralu: Led an initiative to restore green landscapes in Udupi amidst urbanization, emphasizing ecological sustainability.

Brief About the Centre

Vision:

To be a global leader in interdisciplinary education, research, and policy development, addressing the complex and interconnected health challenges posed by climate variability and change, while fostering resilience and sustainability for healthier communities worldwide.

Mission:

The Centre for Climate Change and Health (CCH) is committed to:

1. Empowering Education: Developing and delivering innovative, inter-professional educational programs that equip future leaders and professionals with the skills and knowledge to address the health impacts of climate change.
2. Advancing Research: Coordinating and fostering national and international collaborations to conduct impactful research that bridges climate science and public health.
3. Influencing Policy: Producing actionable policy briefs and recommendations to effectively disseminate research findings, shaping evidence-based strategies and fostering informed decision-making for climate-resilient health systems.

Objectives:

1. To develop inter-professional educational modules in climate change and health.
2. To coordinate and foster collaborations for national and international research in climate change and health.
3. To produce relevant policy papers to ensure the dissemination of research outputs.

Write-up:

The Centre for CCH aims to build capacity in interdisciplinary education, research, and policy advising to effectively monitor, anticipate, manage, and adapt to the health risks associated with climate variability and change. Its objectives include developing inter-professional educational modules on climate change and health to equip students and professionals with cohesive knowledge on climate-health issues, such as climate-resilient healthcare and environmental epidemiology. Additionally, the Centre seeks to coordinate and collaborate on national and international research initiatives, leveraging diverse expertise to address global challenges. Furthermore, CCH emphasizes producing relevant policy papers to ensure the effective dissemination of research output, influencing policy frameworks and supporting sustainable development goals related to health and climate. This integrated approach positions CCH as a critical player in addressing the health challenges posed by climate change.

Activities at the Centre:

- The Centre for CCH, PSPH, released the edited volume, "Climate Change and Public Health: Governance and Challenges" published by Manipal Universal Press on 29 August 2024. This essential resource explores the critical relationship between climate policy and public health, offering innovative research techniques and strategic insights for impact assessment and policy formation. This book is a compilation of the first Prof Rajani Prasanna Endowment lecture series and provides a comprehensive multidisciplinary perspective on the enormous challenges posed by climate change, drawing from both global and Indian contexts.
- PSPH, MAHE, hosted the first lecture of the second edition of the Prof Rajani Prasanna Endowment lecture series on "Climate Change and Public Health" on 20 September 2024, featuring Dr Thomas Matte (Senior Lecturer, Environmental Health Sciences, Columbia University Irvine Medical Centre), Dr R Srikanth (Dean, School of Natural Sciences and Engineering, National Institute of Advanced Studies, Bengaluru, India), and Dr Dhanasree Jayaram (Assistant Professor-Senior Scale, Department of Geopolitics and International Relations, MAHE-Manipal), moderated by Dr Vikas (Vik) Kapil (University of Cincinnati College of Medicine and Emory

University School of Medicine), via Microsoft Teams.

- PSPH, MAHE, hosted the second edition of the Prof Rajani Prasanna Endowment lecture series on "Climate Change and Public Health: Governance and Diplomacy" on 28 October 2024, featuring Dr Vijay Kumar Chattu (Senior Research Scientist, ReSTORE Lab, University of Toronto) speaking on "Climate Governance and the Role of Global Health and Climate Diplomacy" and Dr Bhargav Krishna (Fellow and Coordinator, Environmental Governance and Policy, Sustainable Futures Collaborative, New Delhi) discussing "Governance for Climate and Health in India," moderated by Dr Neethi Rao (Fellow, Centre for Social and Economic Progress, New Delhi), via Microsoft Teams.

2. BSc Cardiovascular Technology
3. BSc Health Information Management
4. BSc Medical Imaging Technology
5. BSc Medical Laboratory Technology
6. Bachelor of Optometry
7. BSc Renal Replacement Therapy and Dialysis Technology
8. BSc Clinical Psychology

About Institution/School: Manipal Tata Medical College (MTMC), is a premium institution for medical education and training under a consortium initiative between Tata Steel and MAHE Manipal. MAHE Manipal has been formally recognized as an Institution of Eminence (IOE) by the Ministry of Education (MOE), Government of India, via the signing of a Memorandum of Understanding (MOU) in October 2020. With only three medical colleges in Jharkhand, the establishment of MTMC will help augment the availability of trained doctors, improve healthcare facilities, and thereby contribute to the well-being of the local populace. This initiative will also contribute to the increase in medical seats for aspirants of medical education in the state. Under this consortium initiative, MAHE Manipal has created the necessary infrastructure for a medical college at Ardeshir Dalal Memorial Hospital (ADMH) Campus in Baridih, spread over 20 acres. A total of 150 seats will be made available for MBBS students annually, and the Tata Main Hospital (TMH), Jamshedpur, is the attached teaching hospital of MTMC Jamshedpur. This consortium is the first private-private partnership in the country that has been created in accordance with the Amendment Gazette Notification No. MCI-34(41)/2019-Med./112859, dated 14 May 2019, by the Medical Council of India (MCI). The Ministry of Health and Family Welfare (MOHFW), GOI, and MCI have taken this initiative with the objective to enhance greater participation of the private sector to increase the number of medical colleges in the country to meet the shortfall of doctors and thereby augment the health-care sector without compromising the standards of medical education.

Institutional Activities/Curricular Activities:
New Initiatives:

Sl No	Activity	Particulars	Date(s)
Administration Department			
1	BSc Clinical Psychology	The Department of Allied Health Sciences is proud to introduce a new Bachelor of Science (BSc) program in Clinical Psychology, designed to equip students with the essential knowledge, practical skills, and ethical framework required for a career in mental health services. This innovative program offers a comprehensive curriculum that integrates theoretical foundations, research methodologies, and hands-on clinical training to prepare students for diverse professional pathways.	31December 2024

All other activities in the department relating to the program/course :

Sl No	Activity	Particulars	Date(s)
Administration Department			
1	Voter ID Registration and Voter Awareness	Voter ID registration is crucial for ensuring electoral integrity and participation. It verifies eligibility, prevents fraud, and promotes fair elections. With a Voter ID, citizens exercise their democratic rights responsibly, contributing to a transparent and representative democratic process that reflects the collective voice of the electorate. Voter awareness is paramount for a thriving democracy. Voter awareness fuels civic participation, strengthens democratic institutions, and upholds the fundamental principle of government by the people, for the people. Around 40 first-time voters registered for a new Voter ID for the upcoming Lok Sabha Election by submitting required documents to the concerned authority. Block Level Officer MR Aryan Gope and Mr Ravi Ruben Kindo were present to register the first-time voters for the Voter ID cards. The event was organized by Dr Sachin Kumar Patil (NSS Program Officer) and NSS student volunteers.	23 April 2024
2	World Environment Day 2024	World Environment Day 2024 celebration was started with tree plantation by the children of teaching and non-teaching staff of MTMC Jamshedpur in the presence of Dean Dr G Pradeep Kumar. This was followed by a painting competition with the theme "Our Land Our Future" by the children. Around 40 children participated, and they enjoyed the painting by showing their skills. Winners were awarded with gifts. The event ended with refreshments for all the participants. The event was organized by NSS-MTMC volunteers under the supervision of NSS Program Officer Dr Sachin Kumar Patil.	05 June 2024
3	VOX ORBIS: Model United Nations (MUN). | The Cultural and Literary Committee (CLC) and the	The committee's agenda was "Assessing India's Healthcare Landscape". The committee had a total of 50 delegates representing constituencies and states as such. The house was led by Speaker – Ms Hrishika Srivastava.	27 October 2024

Sl No	Activity	Particulars	Date(s)
	National Service Scheme (NSS) unit of MTMC organized VOX ORBIS: Model United Nations. It is a student conference aimed at stimulating the process of the United Nations and engaging students in global civic issues. It was a day-long event which started with the opening ceremony, followed by the lamp lighting. The ceremony was graced by the illuminating presence of Dr Jai Prakash Reddy, Legal Advisor, MTMC. This was followed by the committee sessions of United Nations Human Rights Council (UNHRC) and Lok Sabha in tandem. UNHRC was chaired by Mr Sandip Ghosh (Finance Head, MTMC), Vice Chair – Dr Anshuman Pathnaik (SR, Department of Ophthalmology). The committee's agenda was "Echoes of Empowerment: The dilemma of Abortion Legalization in International in International Jurisdiction."	Additionally, VOX ORBIS also had an IP team (international Press) which covered all the major happenings and minute to minute details of these very thrilling debates. The conference aimed at providing a stage to all the students to present to become more aware about the issues at hand at both an international as well as a national level. Not only will this help with educational engagement and skill development but also help with bettering the civic awareness of the students at the campus. This conference featured the committees United Nations Human Rights Council (UNHRC) and the Lok Sabha (in a youth parliament format).

Manipal Centre for Biotherapeutics Research (MCBR), Manipal

Address: MCBR Building, Behind 10th Block MIT Hostel
Manipal -576 104, Karnataka, India
Phone Number: 0820-2928501/4
Email-Office: mcbr.mahe@manipal.edu **HOD Email:** raviraja.ns@manipal.edu

Name of the HOD: Dr Raviraja N S
Established: 2021

Details of Programs offered by the Institution:

MSc (Research) Biotherapeutics: The MSc (Research) Biotherapeutics is a two-year program comprising one semester of classroom teaching, followed by a one-semester in-house mini-project and a two-semester research internship. Candidates seeking admission must have a bachelor's degree of at least three years' duration with a minimum of 60 per cent aggregate marks from a recognized university. Candidates with foreign qualifications must submit an equivalency certificate from the Association of Indian Universities (AIU), New Delhi, as per program requirements.

PhD in Biotherapeutics Research: The PhD in Biotherapeutics Research is a three-year program, financially supported either by national-level examinations (CSIR, ICMR, DBT, DST, etc.,) or the MAHE-Dr TMA Pai Scholarship Program. Candidates seeking admission must have a bachelor's degree of at least four years' duration or a master's degree with a minimum of 60 per cent aggregate marks in related/relevant/allied subjects from a recognized university.

Postdoctoral Fellow: MCBR, MAHE welcomes applications from eligible candidates worldwide for postdoctoral fellowships with financial support.

About the Institution/School:

Manipal Centre for Biotherapeutics Research (MCBR) conducts innovative research, process development, and product development in the field of biotherapeutics (biologics or biotech drugs). Its broad scope covers various biological products with therapeutic potential in humans, primarily in the areas of cell therapy, gene therapy, protein therapeutics, nanotechnology, regenerative medicine, and biomaterials. The goal of this centre is to foster research programs that drive innovation, development, and the translation of cutting-edge advancements in biotherapeutics, in collaboration with global biopharma and biotechnology industries. The master's and doctoral programs offered by MCBR enable students to fully harness the potential of these novel and cutting-edge therapeutic avenues through translational research.

Core Research Area: Cell & Cell-free Therapy, Molecular Signal Transduction, Biomaterials & 3D bioprinting, Brain Aging & Neurotherapeutics, Nanomedicine and Biomaterials

		of production, quality control, and adherence to global standards highlighted the importance of excellence at every stage of creating safe and reliable products. More significantly, it emphasized the crucial role of rigorous standards and teamwork in achieving shared goals. The collaboration and professionalism of the Prakruti Life Science team were witnessed and served as inspiration for reflection on the significance of teamwork, reinforcing how each role contributes to collective success. This off-the-trail activity was experienced not just as an educational opportunity but also a journey through which sense of unity was strengthened. By stepping beyond the usual academic environments and being immersed in these unique settings, practical insights were gained and a commitment to sustainability, quality, and teamwork was reaffirmed. This experience has empowered the carrying forward of these values in the club's initiatives and has encouraged the continued exploration of new paths together.

Details of the Programs Offered by the Institution:

The BSc Health Science program offered by the International Center for Health Sciences (ICHS), Department of Basic Medical Sciences (DBMS), MAHE, Manipal is a part of the 2 + 2 + 2 program in association with the American University of Antigua College of Medicine (AUACOM). It is ideal for students who have completed 12th grade and are committed to pursuing careers in medicine. It is a two-year, four-semester premedical program at ICHS, Manipal, followed by basic medical education at Antigua, and then Clinical Sciences in the US, Canada, or India. The curriculum develops critical thinking skills and promotes a comprehensive approach to basic medical education. Students will have a unique experience of both curricular and extracurricular activities under the best infrastructure provided by MAHE. Along with prerequisite subjects, students are also exposed to basic medical sciences and research activities through Mentored Student Projects (MSP) and Basic Life Support (BLS) courses.

1	Clinical Update	Clinical Update on "Opportunistic Infections in HIV Patients" was a programme organized jointly by Division of Microbiology, DBMS, MAHE Manipal, and MCODS Manipal on 25 March 2024 at MMMC Building. This event was organized to celebrate 125th birth anniversary of our founder, Late Dr TMA Pai. This event fulfilled objective number 3. Good Health and Wellbeing, and 4. Quality Education. Dr Kavitha Saravu, Professor and Head, Department of Infectious Diseases was the Guest Speaker for the event and she delivered a guest talk on "Opportunistic Infections in HIV Patients," discussing clinical case presentations, its diagnosis and laboratory investigations. It was attended by around thirty-three participants, the majority being postgraduate students from MCODS, Manipal. Participants highly appreciated the content of the topic, enriched themselves with knowledge, and enjoyed the clear explanation. Dr Kavitha Saravu also had an interactive session with participants, answering their questions. The programme ended by Dr Monica Charlotte Solomon, Dean MCODS honouring the guest speaker.	25 March 2024
2	ARTHISTO	The Division of Anatomy, Department of Basic Medical Sciences, organized a competition for students, "ArtHisto," on 9 April 2024. This was a competition that involved depicting histology diagrams as rangoli. Dr M Vidya Saraswathi, Associate Dean, MCODS Manipal, inaugurated the competition by drawing a histology diagram using rangoli powder. In her address, she stressed the importance of extracurricular activities and motivated the students to get more involved in such activities, which would help them enhance their knowledge in a fun manner. She also appreciated the Division of Anatomy for their innovative teaching-learning methods and their efforts in conducting such activities for the betterment of students. Dr Bincy M George, Coordinator, Division of Anatomy, introduced the idea behind this competition and how students could benefit from such activities. She also thanked the organizing secretaries Dr Sapna and Dr Shyamala Hande for the smooth coordination of the event. The students of second-year BDS actively participated in the competition. They showcased their skills by drawing histology diagrams using blue and pink rangoli powder, which depicted the hematoxylin and eosin-stained histology sections. Many faculty members from DBMS and MCODS Manipal visited the venue and appreciated the students' innovative ideas and their unique way of picturing the diagrams. The competition was judged by Dr Keerthilatha M Pai, Dr Smitha Shetty, and Dr Shyamala Hande, who announced the winners of the competition. The winners were awarded during the DBMS awards ceremony of on 12 April 2024.	09 April 2024
3	Workshop- Rewind, Revise & Recap: Anatomy Workshop for Final Year BSc Nursing Students	The Division of Anatomy, Department of Basic Medical Sciences, MAHE organized a workshop "Rewind, Revise & Recap" for final year BSc Nursing students on 14 June 2024. There were 92 participants who enthusiastically participated in the workshop. Dr Bincy M George, Coordinator, Division of Anatomy, DBMS, welcomed the dignitaries and outlined the objectives of the workshop. The Chief Guest, Dr Judith Angelitta Noronha, Dean, MCON, Manipal, inaugurated the workshop. In her address to the	14 June 2024

Sl No	Activity	Particulars	Date(s)
		students, she stressed the importance of knowledge of anatomy and applying the concepts learned in the clinics. She engaged participants with anatomy-based clinical questions, which the students answered confidently. The inauguration function was followed by a talk by the Guest of Honour, Dr Suba Sooria, Head, Nursing Services, KH, Manipal. She gave an interesting talk regarding the application of anatomy knowledge in clinical practice by giving real-life examples to the students. The resource persons for the workshop were the faculty members from the Division of Anatomy, DBMS, who demonstrated all the organ systems of the human body to the students using cadavers and models. Due to the pandemic, these students did not get an opportunity to see and learn from the cadavers. Hence, the participants were excited to see the structures in the cadavers. They were interactive, cleared their doubts, and gave positive feedback on the workshop.	
4	Hands-on Workshop on Basic Techniques of Microbiology for Nursing Students	The Division of Microbiology, Department of Basic Medical Sciences, MAHE, Manipal, organized a hands-on workshop on "Basic Techniques of Microbiology" for nursing students on 1 July 2024 at Digilab, 3rd Floor, MMMC Building. It was a half-day workshop, beginning in the afternoon with the inauguration of the workshop by Chief Guest, Dr Anice George, Professor and Former Dean MCON, Manipal . She also enriched the participants with words of wisdom. The programme was also graced by Guest Speaker, Dr Prakash PY, Associate Professor, KMC, Manipal, and Dean, MMMC and Head DBMS, Dr Ullas Kamath. Microbiology Coordinator, Dr Shobha K L and other Microbiology faculty were the resource persons for the programme. There were 92 registrants for the event, it started with the guest talk " Essentials of Microbiology in Daily Nursing Practice" followed by hands-on skills training . Feedback given by the participants was positive, they said that it was a useful workshop, at the end of the day they learnt and practiced many bedside microbiology techniques which they had missed because of Covid-19 lockdown. The skills learnt can be implemented in their future practice.	01 July 2024
5	Cadaveric Oath Ceremony for MCHP Students	The Division of Anatomy, Department of Basic Medical Sciences, MAHE, organized the cadaveric oath ceremony for newly joined first-year students of MCHP on 1 August 2024, at 9:00 AM. Dr G Arun Maiya, Dean-MCHP, was the Chief Guest for the function. Dr Ullas Kamath, Head-DBMS, first-year coordinators of MCHP programs, and faculty from the Division of Anatomy, DBMS, were present at the function. A cadaveric oath is a pledge a medical student takes before touching the cadaver in the dissection hall. The oath emphasizes proper handling of the cadaver, paying tribute to the soul, and instilling the idea of empathy in the students. Dr Satheesha Nayak B, Professor of Anatomy, administered the cadaveric oath to 143 students from five programs of the MCHP course- Bachelor of Physiotherapy (BPT), Bachelor of Occupational Therapy (BOT), BSc Physician Assistant, BSc Prosthetics and Orthotics, BSc Anaesthesia and Operation Theatre Technology, BSc Emergency Medicine Technology. Dr Bincy M George, Coordinator, Division of Anatomy, DBMS, outlined the rules of the dissection hall to the students and explained how cadaveric dissection forms the foundation of medical learning. Dr G Arun Maiya, in his speech,	01 August 2024

Sl No	Activity	Particulars	Date(s)
		reinforced the importance of discipline and time management and wished them good luck in their journey towards becoming health professionals. Ms Snigdha Mishra, President of the Anatomy Club, introduced the club activities to the students. Students were excited to learn from the cadavers.	
6	World Anatomy Day 2024	On account of World Anatomy Day, the Division of Anatomy, DBMS, MAHE, Manipal, in association with the Anatomy Club, organized two online competitions named ANATophilia and ANAThmakatha. Both competitions were open to MAHE students under DBMS. The prize winners were awarded during the World Anatomy Day celebrations, which were held on 15 October 2024 at DBMS.	15 October 2024
7	Empowering School Teachers with Essential Life Skills	The Division of Physiology, DBMS, MAHE, successfully organized a workshop on "Empowering School Teachers with Essential Life Skills" which included mental health counselling skills, first aid, and CPR (Cardiopulmonary Resuscitation). The event was held on 30 November 2024, at MMMC Building. The workshop witnessed an enthusiastic participation of 45 school teachers from various institutions across Udupi district. The event was inaugurated by Mr Mahesh Prabhu, Director Admissions, MAHE, Manipal, who emphasized, promoting mental health among students during their school days through teachers which goes a long way in helping students coping up with challenges faced during career counselling. **Mental Health Counselling Skills:** The mental health counselling session was led by Dr P V Bhandary, Medical Director and Psychiatrist, A.V.Baliga Memorial Hospital, Udupi. Participants were introduced to strategies for identifying and addressing mental health issues among students. **First Aid and CPR Training**: Faculty from Manipal College of Nursing, MAHE, Manipal volunteered as a resource person for the session on first aid. Physiology Faculty from DBMS, demonstrated the life-saving skill Cardiopulmonary Resuscitation (CPR), helping teachers to handle emergencies effectively and to respond to life-threatening situations	30 November 2024
8	The AI Revolution - In Redefining Research and Academic Writing	The faculty from the Division of Pathology, DBMS, MAHE, Manipal organized a CME and hands-on workshop on "The AI Revolution - In Redefining Research and Academic Writing" on 14 December 2024, from 8:30 AM to 5:00 PM at 3a, MMMC Building, Manipal to introduce delegates to the intersection of Artificial Intelligence (AI) and human factors in academic writing, providing insights into how AI tools can enhance writing skills, research productivity, and overall academic communication. There were over 146 delegates, which included undergraduate and postgraduate healthcare students, research scholars, and academic researchers in and around Manipal. Out of these, 29 delegates benefitted from the Karnataka Medical Council credit points. The guest speaker was Dr Bijay Kumar Padhi, PhD, MPH, Assistant Professor from the Department of Community Medicine and School of Public Health, Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh. The Karnataka Medical Council observer for the event was Dr Varashree B S, Professor and Head, Department of Biochemistry, Kasturba Medical College, Manipal.	14 December 2024

Guest Lectures :

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Mr Krishna P Bhat	Manipal-Government of Karnataka Bioincubator MUTBI Society, Manipal	A guest talk on "Introduction to Start-up Ecosystem at Manipal-GoK Bioincubator, MUTBI Society, Manipal " was organized by the Division of Physiology, DBMS, MAHE, Manipal on 16 January 2024. It was conducted in association with Manipal-Government of Karnataka Bioincubator MUTBI Society, MAHE, Manipal. The distinguished guest speaker was Mr Krishna P Bhat, Operations Manager, Manipal-Government of Karnataka Bioincubator MUTBI Society, Manipal. This guest talk provided insights on Start-up Ecosystem at Manipal-GOK of Karnataka Bioincubator, Manipal. Both the faculty from DBMS and research scholars gave positive feedback indicating a strong understanding and appreciation of the informative session.	16 January 2024
2	Ms Kapila B	Child Protection Officer, District Child Protection Unit, Udupi	The Division of Pharmacology, DBMS, MAHE, Manipal organized a guest talk on "Women & Childcare and Protection" on March 13, 2024, in memory of the 125th birth anniversary of Dr TMA Pai, Founder of Manipal. Ms Kapila B, the resource person for the workshop, is the Child Protection Officer, District Child Protection Unit, Udupi. She provided a legal point of view about child protection laws with some real-life incidents. What to do when we see a child is harassed, abused (physically or mentally), whom to contact, what are the procedures to follow during such time, as a law abiding citizen what are our roles in such cases when we witness them. At the end of the talk, the audience interacted and clarified their doubts.	13 March 2024
3	Dr Sreenivasulu Reddy Mogali	Lee Kong Chian School of Medicine, Nanyang Technological University, Singapore	A guest lecture on "Gen AI Applications in Medical Education" was organized by the Division of anatomy, Department of Basic Medical Sciences, MAHE, Manipal. Dr Mogali talked about how Gen AI can transform medical education. He explained how AI can be used to create personalized tutors for students, adapting to their learning pace and style to provide individual support, how instructors can create their own voice and record classes using AI tools, making the learning experience more interactive and personal for students. Dr Mogali shared insights from his research on how AI is being integrated into medical education to improve learning outcomes and enhance teaching methods. He emphasized the importance of embracing technological advancements in medical education to stay ahead in the field. Dr Mogali also stressed the importance of using AI carefully and thoughtfully to avoid negative consequences. Following the lecture, an interactive Q&A session was held.	01 June 2024
4	Dr Saju Binu Cherian	Apollo Institute of Medical Sciences and Research, Hyderabad	The Anatomy Club of DBMS, MAHE, Manipal, organized a compelling guest talk titled "Image Sahi Toh Sab Sahi," delivered by Dr Saju Binu Cherian, a distinguished professor of Anatomy from Apollo Institute of Medical Sciences and Research, Hyderabad on 24 October 2024. Dr Saju's talk focused on the critical elements of self-	24 October 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
			presentation in various professional settings, structured around the "ABC" model—Appearance, Behaviour, and Communication. She began by stressing the importance of Appearance, advocating for appropriate clothing, and grooming that reflect professionalism and align with one's career aspirations. This foundation, she argued, significantly influences first impressions and overall credibility in any professional environment. Next, Dr Saju addressed Behaviour, emphasizing the necessity of maintaining a respectful and positive demeanour. The third component, Communication, was discussed in detail, with Dr Saju highlighting the dual aspects of verbal and non-verbal communication. She stressed the importance of body language in conveying confidence and clarity, reinforcing that effective communication is key to professional success.

Name of the HOD: Dr. Annapoorna K
Established:1980
Details of Programs Offered by the Institution:

- MSc Yoga Therapy
- Certificate Course in Yoga
- PhD program

About the Institution/School:

The Division of Yoga was started according to the vision and mission of Padma Shree Dr TMA Pai, the main architect of the worldwide famous Manipal Institutions. The Division was established in January 1980 at MAHE, Manipal. The aim of the division is to provide yoga practice to the public to improve health and yoga therapy to the patients who are suffering from various kinds of disorders, along with all modern facilities of treatment available in the hospital. It trains students to develop skills of Yoga Therapy, to serve the people of society. It helps to fulfill the need of society to create individuals who are experts in the field. The division started offering MSc in Yoga Therapy in 1998. From 2015 onwards, it was named as Division of Yoga and was working under the Centre for Integrative Medicine & Research (CIMR), MAHE, Manipal. Advantages: It aims to develop the skill to apply Yoga techniques in the treatment of health disorders, along with proper classical knowledge of Yoga, as well as laboratory studies. Students who are trained here may run their Yoga centres, join hospitals or colleges to work as an expert in Yoga Therapy, or as a lecturer in Yoga Therapy. The course also concentrates on research in the field of Yoga science and Yoga Therapy. Mission: 1) To improve teaching, therapy, and research in the field of yoga. 2) To spread the value-based knowledge of yoga therapy. 3) To propagate the importance of yoga for healthy living. 4) To spread the potentialities of yoga and contributions of yoga for healthy living. 5) To create public awareness about yoga therapy.

Details of the Programs Offered by the Institution:

1. Post Graduate Certificate Course in Panchakarma (PGCPK)

The PGCPK program, started to provide Ayurvedic Practical knowledge to BAMS graduate students, considered one of the best courses of its kind. It boosts the confidence of the students and prepares them aptly to practice Ayurvedic Panchakarma therapy.

This program aims to impart quality education in the field of Ayurveda to bridge the gap between theory and practical application of Panchakarma therapy in clinical practice. The current trend of Global healthcare demands evidence-based practice and the program intends to offer the same, banking on the abundant documented clinical experience of the department. Thus, the program is a promising ray of quality education in the field of Ayurveda within a short time.

The duration of the course is six months which includes four modules of theory with exclusive importance given to practical sessions.

Highlights of the Program:

- Practical-oriented and evidence-based learning
- Audio-visuals, bedside clinical examination
- Hands-on experience with Panchakarma procedures
- Seminars, group study
- Theoretical sessions, practical sessions, and intellectual session

Eligibility: BAMS graduates who have completed one year of compulsory internship

Commencement of the class: Classes commence in the first week of March and September of each year

How to apply: Online admissions at www.manipal.edu

2. Certificate Course in Panchakarma Technician and Massage Therapist:

This program provides training in the complete range of Ayurvedic therapies including all Panchakarma therapies. The students who passed this training have been well-placed in renowned hospitals in India and abroad.

Duration of the program: One year/Regular

Eligibility criteria for admission: Minimum 10+2

Commencement of the class: Classes commence in the first week of January and July of each year

How to apply: Online admissions at www.manipal.edu

3. Certificate Course in Basic Ayurvedic Wellness

4. Certificate Course in Ayurvedic Dietetics

5. Certificate Course -Introductory course in Integrative Medicine

About the Institution/School:

The Division of Ayurveda which has been an incredible part of the esteemed Manipal Academy of Higher Education (MAHE) since 1982, proposes and performs to provide value-based authentic Ayurveda treatment to the public. The Division of Ayurveda has been an integral part of the Centre for Integrative Medicine and Research (CIMR) since 2015 and has a wide stream of patients, referrals from other departments, and collaborations with various national, and international institutions as it incorporates updates in technical and investigative means. The numerous research activities, undertaken have established the wisdom of Ayurveda and opened new horizons in the field. The seminars, CME programs, and workshops have always set an example for others. Learning has always been a pleasure here.

Division of Siddha

Address: Centre for Integrative Medicine and Research (CIMR),
Manipal Academy of Higher Education, Manipal
Phone Number: +91-9986353238
Email (Office): siddha.cimr@manipal.edu
Email (Coordinator): arul.amuthan@manipal.edu

Name of the Coordinator: Dr Arul Amuthan

Established: 2023

Details of Programs Offered by the Institution:

- PG Certificate Course in Siddha Varmam Therapy
- Introductory Certificate Course in Siddha Varmam Therapy
- Certificate course in Siddha Verma Therapy Assistant

About the Institution/School:

The Division of Siddha, which was a part of the Center for Integrative Medicine and Research (CIMR), was established in December 2015, became an independent division in 2023. It is involved in clinical services, preclinical and clinical research, and academic activities. Siddha advices dietary and lifestyle modifications, home remedies, Siddha yoga practices, and herbal remedies. Varmam (trigger point manipulation therapy), kaayakalpam (anti-ageing therapy), 32 types of external therapies, 32 types of oral formulations, and broad-spectrum drugs are unique therapies in Siddha. Simplified cleansing (detoxification therapy), balancing thridhoshas, and correcting the ten naadis/vaayus are special methods used in preventive care. Our clinicians are well-trained in the integrative approach and provide the best care from Siddha without compromising the active conventional treatment. The Division of Siddha also conducts Varma therapy courses for healthcare providers and an elective course for American medical students. We have MoUs with, Central Council for Research in Siddha (CCRS – Ministry of AYUSH), Global Center for Siddha Medicine and Research (North Carolina, USA), National Institute of Siddha (Ministry of AYUSH, Government of India), and Morehouse school of Medicine (Atlanta, USA).

New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	**Certificate Course in Siddha Verma Therapy Assistant (1-Year Course)**	This is the one-year course for +2 passed candidates, which includes 8 months offsite classes and a 3-month internship in leading NABH accredited hospitals. It is aimed at producing therapy assistants in the Siddha and Varmam field. Those who completed this course will be eligible for employment in wellness centers, AYUSH hospitals, and integrative medicine centers.	10 August 2024
2	**Introductory Certificate Course in Siddha Varmam Therapy (3 Months)**	This 3-credit course is an open elective course for MAHE students. It aims to introduce ancient India's non-pharmacological therapies and their underlying principles. It also helps identify research gaps in the field and prepares students to work in the domain of Complementary and Integrative Medicine.	11 November 2024

About the Institution/School:

Manipal Institute of Technology (MIT), Manipal, was established in 1957 as one of the first pioneering self-financing engineering colleges in the country. Spread across a sprawling 188-acre, Wi-Fi-enabled campus, MIT became a constituent institution of the Deemed University, Manipal Academy of Higher Education (MAHE), in 2000. With an annual student intake of approximately 3,400 and a current enrolment of 9,300, MIT has a manpower of over 700 faculty members and over 1,000 support staff. The institute maintains an impressive student-to-faculty ratio of 13:1, creating an environment that nurtures holistic student development. Moreover, recruiting professors of practice, research faculty, and international faculty in the niche areas takes MIT, Manipal, to the next level in terms of education and research. Experiential learning is at the heart of MIT, demonstrated through several student-driven major projects that go beyond the classroom and focus on complex problem-solving and innovation. The 17 teaching departments of MIT Manipal offer 23 undergraduate programs, 35 master's programs, and doctoral degrees in all engineering and science disciplines. Fifteen undergraduate programs and eight postgraduate programs are accredited by the National Board of Accreditation (NBA), while ten undergraduate and 11 postgraduate programs are internationally accredited by the Institution of Engineering and Technology (IET), UK. MIT fosters a culture of innovation and entrepreneurship among students and faculty with the support of cutting-edge facilities like the Idea Cafe, Innovation Centre, Central Advanced Instrumentation Facility (CAIF), Manipal Universal Technology Business Incubator (MUTBI), and Bio Incubator. The institute also hosts a vibrant Entrepreneurship Cell (E-Cell) that nurtures the entrepreneurial pursuits of students. The institute actively engages in sponsored research initiatives funded by agencies such as DST, CSIR, DRDO, AICTE, and various government ministries. Collaborative research projects with leading laboratories and institutions in India and abroad further enhance MIT's academic and research standing. Over 2,000 publications and 16 faculty members featured among the top two percent of researchers globally prove the sustained efforts put into the growth of research. Additionally, the institute houses 20 Centres of Excellence (CoEs), which play a vital role in advancing both research and education. MIT has an excellent alumni network with over 65,118 successful professionals worldwide. The institute takes immense pride in its distinguished alumni, who have made significant contributions across the globe in industries, academia, research, and politics with Mr Satya Nadella (CEO, Microsoft) leading the list.

Civil Engineering			
1	L&T EduTech - Integrated program in Civil Engineering	L&T EduTech is offering the Integrated Program in Civil Engineering to BTech (Civil Engineering) students at MIT and MAHE. An agreement was signed with L&T EduTech on 19th February 2024. Students enrolled in this program are required to complete ten courses from various domains of Civil Engineering focusing on industry requirements. These courses, grouped as core, electives, and minor specializations, will be offered in line with the BTech 2022 curriculum. The internal assessment for 50 marks will be conducted by L&T. The end-semester examination will be administered by our institute, with the question paper prepared jointly by our faculty mentor and an L&T expert. In the previous semester, i.e., July to December of 2024, fifth-semester students enrolled in the course "Highway Planning, Design, and Construction," which is offered for three hours per week. This course consists of 14 modules spread across 48 hours, including self-paced learning, interactive sessions, and project work.	19 February 2024
2	Centre of Excellence (CoE) for Smart Coastal Sustainability	A CoE for Smart Coastal Sustainability will be set up at MIT, Manipal, in February 2024. The centre aims to take up research projects that develop coastal towns and cities of India into clean, green, sustainable, resilient, economically vibrant, and socially inclusive habitats. This will be initiated through joint projects taken up through a consortium of coastal universities, research institutes, the government, and the local public. Specifically, the centre is working on the following objectives: 1. To identify various problems faced by the communities along the west coast of India and address them using the expertise available at the individual universities/institutes; 2. To develop Blue-Economy projects that focus on ecotourism, sustainable fishing, maritime	02 May 2024 to 02 April 2026

Sl No	Activity	Particulars	Date(s)
		biodiversity/ biotechnology, and renewable energy; 3. To develop joint master and PhD programs, and training programs, amongst the consortium partners, and focused on smart coastal sustainability; and 4. Conduct outreach and capacity-building programs to train and raise awareness about sustainable coastal practices and climate change impacts. All the above objectives will adopt "smart" approaches, viz. data-driven AI techniques, remote sensing and GIS technologies, and sensor-based real-time monitoring.	
Computer Science and Engineering			
1	CoE High-Performance Computing: AMD 	To establish a computing resources lab/CoE across MAHE institutions for inter and intra-disciplinary usage. Still in the process of the initial stage where discussions are happening with Lenovo and AMD.	01 July 2024
2	Product Development Cell: Professor of Practice 	Aligning with our department's vision and mission, Dr Krishnamoorthi Makkithaya, Head of the Department formed a team of faculties to create an environment for our students introducing them to cutting-edge technology platforms and tools with a clear focus on their skill development by mentoring them to structure their innovative ideas and turn them into viable and useful products. The long-term goal of this initiative is to establish a self-sustainable Consultancy Centre with expertise in building real-time and useful software products for our internal departments, internal entities of MAHE, and other external entities.	01 November 2024
Humanities and Management			
1	Integrated MTech in Entrepreneurship 	The Department of Humanities and Management will be offering another program i.e. Integrated MTech (Entrepreneurship). This program was approved in the Academic Senate held on 27 January 2024, and it would be the first such program at MIT, Manipal. This is a five-year integrated dual degree program with BTech (Parent Department) and MTech (Entrepreneurship). The Integrated MTech program in Entrepreneurship equips students with a comprehensive understanding of both technical and business aspects of entrepreneurship. It covers areas like accounting, digital marketing, and product management, preparing students to launch and manage startups successfully. The program also provides valuable insights into securing funds and	08 May 2024

Sl No	Activity	Particulars	Date(s)
		managing new ventures along with skills that are essential for entrepreneurs, including pitching to VCs/angel investors. This will be assisted by the MAHE entrepreneurial ecosystem offering incubation facilities and ties with ISB's DLabs for additional support. Focus: The focus of the Integrated MTech program in entrepreneurship is to develop entrepreneurial skills for identifying new business opportunities, designing systems that create and deliver value-based products and services, and preparing business plans to attract funding. Career prospects: Graduates of the Integrated MTech program in Entrepreneurship will have the opportunity to launch their own funded startups. They can also pursue careers as startup founders or co-founders, take on managerial roles in various business organizations, or contribute to the management of family businesses.	
2	IELTS/GRE/TOFEL test centre 	MAHE achieved a remarkable milestone by becoming the first university in India to host an IELTS/GRE/TOFEL test centre. MAHE Manipal signed a Memorandum of Understanding (MoU) with IDP Education India Private Limited, New Delhi towards this engagement. With the test Centre now accessible on campus, students will have convenient access to course modules, along with additional benefits such as discounted memberships and trained faculty mentors for assistance. The Department of Humanities and Management, MIT, Manipal will be hosting the Centre as a closed avenue exclusively for MAHE students.	14 October 2024
Information and Communication Technology			
1	MAHE Schneider Electric Centre 	The centre was established by Dr Manohara Pai M M through the TMA Pai endowment chair, to carry out research in industrial automation especially developing software using an event-driven programming paradigm. The Industry has provided equipment worth 7.5 lakhs and 12.42 lakhs in grants.	31 January 2024 to 31 January 2027
Instrumentation and Control Engineering			
1	Advanced Healthcare Lab 	This lab aims to develop a Computer-Aided Diagnosis (CAD) tool, which involves the application of computerized techniques for the detection of abnormalities in medical imaging. With the aid of computer vision and artificial intelligence, numerous CAD schemes are successfully incorporated with the routine clinical diagnosis of medical images obtained through different imaging modalities. The manual diagnosis is a time-consuming and strenuous process, especially in a large clinical setup, and may	01 January 2024

Sl No	Activity	Particulars	Date(s)
		introduce accidental errors and delays. The CAD schemes enable clinicians to interpret medical images rapidly with improved accuracy and consistency by providing supplementary opinions. Further, the CAD schemes facilitate the detection of inconspicuous and unfamiliar abnormalities in medical images which greatly reduces false interpretations and intra- and inter-observer variabilities. Currently, various CAD schemes are developed to detect numerous pathologies in the human brain using the clinical images obtained through Computed Tomography (CT) and Magnetic Resonance Imaging (MRI) modalities. Further, CAD systems that utilize electroencephalogram (EEG) signals are employed for the early detection of brain abnormalities and neurological diseases. Furthermore, these CAD schemes ease the task of medical image diagnosis and detection by junior clinicians and residents which otherwise lead to misdiagnosis and clinical consequences. Moreover, CAD schemes can be employed in rural areas for early and rapid diagnosis where skilled expertise and resources are unavailable.	
2	Master of Science in Immersive Technologies 	Master of Science in Immersive Technology is a comprehensive two-year postgraduate program designed to prepare students for the rapidly evolving world of Virtual Reality (VR), Augmented Reality (AR), Mixed Reality (MR), and Extended Reality (XR). This interdisciplinary program emphasizes the design, development, and application of immersive technologies, equipping students with technical expertise, creative acumen, and analytical skills. Graduates will be prepared to craft transformative experiences across diverse fields, including gaming, entertainment, healthcare, education, and industrial training. The program is rooted in core topics such as the history of emerging media, AR/VR content creation, immersive interaction, and advanced computer vision. Students will also explore human dimensions in immersive environments, audio design, game development, 3D graphics, animation, and concepts of the metaverse.	01 July 2024
3	Master of Technology in Immersive Technologies 	Immersive Technologies have transformed our interaction with digital content, extending beyond gaming and entertainment into various industries. This program equips you with the skills to navigate VR, AR, and MR technologies. One will gain a comprehensive understanding of the theories and practical skills foundational to immersive technologies, fostering a holistic approach to content creation, delivery, and consumption. The	01 July 2024

1	Workshop on Standardization Ecosystem 	The office of the Associate Director (FD & W), MIT, Manipal organized a workshop on "Standardization Ecosystem" in collaboration with the Bureau of Indian Standards (BIS), Government of India on 09th January 2024. The workshop is a significant step in the collaborative efforts between BIS and MAHE and was organized as per the MoU between MAHE and BIS, which was signed in September 2023. Shri Uma Shiva Prasad Yadav, Deputy Director General (Southern Region) of BIS, in his address outlined the Education Outreach program of BIS to involve faculty and students from academia in the development of indigenous standards. He stressed the need for India to set its standards rather than solely following western models to achieve the nation's goal to become a quality leader. He echoed the Prime Minister's emphasis on the importance of improving standards across goods and services and urged all to collectively pledge to adhere to and enhance Indian standards. He appealed to the institution to participate in the endeavours of BIS to strengthen the standardization ecosystem and create a vibrant quality framework in the country.	09 January 2024
2	Republic Day Mega Blood Donation Camp	MAHE-MIT National Service Scheme (NSS) Units organized a Republic Day Mega Blood Donation camp on 26 January 2024 at MIT, Manipal, in collaboration with MIT Student Welfare, KMC Blood Bank Centre, Abhayahasta Charitable Trust (R)	26 January 2024

24	Four Day Faculty Development Program (FDP) on Problem-Solving Using Computers (PSUC) 	A four-day FDP on PSUC was organized by the Office of the Associate Director (Faculty Development and Welfare (FDW)) in collaboration with the Department of Computer Science & Engineering, MIT, from 03 to 09 July 2024 at the CSE Seminar Hall, First Floor, AB-5. The program was inaugurated on 03rd July with an address by the Cdr (Dr) Anil Rana, Director, MIT. The main objective of the program was to upskill the selected non-CSE faculty members in programming abilities. The program focused on the content of the first-year course on PSUC theory and lab to enhance the computing skills and problem-solving abilities of the participants. On the first day, participants were introduced to the PSUC course structure and basic computing concepts, followed by hands-on sessions on writing algorithms, flowcharts using the RAPTOR tool, and simple C programs. The day concluded with a group discussion to identify probable problems for programming from different domains of engineering.	03 to 09 July 2024
25	FDP on Effective Teaching 	Dr Geetha Maiya, Director of Student Affairs at MAHE, delivered an awareness session on gender sensitization and the Prevention of Sexual Harassment (POSH), for faculty members underscoring the significance of fostering a safe and inclusive environment within academic institutions on 05th July 2024. This session aimed to address the pressing issues related to gender inequality and sexual harassment in workplaces, which are of paramount importance in creating conducive learning and working environments, was organized by the office of Associate Director – Faculty Development and Welfare. Dr Maiya highlighted the importance of gender sensitization as a proactive measure to promote gender equality and respect among students and faculty. She emphasized that understanding and acknowledging gender differences and biases as crucial steps towards building a more equitable environment.	05 July 2024
26	FDP on Effective Teaching 	The FDP on Effective Teaching (FDP – Tier 1) was organized by the Office of FDW to enhance the teaching capabilities of newly joined faculty members from 04 to 06 July 2024 at NLH 103, Ground Floor of Academic Block-3, MIT Manipal. The program began with an opening session on "Roles of a Teacher", by Dr K Ramnarayan, Pro-Chancellor of Sikkim Manipal University who delivered an insightful interactive lecture on the various roles of a teacher.	06 July 2024

The event, organized by the Office of Associate Director (FDW), drew participation from around 46 faculty members from various departments of MIT, in addition to attendees from other MAHE-affiliated institutes. Dr Shankaranarayana Bhat, Associate Director (FDW) welcomed the gathering and remained present throughout the event, underscoring the importance of the session. The session was led by Mrs Ramya Srinivasan, Customer Success Director from Coursera, who conducted an insightful demonstration of the Course Builder tool, highlighting the potential of AI in course development.	19 August 2024
42	Launching of Windows Co-Pilot Lab at MIT, Manipal	The Windows 11 Co-Pilot Lab, an initiative by Microsoft in collaboration with MIT Manipal, was inaugurated by Cdr (Dr) Anil Rana, Director of MIT, alongside Microsoft's City Head on 19 August 2024. The event began with an engaging talk and workshop by Mr Ansh Mehra, an AI expert and influencer. Mr Mehra's session set the tone by showcasing the latest trends and practical uses of AI tools.	19 August 2024
43	Guest Talk Organized by NSS Unit	National Service Scheme (NSS) Units, MIT Manipal organized a talk by Dr Prof B V Rajendra, Professor, Department of Physics, MIT Manipal as a part of its school connect program on 21 August 2024 at Government Composite High School Rajeev Nagar - Manchikere, Manipal.	21 August 2024
44	Workshop on Guest Talk on "Overcoming Stress: The Vivekananda Way"	A guest talk on "Overcoming Stress: The Vivekananda Way" by Shri Swami Atmashraddhananda (Head, Ramakrishna Mission, Kanpur) was organized for the benefit of our faculty, research scholars, students, and staff on 12	12 September 2024

Sl No	Activity	Particulars	Date(s)
		September 2024 at Sir M V Hall, AB2, MIT Manipal. The session aimed to provide valuable insights into personality development, mind control, and stress management, all inspired by the teachings of Swami Vivekananda. The talk began with a warm welcome from Dr Shankaranarayana Bhat, Associate Director (FDW), who set the tone for the event. Dr K Balakrishna, Professor and Coordinator, Department of Sciences, introduced the esteemed guest Swami Atmashraddhananda to the audience.	
45	Academia-Industry Interaction: Round table discussion with cashew industries 	Round table discussion with the teams from cashew industries from the region was held at MIT, Manipal on 13 September 2023. Representatives from the cashew industries interacted with faculty members and the administration of MIT Manipal. About 15 interesting problem statements of cashew industries were identified in the meeting and shared with the team members from the academic community to provide technical solutions.	13 September 2024
46	Engineer's Day Celebrations and Prof P V Bhandary Memorial Oration 2024 	The Engineer's Day Celebrations and Prof P V Bhandary Memorial Oration 2024 held on 16 September 2024 at Sir M V Seminar Hall, MIT Manipal. This momentous event honoured Bharat Ratna Sir M Visvesvaraya, the father of Indian engineering, while also paying tribute to the late Prof P Varadaraya Bhandary, former Principal of MIT Manipal and Pro Vice-Chancellor (Tech), MAHE. The ceremony attracted over 150 attendees, including faculty members, research scholars, students, and dignitaries such as Brig (Dr) Surjit Singh Pabla, Former Director, MIT Manipal and Pro Vice-Chancellor, MAHE, and former faculty members, IE members and the family and admirers of Prof P V Bhandary. The Associate Directors, Heads of Departments (HODs), and notable guests were also present. Padma Shri awardee, Dr Prahlada Ramarao, a distinguished missile scientist and former Director of DRDO, presented the Engineer's Day Special Talk. He presented a SWOC analysis of engineers in general and emphasized the role of engineers in taking the nation forward. He also highlighted the importance of lifelong learning.	16 September 2024
47	Chintan 	A day-long event called Chintan: Pre-Conclave Deliberations on BTech Curriculum for CS Stream was organized by the office of the Associate Director, Faculty Development and Welfare (FDW) on 01 October 2024. The objective was to facilitate the revision of the curriculum structure of the five programs under the CS Stream, namely, Computer Science and Engineering (AI&ML), Information Technology, Computer and Communication Engineering and Data Science and Engineering offered by CSE, ICT and DS&CA Departments. The	01 October 2024

		meeting was attended by a team of 25 members drawn from the internal stakeholders comprising, the leadership at MIT, representation from MAHE, and the department curriculum committee members of the above three departments. The main agenda was to discuss and brainstorm the modifications to the 2022 curriculum of the above five BTech programs under the computer science stream. The consensus arrived at the end of the deliberations will be presented to the external stakeholders during the curriculum conclave scheduled for 29th October 2024.	
48	Curriculum Conclave	The curriculum conclave (Computer Stream) commenced with the welcome address delivered by Dr S N Bhat, Associate Director, Faculty Development and Welfare, MIT, Manipal. He outlined the need for the conclave, presented a brief overview of the program and welcomed the Dignitaries from MAHE, participants from the sister institutions and MIT Manipal. Lt Gen Dr M D Venkatesh, Vice Chancellor of MAHE, Manipal delivered the opening remarks and initiated the conclave proceedings. In his opening remarks, the Vice Chancellor highlighted the importance of the curriculum conclave which involves discussion with the experts from academic, industry, and management. He emphasized the need for a relevant, robust, and futuristic curriculum, and at the same time, he opined that the curriculum should be flexible enough to accommodate technological changes. He also said that periodic revision based on the inputs from the key stakeholders is necessary to make the curriculum acceptable to the stakeholders and competitive at the global level. Dr Venkatesh highlighted that the curriculum should improve the students' problem-solving ability, incorporate experiential learning, and inculcate self-learning among students. He said that unless a good curriculum is in place, pedagogy cannot help much. He also suggested that faculty development should happen parallel with curriculum development, incorporating online resources, and certification by the faculty to enable them to deliver the curriculum effectively. He wished to collaborate with foreign universities to set a model curriculum for the Computer Science stream so that it will be on par with global standards while meeting the local requirements.	29 October 2024

4	Workshop on Human Cell Culture Techniques and Characterization	A workshop on "Human Cell Culture Techniques and Characterization" was held on 01st February 2024 as a precursor to the 7th Annual Conference of the Society for the Study of Xenobiotics (SSX-2024). It was organized by the Centre for Microfluidics, Biomarkers Photoceutics and Sensors (μBioPS), Department of Biotechnology at MIT. The workshop featured distinguished resource persons, Dr Evan-Anne Subileau and Dr Pamela Bachour El Azzi, from Biopredic International, France. The participants were introduced to essential cell culture practices that examined the origins and characteristics of human cells. Demonstrations of various cell culture techniques were provided to the participants through hands-on training in staining techniques and microscopy visualization to discern cellular features. The workshop was coordinated by Dr Naresh Kumar Mani, Dr Vijendra Prabhu, and Dr Praveen Kumar, faculty at the Department of Biotechnology.	01 February 2024
5	Alumni Talk- "From Campus to Consulting: Building a Consulting Career" – National	An alumni talk was conducted on 10 February 2024 online via MS Teams. The event, led by Ms Priyam Pragya, Assistant Manager at KPMG and a proud alumnus of MIT, Manipal from BTech in Biotechnology Batch of 2014 (Reg. No-100924125), entailed a detailed outline about pursuing a consulting career and how biotechnology as a field helps in the field.	10 February 2024
6	Alumni Talk-"Navigating my Biotech Career - From AB5 to WHO" – National	An alumni talk was conducted on 25 February 2024 online via MS Teams. The event, led by Dr Aditi Shenoy, Data Scientist at Uppsala Monitoring Centre and a proud alumnus of MIT, Manipal from B Tech in Biotechnology Batch of 2017 (Reg. No-130924014), explained ways to pursue a career as a data scientist from the field of biotechnology while also navigating university applications for masters/PhD programs.	25 February 2024
7	Skill Development Workshop on Statistical Data Analysis and Design of Experiments (DOE) with JMP Software in association with the JMP Global Academics Team.	A two-day workshop was organized on 05 and 06 March 2024 at the MIT KEF Auditorium, MIT Manipal. The event led by Dr Muralidhar A from the JMP Global Academics Team, explained various aspects of data analysis including "process discovery" and "experimental discovery" along with the working and applications of the JMP software.	05 to 06 March 2024

		Hardware/Simulation of the Session, and IEEE consolation prizes were awarded. Three technical talks, "Tips for writing effective research papers" by Dr Debdeep Saha, "Revitalize EV Batteries for secondary life applications" by Mr Jacob John, Mercedez Benz R and D, Bengaluru, and "Microgrids-Operation and Control" by Mr James Antony Pinto were conducted, with quizzes on each session, ensuring active participation from the delegates. NSES-2024 was inaugurated by Dr Giridhar Kini, Registrar, MAHE, on 14th May 2024, presided by the Director, MIT, Dr (Cdr) Anil Rana. Dr Vinod V Thomas, Registrar Evaluation, MAHE, was the chief guest of the valedictory ceremony on 15th May 2024 and was presided over by Dr Chandrashekara S Adiga, Head of the Department of Electrical and Electronics Engineering. Dr Ciji Pearl Kurian, Dr Bindu S, and Dr Debdeep Saha were the	
2	MathWorks-Workshop	Electrical and Electronics Engg department organized a month-long workshop "Matlab for engineers: An experiential learning" in association with MathWorks Inc. The workshop was inaugurated on 18th June 2024, Commander (Dr) Anil Rana, Director MIT, Manipal, was the chief Guest. Dr Somashekhar Bhat Joint Director MIT, Manipal, presided over the program. The workshop was conducted in three sessions per week till 20 July 2024. Dr Ciji Pearl Kurian, Dr Sowmya R, and Mr Vedavyasa Kamath were the conveners of the workshop. It was chaired by the Dr C S Adiga, HoD of Electrical and Electronics Engg. From MIT. Arul Selvan, Nisha Sastry, and Souvick Chatterjee were the conveners of MathWorks. Around 283 delegates registered for the workshop.	18 June 2024 to 20 July 2024
3	Felicitation to retired staff	Department of Electrical and Electronics Engineering organized the felicitation program for the retired staff of the department, Mr Jayaraj T and Ms Yashoda Amin on 9th July 2024. Mr Jayaraj T had served MAHE for 34 years and Ms Yashoda Amin for 33 years. Dr P Giridhar Kini, Registrar, MAHE remembered his working with the retired staff when he was a student and then, a faculty. Com Dr Anil Rana, Director MIT Manipal appreciated the long and dedicated services of the staff and wishes for a healthy retired life. Dr Somashekara Bhat, Joint Director, MIT described Mr Jayaraj as a silent staff and Ms	09 July 2024

		Yashoda Amin for her commanding voice. Dr Chandrashekara S Adiga, HoD of the department welcomed all and narrated the services of both Mr Jayaraj and Ms Yashoda Amin to the department and he reminded the personal help rendered by both to many faculty. Ms Divya Shetty and Ms Deepa were the masters of the ceremony for the function.	
4	Training on E-Mobility by L&T	Department of Electrical & Electronics Engineering in association with L&T had organized a two days training program on E-mobility lab experiments for the faculty of Electrical Stream and Mechanical Stream on 22nd and 23rd July 2024. Around ten faculty members from MIT, Manipal, and one from MIT, Bengaluru participated in the training. Mr Raghavendran, Prof Prasad, and Mr Rohit Bhagwat were the resource persons from L&T.	22 to 23 July 2024
Electronics and Communication Engineering			
1	Half-Day Workshop on Machine Learning Opportunities in VLSI Physical Design	Department of Electronics and Communication, MIT, Manipal organized a half-day workshop on Machine Learning Opportunities in VLSI Physical Design on 02nd March 2024. This workshop aimed at providing insights into the fundamentals of machine learning techniques and their applications in VLSI Physical design. There was a hands-on session on the implementation of machine learning for VLSI design applications on Google Colab.	02 March 2024
2	Industry-academia Interaction: Visit to western digital	A faculty team from the Department of Electronics and Communication Engineering comprising Dr Somashekara Bhat, Dr Kanthi M, Dr Rahul Ratnakumar, and Dr Arjun Sunil Rao visited Western Digital Bengaluru on their patent day to enhance the ongoing collaborations from 18th to 19th March 2024.	18 to 19 March 2024
3	Inauguration of Advanced Microwave and Antenna Lab	A specialized Advanced Microwave and Antenna Lab facility in the Department of Electronics and Communication Engineering at MIT Manipal was inaugurated by Vice Chancellor of MAHE Manipal, Lt Gen (Dr) M D Venkatesh on 28th May 2024. Pro-Vice Chancellor, Dr Narayana Sabhahit, Registrar, Dr Giridhar Kini, Joint Director of MIT Manipal, and Dr Somashekara Bhat, graced the inaugural event.	28 May 2024
4	Workshop on AI Trends, Tools, and Methodologies	A one-day workshop titled "Trends, Tools, and Methodologies in AI" was organized by the Department of Electronics and Communication Engineering in collaboration	27 July 2024

Sl No	Activity	Particulars	Date(s)
		with IET India on 27th July 2024. Mr Vimal Chaubey, a Data Engineer from Tata Croma, was the resource person for the workshop and the workshop focused on emerging trends in AI, cutting-edge tools, and methodologies shaping the future of AI.	
5	Session on Pranayama and Yoga	The Department of Electronics and Communication (E&C) and the Department of Information and Communication Technology (ICT) jointly organized an alumni session on "Pranayama and Yoga Practice" on 08th August 2024. Ms Ashlesha, an alumna of the Department (E&C Batch of 2014)	08 August 2024
6	Two-Day Workshop on Analogue and Digital design using Cadence EDA Tools	The Department of Electronics and Communication Engineering (E&C) organized a two-day workshop on Analogue and Digital Design using Cadence EDA Tools on the 12th and 13th of August 2024. The workshop was facilitated by Mr Navaneeth Krishna, a certified expert from Entuples Technologies, Bengaluru. The workshop was designed to bridge the gap between theoretical concepts and industry-standard practices, utilizing two days workshop on Analogue and Digital design using Cadence EDA Tools for all demonstrations and exercises.	12 to 13 August 2024
7	One-Day Workshop on Introduction to Systems Medicine	The Department of Electronics and Communication Engineering organized a one-day workshop on Introduction to Systems Medicine on 22nd August 2024. The workshop, led by Mr Suryadipto Sarkar, an Alumnus of the ECE Department, provided an in-depth exploration of the intersection between deep learning, machine learning, and systems medicine.	22 August 2024
8	Third IEEE International Conference on AI, Computational Electronics, and Communication Systems (AICECS 2024).	The Third IEEE International Conference on AI, Computational Electronics, and Communication Systems (AICECS 2024) was successfully held from 12th to 14th December 2024. The conference was organized by the Department of Electronics and Communication Engineering, MIT, Manipal, Udupi, India (576 104). This premier event brought together leading researchers, academicians, and industry experts to share their insights, experiences, and innovations in the fields of AI, Computational Electronics, and Communication Systems. The conference served as a dynamic platform to discuss the latest advancements, challenges, and opportunities in these rapidly evolving domains, promoting collaboration and	12 to 14 December 2024

	Humanities and Management		
1	Art of Crafting Academic Writing	The inaugural lecture was delivered by Professor H Raghavendra (Raghav) Rao (AT&T Chair Professor at the University of Texas at San Antonio) on 3rd January 2024. This session was well attended by 120 participants across MAHE. Dr Rao spoke on two themes. 1. Crafting Academic writing and 2. Behavioural Infosec Research: Trust to Inclusion. In the first session, he emphasized the importance of research for academicians. He discussed the importance of choosing the right research stream, identifying, and exploring potential niche areas of research in the stream identified, what directions need to be followed while fulfilling the research, and finally exploring theory-building possibilities. He also provided a broad blueprint for writing a good research paper. In the second session, he discussed his work related to infosec research concerning trust and inclusion. He defined various definitions of trust, building global dimensions of trust, and on interplay between trust and security. He also emphasized the need for research in cyber security.	03 January 2024
2	A half-day workshop	Dr Regina J Hoffmann, Delft University of Technology, led a half-day workshop on academic writing and publications tailored for the faculty members of the Department of Humanities and Management. Her session provided valuable insights to faculty members of the department.	29 January 2024
3	MoU Signed with DLabs Incubator Association, Indian School of Business (ISB), Hyderabad	The Department of Humanities and Management signed an MoU with DLabs Incubator Association, ISB, Hyderabad on 30th January 2024. This MoU will foster and encourage entrepreneurship among students of MIT, Manipal. As the Department of Humanities and Management has started a new Integrated Masters Program in Entrepreneurship in Dual Degree mode, this partnership with DLabs will be an addition to the existing startup ecosystem at Manipal for these students to initiate start-ups.	30 January 2024
4	A half-day workshop	The Department of Humanities and Management organized a half-day workshop on Microsoft Excel by Mr Anu Latha Balkumar, Senior Project	07 February 2024

		Manager, FIS Global, Bengaluru on 07th February 2024 in the department Computer Lab. From excel basics to Solving Business Problems (Financial/Engineering cases) was covered during this hands-on workshop.	
5	Executive Development Program (EDP) 	The Department of Humanities and Management, MIT, Manipal conducted a three-week EDP on Corporate Finance for the executives of Mozambique Ports and Railways from 11th to 28th March 2024. These executives, namely Momed Emidio Perengue, Antonio Henrique Navisse, Ario Lopes Bainha, Emmanuel Artur Manuel, and Natercia Raimundo Tsure Chale had work experience ranging from a decade to two decades. This program was custom-designed for Portos e Caminhos de Ferro de Moçambique EP ("CFM") to meet their requirements. The EDP covered various topics on Corporate Finance and focused on Financial Statement and Analysis, Capital Budgeting, and Investment Management.	11 to 28 March 2024
6	A talk by Dr Mohammad Belgami, Director - Risk and Compliance at Corporate Finance International. 	Dr Milind Agrawal, Founder and CEO, Quickwork, and MIT Alumnus of the batch 1991 (E&C), inaugurated it on 18th April 2024. The Director of MIT, Manipal, Cdr (Dr) Anil Rana underscored the relevance of Fintech programs in today's world, emphasizing the imperative of collaboration with industries to foster innovation and growth. Dr Giridhar Kini, Registrar, MAHE and the President of the event, echoed Dr TMA Pai's vision and highlighted the need to adapt to change while enhancing the quality of education. He emphasized that the conclave serves as a crucial step toward recognizing the demand for innovative learning paradigms. Dr M H Bala Subrahmanya, a Professor, at the Indian Institute of Science, emphasized the importance of promoting entrepreneurial universities in India and outlined strategies for achieving this goal during his address. To conclude the forenoon sessions, Mr Prakash Ganeshan, Co-founder, of LCode Technologies (Chennai), delivered a keynote address on 'Fintech Entrepreneurship as a catalyst for social change'.	18 April 2024
Information and Communication Technology			
1	Faculty Development Program on Generative AI 	The Department of Information and Communication Technology, MIT, Manipal, in collaboration with IBM, conducted a three-day FDP on "Exploring Generative AI"	10 to 12 July 2024

Sl No	Activity	Particulars	Date(s)
2	Three--ay Industrial Workshops on Next-Generation Industrial Automation Using Event-Driven Programming	The Schneider Electric Centre for Industrial Research in Intelligent Technologies at MIT hosted a three-day industrial workshop from 29th to 31st July 2024. The workshop focused on "Next Generation Industrial Automation using Event-Driven Programming." The workshop brought together experts from Schneider Electric and MIT Manipal to offer insights and hands-on experience in the latest advancements in industrial automation. Dr Manohara M Pai, Senior Professor, Department of Information and Communication Technology, along with the Schneider Electric team, highlighted the significance of their collaboration.	29 to 31 July 2024
Instrumentation and Control Engineering			
1	Five Day hands-on Training on Immersive Technology	The Department of Instrumentation and Control Engineering, in collaboration with ARK Infosolutions, organized a five-day hands-on training program on “Immersive Technology.” The training was held from 08th to 12th July 2024 at the CPS Immersive Technology Lab.	08 to 12 July 2024
2	Internal Hackathon for Smart India Hackathon (SIH 2024)	The Department of Instrumentation and Control Engineering hosted an Internal Hackathon on 17th September 2024, as a precursor to the prestigious Smart India Hackathon (SIH) 2024. The event was inaugurated by Dr Niranjan U C, Former Director of Research and Training at Manipal Dot Net Pvt Ltd, and Dr Sachi Bhat, CEO and Founder of Alar Innovations and Alar Labs.	17 September 2024
3	Symposium on CPS for a better tomorrow	Debate on ‘Can AI help reduce antibiotic misuse by accurately detecting and differentiating between bacterial and viral infections?’ was held. Topics discussed were gas sensors and electronic nose, Miniaturizing Fluid Flow for Better Automation in Point of Care Diagnostics, Automation Systems with Market Retail, and Consumer needs.	26 October 2024
Mathematics			
1	The Mathematics Research Symposium (MaRS) – 2024	The Department of Mathematics, MIT Manipal organized the MaRS – 2024 from 03rd to 04th February 2024 at Manipal. The symposium aimed at the creation of academic collaboration and knowledge exchange among the mathematical research realms.	03 to 04 February 2024
2	Women in Mathematics Day 2024	The Department of Mathematics MIT, Manipal hosted a two-day event to celebrate Women in Mathematics from the 13th to the 14th of May 2024. Dedicated to the memory of Prof Maryam Mirzakhani, the first woman to receive the	13 to 14 May 2024

		prestigious Fields Medal. The event aimed to inspire and recognize the contributions of women in mathematics. The program was supported by the National Board for Higher Mathematics (NBHM) under the Department of Atomic Energy (DAE), Government of India.	
Mechanical and Industrial Engineering			
1	Lecture Series on Entrepreneurial Journey 	Department of Mechanical and Industrial Engineering, MIT Manipal organized a series of activities to inspire and educate students about entrepreneurship and the journey of becoming successful entrepreneurs. The following are the details of the activities: Visits to Bio incubator, MUTBI, Innovation Centre, and Smruthi Bhavan on 12th March 2024 to create awareness among MTech students of CAAD, ME, TSES programs, and PhD scholars about the facilities available at MAHE to support product development, patenting, startup, and entrepreneurship endeavours.	12 March 2024
2	IIC activities for UG and PG students of the Department of Mechanical and Industrial Engineering 	The Institution's Innovation Council organized two awareness activities on start-ups for both PG and UG students and Research Scholars of the Department of Mechanical and Industrial Engineering respectively in March and April 2024. On 5th April 2024, an awareness session on the Entrepreneurial Journey was conducted for second-year UG students of the Mechanical and Industrial Engineering streams of the department. The objective of this session was to give second-year UG B Tech students, an understanding of how one can embark on an Entrepreneurial Journey while pursuing their UG education and post-UG or at any point in their career.	05 April 2024
3	Workshop on Instrumentation and Data Analysis in Solar and Thermal Engineering Research 	The Department of Mechanical and Industrial Engineering organized a hands-on workshop on "Instrumentation and Data Analysis in Solar and Thermal Engineering Research" from 08th to 13th April 2024 in hybrid mode. The event was conducted to celebrate the tenth anniversary of the Renewable Energy Lab. Cdr Dr Anil Rana, Director, MIT, and Dr Sathya Shankara Sharma, Head of the Department graced the inaugural function. Dr Arunachala U Chandavar, Professor and convener, briefed the participants on the importance of the workshop. Dr Madhwesh N	08 to 13 April 2024

2	Workshop on Altair's simulation and artificial intelligence platform	The Department of Mechatronics, MIT Manipal organized a five-day training program titled "Design of High-Performance Mechatronic Systems using Altair's Simulation and AI Platform" from 04th to 08th March 2024.	04 to 08 March 2024
3	One Week Robotic Skill Training Workshop	A one-week Skill Training Workshop on "Elemental Robotic Programming with Service and Maintenance (RPSM 2024)" was organized by the Department of Mechatronics, MIT, Manipal, in collaboration with JANYU Tech Pvt Ltd, Pune, from 04th to 09th March 2024. The workshop was inaugurated in the MAHE-JANYU Robotic CoE at MIT Campus on 04th March 2024.	04 to 09 March 2024
Physics			
1	Webinar on Nanoscience and Nanotechnology	The Department of Physics at MIT organized a webinar on 23rd January 2024. The thematic focus of the webinar was "Nanoscience and Nanotechnology," aiming to unravel the burgeoning potential of AI in these fields and delineate the trajectory of future research. With an audience primarily comprising students, research scholars, and faculty members of MIT Manipal, the webinar sought to amplify awareness and foster discourse on this symbiotic relationship.	23 January 2024
2	Talk on Experimental Quantum Communication	Department of Physics and Department of Electronics and Communication Engineering MIT, Manipal, jointly organized a guest talk titled "Experimental Demonstration of Quantum Communication: Exploring Quantum Key Distribution (QKD) and Free Space Protocol" on 16th February 2024.	16 February 2024
3	Seminars and Live Streaming Event for Semiconductor Fabrication Facilities Foundation Stone Laying Ceremony	The Department of Physics organized insightful seminars and held the live streaming of the foundation stone laying ceremony for three mega semiconductor fabrication facilities by the Honourable Prime Minister Sri Narendra Modi on 13th March 2024.	13 March 2024

4	BTech Engg. first-year Physics	The academic audit of the BTech Engineering Theory course was done by Dr M N Satyanarayan on 13th April 2024. He audited BTech Engineering theory and some course of MSc PG program like quantum mechanics II (PHY 5253) and nuclear and particle physics (PHY 5254). He suggested some steps to improve the quality of question papers of both UG and PG programs. Covering a wide range of question papers and scheme of UG and PG courses should be given in detail.	13 April 2024
5	Summer School on Functional Material Synthesis and Advanced Materials Characterization	The Department of Physics MIT, Manipal organized a Summer School on Functional Material Synthesis and Advanced Material Characterization from 20th to 22nd May 2024. It was inaugurated by Cdr (Dr) Anil Rana, Director, MIT on 20th May 2024. The event aimed to provide insights into material science and the career prospects in the domain. Dr Sudha D Kamath, Head of the Department, welcomed the gathering, Dr Dhananjaya Kekuda, Associate Professor and Coordinator of the program presented an overview, and Dr Ismayil, Associate Professor and Co-coordinator of the program delivered the vote of thanks.	20 to 22 May 2024
6	Workshop on Density Functional Theory and Quantum Espresso Applications	The Department of Physics at MIT Manipal organized a comprehensive six-day workshop on “Density Functional Theory and Applications using Quantum Espresso.” The workshop, tailored for research scholars, spanned a range of topics aimed at providing a robust foundation in Density Functional Theory (DFT) and its practical applications.	23 July 2024
7	Yoga Session at the Department of Physics	The Department of Physics hosted a yoga session titled "Yoga: Relaxation and Focus” on 28th September 2024. Dr Lavya Shetty, faculty, Division of Yoga- CIMR, MAHE delivered an engaging and practical session, focusing on techniques to improve attention and physical relaxation. She highlighted the significance of	28 September 2024

The event, led by Ms Anamika Gupta, who is currently an Associate Scientist at Syngene International Ltd and is a proud alumnus of MIT, Manipal from B Tech in Biotechnology Batch of 2015 (Reg. No.-110924020), helped the students gain an understanding about the current scenario of the biotechnology industry.	14 September 2024
9	Dr Sophia Koo	Harvard Medical School	A guest talk was conducted on 19th September 2024 in MV Seminar Hall, MIT Manipal. The event presided over by Dr Sophia Koo, Associate Professor of Medicine at Harvard Medical School in the USA, focused on the utilization of breath volatile organic compounds for detection of infectious diseases, particularly pneumonia.	19 September 2024
10	Dr Mark Adams	Queensland University of Technology	A guest talk was conducted on 8th October 2024. The event, presided over by Dr Mark Adams, Cancer Genomics Program Lead, Centre for Genomics and Personalized Health, School of Biomedical Sciences, Faculty of Health Translational Research Institute, Queensland University of Technology, Australia, provided an understanding of various cancer cell interactions and overcoming therapy resistance in non-small cell lung cancer.	08 October 2024
11	Ms Rashmi Shenoy Prabhu	MD Training and Consulting Mumbai, India	A soft skills workshop was organized on 12th October 2024 at the MIT KEF Auditorium, MIT Manipal. The event, led by Ms Rashmi Shenoy, helped the students develop essential soft skills including resume building, communication, SWOT analysis and others for a smooth transition from academia to industry.	12 October 2024
12	Dr Derek Richard	Queensland University of Technology, Brisbane, Australia	A guest talk was conducted on 25th October 2024. The event, presided over by Dr Derek Richard from the Cancer and Ageing Research Program Queensland University of Technology, Brisbane, Australia, entailed ageing research and highlighted the importance of alternative funding based on the research ecosystem of a region.	25 October 2024
13	Dr Ashish Prabhu	National Institute of Technology, Warangal	A guest talk was conducted on 07th December 2024 in the Conference room of Biotechnology department, MIT	07 December 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
		Primary Principal Investigator at iGEM NITW	Manipal. The event, presided over by Dr Ashish Prabhu, Assistant Professor at National Institute of Technology, Warangal, Primary Principal Investigator at iGEM NITW, focused on the Genetic Engineering strategy to enhance human interferon-gamma using Pichia pastoris cell factories.	
Chemical Engineering				
1	1. Oishi Sanyal and 2. Suvaleena Paul	1. Wayne and Kathy Richards Faculty Fellow; Assistant Professor of Chemical Engineering, West Virginia University and 2. Assistant Vice President, Consumer Product Strategy Analyst III at Bank of America	Alumni interaction, Research, and Job opportunities in the US	30 August 2024
2	1. Dr Vidya Shetty K, 2. Dr Vivek Rangarajan, 3. Dr Bharath Govindan, 4. Dr Murugadoss Govindasamy, 5. Dr Durai Govindarajan, 6. Dr Vaishakh Nair, 7. Dr Jagannathan T Kalathi, 8. Dr Ramesh Pathy Manian, and 9. Dr Mohan Krishna Gunda	1. NITK, Surathkal, 2. BITS Pilani, K K Birla Goa Campus, 3. SRM Institute of Science and Technology, Chennai, 4. Sathyabama Institute of Science and Technology, Chennai, 5. Chulalongkorn University, Bangkok, 6. NITK, Surathkal, 7. NITK, Surathkal, 8. VIT, Vellore, and 9. KLE Technological University	FDP on "Advances and Recent Trends in Environmental and Energy Applications of Nanomaterials"	04 to 07 December 2024
Chemistry				
1	Prof Bhagavatula L V Prasad	Director, Centre for Nano and Soft Matter Sciences (CeNS), Bengaluru	Guest lecture	02 May 2024
2	Dr Prashantha Gunaga	Biocon BMS Research Centre (BBRC) Syngene Int, Bengaluru	Guest lecture on "Advanced Functional Materials"	02 May 2024
3	Dr Sharada Lande	Reliance Industries Ltd, Corporate Research	Guest lecture	10 August 2024
4	Dr A Ratna Phani	Nano Ram Technologies, Bengaluru	Guest lecture	16 August 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
5	Ms Viona Pinto	Research scholar NITK (NET-JRF AIR81)	Alumni Interaction	03 September 2024
6	Dr Irishi N N Namboothiri	Department of Chemistry, IIT Bombay	Guest lecture	09 September 2024
7	Dr Ravindra Vikram Singh	India R & D Technology and Innovation Sigma Aldrich (Merck KGaA)	Guest lecture	13 September 2024
8	Mr Sachin	Lecturer, PPC Udupi	Guest lecture	23 October 2024
9	Dr A K Sinha	Biofuels Group at CSIR-IIP Dehradun	Guest lecture	13 November 2024
10	Dr Chandra shekar Korapala	Syngene Int Ltd Bengaluru	Guest lecture on "Medicinal Chemistry"	04 December 2024
11	Dr Regina J Hoffmann	Senior Lecturer, The Institute for Languages and Academic Skills, Delft University of Technology (TU Delft), the Netherlands, and Assistant Professor (International Faculty), MIT, MAHE	Guest lecture	08 December 2024
Civil Engineering				
1	Mr Udit Rastogi	Walter P Moore	Alumni of the 2005 batch, Mr Udit Rastogi working as Senior Engineer/Structural Engineering Associate at Walter P Moore, USA, visited our department and delivered a lecture on Civil Engineering aspects in Structural Analysis to UG and PG students	27 January 2024
2	Dr A K Sudheer	Physical Research Laboratory	Dr A K Sudheer, Scientist/Engineer-SF, Physical Research Laboratory, Ahmedabad, delivered a guest lecture titled "Atmospheric aerosols: Sources, chemistry, and deposition" to the post-graduate students, research scholars, and faculty members of the Department of Civil Engineering.	03 February 2024
3	Mr Prem Prasad Shetty	Independent	Advocate Prem Prasad Shetty, practicing advocate, Udupi-Bengaluru, delivered a guest lecture titled "RERA Act and Rights of Lessor and Lessee on Leasehold Properties", to the post-graduate Civil and Architecture students, faculty members of the Department of Civil Engineering.	20 February 2024
4	Ms Rashi Kishore	Building Construction and Facility Management	Alumni of the 2018 batch Ms Rashi Kishore, pursuing a master's in building construction and facility	29 February 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
			management at Georgia Tech, USA, visited our department and delivered a lecture on "Building information modelling and safety: automatic safety checking of construction models and schedules."	
5	Prof D Venkat Reddy	Department of Civil Engineering, NITK, Surathkal	Guest talk on "Geological and Geotechnical Investigations for Major Civil Engineering Projects"	09 March 2024
6	Mr Ashish Sahu	Partner of M/s Ashish Associates and Developers	Alumni of the 2015 batch Mr Ashish Sahu, Partner of M/s Ashish Associates and Developers, Raipur, Chhattisgarh, India, visited our department and delivered a lecture on "Manipal to Manipal- My Journey as an entrepreneur".	11 March 2024
7	Mrs Pavithra Shenoy	Amith Associates	Guest lecture on "Valuation of Properties -A Case Study of an Industrial Unit" and "Valuation of Properties -A Case Study of a Hotel Complex"	26 March 2024
8	Vrinda Shetty	Bentel Associates Realty Design Consultants Pvt Ltd	Alumni of the 1998 batch, Ar Vrinda Shetty, Director, Bentel RDC, India, visited our department and delivered a lecture on "Project Life Cycle Phases".	01 April 2024
9	Dr Manoj A Limaye	The Maharaja Sayajirao University of Baroda, Vadodara, Gujarat, India	Guest Lecture on "Metamorphism and Metamorphic processes: with special reference to the rock of Southern Aravalli Mountain Belt (SAMB) Gujarat, western India"	06 August 2024
10	Dr Rajeev Saraswat	National Institute of Oceanography	Guest Lecture on "Microfossils as Earth's Thermometer"	08 August 2024
11	Akhouri Anurag	Sales and Marketing, Nuvoco Vistas Corp Ltd	Alumni of the 2015 batch Mr Akhouri Anurag, Regional VAP- Sales and Marketing, Nuvoco Vistas Corp Ltd, Bengaluru, Karnataka, India, visited our department and delivered a lecture on "The Road to Success is Always Under Construction".	16 August 2024
12	Ms Sushma S	Gender Responsive Budgeting (UN Women)	Alumni of the 2016 M Tech batch Ms Sushma S, State Technical Coordinator – Gender Responsive Budgeting (UN Women), visited our department and delivered a lecture on "Career Opportunities in Civil Engineering – Government Sector"	31 August 2024
13	Dr Pandarinath Kailasa	IER- UNAM	Two online lectures on "i) Geothermal waters and reservoir temperatures: examples of thermal spring waters	11 September 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
			from Mexico and India and ii) Mineral and chemical geothermometers"	
14	Dr Babu Rajendran Ramaswamy	Bharathidasan University	Guest lecture on "Environmental Forensics"	19 September 2024
15	Dr Premanand Shenoy	Roy and Shenoy	Guest lecture on 'Professional Practice in Structural Engineering"	19 September 2024
16	Mr Ujwal D'Souza	Marian Infrastructures, Mangaluru	Alumni Mr Ujwal D'Souza working as Managing Partner – Marian Infrastructures, Mangaluru, visited our department and delivered a lecture on "Contract Management in Construction".	03 October 2024
17	Dr Vadivuchezhian Kaliveeran	National Institute of Technology Karnataka, Surathkal, Karnataka, India.	Guest Lecture on "Finite element modelling of one-dimensional fluid element"	03 October 2024
18	1. Dr Palanisamy, 2. Mr Shounak Mitra, 3. Mr Leslie Joseph D'Souza, 4. Mr Raghavendra Kumar V, 5. Dr Amarnath CB, and 6. Dr Rupen Goswami	1. National Institute of Technology, Surathkal, Karnataka, 2. HILTI India Pvt Ltd, 3. MAHE, Manipal, 4. HILTI India Pvt Ltd, 5. India BIM Association, and 6. Indian Institute of Technology, Madras	Guest Lecture on "Building Resilient Infrastructure – Focus on Earthquake and Fire Safety"	04 October 2024
19	Mr Shounak Mitra	HILTI India Pvt Ltd	Guest Lecture on "Post-Installed Anchoring Technology Steel to Concrete Connections"	05 October 2024
20	Dr M A Mohammed Aslam	Central University of Karnataka	Guest Lecture on "Hydrogeochemical interpretation"	10 November 2024
21	Mr Abhishek G	Pyrodynamics	A hands-on workshop on Digital Image Correlation (DIC)	07 December 2024
Data Science and Computer Applications				
1	Dr Siddeswara Guru	Director of Data Science at Terrestrial Ecosystem Research Network	Guest Lecture on "Managing Research Infrastructure to Deliver Fair Data and SERVICES"	05 January 2024
2	Mr Abhishek Rhisheekesan	aiRENDER	Internship Opportunities @ aiRENDER	13 March 2024
3	Dr Venkat Bhat	MD, MSc, FRCPC, DABPN, Lead, AI and Analytics | Institute for Biomedical Engineering and Technology, Assistant Professor of Psychiatry | University of Toronto	Guest Talk on "Digital Interventions and Intelligence in Mental Health"	15 March 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
4	Dr Shashidhar R	Senior Chief Engineer at Samsung Research Institute (SRI-B) Bengaluru	Workshop "Pioneering Possibilities: Exploring Blockchain Potential Innovation in Various Industries"	06 April 2024
5	Prof Gang Li	Deakin University, Australia	Innovative Strategies for Convex Optimization and Learning Excellence	12 April 2024
6	Ms Nikita Pinta, Ms Niveditha Mohankumar, and Mr Arul Selvan	Ms Nikita Pinta, AI Academic Liaison, MathWorks, Ms Niveditha Mohankumar, Customer Success Specialist, MathWorks, Mr Arul Selvan, Territory Manager, MathWorks	Advancing Education with MATLAB	06 June 2024
7	Mr Avinash and Mr Ashwin	Platform engineer, Confluent Community Catalyst, Data Engineering, Bengaluru. Streams, Kong Meetup, Grafana, Box Office Data Scientist	Kafka Workshop	14 September 2024
8	Dr Tanvi Bannerji	Associate Professor, Director of DASH Laboratory, Department of Computer Science and Engineering, Wright State University, USA	Using Physiological sensors for measuring Cognitive Flow and other Chronic Healthcare conditions	23 September 2024
9	Dr Tanvi Banerjee	Associate Professor, Department of Computer Science and Guest Lecture on Physiological Sensors and Cognitive Flow Engineering at Wright State University, USA	Using Physiological Sensors for Measuring Cognitive Flow and other Chronic Healthcare Conditions	24 September 2024
Computer Science and Engineering				
1	Mr Shreyan J D Fernandes	Software Developer Analyst, KPMG India	One-day hands-on workshop	25 January 2024
2	Dr Deviprasad, Software Consultant	Manipal Dot Net	Project-based event	29 January 2024
3	Dr Meenakshi Tripathi	Malaviya National Institute of Technology (MNIT), Jaipur	Session	13 June 2024
4	The team from Novigo Solutions	Novigo Solutions	Webinar: Graph databases on AI and ML	15 July 2024
5	Dr Vishal Kaushal, Applied Science Manager	Amazon	Corporate Talk	31 August 2024
6	Dr Pavanaja U B	Eminent Technocrat, Former Consultant at Microsoft	Talk	09 September 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
7	Mr Karthik Mandaville, CEO	Springworks	Talk	09 October 2024
8	Mr Soorya Annadurai	Microsoft	Talk	15 October 2024
Electrical and Electronics Engineering				
1	Mr Anant Kumar, 2006 Batch of Electrical & Electronics Engineering	Global Supply Chain Leader	Alumni Talk	30 March 2024
2	Rahul Bajpai, Sr Manager-Human Capital, Arcesium India	Arcesium India	Alumni Talk	08 October 2024
3	Kushal Kamal IC Architect, L&T Semiconductor Technologies	L&T Semiconductor Technologies	Alumni Talk	17 October 2024
4	Sujit Kr Tripathy, Staff Engineer/Scientist IV, Electric Power Research Institute (EPRI)	Staff Engineer/Scientist IV, Electric Power Research Institute (EPRI)	Alumni Talk	23 October 2024
5	Tista Choudhary	GUIDEcx	Alumni Talk	26 October 2024
Electronics and Communication Engineering				
1	Rounak, Kiran, and Sonali	Tata Institute of Fundamental Research (TIFR), Mumbai	Guest Talk	16 February 2024
2	Mr Montukumar D Makadia	Technical Business Consultant for SFAL, Sr Biz Consultant for LightSpeed AI Lab, VP at Elektropod	Alumni Visit	22 March 2024
3	Dr Anish Bekal	Entrepreneur- Trachealth Technologies, E-Lagori	Guest talk on the latest advancements in electronics manufacturing and design methodologies	01 May 2024
4	Mr Ishan Devdatta Kawathekar	Data Scientist at DeepTek and alumnus of the department (Batch of 2021)	Guest Talk on Applications of AI in Healthcare	26 July 2024
5	Dr Alex James	Pranayama and Yoga	Guest Talk	08 August 2024
6	Mr V Navaneetha Krishnan	Senior Application Engineer from Entuple Technologies Pvt Ltd, Bengaluru	Hands-on-training on Cadence at MIT Manipal	12 to 13 August 2024
7	Suryadipto Sarkar	PhD scholar in the Department of AI in	Alumni Visit	22 August 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
		Biomedical Engineering at Friedrich-Alexander University in Erlangen, Germany		
8	Abhishek Bhaduri	Senior Manager, Dell Technologies, Texas, USA	Alumni Guest Talk "Embedded AI Systems"	30 August 2024
9	Ms Ambika Sharma,	Head of AI at Google USA	Guest Talk on "Limitless Learners: Students Empowering Humanity Through AI"	05 September 2024
10	Samir Sakhare	Division Head at SAC, ISRO Ahmedabad	Alumni Talk Series	01 October 2024
Humanities and Management				
1	Prof Regina J Hoffmann	Delft University of Technology, The Netherlands	Guest Lecture	29 to 30 January 2024
2	Professor H Raghavendra (Raghav) Rao	AT &T Chair Professor at the University of Texas at San Antonio	Research Lecture	01 March 2024
3	Dr Mohammad Belgami	Director - Risk and Compliance at Corporate Finance International	Guest Lecture	01 June 2024
4	Mr Anu Latha Balkumar	Senior Project Manager, Fidelity Information Services, Global, Bengaluru	A half-day workshop	02 July 2024
Information and Communication Technology				
1	Dr Manasa M	Research Intern, Chosun University, South Korea	Technical talk on "Introduction to Machine Learning"	03 February 2024
2	Praveen Nagaraj	Software Engineer, DoorDash	Seminar on ways to improve technical knowledge	09 February 2024
3	Sujoy Choudhury	Microsoft Corporation	Technical talk "Business Process Automation - an overview"	10 February 2024
4	1. Mr Rajneesh Rai, 2. Ms Rhea Mahat, 3. Mr Senthilkumar Vimalra, and 4. Mr Kiran Puthukud	1. VP, Infrastructure Architecture and Cloud Deutsche Bank, Bengaluru, 2. Sr Program Manager, Payments Amazon, Washington, D C, USA, 3. MulCloud Architect IA&C, Deutsche Bank, Bengaluru, and 4. Chief Architect and DevOps Leader cYAAG Technologie	Workshop (PING 2 0 2 4) – Two-day workshop P.I.N.G 2.0.2.4 On Next Gen Banking: Harnessing Gen AI for Financial Services	23 to 24 February 2024
5	Mr Purvabh Surana	Amazon	Technical Talk on Bigdata and Business	01 March 2024
6	Kaushaya Ganguly	Microsoft	Guest Talk on "Way to improve technical knowledge"	12 March 2024
7	Jyotinder Singh	Google Ads	Guest Talk on "How to set yourself up for successful software interviews: an honest guide"	30 March 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
8	Jaideep Rao	Sigachi Industries Ltd, Hyderabad	Guest Talk on "Twelve failures in my 12 years of corporate life"	30 March 2024
9	Mr Nishith Sinha	Security Engineering Manager, Amazon	Guest Talk on "MS in the US"	30 March 2024
10	Prof (Dr) Gang Li	Deakin University	Technical Talk on "Recent Trends in ML"	02 April 2024
11	Mr Himanshu Kumawat	Software Development Manager at Amazon	Guest Talk on "College to Career Readiness"	05 April 2024
12	Mr Ayushya Rao	Tech Mahindra's Makers Lab	Technical Talk on "The role of R&D in an IT organization"	10 April 2024
13	Dr Madhusudhan Govindaraju	Department of Computer Science, Vice Provost - International Education and Global Affairs (IEGA), Binghamton University, New York	Seminar on "Higher education opportunities at Binghamton University"	05 August 2024
14	Ashlesha Bhadoria	Yoga Trainer and Entrepreneur	Session on Pranayama and Yoga	08 August 2024
15	Mr Ravi Kashyap	SAP Solutions Architect, AWS	Guest Talk on "Life after Manipal, career journey and learning"	22 August 2024
Instrumentation and Control Engineering				
1	Dr Rajamani	Cropin, a leading Agri-tech company.	Guest Talk	10 August 2024
2	Mr Prasanth	Mew Technology, Bengaluru	Training session on 1DOF, CAN Emulators, and Power Analyzers using MOKU	29 to 30 August 2024
3	Dr Yogananda Jeppu	Boeing, Bengaluru	Guest talk on MATLAB and Career Opportunities	23 September 2024
4	Dr Moorthi Kanagaraj	Founder and Director of Enthu Technology Solutions India Pvt Ltd, Coimbatore	Training session on the AI Arm BOT, Drone, and Smart City Module	25 to 26 September 2024
5	Dr Ravindra Gudi	IIT, Bombay	Guest Talk	03 to 04 October 2024
Mathematics				
1	Mr Neel D Joshi	Alumnus, BTech (Mechanical Engineering) - 2019	Alumni talk	04 September 2024
Mechanical and Industrial Engineering				
1	Lt Gen Anil Kapoor	Adjunct faculty, Department of Mechanical and Industrial Engineering, MIT Manipal	Adjunct faculty conducted a half-day workshop on "Design Thinking for Research and Development" under the faculty	07 February 2024
2	Mr Sushil Reddy	Freelancer	Creating awareness of EV and Sustainability	05 August 2024
3	Prof Sateesha Krishnamoorthy	University of Surrey	Faculty interaction for possible academic and research engagements	16 August 2024
4	Mrs Mythili Belle Kamath	COE in Aerospace at Honeywell	Guest Talk on - Career Opportunities at Honeywell	24 August 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
5	Mr Vishal and the team	Trane Technologies, Bengaluru	Faculty interaction for possible academic and research engagements - Trane Tech	29 August 2024
6	Mr Rajat A Chandavar	University of Munich	Interactive discussion session - Higher studies opportunities (Talk on Journey from BTech@MIT to MSc@TUM Germany)	05 September 2024
7	Anant Koregaonkar and the team	Forbes Marshall	Academic Engagement and Collaboration Discussions - Forbes Marshall	11 September 2024
8	Neha Das and the team	Quest Global	Academic Engagement and Collaboration Discussions - Quest Global	11 September 2024
9	Prof Ir Dr Mohd Zulkifly bin Abdullah	USM Malaysia	Guest Lecture Series on Electronic Cooling and Computational Fluid Dynamics	16 to 19 September 2024
10	Dr Sadanand S Kulkarni	Propulsion Division, CSIR	Academic Engagement and Collaboration Discussions -– CSIR	28 September 2024
11	Mr Amit Kapur	Nanobubbles	Academic Engagement and Collaboration Discussions - Nanobubbles	16 October 2024
12	Dr Annapoorna K and Team	Division of Yoga, Centre for Integrative Medicine and Research (CIMR), MAHE, Manipal	Awareness and practice of Yoga for wellness	04 December 2024
Mechatronics				
1	Mr Senthil Vinayagam	Janyu Technologies	One-week Workshop on "Elemental Robotic Programming with Service and Maintenance (RPSM 2024)"	04 to 09 March 2024
2	Mr Chandrasekhar Arcot	Altair	Speaker for Harnessing Digital Twins for Mechatronics Application	24 July 2024
3	Mr Sushil Mane	Senior Technical Director at Altair India	Workshop on Simulation and AI in Engineering	22 to 23 August 2024
4	Dr Pranav Lad	MathWorks	Three-day FDP UAV Control Simulations and IMSCAPE Multibody Robotics	23 to 25 September 2024
Physics				
1	Dr P D Babu	Centre Director, UGC-DAE Consortium for Scientific Research, Mumbai Centre-Mumbai	Guest lecture on 'Nanomagnetic Materials'	19 January 2024
2	Dr Ravi Trivedi	Bhabha Atomic Research Centre, Mumbai	Guest Talk	23 January 2024
3	Dr Tejendra Dixit	Indian Institute of Information Technology, Design and Manufacturing, Kancheepuram	Guest Talk	23 January 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
4	Dr Rajesh Kumar	IIT Indore	Guest Talk on "Material Devices"	09 February 2024
5	Mr Rounak	TIFR, Mumbai	Guest Talk	16 February 2024
6	Mr Kiran	TIFR, Mumbai	Guest Talk	16 February 2024
7	Dr Shivamurthy R C	Mechanical Engineering MIT, Manipal	Guest Talk	22 February 2024
8	Dr Albin Antony	Oxford Instruments Nano Analysis, UK	Guest Talk	06 April 2024
9	Ms Anjana Udaya	PhD Scholar, Institute of Physics II, University of Cologne, Germany	Guest Talk on "My Journey from Manipal to Germany"	24 August 2024
10	Dr Nagesh Kini	Chief Technology Officer and Co-Founder, Vimano EWA Pvt Ltd, Bengaluru	Guest Talk on "New Age Electric Power Grid"	12 September 2024
11	Dr Sunil Kumar Mishra from IIT BHU, Varanasi	IIT BHU, Varanasi	Guest Talk	03 October 2024

1	Prototype Development to Detect and Study Substance Abuse-based on Non-invasive, Non-Contact Iris Analysis Using Deep Learning Techniques.	Dr M Jeevan (PI); Dr Omkar S Powar (CO-PI); Dr Rayan Mathias (CO-PI); and Dr P V Bhandary (CO- PI)	SERB	14,74,850.00	10 August 2024 to 10 July 2027
Biotechnology					
1	Muti-modal detection of biomarkers using smart hygiene products	Dr Naresh K Mani	RB India	49,35,600.00	01 January 2022 to 01 January 2026
2	Design of Portable Microextraction Device to	Dr Chiranjit Ghosh	SERB	11,22,436.00	01 January 2024 to 01

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	Monitor Metabolic Marker Compounds From Human Skin and Breath for Noninvasively Detection of Diseases				January 2026
3	Design of Portable Microextraction Device to Monitor Metabolic Marker Compounds from Human Skin and Breath for Noninvasively Detection of Diseases	Dr Chiranjit Ghosh	SERB	11,22,436.00	01 January 2024 to 01 January 2026
4	Modulating Inflammation by Photoceutical Approach - Implications in Delayed Wound Repair	Dr Vijendra Prabhu	ICMR	4,60,000.00	09 January 2024 to 31 August 2027
5	Chitinase for anti-fungal formulations	Dr Ritu Raval	Genesis Pvt Ltd	4,25,000.00	05 August 2024 to 31 March 2025
6	Breath-based fast and noninvasive screening of high-risk and asymptomatic undiagnosed diabetes	Dr Chiranjit Ghosh	RSSDI	98,000.00	22 August 2024 to 21 August 2026
Chemical Engineering					
1	Development of low-cost and bio-based MOF for photocatalytic reduction of carbon dioxide to solar fuels	Dr S Shanmuga Priya	VGST	40,00,000.00	20 March 2023 to 19 March 2024
2	Development of metal oxide-based nanocomposites for adsorption and oxidation of asphaltenes and valorization of the adsorbed asphaltenes into value-added products	Dr Nethaji S	VGST	3,00,000.00	18 May 2023 to 17 May 2024
3	Technologies for screening and remediation of coslitin and doxy cycline from hospital effluents	Dr Nethaji S	ICMR	1,43,91,556.00	01 January 2024 to 03 December 2026
4	Received a VGST grant of Rs 3 Lakhs for conducting a FDP	Dr Raja S	VGST	3,00,000.00	01 January 2024 to 01 January 2025
5	Design and Development of low energy hydrodynamic cavitation-based homogenizer for the synthesis of food and pharmaceutical grade oil-in-water nano emulsions: Experimental and Molecular Simulations Insights	Dr Jitendra Carpenter	VGST	25,00,000.00	05 January 2024 to 30 April 2026
6	Reaction Kinetics Pathways of Liquid Organic Hydrogen Carriers for Effective	Dr Anoop Kishore Vatti	ANRF SERB	2,75,000.00	18 October 2024 to 18

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
	Hydrogen Storage Using Ab Initio Calculations				October 2026
Chemistry					
1	IC-MAP on Bio energy and hydrogen	Dr Murthy Dharmapura	DST	12,00,000.00	15 March 2022 to 31 March 2026
Civil Engineering					
1	Processing tilapia fish skin as a scaffold for burn wound healing	Dr S V Kirthanashri (PI) and Dr Varadharajan S (Co-PI)	Department of Science and Technology (DST)	5,00,000.00	06 May 2024 to 06 April 2024
Data Science and Computer Applications					
1	Department of Biotechnology (DBT)	Dr Girish Menon, Principal Investigator, Co- PI: Dr Ajay Hegde, Dr Hareesha K S, and Dr Siddharth Srinivasan	Government of India, DBT	18,67,520.00	08 May 2023 to 08 May 2025
2	State University Research Excellence (SERB)	Dr Girish Menon and Dr Hareesha K S	SERB-SURE	22,68,830.00	22 November 2023 to 22 November 2026
3	DBT	Dr Jijo Lukose, Principle Investigator, Co-PI: Dr Santhosh Chidangil, Dr Abhilash K Pai, and Dr Rekha Upadhya	Government of India, DBT	12,60,403.00	05 January 2024 to 05 July 2025
Computer Science and Engineering					
1	COVID-19 diagnosis and assessment using quantum ML	Dr Vivekanand Bhat and Prof Ashwath Rao	MeitY, New Delhi	8,60,554.00	15 March 2022 to 14 March 2024
2	Detection of Cardiovascular Diseases in ECG Images Using Hybrid Quantum Convolution Neural Network Model	Dr Vivekananda Bhat and Dr Prashanth Barla	MeitY, New Delhi	22,85,935.00	25 April 2023 to 24 April 2025
3	Discourse Integrated Dravidian Language - Dravidian Language Machine Translation, Kannada-Tamil	Prof Ashwath Rao and Prof Musica Supriya	MeitY, New Delhi	1,87,70,000.00	01 January to 13 December 2024
4	Indian Language - Indian Language Machine Translation, Kannada-Hindi	Dr Narendra V G and Prof Ashwath Rao	MeitY, New Delhi	80,14,000.00	01 January to 13 December 2024
5	AICOE in Healthcare	Dr Manjunath K N (MAHE group)	Ministry of Education, GOI	2,00,00,000.00	04 to 12 January 2024
6	Centre of Indian Language Data	Dr Murali Krishna	COIL-D Centre for Indian	3,55,22,000.00	09 March 2024 to 09

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
			Language Data - MeitY		February 2026
7	Design and develop a low-cost AI-based Automated system to find rice seed adulteration and germination prediction	Dr Sujithra	DBT, Ministry of Science and Technology	13,99,949.00	01 December 2024 to 01 December 2026
Electrical and Electronics Engineering					
1	Investigation of the Economic feasibility of a virtual power plant	Dr Vinay Kumar Jadoun (PI)	DST INSPIRE Fellowship	15,50,000.00	09 October 2021 to 27 July 2024
2	EIS and Predictive Analytics for Battery Health and RUL	Dr Prateek Jain (CO-PI)	Schneider Electric	27,80,000.00	01 July 2023 to 04 June 2024
3	Comprehensive study of interconnection and interoperability of Distributed Energy Resources with associated Electric Power Systems (EPSs) interfaces	Dr Shivarudra Swamy R	Bureau of Indian Standards	1,24,200.00	18 July 2024 to 17 January 2025
Information and Communication Technology					
1	Clinical Decision Supportive Model for Foetal Biometry Measurements	Dr Rashmi Naveen	Anusandhan National Research Foundation	2,50,000.00	18 January 2024 to 17 January 2027
2	Exploratory research in Agile AI model development (Cascaded super learning)	Dr Manohara M M Pai	Schnieder Electric, Bengaluru	13,57,000.00	31 January 2024 to 30 January 2027
3	Centre of Indian Language Data COILD	Dr Raghavendra Ganiga	Mission Bhashini; MeitY	3,54,22,000.00	28 June 2024 to 28 June 2026
Instrumentation and Control Engineering					
1	Technologies for screening and remediation of colistin and doxycycline from hospital effluents.	Dr Nethaji S	ICMR	68,76,000.00	01 January 2024 to 31 March 2026
2	Instrumented Objects for the Quantitative Assessment of Hand Function in Rehabilitation	Dr Somashekara Bhat	DST	18,34,115.00	01 March 2024 to 01 March 2025
Mechanical and Industrial Engineering					
1	Smart Hydrodynamic Fluid Film Journal Bearing for Machine Support Systems	Raghuvir B Pai	DST	42,39,851.00	17 November 2023 to 17 November 2025
2	Optimization of Sputtering process parameters for the deposition of Diamond-like Carbon thin film and its alloys	Ranjan Kumar Ghadai	SERB - DST	2,91,922.00	20 December 2023 to 19 December 2024

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
3	Cost-effective Method for Fabricating Durable Features for Detachable Assemblies in Additive Manufactured Thin-wall Parts	Gururaj Bolar	MRB, MAHE	5,85,000.00	31 July 2024 to 31 July 2026
4	Cold plasma treatment of Mg alloy for enhanced biocompatibility and corrosion resistance	G Divya Deepak	MAHE - SEED	1,40,000.00	01 October 2024 to 01 September 2026
5	Investigating activated hydrochar for CO_2 capture applications	Sooraj Mohan	MAHE - SEED	95,000.00	01 October 2024 to 01 September 2026
6	Areca nut waste to hydrochar: influence of process temperature on hydrothermal carbonization	Sooraj Mohan	DST - ANRF	1,10,000.00	25 to 30 November 2024

Patent details:
Details of patents filed:

Sl No	Name	Date
1	Butterfly-inspired imaging sensor for stomach cancer detection and classification	23 January 2024
2	A method for the targeted isolation of activity-specific phytocompounds from plant sources	23 January 2024
3	System and method for object detection in autonomous vehicles	23 January 2024
4	A wireless C-type USB phone charger with a phone-holding groove	23 January 2024
5	A charger-mounted phone holder	23 January 2024
6	Copper nanoparticle-based disinfectant, composition method of preparation, and uses thereof	31 January 2024
7	Device for slicing bones for histopathological applications and method thereof	02 February 2024
8	A spectacle frame eye drop holder	02 February 2024
9	System for diagnosis of multi-organ squamous cell carcinoma and method thereof	02 February 2024
10	System for managing carbon footprints and method thereof	02 February 2024
11	Support device for disabled users	09 February 2024
12	Electromagnetic-assisted shockwave attenuator device and method thereof	12 February 2024
13	Heat sensing drinkware device and method thereof	12 February 2024

Sl No	Name	Date
14	System for detection of tooth defects using an AI model and method thereof	13 February 2024
15	Biodegradable jute composite and process of fabrication thereof	24 February 2024
16	Binder composition and method thereof	07 March 2024
17	System and method for face recognition	08 March 2024
18	A system for enabling dry red chillies sorting and a method thereof	12 March 2024
19	Screen-printed Ag-doped MnO2 flexible thermoelectric generator for boosting thermoelectric output	13 March 2024
20	Radially symmetric coaxial capacitive differential pressure sensor	15 March 2024
21	Radioprotective decontaminating peelable film for surface radio decontamination	18 March 2024
22	A device to measure the pressure exerted by the fluid	19 March 2024
23	A curdlan and a method of producing the same thereof	20 March 2024
24	Module for radionuclide removal using natural adsorbents	21 March 2024
25	Module development for radionuclide removal using aerogel beads	22 March 2024
26	System and method for evaluating EV load sources and related uncertainties on charging station operation	22 March 2024
27	A system and method to improve the power quality of grid-integrated microgrid EV charging station	22 March 2024
28	Dr Vinay Kumar Jadoun and Dr Jayalakshmi N S System and method for economic viability and potential assessment of multi-area based virtual power plant	22 March 2024
29	System for detecting advanced persistent threats in unmanned aerial systems and method thereof	26 March 2024
30	Array antenna for microwave spectrum applications and method thereof	27 March 2024
31	Millimetre wave antenna for wideband applications and method thereof	28 March 2024
32	System and method for fortifying cyber defense with reinforcement, imitation, and counterfactual learning	29 March 2024
33	A supervisory automatic accident-avoidance system in an extra high tension (EHT) substation	08 April 2024
34	Dynamic vehicular plug-and-play control system and method thereof	09 April 2024
35	Dr Vinay Kumar Jadoun and Dr Jayalakshmi N S system and method for evaluating virtual power plants using multiple metaheuristic techniques	11 April 2024
36	Tungsten doped indium oxide thin film for gamma radiation sensing and method of synthesizing the same	11 April 2024
37	Device for medical wound dressing	16 April 2024

Sl No	Name	Date
38	Glass microfluidic device with multi-layer polyvinyl chloride film	22 April 2024
39	Device for assisting infants in walking and scooting	23 April 2024
40	Device for assisting infants in walking and scooting	23 April 2024
41	Module for radionuclide removal using an adsorbent sponge	23 April 2024
42	Device to determine the level of fluid	26 April 2024
43	Paper analytical device for detecting chicory adulteration, method of developing the same, and uses thereof	29 April 2024
44	One-part alkali-activated concrete mix proportioning and a method of preparing the same thereof	30 April 2024
45	RestNET method and system for advanced multiclass classification in open set recognition within air traffic control system	10 May 2024
46	System and method for generating compact organic blocks from green waste	13 May 2024
47	Capo device for stringed musical instrument	15 May 2024
48	Assembly to detect the refractive error of eye inventors	17 May 2024
49	Method of preparing eco-friendly fabric cover	17 May 2024
50	A system and method for the detection of chemicals in human breath	21 May 2024
51	System for voltage amplification and dynamic and temperature analysis of heterostructures	21 May 2024
52	Solar dryer for agricultural harvest using hybrid photovoltaic collector	24 May 2024
53	Antenna structure for sub-6 GHz 5g with snowflake-shaped radiator and method thereof	24 May 2024
54	Zeolite imidazolate frameworks (ZIF)-based antimicrobial nanoparticles, a method of preparing the same, and uses thereof	24 May 2024
55	Compression fixture plate device for universal testing machine	27 May 2024
56	System and method for determining breathing patterns of a user	29 May 2024
57	Compression fixture plate device for use with tension testing fixture of universal testing machine	30 May 2024
58	A method for formulation of 3D acellularized cryogel scaffold for wound management	07 June 2024
59	Array antenna structure enhanced for super ultra-wideband spectrum with slotted ground plane	11 June 2024
60	A portable laboratory system and a method of enabling thereof	11 June 2024
61	A dynamic utility box and a method of enabling thereof	11 June 2024

Sl No	Name	Date
62	Torsoscope	13 June 2024
63	Smart multi-compartment modular passage system and method for discharging radioactive wastewater into a sewage	14 June 2024
64	System and method for generating high-resolution images using implicit sampling with iterative refinement technique	14 June 2024
65	A system and method for securing data in resource-constrained computing devices	19 June 2024
66	AI-based cyber security intrusion detection system for data fusion in mobile clouds using deep learning	21 June 2024
67	Automated respiratory biofeedback system for the autonomic nervous system	25 June 2024
68	Lanthanum doped perovskite nanocrystals a composition and method for their preparation of blue light emitting diodes	28 June 2024
69	Wearable bioimpedance system for monitoring fluid	28 June 2024
70	MIP-modified sensor for sensing small molecule contaminants, method for preparation, and application thereof	03 July 2024
71	An apparatus for waste transformation and method thereof	06 July 2024
72	Method for manufacturing covers from coconut leaves and shells	06 July 2024
73	System and method for enabling deep learning-based gemstone categorization	15 July 2024
74	Hexagonal ultrawideband antenna structure for 5G applications	16 July 2024
75	A printable water-based conductive ink composition	16 July 2024
76	Smart read device for object authentication and method thereof	16 July 2024
77	Biodegradable jute composite and process of fabrication thereof	16 July 2024
78	An apparatus for monitoring sanitizer fluids	16 July 2024
79	Biodegradable jute composite and process of fabrication thereof	17 July 2024
80	Method for synthesizing a nanocomposite coating having copper oxide (CuO) nanoparticles	18 July 2024
81	Variable geometry nozzle for unmanned aerial vehicle	27 July 2024
82	Voltage level-incremental device for multilevel inverter and method thereof	03 August 2024
83	Device for detection of diabetes ketoacidosis (DKA) marker in a biological sample and method thereof	05 August 2024
84	Blockchain-integrated system for trusted data sharing in the IoT ecosystem and method thereof	14 August 2024
85	System and method for guiding angulation of an implant	16 August 2024

Sl No	Name	Date
86	Mechanically operated device for assisting users and method thereof	19 August 2024
87	System and method for predicting respiratory illness of users	23 August 2024
88	System and method for predicting respiratory illness of users	23 August 2024
89	Bird species classification system	27 August 2024
90	Antenna structure for sub-sixth generation band enhanced for millimetre-wave communication	27 August 2024
91	Assembly to detect the refractive error in the eye	27 August 2024
92	Areca parcel box	02 September 2024
93	Kit for determination of water pollutants and method thereof	05 September 2024
94	System and method for processing images to detect and analyze cancerous renal mass	05 September 2024
95	Miniaturized ultra-wideband antenna structure for microwave communications	10 September 2024
96	A flexible planner antenna with a defected ground structure for smart wearable IoT devices	12 September 2024
97	System and method for identifying dengue infection from the blood of users	13 September 2024
98	System and method for identifying dengue infection from the blood of users	13 September 2024
99	Automated indoor navigation system and method thereof	13 September 2024
100	System and method for optimizing solutions to complex computational problems using biologically inspired Mod	20 September 2024
101	AI-integrated hydroponic system and method for plant health and nutrient management	20 September 2024
102	A portable and cost-effective hypoxic chamber to monitor cellular metabolic changes	25 September 2024
103	Generative adversarial networks-based automated defect identification system and method thereof	04 October 2024
104	System and method for non-invasive detection of cardiac disorders	07 October 2024
105	Surface-enhanced Raman scattering (SERS) substrate and method of preparation thereof	14 October 2024
106	Integrated autism diagnosis system and method thereof	18 October 2024
107	Iterative imputation system and method for predicting missing environmental, social, and governance (ESG) data	18 October 2024
108	System and method for monitoring emissions from gas turbines	28 October 2024
109	A system and method of an abdominal compression device for radiotherapy treatment	28 October 2024

Sl No	Name	Date
110	Smart environmental monitoring system	01 November 2024
111	A method of electrochemical sensing for the detection of environmental toxic analytes using a composite electrode	02 November 2024
112	AI-powered moving target defense for secure connected and autonomous vehicles against advanced persistent threats	04 November 2024
113	Intelligent brain-computer interface system to operate prosthetic limbs of paralyzed people	09 November 2024
114	Smart solar vegetable dryer machine	09 November 2024
115	Wheelchair delivery robot system and method thereof	13 November 2024
116	Image capturing device for digital Colorimetric analysis in a Microfluidic device	13 November 2024
117	Electrochemical method and electrocatalysts for selective capture of iodide from mixed ion environment and its conversion to iodine inventors	13 November 2024
118	A method for preparation of carbon dot-infused gel polymer electrolyte for supercapacitor	15 November 2024
119	A supercapacitor comprises of activated carbon/graphene electrode and xanthan gum-based gel polymer electrolyte	15 November 2024
120	Advanced udder health monitoring and intervention system and method	15 November 2024
121	An air dehumidifier	17 November 2024
122	Predictive modelling system	26 November 2024
123	Arch-shaped portable gnathodynamometre	28 November 2024
124	Optic fibre sensor for detection of amatoxins	06 December 2024
125	Smart inventory management system with computer vision and natural language and method thereof	07 December 2024
126	Mineral oil-free invisible ink formulation and method of preparation thereof	08 December 2024
127	Upconversion luminophore-infused metal alloy for product authentication and method of preparation thereof	12 December 2024
128	An optimized media for the growth of the hyphal form of *Candida albicans*	18 December 2024
129	ML-based IoT solution for pedestrian safety at crosswalks	20 December 2024
130	Peptide bio-therapeutics as a decoy to inhibit entry of Herpes Simplex Virus	31 December 2024

Details of patents granted:

Sl No	Name	Date
1	A system and method for maintaining the continuous power supply to the local load in the on-line grid-connected solar power systems.	05 January 2024

Sl No	Name	Date
2	Smart apparatus for extraction of active plant constituents for medicinal purposes.	13 January 2024
3	Device for synthesis of chiral pharmaceutical intermediates	16 January 2024
4	Microwave sensor-based soil analyzer	19 January 2024
5	Agatya dainandina chatuvatikegalige (IADLS) sahayavagaballa mobile applications gala tilivu mattu balakeya moulyamapaka	24 January 2024
6	Copper nanoparticle-based disinfectant composition, method of preparation, and uses thereof.	31 January 2024
7	Handy digital precision fluorometre	05 February 2024
8	Automated haematology analyzer	05 February 2024
9	Touch-interfaced portable clinical chemistry analyzer	05 February 2024
10	Multi-terminal immuno analyzer	05 February 2024
11	Portable ventilator for asthmatic conditions	05 February 2024
12	Solar-powered farming soil and water analysing device	09 February 2024
13	A non-isolated multi-port interleaved bipolar bidirectional converter for EV charging in bipolar DC grid	10 February 2024
14	Fraud detection dongle for financial transaction	12 February 2024
15	Remote-controlled portable hybrid injection system	21 February 2024
16	Intelligent digital optical spectrometre	21 February 2024
17	Handy computerized emiction analyzer	21 February 2024
18	Precision electron microscopic detector	21 February 2024
19	Handy enteral nutrition feeding pump	21 February 2024
20	Smart shockwave velocity measurement system based on p (VDF-TRFE) Piezo sensors and Arduino	28 February 2024
21	Dental device	04 March 2024
22	Pantograph suspension system and method for vehicles	05 March 2024
23	Brushless direct current motor-based grinding and mixing appliance	15 March 2024

Sl No	Name	Date
24	Radially symmetric co-axial capacitive differential pressure sensor	15 March 2024
25	Device to measure pr ex by a fluid	19 March 2024
26	Airway device	22 March 2024
27	Heat sink	05 April 2024
28	Spinal vehicle delineator	10 April 2024
29	System and method for light sieve photometry	16 April 2024
30	Soft laryngoscope	18 April 2024
31	Bioinformatics-driven portable computer device for discovering therapeutic	22 April 2024
32	Ein system zur analyse der relevanz von merkmalen und zur reduktion von merkmalen auf dem Microsoft Azure Machine Learning Studio (MAMLS)	24 April 2024
33	Device to determine the level of fluid	26 April 2024
34	Detection of foot complications	30 April 2024
35	Detection of foot complications	30 April 2024
36	A self-terminating and monitoring write circuit	02 May 2024
37	Method for varying properties of Aluminum	27 May 2024
38	Enhancement of direct Methanol fuel cell performance with Nafion proton exchange membrane optimally exposed to ultraviolet rays	30 May 2024
39	Apparatus for targeted drug delivery in Parkinson's disease management	05 June 2024
40	A shopping trolley with an automatic billing system	07 June 2024
41	A high gain fully isolated DC/DC multiport converter to interface multiple sources, loads, and energy storage devices	07 June 2024
42	Medical apparatus utilizing curcumin-based composition for Parkinson's	12 June 2024
43	A smart electronic device for food expiry date management	20 June 2024
44	An eco-friendly interlocking paving block production	20 June 2024
45	Composition for Neuroprotective Therapy in Alzheimer's Disease	26 June 2024

Sl No	Name	Date
46	Balanced evaluation of needs and key advancements	01 July 2024
47	Alloy composition and a method of synthesizing the alloy composition	12 October 2024
48	An automatic light positioning and focusing system	29 October 2024
49	Apparatus for high-efficiency three-phase unity power factor conversion	04 November 2024
50	Dr Soham Dutta-"A smart metre-based fault detection system for modern distribution grid	04 November 2024
51	Smart solar vegetable dryer machine	28 November 2024

Awards/Recognitions:

Institution (including 'The Best Teacher Award' for the year)

Sl No	Name	Details	Date
Administration			
1	MAHE MIT NSS Units I and II receive National Humanitarian Excellence Award 2024	The NSS Units I and II of MIT, a constituent unit of MAHE, have been awarded the prestigious National Humanitarian Excellence Award 2024	15 August 2024
Chemical Engineering			
1	Dr Anoop Kishore V	The Most Admired Teacher Award	01 January 2024

Faculty Members

Sl No	Name	Details	Date
Aeronautical and Automobile Engineering			
1	Dr Anand Pai	Best Researcher Award (Mechanical Stream) 2024	17 April 2024
2	Dr Manish Varun Yadav	Received the Best Paper Award at the International Conference on Data-Processing and Networking (ICDPN-2024). The conference took place from 25th to 26th October 2024 and was organized by the Institute of Technology and Business (VŠTE) in Ceské Budejovice, Czech Republic (Europe).	25 October 2024
Biotechnology			
1	Dr S MD A Fayaz	Received the "Research Excellence Award" at the International Conference on Advances in Research and Development (ICARD 2024) on 27th and 28th January 2024. This conference was organized by the All-India Institute of Training and Education (AIITE) and the International Skill Development Council (ISDC), New Delhi.	28 January 2024

Sl No	Name	Details	Date
2	Dr S Balaji	Board of Studies member	15 April 2024
3	Dr Ravindranath B S	Steroids Journal Reviewer Award	03 May 2024
4	Dr Ravindranath B S	Invited for a special lecture at Karnataka University	18 June 2024
5	Dr Ravindranath B S	Board of exam member	28 June 2024
6	Dr Naresh Kumar Mani	Received the "Research Excellence: Industry Grant for the year 2023" by MAHE, under the Faculty of Science and Technology and Management during MAHE Research Day on 11th November 2024. The award includes a Memento, a Certificate of Appreciation, and a 10,000 INR cash prize.	11 November 2024
Chemical Engineering			
1	Dr S Raja	Received the Best Researcher Award in the Chemical Stream and the Overall Best Researcher Award at MIT for the year 2024.	31 December 2024
2	Dr S Raja	Recognized as a top-cited scholar, ranking among the top 2% worldwide in the field of Biotechnology/Environmental Sciences for the year 2024.	31 December 2024
3	Dr S Raja	Award for Research Excellence Dr S Raja has been honoured with the Award for Significant Contribution to the Achievement of SDG, the Award for Research Excellence, and recognized as the Overall Best Researcher at MIT for the year 2024.	31 December 2024
4	Dr V Ramesh	Top two percentile researchers- Recognized as a top-cited scholar, ranking among the top 2% worldwide in the field of Biotechnology/Environmental Sciences for the year 2024.	31 December 2024
Chemistry			
1	Dr Selva Kumar	Dr TMA Pai's Gold Medal for Outstanding Research Publication was awarded for the paper titled "Formulation of new screen printable PANI and PANI/Graphite based links: Printing and characterization of flexible thermoelectric generators.	17 April 2024
2	Dr Dhanya Sunil	Received Best Researcher Award for Basic Science, on Research Day held at MIT Manipal on 17th April 2024	17 April 2024
3	Dr M P Yashoda	Awarded with Best Paper Award at the International Conference on Innovative Discoveries and Emerging Advancements in Applied Sciences from 18th to 20th April 2024, MAHSA University, Selangor, Malaysia.	18 April 2024

Sl No	Name	Details	Date
4	Dr Dhanya Sunil	Conferred with the title of Fellow of the Royal Society of Chemistry, United Kingdom, in recognition of her achievements in the field of Chemical Sciences.	11 December 2024
5	Dr Dhanya Sunil	Recognized as single year contributor Top 2 percentile researchers-MAHE 2024	31 December 2024
6	Dr Santosh Laxman Gaonkar	Dr TMA Pai's Gold Medal for Outstanding Research Publication was awarded for the paper titled "Biological and chemical properties of 2-in-1 calcium-chelating and antibacterial root canal irrigants".	31 December 2024
Civil Engineering			
1	Dr Anish Kumar Warrier	INSA Travel Grant	07 April 2024
2	Dr Binay Kumar Tripathy	Springer-Nature Award	12 April 2024
3	Dr Anish Kumar Warrier	Member, Board of Examiners in Marine Geology	22 April 2024
4	Mr Jagadeesha H M	Best Paper Award - at the international conference 'Sustainable Infrastructure: Innovation, Opportunities, and Challenges-2024	30 April 2024
5	Dr Jagadeesha B Pai	Board of Studies member in Civil Engineering	08 June 2024
6	Dr Balakrishna S Maddodi	Best Paper Award - ICIRD 2024 - Thailand	08 November 2024
7	Mr Prasanna Kumar M and Mr H M Jagadisha	Best Paper Award - NHCE-ICEMS 2024	12 December 2024
8	Mr Vishnu Unnikrishnan	Best Paper Award - ICHTR 2024	18 December 2024
Data Science and Computer Applications			
1	Dr Dasharathraj K Shetty	Received the Outstanding Leadership Award at the Education 2.0 Conference, which was held on 20 February 2024, at the InterContinental in Dubai Festival City. This award was given in recognition of his contributions to the field of education.	20 February 2024
2	Dr Padmashree G	PhD Awarded "Disguised Face Recognit ion using Deep Representation"	06 May 2024
3	Dr Shavantrevva S B	PhD Awarded "Multi-Person Tracking in Video Surveillance Using Deep Learning"	29 June 2024
4	Anusha, Dr Dasharathraj, Dr Sandeep, Shreepathy, Nikita, and Ruth Samantha	Cultural Authenticity Meets Digital Marketing: The Uses and Gratifications Analysis of Instagram Engagement for Mangalorean Cuisine	08 November 2024
Computer Science and Engineering			
1	Dr Manjunath K N	Shape your skills for a young Radiologist from the European Society of Radiology Vienna	26 February 2024

Sl No	Name	Details	Date
2	Mr Vishwas G Kini	Best Paper Award	10 April 2024
3	Dr Srikanth Prabhu	Best Researcher award (Computer Science stream)	17 April 2024
4	Dr Krishnaraj Chadaga	Best Researcher award (PhD Category, MAHE Research Day, 2024)	17 April 2024
5	Ms Roopashri Shetty, Dr Geetha M, and Dr U Dinesh Acharya	Best Paper Award	18 April 2024
6	Ms Musica Supriya, Dr U Dinesh Acharya, and Dr Ashalatha Nayak	Best Presenter Award	18 April 2024
7	Ms Priya Kamath B, Dr Geetha M, and Dr U Dinesh Acharya	Best Paper Award	19 April 2024
8	Dr Mamatha Balachandra	The worklet offered by Samsung PRISM in 2023 titled 'Development of Security aware Code Assistance' and mentored by Dr Mamtha Balachandra, Professor, Department of Computer Science and Engineering was awarded the "Certificate of Excellence". The worklet was executed by a student team involving Sanjana Ganesh Nayak, B L Siddhartha Bhat, Anirudha Rao, and Ganesh Nayak.	25 April 2024
9	Dr Manjunath K N	Distinguished Alumni Award for Excellence in Technology, Innovation/R&D from JNN College of Engineering Shivamogga	18 May 2024
10	Dr Ahamed Shafeeq	Best Paper Award	11 August 2024
11	Dr Rajesh Mahadeva	Dr Rajesh Mahadeva is recognized as one of the world's top 2% scientists by Stanford University, USA.	19 September 2024
12	Mrs Anjana S	Best Paper Award	28 September 2024
13	Dr P C Siddhalingaswamy	Australia Awards Fellowship	13 December 2024
14	Dr B Neelima	Distinguished Alumnus Award	14 December 2024
Electrical and Electronics Engineering			
1	Ms Prathvi Shenoy	Ms Prathvi Shenoy Assistant Professor, Department of Electrical and Electronics winner of Kanaka Keerthana Gayana Competitions conducted by Mangaluru University.	06 January 2024
2	Dr Savitha G Kini	Dr Savitha G Kini contributed as session chair in 2024, the 13th International Conference on Software and Computer Applications held in Bali Island, Indonesia from 1st to 3rd February 2024.	02 February 2024
3	Dr Vinay Kumar Jadoun	IEEE Mangaluru Subsection organized its flagship event, PhD Scholars Colloquium at	30 March 2024

Sl No	Name	Details	Date
		the National Institute of Technology Karnataka, Surathkal, on Saturday, 30th March 2024. Dr Vinay Kumar Jadoun, Associate Professor in the Department of Electrical and Electronics Engineering, participated in this event as evaluator/session chair to critically evaluate and to give suggestions.	
4	Shwetha V	The poster titled "AI-Driven Flood Risk Forecasting for Disaster Resilience" bagged the first prize in the poster presentation competition with a 2,000/- INR cash prize held on 5th October 2024 on the theme "Empowering the next generation for a resilient future" on International Day for Disaster Risk Reduction at KMC, Manipal. This is the ongoing collaboration project on AI application in flood risk and disaster management of Mrs Shwetha V of the EEE Department with Dr Bala Krishna Maddodi from the Civil Engineering Department.	10 May 2024
5	Mr Vedavyasa Kamath and Ms Suprabha Padiyar U	Mr Vedavyasa Kamath, Assistant Professor Sr Sc, and Ms Suprabha Padiyar U, Asst Prof in the Department of Electrical and Electronics Engineering, received the Best Paper Award for their paper titled “Transfer Learning using Large Vision Models for Indian Coin Classification” at IEEE Mysurucon 2024, the fourth Edition of the flagship International Conference of IEEE Mysuru Subsection in association with the IEEE Bengaluru section, hosted by Vidya Vikas Institute of Engineering and Technology, Mysuru, on 30th and 31st of August.	31 August 2024
6	Mr Vipin V	Mr Vipin V, Assistant Professor, Department of Electrical and Electrical Engineering, received the Best Paper Award (Electrical section) in the 8th IEEE International Conference on Distributed Computing, VLSI, Electrical Circuits and Robotics (2024 IEEE Discover) organized by IEEE Mangaluru Subsection at St Joseph Engineering College, Mangaluru, from 18th to 19th October 2024.	18 October 2024
7	Anandh N	This is to certify that the Paper entitled " Coded Power Transfer for Power Electronic Converter System" authored by Mr Anandh N has been presented at the 11th IEEE International Conference on Power Electronics, Dries and Energy Systems (PEDEC-2024) organized by Electrical and Electronics Engineering at National Institute of Technology Karnataka, Surathkal, India from 18th to 21st December 2024.	20 October 2024

Sl No	Name	Details	Date
Electronics and Communication Engineering			
1	Dr Ujjwal Verma	Appointed as Associate Editor of IEEE Geoscience and Remote Sensing Letters (SCI Journal) on 13th March 2024.	13 March 2024
2	Dr Aparna U	Received Best Paper Award at the fifth International Conference on Data Analytics and Management (ICDAM- 2024) organized by London Metropolitan University, UK	14 June 2024
3	Dr G Subramanya Nayak	Member of BOE, Electronics department, Mangaluru University.	03 July 2024
4	Dr Amit Kumar Goyal	Judge Manipal Hackathon 2024 (round 1): Date 03 October 2024	03 October 2024
5	Dr G Subramanya Nayak	Judge for the Poster Presentation Session, International Symposium for Current Trends in Biomedical Engineering 2024.	08 October 2024
6	Dr Amit Kumar Goyal	Judge Manipal Hackathon 2024 (rounds 2-3): Date 17th and 18th October 2024	17 October 2024
7	Dr G Subramanya Nayak	Reviewer of IEEE-AICECS 2024 Conference.	13 December 2024
Humanities and Management			
1	Dr Giridhar B Kamath	Won the 'Best Paper Award' for the paper titled "Understanding the Dynamics of Social Media Influencers: A System Dynamics Approach" under the category "Marketing" at the seventh International Conference on Green Economy and Sustainable Growth from 22nd and 23rd February 2024 held at MAHE Dubai Campus.	22 February 2024
2	Dr Praveen K Shetty	Kambala-Documentaries received Official Selections for International Film Festivals, Film and Folklore Festival, Trinidad and Tobago	03 March 2024
3	Dr Praveen K Shetty	Bhutaradhane -Documentaries received Official Selections for International Film Festivals: Seventh International Folklore Film Festival 2024, Thrissur, India	01 May 2024
4	Dr Praveen K Shetty	The documentary "Yakshagana- Living Cultures of Tulunadu" produced by the Centre for Intercultural Studies and Dialogue (CISD), MAHE, and directed by Dr Praveen K Shetty, Assistant Professor Selection Grade, Department of Humanities and Management was selected as Semi-Finalist at World Culture Film Festival 2024, Los Angeles.	01 May 2024
5	Dr Praveen K Shetty	Yakshagana- Documentaries received Official Selections for International Film Festivals, World Culture Film Festival, Los Angeles, USA.	15 June 2024

Sl No	Name	Details	Date
6	Dr Praveen K Shetty	Bhutaradhane- Documentaries received Official Selections for International Film Festivals, Culture Cinema Film Festival, Mumbai	14 July 2024
7	Dr Praveen K Shetty	Received Best Documentary Award at Culture Cinema Film Festival, Mumbai under the Social Practice category	14 July 2024
8	Dr Praveen K Shetty	Satyada Siri- Documentaries received Official Selections for International Film Festivals, International Multicultural Film Festival- Australia	19 October 2024
9	Dr Praveen K Shetty	Dennis and his Kambala Buffaloes- Documentaries received Official Selections for International Film Festivals, Chalachitram National Film Festival, Guwahati	27 October 2024
10	Dr Praveen K Shetty	Pilivesha of Tulunadu-Documentaries received Official Selections for International Film Festivals, Tokyo Documentary Film Festival, Tokyo, Japan	05 December 2024
Information and Communication Technology			
1	Dr Manohara Pai M M	Received Dr TMA Pai's endowment chair award	07 January 2024
2	Ms Pooja S	Awarded as Best Research Paper Presentation at the International Conference on Artificial Intelligence and Legal Reasoning (ICAILR-24) Budapest, Hungary	29 May 2024
Instrumentation and Control Engineering			
1	Dr Anjan Gudigar	Appointed as Adjunct Associate Professor at Taylor's University School of Medicine, Malaysia	01 June 2024
Mathematics			
1	Dr Ashwini Bhat	Trusted Reviewer Award granted by IoP Publishing, Bristol, UK	08 February 2024
2	Dr Shobha M E	Invited for a talk show at AIR Mangaluru in recognition of Women in Mathematics Day	12 May 2024
Mechanical and Industrial Engineering			
1	Dr Pavan Hiremath	Awarded the Young Innovator award at the International Conference on Innovative Discoveries and Emerging Advancements in Applied Sciences (iDEAAS-2024) held from 18th to 20th April 2024 at MAHSA University, Malaysia.	19 April 2024
2	Prof Nithesh Naik	Awarded the Young Innovator award at the International Conference on Innovative Discoveries and Emerging Advancements in Applied Sciences (iDEAAS-2024) held from 18th to 20th April 2024 at MAHSA University, Malaysia.	19 April 2024

Sl No	Name	Details	Date
3	Dr Pavan Hiremath and Mr Nithesh Naik	Received "Young Innovator Award", in recognition of demonstrating exceptional creativity, originality, innovation, and pioneering spirit in the field of Engineering Science and Education, at the "International Conference on Innovative Discoveries and Emerging Advancements in Applied Sciences" (iDEAAS-2024) held at MAHSA University, Selangor, Malaysia in April 2024.	19 April 2024
4	Dr Sathya Shankara Sharma	Served as external examiner for the PhD-comprehensive viva voce held at Malnad College of Engineering Hasan on 5th June 2024.	05 June 2024
5	Dr Sathya Shankara Sharma	Served as an external committee member for the BOS/BOE committee for the Mechanical Engineering stream and has attended BOS meetings at NMAMIT, NITTE held on 28th May 2024 and at MITE, Moodabidri held on 8th June 2024.	08 June 2024
6	Dr Kulmani Mehar	Fifth time recognized among the top 2% of scientists worldwide based on Career contribution standardized metrics such as citations and h-index, using data from the Elsevier Scopus database.	17 September 2024
7	Prof Nithesh Naik	Recognized among the top 2% of scientists worldwide based on standardized metrics such as citations and h-index, using data from the Elsevier Scopus database.	17 September 2024
8	Dr Shiva Kumar	Recognized among the top 2% of scientists worldwide based on standardized metrics such as citations and h-index, using data from the Elsevier Scopus database.	17 September 2024
9	Dr Dinesha P	Recognized among the top 2% of scientists worldwide based on standardized metrics such as citations and h-index, using data from the Elsevier Scopus database.	17 September 2024
Mechatronics			
1	Dr Shweta Vincent	Best Research Paper Award for the paper titled "Novel Approaches to Shipyard Layout Management: An Overview" at the first International Conference on Multidisciplinary Approaches for Sustainable Development in Science and Technology (MASDST-2024) held at Manipal University, Jaipur, India	28 March 2024
2	Dr Narendra Khatri	Best Researcher Award in the Electrical Stream during MIT Research Day 2024 for outstanding research contributions made in the calendar year 2023.	17 April 2024
3	Dr Ishwar Bhiradi	Best Research Paper Award at iDEASS 2024, Malaysia.	19 April 2024

Sl No	Name	Details	Date
4	Dr Asha C S	Best Paper Award for the paper titled "Gesture Controlled 6 DoF Manipulator with Custom Gripper for Pick and Place Operation using ROS2 framework" at the 2024 First International Conference on Advances in Modern Age Technologies for Health and Engineering Science (AMATHE 2024) held at PES Institute of Technology and Management, Shivamogga, Karnataka, India.	09 May 2024
5	Dr Asha C S	Best Paper Award for the paper titled "Voice-Controlled Object Pick and Place for Collaborative Robots Employing the ROS2 Framework" at the 2024 First International Conference on Advances in Modern Age Technologies for Health and Engineering Science (AMATHE 2024) held at PES Institute of Technology and Management, Shivamogga, Karnataka, India.	10 May 2024
6	Dr Jeane Marina D'Souza	MAHE Lifeathon 2024 Award (First Prize) was held in June 2024 organized jointly by the Innovation Centre, MAHE, KMC Manipal, and MIT Manipal.	01 June 2024
7	Dr Narendra Khatri	TMA Pai Gold Medel for Outstanding Research Publication for the year 2023 on MIT Annual Day 2024.	26 October 2024
8	Dr Shilpa Suresh	Best Paper Award for the paper titled "Predictive Modelling of Chronic Kidney Disease through Clinical Data Augmentation using Conditional Tabular Generative Adversarial Networks (CTGAN)" at the third International Conference on Innovative Research and Development (ICIRD-2024) held at Shinawatra University, Thailand.	08 November 2024
9	Dr Shilpa Suresh	Best Presenter Award for the paper titled "Predictive Modelling of Chronic Kidney Disease through Clinical Data Augmentation using Conditional Tabular Generative Adversarial Networks (CTGAN)" at the third International Conference on Innovative Research and Development (ICIRD-2024) held at Shinawatra University, Thailand.	11 November 2024
10	Dr Narendra Khatri	Best research paper award and a cash prize of 10,000/- INR for the year 2023 under the faculty of technical Sciences at the MAHE Research Awards Ceremony on 11th November 2024.	11 November 2024
Physics			
1	Dr Raghavendra K G	Physics (Bhoutikam Awards)	03 February 2024

Sl No	Name	Details	Date
2	Dr Sudha Kamath	Exceptional Women Researchers award by ICSSR, Springer Nature- Research Tour 2024, MAHE	17 October 2024

Students

Biomedical Engineering			
1	Mr Ashrith Sagar Yedlapalli	Mr Ashrith Sagar Yedlapalli secured an All-India rank of seven in Biomedical Engineering with a score of 831/1000, and an All-India rank of 1790 in Data Science and AI with a score of 523/1000. He is pursuing his M Tech in Robotics and Autonomous Systems at the Indian Institute of Science (IISc), Bengaluru.	02 April 2024
2	Romina Prithica Cardoza	Romina Prithica Cardoza has passed the Certificate "C" examination in A Grade under the authority of the Ministry of Defence, Government of India	17 April 2024
3	Ms Sharisha Shanbhog M, Research Scholar	Received the Best Poster Award in the poster presentation on her poster entitled "Multi-Modal Assessment of Student's Stress and Sleep Affecting Academic Performance During Emergency Remote Learning using Machine Learning Techniques" during the International Symposium on Current Trends in Biomedical Engineering, dated 10th August 2024, organized by Department of Biomedical Engineering, MIT, Manipal.	10 August 2024
4	Mr Dwane Jospeh Joel	Mr Dwane Jospeh Joel, a BTech Student from the Department of Biomedical Engineering, along with his co-authors Mr Anshuman Sharma, Dr Omkar S Powar, and Dr Mithun Kanchan received the Best Paper Award for their poster presentation titled "Deep Learning Approach for Early Detection and Classification of Skin Lesions" at the ARIIA 2024 Conference.	31 December 2024
5	Ms Anusha Chatterjee	Ms Anusha Chatterjee, B Tech Student from the Department of Biomedical Engineering, along with her co-authors Mr K Sri Parthiv, Dr Mithun Kanchan, and Dr Omkar S Powar, was honoured with the Best Presentation Award at the ARIIA 2024 Conference. They are recognized for their exceptional contribution to science and engineering through their paper titled "Early Alzheimer's Detection: Comparing ResNet50 and EfficientNetB0 on MRI Data".	31 December 2024

Sl No	Name	Details	Date
Biotechnology			
1	Ms Supriya Pandey	Dr TMA Pai PhD Scholar has been selected for the CSIR Fellowship/ Associateship (SRF) for six months.	15 April 2024
2	Ms Ilora Samanta	Seventh semester B Tech student, received Mitacs Globalink Research fellowship 2024 by the Université de Sherbrooke - Sherbrooke, Quebec, Canada. Mentor: Prof Dr Federico Galli (Chemical Engineering Department). Title of project: Modelling a batch reactor for CH4 emission reductions by passive methane oxidation biosystem, achieving residence time of 90 minutes and efficiency of 98% breakdown of 2-5% methane from Montreal landfills.	13 May 2024
3	Ms Aditi Balasubramaniyan	Seventh semester B Tech student, received Mitacs Globalink fellowship 2024 by the University of Quebec, Canada, Trois-Rivieres in the department of chemistry, biochemistry, and physics with Dr Hugo Germain. Title of project: Nucleoporins and viral responses in plants.	20 May 2024
4	Ms Adeela Fathima Saju	Seventh semester B Tech student, completed the summer research fellowship program 2024 at CSIR- Centre for Cellular and Molecular Biology, Hyderabad, India.	20 May 2024
5	Mr Lohit Ramachandra	Mr Lohit Ramachandra received the fellowship. The details are as follows: •Fellowship: DAAD Scholarship •University: Friedrich-Alexander-Universität Erlangen-Nürnberg •Department: Chair of Energy Process Engineering •Professor: Prof Dr Ing Jürgen Karl •Title of the Project: Evaluating the Performance of Pre-Treated Carbon Fibre Brush Electrodes in an Anaerobic Digestion Bio-Electrochemical System (AD-BES)	01 June 2024
6	Ms Anusmita Hait	Fifth semester (three year) B Tech student, was awarded first prize in the oral presentation in the students' seminar on Metallurgical Engineering Behind the Teacher's Desk (BTTD 2024) held at CSIR – National Metallurgical Laboratory (NML) Jamshedpur.	19 June 2024
7	Ms Shreya Sinha	Ms Shreya Sinha made it into the Indian Navy through the Short Service Commission (SSC)- General Service Executive Branch on 07 June 2024. Her achievement is inspiring, she had cleared SSB for Navy Technical entry in the year 2022, but she could not make it through medicals. She did not give up on her dream. Now she will be joining	28 June 2024

Sl No	Name	Details	Date
		the Indian Naval Academy on 28th June 2024 for her training.	
8	Ms S Janani	Seventh semester B Tech student was awarded the best poster presentation award at the International Conference, Symbiot '24 held in MIT, Manipal.	03 July 2024
9	Ms Riya Kedar Ganla	Seventh semester B Tech student was awarded the best poster presentation award at the International Conference, Symbiot '24 held in MIT, Manipal.	03 July 2024
10	Ms Rachana Arvind	TMA Pai research scholar has been selected for the MAHE Deakin Cotutelle PhD Program.	10 July 2024
11	Mr Arnab Mukherjee	Dr TMA Pai Registered Research Scholar was selected for the Bioconductor Instructor training program and underwent the carpentry certification for teaching and organizing data, library, and software carpentry workshops. He completed the program and earned the carpentry instructor badge. He was awarded a travel fellowship to deliver a talk at BioC2024 (Bioconductor Annual Conference 2024).	24 July 2024
12	Ms Swikriti Saket	Ms Swikriti Saket received the "Future Research Talent Award" granted by the Australian National University. She collaborated with Professor Peter Solomon to understand the mechanistic basis of fungal diseases in wheat on 25 July 2024. This award, accompanied by a Future Research Talent Program allows students from top institutes to partake in research with professors from the Australian National University for 12 weeks. As a Future Research Talent Scholar, I was able to collaborate with Professor Peter Solomon to understand the mechanistic basis of fungal diseases in wheat. I also had the opportunity to interact with members of the High Commission of India in Australia.	25 July 2024
13	Ms Riya Kedar Ganla	Seventh semester BTech student completed the summer research fellowship program 2024 at the National Centre for Cell Science, Pune, India.	28 July 2024
14	Mr Tushar Mishra	Final year BTech Biotechnology student, qualified for the GATE examination, AIR-3 in Biotechnology stream with a score of 953 and AIR-20 in Life Sciences stream with a score of 895.	02 October 2024
15	Ms Depanshi Pandit	TMA Pai research scholar has been selected for the MAHE Deakin Cotutelle PhD Program.	28 October 2024

Sl No	Name	Details	Date
Chemical Engineering			
1	Mr Thejas J	Mr Thejas J received Prof PG Krishnamoorthy Memorial prize - M Tech student securing the highest overall CGPA in the graduating batch of 2024.	01 August 2024
2	Mr Gerard Nathan Mathias, Final Year B Tech Student	Mr Gerard Nathan Mathias received the Prof P G Krishnamoorthy Memorial Prize for securing the highest combined total marks in the theory courses, Mass Transfer I and II.	01 August 2024
3	Mr Saksham Mamtani	Mr Saksham Mamtani received Prof P G Krishnamoorthy Memorial prize - B Tech student securing the highest overall CGPA in the graduating batch of 2024.	01 August 2024
Chemistry			
1	Ms Ranjana M, Research Scholar	Honoured with the Best Poster Award at the International Conference on “Advances in Chemical and Applied Sciences for Sustainable Development" (ACASSD-2024) held on 29th and 30th March 2024, at JECRC University, Jaipur, Rajasthan.	29 March 2024
2	Ms Namitha K Research Scholar	Received the award of Kundapur Mohan and Lata Bhandarkar’s merit-cum-means scholarship on 30th April 2024.	30 April 2024
3	Mr Manjunath R, Research Scholar	Received third prize in the poster competition held during the international symposium – Current Trends in Advanced Materials organized by the Department of Chemistry, School of Advanced Sciences, VIT-AP University, Amaravati held from 26th to 31st August 2024.	31 August 2024
Data Science and Computer Applications			
1	Ms Abhigna Mincheri	Received the award of Governor Acharya's for the year 2023-24.	19 March 2024
2	Mr Nishad Khade	Received the award of the Kadambi Scholarship for the year 2023-24.	30 April 2024
3	Mr Mangalam Sontakke	Received Best Paper Award "Transfer Learning Using Large Vision Models for Indian Coin Classification"	31 August 2024
Electrical and Electronics Engineering			
1	Nidhi Ashok	Nidhi Ashok, an IV semester student has achieved second place in the RotorCraft 2024 National Level Multirotor Competition conducted by Aeroclub Nitte at NMAM Institute of Technology, Nitte on 9th and 10th February 2024 winning a cash prize of 50,000 INR.	09 February 2024
2	Urvi Todi and Mr Mohal Sarthak Sahai	Ms Urvi Todi and Mr Mohal Sarthak Sahai students of second year BTech Electrical and Electronics Engineering Department bagged first place in the paper presentation competition at Idea Conclave for Better	13 March 2024

Sl No	Name	Details	Date
		Environment 2024 hosted by MIT, Manipal. The title of the paper is Mapping the Environmental Impact of Trekking and University Activities in the Western Ghats through Analysis of Carbon Footprint.	
3	Mr N Rushikesh Reddy	Mr N Rushikesh Reddy, 200906204, final year BTech student in Electrical and Electronics Engineering, has secured 482 rank with a score of 661 in the Graduate Aptitude Test in Engineering (GATE exam) in the year 2024 under the Electrical stream. Already has been called for an interview at IISC, Bengaluru.	03 July 2024
4	Akash Kumar Nepak	Akash Kumar Nepak was a head, and part of the team of the student project named project AUV Manipal which was able to secure fourth place in the underwater robotics challenge in both AUV and ROV categories held in Khalifa University in Abu Dhabi from 15th to 18th October organized by IEEE Robotics Foundation.	15 October 2024
Electronics and Communication Engineering			
1	Shubham Anand	Shubham Anand was a Resource person for the One-Day Workshop on Game Development, organized by IEEE WIE at B M S College of Engineering, Bengaluru, on 24th April 2024.	24 April 2024
2	Inchara P and Goutham SW Tantri	Received Best Paper Award "Second IEEE International Conference on Data Science and Information System-(ICDSIS-2024) Malnad College of Engineering, Hassan.	17 May 2024
3	Vandana	Received IEEE Best Paper Award 2024 under Healthcare Track (Discover 2024)	18 October 2024
Humanities and Management			
1	Ms Alfiya Sayed	Ms Alfiya Sayed, Dr TMA Pai Research Scholar, won the best paper award for the paper titled “Mindful Shopping by Gen Z: Exploring the Adoption of Augmented Reality in E-Commerce” under the theme “General Management” at the seventh International Conference on Green Economy and Sustainable Growth during 22nd and 23rd February 2024 held at MAHE Dubai Campus.	23 February 2024
2	Mr Vageesh Kelkar	Received the Best Presenter Award for the oral presentation of the research paper titled "Exploring the Impact of Technology and Human-Centric Service Innovation on Customer Experience" at the 12th International Research Symposium in Service Management (IRSSM 2024), held from 6th to 9th August 2024 at the Welcomgroup	09 August 2024

MAHE-NTRO Centre of Excellence in Avionics and Navigation

Address: 2nd Floor, AB1, Department of Aeronautical and Automobile, MIT, Manipal
Phone Number: 0820 2925482/483
Email (Centre): avionics.mu@manipal.edu
Email (Coordinator): kamlesh.kumar@manipal.edu; pallavi.mit@manipal.edu; satish.shenoy@manipal.edu

Year of Establishment of the Centre: 25 January 2016

=>Inception Date 01 February 2016 [Rename by GOI on 17 September 2018]

Name of the Coordinator: Kamlesh Kumar, Dr Pallavi M and Dr Satish Shenoy B

Members: Kamlesh Kumar, Dr Pallavi M and Dr Satish Shenoy B

Brief About the Centre

The **Centre of Excellence in Avionics and Navigation** was established within the **Department of Aeronautical and Automobile Engineering** at **Manipal Institute of Technology (MIT),** with substantial backing from **Manipal Academy of Higher Education (MAHE)** and critical resources from the **Government of India (GoI).** This center is dedicated to fostering research, innovation, and technological advancements in the field of avionics.

With a strong emphasis on **cutting-edge aerospace technologies**, the center has played a pivotal role in the **development, integration, and incubation of advanced avionics systems**. Among its key projects are **Unmanned Aircraft Systems (UAS), Flight Controllers, Communication Systems, and specialized hardware for UAV Avionics**. These initiatives focus on improving UAV capabilities for various applications, including **surveillance, reconnaissance, and disaster management**.

Several of the center's developments have been successfully tested in **real-world scenarios**. Notably, trials have been conducted at **DARC Dehradun**, a significant hub for defense and research testing, and the center's UAV technologies have been deployed in **flood surveillance operations in Coorg**, demonstrating their practical impact. With a vision for continuous growth, the center is committed to pushing the boundaries of avionics research and innovation.

Vision: Continuously build, integrate, and strengthen technological and incubation capacities in the area of Avionics.

Mission:

- To develop technologies and incubation capacities to design, develop, manufacture, and deploy indigenous and customized drones.
- To train a skilled workforce and a critical mass of researchers through continuous and tailored short-term programs and research projects.
- To transmute the centre as an active nodal research centre for Avionics and support national security and development.

Objectives:

- Design, Develop, and Deploy the Drones.
- Development of indigenous avionics systems and software to support the nation.
- Incubate experts from industries, institutions and organizations to support research activities.
- PG Program, Certificate Course, UG Program, Minor Specialization, Training and Capacity Development with the development of Research Facilities.

Activities at the Centre:

Centre monitor and provide the research facility, research and development, training and research publications-conference/journals/patent under following labs are theme of centre progress, activities, and research:

1. Avionics Lab and Avionics System Engineering Lab
2. Automatic Flight Control System Lab
3. Embedded System - Software Safety and Security Lab
4. Antenna Design and Wireless Communication Lab
5. Sensors Data and Handling Lab.

=> Virtual Internship to outside engineering college students [10 students]

=> Facilities access for project execution and laboratory: AeroMIT, MTech

=> Drone Activity for SEVC 2024

Research Activities:

- Student access for research facility-AeroMIT,
- MTech student academic and research,

- Test Rig Design for new academic need and research purpose in future.
- Test Rig Design 01: Electrical, DAQ, Thermal 2.
- Test Rig Design 02: RF, EMI/EMC 3.
- Test Rig Design 03: Multipurpose- Autonomous System capable of computer vision, flight control, Communication, UAV test Rig, Thermal Data
- Autonomous UAV System design using Composite for Fertilizer Spray and Seed bombing [BTech Project completed]
- Engine Driven Generator Design for UAV [BTech Project completed]
- Training MTech Avionics Students, UG Aeronautical for UAV and Robotics System
- Research facilities upgraded its associated labs are:
  - Unitree Quadruped Robot Research.
  - Multi-domain System Simulation Software (SimulationX)- Training completed in 2025
  - STMicroelectronics Embedded Artificial Intelligence, STMicroelectronics Edge and AI Developer, NanoEdge AI- Training completed in 2025
  - Xilinx Vivado ML Enterprise Edition-Software
  - New simulator design and activities under Avionics Lab
  - Upgraded **SIMULIA CST Studio Suite**

Research Publication: 04 [2024] [25 papers and 1 patent from inception.]

Any SDG-related activities:

- Multi-domain System Simulation Software (SimulationX)- Training completed in January 2025.
- STMicroelectronics Embedded Artificial Intelligence, STMicroelectronics Edge and AI Developer, NanoEdge AI- Training completed in January 2025.

Awards and recognition: Completed 2 PhD associated with Centre.

Dr Somshekar Bhat- Joint Director MIT
Dr Kiran Kumar Shetty M, HOD Incharge,
Department of Civil Engineering
Dr Kiran Kamath
Dr Raghavendra Holla
Dr Laxman Kudva
Dr Avinash A.R

Brief about Centre:

The education part of the centre will be imparting advanced skills to research scholars, professional engineers, students, and other stakeholders of the construction industry. The centre aims to facilitate researchers and practising civil engineers with state-of-the-art testing facilities for structural members and construction materials, which will help them deliver quality in construction projects efficiently and reliably. This centre is designed to suit the requirements of all the stakeholders involved in the construction industry, with operational activities like planning, construction, procurement, and logistics planning. This centre aims to provide education to students and research scholars on building components that can resist seismic loads,

wind loads, and dynamic loads using commercially available software such as STAAD, ETABS, COMSOL, and Bentley BIM.

Availability of full-scale testing facility, which includes: Servo UTM – 1200 kN capacity; Loading frame – 2000 kN capacity; Electric furnace – 1200 ºC capacity; CTM – 5000 kN capacity; fatigue testing facility; pre-tensioning platform with jack – 30 tonne capacity; and a dedicated casting yard to accommodate production of modern concretes. The facility also houses the Centre for Excellence Design and Consultancy Cell, Civil Department, MIT, MAHE, which, along with the expertise of the faculty, provides consultancy for various public and private organizations. The facility also provides technical support to conduct field visits to schools and colleges, and provides stability reports, which are mandatory for statutory compliance.

Vision: Identifying funding, and executing programs necessary to advance the precast industry

Mission: Facilitating research into new products more closely tailored to customer needs and local market requirements

Objective:

1. To enrich the curriculum of the civil engineering and architecture program by introducing in-depth modules on offsite and modular construction, drawing from its veritable experience in the field of smart construction.

2. To provide budding engineers with practical know-how about offsite construction–the future of the global infrastructure and construction industry.

Activities at the center:

i) Workshop on Digital Image Correlation – 07 December 2024
ii) International Conference on New Horizons in Civil Engineering (NHCE-2024) "Innovative Civil Engineering Materials & Systems" – 12 December 2024.
iii) One-day workshop on **"Building Resilient Infrastructure – Focus on Earthquake and Fire Safety"**

Research Activities

The following research activities are currently being conducted by students at our centre.
The testing facilities at the Structural Engineering Laboratory were utilised for the research work titled "Investigation of Strength and Shrinkage Properties of No Aggregate Concrete."
Outcome: PhD award.

The testing facilities at the Concrete and Highway Material Testing Laboratory were utilized for the Research work titled "Durability Properties of No Aggregate Concrete Subjected to Aggressive Environments."

Outcome: PhD award
On Going PhD works

1) Production of artificial aggregates using palletization and crushing techniques
2) Use of recycled concrete aggregates in manufacturing sustainable solid masonry concrete blocks
3) Bond strength assessment of alkali-activated material-based concrete under corrosive conditions
4) Symbiotic effects of coffee husk ash incorporated alkali-activated mortar on qualitative, durability, and sustainable characteristics
5) Mechanical, durability, and microstructure properties of self-healing concrete utilizing agro-industrial waste
6) Optimization of mix design for alkali-activated concrete
7) Effect of polypropylene fibres on strength and durability performance of M-sand self-compacting concrete
8) Corrosion of reinforcing bars in RCC structures
9) Synergetic effect of binary, ternary, and quaternary binders on microstructural, mechanical, and durability aspects of EAF aggregate high performance concrete system
10) Properties of alkali-activated masonry units incorporating Linz-Donawitz steel slag aggregates and Mangalore tile waste.

Research Publication:

1. Symbiotic effects of coffee husk ash incorporated ternary AAB system on qualitative, durability and sustainable characteristics.

Any SDG-related activities:

1. Digital image correlation (DIC) is an advanced, non-contact, optical-numerical, full-field surface displacement measurement method. The DIC technique is a simple and reliable method to study materials using easy-to-use optics without heavy surface preparation. It applies to any class of material and is not sensitive to vibration. The DIC technique has a simple working principle and distinct advantages for experimental mechanics. It accurately identifies cracks that may not be visible to the naked eye. The patterns of cracks identified using DIC are generally similar to those obtained from visual examination. A single artificial light source is utilized to attain sufficient image contrast. The Vic-2D software, developed by Correlated Solutions Inc., was used to post-process the captured images.

2. New Horizons in Civil Engineering (NHCE ICEMS-2024)

3. One-day workshop on **"Building Resilient Infrastructure – Focus on Earthquake and Fire Safety"**.

Centre for Marketing Advances

Address: Department of Humanities and Management, MIT, Manipal
Phone Number: 9900397397
Email (Centre): smithanayak.v@manipal.edu

Year of Establishment of the Centre: 2016

Name of the Coordinator: Dr Smitha Nayak

Brief About the Centre:

Vision: To be a Center of excellence in the sphere of knowledge development and knowledge dissemination, within the domain of marketing

Mission: To promote research, training, and consulting in all aspects of Marketing

Objectives:

- To serve as an interface between industry and academia and function for mutual benefit.
- To develop a strong industry linkage to source sponsored projects.
- To identify emerging research issues in the field of marketing and provide focus for such funded research.
- To facilitate knowledge dissemination among practitioners and educators.

Research Activities: Published two papers in Scopus-indexed journals and applied for a SPARC grant in collaboration with Dr Veena Rao, Professor and HoD, Department of Design, Manipal School of Architecture and Planning, and Prof Mariano Ramirez, Senior Lecturer and Director of the UNSW Industrial Design, Sydney, Australia

Research Publication: Published two papers in Scopus-indexed Journals

Center for Engineering Design Consultancy and Skill Development Cell

- Prof Raghavendra Holla

All the faculty members of the Civil Engineering department interested in providing consultancy services.

Brief About the Centre:

Providing design consultancy services in structural engineering and various civil engineering domains. The members of the centre are well-qualified in various domains of civil engineering to provide design and practical solutions under one roof.

Vision:

To excel in civil engineering consultancy and impart skill in civil engineering through teamwork.

Mission:

To undertake civil engineering consultancy and conduct courses in skill development training in civil engineering.

Objective:

1. To provide civil engineering consultancy services in structural, geotechnical, surveying and transportation, construction, project management, and water resource engineering.
2. To identify and provide skill development training through certificate courses for practicing engineers, graduate engineers, working engineers, and final year undergraduate, and postgraduate students.

Activities at the Centre:

To undertake Civil engineering consultancy in the field of structural engineering and geotechnical engineering. Conduct certificate courses in civil engineering courses to meet the industry requirements.
The centre has undertaken work in providing stability certificates for schools and colleges after conducting non-destructive tests on the site and assessing stability.

The centre has also done a peer review of the structural design of the buildings in Mangalore smart city development, Cradle at Cochin shipyard at Udupi and overhead water tanks under the Udupi PWD area.

Brief about Centre:

The Centre for Virtual Reality (CVR) is a collaborative initiative between KMC and MIT, Manipal, aimed at enhancing medical education and surgical planning through advanced 3D reconstruction, animation, and simulation. The center focuses on developing high-fidelity virtual models of soft tissues and organs, enabling realistic visualization for improved learning and precision in surgical procedures. By creating a comprehensive organ and tissue library, the CVR provides an immersive VR-based training environment for medical professionals and students. With a strong emphasis on interdisciplinary collaboration, the center integrates medical imaging, computational modeling and VR technologies to bridge the gap between theoretical learning and practical application, ultimately improving patient care and clinical outcomes.

Vision: To establish a multidisciplinary Centre for Virtual Reality as a collaborative effort of KMC and MIT, Manipal

Mission: To develop a 3D reconstruction, animation, and simulation of body specimens to improve medical education, surgical planning to minimize errors

Objective:

- Process and analyse DICOM data to enhance problem understanding, aiding doctors in presurgical planning within a simulated environment.
- Develop 3D reconstruction and visualization techniques for soft tissues and organs.
- Design and implement virtual models within an immersive Virtual Reality environment.
- Build a comprehensive library of soft tissues and organs for an enhanced learning experience.

Activities at the Centre:

Virtual Reality Simulation & Training

- Develop interactive VR-based training modules for medical students and professionals.
- Simulate surgical procedures using VR to enhance presurgical planning.
- Create customized VR scenarios for medical case studies and emergency response training.

Research Activities:

Research & Development

- Conduct studies on DICOM data processing for improved medical imaging and analysis.
- Develop AI-driven VR models for presurgical planning and diagnosis.
- Innovate real-time 3D reconstruction techniques for soft tissues and organ visualization.

Supported activities:

- Offered PhD proposal titled: "Design and Development of Computer-assisted Model for Surgical Wisdom Tooth Extraction" in collaboration with the Department of Oral and Maxillofacial Surgery, MCODS, Manipal (Ongoing).
- Offered PhD proposal titled: "Implementation of Basic Life Support Training Module in a Health Professional setting using VR" in collaboration with MCHP, Manipal (Ongoing).
- Offered PhD proposal titled: "Computer-Assisted Diagnostic System for the Analysis and Classification of Mild Traumatic Brain Injury using Electroencephalography and Machine Learning" in

collaboration with the Department of Neurosurgery, KMC, Manipal (Ongoing).

- Offered Junior Research Fellowship for proposed title: "Identification of Electroencephalogram (EEG) Biomarkers for Identification and Triage of Mild Head Injury using Machine Learning" (Ongoing).
- Offered Junior Research Fellowship for proposed title: "Application of Machine Learning Methods to Predict Mortality and Mobility in Spontaneous Intracerebral Hemorrhage" (Ongoing).

Any SDG-related activities:

This initiative aligns with multiple Sustainable Development Goals (SDGs) by integrating advanced technology into medical education and healthcare. It enhances surgical planning and accuracy (**SDG 3: Good Health and Well-Being**), reducing errors and improving patient outcomes. By providing an immersive learning environment (**SDG 4: Quality Education**), it improves anatomical understanding and skill development for students and professionals. The use of VR-based tools (**SDG 9: Industry, Innovation, and Infrastructure**) fosters interdisciplinary collaboration between medicine and engineering, advancing 3D reconstruction and simulation technologies for research and training. Strengthening partnerships between KMC and MIT (**SDG 17: Partnerships for the Goals**) promotes knowledge sharing and long-term innovation in medical research. Through these efforts, the initiative contributes to a more efficient and accessible healthcare education system, ultimately improving clinical practice and patient care.

Awards & recognition:

The Immersive Unity VR Contest is an International VR **Competition of Swedish Origin** which was held on a yearly basis

Student team of size 4

MAHE-ISAC Centre of Excellence for Cybersecurity

Address: Near C-wing, MIT Campus, Manipal.
Phone Number: 6362147342
Email Centre: avionics.mu@manipal.edu **Coordinator:** srikanth.prabhu@manipal.edu

Year of Establishment of Centre: 23rd March 2023

Name of the Coordinator: Dr Srikanth Prabhu

Members:

Dr Srikanth Prabhu

Dr Yashwanth N

Dr Vidya Rao

Dr Akshay KC

Brief about Centre:

The MAHE–ISAC Centre of Excellence for Cybersecurity is a dedicated research and innovation hub established to advance cybersecurity practices and solutions in line with global standards. Situated at the Manipal Academy of Higher Education (MAHE), the centre collaborates with Information Sharing and Analysis Centres (ISACs) and industry leaders to address emerging cyber threats; safeguard critical infrastructures; and promote secure, digital ecosystems.

The centre offers state-of-the-art facilities for exploring cybersecurity challenges in areas such as threat intelligence, data protection, and risk management. It provides a platform for interdisciplinary collaboration, combining expertise from academia, industry, and government sectors.

Key activities of the centre include training and capacity building, cybersecurity awareness programs, and the development of advanced tools for threat detection and mitigation. It also aims to foster the growth of skilled cybersecurity professionals through educational programs and internships.

By promoting innovation, enhancing cyber resilience, and building strategic partnerships, the MAHE–ISAC Centre of Excellence for Cybersecurity plays a critical role in strengthening cybersecurity frameworks at local, national, and international levels; contributing to the development of safe, secure, digital spaces.

Vision: To be a leading hub for advancing cybersecurity research, innovation, and education; fostering a secure digital ecosystem globally.

Mission: To collaborate with industry, academia, and government to enhance cybersecurity resilience through cutting-edge research, skill development, and real-world solutions.

Objectives: To empower individuals and organizations by providing world-class cybersecurity solutions, training, and awareness; addressing emerging cyber threats; and promoting digital trust and safety.

Activities at the Centre:

1. Research.
2. Internship and mini projects.
3. Certification courses.
4. Consultancy project.
5. Faculty Training.
6. Bootcamps.

Research Activities: BTech projects with the aim of publication

Research Publication: 01

Any SDG-related activities:

- SDG 9: Industry, Innovation, and Infrastructure

  Goal: Build resilient infrastructure, promote inclusive and sustainable industrialization, and foster innovation. Cybersecurity Relevance: Ensuring the security of digital infrastructure and supporting innovation in cybersecurity solutions are essential to protect data, systems, and critical infrastructure from cyber threats. Cybersecurity is crucial to building trust in the digital economy and enabling safe innovations.

- SDG 4: Quality Education

  Goal: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all. Cybersecurity Relevance: Building awareness of cybersecurity risks and

educating individuals about online safety and digital literacy contribute to more secure digital spaces. Training the next generation of cybersecurity professionals, and encouraging cybersecurity education at all levels, supports this goal.

Centre for Renewable Energy

Address: 1st Floor, Central Analytical and Instrumentation Facility (CAIF)
Phone Number: 6363416711
Email (Coordinator): murthy.dharmapura@manipal.edu

Year of Establishment of the Centre: 2022

Name of the Coordinator: Dr Murthy Dharmapura

Brief About the Centre:

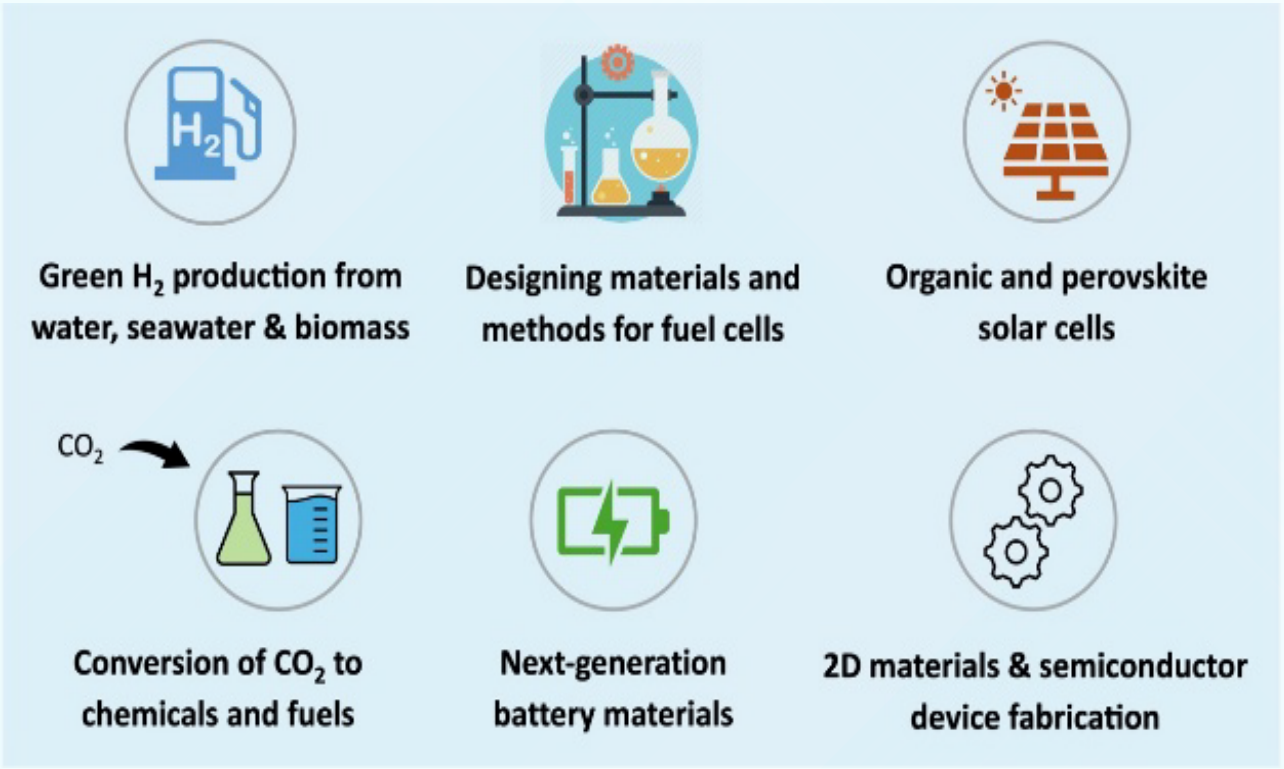
Vision: To make a transition towards sustainability by innovating alternate green energy technology for society and mitigating the negative effects of global warming.

Mission: To support interdisciplinary research activities between different centres/departments of MAHE and between MAHE and industries, in order to expedite innovations in areas related to renewable energy and sustainability.

Objectives:

- To develop materials and methods to reduce the overall cost of green hydrogen production and its utilization.
- To examine the efficiency and factors limiting the performance in alternate Li-free electrode materials for next-generation energy storage devices.
- To design cost-effective and solution-processable semiconductors to fabricate devices (solar cells, sensors, LEDs and detectors).
- To develop materials and catalysts for CCUS (carbon capture, utilization and storage).
- To facilitate interdisciplinary research activities related to renewable energy technology within MAHE and also to train (UG/PG/PhD students and Faculties towards capacity building.

Activities at the Centre:



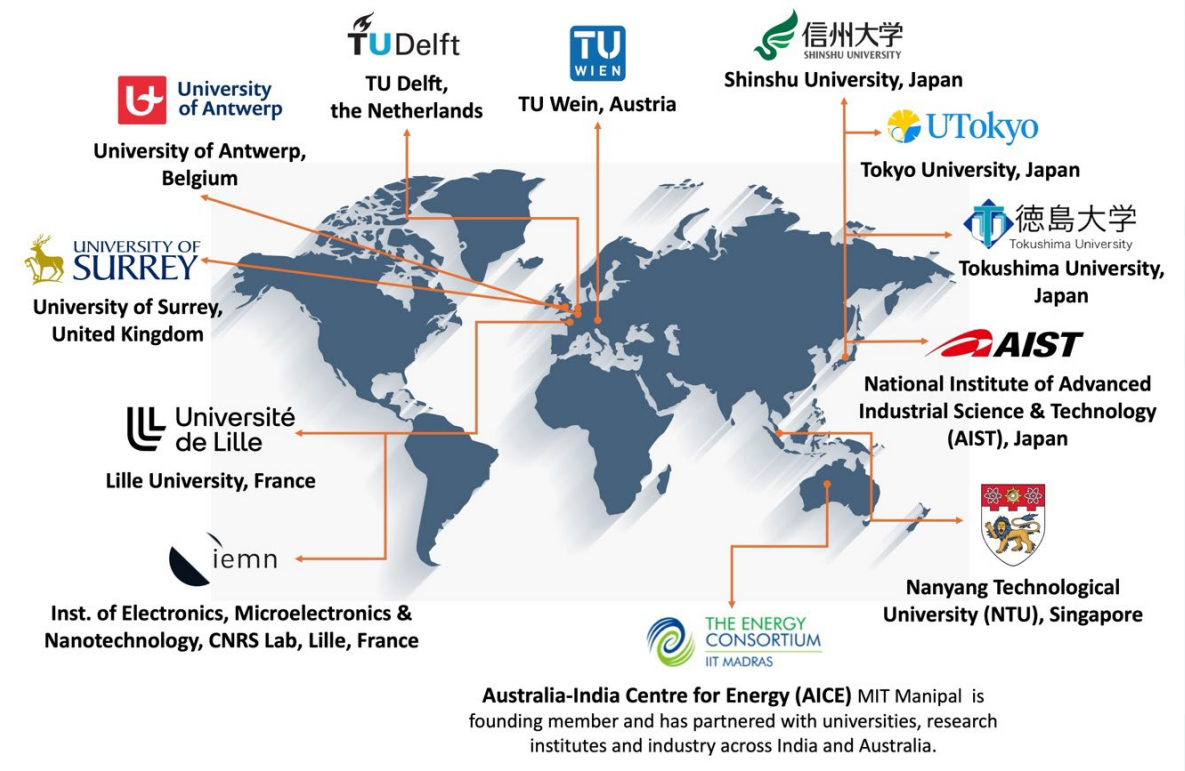
Research Activities

List of research grants applied

- AI-enabled optical sensor of detecting ppm-level hydrogen leak
- Manipal Hydrogen Hub together with MRPL, Mangaluru to MNRE.
- Microwave-based green process and equipment for solar panel recycling to DST

International Collaboration With the Centre

Currently, the centre has ongoing collaboration with all these Universities and has either published a joint research article or applied for bilateral grant or exchange of researchers between them.



Research Publications:

(only major international peer-reviewed publications are mentioned here)

- Oxygen Vacancies and Ti3+ In-Gap Defects Dictate Photocatalytic H2 Generation in BaTiO3 *ACS Applied Energy Materials, 2024*
- "Unveiling Valence State-Dependent Photocatalytic Water Splitting Activity and Photocathodic Behavior in Visible Light-Active Iridium-Doped BaTiO3." *ACS Applied Materials & Interfaces, 2024*

Patent published:

"Electrochemical method and electrocatalyst system for selective capture and conversion of iodide to iodine" as a inventor, Application No.202441103742

Any SDG-related activities:

- On 14th May 2024, Nano Jatha event was organised by the Department of Chemistry and Centre for Renewable Energy at MIT Manipal. This event was supported by KSTePS, Government of Karnataka in association with institutes like CeNS, IISC, JNCASR etc mentored by Bharat Rathna Prof CNR Rao. 175 UG students across Mangaluru/Udupi regions witnessed exciting demo and live scientific experiments on cutting-edge discoveries related to nano science and technology.
- On the occasion of World Hydrogen Day, the Centre for Renewable Energy and Department of Chemistry organized a guest lecture by Dr Sharad Lande, Assistant Vice President at Reliance Industries Ltd, Corporate Research and Technology Office, Mumbai, on 8 October 2024.
- On 12 August 2024, the Department of Chemistry organized a guest lecture and workshop on "Academic Writing and Technical Communication," delivered by Dr Regina J. Hoffmann, Senior Lecturer at The Institute for Languages and Academic Skills, Delft University of Technology (TU Delft), the Netherlands.

List of ongoing projects/ research grants:

Sl. No.	Title	Funding Agency	Name of the PI	Amount	Date
1	Integrated Clean Energy Material Acceleration Platform (IC-MAP) on Bioenergy and H_2	Department of Science & Technology (DST)	Dr. Murthy Dharmapura	1.25 Cr	March 2022 to March 2026

Centre for Outdoor Studies

Address: MIT Manipal
Phone Number: 7349136833
Centre Email: cos.mit@manipal.edu Coordinator: nayak.ganesh@manipal.edu

Year of Establishment of the Centre: November 2022
Name of the Coordinator: Ganesh Nayak

Brief About the Centre:

Vision: To be recognized as pioneers in outdoor education in India by leveraging our natural heritage, interdisciplinary research capabilities, and a dynamic population of students.

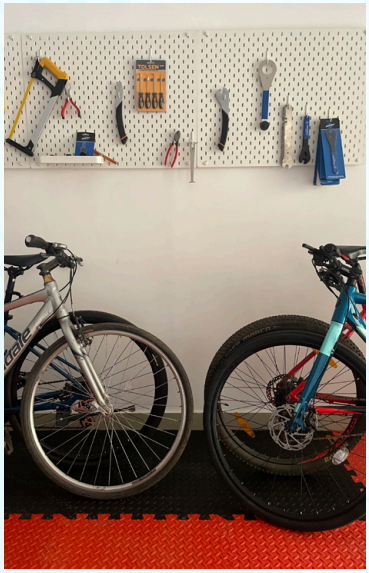
Mission: To enable positive outdoor experiences for young adults by responsibly providing opportunities in the wild to engage, evolve, and embrace change.

Activities at the Centre:

Certificate Course in Outdoor Leadership January 2024, Sikkim Bicycle Tour 2024;

Awards and recognition: Shortlisted for official screening at the South Asia Cycles Conference, organized by the University of Chicago and IIT Delhi

Photo gallery



Centre for Microfluidics, Biomarkers, Photoceutics & Sensors

Address: Academic Block 2, Manipal Institute of Technology, Manipal
Coordinator Email: naresh.mani@manipal.edu

Year of Establishment of Centre: 2023
Name of the Coordinator: Dr Naresh Kumar Mani, Associate Professor, Biotechnology, MIT
Joint-Coordinators: Dr Praveen Kumar, Assistant – Selection, Biotechnology, MIT
Dr Vijendra Prabhu, Assistant – Selection, Biotechnology, MIT
Dr A S Bharath Prasad, Assistant Professor, MSLS
Dr M Mukhyaprana Prabhu, Professor, Medicine, KMC Manipal
Dr Raghavendra Upadhya, Assistant Professor, MCBR

Brief about Centre's:
Vision: To be a leader in advancing microfluidic technologies, biomarker discovery, and photoceutic innovations, revolutionizing healthcare diagnostics and therapeutics for a healthier future through interdisciplinary collaboration.

Mission: Drive cutting-edge research in microfluidics, biomarkers, and photoceutics to develop innovative, cost-effective, and accessible solutions for real-world problems. Through interdisciplinary collaboration, state-of-the-art facilities, and translational research, we aim to bridge the gap between scientific discoveries and real-world applications.

Objective: To integrate technology with healthcare, environmental, and food safety, offering a cost-effective solution in the form of an affordable, sensitive, specific, user-friendly, rapid, robust, and equipment-free prototype for the detection of analytes (biomarkers, pollutants, etc.) and pathogens, which is deliverable to end users in resource-constrained settings.

Activities at the centre:
Visit of **Dr Pamela** and her team in February
Agenda: During this visit, Dr Pamela and her team conducted an SSX India workshop and interacted with students and research scholars. Our faculty team also discussed potential collaborative work with the team.

Visit of **Dr Sergii Rudiuk**, Department of Chemistry, Ecole Normale Superieure, France in February
Agenda: During his visit, Dr Sergii Ruduik, from the Department of Chemistry, Ecole Normale Superieure, France, engaged in insightful conversations and was involved in discussions of prospective projects with our team.

Visit of **Dr Sathya** and team from Syngene and Sai Life Sciences in February
Agenda: During their visit, our faculty team briefed the guests about the research and academic initiatives of our centre; they also discussed the possibility of collaborations.

Visit of **Dr Raja Chinnappan** from Alfaisal University, Saudi Arabia in March
Agenda: Dr Raja Chinnappan, faculty from the Department of Biochemistry and Molecular Medicine, Alfaisal University, Saudi Arabia, visited us and delivered a talk on "In-vitro selection of aptamers and their clinical applications." Our faculty team also discussed the possibility of research collaboration and joint publications.

Visit of **Shri Harinarayan Sharma**, CEO Manipal Foundation and Senior Vice President, MEMG International Ltd. in April
Agenda: Shri Harinarayan Sharma interacted with our faculty to facilitate joint projects. He was also involved in enlightening conversations with our junior team, leaving them inspired.

Visit **of Shri Harish Shah and Smt. Bina Shah**
Agenda: Shri Harish Shah and Smt Bina Shah interacted with the students and research team, motivating them to take up research projects.

Visit of **Dr K Ramnarayan**, Pro-Chancellor, Sikkim Manipal University (SMU) in July
Agenda: Dr K Ramnarayan, Pro-Chancellor of Sikkim Manipal University, visited our centre in July 2024 and discussed with the team the possibility of future collaborations and joint publications.

Visit of **Dr Shirley Lewis Salins and Dr Umesh Velu** from the Department of Radiotherapy Oncology, KMC, Manipal in July

Agenda: The faculty team briefed Dr Shirley Lewis Salins and Dr Umesh Velu about the research and academic initiatives of the centre. The guests also interacted with the students and motivated them to take up individual research projects.

Visit of **Dr Shivali Sharma**, Senior Specialist, Crop Trust, and Dr Rajan Sharma, International Crops Research Institute for the Semi-arid Tropics, Telangana
Agenda: Our faculty team interacted with guests Dr Shivali Sharma and Dr Rajan Sharma and discussed future collaborations and joint patents with the International Crops Research Institute for the Semi-arid Tropics, Telangana.

Visit of **Shri Raghu Dharmaraju**, CEO, ARTPARK, IISc
Agenda: Shri Raghu Dharmaraju, CEO, ARTPARK, IISc, visited our centre in September 2024 and interacted with the students and research team. Discussions about future collaborations were also held.

Visit of **Delegates from Japan** in September
Agenda: Delegates from Japan visited our centre in September 2024 and many enlightening conversations were held. Future collaborations and publications were also discussed with the research team.

Visit of **Dr Manjunath S**, Diagnostics and Genomics Senior FAS, Cytiva in October
Agenda: The research team briefed Dr Manjunath S on the research and academic initiatives of the centre. He interacted with the students and motivated them to pursue research projects. Discussions on collaborations with Cytiva were also held.

Visit of **Dr Pallab Sinha Mahapatra**, IIT Madras in October
Agenda: Dr Pallab Sinha Mahapatra of the Department of Mechanical Engineering, IIT Madras, visited our centre in October 2024. He engaged in interactions with the students and discussed possible collaborations with the Micro Nano Biofluidics Unit at IIT Madras.

Visit of **Dr Ashith** M. V., Manipal College of Dental Sciences, Mangalore in December
Agenda: Dr Ashith M V of Manipal College of Dental Sciences, Mangalore, visited our centre in December 2024. Our faculty team discussed the research and academic initiatives of the centre and possible future collaborations with Dr Ashith.

Launch of Innotech Manipal
In July 2024, our centre launched Innotech Manipal—a student-driven research initiative, uniquely designed to give students the power to explore, create, and publish their own interdisciplinary projects. As part of this initiative, we have already published two publications.

Abroad visit:

- **Dr Naresh Kumar Mani** served as a PhD jury at ENS Paris and also discussed with Dr Sergii and Prof Damien future projects and research collaborations.
- **Dr Naresh Kumar Mani** also visited Miyazaki University, Japan, in November 2024. He interacted with Prof Katsuragi and JST Advisor Prof Nishikawa in Tokyo.

Research Publications:

1. "A hypothetical approach to concentrate microorganisms from Human Urine Samples Using Paper-Based Adsorbents for Point-of-Care Molecular Assays" published in Life.
2. "Smart Bags and Smartphone for the On-The-Spot Detection of Bleached Garlic" published in Food Analytical Methods
3. "Thread-powered cell lysis and isotachophoresis: unlocking microbial DNA for diverse molecular applications" published in World Journal of Microbiology and Biotechnology
4. "3D Pen with cotton cartridge for on-site detection of Malachite Green Dye coating on Okra" published in Journal of Food Composition and Analysis
5. "Biosensing of Alpha-Fetoprotein: A Key Direction toward the Early Detection and Management of Hepatocellular Carcinoma" published in Biosensors.
6. "Emerging role of exosomal microRNA in liver cancer in the era of precision medicine; potential and challenges" in Frontiers Molecular Biosciences
7. "Recent Advances in Biosensor Technology for Early-Stage Detection of Hepatocellular Carcinoma-Specific Biomarkers: An Overview" in Diagnostics
8. "Churning-Motion-Assisted Bubble Removal: A Low-Cost Approach for Enhancing PDMS Mixture Quality" published in ACS Omega
9. "A wax chalk and self-heating paper-based analytical device (SH-PAD) for the detection of bisphenol A" published in RSC Analytical Methods
10. "Advancements in Microfluidic Platforms for Glioblastoma Research"
11. "Wearable threads for monitoring sanitizer quality using dye displacement assay" published in RSC Advances
12. "Targeted delivery of nanomedicines to glioblastoma: Overcoming the clinical barrier" published in Journal of Drug Delivery Science and Technology

13. "Photobiomodulation therapy for mitigating severity of radiodermatitis in cancer patients undergoing immunotherapy: a scoping review" published in Supportive Care in Cancer.
14. "Advancements in seawater immersion wound management: Current treatments and innovations" published in International Wound Journal.

Patents filed:

1. Process facilitating Signal Enhancement in Molecular Assays
   Naresh Kumar Mani*, Dr Praveen Kumar, Dr Vijendra Prabhu, Dr Anusha Prabhu
   Patent filed at Indian Patent Office (Filing no: 202341014979), date 29/04/2024
2. Paper Analytical Device for Detecting Chicory Adulteration, Method of Developing the Same, and Uses Thereof. Naresh Kumar Mani*, Dr Balachandar Sundarrajan, Dr Anusha Prabhu, Dr Thangaraju Dheivasigamani. Patent filed at Indian Patent Office (Filing no: 202441033933)
3. An Apparatus for Monitoring Quality of Sanitizer Fluids,
   Patent filed to Indian Patent Office,
   Filing date: 16 July 2024
   Filing No. 202441054421

Any SDG-related activities:

The work done at our centre aligns with Sustainable Development Goals: 3. Good Health and Well-Being, 9. Industry Innovation and Infrastructure, and 17. Partnerships for the Goals.

Awards & recognition:

- Dr Naresh Kumar Mani received 25,000 INR cash prize from VGST, Government of Karnataka under Award for Outstanding Research Publications (AORP) in January 2024.
- Dr Naresh Kumar Mani received MAHE Research Award under Industry category in November 2024.
- In MAHE Research Day, our centre grabbed the "Best stall" under Enrich section.

List of ongoing projects/ research grants:

Sl No	Title	Funding Agency	Name of the PI	Amount	Date
1.	Development of Hygiene Products	Reckitt Benckiser	Dr Naresh Kumar Mani	1.03 Crores	
2.	Modulating Inflammation by Photoceutical Approach - Implications in Delayed Wound Repair		Dr Vijendra Prabhu, Dr Praveen Kumar	29.16 Lakhs	
3.	Label-freeAGEs fingerprinting in diabatic serum proteomea clinical study		Dr Vijendra Prabhu	38.04 Lakhs	
4.	Development of Novel EV-based Therapeutic Strategies for the Treatment of Inherited Krabbe Disease, a Type of Lysosomal Storage Disease	ICMR-SG	Dr Raghavendra Upadaya	₹ 48.99 Lakhs	2024-2027

Centre for Creative and Cultural Studies (CCCS)

Address: Humanities and Management Department, MIT
Phone Number: 9880168485
Email (Coordinator): unni.krishnan@manipal.edu

Year of Establishment of the Centre: 01 February 2016

Name of the Coordinator: Dr Unni Krishnan Karikkat

Brief About the Centre:

Vision:
To be established as a specialized Centre for Creative and Cultural Studies

Mission:
To achieve excellence in the specialization of cultural and creative studies

Objective:
To promote projects, courses, and awareness focused on creative studies through a dedicated PhD Centre.

Activities at the Centre:
Open electives are offered by the Centre to all institutions of MAHE (Introduction to Art Appreciation: Culture and Creativity; Creative Communication: Art, Media, Culture and Ideas; Leadership, Sustainability and Innovation)

Alignment with UN Sustainable Development Goals (SDGs)

Research Activities:
Dedicated PhD Centre with 4 candidates and projects.

Research Publications:
2 Scopus indexed papers and 2 international publications.
A book on 'Culture and Creativity' published by MUP.

Any SDG-related activities:
Fellowship and Research achievements of the Centre

The Centre, with active PhD scholars, has been contributing towards research in the interdisciplinary areas of creative and cultural studies. One of the scholars, Ashitha, a full-time PhD scholar at the Centre for Creative and Cultural Studies (CCCS) is working on "(Un)Queering Childhood and Adolescence: Interrogating Heteronormativity, Spatiality, and Disidentifications Through Personal Narratives". In 2024, Ashitha, a former Dr T M A Pai Fellow, was awarded the ICSSR Doctoral Fellowship by the Indian Council of Social Science Research (ICSSR), Ministry of Education. Previously, the ICSSR had also supported her research by granting an international travel award, enabling her to present her research at the Radcliffe Department of Humanities, University of Oxford.

Research Publications
During the past year, Ashitha published her second research article, "The Boy in the Cupboard": Children in Indian Comics and Their Subversion of Heteronormative Interpellation," in the Journal of Graphic Novels and Comics, a Scopus Q1 top-10% journal by Taylor & Francis. Her third research article, "From Silence to Canvas: The Role of Artivism in Transforming Gender and Sexuality Norms," appeared in Sexuality & Culture, a Scopus Q1 top-10% journal by Springer Nature. Other co-authored projects with her supervisor, Dr Unni Krishnan K, are under review in other leading journals.

Alignment with UN Sustainable Development Goals (SDGs)

Outreach, Awareness Campaigns, and Community Engagements of the Centre:
Apart from regular activities of the Centre such as open electives, conference presentations, and culture literacy awareness programs, PhD scholars have taken initiatives in community engagement. Wilma Serrao, a PhD scholar of the Centre for Creative and Cultural Studies CCCS, Humanities and Management Department, MIT, MAHE Manipal, ," is currently an Assistant Professor at Manipal Academy of Higher

Education-Dubai. Her PhD research "A Study on the Service of Indian FM Radio Stations in the UAE for the Indian Diaspora" focuses on media and culture. Her engagement with Indian diaspora organizations and participation in media-related initiatives in the UAE provide her with unique insights into how Indian FM radio services foster cultural and social integration.

Wilma completed a prestigious fellowship at Deakin University, facilitated by the Australia India Institute and the University of Melbourne. Her research examined the role of Indian radio in promoting diaspora cohesion and cultural representation in Melbourne. The findings were later presented at MAHE-Dubai, offering valuable comparative insights into how radio services support diaspora communities in different global contexts.

Podcast Initiative by Wilma: WeTube.
WeTube, a podcast series featuring prominent radio personalities in the UAE was launched in March 2024. This initiative explores trends, technological advancements, and audience engagement strategies employed by Indian FM radio stations. The podcast has become a vital component of her research, providing firsthand perspectives on how radio influences cultural and social interactions within the diaspora. It also serves as an educational tool for students and practitioners interested in understanding the evolving dynamics of media consumption in multicultural societies.

Alignment with UN Sustainable Development Goals (SDGs)

Awards and Recognition:

- ICSSR Doctoral Fellowship by the Indian Council of Social Science Research (ICSSR)
- Fellowship at Deakin University, facilitated by the Australia India Institute and the University of Melbourne (AIRSF)

Indo-German Centre for Applied Research and Academic Research (INGAR)

Address: Department of Humanities and Management, MIT, Manipal

Phone Number: 9900397397

Email Centre: smithanayak.v@manipal.edu

Year of Establishment of Centre: 2017

Name of the Coordinator: Dr Smitha Nayak

Brief About the Centre:

Mission: To promote academic and research cooperation between partners.

Objectives:

1. To strengthen cooperation in all areas of teaching and research.
2. To share international best practices to foster high-impact research through international partnerships.
3. To explore funded joint educational events and research-related projects.
4. To provide a high-quality international educational experience to students through exchange programs, dual degree programs, and summer schools.

Research Activities:

Proposed a Summer School at MAHE to be offered in July 2024.

Intellectual Property & Technology Transfer Office

Address: Manipal Academy of Higher Education (MAHE), Madhav Nagar, Tiger Circle.
Phone Number: 8745941213
Email (Centre): techtransfer.mu@manipal.edu **Coordinator:** Varadharajan.s@manipal.edu

Year of Establishment of the Centre: 2015
Name of the Coordinator: Dr S Varadharajan
Members: Dr B S Satish Rao, Dr S Varadharajan, Ms Akshatha

Brief About the Centre:

Vision: To improve the potential for commercializing research conducted within the MAHE system

Mission: To support the commercialization of research generated after assessing market potential, including the potential for securing various forms of intellectual property, within MAHE, by coordinating with researchers from health sciences, technology, management, and other research disciplines.

Objectives:

- To support researchers in acquiring various forms of intellectual property.
- To coordinate with researchers in identifying research with potential for commercialization.
- To sensitize and create awareness among various stakeholders regarding Intellectual Property and importance of technology transfer.
- To facilitate licensing/knowhow through technology transfer.

Activities at the Centre:

The following list of activities were conducted by Technology Transfer office from January to December 2024

SL No	Detail of Awareness Activity conducted	Institution	Date
1	Intellectual Property Rights.	ICHTR Conference	18 December 2024
2	Patent Drafting and Filing	MSLS	15 February 2024
3	Intellectual Property Rights	WGSHAW	20 February 2024
4	Patent Drafting workshop.	MCBR	08 May 2024
5	Intellectual Property Rights: An overview	MIV	03 July 2024
6	Creation of IPs	MIT	01 August 2024
7	Patent Awareness and Drafting workshop for research scholars	CDS	28 August 2024
8	Intellectual Property Rights	PSPH	26 September 2024

Patent Drafting Workshop at MCHP, Manipal

Centre for Cryptography

Address: MIT Department of Computer Science and Engineering
Phone Number: 0820 2924514
Email (Coordinator): kv.bhat@manipal.edu

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr Vivekananda Bhat K
Brief About the Centre:
Vision: To achieve excellence in crypto research work with quality research output
Mission: Continuously working towards advancing cryptography research
Objective: Teaching and Research in cryptography and quantum machine learing
Activities at the Centre: Teaching and Research
Research Activities: Blockchain technology and quantum machine learning
Research Publication: One

VGST-Centre of Excellence of Engineering

Address: VGST-Centre of Excellence of Engineering,
Department of Chemical Engineering (Old Chemical Engineering block)
Phone Number: 0820-2924314/+919740730126
Email (Coordinator): shan.priya@manipal.edu

Year of Establishment of the Centre: 2023

Name of the Coordinator: Dr S Shanmuga Priya

Members:

1. Ramyashree M S- Research Scholar
2. Thillai Lakshmi- Research Scholar
3. Mavin Jason Pinto- Research Scholar
4. Darshan D Chalawadi – Research scholar
5. Noel Abraham Thomas- PG student
6. Dilip Rao – UG student
7. Radhika Krishna- UG student
8. Dona Aristo- UG student
9. Santusti Gour- UG student
10. Mahika Pramodh- UG student

Brief About the Centre:

Vision:

To establish innovative research in advancements of science and technology, addresses global challenges, such as CO_2 emission and environmental pollution, and green-house gases, mainly focuses on CO_2 reduction using solar light and on interdisciplinary collaboration for societal betterment.

Mission:

To create an environment for research on photocatalytic reduction of CO_2 for value-added fuel production using green synthesized nanocomposites which will help students excel in research, technology development, and skill enhancement by integrating academic excellence and instrumentation.

Objectives:

1. To drive research in domains such as photocatalysis, methanol production, etc., and generate transformative solutions.
2. To train and mentor researchers, students, and professionals, equipping them with advanced skills and knowledge.
3. To focus on research and innovation aligned with sustainable development goals (SDGs) to create a positive impact on the environment and society.
4. To bridge the gap between laboratory discoveries and real-world applications through the commercialization of innovative technologies.

Activities at the Centre:

1. Discovery and development of different synthesis techniques and advanced characterization methods for various nanocomposites.
2. Utilizing light energy for the sustainable production of solar fuels.
3. Designing and fabricating innovative reactor set-ups to enhance photocatalytic activity.
4. Conducting modelling studies and analyzing the kinetics of photocatalytic processes for improved efficiency.

Research Activities:

1. Green and chemical synthesis of nanocomposites
2. CO_2 conversion to solar fuels using photocatalysis
3. CO_2 capture and conversion

Research Publication:

Journals

MAHE-ARK Centre for Excellence in Interdisciplinary Cyber Physical System

Address: Department of Instrumentation and Control Engineering, MIT Manipal
Phone Number: +919880817144
Email (Coordinator): santhosh.kv@manipal.edu

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr Santhosh K V

Brief About the Centre:

Vision:
To establish Cyber-Physical Systems Hub, specially designed and created to focus on the fields of interdisciplinary research and teaching by integrating embedded systems, networking and communication, sensors, real-time systems, and control as well as domain-specific knowledge to realize and solve global grand engineering challenges.

Mission:
Foster curiosity, creativity, and imagination to inculcate skills such as Design Thinking, Algorithm Engineering, computational thinking, adaptive learning, physical computing.

Objectives:

- To provide a certification program in CLAD, CLD in association with NI India Ltd.
- To enhance the publication quantity and quality with academic corporate collaboration.
- To provide internships and training to undergraduate and postgraduate students.
- To establish a test rig facility for CPS components with three years of establishment.

Activities at the Centre:
Research, industry collaboration, and training

Research Activities:
Sensor design and calibration, next-gen communication, AR/VR environment design, smart transport system design

Research Publication: 31

Centre for Climate Studies

Address: Manipal Academy of Higher Education
Email (Coordinator): anish.warrier@manipal.edu, dhanasree.j@manipal.edu

Year of Establishment of the Centre: May 2018
Name of the Coordinator: Dr Anish Kumar Warrier (MAHE-MIT)
Name of the Co-coordinator: Dr Dhanasree Jayaram (MAHE-DGIR)

Brief About the Centre:
Vision:
To carry out high-resolution studies on past and modern climate and to build region-specific models.

Objectives:

- To generate new data on the spatial and temporal climate variability of the Indian subcontinent.
- To develop infrastructural facilities for climate change research about observational, experimental, analytical, and modelling studies as well as use them to impart training and develop human resources in climate sciences.
- To research the socio-economic, political, and security implications of climate change in India.
- To build knowledge on the science-policy interface through co-production using multidisciplinary methodology, aligned with India's National Mission on Strategic Knowledge for Climate Change for multi-scale climate governance.
- To spread the knowledge of climate change to the common man and to make policymakers aware of the principal issues about climate change by organizing seminars/workshops/exhibitions and generating policy-relevant reports/briefs.
- To provide inputs for India's climate diplomacy at regional, bilateral, and multilateral levels by identifying entry points for cooperation with the foreign policy stakeholders.

Activities at the Centre:

1. Organized a guest talk by Dr Rajeev Saraswat, Senior Principal Scientist, CSIR-National Institute of Oceanography, Goa, who delivered a lecture on "Microfossils as Earth's Paleothermometer" on 8th August 2024, at the Manipal Institute of Technology, Manipal.

2. **International Conference on India, EU and Just Energy Transitions: Strengthening Climate Diplomacy for Sustainable Futures**

   MAHE jointly organized an international conference on "India, EU, and Just Energy Transitions" with Friedrich-Ebert-Stifung (FES), India Office at Dr TMA Pai Auditorium, from 29th to 30 August 2024. The conference focussed on India-EU climate cooperation and avenues of cooperation on just energy transitions, the state of climate diplomacy initiatives between India and the EU and challenges, financial and technological imperatives of just energy transitions, as well as the need for knowledge exchange and citizen engagement to achieve climate and clean energy targets.

Research Activities:

Dr Anish Kumar Warrier participated in the 44th Indian Scientific Expedition to Antarctica from 16th October to 13 December 2024. Dr Warrier was a member of a project named "STAPLES", which is an international project consisting of scientists from India, Belgium, Japan, and the United Kingdom. During the expedition, the team collected sediment cores from the lakes of Larsemann Hills in East Antarctica. The group aims to reconstruct long-term climate change in the region, which will help in further bolstering the climate models for future prediction.

Centre of Excellence for Smart Coastal Sustainability

Address: Department of Civil Engineering, MIT, Manipal
Phone Number: 9448502589
Email (Coordinator): k.balakrishna@manipal.edu

Year of Establishment of the Centre: 2024

Name of the Coordinator: Dr K Balakrishna

Members: There are 31 Co-coordinators in this Centre

Brief About the Centre:

Vision: A developed coastal India that makes use of its resources sustainably

Mission: Address the problems faced by the coastal population and encash on the opportunities available for the development of coastal community

Objective: To take up research projects that develop coastal towns and cities of India into clean, green, sustainable, resilient, economically vibrant, and socially inclusive habitats.

Activities at the Centre:

i. Talk by Dr D V Reddy on "Geology and Geotechnical Investigations for Major Civil Engineering Projects" on 09 March 2024 at the Department of Civil Engineering, MIT Manipal (picture)

ii. Talks on i) "Geothermal Waters and Reservoir Temperatures: Examples of Thermal Spring Waters from Mexico and India" and ii) "Mineral and Chemical Geothermometers" were organized on 11 September 2024 in the KEF Auditorium, KEF block, MIT Manipal. Dr Pandarinath Kailasa, Scientist, Instituto de Energías Renovables, addressed the students of MSc Geology, research scholars, and faculty. The online talks, hosted on MS Teams, were projected on the screen at the KEF auditorium at MIT

iii. Talk by Swami Atmashriddhananda, Head of the Ramakrishna Mission Ashrama, Kanpur, was organized on 12 September 2024 at Sir M V Hall, MIT. He delivered a lecture titled "Overcoming Stress- The Vivekananda Way" to the students, faculty, and staff of the MIT at Manipal (picture) *(Photo 2)*

iv. Talk on "Environmental Forensics" was organized on 19 September 2024 in the KEF Auditorium, KEF block, MIT Manipal. Dr Babu Rajendran, Senior Professor (retired), Bharathidasan University, addressed the students of MTech Environmental Engineering and MSc Geology (picture)

v. Talk on "Hydrogeochemical Interpretation" was organized on 11 October 2024 at Sir MV Hall, MIT Manipal. Dr MA Mohammed Aslam, Professor and Dean, School of Earth Sciences, Central University of Karnataka, Kalaburagi (picture)

vi. Conducted a two-day workshop on "Landslides and Landslide Subsidence in Hilly Areas" on 05 and 06 December 2024 at MIT Manipal (picture)

Research Activities

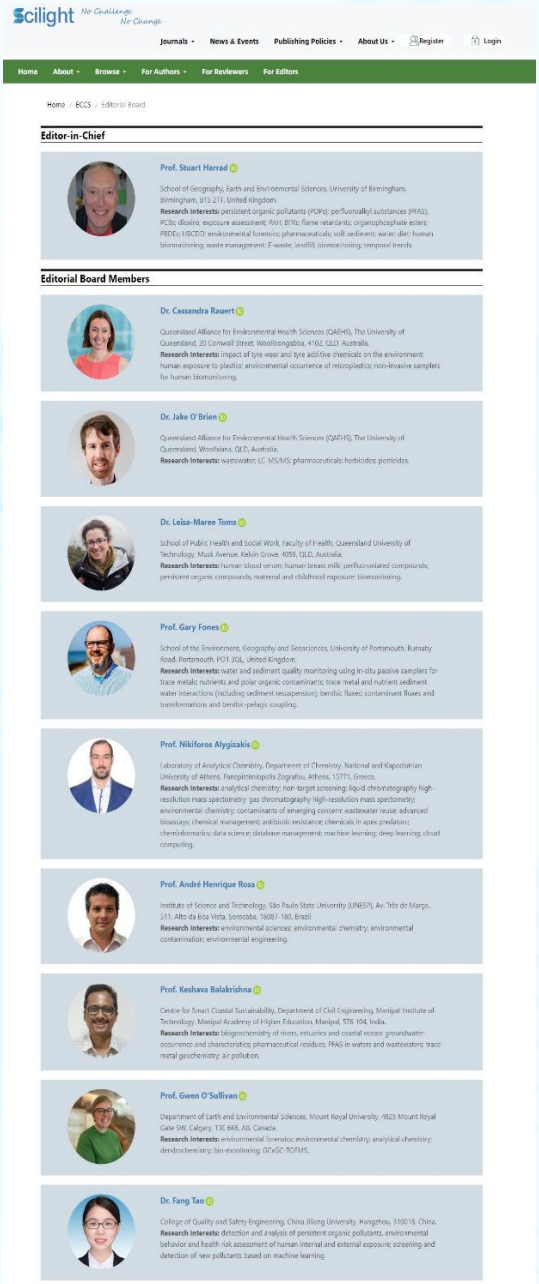
The Coordinator delivered keynote lectures at national-level seminars/conferences held at BARC Mumbai, Vivekananda College, Puttur, Poornaprajna College, Udupi, Mangalore University, Mangalagangotri. At the international level, the coordinator delivered expert lectures at the Global Health Symposium held at MAHE Manipal, that was jointly organized by the Prasanna School of Public Health and Maastricht University, The Netherlands and at the Dioxin 2024 symposium held at Singapore.

Research Publication:

Over 20 publications in peer-reviewed journals by the Coordinator and Co-coordinators are published. Publications are related to coastal water resources, water pollution and its treatment and coastal geotourism.

Awards and Recognition:

The Coordinator is recognized at the international level as he is chosen to be in the Editorial Board of the international journal "Environmental Contamination: Causes and Solutions"



8. List of ongoing projects/research grants:

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1	Understanding of biogeochemical processes and dynamics of pelagic fishery resources off Udupi/ Mangalore region: Validation of the PFZ advisory data	Indian National Centre for Ocean Information Services (INCOIS)- Ministry of Earth Sciences, Government of India	Dr Anish Kumar Warrier, he is the Co-coordinator of the Centre (Dr K Balakrishna is Co-PI)	93.15 lakh	Ongoing from 2023
2.	Genomic surveillance of SAR-CoV-2 from community and hospital wastewater treatment plants in Udupi	Department of Science and Technology (Anusandhan National Research Foundation) Science and Engineering Research Board) Project	Dr Chiranjay Mukhopadhyay (Dr K Balakrishna is the Co-PI)	61.12 lakh	2022-2024

Centre of Excellence for E-Mobility

Address: Ground Floor, AB1
Phone Number:
Email (Centre): electrical@manipal.edu
Email (Coordinator): adarsh.s@manipal.edu

Photograph of EV Drives in COE for E-Mobility

Year of Establishment of the Centre: 2024
Name of the Coordinator: Mr Adarsh S
Members:

1. Dr ASS Veerendra Babu – Assistant Professor, Department of Electrical & Electronics Engineering, MIT Manipal
2. Dr Sowmya R – Assistant Professor, Department of Electrical & Electronics Engineering, MIT Manipal
3. Dr Mahesh G T – Professor, Department of Aeronautical & Automobile Engineering, MIT Manipal
4. Dr Vijay T – Assistant Professor (Sr), Department of Aeronautical & Automobile Engineering, MIT Manipal
5. Dr Vijay Babu K – Associate Professor, Department of Mechatronics Engineering, MIT Manipal

Advisors of the Centre:

1. Dr Jayalakshmi N S – Professor, Department of E&E Engineering., MIT Manipal
2. Dr Satish Shenoy B – Professor, Department of Aero & Auto Engineering., MIT Manipal

Brief About the Centre:

The newly incorporated Centre of Excellence (CoE) for E-Mobility, established in collaboration with L&T

EduTech in July 2024, focuses on providing students with state-of-the-art equipment and industry-aligned, application-oriented courses.

Key Aspects:

- **Collaboration:** L&T offers future-oriented courses to enhance career and learning outcomes. Their support has strengthened the E-Mobility Lab with cutting-edge technology and training.
- **Research Facilities:** UG and PG students have access to advanced equipment, including the Dspace MicroLabBox, battery management systems, Li-ion cells, battery assembly and test setups, standard drivetrains, and test beds. This enables them to conduct sophisticated research in e-mobility.
- **Outcomes:** The COE has the potential to generate high-quality research, leading to publications in prestigious journals and patent filings focused on novel e-mobility solutions.

- **Courses and Programs:** The ongoing "Foundations of EV and Hybrid Vehicles" course for 5th-semester BTech students is one of several planned. These programs aim to equip students with knowledge and practical skills to enhance their employability in the e-mobility industry.

Objective:

1) To establish a state-of-the-art research facility catering to young researchers and practicing professionals in the e-mobility domain.
2) To identify and solve the real-time key problems in the field of e-mobility by conducting high-quality and focused research.
3) To foster innovation and train/mentor students, researchers, and automotive professionals in this field.
4) To conduct training courses and workshops to benefit students, faculty, and industry personnel.
5) To advance research in e-mobility and related topics locally, as well as through national and international collaborations.

Activities at the Centre:
"Foundations of EV and Hybrid Vehicles" course for 5th semester BTech students.

Research Activities: Research in BMS.

Research Publication:

Praveena Krishna, P S, Jayalakshmi, N S, Adarsh, S and Bagchi, S, 2024. Switched supercapacitor based active cell balancing in lithium-ion battery pack for low power EV applications. *Cogent Engineering*, *11*(1), p.2425741.

Centre for Aerospace Science and Technology (CAST)

Address: MIT, Manipal
Phone Number: +91-8971145023
Email (Centre): cast.mahe@manipal.edu **Coordinator:** manikandan.m@manipal.edu

Year of establishment of the Centre: 2024
Name of the Coordinator: Dr Manikandan M
Members: Dr Balbir Singh

Brief About the Centre:
The Centre aims to establish itself as a leading hub for Aerospace Science and Technology, leveraging state-of-the-art research and educational facilities. Its mission encompasses advancing experimental aerodynamics, computational analysis, biomimetics, space engineering, artificial intelligence (AI), and machine learning (ML) applications in aerospace. The Centre focuses on cutting-edge topics like experimental aerodynamics, high-fidelity computational techniques, and biomimetic innovations to drive transformative advancements in aerospace technology. Pioneering the use of AI and ML in aerospace applications, the Centre aims to bridge technology gaps and introduce smart, data-driven solutions to complex aerospace challenges. The Centre is equipped with top-tier research facilities, creating an optimal environment for innovation and collaboration among students, researchers, and professionals. It fosters partnerships with industry leaders and academic institutions to enable knowledge exchange and practical applications, ensuring impactful outcomes in aerospace research. The Centre's multidisciplinary approach and emphasis on space engineering, promote comprehensive learning and solutions, preparing stakeholders to tackle emerging global challenges in aerospace.

Vision:
To develop state-of-the-art research and educational facilities for Aerospace Science and Technology.

Mission: To establish a world-class research and educational centre that advances Aerospace Science and Technology through innovative research, cutting-edge infrastructure, and collaborative partnerships. The centre is dedicated to pioneering advancements in experimental aerodynamics, computational analysis, biomimetics, space engineering, and AI and ML applications in aerospace. By fostering collaboration with industry and academia, we aim to bridge the gap between knowledge and practical applications, nurturing a new generation of students and professionals in the field.

Objectives:
- To create a hub for advanced research in experimental aerodynamics, high-fidelity computational analysis, biomimetics, space engineering, and AI and ML in Aerospace.
- To develop a world-class research infrastructure for students and professionals.
- To foster collaborations with industry and academic partners for knowledge exchange and practical applications.

Activities at the Centre:
Four-day workshop for UG/PG/PhD students on OpenFOAM scheduled from 16 to 19 September 2024.

Industry Partner:
Collaboration with Dhruva Space, a space technology company is under progress.

Photo Gallery:

Four-day OpenFOAM workshop

Manipal Institute of Technology (MIT), Bengaluru

Address: MAHE Bengaluru Campus, Govindapura, Yelahanka, Bengaluru 560064, Karnataka, India
Phone Number: +91 8024494126
Email-Office: office.mitblr@manipal.edu Director: iven.jose@manipal.edu

Name of the Director: Dr Iven Jose
Established: 2021

Details of Programs offered by the Institution:

- Computer Science and Engineering
- Computer Science and Engineering (Artificial Intelligence)
- Computer Science and Engineering (Cyber Security)
- Computer Science and Engineering (Data Science)
- Information Technology
- Electronics and Communication Engineering
- Electronics and Computer Engineering
- Electronics Engineering (VLSI Design and Technology)

About the Institution/School:

The Garden City of India, Bengaluru, is now home to a new engineering institution—Manipal Institute of Technology (MIT), Bengaluru—the latest constituent unit of the Manipal Academy of Higher Education (MAHE). MAHE is proud to open its doors in the bustling cosmopolitan IT hub of Bengaluru with the establishment of its new engineering campus, MIT Bengaluru. The institute offers eight BTech programs, approved by the All India Council for Technical Education (AICTE), Ministry of Education, Government of India. Recognized as a deemed-to-be university since 1993, MAHE has been accorded the status of an Institute of Eminence (IoE) by the Ministry of Human Resource Development (MHRD), Government of India, and is accredited with an A++ grade by NAAC. All BTech courses at the MIT offer excellent campus placement opportunities, allowing graduates to choose from a wide range of career paths, whether in technical or managerial roles, or to pursue a master's degree in technology. MIT, Bengaluru, now offers eight BTech programs in Computer Science, Computer Science (AI), Computer Science (Cyber Security), Computer Science (Data Science), Information Technology, Electronics and Communication, Electronics and Computer Engineering, and Electronics Engineering (VLSI Design and Technology).

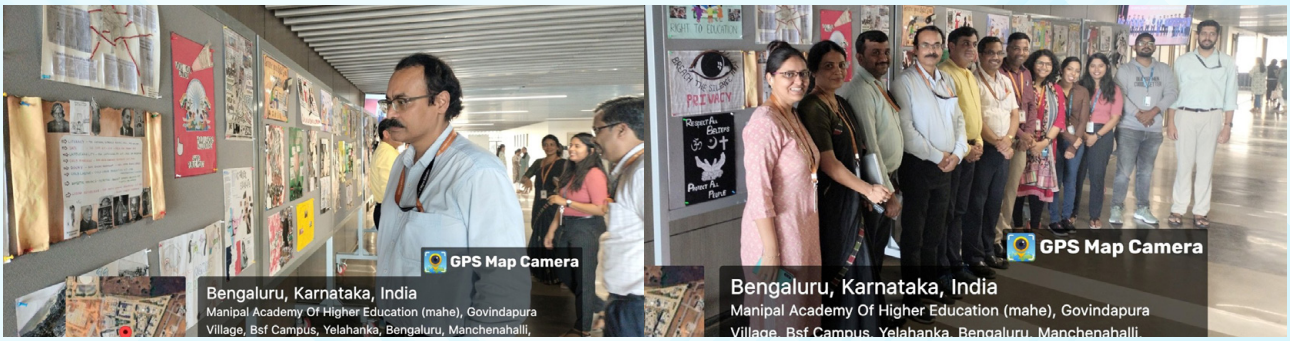
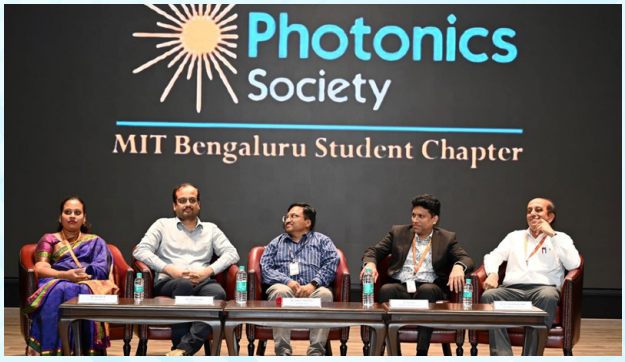
Strengthening Global Partnership with Aalto University Executive Education and Professional Development

Inauguration of TALE 2024, an esteemed global conference organized under the aegis of IEEE Education Society. It was conducted in India for the first time and hosted by Manipal Institute of Technology, Bengaluru.



Celebrating the International Human Rights Day on 10 December 2024 in an artistic manner by MIT Bengaluru students. The theme for Human Rights Day 2024 was, "Our Rights, Our Future, Right Now"

Our students participated in Bengaluru Space Expo 2024, exploring innovations across sectors like satellite systems, launch vehicles, in-space manufacturing, and space-based solar power.
The event provided exclusive networking opportunities, with ISRO, NSIL, DRDO, HAL, L&T, AMD, and over 250+ global space companies.

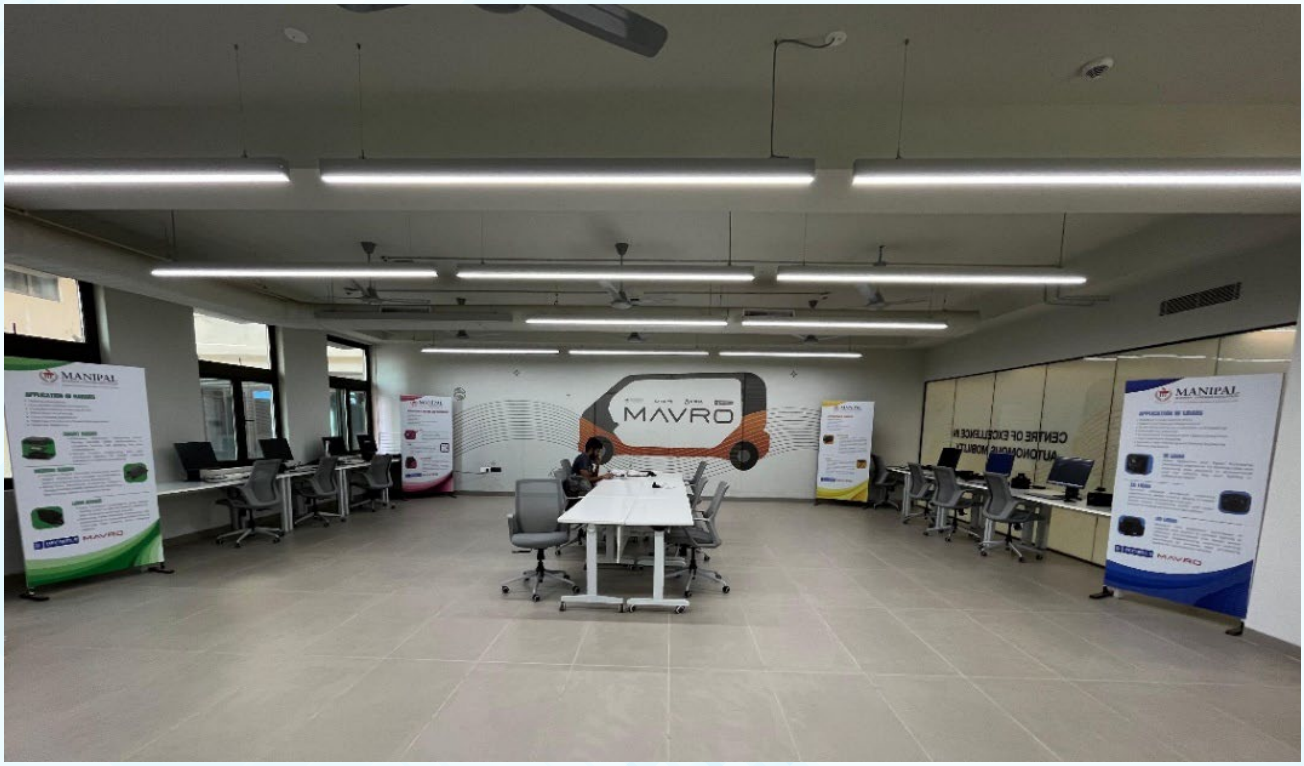


Inauguration of IEEE Photonics Chapter at MIT Bengaluru on 13 September 2024 by Dr T Srinivas, Chair of IEEE Bengaluru Section and Professor at IISc. This is the 5th Society Chapter of MITB, the others being CS, CIS, GRSS, and WIE.

Students and faculty members visited the ICTS TIFR Bengaluru campus on 29 August 2024 to attend the public lecture, "Why We Explore?" delivered by Prof Robert Myers, Director, Perimeter Institute for Theoretical Physics, Canada.

Center of Excellence in Autonomous Mobility

Address: Ground Floor, AB5, MAHE, Bengaluru
Email (Coordinator): sravani.vemulapalli@manipal.edu



Year of Establishment of the Centre: December 2024
Name of the Coordinator: Dr V Sravani
Members: Dr Ramasamy, Dr V Sravani, Dr Ashish Sharma, Dr Sowmya R

Brief About the Centre:

The CoE in Autonomous Vehicle Technology at MIT Bengaluru marks a significant step forward in the institution's commitment to shaping the future of mobility. This state-of-the-art lab is not only a space for technological exploration but a dynamic platform where cutting-edge ideas will thrive and potentially revolutionize the autonomous systems landscape.

Focusing on pivotal areas such as sensor technologies, algorithm development, and cybersecurity in connected vehicles, the Centre is poised to drive advancements in the autonomous vehicle domain. By enhancing the capabilities of the next generation of self-driving vehicles, the lab aims to address current challenges and create new opportunities in mobility.

The Centre is equipped with an impressive suite of core sensors, including:

- **2D and 3D LiDARs**: These sensors provide the high-definition mapping and environmental perception necessary for autonomous navigation, ensuring vehicles can understand their surroundings with extraordinary accuracy.
- **Radars**: Essential for reliable vehicle operation in adverse weather or visibility conditions, radars contribute significantly to safety features such as collision avoidance, and adaptive cruise control.
- **Ultrasonic Sensors**: Perfect for close-range applications like parking assistance, these sensors allow for precise detection of obstacles in a vehicle's immediate environment.
- **Inertial Measurement Units (IMUs)**: By measuring forces and angular rate, IMUs support the vehicle's stability and navigation, particularly in challenging environments where GPS signals may be weak or unreliable.
- **Depth-Sensing Cameras**: These cameras capture the 3D structure of the surroundings, enhancing object detection and enabling more informed decision-making for autonomous systems.

- **Monocular Cameras**: Simple but effective, these cameras serve in tasks like lane detection and traffic sign recognition, offering a cost-efficient solution for autonomous vehicle vision.

This ambitious initiative is set to position MIT, Bengaluru as a global leader in advanced technology research and innovation. With a focus on impactful research and fostering strategic partnerships, the Centre is expected to unlock new avenues for progress in the evolving field of autonomous vehicles.

Vision: Excellence in autonomous mobility through research, innovation, and teamwork and fostering the next generation of leaders in autonomous systems.

Mission: To drive advancements in autonomous mobility by fostering a collaborative environment of research, innovation, and teamwork, developing groundbreaking technologies, and empowering students and professionals to lead the future of transportation.

Objectives:

a) Promote Cutting-edge Research
b) Foster Industry-Academia Collaboration
c) Develop Skilled Professionals

Activities at the Centre: Open elective in Autonomous mobility for sixth-semester students, conduction of the online course, seminars, guest lectures, workshops, and internships.

Research Activities: Identification and application of different map stitching algorithms for localization in autonomous vehicles.

Dr Deepa Prabhu

Dr Manasa Nune (MIRM)

Dr Jyothi Prasanna (MIRM)

Brief about the Centre:

Vision:

To be a world-renowned centre for bio-inspired design by fostering multi-disciplinary research on cutting-edge technologies.

Mission:

To advance the field of bio-inspired design towards building a dynamic ecosystem of creative and bio-inspired thinkers, scientists, technocrats, and designers.

Objectives:

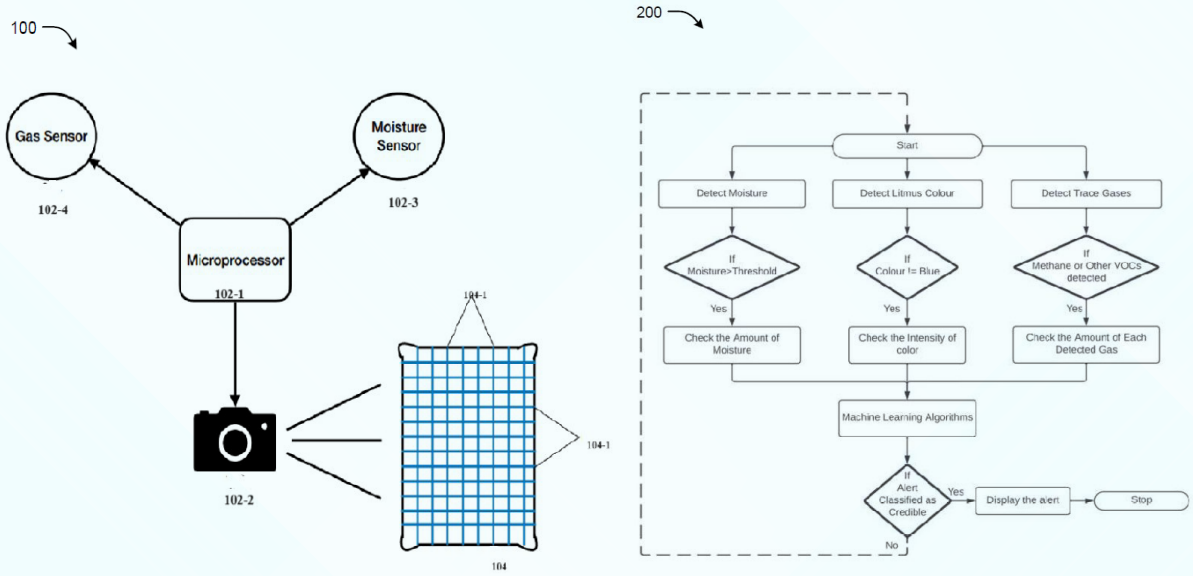
1. Promote Nature-Inspired Innovation: Develop innovative solutions by studying and applying principles from nature to address modern challenges in engineering, technology, and sustainability.
2. Advance Sustainable Development Goals (SDGs): Focus on creating technologies and practices that contribute to SDGs, aligning the Centre's goals with global sustainability efforts.
3. Create a knowledge hub: Develop an initial version of a digital library by December 2025, of proven bio-inspired designs helpful to researchers and learners.
4. Develop a digital twin mechanism to verify and aid in gauging the efficiency and accuracy of existing designs or bio-inspired systems to enhance the features of our products.

Activities at the Centre:

1. MOU with Central Manufacturing Technological Institute (CMTI) has yielded in research collaboration for applying to a fund of 40 lakh for VGST (under review). Students from the sixth semester of Electronics and Communication Engineering (ten students) and Computer Science and Engineering (ten students) will be undergoing the Internships with training at Sensor Lab and Smart Manufacturing Lab at CMTI, Bengaluru, respectively. CAPP program of Rs 1 lakh for the benefit of students and faculty for niche area training and research work.

2. Central Food Technological Research Institute (CFTRI) visited. The discussion resulted in identifying the problem areas for consultancy work on Food, AI, and Molecular Simulation.

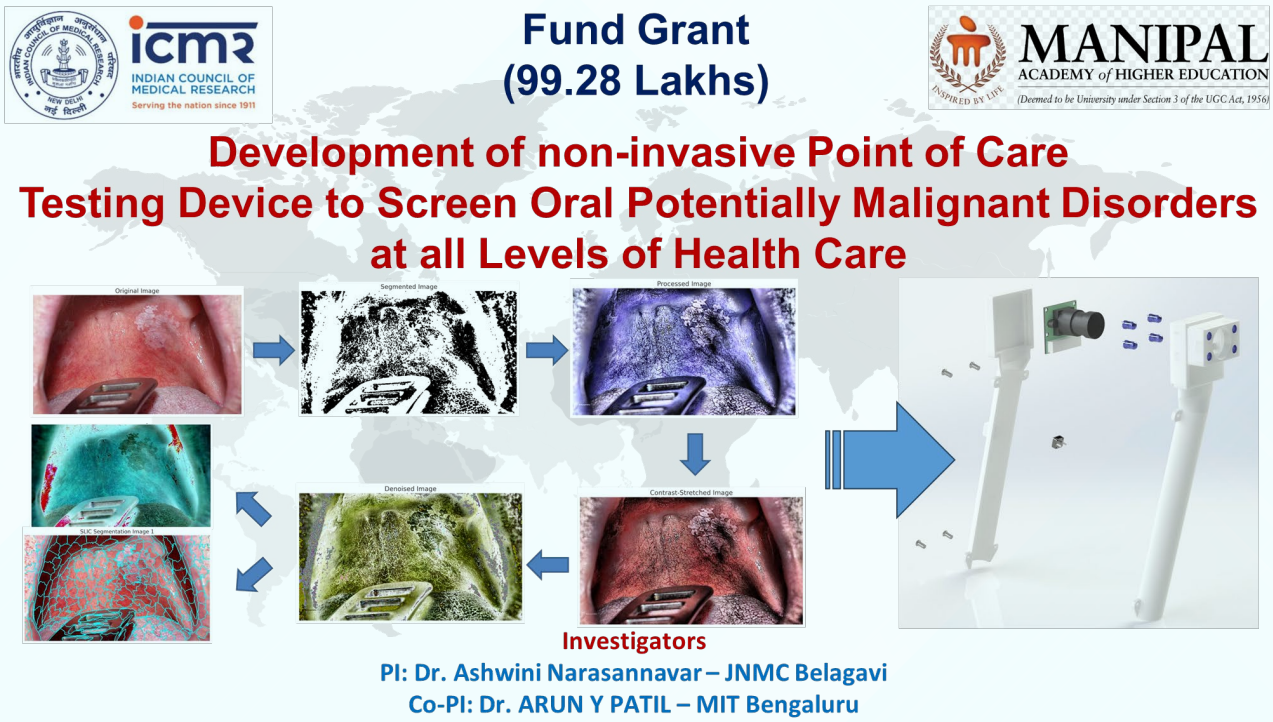
System for monitoring agricultural crops in stocks and method thereof (Patent-1)



Inventors: Dr Tusar Kanti Mishra, Dr Shrirang A Kulkarni, and Dr Arun Y Patil

Research Activities

1. **Early potential malignancy detection**: Preliminary phase-1, working prototype model is being built for trial tests at JNMC, Belagavi. In this regard, a 3D Bio printer machine has been asked for a quotation and will be available by August 2025 in the BIODOC lab. The cost of the machine is 25,00,000 INR.



2. **Elevate Funding Work**: The first of its kind of material model will be developed at MIT Bengaluru by the combination of sheep horn and hydroxyapatite to reach a temperature range of 1200ºC - 1400ºC. The work will be patented shortly with the composition and possible output results.

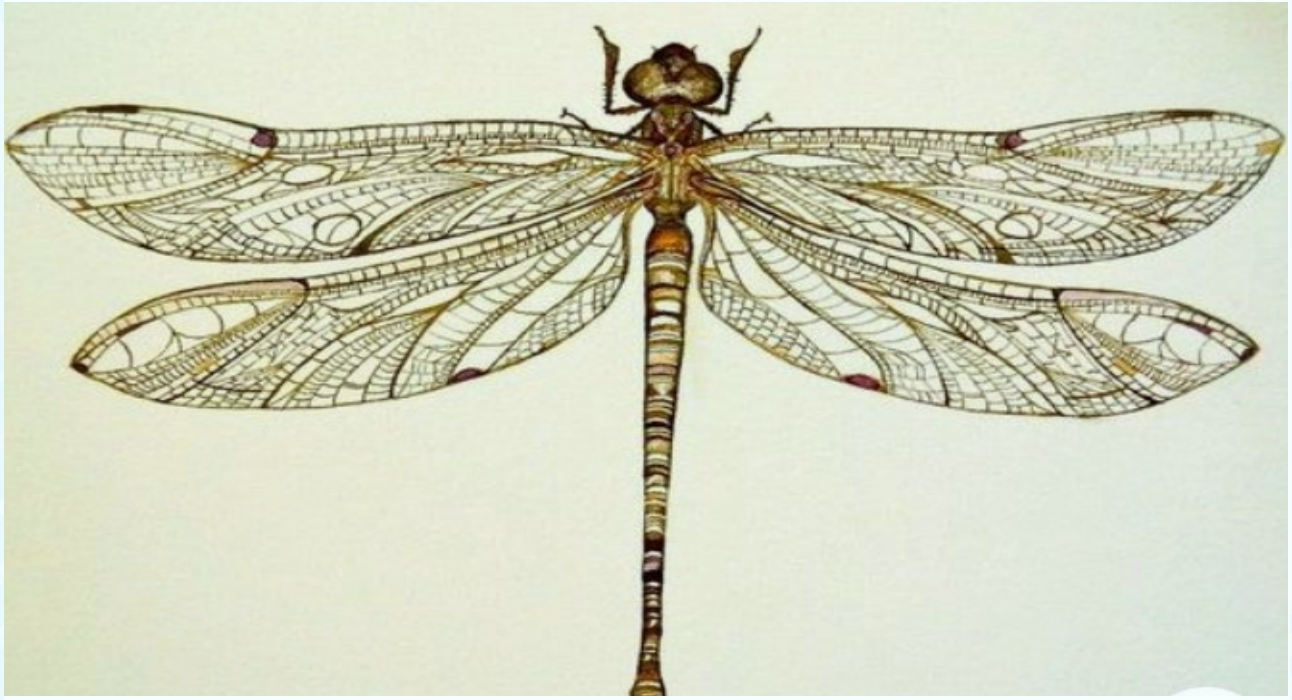
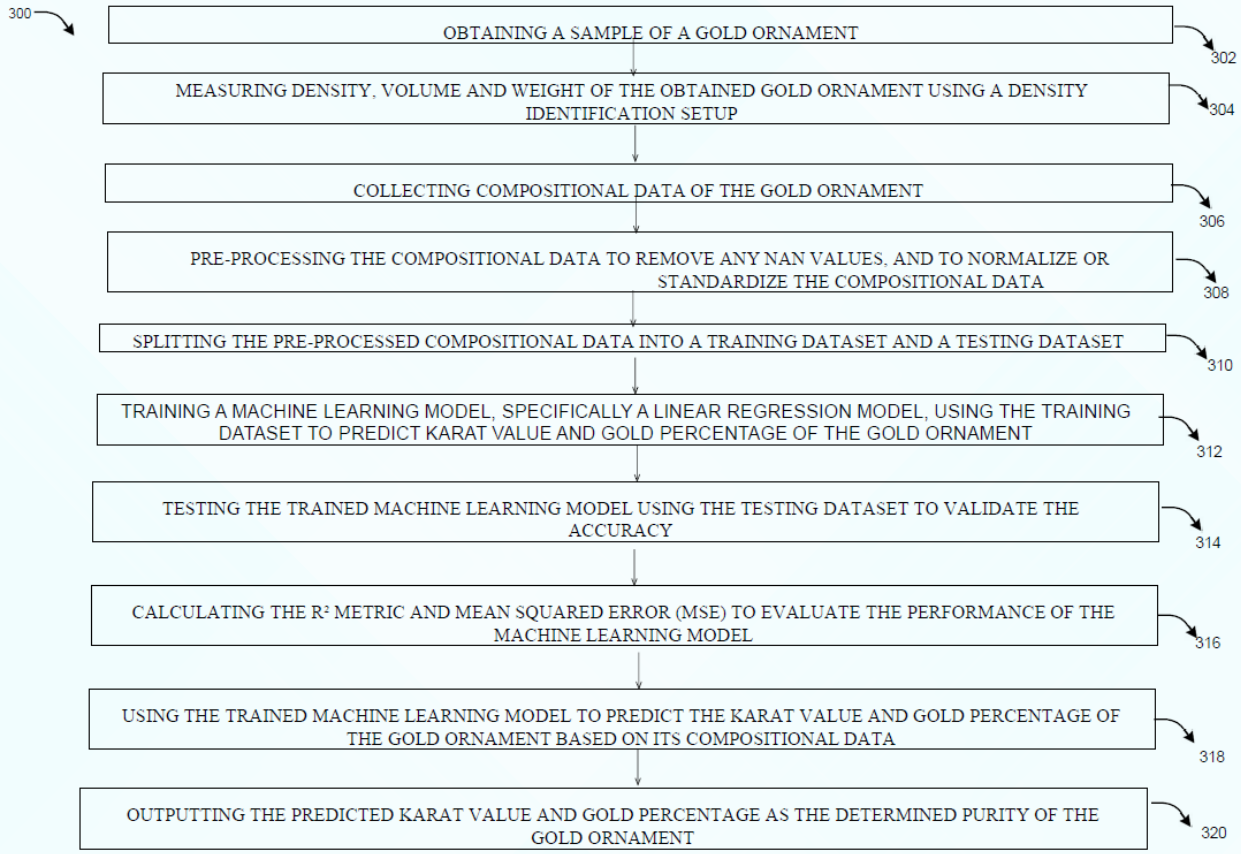
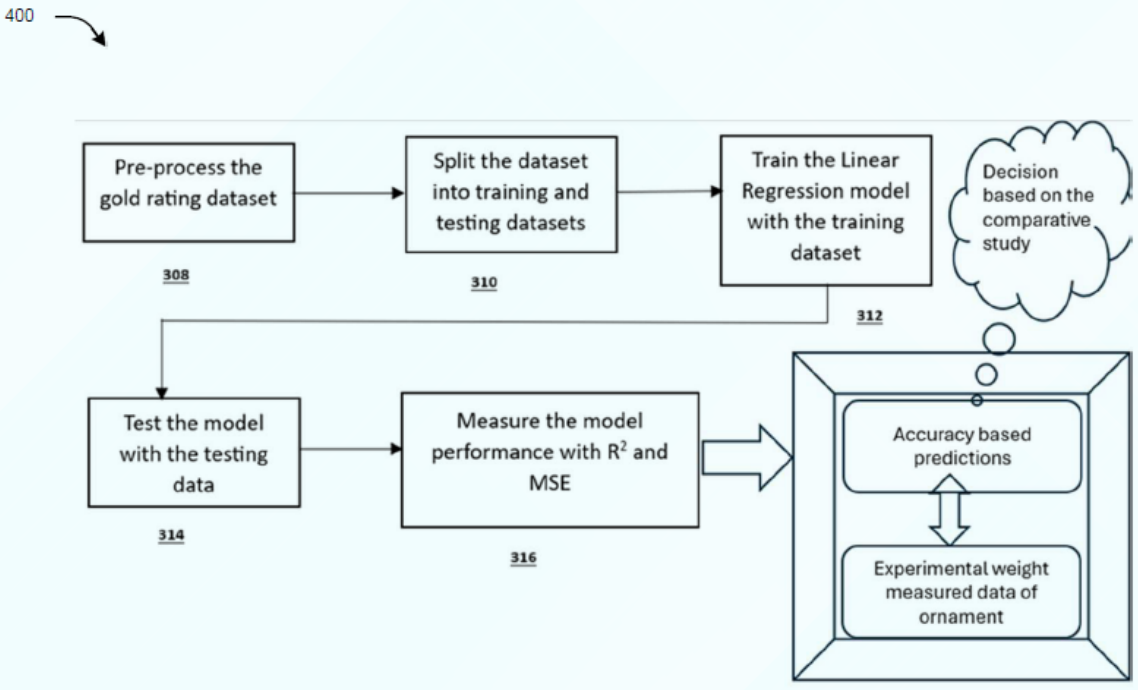
3. **Dragon fly Study for discretization (Patent-2)**: A novel bio-inspired method for circular/cylindrical/spherical geometrical shapes mesh generation applying a discrete process of finite element analysis. (Patent No. 202441006804)



Inventors: Dr Arun Y Patil, Dr Shrirang A Kulkarni and Dr Tusar Kanti Mishra

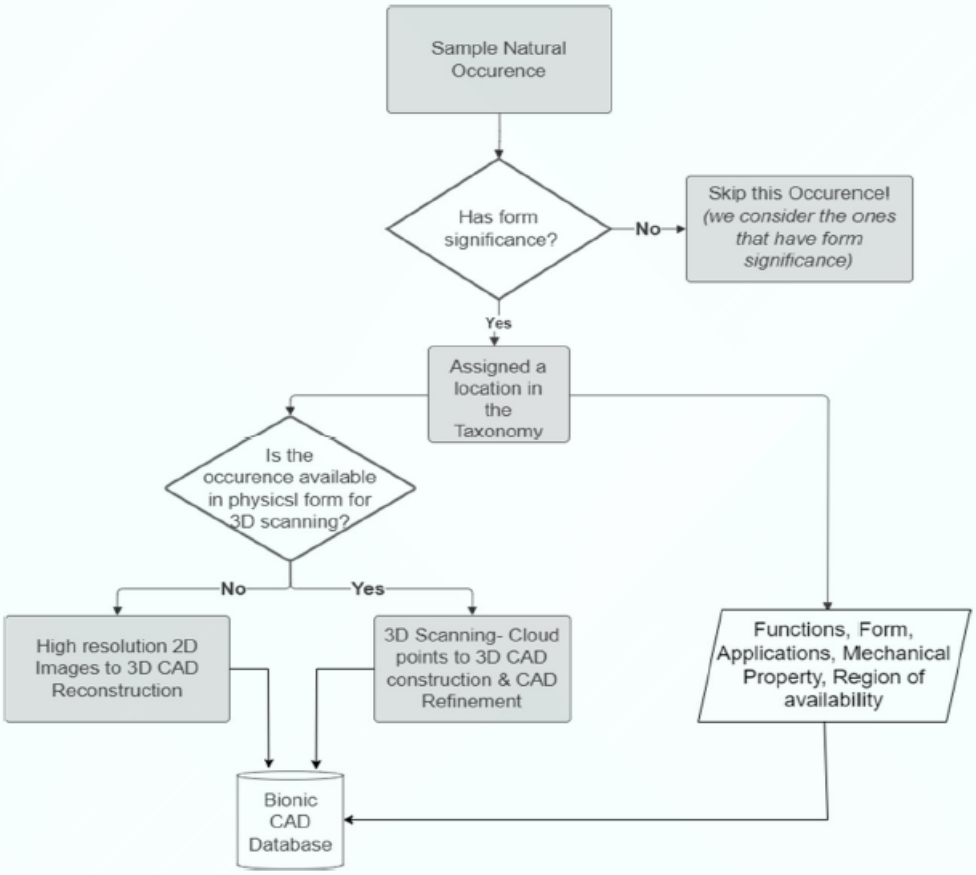
4. **System and method for determining the purity of gold in non-stone ornaments (Patent-3)**: A novel Weight and Machine Learning-based methodology to detect the percentage of purity in gold for non-stone ornaments. (Patent No. PD00021283)

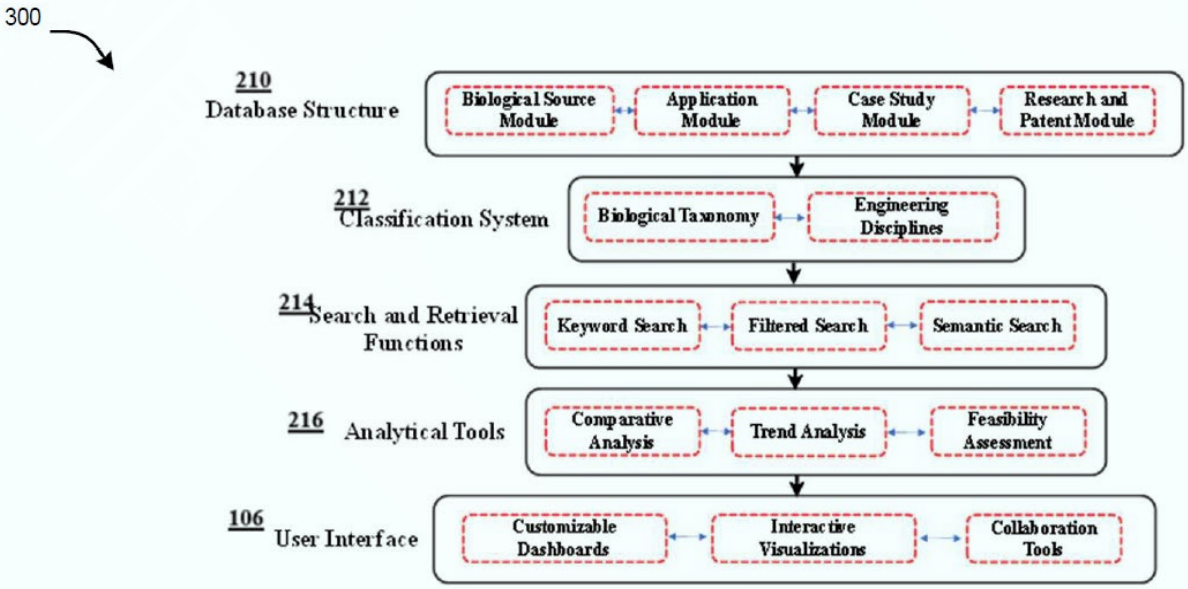




Inventors: Dr Arun Y Patil, Dr Shrirang A Kulkarni, Mr Kaustubh Agrawal, Reg No. 235890202, Mr Vallamkonda Sri Sai Pranav, Reg No. 235891284, Mr Jayant Shekhar, Reg No. 235805480, and Mr Sanjeev Raj Kurady, Reg No. 235816194

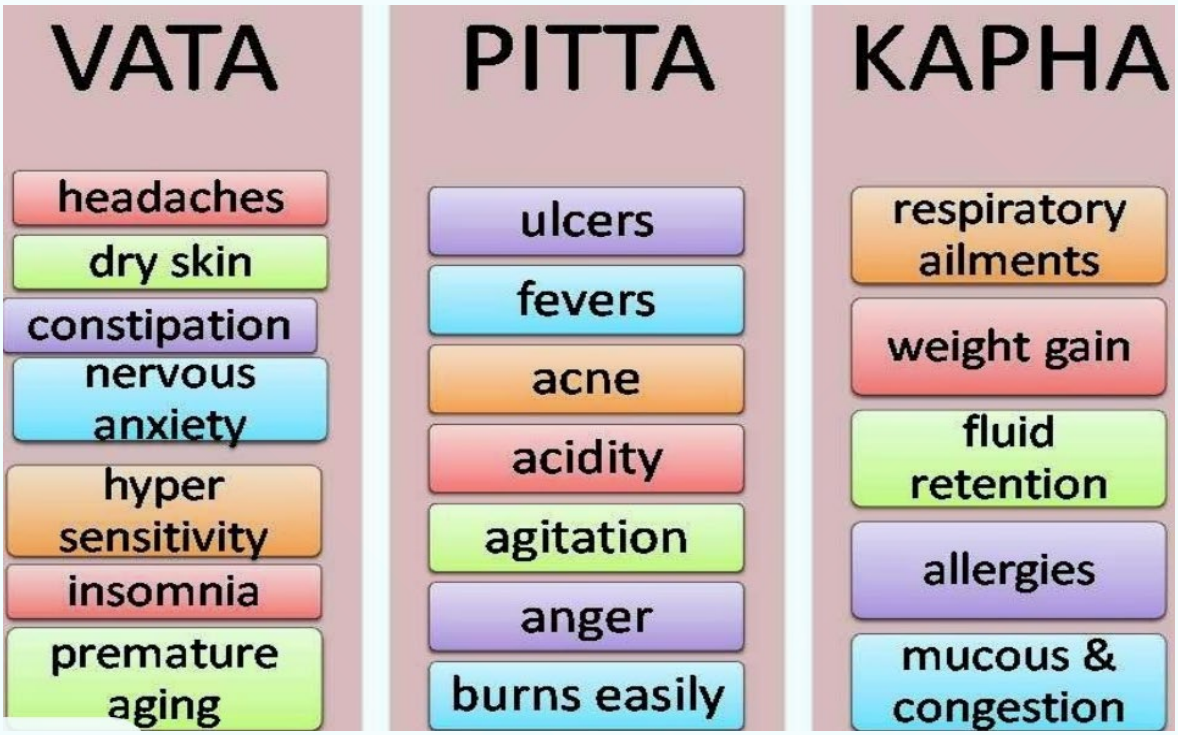
5. **Bio-inspired database system and method (Patent-4)**: A novel weight and machine learning-based methodology to detect the percentage of purity in gold for non-stone ornaments. (Patent No. PD00021882)





Inventors: Dr Arun Y Patil and Mr Gururaj Fatepur (Faculty at KLE Technological University)

6. **AI-Powered Ayurvedic Health Monitor Integrated with Smart Refrigeration (Patent-5)**: The current work will be a biomedical health monitoring device catering to three kinds of ayurvedic doshas implemented according to individual body conditions and even the weather conditions such as spring, fall, autumn, and winter seasons. (Patent No. Submitted to Attorney-Khurana and Khurana)



Inventors: Dr Arun Y Patil and Akshat Bijalwan (235816172)

Established: 1978

Details of Programs offered by the Institution:

- Bachelor of Architecture (BArch)
- Master of Architecture (Urban Design and Development) MArch (UDD)
- MDes (Sustainable Design)
- Doctor of Philosophy (PhD)

About Institution/School:

Manipal School of Architecture and Planning (MSAP) provides high-quality design programs in the domain of architecture in the country.

Established in 1978, the school has a pioneering legacy of more than 45 years. MSAP fosters a creative, innovative, and intellectually vibrant learning environment with a global outlook. It strives to establish academic and professional excellence in architecture and design. MSAP is an elite institution with state-of-the-art facilities and infrastructure; it includes design studios, a computer lab with the latest design software, various supporting labs, and a library with the latest additions of architecture and technology books and journals. Dedicated and experienced faculty members encourage student-centric practices, where learning expands beyond the four walls of the classroom. Preparing students for timeless success in the profession of design is the primary goal of the academic systems at MSAP.

Institutional Activities/Curricular Activities

Sl No	Activity	Particulars	Date(s)
1	Creation of APAAR ID for students 16 PEACE, JUSTICE AND STRONG INSTITUTIONS	The Creation of APAAR ID for BArch Students on 4 October 2024 (9:30 am to 4:30 pm) at Seminar Hall, MSAP. The APAAR ID (Automated Permanent Academic Account Registry), introduced in 2023 by the Government of India in alignment with the National Education Policy (NEP) 2020, provides students with a unique 12-digit digital identity to manage and access their academic records seamlessly. This innovative system consolidates mark sheets, degrees, and co-curricular achievements into a single platform, streamlining academic transitions and progress tracking. Designed to simplify the	04 October 2024

Sl No	Activity	Particulars	Date(s)
		academic journey, the APAAR ID links educational records across institutions within India and internationally, ensuring a unified and accessible record-keeping experience for students. The outcomes of the programs were: all enrolled students were assigned a unique legal identity. By the end of the session, Aadhaar IDs were successfully created for 350 students. For the remaining students, minor modifications were required, which proved time-consuming. These students were provided with varied deadlines to complete the process. Eight faculty members and 425 students participated.	

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Case study for BArch, Semester II, Section B	Case study to residence at Shanthi Nagar, Manipal for BArch, Semester II, Section B	01 January 2024

3	Visited Bengaluru for case study as a part of an academic activity of BArch course accompanying as a Faculty Coordinator with 3rd year BArch Section A students	Case Study for ADD-VI at Bengaluru for BArch, Semester VI, Section A for Subject ARC 3102 ADD-VI. Our recent class trip to Bengaluru from 1 to 4 November was a significant and enlightening experience, aligning with the semester's focus on museums for our design project. We started our journey, bustling with excitement, on the evening of 1 November 2024 from Manipal and reached our destination the next morning—Bengaluru. Outcomes of the programs were: a deep understanding of experiential museum design, emphasizing the impact of sensorial experiences, especially at the Indian Music Experience Museum; valuable insights into the decision-making process behind IME through interactions with Architect Sandeep Jagdish, highlighting collaboration with various teams for a holistic design; exposure to diverse curatorial practices at the Museum of Art and Photography, Bengaluru, emphasizing the importance of thoughtful planning for a cohesive museum experience; and a clear recognition of the vital role of sustainability in modern architecture, with practical examples from Biome Environmental Solutions and insights from experienced architects. The realisation of the broader scope of architecture beyond classrooms and the above collectively enhanced the educational experience, providing a foundation for future projects and inspiring creative endeavours in the field of architecture. Two faculty members and 29 students participated.	01 to 05 January 2024

6	Visited Mysore for case study	Visit to Mysore for case study as part of an academic activity of the BArch course. Accompanied as Faculty Coordinators with 3rd year BArch, Section D, and 30 students.	02 January 2024
7	Visited Goa for case study	Visit to Goa for case study as part of an academic activity of the BArch course. Accompanied as Faculty Coordinators with 3rd year BArch, Section C students.	02 January 2024
8	Case study visit to Mall of Mysore & Nexus City centre for BArch, Third year, Section D, semester: Six	Case study visit for mall study to Mysore, Karnataka: Mall of Mysore and Nexus City Centre. A case study visit was undertaken by the MSAP students of BArch, 3rd year, Section D. The students were able to assess the case study site topography and its relation to the proposed project. The students visited two malls, namely: Mall of Mysore and Nexus City Centre Mall. A detailed list of requirements was determined by all students based on different parameters. Outcomes of the program were: to design a mall with the aim of creating a convenient public building, determining various parameters. Two faculty members and 30 students participated.	02 to 04 January 2024
9	Site study at SHOOLIN ESTATE, Padubidri	Site study at SHOOLIN ESTATE, Padubidri: for Section C / IV Semester for subject Architectural Design and Detailing IV. Santhoor is a village in Udupi taluk, Karnataka state, India. This village comes under Mudrangadi Gram Panchayat, Kapu Taluk. The Shoolin Estate is around 30 acres in area and has a steep slope with rocky and red soil. The site had banana and coconut plantations along with areca nut trees. Two faculties and 32 students participated. Outcomes of the programs were: During the site study visit to the Shoolin Estate, the natural and architectural essence of the property unfolded as a harmonious blend of simplistic and functional design of the farmhouse and its location in natural settings. The students measured the spacing in plantations, the existing structures, the compound wall, and the entrance to the site. Students learnt about the slope, gradient measurements, wind flow on site, and the natural water features.	02 January 2024

14	Case study at Coorg – Skylarc Resort and The Porcupine Castle Resort for IV Semester, Section A	Visited Hidden Wood Udupi and Coorg for case study as a part of an academic activity of the BArch course. Case study at Coorg – Skylarc Resort and The Porcupine Castle Resort for IV Semester, Section A for subject Architectural Design and Detailing IV. The Skylarc Resort was planned decades back by the parents of the architect. Its architecture showcases understanding of the site and surroundings. Sustainable design has been followed with consideration to the contours and environmentally conscious construction practices. Students could see the different types of accommodation, including a tree house, and their details in The Porcupine Castle Resort. The structures showcase a seamless connection to the natural surroundings, utilizing passive design principles to optimize natural ventilation and light. The resort's commitment to eco-friendly architecture not only aligns with environmental values but also provides a unique and immersive experience for guests seeking a harmonious blend of luxury and environmental responsibility. Six different typologies of accommodation with different views have been provided. Two faculties and 30 students participated. Outcomes of the programs were: The architectural essence of the property unfolded as a harmonious blend of contemporary design and natural integration during the case study visit to the resorts. The resort's structures seamlessly merged with the surrounding landscape, featuring sustainable materials and eco-friendly construction techniques. The architectural layout prioritized open spaces, offering breathtaking views of the natural surroundings, while the	03 to 04 January 2024

		use of large windows and glass elements allowed for ample natural light, creating an inviting and immersive atmosphere. Thoughtful consideration for guest privacy and comfort was evident in the design of individual villas and communal spaces. The resort's architecture successfully encapsulated a balance between modern aesthetics, environmental consciousness, and a luxurious experience for visitors. The students were able to understand the details and spaces required for the design of a resort. They also interviewed and learnt about the administrative and managerial requirements of a resort.	
15	Case study at Coorg -Club Mahindra and Birchwood Resort for IV Semester C Section 	Visited Madikeri, Coorg for case study as a part of an academic activity of the BArch course. Case study at Coorg – Club Mahindra and Birchwood Resort for IV Semester C Section for subject Architectural Design and Detailing IV. The eco-resort's architecture epitomizes sustainable design with its integration of renewable materials, energy-efficient technologies, and environmentally conscious construction practices. The structures showcase a seamless connection to the natural surroundings, utilizing passive design principles to optimize natural ventilation and light. Green roofs and living walls not only enhance thermal insulation but also contribute to the overall ecological footprint reduction. The resort's commitment to eco-friendly architecture not only aligns with environmental values but also provides a unique and immersive experience for guests seeking a harmonious blend of luxury and environmental responsibility. Outcomes of the programs were: During the case study visit to the resorts, the architectural essence of the property unfolded as a harmonious blend of contemporary design and natural integration. The resort's structures seamlessly merged with the surrounding landscape, featuring sustainable materials and eco-friendly construction techniques. The architectural layout prioritized open spaces, offering breathtaking views of the natural surroundings, while the use of large windows and glass elements allowed for ample natural light, creating an inviting and immersive atmosphere. 25	MSAP VSO project Shiksha	MSAP VSO project Shiksha for Students of Planet Mars Foundation aged 7–15 years at Planet Mars Foundation, Santhekatte, Udupi on 28 January 2024 (10.00 am – 12.00 pm). Demonstration and teaching of beginner-level crocheting techniques from old garments were conducted. As part of MAHE VSO objectives to impart skill sharing under the recently introduced initiative of Project Shiksha, which focuses on student volunteers conducting workshops to teach new skills to children in NGOs, MSAP VSO organized a crochet workshop. Student volunteer Ms Sharada Shetty led a hands-on crochet project of making placemats and coasters by upcycling old fabrics and clothes. She was joined by MSAP VSO students for the workshop, where they shared the skills with 26 students aged 7–14 years from Planet Mars NGO, Santhekatte, Udupi. The workshop lasted for two hours, during which students were able to complete their projects by hand crocheting without the use of hooks. The idea was introduced to the students of Planet Mars to learn two skills: Hand Crocheting and Draw and Pass, where the majority of the students opted for Hand Crocheting. Prior to the workshop, students were instructed to bring old fabrics such as T-shirts, dupattas, and clothes that were not in use. The yarn for the hand crocheting was made by ripping the fabrics into long strips with scissors and knotting them in a basic crochet stitch to make the coasters and placemats. Students and faculty of MSAP VSO participated. The outcomes included training on the upcycling of sustainable products using minimal tools.	28 January 2024
26	Annual MAHE VSO Event: MSAP VSO ACTIVITIES MANIPAL MARATHON 2024	Annual MAHE VSO Event: MSAP VSO Activities. Manipal Marathon 2024 on 11 February 2024 (03.00 am – 12.00 noon). For MAHE teaching and non-teaching staff, students, and participants from other universities, at KMC Greens, Manipal, MAHE VSO has organized the annual Manipal Marathon since. In order to encourage physical fitness amongst the staff and students of MAHE, the Manipal Marathon is organized to bring together the MAHE community as well as those from other universities in a spirit of sportsmanship. The Marathon begins at 3.00 am, with running events of various distances: 3 km, 5 km, 10 km, 21 km, and 42 km. This year, there was a Disability Run for the physically challenged. The MSAP Graphic Team was involved in the design of the venue, while MSAP VSO student members actively participated in the design of the décor. The routes for the various running distances were organized by MSAP faculty. Students and faculty of MSAP VSO and MSAP participated. Outcomes of the program were: Awareness on Palliative Care was the theme of the 2024 Manipal Marathon; fostering a sense of community spirit for both MAHE and non-MAHE participants.	11 February 2024

43	Site study visit for BArch Ninth Semester Section-C Students for subject Architectural Design and Detailing	The site visit to Udupi took place in week 3, on 22 July 2024, with students convening at MSAP at 09:00 AM each day. Over these days, students explored the area and were provided with an informative overview by the faculty and the officials of the government offices visited by them. The faculty also outlined the checklist for data collection during the visit. The focus of the study was on the urban precinct of Udupi and Manipal. The students conducted in-depth documentation and mapping of various urban layers, categorizing their findings into sections such as Morphology & Land Use, Built Environment, Transportation & Networking, Physical and Social Infrastructure, Urban Design & Imageability, Activity Mapping, Environment, and Economy. The site under examination was the temple precinct, boasting significant religious activities, commercial structures that are part of the intersection, and the main connecting road. To comprehensively understand the site's connections and relationships, the potential study area was surveyed. During the visit, students were divided into seven groups, and they explored the site by observing, mapping, and documenting its features and characteristics. Faculty members were present on-site each day, collaborating with students to ensure a comprehensive contextual analysis. The students received guidance on various aspects related to their design project, and periodic discussions were held with the groups as they progressed with their studies. Outcomes were to understand the scale and context of the urban setting of Udupi and Manipal. Four faculty members and 35 students participated.	22 July 2024

A site visit was organized for the 5th-semester BArch students to enhance their understanding of various alternative materials and construction methods utilized in the building industry, such as mud, ferrocement, and more. On both days, the sessions commenced with an introductory briefing on Nirmithi Kendra by the Director, Er Rajendra Kalbavi. Following the introduction, the students were guided on a campus tour, where the alternative materials and building components fabricated from these materials were showcased. Subsequently, the students visited the workshop, where various construction methods and techniques were demonstrated. Many students had the opportunity to gain hands-on experience during the visit. Outcome of the programs were the students displayed great enthusiasm following the visit, expressing to the faculty their preference for a construction yard over traditional studio hours to enhance their learning experience. They conveyed that the visit was highly informative and appreciated the opportunity for real-time, hands-on experience with the materials and construction methods. Four faculties on 1 August 2024 & 2 faculties on 8 August 2024, 34 /35 students (Section A), 27/35 students (Section B) & 34/35 students (Section C) = 95/105 students participated. A Certificate was received from Nirmithi Kendra for the visit.	01 August 2024

67	VSO Annual National Conference -Poster Competition	Day 2 – VSO NATCON: VSO Annual National Conference, where the Poster Presentation Competition was conducted at Dr TMA Pai Halls, MAHE, for students and faculty of both MAHE and non-MAHE institutes. The students, in teams of three, created a concept poster on one of the sustainable development goals, “Reducing Inequalities through Inclusivity,” where they developed ideas and activities, which were then presented to the jurors. Outcomes of the program: Attending the fifth National Youth Conference, organized by the Volunteer Services Organisation (VSO), enhanced our understanding of reducing inequalities through inclusivity. We presented a concept poster titled “Reducing Inequalities through Inclusivity,” earning an appreciation award. We developed strategies to support marginalized groups—such as the elderly, orphans, children, and persons with disabilities—by proposing activities to improve their social participation. The experience strengthened our teamwork, presentation skills, and awareness of societal challenges. A cultural program was also included, adding diversity and fostering community spirit. Additionally, we connected with other young leaders, exchanging ideas on inclusive development. This conference broadened our perspective and motivated us to apply these strategies in future projects to foster inclusivity. 77	MAHE Research Day 2024 at KMC Greens. 	MAHE Research Day 2024 at KMC Greens. MAHE Health Sciences Research Day had three streams, Enrich, Collaborate and Inspire Junior. The Faculty members, Undergraduates, Postgraduates and Research Scholars of MAHE Institutes showcased their research work and interacted for collaboration from within and outside the institute. MAHE Research Day 2024, scheduled from 13 to 16 November at KMC Greens, Manipal, was an event celebrating research excellence and innovation. Hosted by MAHE, the multi-day event provided a platform for faculty, researchers, and students to showcase their groundbreaking work, foster collaborations, and engage in discussions on emerging topics. With participation from all MAHE campuses, including Manipal, Mangalore, Bengaluru, and Jamshedpur, was a significant and impactful gathering, highlighting MAHE's commitment to advancing knowledge across disciplines. Best Stall MAHE Research Day 2024 – Collaborate and Enrich Second Best Stall – Inspire Junior – Cluster 4. 25 faculties and 26 students participated.	13 to 16 November 2024
78	MAHE VSO – DAAN UTSAV FELICITATION 2024 	MAHE VSO – DAAN UTSAV FELICITATION 2024: For VSO Faculty and Student Coordinators at Admission Hall, Edu Building, Manipal. The VSO Daan Utsav Felicitation was held on 30 November 2024, in the presence of the Chief Guest, Vice Chancellor of MAHE, Lt Gen (Dr) M D Venkatesh. The event celebrated the efforts of all faculty members and student coordinators who played a significant role in the success of Daan Utsav 2024, with each being honoured with a certificate of appreciation for their active participation and contribution towards the weeklong celebrations of Daan Utsav in their respective institutes. The Appreciation Award was received by MSAP VSO Faculty Coordinator Ar Lulwa Khaleel and MSAP VSO Student Coordinator Prathiksha Shenoy. Ar Lulwa Khaleel, the Faculty Coordinator of VSO MSAP, and Prathiksha Shenoy, the Student Coordinator of VSO MSAP, were acknowledged for their exemplary leadership in organizing several impactful initiatives. These included the Blood Donation Camp, Origami Workshop, Daan Ki Roshni – Diya Painting Session, and the Stationery Donation Drive hosted at MSAP. One faculty member	30 November 2024

1	Ar Anup Gadgil	Urban designer and Visiting Faculty at Department of Urban design, Goa School of Architecture; Founder of Ochre design group, Goa.	MUDD Thesis Internal Jury; visit of expert as an external reviewer – As part of the internal assessment of the coursework for the subject, Thesis, the external reviewer discussed their progressive work and provided valuable comments and suggestions. The expert visited the campus twice during the interim reviews of the thesis as part of the internal assessment of the subject. Along with the internal panel, the expert shared his valuable insights on the thesis project presented by the students. His insights were helpful in developing a comprehensive thesis and served as a learning experience for the students. The outcomes of the programs were: students received a critical review of their urban design thesis projects, and at every stage, a way forward in terms of clarity and design. Eleven faculty members and twelve students participated.	05 January to 09 March 2024
2	Dr Kavyashree	Architect	Dr Kavyashree towards the internal review 1 and 2 of BArch. Thesis held during 5 to 6 January 2024 and 9 to 10 February 2024	05 January to 10 February 2024
3	Dr Kavyashree	Architect	Dr Kavyashree towards the internal review 1 and 2 of BArch. Thesis held during 5 to 6 January 2024 and 9 to 10 February 2024	05 January to 05 February 2024

13	Dr Peter Scriver	Director (India). Centre for Asian and Middle Eastern Architecture (CAMEA) Associate Dean ISP (South Asia, Middle East and Africa) Faculty of Sciences, Engineering and Technology (SET), The University of Adelaide, SA 5005, Australia	Dr Peter Scriver and Dr Amit Srivastava from the University of Adelaide delivered an international guest lecture at the MSAP seminar hall on Friday, 19 January 2024. The lecture was titled "From the Global South to the South Pole of the Moon: Lessons in Architectural Histography and Design Thinking." Dr Peter Scriver shared his work experience; both presented their joint research on the role of modern architecture in nation-building through post-colonial identity. They gave insights into their book on construction history, which discusses the importance of materials, tools, and the production process of building. Dr Amit presented the construction of architecture on the moon and the human use of outer space. This lecture is part of a series of international lectures initiated through collaborations in 2024. Three faculty members and 30 students participated. The outcomes of the program were: 1. Knowledge of the international scenario, 2. Latest market developments in the field.	19 January 2024
14	Dr Peter Scriver	Professors at the Adelaide University, Australia.	An international guest lecture is organized by Collaborations at the Seminar Hall, MSAP. The title of the lecture is "From the Global South to the South Pole of the Moon: Lessons in Architectural Histography and Design Thinking". The lecture will be delivered by Dr Peter Scriver and Dr Amit Srivastava, professors at the Adelaide University, Australia.	19 January 2024
15	Ar Gaurav Mukhija	Alumni and Architect and Sustainability Specialist, New Delhi	Expert Lecture by Ar Gaurav Mukhija, Architect and Sustainability Specialist, New Delhi on the topic Climate Responsive Buildings for II semester BArch students scheduled on Friday, 2nd February 2024 online through MS Teams.? Title of the Guest Lecture: Climate Responsive Buildings through MS Teams. The session was conducted to understand the different aspects and climatic parameters for designing the built environment. Outcomes of the program: The session was interested where Ar Gaurav Mukhija explained different strategies of	02 February 2024

22	Prof Trivikram T N	Architect, Urban Designer, MArch, Urban Design (SPA, New Delhi), Associate Professor, MSAP, MAHE, Manipal.	expert lecture held on the topic of "Measured Drawing and Documentation" for the subject Measured Drawing (Vth semester) at Seminar Hall, MSAP. The lecture was conducted by Prof. Trivikram T N, Architect I Urban Designer, M Arch, Urban Design (SPA, New Delhi), Associate Professor, MSAP, MAHE, Manipal. In Architecture, measured drawing is a very important medium to communicate the understanding of Built Environment and to convey the scheme of construction and design. In this course students will learn the importance and methods of measuring and documenting an existing built environment/landscape through drawings. Outcomes of the program was the session was enlightening and informative, providing us with a deeper understanding of the principles and practices of measured drawing and documentation. Hence expertise has provided us valuable insights and with a deeper understanding of the principles and practices of measured drawing and documentation. 5 faculties and 105 students participated.	16 July 2024
23	Ar Sandeep Doddaballapur 	Sr Project Manager, Environmental Design Solutions, Bengaluru .	Guest lecture on 'Current Trends in Green Rating Systems and Practices' by Ar Sandeep Doddaballapur at Seminar Hall, MSAP for 3rd year, 5th semester students, aimed to enhance their understanding of sustainable design practices. The session started with an introduction to the topic 'Importance of Green Buildings in Architectural Education' by Dr Nandineni Rama Devi, Director, MSAP, MAHE. After introducing the	17 July 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
			esteemed speaker, Ar Sandeep Doddaballapur, the session began. The session covered major green rating systems, including LEED, BREEAM, WELL, and Green Star; it provided students with insights into the criteria and certification processes of each. Emphasis was placed on the latest trends and updates within these systems, highlighting recent changes and innovations in sustainable architecture. The session focused on the practical application of green rating principles in architectural projects, encouraging students to integrate these concepts into their designs. The lecture also explored technological advancements in green building practices, demonstrating how modern tools and methods are incorporated into rating systems. Through the discussion of real-world case studies, students were exposed to successful implementations of green rating systems, offering tangible examples of sustainable design. The lecture fostered a sustainability mindset and ethical responsibility among students, emphasizing the importance of environmentally responsible architecture. The event provided valuable networking opportunities, allowing students to interact with industry professionals and gain insights into the field. Overall, the lecture equipped BArch students with critical knowledge and skills, reinforcing the significance of green rating systems in contemporary architectural practice. Vote of thanks was given by Dr Pradeep Kini, Joint Director, MSAP, emphasizing students' role in making the environment sustainable through design approach and policymaking. He also emphasized the importance of understanding building simulation tools, which are the way forward towards sustainable building design. Nine faculty members and 105 students (102 present, 3 absent) participated. Outcomes of the program were: enhanced understanding of major green rating

Better understanding of Accessibility and water systems in Bengaluru	
27	Ms Gayathri Muthuramakrishnan	(Senior Manager - Urban Design) Jana Urban Space	Guest Lecture on Development Strategies Around Different Urban Systems in Bengaluru for M.Arch (UDD), 2nd Year, 3rd Semester: An interactive session was organized by the 3rd-semester Urban Design Studio team of M.Arch (UDD) – MSAP, in coordination with Jana Urban Space Foundation, Bengaluru, to discuss the "Development strategies around different urban systems present in Bengaluru" through MS Teams (online). Ms Gayathri Muthuramakrishnan (Senior Manager – Urban Design) and Ms Anam Husain from Jana USP presented a few projects related to accessibility and water management systems. The studio faculty, Ar Kumar Gaurav and Ar Akshatha Rao, along with the students, engaged with the speakers regarding the strategies and possible interventions in the areas of urban accessibility, water management, and green infrastructure in Bengaluru. Two (Kumar Gaurav and Akshatha Rao) faculty members and nine M.Arch (UDD) 3rd-semester students participated. Outcomes of the program were: • Better understanding of urban systems in Bengaluru; • Overall understanding of project conceptualization to implementation; and • Better understanding of accessibility and water systems in Bengaluru.	29 July 2024
28	Drs Regina Johanna Hoffmann	MA, Delft University, Netherlands	A guest lecture by Dr Regina Johanna Hoffmann MA, Delft University, Netherlands, on “Making Effective Oral Presentation” was held on Wednesday, 21 August 2024, from 10:30 AM onwards (10:30–12:00 noon) at the Boardroom, MSAP, for	21 August 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
			PhD scholars and faculty. Twelve faculty members and eleven students participated. Outcomes of the program were as follows: The expert lecture covered the importance of oral presentation in research. The lecture included a compilation of various details to be worked upon while presenting research. It was divided into parts, from an impressive start to an impactful end. It also highlighted the importance of body language, voice, and breath control while presenting one's research. The interactions and inputs assisted the faculty and students in augmenting their learning about the subject. It was a very fruitful session for the PhD scholars, students, and faculty of MSAP, as the approach towards oral presentation of an entire PhD, comprising three to six years of work, was very well explored through the session.	
29	Dr Regina Johanna Hoffmann	MA, Delft University, Netherlands	A guest lecture by Dr Regina Johanna Hoffmann, MA, Delft University, Netherlands, on "Making Effective Oral Presentation" was held from 10:30 AM onwards (10:30 to 12:00 noon) at the Boardroom, MSAP, for PhD scholars and faculty. Twelve faculty members and eleven students participated. Outcomes of the program were: The expert lecture covered the importance of oral presentation in research. The lecture included a compilation of various details to be worked upon while presenting your research. It was divided into parts, from an impressive start to an impactful end. It also highlighted the importance of body language, voice, and breath control while presenting one's research. The interactions and inputs assisted the faculty and students in augmenting their learning about the subject. 30	Vidyalakshmi Selvam	Founder, studio PALMYRA	At MSAP Seminar Hall for BArch 2nd year, 3rd semester. It covered key principles like functionality, sustainability, and connectivity; emphasizing the integration of green spaces, accessibility, and cultural identity. It also explored challenges such as balancing tradition with modernity, incorporating technology, and designing for future sustainability and user well-being. Three faculties and 120 students participated. Outcomes of the programs were: The guest lecture on Campus Design & Landscape Planning focused on creating functional, sustainable, and inclusive campus environments. Key topics included integrating green spaces, accessibility, and technology, while balancing tradition with modernity. The speaker highlighted challenges like space constraints, budget limitations, and environmental factors. Various case examples were shared to illustrate these principles; the guest speaker also presented her ongoing projects to help students better understand the practical application of campus design concepts in real-world contexts.	21 August 2024
31	Dr Priya Joseph	Director at The Living Studio Architects. Faculty at Srishti Manipal Institute of Art, Design and Technology, MAHE	MUDD Thesis Preparation Seminar_Internal Review III External Jury at UGF-08, MSAP by Dr Priya Joseph, Director at The Living Studio Architects. Faculty at Srishti Manipal Institute of Art, Design and Technology, MAHE. As part of the internal assessment of the subject, Thesis Preparation Seminar, the external reviewer discussed the pre-thesis work. The works of students of MUDD were reviewed and discussed in detail in regard to the urban design thesis proposal as part of their coursework – Thesis Preparation Seminar. Seven faculties and twelve students participated. Outcomes of the programs were: students received a critical review of their urban design thesis proposals, and a way forward in terms of clarity, project definition, and research.	04 September 2024

Arch. III semester students. Prof. Ajit C. Madkaiker, Landscape Architect and Environment Planner from Pune to conduct expert lecture on the topic Current Trends in Green Building Rating Systems for MArch, 2nd year, III Semester students at MSAP Seminar Hall. Outcomes of the programs were - Ability to give details required to design an urban landscape. Understanding of various concepts & factors related to sustainability in urban landscape. One faculty and 12 students participated.	06 September 2024
34	Mr Viraj Chatterjee	Founder & Principal of ONE-Landscape – an International Boutique Design Studio practicing at Hong Kong	Guest lecture on landscape architecture for second-year third-semester BArch students by landscape architect Mr Viraj Chatterjee, founder and principal of ONE-Landscape – an international boutique design studio practising in Hong Kong with a master's in landscape architecture from Edinburgh, UK – at MSAP Seminar Hall. Outcomes of the program were learning outcomes: understanding fundamental landscape design concepts, exposure to real-world applications, inspiration from a holistic design philosophy, career guidance and motivation, and practical design techniques. Institutional outcomes: strengthened academic engagement, promotion of interdisciplinary learning, and encouragement of global perspectives. Mr Viraj Chatterjee, the founder and design principal of ONE-Landscape, delivered an inspiring lecture to the second-year architecture students, shedding light on the principles and practices of contemporary landscape architecture.	19 September 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
			Mr Chatterjee discussed the concept of his book, Color Trilogy in Landscape Design, co-authored with professors from Hanoi Architecture University. The book serves as a student-focused resource, outlining the fundamental steps in designing landscapes. He emphasized the importance of colour, texture, and spatial relationships in landscape design. Drawing from his book, he elaborated on the initial phases of landscape design, emphasizing site analysis, understanding cultural contexts, and developing a cohesive "big idea" to unify the design. These steps were highlighted as essential for creating user-centric, functional spaces. Mr Chatterjee shared several of his firm's projects across Asia, the Middle East, and Europe. Through these case studies, he demonstrated how concepts, designs, and detailing come together to create transformative outdoor environments. His approach to blending culture and site context into functional, aesthetic designs was a recurring theme. A significant portion of the lecture was devoted to explaining ONE's philosophy of "land-culture." Mr Chatterjee emphasized that drawing inspiration from the cultural and physical texture of a site leads to designs that resonate deeply with their surroundings and users. He shared insights from his career, including his architectural foundation and transition to landscape architecture. He spoke about how his dual perspective enables him to work holistically with multidisciplinary teams and foster innovative design thinking. The lecture concluded with a Q&A session where students engaged with Mr Chatterjee about the practical aspects of landscape architecture. His extensive experience, innovative philosophy, and passion for integrating cultural contexts into design left a lasting impression on the students, enriching their understanding of the field. The session was not only educational but also motivational, showcasing the

			limitless possibilities in landscape architecture. Twenty faculties and 118 students participated.	
35	Ar Subhrendu Das	Ar Subhrendu Das	Ar Subhrendu Das, Partner in practice design and Founder Partner at Studio ViVE, Kolkata, conducted an expert lecture on the topic Urban Context Studies for BArch, 5th year, 9th semester students at the Seminar Hall. The lecture was designed to enhance the understanding of urban-specific challenges, providing effective solutions drawn from case studies across various contexts. It delved into the design thinking process tailored for large-scale urban projects, incorporating a thorough examination of climate conditions in different countries. This comprehensive approach aimed to equip participants with the tools and insights necessary to address and solve complex urban issues effectively. Through a blend of theoretical knowledge and practical application, the session fostered a deeper comprehension of the dynamic interplay between urban environments and their unique climatic scenarios; enabling more sustainable and adaptive urban planning strategies. Outcomes of the programs were: Deeper Insight into Urban Challenges: Understand specific urban issues from global examples; Design Thinking Application: Learn to apply design thinking to large-scale urban projects; Climate Condition Awareness: Recognize the impact of varying climates on urban planning; Innovative Solutions: Develop and propose effective solutions based on case studies; Enhanced Planning Skills: Gain strategic planning skills for sustainable urban development; Cross-Disciplinary Perspectives: Acquire insights from various fields to enhance urban project approaches. 16 faculty members and 142 students participated.	30 September 2024
36	Indira Diana Orderique Oliveros	Associate Professor at the Escuela de Arquitectura y Urbanismo at	Online international guest lecture 'Architecture as a Catalyst for Positive Change: Addressing Social and Environmental Challenges in Perú' by	22 October 2024

		University Católica San Pablo (UCSP) Peru.	Indira Diana Orderique Oliveros; Associate Professor at the Escuela de Arquitectura y Urbanismo at University Católica San Pablo (UCSP), Peru. Talk by UCSP, Peru. This is a part of the international lecture series by Research and Collaborations at MSAP. Associate Professor at the Escuela de Arquitectura y Urbanismo at University Católica San Pablo (UCSP), Peru. Architect with honours from the University of Arizona. Master's in Sustainability in Architecture at the University of Arts in Linz, Austria (Base Habitat programs). Founder of RUMI, a studio specialising in bioconstruction and heritage restoration. Additionally, founder of Khunan Pacha, a cultural house dedicated to heritage preservation in Arequipa. She examined innovative projects that exemplify social equity and sustainability, highlighting how architects can create impactful solutions that resonate with local communities. Through case studies, she discussed the importance of integrating social responsibility into architectural practices and demonstrated how thoughtful design can foster resilience, inclusivity, and environmental stewardship. The outcomes of the programs were: 1. Knowledge of architectural practice in Perú; 2. Developments in low-cost architecture thought process.	
37	Professor Paul Sanders 	Chair of Architecture, Deakin University	A delegation from Deakin University, Australia, visited MSAP on 15 November 2024. The delegation included the following: 1. Professor Paul Sanders, Chair of Architecture, Deakin University; 2. Mr Stewart Seaton, Lecturer in the School of Architecture and Built Environment. Guest Lecture: Design for Circular Cities at Seminar Hall, MSAP. Talk by Deakin University. This was a part of the international lecture series by Research and Collaborations at MSAP. 1	Vidya Sagar Reddy G	Examiner for portfolio evaluation/viva voce at Nitte Institute of Architecture, Nitte, Mangalore	04 January 2024
2	Mr Amit Kinjawadekar	Felicitation at RESONANCE at Silver Jubilee Auditorium, GIT organized by the Department of Architecture at KLS's Gogte Institute of Technology, Belgaum	13 January 2024
3	MSAP VSO project Shiksha	MSAP VSO project Shiksha was conducted on Sunday, 28 January 2024, at Planet Mars Foundation, Santhekatte, Udupi, from 10.00 am to 12.00 pm. The participants were students of Planet Mars Foundation aged 7–15 years. As part of MAHE VSO objectives to impart skill sharing under the recently introduced initiative of Project Shiksha, which focuses on student volunteers conducting workshops to teach new skills to children in NGOs, MSAP VSO conducted a crochet workshop. In this workshop, student volunteer Ms Sharada Shetty led a hands-on crochet activity making placemats and coasters by upcycling old fabrics and clothes. She was joined by MSAP VSO students, who shared their skills with 26 students aged 7–14 years from Planet Mars NGO, Santhekatte, Udupi. The workshop lasted for two hours; students completed their projects by hand crocheting without the use of hooks. The idea was introduced to the students of Planet Mars to learn two skills: Hand Crocheting and Draw and Pass, with the majority opting for Hand Crocheting. Prior to the workshop, students were instructed to bring old fabrics such as T-shirts, dupattas, and unused clothes. The yarn for hand crocheting was made by ripping the fabrics into long strips with scissors and knotting them in a basic crochet stitch to make the coasters and placemats. Outcomes of the programs were: training on upcycling sustainable products using minimal tools; children learning a new skill in upcycling, which can be continued as a hobby; and demonstration and teaching of beginner-level crocheting techniques using old garments.	28 January 2024
4	Dr Shantharam Patil	Doctoral Advisory Committee meeting to evaluate the PhD Summary presentation of Ms Neethu Elizabeth John, Research Scholar (200900117) at Conference Room, Department of Civil Engineering, Academic Block – 2, MAHE, Manipal	03 February 2024

24	Mrs. Lulwa Khaleel	MSAP VSO Faculty Co-ordinator during MAHE VSO Annual Day SPARSH celebration hosted by MAHE, Manipal	31 May 2024
25	Mr Nikhil Surendra Kohale	External Examiner in connection with BArch NITTE, Mangalore at Nitte Institute of Architecture, paneer campus	01 June 2024
26	Dr Shantharam Patil	MTech (Structural Engineering) thesis evaluation and viva voce at Meeting room, Ground floor, KEF R&D Centre of Civil Engineering Department, MIT, Manipal, MAHE, Manipal	27 July 2024
27	Dr Shantharam Patil	MTech (Structural Engineering) thesis evaluation and viva voce of Gagan Patel B at Meeting room, Ground floor, KEF R&D Centre of Civil Engineering Department, MIT, Manipal, MAHE, Manipal	27 July 2024
28	Dr Shantharam Patil	Doctoral Advisory Committee meeting to evaluate the Fifth PhD progress presentation of Mr Gopal Bharamappa Bekkeri (210900105) at Conference Room, Department of Civil Engineering, AB 2, MIT, Manipal, MAHE, Manipal	01 August 2024
29	Dr Kirti Nishant Nikam	Expert lecture on “Problem solving and innovation” hosted by the RCOEMTechnology Business Incubators Foundation through Online mode at Incubation center. Outcomes of the programs were the expert lecture covered the importance of innovation in engineering and research. The lecture had a compilation of the various details to be worked upon while problem-solving. The lecture was divided into parts, from understanding the real problem to finding effective solutions. There could be different approaches to dealing with a problem but, lateral thinking provides the necessary support to opt for the appropriate solution. It also highlighted the various case studies that have proven to be successful in recent times. The interactions and inputs assisted the faculty, and students augment their learning about the subject. It was a very fruitful session for the students and faculty of Ramdeobaba College of engineering and Management, Nagpur as the approach towards Problem-solving and innovation was very well explored throughout the session. 4 faculty and 16 students participated.	10 August 2024
30	Dr Shantharam Patil	Doctoral Advisory Committee meeting (Synopsis) to evaluate the PhD synopsis presentation of Mr Avinash A R, (170900067) Asst. 57	Dr Kirti Nishant Nikam	Professor, MSAP delivered a guest lecture online on “Revolutionizing Urban Landscapes” through Online mode. The expert lecture covered the importance of	04 December 2024

Sl No	Name	Details	Date
		water conservation in the landscape. The lecture had a compilation of the various details to be worked upon while using hydroponic techniques for gardening in urban areas. The lecture was divided into parts, from understanding the urban food culture to growing your food in urban areas using hydroponic techniques. It also highlighted the various case studies that have proven to be successful in recent times. The interactions and inputs assisted the faculty and students in augmenting their learning about the subject. It was a very fruitful session for the students and faculty of the Department of Architecture, KITS, Ramtek, RTMNU, Nagpur as the approach towards 'Revolutionizing urban landscapes through advanced water conservation and Hydroponic techniques' was very well explored throughout the session. Four faculties and 20 students participated.	
58	Dr Kirti Nishant Nikam	Delivered a guest lecture (online) on "Revolutionizing Urban Landscapes through advanced water conservation and Hydrophonic techniques" organized by and to be held at Department of Architecture, Kavikulguru Institute of Technology & Science, Ramtek	04 December 2024

1	Matribhasha Day Celebrations	Nandana Prabhu K P, Associate Professor, T A Pai Management Institute, MAHE – guest speaker at event on Matra-Bhasha Diwas, celebrating the rich diversity of languages. International Mother Language (Matribhasha) Day Celebrations on 21 February 2024 – 3 Hour (4:30 PM – 7:30 PM) at Seminar Hall and Courtyard, MSAP, MAHE for students, faculties, and non-teaching staff: In a vibrant celebration of linguistic diversity, the student council of Manipal School of Architecture and Planning observed the Matribhasha (also spelled as Mathrubhasha or Matrabhasha) Diwas (Mother Tongue Day) on 21 February 2024 with fervour and enthusiasm. The campus came alive with a splurge of colours as students, faculty, and staff adorned themselves in their traditional cultural outfits, paying homage to the rich tapestry of languages that make our nation unique. The highlight of the event was a captivating guest lecture by Professor Nandana Prabhu, presently working as an Associate Professor at T A Pai Management Institute Manipal (TAPMI), MAHE, Manipal, who eloquently emphasized the pivotal role language plays in shaping our thoughts and understanding of the world. Prof Prabhu underscored the efficiency and depth of comprehension that come with education in one's mother tongue. To nurture creativity, competitions like doodle art and poetry writing were conducted, encouraging participants to express themselves in their own language, fostering a deep connection with their roots. The Matribhasha Diwas celebration at Manipal School of Architecture and Planning was a vibrant mosaic of linguistic pride and cultural unity.	21 February 2024
2	Opus 2024	Opus 2024, the annual day of Manipal School of Architecture and Planning for students, faculty, non-teaching staff, and students, was a vibrant celebration of talent and achievement. Students and faculty were recognized and awarded for their outstanding contributions and achievements throughout the year. The event also showcased the rich cultural diversity of the institute, with students and faculty displaying their talents in dance, music, and art. It was a joyous occasion that brought the entire MSAP community together to celebrate their successes and talents, creating unforgettable memories for all. Lt Gen Dr MD Venkatesh, Vice Chancellor, MAHE, was the chief guest. Outcomes of the programs were: The outcomes of the program demonstrated that Opus 2024 was a resounding success, with students and faculty coming together to celebrate their achievements and showcase their talents. The event fostered a sense of community and camaraderie among attendees, strengthening the bonds within the MSAP community. The awards given out recognized the hard work and dedication of students and faculty, inspiring them to continue striving for excellence. The cultural performances added a vibrant	24 February 2024

		and colourful dimension to the event, highlighting the diverse talents present at MSAP. Overall, Opus 2024 was a memorable and uplifting event that showcased the best of MSAP's student and faculty talents. Between 900 and 1,000 people attended. Faculty and students were awarded for their academic as well as co-curricular achievements in the event.	
3	Cultural Fest-AVANT & ZENITH	Cultural Fest – AVANT & ZENITH, MSAP at Dr TMA Pai Auditorium III Floor and Dr TMA Pai Hall II Floor, KMC, Manipal. Certificates of appreciation for Graphics Committee members and Reverb members, certificates for Council 2023–24, Investiture and introduction of Council 2024–25. Forum-wise performances, AVANT fashion show by the DOD students, and a sign-off performance by the Council 2023–24. The highly anticipated AVANT X ZENITH week kicked off with an exciting array of performances by Halcyon, Ailaan, and the 4th-year students, setting an energetic tone for the event. The formal proceedings commenced with the traditional lighting of the lamp and an instrumental invocation, followed by the introduction of the Guest of Honour, Ms Shefali Vasudev, who then delivered an inspiring address. Next, the Chief Guest, Dr Geetha Maiya, was introduced, leading to the certificate distribution ceremony. The program continued with the launch of the yearbook and the unveiling of the second edition of Reverb. The event then transitioned into the AVANT segment, followed by another round of captivating performances by Halcyon, Ailaan, and Aroha, culminating in the final formal segment of the day. This segment began with the presentation of certificates to the 2023–24 Student Council, followed by the much-anticipated Investiture Ceremony. The day concluded with a farewell performance by the outgoing 2023–24 Council, providing a memorable sign-off to an exhilarating program.	20 September 2024

6	Bharatiye Utsav 2024 	Manipal School of Architecture & Planning, in collaboration with the Department of Student Affairs, organized an event involving students to commemorate Bharatiya Utsav 2024, promoting awareness and understanding of India. The celebration of Subramania Bharati's birth anniversary through the Bharatiya Utsav was conducted online—Online Quiz at MSAP—utilizing Google Forms for a quiz-based engagement. This interactive approach allowed participants to test their knowledge about Bharati's contributions to India's independence, literature, and social reforms. The quiz served as a creative medium to promote awareness of his legacy among students. Outcomes of the programs were: an increased awareness about the significance of 11 December, marking the birth anniversary of the legendary Tamil poet, Subramania Bharati. The programs highlighted his immense contributions to literature, social reform, and patriotism; inspiring participants with his vision for equality and justice. It also fostered a sense of pride in Tamil heritage and cultural legacy, encouraging a deeper appreciation for his enduring impact on society. MSAP VSO project Shiksha for Students of Planet Mars Foundation aged 7-15 years at Planet Mars Foundation, Santhekatte, Udupi.

A three-day workshop using 3D printer by Ar Ramnath Nayak, Architect for 9th semester BArch students which is scheduled on 12, 13 and 14 September 2024 at MSAP.

MAHE Research Day 2024 at KMC Greens. MSAP won prizes.

Centre for Urban Studies

Address: Manipal School of Architecture and Planning,
Manipal Academy of Higher Education, Manipal, Udupi PO, Karnataka.
Phone Number: 8884214311
Email Centre: cus.msap@manipal.edu **Coordinator:** ujjwala.chourasia@manipal.edu

Year of Establishment of Centre: 2016

Name of the Coordinator: Ujjwala Chourasia

Brief about Centre:

Vision: To become a nodal point for interdisciplinary research on urban issues.

Mission: To address contemporary urban issues to ensure health, safety, and well-being for all.

Objective:

- To conduct research works on issues related to urban structure, urban growth, health, safety, environment, urban resources, basic services, affordable housing and others
- To continually engage citizens, government bodies and other stakeholders through interactive sessions on various urban issues for greater understanding of the same
- To disseminate knowledge gained through publications, seminars, conferences
- To undertake outreach programs for capacity building of stakeholders
- To undertake summer/winter schools and workshops
- To introduce interdisciplinary graduate and certificate courses

Activities at the centre:

- Ongoing work towards signing an MoU with Mangalore Smart City Limited for documentation of landmark projects undertaken by the Smart Cities Mission, under the Smart Cities and Academia towards Action & Research (SAAR) scheme of the Ministry of Housing and Urban Affairs (MoHUA).
- Initiated discussions on conducting a webinar for students on sustainable practices in cities, in collaboration with TERI School of Advanced Studies, New Delhi.

Any SDG-related activities:

Ongoing initiative of signing an MoU with Mangalore Smart City Limited for documentation of landmark projects undertaken by the Smart Cities Mission.

Centre for Inclusive Cities

Address: Manipal School of Architecture and Planning (MSAP), Behind 10th Block, MIT Hostels, MITCampus, Manipal Academy of Higher Education, Manipal 576 101, Karnataka State, India
Phone Number: 91-820-2924115/11
Email (Centre): centreinclusivecity@manipal.edu **Email (Coordinator):** puru.kesar@manipal.edu

Year of Establishment of the Centre: February 2023

Name of the Coordinator: Prof (Dr) Purushottam Kesar

Members: Prof Kumar Gaurav, Prof (Dr) Ketaki Chowkhani

Brief About the Centre:

Centre for Inclusive Cities aims to mainstream inclusivity alongside sustainability and equity as key pillars in city development processes. It focuses on cutting-edge research, global and local partnerships, integrating inclusive approaches into architecture, and urban planning education.

Vision:

To become a leading research centre engaged in cutting-edge research on the inclusive city agenda with comprehensive and multidisciplinary approaches.

Mission:

To mainstream inclusivity in urban development through innovative research, multidisciplinary collaboration, and capacity-building.

Objective:

To establish a Centre of Excellence that fosters research, partnerships, and education on inclusive city approaches.

Activities at the Centre:

- Seminars, dialogues, pre-conference meetings relating to agenda for making cities inclusive.

1. **Research Activities**

- Shaanti Spots: Research study conducted by faculty at Manipal Centre for Humanities (MCH) and faculty at 'Inclusive Cities' at MSAP (Ongoing)

Centre for Socio-Architectural Studies (CSAS)

Address: Manipal School of Architecture & Planning (MSAP), 8QRQ+CV9 Baliga Towers, Alevoor - Manipal Rd, opp. Royal Wines, Eshwar Nagar, Manipal, Karnataka 576104
Phone Number: 8105831256
Email (Centre): csas.msap@manipal.edu **Coordinator:** shanta.dash@manipal.edu

Year of Establishment of Centre: 2023

Name of the Coordinator: Dr Shanta Pragyan Dash, Associate Professor, MSAP

Members: Ms Ipsitaa Priyadarsini Das, Assistant Professor- Senior Scale (Associate Coordinator)

Brief About the Centre:

Vision:

- Develop a Centre of excellence for research and learning through a socio-architectural approach, enabling sustainable endeavours for societal well-being and community welfare.

Mission:

- Enable experiential learning and community engagement to encourage inclusive and sustainable design, incorporating the concept of "Social Architecture" and its practice in architectural design.
- Provide an international platform for interdisciplinary learning and collaborative research.

Objective:

- To become a nodal point towards undertaking research works on various societal issues related to rural and urban structures, health, safety, environment, basic services, and quality of life for vulnerable and minority groups, as well as capacity building of stakeholders towards community welfare.
- To carry out the practice and policy focused, multidisciplinary research and developmental community outreach activities in line with social sustainability.
- To collaborate with national and international institutes to target interdisciplinary research addressing areas of societal concern within the built environment.
- To build a research-based body of knowledge across all realms of anthropological, socio-cultural, qualitative, and quantitative experimental paradigms to support the social design process.

Activities at the center:

1. **Community Engagement & Outreach:**
   - Conducting workshops, seminars, and public lectures on various themes under the Centre.
   - Engaging with local communities for participatory design and planning through studio projects.
2. **Capacity Building & Skill Development:**
   - Hosting summer and winter schools on relevant socio-architectural themes.

Research Activities

1. **Research and Publications:**
   - Conducting interdisciplinary research on socio-architectural aspects.
   - Publishing research papers in indexed journals and conference proceedings.
3. **Academic Support and Student Research:**
   - Mentoring students in research dissertations and thesis projects and targeting the publication of their research works.
   - Engaging in sustainable development goals (SDGs) related to build environments.

Research Publications:

1. Transitional Spaces as an Integrated Design Approach Enhancing Social Cohesion in High-Rise Dwellings. Shanta Pragyan Dash, Akanksha Shetty. **(Book Chapter-Scopus)**

Centre for Studies in Allied Design, Built Heritage and Vernacular Architecture

Address: MSAP
Phone Number: 7799892428
Email Centre: sadbhava@manipal.edu **Coordinator Email**: trivikram.tn@manipal.edu

Year of Establishment of Centre: 2023
Name of the Coordinator: Ar T N Trivikram
Members: Prof Vidhya MS (Former Co-coordinator)
Brief about Centre:

Vision:
The centre envisions amplifying India's soft power on the global stage, presenting a unique perspective that harmonizes tradition with modernity.

Mission:
SADBHAVA aims to be the beacon of interdisciplinary excellence, bridging tradition and innovation while contributing to a broader understanding of design and heritage as instruments of national and global enrichment.

Objective:

- To facilitate an opportunity and an experience through **cultural immersion** through field visits, and summer schools in exploring Karnataka.
- To engage in events that **impart contemporary knowledge** through workshops and online courses.
- To **collaborate with statutory authorities and institutes** dealing in culture and heritage.
- To create a centre that can be approached for **advisory and consultancy services**.

Activities at the centre:

- Collaborated on Monsoon Studio, organized by Dr Deepta Satheesh as part of her Dr TMA Pai Endowment Chair Research, in June 2024.
- Organized a workshop and exhibition for World Photography Day in collaboration with the media team at MAHE and NIKON India, in August 2024.

Research Activities:
Working towards a workshop related to multisensoriality in urban spaces, scheduled in November 2025.

Center of Sustainable Built Environment

Address: MSAP, MAHE
Phone Number: 9652198484
Email (Centre): csbe@manipal.edu **Email (Coordinator):** jain.vaibhav@manipal.edu

Year of Establishment of the Centre: 2017
Name of the Coordinator: Vaibhav Jain
Members: Dr Vipin Tandon (Co-coordinator)

Brief About the Centre:

Vision:

1. State-of-the-art research and consulting in the domain of the sustainable built environment

Mission:

1. To establish an interdisciplinary research and consulting facility and develop it into a Centre of Excellence.
2. To undertake projects related to energy-efficient planning, design, and construction practices in the built environment.
3. To foster innovation, such as developing tools and fabricating system prototypes, to address existing industry requirements.

Objectives:

1. To undertake research related to energy-efficient building design, building energy simulation, building envelope optimization, thermal comfort, and renewable energy.
2. To provide consulting services in the built environment related to the building industry and real estate sector.
3. To foster innovation, such as developing tools and fabricating system prototypes, to address existing industry requirements.

Activities at the Centre: Research and Consulting

Research Activities: Refer below publications

1. Evolution of Microstructure and Crystallographic Texture in Deformed and Annealed BCC Metals and Alloys: A Review
2. Comparative Analysis of Bellman-Ford and Dijkstra's Algorithms for Optimal Evacuation Route Planning in Multifloored Buildings
3. Influence of Inconel Interlayer on Microstructural, Mechanical, and Electrochemical Characteristics in Single-Pass ATIG Welding of Dissimilar Austenitic and Duplex Stainless Steel
4. Enhancing Microstructure and Mechanical Properties of Dissimilar TIG Welded Duplex 2205 and Ni-Based Inconel 718 Superalloy through Post-Weld Heat Treatment
5. Microstructure and Texture Evolution in Thermomechanically Processed FCC Metals and Alloys: A Review
6. Cold Metal Transfer Welding of Ferritic and Austenitic Stainless Steel: Microstructural, Mechanical, and Electrochemical Studies

Master's Thesis (ongoing):

1. Relation between Views from Buildings and Cognitive Performance of Building Occupants
2. Analysis of Elevated CO_2 in Single-Family Residences in Udupi

3	Fabrication of pilot model for cost-effective and modular construction worker's housing	Solar Decathlon India	Vaibhav Jain (Faculty Coordinator, Team Kalpana, SDI 2025)	7,500	2024

Srishti Manipal Institute of Arts, Design & Technology, Bengaluru

Address: MAHE Bengaluru Campus Govindapura Yelahanka, Bengaluru 5600064
Phone Number: +91 80 24497101/02
Email (Office): kala.nair@manipal.edu **Director:** director.smi@manipal.edu

Name of the Director: Dr Arindam Das

Established: 2020

Details of Programs Offered by the Institution:

Undergraduate: Study

- Bachelor of Vocation (BVoc)
- Bachelor of Design (BDes)
- Bachelor of Fine Arts (BFA)

Postgraduate Study

PG Diploma Program - Finish, Bridge

Master of Design (MDes)

Master of Arts (MA)

Doctoral Study

Doctoral Program in Art, Design, and Transdisciplinary Studies

Award: PhD

About the Institution/School:

"Creative Competence – Ahead of the Curve" with nearly three decades of building vibrant and resilient communities of practice, Srishti has developed a distinctive multi-dimensional approach to capability development and is committed to building creative competencies ahead of the curve. Our vision is to foster a community of practitioners who collectively work towards generating and sustaining creative impact across widespread and interlinked domains for better tomorrows. Our academic programs reflect the breadth of our vision. We are committed to catering to the whole spectrum and ecosystem of capabilities. Our programs offer opportunities to make a creative impact at different levels of practice through capabilities developed in the areas of law, environment and policy, media art and sciences, education and development, and business and the humanities. The learning process at SMIADT is transdisciplinary and draws upon the disciplines of art, design, and technology synergistically. Conventional perspectives on sense-making, problem-framing, and envisioning are complemented by new methods and approaches informed by the intersections of art, design, and technology. SMI's formative matrix of highly skilled art and design professionals, educators, scholars, researchers, and a vibrant and engaged student body is deeply networked with local, regional, and global communities. Dynamic exchanges with various networks ensure that the pedagogies offered through our programs are constantly renewed by our connections with these networks. We actively support and encourage the development of networks across a range of disciplines that forge relationships, augmenting the impact made through our academic program.

Institutional Activities/Curricular Activities
New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	MA in Contemporary Art Practices: The MA in Contemporary Art Practice (CAP) is the first program of its kind in India, which equips students with transdisciplinary skills and knowledge to engage in contemporary art, cultural production, and societal issues in the region and transnationally. The program fosters students' artistic and humanistic sensibilities and builds practical expertise for careers in various arts and cultural organizations, including GLAM (Galleries, Libraries, Archives, and Museums) institutions, as well as academia. The program promotes a global and historical context of art and encourages community engagement for social impact, emphasizing the relationship of the arts (including contemporary art) to technology and social justice.	Vision: The CAP is rooted in making, theorizing, and researching art and cultural production in society. By working across a range of practices in the fields of fine arts, including public art, performance, film, and digital humanities, students will be encouraged to explore transdisciplinary methodologies towards nurturing their own artistic and humanistic sensibilities and skills. These explorations will draw from art history, media and cultural studies, translation and literary studies, critical technology studies, and gender and sexuality studies. The program will prepare students for careers in arts and cultural institutions, academia, publishing, galleries, archives, and cultural platforms. It offers an exceptional opportunity to further studies in the historical, cultural, and political contexts of South Asia and its connections with the rest of the world. Through creative inquiry-based learning and community engagements, this program embodies the interconnectedness of the arts, technology, and society.	10 April 2024 to 31 May 2025

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	MAHE Bengaluru Campus Bird Count 2024	As part of the Great Backyard Bird Count 2024 initiative across the world, we hosted the first-ever Backyard Bird Count at the MAHE Bengaluru Campus. The event was led by Dr Chandrima Home, (SMI) and Ms Mittal Gala (Nature Conservation Foundation) at MAHE Bengaluru Campus Main Gate from 07:00 AM - 09:00 AM	19 February 2024
2	Training and Competition for State Level of National Skill Development Corporation	Ms Ritu Sonalika conducted Training and Competition for State Level of National Skill Development Corporation (NSDC) for Industrial Design and Technology. (IDT SKILL) https://worldskillsindia.co.in/	06 to 09 March 2024
3	Kinship Workshop	Dr Deepta Sateesh conducted a Kinship Workshop in Kundapura. Partner: FSL-India.	01 and 02 April 2024

Sl No	Activity	Particulars	Date(s)
4	Croak, croak, croak: When a frog croaks, what does it mean?	Dr K V Gururaja Invited lecture in Wetland Ecology, Biodiversity, and Conservation.	03 June 2024
5	Introduction to amphibians	Dr K V Gururaja, Resource person at The Naturalist School, Bannerghatta	11 June 2024
6	Frogwalk at Mannapaapu Mane	Dr K V Gururaja	15 to 17 June 2024
7	Frogwalk at Kadra	Dr K V Gururaja	19 June 2024
8	Frogwatch at Bisle	Dr K V Gururaja	21 to 23 June 2024
9	Living Libraries	Professor Niret Alva and Senior Designer Yash Bhandari, The Living Library initiative aims to bring together Naturalists, Educators, creatives, and expert learners of all ages for a long-term term community-led participatory program rooted in Nature Education. With this initiative, we aim to share, emerge with a set of tools, methods to engage the community to develop a deeper understanding of our shared ecology and shared planet.	27 July 2024

Details of Guest Visit (lectures, collaboration, visitors on campus)
Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Dr Takashi Ikegami	University of Tokyo	Talk: "Artificial Life Unveiled: What does it teach us about human evolution? What distinguishes ALife (Artificial Life) from AI? Why can't ALife still become life?" This talk aims to explore these questions in light of recent developments in ALIFE. ALIFE is an academic field that questions the nature of life itself. Consider a thought experiment: two sealed jars contain water, fish eggs, and seeds of aquatic plants. These jars are placed where they can receive adequate sunlight. However, in one jar, the DNA sequences of the fish eggs and plant seeds are randomly altered. As a result, one jar develops a healthy ecosystem, while the other turns into a black sludge. This suggests that life may be a matter of information or computation. With the advent of Large Language Models (LLMs), it feels as if anyone can write code. Is the world made of code?	23 January 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
2	Mr Tushar Pandey	The Drama Schools Mumbai Foundation	Workshop This one-day workshop will focus on the principle of artists' readiness. The source of finding the most creative and honest self is when the being is fully ready to imbibe and reflect on the moment and their impulse. Using elements from Jacques Lecoq's neutral mask and exploration of 'Rasa (emotive states), the aim is to explore the possibilities and various levels of tension we hold within our body, voice, and mind—these often stop us from being wholeheartedly ready. Understanding different levels of tension unlocks the capacity to generate emotions authentically and helps communicate them perfectly to the audience/viewer. This workshop will help the artist find their personal state of readiness and expressiveness.	11 February 2024
3	Dr Sayan Dey	Alliance University, Bengaluru	Documenting Communities and Cultures "In a lot of circumstances, community-based research approaches continue to be invasive, exclusionary, and hierarchized in nature. Such a colonial/capitalistic approach is highly problematic and needs to be thoroughly interrogated. It is true that such an approach has already been interrogated, but more innovative and inclusive research avenues need to be generated. As a part of the process, this talk will explore the possibilities of how to collaborate with communities in more active and horizontal ways, where during the process of documentation, the community can play an active role throughout the knowledge production process. The documentation processes will be explored through the methods of intersectionality, envoicement, and the walking method. The discussions around these research methods would meticulously touch upon the ways of walking into communities, interacting with them, sharing questions with them, and navigating through the pauses, silences, and tensions."	09 May 2024 to 09 May 2025
4	Jayant Kaikini	Independent Writer/Poet	Stories beyond Region, Jayant Kaikini is one of the highly acclaimed contemporary Indian writers. Kaikini's writings offer a 'compassionate gaze' on the people of Mumbai (No Presents Please), whose words capture 'moments of transcendence' in the din of Mumbai routines (Mithun Number Two), and whose lyrical musings of love transport one to a world of beauty and fantasy	04 September 2024 to 04 September 2025
5	Mr Anand Patwardhan	Film Maker	The World is Family (2003), Film Screening	14 October 2024
6	Dr Susan Potter	Queer and Feminist Studies, Film Studies, Documentary Theory and Practice University of Sydney	Visit and workshop	28 October 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
7	Manavi Atri	Alternative Law Forum	"Data Privacy and the Indian Context: A legal perspective": In her talk, lawyer Manavi Atri will address data privacy laws in India and discuss what implications the laws have for research ethics. She will introduce the concept of privacy and how it is addressed in the Indian constitution. The talk will focus on questions of privacy in relation to the ethics of primary research, including interviews, observations in public or private settings, photography and video recording, and confidentiality of research interviewees."	30 October 2024
8	Dr Suhel Quader	Nature Conservation Foundation	The talk "How citizen science can change the world" will address the idea of citizen science or public participation in scientific research. How can meaningful research be done with public participation? What kinds of questions are amenable to this approach? What are the barriers and the opportunities? And how might all this prompt us to think slightly differently about the roles of the public/amateurs as opposed to scientists/professionals in the research endeavour? The speaker will discuss these questions by drawing from 15 years of his involvement with citizen science in India and will attempt to sketch some ideas for the future	20 November 2024
9	Dhara Mehrotra	Artist	Talk Fabric of Life Artist Dhara Mehrotra will talk about her process that employs recursive weaving of interconnected strands as networks. She uses natural materials such as fiber, jute, coir, and yarns, implying an amorphous shape, possible textures, and surface to the abstract/unknown. These gradually form as a build-up towards a larger fabric of life, in all its fragility and noise, constituting the warps and wefts of information and living and passed on memories self-organized in the system. These fragile, complex, continued, and layered interactions are possibly what facilitates the sustenance of the tapestry of landscape. Please find the poster attached herewith.	19 December 2024

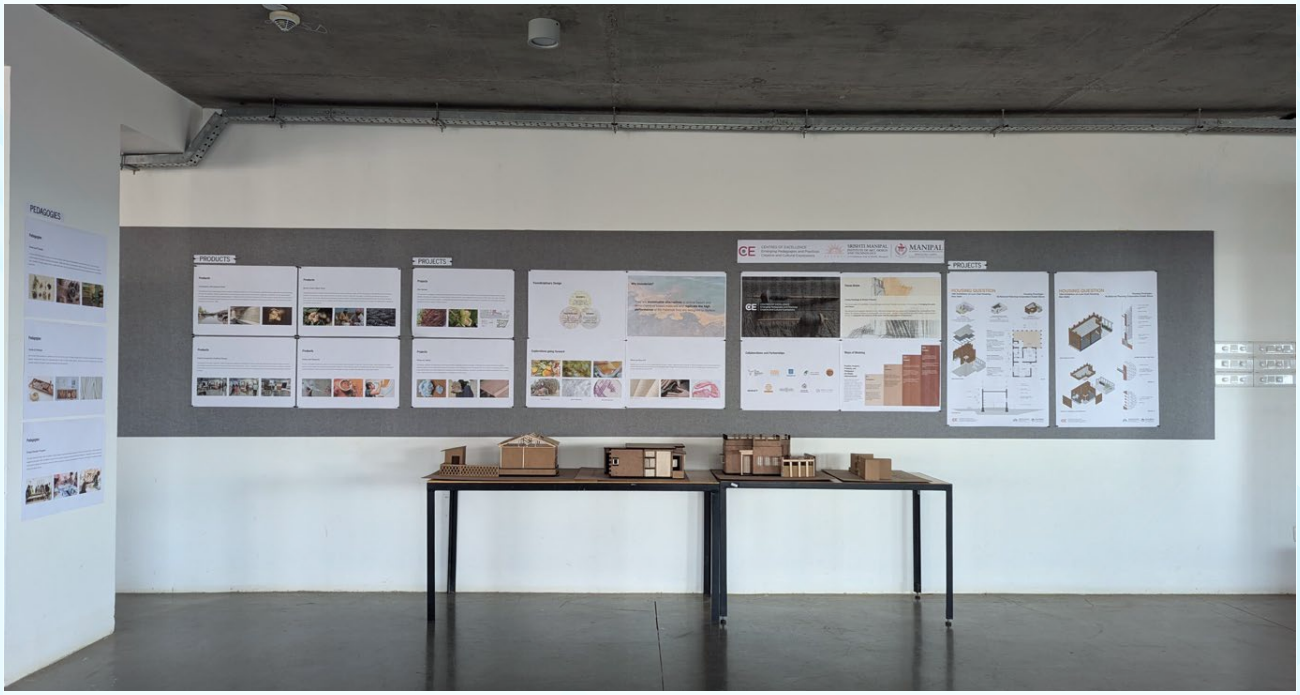
Centre for Emerging Pedagogies and Practices

Address: 507 Rizq, SMI, MAHE, Bengaluru, Govindpura, Bengaluru
Email (Centre): coe.smi@manipal.edu **Coordinator**: pithamber.polsani@manipal.edu



Year of Establishment of the Centre: May 2024
Name of the Coordinator: Dr Pithamber R Polsani

Members:
Dr Pithamber R Polsani
Saumya Singh

Brief About the Centre:
Vision:
The Centre of Excellence (CoE) for Emerging Pedagogies and Practices aims to develop, promote, and disseminate new pedagogies and practices in art, design, and other creative fields.

Mission:
The cutting-edge agenda promoted by the CoE is transdisciplinary and as a frontier of new knowledge, it will bring together multiple disciplines and practices on a common platform to generate new and innovative methodologies and conceptual and theoretical approaches towards resolving common problems faced by emerging societies. It will build accessible and shared learning domains and formulate multidisciplinary approaches to designing dynamic curriculum, and pedagogy. The CoEs in their practice, research, and scholarship will draw both, on Indian vernacular and traditional imaginative forms of production as well as new technologies, and contemporary and experimental expressions.

Objectives:
Interconnected: Practice, Projects, Products, and Pedagogies
Projects often result in tangible outputs such as products, processes, research papers, or new pedagogies. In turn, pedagogies can be developed around the creation of products, where the act of making itself becomes a valuable learning process. Moreover, pedagogical innovations can open new avenues and approaches, eventually evolving into formal degree programs at both undergraduate and postgraduate levels. Practice is deploying assets generated through projects, products, and pedagogies for revenue generation.

- **Pedagogies**: Structured educational experiences, such as workshops or short-term courses, with a clear focus on experimentation and teaching.

- **Products**: Physical or digital creations developed with a clear purpose and designed for immediate application.

- **Projects**: Comprehensive, long-term initiatives focused on research and exploration. Designed to address future-oriented challenges and typically

involves deep investigation, iterative experimentation, and strategic planning.

- **Practice**: Involves leveraging specialized expertise to generate revenue by engaging with selected external clients.

Activities at the Centre:

1. *Spinning Circle*:
This program introduces students and staff to the ancient practice of hand spinning. Using the Box Charkha, participants embraced this traditional Indian method of spinning cotton into yarn. Over 95 hours were collectively spent learning and practicing spinning every week, fostering mindfulness and physical coordination.

2. *Design Educators Program*:
This program aims to build a robust Design Education and Research community in South Asia. It offers specialized courses for art and design educators and researchers while fostering an online and offline collaborative environment for knowledge sharing and growth.

3. *Brown Cotton, Black Wool*:
Building on the success of a prior showcase, the CoE is preparing an expanded exhibition narrating the rich histories of Black Wool from the Deccan and Brown Cotton from Karnataka. This exhibition will spotlight the journey from field to finished product, honouring the individuals involved in cultivation, processing, and craftsmanship.

Coming Up Next:

6. *Roots and Threads - A Journey into Natural Dyeing and Fibres*:
A week-long summer workshop in June 2025 for art and design students. This hands-on program explores dye gardening, natural dye creation, and textile dyeing. Participants will earn credits and receive certificates, gaining practical experience in sustainable textile practices.

Research Activities

1. *Material Futures*:
This initiative focuses on biobased and organism-grown materials that are resource-efficient and biodegradable. It aims to establish a materials experimentation lab for developing sustainable alternatives to synthetic materials reliant on fossil fuels.
2. *The Housing Question*:
This project critically examines urbanism in India through the lens of housing. By exploring the house as both a physical and social construct, it addresses challenges in urbanization, inequality, and access, proposing sustainable and equitable solutions.
3. *Fibres to Fabric*:
This initiative advocates for sustainable material ecosystems by prioritizing regenerative fibres over synthetic materials. It promotes heritage-based craft traditions and innovations that balance ecological and economic sustainability, fostering healthier production cycles.

List of ongoing projects/research grants:

Sl No	Title	Funding Agency	Name of the PI	Amount (INR)	Date
1.	Modular Museum Solutions	Param Foundation	Pithamber R Polsani	3,00,000	April-June 2024

Centre for Creative and Cultural Expressions

Address: 507 Rizq, SMI, MAHE, Bengaluru, Govindpura, Bengaluru
Email (Centre): coe.smi@manipal.edu **Coordinator**: pithamber.polsani@manipal.edu

Year of Establishment of the Centre: May 2024

Name of the Coordinator: Dr Pithamber R Polsani

Members:

Dr Pithamber R Polsani

Ms Saumya Singh

Brief About the Centre:

Vision:

The Centre of Excellence (CoE) for Creative and Cultural Expressions strives to position creativity and culture as key drivers of economic growth and societal well-being. By fostering innovative thinking, nurturing creative practices, and enabling sustainable environments, we empower the creative industries to shape consciousness and inspire transformation. As part of an Institute of Eminence (IoE), we are committed to generating and disseminating impactful ideas that redefine the role of creativity and culture in shaping the future.

Mission:

The Centre envisions a future where creativity and culture are central to shaping resilient economies, empowering communities, and addressing the challenges of a rapidly evolving world. By advancing interdisciplinary collaboration, nurturing creative talent, and pioneering transformative ideas, we aspire to redefine the role of culture and creativity as catalysts for positive change and lasting impact.

Objectives:

Interconnected: Practice, Projects, Products, and Pedagogies

Projects often result in tangible outputs such as products, processes, research papers, or new pedagogies. In turn, pedagogies can be developed around the creation of products, where the act of making itself becomes a valuable learning process. Moreover, pedagogical innovations can open new avenues and approaches, eventually evolving into formal degree programs at both undergraduate and postgraduate levels. Practice is deploying assets generated through projects, products, and pedagogies for revenue generation.

- **Pedagogies**: Structured educational experiences, such as workshops or short-term courses, with a clear focus on experimentation and teaching.
- **Products**: Physical or digital creations developed with a clear purpose and designed for immediate application.
- **Projects**: Comprehensive, long-term initiatives focused on research and exploration. Designed to address future-oriented challenges and typically involves deep investigation, iterative experimentation, and strategic planning.
- **Practice**: Involves leveraging specialized expertise to generate revenue by engaging with selected external clients.

Activities at the Centre:

1. *Fabric Footprints - Crafting Change*:

This exhibition highlighted the transformation of sustainable local materials through various processing stages. It showcased stories of Deccani wool and naturally coloured brown cotton in collaboration with the Centre for Pastoralism and Kandu. Organized with Art in Transit, the first edition coincided with Gandhi Jayanti at Bengaluru's Cubbon Park Metro Station, illustrating the journey from raw fibres to finished materials.

2. *Interim Course - Crafting with Nature*:

Between 25th November and 21st December 2024, students explored artistic expression through natural fibres and pigments. Guided by senior and junior artists, participants created installations, murals, sculptures, and art pieces that celebrated the unique properties of these materials.

Coming-up next:

1. *Dye Garden*:

The Dye Garden integrates the cultivation of colour-yielding plants into a pedagogical model focused on fibres, dyes, and textiles. This hands-on approach enhances students' understanding of sustainable practices while fostering appreciation for the ecological and cultural significance of natural materials.

Manipal Centre for DWEEPA (Design With Environment through Education, Planning and Advocacy)

Address: MAHE Bengaluru Off-Campus
Phone Number: +91-9900263809 (Deepta Sateesh)
Email (Centre): dweepa.maheblr@manipal.edu **Email (Coordinator):** deepta.sateesh@manipal.edu

Year of Establishment of the Centre: 2023 (November)
Name of the Coordinator: Dr Deepta Sateesh
Name of the Co-cordinator: Dr Meera Baindur
Team Member: Dr Hariharan T S

Brief About the Centre:

Vision:

The Manipal Centre for Design With Environment through Education, Planning & Advocacy (DWEEPA) will be a world-class space for practice-based research, environmental education, and local action that responds to contemporary environmental conflicts through transdisciplinary approaches and situated practices, in order to build nature-culture synchronicities. The Centre will be a pioneer in design-led research for sustainable and resilient futures, and will drive change on the ground through practice/engagement, using new eco-pedagogies, policy propositions, and planning and design interventions.

Design with Environment – A Philosophy of Habitation in the World

Today, we are faced with complex issues in human habitats that are entwined with climate change; these stem from alienation from climate and nature in general. What humans know as nature and other beings is in 'crisis'. We need design imaginations and design thinking to better understand the complexities and multi-layered issues and respond with greater rigour and sensitivity. It is believed that design research and creative practices create transdisciplinary modes to respond with and through, generating new knowledges. Manipal Centre for DWEEPA is:

- The only research centre in Asia engaged in Design with Environment
- Anchored in Transdisciplinary Research that brings together Environmental Humanities, Philosophy, Complexity and Critical Thinking and Creative Practices
- Embedded in Creative Practices that include Situated (Traditional) Knowledges, Environmental Philosophy and Indian Knowledge Systems
- Engaged with Design for Policy and Advocacy. The Centre is actively involved on the ground through Public Engagement, with an intended outcome and impact on Innovation of policy and environmental law.

Mission:

The mission of the centre is to be a Centre of Excellence that will carry out design-led research projects and educational programs on Sustainable Environment Futures. These will include the intricate and intimate relations between nature and culture, respond with changing terrain, and consider the participation of human and more-than-human communities. The Centre's impact is oriented towards community-led sustainable initiatives, as well as planning and design of context-sensitive environmental policies, eco-pedagogies, and building of new/innovative research practices and methods, through a unique methodology of design research.

Objectives:

The centre will work in the areas of sustainability and resilience, social and ecological justice, and academic thought (to impact planning and policy). The objectives of the centre are multiple:

1. To engage in context-based transdisciplinary research in the environment and communities, to impact local communities and their sustainable futures – livelihoods, food, water, biodiversity, infrastructures, etc.
2. To conduct educational and outreach work through events, programs with key partners on the ground, and training young researchers
3. To participate in advocacy and influence environmental policies, at the local, regional, and global levels with/through local communities and local governance
4. To develop new practice-based creative methodologies and methods - of seeing, recording and engaging in the environment and cultures, devising creative more-than-human approaches to research and understanding complex places, and design sensitive interventions
5. To develop and connect with diverse networks and build action-oriented collaborations
6. To communicate findings to a wide audience including students, scholars and society, through multiple practices of research and diverse forms of outputs (media and events); and build critical and cutting-edge scholarship on concerns with environment and ecology (publications)

Activities at the Centre:

- Environmental Research (each scholar is involved in research manifesting in publications and other forms of research outputs)
- Design Research (bringing design thinking and processes as fundamental to environmental research)
- Projects (Rewilding Task Force MAHE Bengaluru; Gantiganahalli kere and water)
- Pedagogy (Monsoon School and MA planning)
- Residency Program (International Visiting Faculty)

Research Activities

- Conferences

1. 5th ASLE ASEAN Conference 2023, Chiang Rai, Thailand

23-25 November 2023

Presenter: Dr Deepta Sateesh

Title of Presentation: "Inhabiting Thresholds – Transhuman Practices and Relations across Anchors of Wetness"

Type of presentation: In-person paper presentation, supported by FDP, MAHE.

2. More than Human: Non-Western Philosophies and the Environment, Antwerp, Belgium

14-15 May 2024

Keynote Speaker: Dr Meera Baindur

Title of Presentation: Beings of the Earth: Nature as Experience in Indian Philosophy

Type of Presentation: Keynote Address, in-person.

3. Ecosophy Workshop, The Labyrinth, Zagarolo, Italy

26-30 September 2024

Presenter: Dr Deepta Sateesh

Organizer: Interstices: Center for Transversal Thinking in collaboration with the Alain Daniélou Foundation

Type of presentation: In-person paper presentation, supported by FDP, MAHE.

"Malekaadina Kathegalu – Stories of the Rainforest"

Bengaluru Literature Festival - Children's Workshop:

On 3 December 2023, Dr Sateesh and Ms Tewari conducted a workshop at the Children's Literature Fun of the Bengaluru Literature Festival, held at the Lalit Ashok Hotel, Bengaluru , India. The event was used to promote the storybook, as well as art and design research and storytelling as a medium of learning about places and their inhabitants.

Storybook News Article:

A news article was published by The Print in February 2024, on the storybook's release and significance. This is the link: https://theprint.in/india/book-uses-fictional-story-to-tell-about-life-in-rainforests-of-western-ghats/1961893/

Any SDG-related activities:

All our work is related to the SDGs, in particular the following:

Specifically, collaborations have been initiated amongst the following organizations towards

cooperation on projects and research, related to the above SDGs:
University of Westminster, UK
University of Edinburgh, UK

FSL-India, Kundapura and Bengaluru
SADBHAVA Centre, MSAP, Manipal
Centre for Sustainability, TAPMI, Manipal

5th Ecocritical Conference

Manipal School of Information Sciences, Manipal

Address: Lower Ground 02, Academic Block 05, MIT Campus, Manipal 576 104
Phone Number: +91 820 2571914/2925031/2925032
Email-Office: director.msis@manipal.edu **Director:** keerthana.prasad@manipal.edu

Name of the Director: Dr Keerthana Jayadeva Prasad

Established: 1998

Details of programs offered by the Institution:

Master of Engineering - ME (VLSI Design)
Master of Engineering - ME (Embedded Systems)
Master of Engineering - ME (Big Data Analytics)
Master of Engineering - ME (Cloud Computing)
Master of Engineering - ME (Artificial Intelligence and Machine Learning)
Master of Engineering - ME (Cyber Security)
Master of Engineering - ME (Microelectronics and VLSI Technology)

About Institution/School:

Manipal School of Information Sciences (MSIS) formerly known as Manipal Centre for Information Science (MCIS) is an ISO 9001:2015 and ISO 14001:2015 certified institute. It was set up in the year 1998. MSIS is one of the few institutes in India to run purely PG programs in the niche areas of engineering for the last 25 years. MSIS is an industry driven state-of-the-art training institute of excellence initially started with MS Medical Software in collaboration with Wipro GE Medical Systems. Since its inception, the institute has been continuously striving for excellence in education, training, and research with a mission of offering value-based education. MSIS has been conducting ME courses in highly specialized areas like VLSI Design, Microelectronics, VLSI Technology, Embedded Systems, Big Data Analytics, Artificial Intelligence and Machine Learning, Cyber Security, and Cloud Computing. At MSIS, we create a vibrant organization where creativity and discipline balance equally. The conception of the institute is to bridge the gap between academia and industry, by training, engineers through postgraduate programs, and imparting practical and soft skills.

Institutional Activities/Curricular Activities:
New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Memorandum of Understanding between Manipal Academy of Higher Education (MAHE) and École supérieure d'ingénieurs en génie électrique - ESIGELEC, France.	Agreement signed between MAHE and École supérieure d'ingénieurs en génie électrique - ESIGELEC, France for staff/student exchange program related to MSIS for ten years.	03 April 2024 to 07 April 2034
2	Efrei University - Study abroad program (SAP)	Restarted the SAP with Efrei University, Paris, France. A group of international students from Efrei France visited MAHE by choosing MSIS as their most preferred institute in India under the SAP to complete a semester of exchange abroad at a partner university.	05 September 2024 to 10 December 2024
3	ME in Computer Science and Engineering	The academic year 2025 onwards	16 September 2024
4	MBA (Artificial Intelligence and Data Science) TAPMI-MSIS collaborative program	MBA (Artificial Intelligence and Data Science) TAPMI-MSIS collaborative program from the academic year 2025-26 onwards.	16 September 2024
5	ME (Automotive Embedded Systems) with ESIGELEC, France (SAP)	Restarting the program from the academic year 2025 onwards	16 September 2024

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Campaign Mera Pehla Vote - Desh Ke Liye observed at MSIS	A campaign for the biggest festival of democracy, the 18th Lok Sabha Election to inspire young voters to cast their vote. It is a feeling of patriotism, a call to responsibility, a chance to build the nation.	07 March 2024
2	Live streaming of the Hon'ble Prime Minister's speech on the YouTube Channel @NarendraModi on India's Techade- Chips for Viksit Bharat	The Prime Minister, Shri Narendra Modi addressed the 'India's Techade: Chips for Viksit Bharat' program and laid the foundation stone for three semiconductor projects worth about Rs 1.25 lakh crores via video conferencing.	13 March 2024
3	MSIS Retreat	MSIS held its annual retreat on Panchjanya Cruise, Udupi, with all the faculties and staff of MSIS, discussing the initiatives and suggestions to achieve the institution's goals with necessary action plans and timelines as part of the MSIS annual retreat.	25 March 2024
4	Swachhatha Hi-Seva Cleaning Camp	As part of this Swachhatha Hi-Seva Campaign, our students and staff participated in the activity and arranged for a clean sweep at Padukere Beach, Udupi. Dr Raghavendra Prabhu and Dr Darryl Jeethesh D'Souza, Faculty, MSIS initiated this activity.	04 October 2024

Sl No	Activity	Particulars	Date(s)
5	Ayurveda for Health	Arranged an educational awareness program on "Ayurveda for Health" at SDM Ayurveda College, Kuthpady, Udupi for the students under SAP, Efrei University, Paris, France.	22 November 2024
6	Awareness program on Yoga	Arranged an awareness program on Yoga for the students under SAP, at Efrei University, Paris, France.	23 November 2024
7	Educational Awareness - Agumbe Rainforest Research Station	Arranged an educational awareness trip to Agumbe Rainforest Research Station (ARRS) for the students under SAP at Efrei University, Paris, France.	29 November 2024

Details of guest visits (lectures, collaboration, visitors on campus)
Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Dr G S Javed	Analog Design Manager, Intel Bengaluru	Technical Workshop/Guest Lecture on Introduction to Analogue Designs (online mode)	13 January 2024
2	Mr Dsnirl Tackage, Global Partnership Manager, Dr Amit Srivastava, Director (India), CAMEA, Professor Kannan Govindan, Director, Centre for Sustainable Operations	The University of Adelaide, Australia	A delegation from The University of Adelaide, Australia visited MSIS and had an hour-long discussion on student exchange, funding opportunities, and collaborative research in the areas of mutual interest and strength. Dr Keerthana Prasad, Dr Prashanth Shetty, and Dr Ravindra participated in the discussion.	18 January 2024
3	Mr Raghunandan Mysore Seshadri	Cyber Security and IT Expert at McAfee	Tech-Talk on "Opportunity, Challenges and Preparedness in IT"	28 March 2024
4	Mr Vishveshwara Sharma	Senior Product Security Engineer, Mozarc Medical India Pvt Ltd, Bengaluru	Technical talk on "Practical Penetration Testing" for the students of the ME (Cyber Security) program.	06 April 2024
5	Mr Cyril Marteaux, Director of Training and International Affairs, and	ESIGELEC, France	A delegation from ESIGELEC, France visited to discuss academic collaboration.	08 April 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
	Ms Vidya Suresh, Head - South Asia Office			
6	Mr Liber Malichi (Israel) and Mr Markus Aigner (Austria)	Ariel University and Montan Universitat Leoben	To attend the course on "Deep Learning Principles and Applications" at MSIS as part of Manipal International Summer School - 2024. Prof Sudarsan N S Acharya, Faculty, MSIS was the resource person for this course.	15 to 26 July 2024
7	Dr Chaithanya CVS	Synopsys India Ltd, Bengaluru	A talk on "How to attain industry readiness? - VLSI perspective	19 August 2024
8	Mr Ganesh Kamath	Intel	A technical talk on "Socket Programming" for ME (Embedded Systems) students	29 August 2024
9	Mr Chiranjeevi T R	Generative AI Specialist, Google	Technical talk/workshop on "Generative AI"	31 August 2024 to 01 September 2024
10	Dr Johnblack K Kabukye	Medical Doctor and Informatician, Uganda Cancer Institute	International faculty at MSIS, MAHE to focus on research and collaborations in MedTech	09 September 2024 to 04 October 2024
11	Mr Shiva Prasada	Technical Program Manager, Google	Technical talk on "Current advancement and various roles/job profiles in the VLSI industry"	08 November 2024
12	Mrs Delphine Delarue, Head of International Group Mobility	EFREI University, Paris, France	To interact with Efrei students in MSIS under SAP	19 November 2024

Sports Activities:
In Institution:

Sl No	Event	Details	Date(s)
1	MSIS Sports Day	MSIS Annual Athletic Meet 2024 was held on 15 March 2024. Students and Faculty participated in various sports and games events. Various athletic events and games like cricket, volleyball, throwball table tennis, and badminton were organized.	15 March 2024

Cultural Activities:
In Institution:

Sl No	Event	Details	Date(s)
1	FELICITY 2024	A platform to recognize the student's talent is “FELICITY”, the cultural day. Various cultural activities are conducted before the cultural day and prices are distributed on the cultural day. Various students participated wholeheartedly.	15 April 2024
2	An Introduction to Carnatic Classical Music	As part of the curriculum module "Language and Culture" for the students from Efrei University, Paris, France under the study abroad program at MSIS, a session on "Indian Classical Music" was conducted. Ms Swasthi M Bhat was the resource person and provided valuable insights into Carnatic classical music and its components such as Shruthi, Swara, Raga, and Tala.	05 October 2024
3	Indian Classical Dance - Bharatanatyam	As part of the curriculum module "Language and Culture" for the students from Efrei University, Paris, France under the study abroad program at MSIS, a session on "Indian Classical Dance" was conducted. Ms Swarna Prabhu was the resource person. She introduced seven Indian classical forms, Bharatnatyam, and various mudras. Demonstrated Nava Rasas (nine emotions).	05 October 2024

Outside University:

Sl. No.	Event	Details	Date(s)
1	Visit to Heritage Village Hastha Shilpa, Manipal	A visit to the "Hastha Shilpa" Manipal for the students of Efrei University, Paris, France under SAP, as part of the study module "Languages and Culture".	06 September 2024
2	Weavers' Society, Udupi	As part of the Cultural Immersion Program, Efrei students visited the Handloom Centre in Udupi to see the entire process of weaving cotton clothes, especially, their signature product-GI tagged. Mr Rathnakar Indrali, President of the Weavers Association addressed the students.	14 September 2024
3	Nandalike Farm Visit	As part of the Cultural Immersion Program, Efrei students visited the "Nandalike Farms" near TAPMI, Manipal.	20 September 2024
4	Visit to Karkala and Moodbidre	As part of the Cultural Immersion Program, Efrei students visited the Karkala and Moodbidre, visited Basadis, a rich culture of Jainism.	28 September 2024
5	Yakshagana Kendra, Indrali, Udupi	Visit to a Yakshagana Kendra, Indrali, Udupi for students of Efrei University, Paris, France under the study module "Languages and Culture". They were introduced to the basics of Yakshagana art, including the costumes, and dance steps, and provided a small demonstration also.	18 October 2024
6	Agricultre Farm Visit	Agricultural Farm Visit – Shivaji Estate, Perdoor for students of Efrei University, Paris, France under the study module "Languages and Culture".	30 November 2024

Photo Gallery:

A delegation from The University of Adelaide, Australia visited MSIS and had an hour-long discussion on student exchange, funding opportunities, and collaborative research in the areas of mutual interest and strength. Dr Keerthana Prasad, Dr Prashanth Shetty, and Dr Ravindra joined the discussion.

Date: 18 January 2024

Bidding farewell to Mr Bastien DALIFARD, a research intern from Efrei, Paris who completed his research internship (from 16 September 2023 to 25 January 2024) under the able supervision of Prof Sudarsan N S Acharya.

Date: 23 January 2024

Mera Pehla Vote - Desh Ke Liye

A campaign for the biggest festival of democracy, the 18th Lok Sabha Election to inspire young voters to cast their vote. It is a feeling of patriotism, a call to responsibility, a chance to build the nation.

Date: 7 March 2024

The Prime Minister, Shri Narendra Modi addressed the 'India's Techade: Chips for Viksit Bharat' program and laid the foundation stone for three semiconductor projects worth about INR 1.25 lakh crores via video conferencing.

Date: 13 March 2024

MSIS held its annual retreat on Panchjanya Cruise, Udupi, with all the faculties and staff of MSIS, discussing the initiatives and suggestions to achieve the institution's goals with necessary action plans and timelines as part of the MSIS annual retreat.

Date: 25 March 2024

MSIS presented the Prof Harish B Endowment award in memory of the founding director of MSIS as part of the recently concluded MSIS Silver Jubilee celebration to our alumna, Ms Lakshmi Patil, the branch topper of the Cloud Computing ME program.

Date: 27 March 2024

MSIS celebrated its annual day, Felicity 2024, by conducting a week-long cultural and sports activity with the active participation of all its students and staff in various events to build a strong bond and create sweet Manipal memories.

Date: 15 April 2024

Two international students Mr Liber Malichi (Israel) and Mr Markus Aigner (Austria) completed their Summer School titled "Deep Learning Principles and Applications" from 15 to 26 July 2024 at MSIS as part of Manipal International Summer School - 2024.

Date: 26 July 2024

A group of international students from Efrei, France visited MAHE by choosing MSIS as their most preferred institute in India under the Student Exchange Program (SEP) to complete a semester of exchange abroad at a partner university.

Date: 2 September 2024

MAHE along with MSIS faculty won the Sustainable Stall Award at the three-day Bengaluru Tech Summit (BTS) 2024, held at the historic Bengaluru Palace from 19 to 21 November 2024, that concluded with unprecedented success, reaffirming its position as a global hub for technology and innovation.

Date: 19 December 2024

Centre for Software Development

Address: MSIS, LG 02, MIT Campus, Manipal
Phone Number: 0820-2925037
Email (Centre): csd.support@manipal.edu
Coordinator: Sudhakara.upadya@manipal.edu

Year of Establishment of the Centre: 2015 (started the software consultancy in 2013)

Name of the Coordinator: Mr Sudhakara Upadya P

Members: Director – MSIS, staff members, CSD developers, interns, trainees, and consultants

Brief About the Centre:

Vision:

Inculcate industry-standard software development practices into relevant academic courses in terms of Lectures and Practical sessions.

Mission:

Specialize in the development of software solutions to the IT needs of MAHE for enhanced customer satisfaction.

Objectives:

- Develop software solutions to the felt needs of MAHE and health systems.
- Provide internship opportunities for students to work on live projects and train faculty on project management skills.
- Market the product outside the MAHE system if such a potential exists.
- Work with the technology transfer office to explore possibilities of an outright sale of products.
- Conduct workshops on effective project implementation for budding practitioners of Software Engineering.

Activities at the Centre:

CSD provides software consultancy services to various functional institutes of MAHE to help in automating their processes or their research activities. CSD also provides internships and trainee positions to students and fresh graduates to train them on software development processes.

Research Activities

Have applied for a grant as a co-investigator with ICMR to maintain the Venoms Registry working with the Emergency Medicine Department of KMC, Manipal.

Rolled out the following projects newly along with supporting ongoing existing software consultancy projects of CSD

- Document Management System for Registrar Office MAHE
- Research Performance Indicator (RPI) module for RMS application at MUCM, Melaka
- PAS module added to RMS application of MAHE
- External Internship Tracker module developed for RnC Department, MIT.

International Centre for Applied Sciences, Manipal

Address: LG-02, AB-5, MIT Campus MIT, Manipal 576 104
Phone Number: 0820-2924018/24026
Email (Office): office.icas@manipal.edu **Director:** hareesh.ks@manipal.edu

Name of the Director: Dr Hareesha K S
Established: 1994

Details of Programs Offered by the Institution:

International Centre for Applied Sciences (ICAS), Manipal; a Constituent unit of Manipal Academy of Higher Education (MAHE) started the International Transfer Program in Engineering (full-time, four years duration) in the year 1994 to provide international education and exposure to Indian students. This program [BSc (Applied Sciences) in Engineering] has been designed as a perfect launch pad for those who aspire to study and graduate from one of the world's top universities. This is a unique program where the students spend the first two years in ICAS, MAHE, and the following two years in a university abroad, of their choice (the Engineering Degree is awarded by the foreign university only). This is made possible by adopting the high-quality curriculum, teaching, and evaluation methodologies that are followed by top universities abroad. In the last 31 years, more than 2,400+ students have entered more than 100 foreign universities through acceptable credit transfer from ICAS, pursuing their Bachelors/Master's Degrees in Engineering.

About the Institution/School:

International Transfer: The key highlight of this course is the fact that the students can transfer their credits and graduate with an international engineering degree from some of the top universities in the world. **International Placements**: Students on successful completion of the course, participate in the placement activities of the destination university. The annual salary package upon graduation is between 55,000 USD and 85,000 USD. **Face-to-Face Interactions with Foreign University Delegates:** Delegates from some of the global universities visit Manipal twice a year to address the ICAS students and advise them on the various options available to them.

Parents and students have one-on-one sessions with these delegates, thus providing them a chance to obtain clarity on questions that they may have. **Global Education Standards:** In line with the curriculum and pattern that is used in international universities, ICAS provides its students with up-to-date and relevant syllabi thus ensuring a high standard of quality education. **Financial Benefits:** Since the first two years of study are in India, a significant part of the cost of education is saved. Students can save up to 40% of the total fee that they would ordinarily spend if they were to pursue an engineering course wherein all four years were spent abroad. **Strong Foundation:** Unlike regular engineering courses in India, where the specialization is chosen from the very beginning, the Applied Science program is structured in a manner such that the first two years offer a foundation program for students which helps familiarize them with the cultural and academic differences between India and abroad. By the end of the first two years, the students are not only better equipped but are better oriented and ready for the international system that focuses on clarity of concepts rather than course delivery. **Support in Documentation Process**: ICAS aids the students in terms of the documentation that is required to transfer themselves to the foreign universities of their choice.

Institutional activities/Curricular activities:
All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Webinar by Deakin University, Australia	Deakin University, Australia, organized a webinar on "Study Abroad Spotlight: Exploring Deakin University's Engineering Programs and Scholarships in Australia." The session was focused on Australian engineering insights, trends, Technologies, and opportunities.	02 January 2024
2	Viksit Bharat	A short presentation/talk by a couple of students was held at the International Centre for Applied Sciences (ICAS), MAHE, Manipal on the theme of "Ideas for Nation Building 2047". Few students participated enthusiastically and presented their ideas to create awareness among youth. Dr Nagaraj Naik, faculty, at ICAS, was the chief coordinator of the program.	12 January 2024
3	One-to-one interaction session	Ms Sharmila Nagendran and a team from Global Degrees, Bengaluru, organized a one-to-one interaction session with ICAS students on International Credit Transfer for admission to foreign Universities.	22 January 2024
4	Virtual guest lecture	Virtual guest lecture by Drexel University, USA.	31 January 2024
5	Interaction with students-US application	Mr Satyam Kumar from Global Degrees interacted with ICAS students about US Applications.	31 January 2024

6	Webinar	Webinar from Milwaukee School of Engineering, USA	06 February 2024
7	Interaction with Deakin University, Australia	Mr Shijomon Yesudhas, from Deakin University, Australia interacted with students	14 March 2024
8	Retreat for teaching and non-teaching staff	A get-together was arranged for the faculty and staff at Food Court-2, MIT.	27 March 2024
9	Virtual presentation	A virtual presentation by Manchester Metropolitan University, UK, was organized.	03 April 2024
10	Open house	An open house was arranged for the fresher students to give them insights about the program. The first session was held.	20 May 2024
11	Virtual session	IDP Education organized a virtual session about career opportunities in Abroad Universities.	07 June 2024
12	Open house	An open house was arranged for the fresher students to give them insights about the program. The second session was held.	29 June 2024
13	Orientation program	The 31st batch of the International Transfer Program in Engineering at the ICAS, MAHE, formally inaugurated in the Dr TMA Pai Auditorium, Manipal on 05th August 2024. Dr Narayana Sabhahit, Pro Vice Chancellor (Technology and Science), MAHE, Manipal, was the Chief guest of the function. Mr Ashish Daruka, Alumni, of a batch of 1996-98, and Mr Rishabh Gundavarapu, Alumni, of a batch of 2019-2021, were the guests of honour of the function. Mr Kirat Alreja, Alumni, Batch of 2018-20 inspired the students with his marvellous speech. After the formal inauguration, the university officials gave a series of short	05 to 06 August 2024

Sl No	Activity	Particulars	Date(s)
		presentations on various topics, including administrative matters. Academic matters, student welfare measures, hostel facilities and regulations, library facilities, sports and games facilities, Volunteer Service Organization (VSO), Alumni talk, and ICAS tech club activities. Dr Hareesha K S, Director, ICAS welcomed the gathering; Dr Ganesha A, Associate Director, ICAS delivered the vote of thanks; Ms Deepika N S and Mr Saiesh Jitendra were the masters of the ceremony. Several orientation activities were conducted for the newly joined ICAS students. Eleven foreign university delegates and representatives participated in the orientation function. On 6 August, all the fresh students and their parents had an opportunity to interact with the foreign university delegates, which helped them to know better about the credit transfer process and facilities/requirements available at foreign universities.	
14	Pledge against Nasha Mukt	On the 78th Independence Day, the Department of Social Justice and Empowerment organized a nationwide mass pledge against drugs on 12 August 2024, at 9:00 AM. In that connection, a mass pledge against drug use was taken at the ICAS by the students. A total of 57 students actively took part in this. Dr Nagaraj Naik, Ms Sandra Sony and Dr Srinivasa Rao Potty administered the oath.	12 August 2024
15	Slogan writing competition on anti-ragging	A short awareness program was conducted for the students by ICAS faculty on 30 August 2024. As a part of the program, students were given a chance to write slogans writing on anti-ragging. All the students actively participated. Mrs Arti Pawar, Faculty-ICAS, briefed the students about the importance of this awareness program among the student community.	30 August 2024
16	Wright State University visits - Dr Tanvi Bannerji and Mr Apoorv Singhal	Discussed to continue the ongoing engagements by: • Renewal of MOU. • To initiate the course mapping process immediately. • To start a dedicated pathway program in Computer Science and Engg. • Co-supervising PhD • Proposed to start a dual PhD program. • Briefed Dr Bannerji about ongoing funded PhD programs. • Interaction between Dr Bannerji and Dr Hareesha's PhD scholars	24 September 2024
17	Swachhata Hi Seva Campaign	The Swachhata Hi Seva Campaign 2024 is set to promote cleanliness and hygiene across the nation from 14th September to 1st October 2024. With the theme 'Swabhav Swachhata - Sanskaar Swachhata,' the campaign aims to instill values of cleanliness and sanitation within communities. It will conclude with the Swachh Bharat Diwas celebrations on 2 October 2024, coinciding with Gandhi Jayanti. Owing to this campaign, students of the ICAS, took a 'Swachchata Pledge' on 1 October 2024, at ICAS premises. Dr Raghavendra K G and Ms Deepika N S administered the oath. An audio Jingle (SHS song) was played during the occasion.	01 October 2024
18	Ekta Diwas celebration	To commemorate the birth anniversary of Sardar Vallabhbhai Patel on 31 October 2024, "Rashtriya Ekta Diwas" was celebrated at ICAS, to reinforce dedication to	31 October 2024

		preserving and strengthening unity, integrity, and security of the nation, by reinforcing the values of a strong and united India, a pledge was taken by the students at the Institute.	
19	Constitution Day	As per the Advisory issued by the Secretary, UGC, and Director Student Affairs, MAHE, Manipal, regarding the celebration of Constitution Day, ICAS organized a reading of the preamble to students at the Institute to imbibe the values. The activity was conducted on 26 November 2024. As part of the program, Dr Raghavendra K G, Assistant Professor at ICAS, took the oath. All the students participated in it.	26 November 2024
20	Monash University visit	Dr Chetan Arora from Monash University, Australia, visited ICAS and discussed establishing a dedicated pathway, Research co-supervision, Joint funded applications, and Joint publications	26 November 2024
21	Visit to Virginia Commonwealth University, USA	Dr Manu Gupta, Dr Ashok Iyear, and Prof Shivaprakash Aduvalli Ramaswamy from Virginia Commonwealth University, USA, visited ICAS and discussions were held on the following grounds; 1. Offering 2+2 programs; 2. Agreed to intake dedicated pathway between the Universities; 3. Agreed to extend scholarships and integrated projects to ICAS students; 4. To explore Co-teaching opportunities; 5. VCU proposed to conduct pre-requisite courses for the MAHE group of institutions, UG students who wish to continue their PG program in (3.5+1.5) Integrated Masters Programs; and 6. Exploring PhD Co-supervision opportunities and joint research engagements.	13 December 2024
22	Fit India Celebration Week	As per the directives received, from the University Grants Commission, Government of India, Fit India Week was celebrated at the ICAS on 31 December 2024. In that connection, the FIT India pledge was taken by the students at the Institute. Dr Sayinath Udupa N, Associate Professor, administered the pledge.	31 December 2024

1	Annual Day and Awards Ceremony	The Annual Day and Awards Ceremony of the ICAS, MAHE, Manipal, celebrated on 6 April 2024 at MIT Library Auditorium, Manipal. Dr Niti Nipun Sharma, Pro Vice Chancellor, Strategy and Planning, MAHE, Manipal, was the Chief Guest of the function. Academic Proficiency Awards were distributed to deserving students. Mr Ansh Kapoor was awarded as the Best outgoing student. Mr Prabhjyot Singh and Ms Gundapaneni Lasya Madhuri were awarded the Best Sportsman and Sportswoman of the Year, respectively. Grand cultural programs were followed by dinner at the end.	06 April 2024
2	REVERB-The Techno Cultural Fest	REVERB, the techno-cultural fest of ICAS was celebrated with much zeal on 14 September 2024 in the Library Auditorium, fourth floor, Central Library, MIT. A lot of games and fun activities were planned by the students throughout the day such as FIFA, Treasure Hunt, Balloon Dart, Water Splash, Musical Chair, Tug of War, etc. Out of which, the Robotic Race was the centre of attraction. Many students took part and won prizes in different categories. The event was wrapped up in the evening by the ICAS students through the various stage performances.	14 September 2024

- MSc Photonics
- MSc Nanoscience and Technology
- BSc Honours in Physics

Four-year program with an option to exit after three years with a BSc degree

About the Institution/School:

The Department of Atomic and Molecular Physics (DAMP) is a leading interdisciplinary research hub at Manipal Academy of Higher Education (MAHE), where research and academics are centered on advanced sciences such as photonics, nanoscience and technology, structural biology, and environmental sciences. Established in 2008, the department traces its origins to the founding of the Centre for Laser Spectroscopy in 1997, which was dedicated to developing optical diagnostic techniques for clinical applications. Currently, the department hosts two centers recognized by the university under the Institution of Eminence scheme. The Centre for Applied Nanosciences explores diverse applications of nanotechnology in fields such as photonics, biophotonics, and surface engineering. The Centre of Excellence for Biophotonics focuses on advancing light-assisted technologies for clinical applications. The department receives support through the DST-FIST scheme of the Government of India and the Centre of Excellence program by VGST. DAMP maintains active collaborations with top-ranked global universities and leading Indian institutions, with research activities supported by both government and industry funding agencies. The department offers two postgraduate programs and one undergraduate program, fostering a strong academic foundation for future researchers. DAMP has become synonymous with advanced research in physical sciences at the university, particularly at the interface of physics, chemistry, and biology, where societal impact remains a key focus. As an instrumentation-intensive department, it has established various laboratories dedicated to areas such as optical techniques for clinical diagnostics, spectroscopy for environmental pollution and hazardous material analysis, ultrafast laser-matter interaction, tissue spectroscopy, microfluidics, plasmonics-assisted multi-modal spectroscopy, optical trapping, novel approaches for protein crystallization, structural biology, bioremediation, nanoscale surface engineering for photonics and biophotonics applications, photocatalysis, nano-bio optical sensors, and innovative particle manipulation techniques using optical, thermal, and electrical fields. More recently, the department has expanded its focus to quantum technologies and their applications. By leveraging the interdisciplinary culture of the university and the expertise of clinicians and engineers from MAHE's constituent institutions, DAMP actively engages in translational research with direct clinical applications and societal benefits. Supported by numerous global and local partners and a strong PhD research community, the interdisciplinary team at DAMP continues to pursue cutting-edge research, leading to high-quality publications, intellectual property, and innovative products.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Student Science Club-ANTIMATTER	Under the leadership of the first batch of BSc students at DAMP, a Student Science Club was established and named ANTIMATTER. The club was inaugurated on 12 August 2024 with an inaugural talk on SPACE, TIME, and DISORDER by Dr Joseph Samuels from the Raman Research Institute, Bengaluru. Since its inception, the club has remained active, organizing a seminar series on two key topics: Particle Physics and Multilinear Algebra	12 August 2024
2	Inauguration of DAMP Researchers' Forum and Induction of Student Research Council	The inauguration of the DAMP Researchers' Forum and the induction of the Student Research Council were held on 30 November 2024. The Forum has been established to facilitate the exchange of domain knowledge and ideas among researchers. It serves as a platform for sharing knowledge, resources, and experiences while fostering discussions on common workplace challenges to create a positive and productive research environment. Vision: "Promote quality research in the department's inter and multi-disciplinary research areas of physical sciences and their technological applications through active discussions, knowledge sharing, resource sharing, and utilization. The forum strives to bring research scholars, faculty members, and domain experts together to deliberate a positive work environment and quality research outputs".	30 November 2024

All other Activities in the Department Relating to the Program/Course:

Sl No	Activity	Particulars	Date(s)
1	International Symposium on Recent Advances in Biophotonics and Imaging	This event was organized by DAMP and funded by SPARC, held on 2 January 2024, at the Sir M V Seminar Hall, MIT, MAHE, Manipal. It was inaugurated by Dr Narayana Sabhahit, Pro Vice Chancellor (Technology and Science), and featured engaging scientific sessions by six distinguished speakers, followed by insightful discussions. The speakers included Prof Ammasi Periasamy, University of Virginia, USA; Prof Murukeshan V M, NTU, Singapore; Prof R S Jayasree, SCTIMST, Trivandrum; Prof Renu John, IIT Hyderabad; Dr Guruprasad A S, BOSCH, Bengaluru; and Dr Suchand Sandeep, MIT, Manipal.	02 January 2024
2	International Symposium on Neuroscience and Imaging SPIE event	The first program conducted by the SPIE Manipal University Chapter for the academic year 2023–2024 was the International Symposium on Neural Imaging, held on 3 January 2024. The event was organized by the Optica Manipal University Chapter in collaboration with the SPIE Manipal University Chapter and was held at the Manipal School of Life Sciences, MAHE, Manipal. The symposium featured a distinguished lineup of speakers, including Dr Ammasi Periasamy from the University of Virginia, USA; Dr Arnab Barik, Dr Balaji Jayaprakash, and Dr Chinnakkaruppan Adaikkan from the Centre for Neuroscience and Centre for Brain Research, IISc, Bengaluru , India; Dr Pritam Deb from the Department of Physics, Tezpur University,	03 January 2024

Sl No	Activity	Particulars	Date(s)
		Assam, India; and Dr Yuan Luo from National Taiwan University, Taipei, Taiwan. The contributions and volunteer efforts of SPIE members were instrumental in ensuring the smooth execution and overall success of the program.	
3	International Conference on Quantum Technologies and Applications 	DAMP organized the International Conference on Quantum Technologies and Applications from 12 to 14 February 2024, at Dr TMA Pai Auditorium. The event was inaugurated by Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, Manipal.	12 to 14 February 2024
4	Science Quiz	The department conducted a Science Quiz in connection with Pi Day on 14 March 2024, and the following students emerged as winners. 1. First Place: Aadam Imam, Prinston Fernandes 2. Second Place: Shamantha Shastri, Anant Sharma 3. Third Place: Adi Das, Nandanesha Hebbar 4. Fourth Place: Sanjay S, Yogendra Raivyas	14 March 2024
5	National Science Day, Quiz Competition SPIE event	The Quiz Competition, held on 23 March 2024, was part of the National Science Day celebrations organized by the SPIE Manipal University Chapter. The event took place from 2:00 PM to 5:00 PM at the Department of Atomic and Molecular Physics. A total of 18 members participated, and the competition served as a platform for showcasing knowledge while promoting teamwork, learning, and healthy competition. Participants remained highly motivated throughout the event, engaging in the challenge of the quiz and gaining valuable insights. The enthusiasm and excitement contributed to the overall success of the event.	23 March 2024
6	Blue Hour Session	The Student Council organized a Blue Hour session, an initiative focused on spending an hour together without screens or electronic devices. During this time, participants engaged in discussions about books they had read and created a platform for book exchange.	29 April 2024
7	Orientation 2024	The orientation for the fresh batch of UG and PG students was held on 5 August 2024 at MV Seminar Hall, MIT. This program was inaugurated by Dr P Giridhar Kini, Registrar, MAHE, Manipal, and Dr Anil Rana, Director, MIT, MAHE, Manipal. Among the other dignitaries who addressed the students were the Chief Warden, Director of Student Affairs, two clinical psychologists, and the academic coordinators from DAMP	05 to 11 August 2024

Sl No	Activity	Particulars	Date(s)
8	Freshers' Day	The Student Council conducted Freshers' Day to welcome the junior batches of UG and PG courses on 10 August 2024. As part of Freshers' Day, they organized a Treasure Hunt for the freshers to get acquainted with the department.	10 August 2024
9	Code of Conduct Awareness workshop	The Student Council conducted a Code of Conduct workshop for the fresh batch of UG, PG, and research students.	24 August 2024
10	Hands-on Training and Workshop on Optical System Designing SPIE event	The SPIE Manipal University Chapter organized a hands-on training and workshop on optical system designing using Zemax OpticStudio, guided by Susan Thomas, Prime Minister's Research Fellow from IIT Madras. The workshop was conducted online via Google Teams, with sessions held from 31 August to 2 September 2024 and from 7 to 9 September 2024. Around 20 members participated in the training, gaining valuable hands-on experience and insights into optical system design using Zemax. The workshop provided SPIE members with an opportunity to deepen their understanding of optical software tools, enhancing their technical expertise and preparing them for future challenges in optical engineering.	31 August 2024 to 02 September 2024
11	BRICS Workshop on Biophotonics	DAMP organized an international event involving BRICS nations, the "BRICS Workshop on Biophotonics," from 3 to 5 October 2024 at the MSLS Auditorium. The event was inaugurated by Lt Gen (Dr) M D Venkatesh, Vice Chancellor, MAHE, Manipal.	03 to 05 October 2024
12	Felicitation of Arpit Kumar and Talk by Arpit Kumar	The Department of Atomic and Molecular Physics felicitated third-semester BSc student Arpit Kumar for his exemplary achievements and accolades. A memento was presented to Arpit by the Head of the Department, Dr Sajan D George, who also addressed the gathering. The Student Council coordinated the event. Student Council President Sai Srivaishnavi Guntury welcomed the gathering, while the Co-curricular Coordinator of the Student Council, Sreyas K, proposed the vote of thanks. Following the felicitation, Arpit spoke about his journey from the lab to the market. The event was hosted by the Cultural Secretary of the Student Council, Tanisha Ray Choudhury.	11 October 2024

Sl No	Activity	Particulars	Date(s)
13	KIRAN 2024 	KIRAN is an annual event at DAMP, organized by the students of the department. The KIRAN workshop on Optics and Photonics is an annual event in the department, wherein experiments related to optics and photonics are demonstrated to students of Classes X, XI, and XII from different schools and PU colleges. The event is planned, prepared, and executed exclusively by the MSc and BSc students of the department. This year, the event was held on 12 November 2024. More than 100 students from different institutions visited with their teachers and benefited from the event. More than 30 demonstrations related to optics and photonics were presented. These included demonstrations of optical phenomena such as wave mechanics, microscopy, total internal reflection, polarization, interference, diffraction, scattering, Lissajous figures, shadowgraphy, and various applications of these phenomena. In addition to these fundamental concepts, more advanced topics such as optical communication, quantum dots, luminescence, absorption spectrometroscopy, and optical cloaking were also demonstrated using setups developed by students.	12 November 2024
14	Participation at the MAHE Research Day – 2024 	MAHE organized Research Day, in which DAMP participated in the Enrich and Collaborate categories held on 13 and 14 November 2024. The Advanced Nanomaterials Laboratory from DAMP was awarded the Best Stall in the Allied Health and Other theme of the Collaborate section of MAHE Research Day 2024.	13 to 14 November 2024
15	Inspire Junior as part of MAHE Research Day 	As part of MAHE Research Day, held on 15 and 16 November 2024, the Student Council of DAMP, primarily comprising BSc students, actively participated in the Inspire Junior initiative. The activity was coordinated by the Student Council and the SPIE Student Chapter, both of which had separate stalls at the event. The students set up stalls showcasing research and photonics-related demonstrations, engaging visitors with hands-on activities and insightful explanations. Their efforts highlighted the fascinating world of photonics and its applications, fostering curiosity and enthusiasm for science among attendees. The event provided a platform for students to share their knowledge, showcase their skills, and contribute meaningfully to the spirit of MAHE Research Day. Their enthusiasm and creativity left a lasting impression on all who visited their stalls.	15 to 16 November 2024
16	Optics Demonstrations at MGM College Amrita Mahotsav event joint Activity of Student Council and SPIE Student Chapter 	Members of the Student Council and the SPIE Manipal Chapter jointly demonstrated optics-related experiments at the Amrita Mahotsav Exhibition at MGM College.	29 November to 01 December 2024

Sl No	Activity	Particulars	Date(s)
17	Inauguration of Micro-Nano and Bio Sciences Labs 	The Micro-Nano and Bio Sciences Labs of DAMP was inaugurated by Dr Narayana Sabhahit, Pro Vice Chancellor, Technology and Science, MAHE, Manipal, on 30 November 2024	30 November 2024
18	International Symposium on Micro to Nano Technologies for Healthcare 	DAMP organized the International Symposium on Micro to Nano Technologies for Healthcare on 7 December 2024 at Sir M V Seminar Hall, MIT, MAHE, Manipal. The event featured engaging scientific sessions by eight speakers, followed by exciting discussions in both online and offline modes. The following were the speakers at the event: Dr P K Gupta, former RRCAT Director, Indore; Dr Suman Chakraborty, IIT Kharagpur; Dr Manish K Tiwari, University College London; Dr Saptarshi Basu, IISc Bengaluru; Dr Saji George, McGill University, Canada; Dr G K Ananthasuresh, IISc Bengaluru; Dr Rahul Deb, Masaryk University, Czech Republic; and Mr Rohit Mangalwedhekar, University of Bordeaux, France.	07 December 2024

2	Dr Suresh Kulkarni	Research Excellence: Patents granted for the year 2023, MAHE Research Awards	11 November 2024

Students

Sl No	Name	Details	Date
1	Vineeth P	Received honourable mention award for the poster presentation at the International Symposium on Food Safety and Control 2024, held at the IAEA, United Nations, Vienna, Austria.	31 May 2024

Sl No	Name	Details	Date
2	Arpit Kumar	Winner – MANTHAN 2024, FKCCI (Federation of Karnataka Chambers of Commerce and Industry) Business Plan Presentation Competition Selected from over 395 teams across Karnataka, shortlisted to the top 103, then to the top 29, and finally to the top 10. Awarded a cash prize of INR 3 lakh at the grand finale on 18 September 2023 in Bengaluru , India.	17 July 2024
3	Arpit Kumar	Winner – Karnataka Water and Sanitation Sustainability Summit Startup Navmarg Research and Innovation Pvt Ltd was honoured as a winner at the Karnataka Water and Sanitation Sustainability Summit, securing a funding grant of INR 25 lakh. Sri Priyank M Kharge, Honourable Minister of Rural Development and Panchayat Raj presented the award, IT and BT, Karnataka. Navmarg was selected from over 110 startups nationwide and was among the top six winners, receiving special mention as the first name on the list.	09 September 2024
4	Megha Sunil	Won the Best Poster Award under the theme "Legacy and Emerging Pollutants in Marine Ecosystems" at the National Conference on Marine Pollution and Ecotoxicology (NCMPE 24), organized by Cochin University of Science and Technology, Kerala, India.	27 September 2024
5	Arpit Kumar	Winner of Samsung Solve for Tomorrow 2024, honored as Environment Champion in the Youth Track for developing innovative technology for arsenic removal from groundwater on 4 October 2024, receiving a grant of INR 50 lakh for incubation at FITT, IIT Delhi.	04 October 2024
6	Arpit Kumar	Winner – AIM-ICDK Water Innovation Challenge 4.0 Navmarg Research and Innovation Pvt. Ltd. was recognized as a winner of the AIM-ICDK Water Innovation Challenge, organized by Atal Innovation Mission, NITI Aayog, in collaboration with ICDK and DTU. Subsequently, the company participated in the global Next Generation Digital Action program, engaging with young innovators from nine countries. As part of the award, it pitched its water sustainability solution at the Digital Tech Summit in Copenhagen, Denmark, in October 2024.	28 October 2024
7	Arpit Kumar	Navmarg Research and Innovation Pvt Ltd (Startup) has been declared the winner of SmartIDEAthon 2024, a prestigious event organized in collaboration with Startup India, Invest India, and Northeastern University, Boston.	13 December 2024
8	Thripthi N Shenoy	Won the Best Presenter Award at the Interdisciplinary Conference on Healthcare and Technical Research (ICHTR 2024), organized by the MAHE Student Research Forum under the aegis of the Directorate of Research, MAHE, Manipal, on 18 and 19 December 2024.	19 December 2024

1	Cricket	The DAMP Staff Cricket team reached the semi-finals in the Staff Cricket Tournament.	09 January 2024
2	Staff Tennis Doubles	Dr Unnikrishnan V K, along with Dr Yogesh of MCODS Manipal, emerged as the winner at the Staff Tennis Tournament (Men's Doubles).	17 December 2024

Cultural Activities:

Inter Institution:

Sl No	Event	Details	Date(s)
1	Team DAMP at UTSAV 2024	The Department of Atomic and Molecular Physics (DAMP) actively participated in UTSAV 2024, the annual cultural fest of MAHE, organized by the MAHE Cultural Coordination Committee from 1 to 5 April 2024. This vibrant event brought together UG students, PG students, staff, and research scholars under the banner of MAHE-Teaching Departments to showcase their talents in various competitions. DAMP had remarkable representation, with enthusiastic participation from its members. The department also achieved notable success: Mr Vineeth P won the first prize in Classical Vocal Solo, showcasing exceptional talent and dedication. The MAHE-TD team for Creative Jam, comprising DAMP students, secured the third prize. DAMP students participated in several other solo and group events. Team MAHE-TD, comprising members from DAMP and other teaching departments of MAHE, secured the third prize in the Staff UTSAV team category. The event provided a platform for collaboration, creativity, and camaraderie, with DAMP making its mark through active involvement and commendable achievements.	01 April 2024

Felicitation for Mr Arpit Kumar, BSc Honours in Physics student, upon winning Samsung Solve for Tomorrow 2024

BRICS Workshop on Biophotonics in collaboration with prominent institutions from BRICS nations

Gana Homa Pooja to mark the inauguration of its new premises on the 1st floor of the MCRIF building

International Conference on Quantum Technologies and Applications

Inauguration of DAMP Researchers' Forum and Induction of Student Research Council by Dr Narayana Sabhahit, Pro Vice Chancellor, Technology and Science, MAHE, Manipal.

Inauguration of Micro-Nano and Bio Sciences Labs of DAMP by Dr Narayana Sabhahit, Pro Vice Chancellor, Technology and Science, MAHE, Manipal

International Symposium on Micro to Nano Technologies for Healthcare

International Symposium on Recent Advances in Biophotonics and Imaging

KIRAN workshop on Optics and Photonics

Inspire Junior as part of MAHE Research Day

Centre for Applied Nanosciences

Address: Department of Atomic and Molecular Physics
MAHE, Manipal, Karnataka, India, 576 104
Phone number: 0820-2925071
Email (Centre): camp.mu@manipal.edu **Email (Coordinator):** sajan.george@manipal.edu

Year of Establishment of Centre: 2016

Name of the Coordinator: Dr Sajan Daniel George

Members:

Coordinator: Dr Sajan Daniel George

Postdoctoral Fellow: Dr Bharath Bannur

PhD Scholars:

1. Mr Vineeth P
2. Mr Swithin Hanosh
3. Mr Aravind M
4. Ms Pratheeksha Rao I K
5. Mr Shreyas M S
6. Ms Jyeshta Prabhu
7. Ms Parvathy M R
8. Mr Vivek M

Masters Project: Ms Anusree M

Brief About the Centre:

The Centre for Applied Nanosciences is a premier research centre advancing nanotechnology for transformative applications. With core expertise in nanoscale surface engineering and laser spectroscopic techniques, the Centre focuses on innovative solutions that bridge science and practical applications. Research at the Centre spans wearable sensors, novel therapeutic strategies, and light-assisted particle manipulation, offering cutting-edge advancements in these fields. Nature-inspired surface engineering, photothermal techniques, and multimodal spectroscopy, driving progress in healthcare, energy, and materials science. Notable achievements have included the development of nanosensors, optical lithographic methods, and novel therapeutic approaches, showcasing a commitment to impactful research. A multidisciplinary approach and a focus on high-impact, real-world solutions distinguish the work carried out. By leveraging nanotechnology's potential, global challenges are being addressed and possibilities in science and engineering are being redefined.

Vision:

To be a globally renowned Centre of Excellence in the field of Applied Nanosciences

Mission:

To undertake applied research in the field of nanoscience through activities ranging across multiple realms of science.

Objectives:

1) Development of upconversion/downconversion nanoparticles for in-vivo bio-imaging
2) Development of optofluidic technologies for lab-on-a-chip systems
3) Fabrication of hierarchical structures for digital microfluidic and wettability control
4) Sensing applications utilizing energy transfer between a donor and an acceptor

Activities at the Centre:

International Symposium on Micro and Nanotechnologies for Healthcare

The SPARC scheme, an initiative by the Government of India, promotes research collaborations between top Indian and global institutions to address major challenges and enhance academic excellence. With the support of SPARC, in 2024 a symposium was organized on Micro nanotechnologies for healthcare. Micro- and nanotechnologies are transforming healthcare by improving the diagnosis, treatment, and prevention of diseases. Operating at microscopic scales, these technologies enable precise targeting of cells and molecules. Micro- and nanosensors provide rapid, sensitive biomarker detection for early diagnosis, while nanomedicine enhances drug delivery with targeted therapies that reduce side effects. Nano-enabled imaging advances molecular-level disease visualization, supporting personalized medicine tailored to individual profiles, ultimately improving outcomes and reducing costs. Prof P K Gupta, Ex-RRCAT Director; Prof Manish Tiwari, University College London; Prof Saji George, McGill University, Canada; Prof Suman Chakraborty, IIT Kharagpur; Prof Anathasuresh G K and Prof Saptarshi Basu from IISc; Dr Rahul Deb Masaryk University, Czech Republic; and Mr Rohit Mangalwedhekar, University of Bordeaux, France delivered invited talk in the field.

Invited Talks

An invited talk by Dr Pallab Sinha Mahapatra-IIT Madras was also organized.

Research Activities:

The Centre for Applied Nanosciences is the core of cutting-edge research dedicated to advancing nanotechnology for transformative applications. Research activities are carried out across diverse areas, including wearable sensors, novel therapeutic research, and light-assisted particle manipulation, along with foundational expertise in Nanoscale Surface Engineering and Laser Spectroscopic techniques. This year, two funded projects were undertaken under SPARC and SERB, Government of India while securing two new additional grants from DBT and ICMR. These efforts have also resulted in over 21 high-quality new publications with 550+ citations, the graduation of two PhD scholars, and new collaborations with distinguished scientists from leading institutes in Japan and the UAE. The major research output of 2024 includes cost-effective white light-assisted projector lithography, microfluidic contact lens-assisted on-demand therapeutic platform, multiplexed body fluid analytical platform, nature-inspired biofilm inhibiting surfaces, and plasmonic optical fibre probes. In 2024, the research team under the Centre of Applied Nanosciences achieved remarkable milestones, reinforcing the Centre's commitment to advancing nanoscience and technology. The establishment of four cutting-edge laboratories -i) Microlithography Lab, ii) Bacterial Culture Laboratory, iii) Microfluidic 3D Printing Lab, and iv) Microwave Therapy Lab - marked a significant expansion of the infrastructure. Alongside ongoing research in Nature-Inspired surface engineering, wearable sensors, and photothermal techniques, notable progress was made in nanosensors, multimodal spectroscopy, novel therapeutical approaches, optical lithographic techniques, and light-assisted particle manipulation approaches.

6) A Wettability Contrast SERS Droplet Assay for Multiplexed Analyte Detection, Vineeth Puravankara, Aravind Manjeri, Manish M Kulkarni, Yasutaka Kitahama, Keisuke Goda, Prabhat K Dwivedi, Sajan D George, Analytical Chemistry, IF=7.4 https://doi.org/10.1021/acs.analchem.4c00831
7) Nano-Innovations in Cancer Therapy: The Unparalleled Potential of MXene Conjugates, Sanjay Kulkarni, Soji Soman, Prerana D Navti, Amrita Arup Roy, Ajinkya Nitin Nikam, P Vineeth, Jahnavi Kulkarni, Krishnaraj Somayaji Shirur, Abhijeet Pandey, Sajan D George, Srinivas Mutalik, Materials 17 (6), 1423, IF= 3.4 https://doi.org/10.3390/ma17061423
8) A surface-engineered contact lens for tear fluid biomolecule sensing, M Aravind, SD George, Lab on a Chip 24 (8), 2327-2334, IF=6.1 DOI: 10.1039/D4LC00176A
9) Harnessing nanotechnology for breast cancer management: UiO-66 (NH2) metal-organic frameworks functionalized with chitosan and folic acid for the efficient delivery of doxorubicin, S Soman, S Kulkarni, P Vineeth, SD George, S Mutalik, Nano-Structures & Nano-Objects 40, 101360, https://doi.org/10.1016/j.nanoso.2024.101360
10) Transferrin-conjugated UiO-66 metal organic frameworks loaded with doxorubicin and indocyanine green: A multimodal

nanoplatform for chemo-photothermal-photodynamic approach in cancer management, Soji Soman, Sanjay Kulkarni, Jeena John, P Vineeth, Sheikh F Ahmad, Sajan D George, Krishnadas Nandakumar, Srinivas Mutalik, International Journal of Pharmaceutics 665, 124665, https://doi.org/10.1016/j.ijpharm.2024.124665

11) Efficient internalization of nano architectured ^{177}Lu-hyaluronic acid@ zirconium-based metal-organic framework for the treatment of neuroblastoma: Unravelling toxicity, stability, radiolabelling and bio-distribution, Sanjay Kulkarni, Abhijeet Pandey, Soji Soman, Shivanand H Nannuri, Anuj Kumar, Dhaval Bhavsar, Sajan Daniel George, Suresh Subramanian, Srinivas Mutalik, International Journal of Biological Macromolecules 278, 134381, IF=7.7 https://doi.org/10.1016/j.ijbiomac.2024.134381

12) Unveiling the mass-loading effect on the electrochemical performance of Mn3O4 thin film electrodes: a combined computational and experimental study, A Pramitha, Shreeganesh Subraya Hegde, Badekai Ramachandra Bhat, Chandrika Yadav, Shamik Chakraborty, Abhilash Ravikumar, Sajan D George, YN Sudhakar, Y Raviprakash, Physica Scripta 99 (10), 105922, IF=2.6 **DOI** 10.1088/1402-4896/ad7206

13) Performance evaluation of a hyphenated laser spectroscopy system with conventional methods for microplastic analysis, M Vasudeva, UK Adarsh, AK Warrier, SD George, VK Unnikrishnan, Scientific Reports 14 (1), 19327, IF=3.8 https://doi.org/10.1038/s41598-024-70501-8

14) Can pulsed laser treatment reduce microbial adhesion on the surface of resin denture base materials? R Saran, K Keerthi, VK Unnikrishnan, SD George, K Ginjupalli, Materials Research Express 11 (7), 075405, IF=1.8 **DOI** 10.1088/2053-1591/ad64b0

15) Noble metals functionalized reduced graphene oxide as an efficient optical limiter: a combined experimental and theoretical investigation, M Saravanan, Manikandan Kandasamy, K Suresh, Brahmananda Chakraborty, Sajan D George, TC Girisun, I Vetha Potheher, V Parthasarathy, Carbon Letters, 1-15, IF=4.5 https://doi.org/10.1007/s42823-024-00732-2

16) Two-step synthesis of antimony sulfide thin films: enhancement in physical properties through sulfurization, DM Kavya, B Jyeshta Prabhu, Nagabhushan Jnaneshwar Choudhari, Mariot Jose Panjikaran, Sajan D George, Suresh D Kulkarni, Vikash Mishra, Y Raviprakash, Materials Research Express 11 (4), 046402, IF=2.3 DOI 10.1088/2053-1591/ad3897

17) HPLC-LED-Induced Fluorescence Analysis of Tear Fluids: An Objective Method for Primary Open Angle Glaucoma Diagnosis, Sphurti S Adigal, Neetha IR Kuzhuppilly, Nagaraj Hegde, Nidheesh VR, Alisha Rizvi, Reena V John, Sajan D George, Vasudevan B Kartha, Sulatha V Bhandary, Santhosh Chidangil, Current Eye Research 49 (3), 260-269, IF=2 https://doi.org/10.1080/02713683.2023.2289862

18) Unlocking the power of MXenes–Crafting a 2D nanoplatform for tomorrow: Synthesis, functionalization, stability, and biomedical applications, Soji Soman, Sanjay Kulkarni, Abhijeet Pandey, Namdev Dhas, Krishnaraj Somyaji Shirur, Rajashree S Gude, Shimoga M Vidya, Sneha Nayak, Sajan Daniel George, Srinivas Mutalik, Materials Today Communications 38, 107711, IF= 3.662 https://doi.org/10.1016/j.mtcomm.2023.107711

19) Archaeophotonics: applications of laser spectroscopic techniques for the analysis of archaeological samples, S Harikrishnan, SD George, S Chidangil, U VK, Applied Spectroscopy Reviews 59 (2), 187-223, IF= 5.01 https://doi.org/10.1080/05704928.2023.2189946

20) Fabrication of a Low Cost Superhydrophobic Substrate for Surface Enhanced Laser-Induced Breakdown Spectroscopy and Its Utility through Identification of Electrolyte Variation for Oral Cancer Detection, K Keerthi, SD George, R Ongole, VK Unnikrishnan, ACS Biomaterials Science & Engineering 10 (2), 1153, IF=4.6 doi: 10.1021/acsbiomaterials.3c01275

21) Electrochemical performance and structural evolution of spray pyrolyzed Mn 3 O 4 thin films in different aqueous electrolytes: effect of anions and cations, P Adoor, SS Hegde, BR Bhat, SD George, R Yeenduguli, RSC advances 14 (41), 29748-29762, IF= 3.9 DOI: 10.1039/D4RA05426A

SDG-related activities:

The team, under the umbrella of the Centre for Applied Nanosciences, focuses on research that addresses key Sustainable Development Goals (SDGs). By leveraging nanoscience and photonics, innovative solutions were aimed to be developed for environmental sustainability, clean energy, improved

healthcare, and responsible industrial practices. Research was oriented towards the following SDGs.

Awards and Recognitions:

1. **Dr Sajan Daniel George**, Coordinator, CANs has been awarded with "*Research Excellence: Best PhD Guide (Faculty of Science and Technology and Management)* MAHE Research Awards Ceremony, November 2024.
2. **Dr Sajan Daniel George,** Top 2% Researcher
3. *Honourable mention award* for poster presentation to PhD student **Mr Vineeth P** International Symposium on Food Safety and Control 2024, IAEA, United Nations, Vienna, Austria.

List of ongoing projects/research grants:

Sl No	Title	Funding Agency	Name of the PI	Duration
1	Development and testing of the effectiveness of a multifunctional nanotherapeutic to overcome antimicrobial resistance among pathogenic bacteria associated with recalcitrant mastitis infections in dairy cows. Role: PI	SPARC, Ministry of Human Resource and Development, Govt of India	Dr Sajan Daniel George	2023-2025
2	Femtosecond laser-assisted fabrication of wettable and anti-microbial contact lenses	SERB, Govt of India	Dr Sajan Daniel George	2021-2024

Newly approved Projects

Sl No	Title	Funding Agency	Name of the PI/Co-PI	Duration
1	Microfluidic channel embedded contact lens for ophthalmic drug delivery glaucoma treatment. Role: PI	Department of Biotechnology, Govt of India	PI: Dr Sajan Daniel George, Co-PIs; Dr Srinivas Mutalik, and Dr Sulatha Bhandary	2024-2027
2	Laser-assisted surface modification of materials used for rehabilitation of maxillofacial defects to minimize microbial adhesion Role: Co-PI	ICMR, Govt of India	PI: Dr Kishore Ginjupalli MCODS, Manipal Co-PIs: Dr Runki Saran; Dr Unnikrishnan V K; Dr Raghu Chandrashekhar H; Dr Sajan Daniel George	2024-2027

Sl No	Title	Funding Agency	Name of the PI/Co-PI	Duration
3	Development of novel treatment mode for schizophrenia and bipolar disorder using asenapine maleate: intervention of translational targeted nanomedicine. Role: Co-PI	ICMR	PI: Dr Srinivas Mutalik Co-PI: Dr Sajan Daniel George	2024-2027

Email (Office): office.design@manipal.edu
Email (Dean/Director/HOD): veena.rao@manipal.edu

Name of the HOD: Dr Veena Rao

Established: 2012

Details of Programs Offered by the Institution:

- Bachelor of Design (Interior Design)/BDes (ID)
- Bachelor of Design (Fashion Design)/BDes (FD)
- Master of Design (Interior Design)/MDes (ID)
- Master of Design (Product Design)/MDes (PD)
- Master of Arts (Fashion Management)/MA (FM)
- Certificate of Fashion Design
- PhD

About the Institution/School:

The Department of Design (DOD), established in 2012 under the mentorship of the Manipal School of Architecture and Planning (MSAP) offers Fashion Design, Interior Design and Product Design that fit the array of design education in India. These new programs offered under UGC regulations and AICTE approved are designed to foster design education in India and offer a range of opportunities to design graduates. At our institute, we strive to instill the concept of sustainability and the use of indigenous materials in designing interior and fashion products for contemporary use. The design understanding is encouraged through individual projects given to the students to explore the vibrant fashion/interior industry and application of the rich heritage of textiles and crafts of our country in their design projects.

1	Case study at Udupi- The Food court in Time Square Mall	For subject DOD 1102 – Interior Design Fundamental for second-semester. In the second-semester of the Bachelor of Design in Interior Design (BDes ID) program, students participated in a one-day case study focused on the design of The Food Court at Time Square Mall in Udupi. The objective of the study was to analyze and explore the design elements of the food court. Through this hands-on experience, students gained practical insights into the interior and functional aspects of food court design, analyzing the literature knowledge in a real-world setting. The case study aimed to enhance their understanding of spatial planning, user experience, and aesthetic considerations within the context of a commercial food environment. The outcomes of the program were BDes (ID) – second-semester students conducted a one-day case study at The Food Court in Time Square Mall, gaining practical insights into spatial planning and aesthetic considerations, and enhancing their understanding of industrial design principles. The experience bridged theory with real-world applications, fostering a comprehensive perspective on commercial space design. Four faculties and 27 students participated.	01 January 2024
2	Case study for B Des (ID), semester II	Case study to Mandavi Time Square, Udupi for BDes (ID), semester II	01 January 2024
3	Study tour to Bengaluru for BDes (ID) second year, semester: 4	Study tour to Bengaluru for BDes (ID) second year, semester: 4. Manyata Tech Park Case Study, Food District Case Study, and Mall of Asia (Foodtopia); Case study. Two faculty and 26 students participated. The outcomes of the program were Studied Anthropometry, Ergonomics, Services, HVAC, Fire Safety, and other food court interior details thoroughly in Mall of Asia, Bengaluru Manyata Tech Park, Bengaluru. Discussion in Manyata Tech Park, Bengaluru.	03 January 2024
4	Case study to Tirupur, Tamil Nadu for second year BDes. FD for Subject Fashion Studio IV	On 8 January 2024 departed from the MIT campus at 5 PM, and took the train from Mangalore to Tirupur at 8 PM. On 9 January 2024, visit to factory: Warsaw International (9 AM to 12.30 PM). All the sections of the Unit were visited. Grey fabric section, fabric quality check, pattern making, cutting, stitching, printing, finishing, and packaging and shipment section. Fabric sourcing (2 PM till 8 PM). Streets covered were Chettipalayam, Weavers colony/Nesavallar's colony, and Laxmi Nagar. On 10th January 2024, visited to Tirupur fabric market Walrus Exports, AS Fabrics, and Ultron Textiles. Nesavallar's weaver's colony for fabrics, and Laxmi Nagar for trims brief by Mr Ashok Shankar M, Secretary MD. The trip was a learning experience for students to visit Warsaw International and well-known streets for sourcing knit fabrics and trims. One faculty and 20 students participated. Outcomes of the	08 to 11 January 2024

		program were fabric sourcing, Industry visit: Knitwear garment manufacturing.	
5	Field visit for BDes (FD), sixth-semester, section A	Field visit to Mangalore for BDes (FD), sixth-semester, section A	11 January 2024
6	Market visit for consultancy project (WGSHA) at Bengaluru for sourcing/quotation.	Visited Bengaluru to explore sourcing options at IKEA and other markets for consultancy project -Designing and Execution of Housekeeping Mock Room Project for Welcomgroup Graduate School of Hotel Administration (WGSHA) MAHE, Manipal. The three-day trip to Bengaluru for a mock room consultancy project involved extensive material sourcing and quotation exploration at various furniture and bed accessories stores, including IKEA and other markets. The team meticulously assessed a wide range of furniture and bed accessories options, engaging with store representatives to understand customization possibilities, pricing structures, and order discounts. Insights gleaned from these visits informed design decisions, budget allocations, and procurement strategies, ensuring the project's successful execution within defined parameters. Two faculties participated in the program. The outcomes of the program were that it yielded comprehensive insights into furniture and bedding accessories sourcing dynamics and competitive pricing strategies, enabling informed decision-making.	24 to 27 January 2024
7	MSAP VSO project Shiksha	MSAP VSO project Shiksha for students of Planet Mars Foundation aged 7-15 years at Planet Mars Foundation, Santhekatte, Udupi on 28 January 2024 (10:00 AM – 12:00 PM) Demonstration and Teaching of beginner-level crocheting techniques from old garments. As part of MAHE VSO's objectives to impart skill sharing under the recently introduced initiative of Project Shiksha, which investigates student volunteers conducting workshops to teach new skills to children in NGOs. MSAP VSO conducted the crochet workshop where student volunteer Ms Sharada Shetty did a hands-on crochet project of making placemats and coasters by upcycling old fabrics and clothes. She was joined by MSAP VSO students for the workshop where they shared the skills with 26 students aged 7-14 years from Planet Mars NGO, Santhekatte, Udupi. The workshop lasted for two hours and students were able to complete their projects by hand crocheting without the use of hooks. The idea was put forward to the students of Planet Mars to learn two skills such as hand crocheting and drawing and pass, where the majority of the students opted for hand crocheting. Before conducting the workshop, students were told to get old fabrics such as t-shirts, dupattas, and clothes that were not in use. The yarn for the hand crocheting was made by ripping the fabrics into long strips with scissors and knotting in a basic crochet stitch to make the coasters	28 January 2024

		and placemats. Students and faculty of MSAP VSO participated. Outcomes were training on upcycling of sustainable products using minimum tools.	
8	Annual MAHE VSO Event: MSAP VSO activities Manipal Marathon 2024.	Manipal Marathon 2024 on 11th February 2024 (03:00 AM to 12:00 noon) for MAHE teaching and non-teaching staff and students, and participants from other universities at KMC Greens Manipal. MAHE VSO organized the annual Manipal Marathon since to encourage physical fitness amongst the staff and students of MAHE, the Manipal Marathon was organized to bring together the MAHE community as well as those Institutes from other universities in a spirit of sportsmanship. The Marathon begins at 3 AM where running various distances of 3 km, 5 km, 10 km, 21 km, and 42 km. This year there was a Disability Run for the physically challenged. MSAP Graphic Team was involved in the design of the venue while MSAP VSO students members actively participated in the design of the decor. The routes for various running distances are to be covered by organized by MSAP faculty. Students and faculty of MSAP VSO and MSAP participated. The outcomes of the program were awareness of palliative care was the theme of the 2024 Manipal Marathon. Fostering a sense of community spirit for both MAHE and non-MAHE participants.	11 February 2024
9	T-shirt design for the Manipal Marathon of 2024	The students of the Department of Design of MSAP participated in the T-shirt design for the Manipal Marathon of 2024 that took place on 11th February. Two faculties and three students participated.	11 February 2024
10	Site visit at Decathlon Retail outlet for Sports and activewear and Forum Fiza Mall, Mangalore for MA (FM), second-semester	Site visit at Decathlon Retail outlet for Sports and Activewear and Forum Fiza Mall, Mangalore. The site visit to the Decathlon Retail outlet for Sports and Activewear and Forum Fiza Mall Mangalore helped to observe and understand women's wear clothing categories, product lines, and product types offered in retail outlets by different brands, range plans, and price ranges of various brands. It also intended to compare the price, fashion details, fabric types, and material composition of garments offered by different brands in the retail outlet stores. One faculty and eight students of MA (FM), second-semester participated. The outcomes of the program were the trip was informative, which helped the students to observe and understand women's wear clothing categories, product lines, and product types offered in retail outlets by different brands, range plans, and price ranges of various brands. We thank the authorities of the MAHE for permitting us to organize such an informative study trip.	12 February 2024
11	MRM and IQAC meeting	MRM and IQAC meeting was conducted on 15th February 2024.	15 February 2024
12	International Women's Day 2024	MAHE: International Women's Day 2024: Dr TMA Pai Auditorium: 8th March 2024. MSAP faculties and staff attended.	08 March 2024

		thinking skills and cultural sensitivity, fostering socially responsible design perspectives for their future projects. One faulty and 14 students participated.	
17	Site visit for BDes (ID), third - semester section A	Site visit to Mangalore for BDes (ID), third-semester section A	22 July 2024
18	Case study for BDes (FD), third and fourth-semester	Case study to Mangalore for BDes (FD), third and fourth-semester	23 July 2024
19	Site visit for B Des (ID), third-semester	Site visit to Mangalore BDes (ID), third-semester	24 July 2024
20	Site visit to Mangalore for BDes (ID), second year, third-semester	Site visit to Mangalore for BDes (ID), second year, third-semester for subject DOD 2101 – Interior Design Residential. BDes (ID) – third-semester students participated in a one-day residential case study tour in Mangalore, where they examined the design of Noor Mahal and The Raja's Cottage. Noor Mahal was involved in the extension and remodelling of an existing residence, while The Raja's Cottage was a restoration project that revitalized a 90-year-old traditional Mangalorean home, incorporating Athangudi design elements. The outcomes of the program were the case study tour to Mangalore for BDes (ID) – third-semester students deepened their understanding of traditional Mangalorean and modern contemporary architecture and design. They explored how to address client requirements and inspired creative approaches that integrate tradition with modernity while remodelling existing sites. The students also learned how individual elements can harmonize to achieve both visual appeal and functional results. Additionally, they developed crucial skills in understanding clients' cultural sensitivities, sentiments, and design perspectives for their future projects. Two faculties and 38 students participated.	24 July 2024
21	Site visit to Mangalore for BDes (FD), third-semester students	The fabric sourcing process was conducted by the CCC and CC of BDes Fashion Design third-semester students under the course FS-III (Ethnic wear), with a focus on aligning with the course outcomes. The objective was to understand the sourcing techniques, explore local fabric types, and examine the relevance of these fabrics to ethnic wear design. The outcomes of the program were Mangalore, with its proximity to weaving clusters and textile hubs, offers a wide range of traditional fabrics, making it an ideal location for sourcing projects. The students visited key areas known for their ethnic fabric offerings. Challenges and observations. Availability of fabric varieties: While Mangalore offers a rich variety of traditional fabrics, some modern materials such as sustainable blends (e.g., Tencel or bamboo fibre, etc.) were less readily available. Price sensitivity: Ethnic fabrics, especially those produced by hand, often come at a premium price, which can limit accessibility for certain market segments. The fabric sourcing project aligned well with	27 July 2024

S No	Activity	Particulars	Date(s)
		the course objectives, offering students firsthand experience in the sourcing process, while allowing them to connect with the rich textile heritage of Mangalore. Students gained practical insights into the challenges and opportunities of sourcing for ethnic wear. This experience will be instrumental in their future design projects, especially those that emphasize cultural heritage and sustainability in fashion. Two faculties, 18 volunteers, and BDes (FD), third-semester students participated.	
22	Case study for students of the fifth-semester BDes (IDHF)	Accompanying the students of fifth-semester BDes (IDHF) to case study in Mangalore.	30 July 2024
23	Case study of Udupi Bannanje –Jayalaxmi silks for MDes (ID), first and third-semester	Site visit for MDes (Interior Design) first and third-semester students at M/s Jayalakshmi Silks, Bannaje, Udupi. A site visit was organized for the first and third-semester MDes (ID) Students to enhance their understanding of various materials and construction methods utilized in the interior design industry, also construction methods, techniques, and project management principles followed during the execution of interior works were studied. Ar Sadanand Nayak, Architect, Interior designer, and contractor for the said project were the experts. To study and understand materials used for Interior decoration and to understand the PM principles used during the execution of the Interior design. One faculty and 25 students participated. The outcomes of the program were material planning and sourcing, human resource planning, and sourcing. Project Management and how it happens at the execution level was understood.	06 August 2024

		Kasturba Medical College (KMC) and Manipal College of Health Professions (MCHP). The outcome of the program was the event which was successful in portraying the unity and patriotism of all contingents especially those of MSAP students. This day reflects historical significance by providing an opportunity to celebrate the principles of freedom and democracy. Two faculties and 19 students participated.	
26	The Department of Student Affairs, MAHE, Manipal organized "Suicide Prevention Gatekeeper Training" 	The Department of Student Affairs, MAHE, Manipal organized "Suicide Prevention Gatekeeper Training" on 09th September 2024 from 9:00 am to 5:00 PM at Dr TMA Pai Hall, second floor, KMC, Manipal.	09 September 2024
27	VSO Annual National Conference -Poster Competition 	Day 2 – VSO Natcon: VSO Annual National Conference, where Poster Presentation Competition was conducted at Dr TMA Pai Halls, MAHE for students and faculty of both MAHE and non-MAHE Institutes. The students in a team of three created a concept poster on one of the sustainable development goals (SDG) 'Reducing inequalities through inclusivity' where they had developed some ideas and activities which were presented to the juror. The outcome of the program was attending the fifth National Youth Conference, organized by the VSO that enhanced our understanding of reducing inequalities through inclusivity. We presented a concept poster titled "Reducing inequalities through inclusivity," earning an appreciation award. We developed strategies to support marginalized groups such as the elderly, orphans, children, and persons with disabilities-by proposing activities to improve their social participation. The experience strengthened our teamwork, presentation skills, and awareness of societal challenges. A cultural program was also included, adding diversity, and fostering community spirit. Additionally, we connected with other young leaders, exchanging ideas on inclusive development. This conference broadened our perspective and motivated us to apply these strategies in future projects to foster inclusivity. Ms Eshal Anis, Ms Spondita Berghoin, and Ms Damyata Kurghode.	17 September 2024

		Utsav" with a specific emphasis on the United Nations (UN SDGs) and their targets. Their poster was awarded the Appreciation Award. Their team was recognized as one of the top ten best participants in the event. Around 26 students participated in the conference and eight students from MSAP participated in the cultural dance program while three students from the MSAP Music Club performed in a musical event on the 16th of September 2024. On 17th September 2024, as part of the inaugural function of NATCON, five students presented a vibrant welcome dance. MSAP VSO faculty coordinator Ar Lulwa Khaleel and the student coordinator T Prathiksha Shenoy were integral members of the program committee. Ar Lulwa Khaleel led key aspects of the organizing of the program, including the selection of MCs and the development of scripts, and guided the valedictory event. The outcomes were awareness, various NGOs, and the experts' insights on how to do community activities on social media and the field. Opportunities to interact with the various experts and resource persons for training and workshops were also provided. One faculty and 41 students participated.	
29	Workshop visit for BDes (ID), first-semester, section A	Workshop visit to Dakshina Kannada Nirmithi Kendra Surathkal. For BDes (ID), first-semester, section A	18 September 2024
30	Gender Champion 2024	Gender Champion 2024 at KMC Interact Hall. MSAP participants were deputed. The Gender Champion workshop at MAHE University provided a comprehensive exploration of gender sensitivity and inclusivity, with experts from various fields offering key insights. Dr Ketaki Chowkhani discussed the importance of language in shaping gender perceptions in education, while Ms Richa Gupta emphasized creating a gender-sensitive university environment. Dr Savitha Soman highlighted challenges in gender sensitization, stressing the need for awareness across diverse groups. Ms Rhea Menon outlined the roles of gender champions in promoting equality and Dr Geetha Maiya explained the functioning of the Internal Complaints Committee (ICC) and the POSH framework. Lastly, Dr Ravindra Munoli explored LGBTQ+ identities, underscoring the importance of inclusivity and understanding diverse gender orientations. The workshop aimed to equip participants with the tools to foster gender equality and inclusivity in educational spaces. The outcomes of the program were 1. Increased Awareness of Gender Sensitivity: Participants gained a deeper understanding of gender biases, stereotypes, and the importance of using inclusive language in educational and social contexts, 2. Empowerment of Gender Champions: The workshop equipped participants with the knowledge and skills necessary to take on the role of gender champions,	28 September 2024

12	Ms Kiran Elezabeth Joseph	Instructor, Pacific Design Academy in Victoria, British Columbia, Canada, a distinguished designer and academician	Instructor, Pacific Design Academy in Victoria, British Columbia, Canada, a distinguished designer and academician Ms Kiran Elezabeth Joseph, Instructor, Pacific Design Academy in Victoria, British Columbia, Canada, a distinguished designer and academician conducted an expert lecture on the topic Service Design of Healthcare Facilities for MDes (Interior Design) second year/third-semester students in online mode. The lecture aims to delve into various aspects of healthcare design, focusing on the integration of interior design, service design, and patient-doctor interactions. It seeks to provide valuable insights into improving user experiences in healthcare environments by exploring the complexities involved in healthcare facility design and the practical application of design strategies. This event offers an excellent opportunity for students and professionals to enhance their understanding of the interdisciplinary approach to creating effective and user-centred healthcare facilities. One faculty and 15 students participted. The outcome of the program was the guest lecture on "Service Design for Healthcare Facilities" which provided several valuable outcomes for attendees. Participants gained an enhanced understanding of the complexities and nuances involved in designing healthcare facilities. They learned about the integration of service design principles with interior design to create environments that improve patient experiences and foster better	06 August 2024

			interactions between patients and healthcare providers. The session aimed to inspire and inform students and professionals, contributing to their ability to design more effective, efficient, and empathetic healthcare spaces.	
13	Mr Amit Chotrani	Assistant Professor of Apparel Design at the Department of Home Science and Hospitality Management (DHSHM)	Mr Amit Chotrani, Assistant Professor of Apparel Design at Department of Home Science and Hospitality Management (DHSHM) PSSCIVE, Bhopal conducted an expert lecture on the topic "A Journey into Fashion Journalism" for third semester MA (Fashion Management) students in online mode (Two hours-11:00 am to 1:00 PM). Amit is an accomplished educator with over 17 years of experience in higher education globally. Currently, pursuing a PhD in Fashion Design and Higher Education, he holds a master's degree in Fashion Technology and a Post Graduate Certificate in Advanced Professional Practice in Higher Education from Coventry University, UK, earning him a fellowship with The Higher Education Academy (HEA) in the UK. As an Assistant Professor of Apparel Design at NCERT in Bhopal, Amit also serves as a visiting professor at NID and NIFT. He has developed and delivered modules in Fashion, Textiles, and Multimedia Design across India, Nepal, Oman, Dubai, and Africa, focusing on fashion practice and contemporary design. Amit has actively participated in conferences organized by NIFT, NID, and NCERT, demonstrating his engagement with the academic community. His expertise in Quality Assurance Procedures and the international university system of credit transfer has been honed through roles such as PM/ML at Middle East College, collaborating closely with Coventry University. Passionate about fostering excellence in fashion education, Amit brings a global perspective to his work, recognizing the importance of international collaboration. With a robust academic background and ongoing PhD research, he is poised to lead and inspire in any academic setting. The guest lecture was organized to enhance students' learning in the field of Fashion Journalism. Outcomes of the program were- Introduction of students to different media and equip them with the skills of writing articles, reports, and features. Exposure of the students to various issues relating to copyrights and ethics in fashion coverage and presentation. One faculty and 12 students participated.	10 August 2024
14	Ar Sneha Mandekar Tirale	Assistant Professor, SMMCA, Nagpur	Ar Sneha Mandekar Tirale, Assistant Professor, SMMCA, Nagpur conducted an expert lecture on the topic Landscape Design in Interior Spaces: Health Centre for B Des (ID), third year, fifth-	14 August 2024

			semester in online mode. The outcomes of the program were students got ideas about what are the basic fundaments behind landscape design, the principles of LD, what are design criteria, and health centre landscape design. One faculty and 22 students participated.	
15	Dr Regina Johanna Hoffmann	MA, Delft University, Netherlands	A guest lecture by Dr Regina Johanna Hoffmann MA, Delft University, Netherlands on "Making Effective Oral presentation" from 10:30 am onwards (10:30 to noon) at the Boardroom, MSAP for PhD scholars and faculty. Twelve faculty members and 11 students participated. The outcome of the program was the expert lecture covered the importance of the oral presentation in Research. The lecture had a compilation of the various details to be worked upon while presenting your research. The lecture was divided into parts from an impressive start to an impactful end. It also highlighted the importance of body language, voice, and breath control while presenting one's research. The interactions and inputs assisted the faculty and students in augmenting their learning about the subject. It was a very fruitful session for the PhD scholars, students, and faculty of MSAP, as the approach towards the oral presentation of an entire PhD of three to six years of work, was very well explored throughout the session.	21 August 2024
16	Mr Rahul Jetti	Product Designer from Guwahati	Mr Rahul Jetti, a Product Designer from Guwahati conducted an expert lecture on the topic of Product Design Process and Prototyping	04 September 2024

			(Advanced level) for first-semester, MDes Product Design students in online mode at UGF 23. The online lecture was conducted to provide a strong interface of product design fundaments and prototype development to the studio students as per the course plan and course outcomes. A workshop on Product Design and Prototyping was conducted to align with course outcomes (CO1 to CO5). It focused on developing innovative design solutions, understanding user-centric design principles, and integrating prototyping techniques to validate ideas. Participants gained hands-on experience in conceptualizing, creating, and testing prototypes. The session emphasized design evaluation to enhance functionality, aesthetics, and usability. One faculty and five students participated. The outcomes of the program were the workshop resulted in participants gaining a deeper understanding of the product design process, from ideation to prototyping. They successfully applied user-centric design principles to create functional and aesthetically appealing prototypes. The hands-on experience enhanced their skills in evaluating and iterating designs for improved usability. Overall, the workshop aligned with CO1 to CO5, ensuring comprehensive learning and practical application.

1	Matribhasha Day Celebrations	Nandana Prabhu K P, Associate Professor, TA Pai Management Institute (TAPMI), MAHE-guest speaker at the event on Matribhasha Diwas, celebrating the rich diversity of languages. International Mother Language (Matribhasha) Day Celebrations on 21st February 2024-three hours (4:30 PM-7:30 PM) at Seminar Hall and Courtyard, MSAP, MAHE. For students, faculties, and non-teaching staff: In a vibrant celebration of linguistic diversity, the student council of MSAP observed the Matribhasha (also spelled as Mathrubhasha or Matrabhasha) Diwas (Mother Tongue Day) on 21st February 2024, with fervour and enthusiasm. The campus came alive with a splurge of colours as students, faculty, and staff adorned themselves in their traditional cultural outfits, paying homage to the rich tapestry of languages that make our nation unique. The highlight of the event was a captivating guest lecture by Professor Nandan Prabhu, presently working as an Associate Professor at TAPMI, MAHE, Manipal, who eloquently emphasized the pivotal role language plays in shaping our thoughts and understanding of the world. Prof Prabhu underscored the efficiency and depth of comprehension that come with education in one's mother tongue. To nurture creativity, competitions like doodle art and poetry writing were conducted, encouraging participants to express themselves in their language, and fostering a deep connection with their roots. The Matribhasha Diwas celebration at MSAP was a vibrant mosaic of linguistic pride and cultural unity.	21 February 2024
2	Opus 2024	Opus 2024, the annual day of MSAP for students, faculty, non-teaching staff, and students, was a vibrant celebration of talent and achievement. Students and faculty were recognized and awarded for their outstanding contributions and achievements throughout the year. The event also showcased the rich cultural diversity of the institute, with students and faculty displaying their talents in dance, music, and art. It was a joyous occasion that brought the entire MSAP community together to celebrate their successes and talents, creating unforgettable memories for all. Lt Gen Dr M D Venkatesh, Vice Chancellor, MAHE was the chief guest. The outcomes of the program were the Opus 2024 with a resounding success, with students and faculty coming together to celebrate their achievements and showcase their talents. The event fostered a sense of community and camaraderie among attendees, strengthening the bonds within the MSAP community. The awards given out recognized the hard work and dedication of students and faculty, inspiring them to continue striving for excellence. The cultural performances added a vibrant and colourful dimension to the event, highlighting the diverse talents	24 February 2024

BA / BA (Hons) in Hospitality and Services Management

About the Institution/School:

The Welcomgroup Graduate School of Hotel Administration at Manipal Academy of Higher Education (MAHE) provides the most relevant, groundbreaking hospitality and culinary education in the country. The preliminary action items for WGSHA include intensive skill training, curriculum improvements, innovative pedagogy, technology adoption, and a commitment to improve development of industry-focused program. One of the innovative ways adopted to provide the best quality hotel management education and training was an enduring collaboration with the ITC Limited in August 1987. This academic collaboration of more than 34 years is one

of its kind effort in the country which has a unique effect in the creation of an exclusive academic space globally nurturing the finest hospitality and culinary management graduates. The ITC Fortune Inn Valley View hotel attached to the college as a training facility as well as the presence of regular visitors from various ITC hotels gives an added flavour to reduce the industry-academia gap to a large extent. The degree programs are known for instilling the right mix of industry knowledge, creativity, and entrepreneurial spirit. The motto to train the managers of tomorrow strongly supported by MAHE and ITC Hotels focuses on the acquisition of balanced theoretical and practical knowledge validated by internships in some of the most reputed hotel chains in the country and abroad to gain practical experience. The unique selling point of education at WGSHA is practical exposure to students through organizing variety of curricular and co-curricular activities such as food festivals, theme dinners, sit-down dinners, simulations, entrepreneurship development cell activities, student run restaurants and bake shops on campus and

organizing outdoor catering events. New initiatives toward technology adoption, course design, course delivery and evaluation methods supplemented content delivery and teaching, social and cognitive presence. Extensive Community Outreach and Social Responsibility Activities are organized regularly. "Lessons in Excellence," lecture series were commenced for all WGSHA faculty by academicians of eminent institutes from India and abroad to promote collaborative research, faculty exchange, etc. Some other quality initiatives are TIPS (Teachers, Industry, Parents, Students) - Stakeholder Alignment and Engagement in online mode for accelerating hospitality career, faculty and student run organic vegetable and herb garden and Welcomgroup Entrepreneurship Development Cell (WEDC) and Faculty Assisted Study and Training (FAST) Programme Majority of the graduates find relevant employment while completing the programs or shortly after graduation and a large majority of the alumni are in senior management positions and c-suite positions. Many WGSHA graduates also go on to start businesses in new, fast-growing areas of the hospitality industry, such as Chef Vikas Khanna, Chef Maneet Chauhan, International Sommelier and Wine Entrepreneur Rajat Parr. The strong alumni network across the globe enhanced the visibility of WGSHA. WGSHA has been ranked as the Number 1 Supreme Hotel Management Institute in India consecutively since 2007 (GHRDC Hotel Management Institutes Survey 2021); Number 1 among Top Hotel Management Colleges in India by The Week – Hansa Research - Best College Survey 2024; Number 2 among the Best Hotel Management Colleges in India by India Today- MDRA Best Colleges Ranking 2024.

- MBA
- MBA (Banking and Financial Services)
- MBA (Human Resource Management)
- MBA (Marketing Management)
- MBA (International Business)
- Integrated Program in Management (BBA/MBA)

About the Institution/School:

T A Pai Management Institute (TAPMI) was founded by Padma Bhushan awardee, the late Shri T A Pai, in the year 1980. TAPMI had commenced its first two-year residential PG program in Management in 1984. Currently, TAPMI is a constituent unit of the Manipal Academy of Higher Education (MAHE), an Institute of Eminence deemed to be university, Manipal, Karnataka. AICTE recognized TAPMI in 1989 with retrospective effect. TAPMI students have representation from 23 states of India. In 2022, the nomenclature of the program was changed from PGDM to MBA. As of now, more than 7,300 PGDM graduates and 500 MBA graduates constitute the TAPMI alumni base. The institute has been ranked amongst the top 60 B-Schools in India by NIRF under the management category. TAPMI is accredited by The Association to Advance Collegiate Schools of Business (AACSB-International), Association of MBAs (AMBA), and NBA. TAPMI is an advanced signatory of United Nations Principles for Responsible Management Education (UNPRME). TAPMI has been among the UN PRME Champions for the last three cycles. We have also partnered with MIT Sloan for the SOLVE initiative. TAPMI has

continuously innovated its pedagogy to encourage experiential learning using simulations, cases, outcome-based learning standards, and encouragement for practical experience through assignments. TAPMI offers a course titled 'Students Managed Investment Course (SMIC)' that gives students the unique opportunity to invest in the share market under the mentorship of corporate executives. In addition, TAPMI has introduced industry immersion courses that include the Industry Institute Conclave and CXO Guest Lectures. An international immersion program is part of the MBA program, where all the MBA students would spend a week at an international location understanding business and the local culture of the country. Under the Young Leaders Programme (YLP), selected 20 students are sent to leading firms in Corporate India to work as interns under senior industry leaders. Society, Environment, Values, and Attitudes (SEVA) is a course offered to the students that introduces students to live projects and functioning NGOs, small enterprises, and individuals creating/attempting to create superior societal/environmental value.

1	Screenings	From nail-biting cricket matches to intense football showdowns, and everything in between, a variety of sports events are broadcasted on the big screen, creating an immersive viewing experience for students.	01 July 2024
2	Inter MAHE Trials	Inter-MAHE trials for various sports are held throughout the year, serving as a platform for students to showcase their athletic prowess and secure a spot in the prestigious Inter-MAHE tournaments. These trials are a crucial step in identifying and nurturing top talent across a diverse range of sports, fostering a culture of excellence and competition. With rigorous selection processes and highly skilled participants, the trials bring out the best in every athlete, setting the stage for TAPMI's finest to represent the institution at the Inter-MAHE tournaments	02 July 2024
3	Futsal	5-a-side football tournament held in TAPMI grounds. The aim is to score more goals than the opposition. The number of players to be registered is 5 main players and 3 substitutes (8 in total). One half shall consist of 10 minutes followed by a 2-minute break before the second half. In the event of a draw, the match directly goes to penalties.	23 October 2024

Sl No	Event	Details	Date(s)
4	TAPMI Premiere League (TPL)	The TAPMI Premier League (TPL) is an exciting night cricket tournament that transforms the basketball court into a lively cricket arena during the evening hours. The event sees the participation of 8 competitive teams, formed through a dynamic player auction process. Each team comprises a squad of 12 players, bringing together a mix of talent, strategy, and camaraderie. The tournament kicks off with a round-robin format, where the teams are divided into two groups of four. This ensures an intense and engaging series of matches, as every team gets an opportunity to face the others within their group.	25 November 2024
5	SPEED	The flagship event of SportsCom, SPEED, is a grand celebration of sportsmanship, competition, and camaraderie. Spanning nine thrilling sports—Cricket, Football, Basketball, Volleyball, Throwball, Table Tennis, Badminton, Athletics, and Swimming—this event is the ultimate test of skill, strategy, and teamwork. Designed to ignite section pride, SPEED brings together participants from all sections to compete fiercely across a diverse range of sports. From the high-energy atmosphere of team sports to the precision and finesse of individual events, this tournament ensures a platform for every athlete to shine. With intense rivalries, roaring cheers, and unforgettable moments, SPEED stands as the hallmark of sporting excellence and unity at TAPMI.	06 December 2024

Name of the In-charge Director: S Navaneetha Krishnan

Established: 2022

Details of Programs Offered by the Institution:

- BBA(Honors)
- MBA Technology Management

About the Institution/School:

TAPMI Bengaluru, as a sister concern of TAPMI Manipal, extends the four-decade legacy of TAPMI's outstanding institutional culture, excellent career support, and holistic learning experience. TAPMI is among the top 5% of business schools worldwide to have received the illustrious AACSB accreditation and is a participant in PRME, demonstrating a commitment to advancing values such as sustainability, responsibility, and ethics in teaching, research, and thought leadership. The institute offers two specialized technology-driven programs: BBA Honours and MBA Technology Management. Situated in the heart of India's tech capital, the institute provides students with unique opportunities to engage with leading corporates and gain real-world insights through industry interactions, internships, and live projects. The Bachelor of Business Administration Honours (BBA Honours) program is a four-year transformative course based on an industry-aligned curriculum and centered around experiential learning to cultivate comprehensive skills and knowledge, fostering the holistic development of students. Additionally, the program offers students the flexibility to exit with a BBA degree after three years. The four-year BBA Honours program is designed to catapult students into outstanding careers: Year 1 – Multidisciplinary foundational courses followed by a social internship; Year 2 – Core business and management courses followed by a sales internship; Year 3 – Specialization courses followed by a corporate internship; Year 4 – Honours Learning Track. TAPMI's four-year program design includes several innovative features. Students can choose from any of the following five tracks in the fourth year: • Track 1 – Functional Specialization: Choose from the following disciplines to specialize in – Marketing, Finance, HR, Operations, Analytics, Strategy. At the end of the fourth year, students may participate in the placement process and secure a corporate role. • Track 2 – Research Track: Students may opt for this track in preparation for doctoral work. • Track 3 – Entrepreneurship Track: Students with the aptitude and ability may pursue this track, leading to the launch of a business start-up. • Track 4 – Higher Education in a Foreign University. The MBA in Technology Management is designed to prepare future leaders for the evolving business landscape, where technology plays a crucial role. This program focuses on Business Management, Technology

Management, and Sectoral Specialization, ensuring that students develop a comprehensive understanding of business fundamentals alongside emerging technological trends. The objective is to enhance the application of technology by MBA graduates to improve technological efficiency in companies. This is a two-year program for students with two to seven years of technology experience in leading IT services, product, and platform companies. The curriculum is built on three unique pillars: Pillar 1 – Business Management Fundamentals; Pillar 2 – Technology Management, including the creation, selling, implementation, and adoption of technology; Pillar 3 – Industry vertical specialization such as FinTech, E-Commerce, Retail, and Healthcare

Nexus Expert Talk by Khyati Madaan

Manipal Center for European Studies, Manipal

Address: First Floor, Old WGSHA Building,
Opposite KMC OPD, Madhav Nagar, Manipal – 576104
Phone Number: +91 820 2923053
Email (Office): office.mces@manipal.edu **Email (Dean/Director/HOD):** richa.gupta@manipal.edu

Name of the In-charge Director: Dr Richa Gupta

Established: 2009

Details of Programs Offered by the Institution:

- **MA European Studies** is a two-year graduate program positioned within the Humanities and Social Sciences, tailored to provide a critical understanding of Europe and its institutions from a multidisciplinary perspective. It aims to promote scholarship and the training of students from diverse academic backgrounds interested in contemporary European Studies. The one-of-a-kind master's program is specially designed with a curriculum that is internationally recognized, offering two specialization tracks: Business and Management and Politics and International Relations.
- **MA European Literature and Culture** is a two-year graduate program tailored to provide a critical understanding of Europe primarily through its vast spectrum of literature. It aims to promote scholarship and the training of students from diverse academic backgrounds interested in literary studies. This program is designed to foster critical thinking and develop a keen sense of literary appreciation along with a strong foundation in research.
- PhD

About the Institution/School:

Manipal Centre for European Studies (MCES) – Jean Monnet Centre of Excellence was established in 2009 at MAHE's Faculty of Humanities, Liberal Arts and Social Sciences to promote a multidisciplinary and interdisciplinary understanding of Europe. Over the last decade, MCES has served as a forum for vibrant discussions on European contemporary affairs, nurturing the exchange of ideas across disciplines. Through its academic programs – MA European Studies, MA European Literature and Culture, doctoral studies program, research activities, and outreach program, MCES intends to build an unprecedented and discursive community of learners who can engage and debate their approaches in open floors together with peers from other continents, academic traditions, and cultures. For its relentless efforts, MCES was awarded the prestigious Jean Monnet Centre of Excellence by the European Union in 2018. With this recognition, Manipal Academy of Higher Education became the first university in the country to be awarded the recognition. The award strengthens the commitment of the Centre in deepening India-EU relations through academic programs, research projects, and international collaborations. With its multidisciplinary approach, it has come to redefine Area Studies within this first Jean Monnet Centre of Excellence in the country.

Institutional Activities/Curricular Activities

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Editing and Publishing Course	This course was offered for the MA English Language and Literature program at the Department of Liberal Arts, Humanities, and Social Sciences (DLHS), MAHE Bengaluru campus, for the third semester in 2024. The course introduces learners to the various stages of the publishing industry from acquisition and production to marketing. It introduces learners to different processes like reviewing, copyediting, designing and workflow management, and marketing through distributors and retailers. The course primarily focuses on equipping them with advanced language editing skills, just as they understand the functioning of various departments within a publishing house. The course prepares learners for employment in the publishing industry.	31 August to 02 December 2024

International Centre for Business Studies (ICBS)

Address: Manipal Centre for European Studies
Email (Coordinator): aatmika.shetty@manipal.edu

Year of Establishment of the Centre: 2015

Name of the Coordinator: Aroor Aatmika Shetty

Brief About the Centre:

ICBS is dedicated to fostering a dynamic and collaborative environment that encourages meaningful academic engagement and the exchange of ideas with peers through robust national and international professional networks. The center strives to bridge academia and industry by building strong connections with industry leaders, enabling innovative partnerships that drive growth and success. By cultivating a space for knowledge sharing and professional development, ICBS empowers individuals and organizations to thrive in an ever-evolving global landscape.

Vision:

To foster a global campus where through mutual understanding and respect, all MAHE stakeholders transform and grow together.

Mission:

To secure global recognition as an internationally reputed organization facilitating knowledge and cultural exchanges, recognizing diversity and being inclusive, creating a stimulating environment enabling meaningful collaboration and strategic partnership.

Objectives:

- To facilitate cross-cultural communication and understanding through internationalization initiatives, fostering a global mindset among students, faculty, and corporate partners.
- To forge strategic partnerships with multinational corporations and industry leaders to offer experiential learning opportunities, internships, and job placements for students.
- To implement innovative teaching methodologies and technology-driven solutions to enhance the effectiveness and relevance of corporate training programs.
- To pave the way to provide a range of opportunities or projects for academic, social, and cultural experiences.

Activities at the Centre:

1) Facilitating Opportunities for Student Internationalization

A) Exploring Career Pathways Abroad: Study and Work in Europe

Agenda: An enlightening discussion on the prospects of studying and working in Europe was conducted for the students of St Aloysius College, Mangalore. The discussion was based on the prospects of studying and working in Europe. The session delved into diverse study abroad programs, scholarship avenues, and career pathways available to students who choose to pursue study opportunities in Europe.

B) Unlocking Opportunities: Exploring Erasmus and Funding Options for Studying in Europe

Agenda: The workshop was conducted for undergraduate students at the Department of Commerce at MAHE. The workshop aimed to provide an in-depth overview of Erasmus scholarships and other funding opportunities available for students planning to study in Europe. Students learned about eligibility criteria, application processes, and key deadlines for popular European funding programs. The session also explored strategies for identifying additional country-specific scholarships and financial support options.

C) Navigating Cross-Cultural Workplaces Through Effective Communication

Agenda: An in-house workshop was conducted for the students of the Department of Philosophy, Department of Languages, and Manipal Centre for European Studies. The workshop aimed at building effective communication skills tailored to cross-cultural workplace settings. Students were encouraged to explore strategies for clear and professional written and oral communication, emphasizing cultural sensitivity and adaptability. The session included practical exercises to enhance clarity, tone, and message delivery across diverse audiences.

Year of Establishment of the Centre: 2016
Name of the Coordinator: Dr Praveen K Shetty

Members:
Mr Nitesh Anchan
Mr Ganesh B V

Brief About the Centre:

The Centre for Intercultural Studies and Dialogue (CISD), MAHE is a platform for learning and research on communication across cultures. It aims at understanding the intricacies and nuances of plurilingual and multicultural societies by focusing on cultural interactions and negotiations at various levels. The ongoing project '*Discerning India- Living Cultures of Tulunadu*' is conceived with the aim to explore the rich source of indigenous knowledge. It attempts to showcase the richness of the regional culture and traditions through documentaries and community engagement.

Activities at the Centre:

- Online certificate course on local traditions: Living Cultures of Tulunadu
- Documentaries on local traditions and cultures
- Workshops on Tulunadu cultural traditions

Research Activities

Ongoing Project: Living Cultures of Tulunadu
The project 'Discerning India- Living Cultures of Tulunadu' is involved in the creation of a unique online course offered by MAHE that attempts to introduce participants to the distinctive cultural traits of Tulunadu. It examines the cultural markers in the region surrounding Manipal, India. The region stretching across the Arabian Coast from Byndoor in Karnataka to Kasargod in Kerala, known as Tulunadu in the popular lore, is a mosaic of cultures. The project documents indigenous worship traditions, vibrant folk theatres, syncretic living ways, and the distinctive richness of the region through text and audio-visual material.

- Digital documentation of local traditions of Tulunadu
- Book on Living Cultures of Tulunadu

Research Publication:
Book- *Living Cultures of Tulunadu*
Manipal Universal Press (November 2023)
ISBN: 978-81-983868-0-9

SDG-related activities:

Project: Living Cultures of Tulunadu
The project 'Discerning India- Living Cultures of Tulunadu' is involved in the creation of a unique online course offered by MAHE that attempts to introduce participants to the distinctive cultural traits of Tulunadu. It introduces the cultural heritage of the region to the student community and the general public in an academic context. A total of 428 students have completed the certificate course. Further, 06 documentary screening and discussion sessions on local knowledge systems are held at various government colleges of Udupi district. Further, it creates a meaningful dialogue between local community members and Manipal Academy of Higher Education.

Awards and Recognition:

- Received **Best Documentary Award** at Culture Cinema Film Festival, Mumbai under Social Practice category on 14 July 2024.

Brief About the Centre:

Vision

Excellence in inclusive, responsible, and quality research and policy dialogue in education

Mission

- To be the most preferred destination for researchers in education with a multidisciplinary approach
- To engage in research and policy advocacy in education nationally, with a global outlook

Objectives

- To promote quality research in education — school education, higher education, and medical education
- To support evidence-based education policy
- To analyze existing policies, and publish and disseminate research outcomes
- To generate policy dialogues among stakeholders
- To network with other think tanks and centres of education research

Activities at the Centre:

In 2023, CER members held a brainstorming meeting with relevant stakeholders, presenting the CER action plan for the next 5 years.
A certificate course on Higher Education (HE) was developed and designed by CER members. This certificate course will become the first such *sui generis* course on Higher Education to be offered in India.

Research Activities:

Ms Priya Vijaykumar Poojary and Mr Shubhankar Paul, CER members, were awarded 1,000 EUR for their publication titled *Towards an India-EU Educational Connectivity in the Indo-Pacific for Strategic Engagement*

Awards and Recognition:

Dr Neeta Inamdar, mentor to CER, was awarded the prestigious India Higher Education Network (IHERN) fellowship for two years. This fellowship, funded by the Convergence Foundation is of 3,00,000 INR per year for two years.

- Post Graduate Diploma in Logistics and Supply Chain

PhD

About the Institution/School:

The Department of Commerce (DoC) was established in the year 2007 with the launch of the undergraduate program BBM, specializing in e-Banking and Finance. The department subsequently introduced additional specializations, namely Financial Markets, Professional, Logistics and Supply Chain Management, Human Resource Management, Marketing Management, Insurance, Family Business Management, Business Analytics, and Economic Studies. The department also started a Master's Program in Commerce (MCom), specializing in Logistics and Supply Chain, Professional, and Banking Technology. The Bachelor of Commerce (BCom) program with Professional and Business Process Services specializations and a one-year Post Graduate Diploma (PGD) in Logistics and Supply Chain are also offered at our department. From the academic year 2018, the department has introduced two more PG programs – MSc Health Economics and MSc Financial Economics. In 2019, we introduced one more PG program, MSc in Business Analytics. In 2020, we introduced MA in Digital and Creative Marketing, and in 2024, the department introduced Master of Sports Management. The vision of the department is to develop into a world-class centre of excellence in education, training, and research. We strive to prepare students not only for examinations but also for life, without losing their areas of specialization and competence. DoC hosts nine centres focused on

excellence in their respective domains. They are • Centre for Advanced Learning in Finance and Accounting; • Centre for Managing Family Business; • International Centre for Business Studies; • Centre for Supply Chain Education and Research; • Centre for Consultancy, Training, and Corporate Interface; • Centre for Business Analytics; • Centre for Economics and Social Networking; •Centre for Advanced Research in Financial Inclusion; and •Centre for Social Entrepreneurship. The DoC has recorded a consistent improvement in its academic, research, and placement performance. It offers a range of innovatively designed programs, whose curricula are constantly updated to meet the changing requirement of the industry and to meet the needs of major stakeholders. We are encouraged to see many industries returning to our department to recruit our students, which reinforces our belief in the effectiveness of our curriculum and its suitability for the dynamic corporate world.

Institutional Activities/Curricular Activities
New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Introduction of New Program- Master of Sports Management	The Masters of Sports Management programme offered by the Department of Commerce at Manipal Academy of Higher Education, Manipal, is meticulously designed to prepare graduates for prominent roles in the dynamic field of sports. Students gain in-depth knowledge of the legal, ethical, and regulatory frameworks of sports at various levels, ensuring they are well-prepared to handle the complex challenges and opportunities in the sports industry. Career prospects for graduates are promising, as the industry offers diverse roles in sports agencies, team management, sports event planning, marketing, and facilities management. Opportunities also extend to roles in sports analytics, where graduates use modern technologies and data analytics tools to drive decisions and strategies. With the global nature of sports, graduates can also pursue careers internationally, understanding and implementing sports management practices and standards across different cultural contexts. This program not only promises a transformative educational experience but also prepares students for leadership roles, ensuring they can contribute significantly to the sports industry and community engagement.	18 September 2024 to 03 May 2025

Centre for Consultancy, Training and Corporate Interface (CCTCI)

Address: Department of Commerce, Manipal Academy of Higher Education (MAHE), Manipal.
Phone Number: 0820-2925342/ 9844816366
Email (Coordinator): vikram.baliga@manipal.edu

Year of Establishment of the Centre: 2015

Name of the Coordinator: Dr Vikram Baliga

Members: Prof Ravindra Shenoy,
Dr Mathew Thomas Gil

Brief About the Centre:

Vision: To become corporates preferred partner in consulting, training, and social development initiatives".

Mission:

To empower organizations and communities through consulting, training and social development initiatives, fostering sustainable growth, inclusivity and positive impact.

Objectives:

1. To provide consulting and training services to corporate clients and academic institutions.
2. To provide training on leadership skills to the administrators and management staff of local academic institutions.
3. To provide employability skills training to the local youth to improve employment generating capabilities and to the students at local colleges to gain employment.
4. To partner with agents of social change and deliver initiatives that contribute to sustainable development and community empowerment.

Activities at the Centre

A. Training Activities

- Training executives (22 Nos) of Konkan Railway Corporation Limited on Leadership, Customer Centricity and Creative thinking on 8 to 9 January 2024.
- Training for frontline staff (28 Nos) on Customer Management on 24 January 2024.
- Training offered to Station Masters (35 Nos) of various railway stations from Mangalore to CST Mumbai on personality development, stress management and leadership development on 30 July 2024.
- Trained 400 local youth on employability skills under the Ramakrishna Skill Development Centre, Konkan Railway Corporation Limited CSR activity from January to December 2024.
- Conduced Management Development Programs for two batches (Batch 1 – 20 Nos and Batch 2 – 22 Nos) of senior leadership officials and supervisors of Konkan Railway Corporation Limited between 17-21 September 2024 and 21-25 October 2024, respectively. This was a residential training program in Department of Commerce, MAHE, Manipal campus.

Research Activities

- A qualitative study of weavers in the Udupi Weaver Co-operative Societies to understand the challenges they face and the hurdles in their development—a women empowerment approach. This research activity is conducted as part of the doctoral studies of a research scholar.
- A focus group discussion with Women Self-Help Group (SHG) members to understand the marketing challenges faced by businesses run by local women SHGs, held on 13 September 2024 at the Department of Commerce, MAHE, Manipal.
- A digital skills workshop for SHG members to enhance their ability to market and sell products manufactured or produced by local SHGs, scheduled for 28 September 2025.

Research Publication: There are two working papers yet to be published.

List of ongoing projects/ research grants:

Sl No	Title	Funding Agency	Name of the coordinator	Amount (INR)	Date
1	Training local youth on employability skills	Konkan Railway Corporation Limited	Dr Vikram Baliga	**50, 000**	January to December 2024
2	Sustainable Development of local textile geographical indications	Non-funded	Dr Vikram Baliga	---------	July 2024

Photo gallery

Date :13 September 2024

The focus group discussion aimed to understand the challenges self-help group (SHG) members face in running their businesses and identifying their training needs. The moderator, Mr. Satish Kumar conducted focus group discussions in a relaxed and informal manner composed of 10 SHG members who were engaged in business. These participants represented wide range of business. Key findings indicate a need for training in marketing skills, technical knowledge, and financial management. Recommendations include developing tailored training programs for marketing, including online marketing, to improve sales.

Date:28 September 2024

A workshop on Digital Skills was organized for local SHGs of Udupi District. The program was supported by Vision Karnataka Foundation (VKF). Dr Vrinda Bhat conducted the training and highlighted various ways in which SHGs can sell their products digitally and generate additional revenue and increase consumers. Opening remarks were given by Mr Vinayak, Proprietor FreshPure Oils Sorabha, Shimoga District.

Date: 24 January 2024 and 09 February 2024

Visit to Kasargod Weavers Co-operative Society, Kasargod Kerala and Udupi Weavers Co-operative Society, Udupi to meet the Managing Directors of respective organizations. This enabled us to discuss and understand the challenges faced by the weaver cooperative societies in producing and marketing Handloom sarees. Interacted with weavers to understand their day-to-day challenges in making a living in the profession.

Glimpses from training to 400 local youth on employability skills under the Ramakrishna Skill Development Centre, Konkan Railway Corporation Limited CSR activity.

2. Mr Sanket Ledwani
3. Dr Satyaban Sahoo
4. Dr Shekhar Mishra
5. Mr Sachin R Chandra
6. Dr Crystal Glenda Rodrigues
7. Dr Daniel Frank
8. Dr Rita Rani Chopra
9. Dr Sreekha

Brief about the Centre:

Vision:

- To be a leading center of excellence in finance and accounting education, integrating globally recognized certifications, interdisciplinary financial literacy, and cutting-edge research, with the aim of developing future-ready professionals equipped with industry-relevant skills and insights

Mission:

- To offer globally recognized certifications such as US CMA, ACCA, CIMA, Bloomberg, and stock market-related credentials, enhancing employability and industry readiness.
- To extend financial education to non-finance students, fostering essential life skills in personal finance, budgeting, and wealth management.
- To advance the knowledge frontier in finance and accounting through research in emerging areas such as fintech, sustainable finance, risk management, and behavioural finance.
- To utilize financial data and analytics software in a case-based learning approach, providing practical experience in financial data analysis and decision-making.
- To partner with leading financial institutions, regulatory bodies, and academic organizations to align learning with market trends and evolving industry demands.

Objectives:

- Enhance professional competency through globally recognized certification programs that provide industry-relevant knowledge and practical skills, thereby improving employability.
- Promote financial literacy by designing tailored financial education programs for non-finance students, equipping them with essential finance and accounting skills, and contributing to financial inclusion.
- Advance research and innovation in finance and accounting by leveraging real-time financial data and analytical software, while encouraging contributions to academic literature, policy discussions, and industry advancements.
- Strengthen industry and academic partnerships through strategic alliances with financial institutions, regulatory bodies, professional associations, and universities to drive industry-aligned curriculum, guest lectures, internships, research collaborations, and placement opportunities.

Activities at the Center:

- Student training sessions for professional-level papers of ACCA certification were conducted throughout the year. These sessions culminated in mock exams, all of which were handled by the trainers from ISDC Projects Pvt Ltd.
- Student training sessions for professional-level papers of the US-CMA certification were conducted throughout the year. These sessions culminated with mock exams and were handled by the trainers from ISDC Projects Pvt Ltd.

- The Centre facilitated the acquisition of Bloomberg Terminals at the Department of Commerce and its usage by students, faculty, and research scholars.
- The Centre facilitated the participation of Dr Vidya Bai G and Mr Sanket Ledwani in the Faculty Development Program (FDP) on Financial Modeling organized by IIM Bengaluru on 21 November 2024.
- The Centre organized an awareness session highlighting the significance of investor education and protection during World Investor Week (WIW) 2024, a global campaign under the auspices of IOSCO and SEBI, from 14 to 20 October 2024. The session was organized in collaboration with the National Stock Exchange of India Limited (NSE) on 17 October 2024, Thursday, at 11:00 AM.
- Dr Subrahmanya Kumar N, Coordinator of the Centre, conducted a workshop on "Finance in Dental Practice" for interns at Manipal College of Dental Sciences (MCODS), Mangalore. This workshop was part of PractoDent, a value-added course on practice management, held on 03 October 2024 at MCODS Mangalore.
- Dr Subrahmanya Kumar N, Coordinator of the Centre, was an invited speaker at the roundtable conference on "Future Skills for GCCs" co-organized by AICPA & CIMA and NSE Academy, held on 01 August 2024 at Taj MG Road, Bengaluru
- The Centre organized a talk on "Campus to Corporate Mantra" for students of the Department of Commerce by Mr Hadrine H Pereira, Head – Corporate Relations and Placement, ISDC Connect, and Mr Syed Ismail Zabiulla, Assistant Manager – Corporate Relations and Placement, ISDC Connect, on 08 February 2024

ANZ	Bengaluru	Yes

Research Activities

The Centre is conducting research activities with honours students from the BBA programs. The currently ongoing research is titled *Impact of Quick-Commerce Supply Chain Management on Customer Satisfaction: A Perceptional Study of Gen-Z*. The study investigates the relationship between various supply chain aspects and customer satisfaction within the context of Q-commerce online shopping in India. Key factors examined include delivery time, order tracking and updates, quality of orders fulfilled, payment options and security, app usability, customer support, and the process of returns and exchanges. This activity is expected to result in ongoing publications in this academic year.

Research Publication:

The second issue of Volume 50 of the *International Journal of Services and Operations Management*, published by Inderscience Publishers, is a Q3 journal under SCOPUS. It features a critical study that investigates the complex relationship between service recovery systems and customer justice perceptions in the restaurant industry. The article, titled **"When 'more' is not 'enough' in restaurants: do the challenge demands and service recovery performance compel a negative influence of the service recovery system on customer justice perceptions?"**, lists Abhishek S Rao K P as the first author, Dr Yogesh Pai P as the second author, Dr Sethumadhavan, Lakshminarayanan as the third author, and Dr Nandana Prabhu K P as the fourth author for this publication.

Centre for Advanced Research in Financial Inclusion

Address: Department of Commerce
Phone Number: 9448103447
Email (Coordinator): savitha.bs@manipal.edu

Year of Establishment of the Centre: 2016
Name of the Coordinator: Dr Savitha

Brief About the Centre:

Vision:
The Centre aims to develop and disseminate knowledge through advanced research, extension activities, and awareness campaigns by adopting a joint approach to promote financial inclusion that is mutually beneficial to all stakeholders.

Objectives:

1. To develop new knowledge and insights within the field of inclusive growth related to financial inclusion, and the challenges for inclusive finance.
2. To generate awareness towards financial products and impart financial literacy
3. To work towards strengthening of microfinance institutions, business facilitators, and business correspondents that can provide easy access to banking services, especially for rural population.
4. To undertake curricular development and work towards a course to enable management students to understand and carry out projects in inclusive finance within an interdisciplinary framework.

3. Activities at the Centre: Indian Council of Social Sciences Research has granted the Centre (now in Department of Commerce) to undertake a research study on "Pradhan Mantri Bharatiya Janaushadhi Pariyojana: An Evaluation of Physicians, Patients, Jan Aushadhi Owners' Experiences and Supply Chain Management in Select Districts of Karnataka and Tamil Nadu". The grant amount was 1,50,0000 INR and the project started in September 2023 and completed in March 2024.

4. Research Activities:

- Research grant to understand the impact of PMBJP on out-of-pocket expenses (OOPE) and catastrophic health expenses (CHE) associated with medicines at the household level.
- To measure the reduction in OOPE on medications for low-income households (equity or social inclusion) who utilize PMBJP.
- Research studies on FinTech customer engagement, health insurance renewal, co-creation in the banking sector, and green finance.
- Workshop at community level on the importance of reducing OOPE and CHE through the use of generic medicines was conducted.

5. Research Publication: Journal articles-1; Book chapter-1 (in press). Presentation of research papers at three international conferences on green insurance, peer-to-peer lending, and financialization.

Centre for Business Analytics

Address: Department of Commerce, MAHE, Manipal
Email (Coordinator): kishore.l@manipal.edu

Year of Establishment of the Centre: 1 September 2016
Name of the Coordinator: Kishore L

Members:

Dr Bidyut Kumar Ghosh, Associate Professor, DoC, MAHE, Manipal
Dr Varalakshmi, Associate Professor, DoC, MAHE, Manipal
Ms Jyothi Shetty, Assistant Professor, Senior Scale, DoC, MAHE, Manipal
Dr Vrinda, Assistant Professor, Sr Scale, DoC, MAHE, Manipal

Brief About the Centre:

Vision:
Achieve excellence in consulting, advisory, training, and educating through leveraging analytics.

Mission:
The mission of the Center is to provide business consultation and advisory services for businesses and to provide Business Analytics-related training for the teaching fraternity and education for aspiring students to gain competitive advantage.
Objectives:

1. Provide consultancy and advisory services to industry
2. Training and organizing Faculty Development Programs
3. Enhance the research capability of research scholars
4. Help students develop competencies
5. Enhance the employability of students

Activities at the Centre:

1. **SAS VIYA for Visual Analytics**

   The workshop on SAS VIYA was aimed at imparting theoretical and practical hands-on experience in leveraging the popular tool SAS VIYA for visual analytics and reporting. Industry resource person Mr Lokesh Payasi, from International Skill Development Corporation Pvt Ltd, Bengaluru delivered the session. 27 students attended the workshop and upskilled themselves with one of the most popular and industry-relevant software tools for visual analytics. The event contributed to the UN Sustainable Development Goal # 9 as part of industry and innovation-related activity. The workshop was organized by the Department of Commerce in association with the Center for Business Analytics and the Center for Advanced Learning in Finance and Accounting, MAHE Manipal. The workshop inauguration was presided over by Dr Sandeep S Shenoy, Head, Department of Commerce, and coordinated by Mr Kishore L, Coordinator, Center for Business Analytics, MAHE, Manipal, and Dr N Subrahmanya Kumar, Coordinator, Center for Advanced Learning in Finance and Accounting, MAHE, Manipal.

2. **AI AND ML Applications for Business and Economy**

   The guest talk titled "AI AND ML Applications for Business and Economy" was delivered by Mr Mohan Rao, Retired Chief General Manager – Bank of India, to an audience of 20 postgraduate students pursuing MSc Business Analytics, MSc Financial Economics, and MSc Health Economics in the Department of Commerce, Manipal Academy of Higher Education, Manipal. The talk covered many contemporary applications of artificial intelligence and machine learning applications used worldwide across diverse business domains and industries. The event was organized by Mr Kishore L – Coordinator, Centre for Business Analytics, Manipal Academy of Higher Education, Manipal, along with Mr Shekhar Mishra, Assistant Professor – Senior Scale, Department of Commerce, Manipal Academy of Higher Education, Manipal.

3. **Design Thinking**

   The guest talk titled "Design Thinking for Analytics" was delivered by Mr Sunil Kumar, Associate Director, Accenture, Bengaluru , to an audience of 35 postgraduate students pursuing MSc Business Analytics in the Department of Commerce, Manipal Academy of Higher Education, Manipal. The talk covered many contemporary applications of design thinking across diverse business domains and industries. The event was organized by Kishore L – Coordinator, Centre for Business Analytics, Manipal Academy of Higher Education, Manipal.

Research Publications:

https://link.springer.com/article/10.1007/s43621-024-00395-z

Sustainability has emerged as one of the most critical factors influencing the competitiveness of maritime shipping ports. This emergence has led to a surge in research publications on port sustainability-related topics. However, despite the increasing awareness and adoption of sustainability practices, documented literature on empirical studies based on survey and interview data is very limited. Moreover, the existence of validated instruments to objectively assess sustainability through sustainability practices for shipping ports in India needs to be traced. This study contributes by validating an instrument to evaluate objectively sustainability practices in shipping ports by adopting a four-stage process, starting with item identification based on an extensive literature review, instrument evaluation by subject matter experts, assessment of the instrument with suitable content validation indices, and finally evaluating the validity and reliability of the hypothesized theoretical model. For content validation, the Content Validity Index, Cohens Kappa coefficient, and Lawshe's Content Validity Ratio were computed based on the the assessment by a subject matter expert panel comprising six members from the port industry as well as academicians cum researchers in the field of shipping ports. The content-validated instrument was administered to 200 participants from the officer category port employees. The measurement model was evaluated and validated using Confirmatory Factor Analysis to assess the extent to which the measured variables represent the theoretical construct of the study and ascertain the factor structure. The empirically validated instrument met the required guidelines of model fit, reliability, and construct validity measures and was found to be a confirmed model for measuring sustainability practices in shipping ports. The Structural Equation Modeling methodology was adopted to explain the variance and the path relationship between the higher-order and lower-order constructs of sustainability. The results indicate that the economic dimensions are the major contributors to the overall sustainability of the port as they drive investments in environmental and social dimensions, leading to overall sustainable development. The study's findings will be helpful for researchers, academicians, policymakers, and industry practitioners working towards sustainability practices that contribute to sustainable growth and development in the shipping industry.

https://link.springer.com/article/10.1007/s43621-024-00299-y

The maritime sector has evolved as a crucial link in countries' economic development. Given that most of the trade across regions takes place through naval transportation, the performance of the seaports has been one of the focus areas of research. As the publication volume has significantly grown in the recent past, this study critically examines the publications related to the performance of ports for exploring the evolution, identifying the trends of articles, and analyzing the citations covering the publications based on relevant keywords in Scopus database for the period 1975 to April 2024. Bibliometric and scientometric analyses were conducted using R, Python, and VOS software tools. Results indicate the core subject areas as "port efficiency", "data envelopment analysis" (DEA), "port competitiveness", "simulation", "port governance", and "sustainability," with "sustainability" as the most discussed and highly relevant theme that has evolved in the last five years. Bibliometric data analysis on the subject area, yearly trends, top journals of publications, citation and author analysis, impact analysis, country-wise publication, and thematic analysis with clusters are also performed to outline future research directions. The analysis indicates an exponential rise in publications in recent times and with sustainability-related studies gaining more importance, especially for empirical research on port performance and demands for future empirical research on sustainability and smart port performance subject area. The study's findings are helpful for researchers, academicians, policymakers, and industry practitioners working towards a sustainable maritime port industry.

The Centre was established in 2022

Name of the Coordinator: Dr Satish Kumar

Members: Professor Raghavendra Nayak
Dr Rajashekaran Pillai
Professor Ren
Mr Ravindra Acharya

Brief about the Centre:

Vision:

To provide education on best practices of economics in business, corporate social responsibility, and policy outreach. To create awareness of government policies among marginalized sections of the society through webinars and outreach programs in collaboration with the government and other research funding agencies.

Objectives:

To develop and deliver focused economic education programs across specific areas of business management.

To bridge the gap between academia and research by encouraging socio-economic research activities related to marginalized people in society.

To execute online and offline programs for the welfare of indigenous people in coordination with government authorities and in collaboration with international research funding agencies.

Introduction

The Centre for Economics and Social Networking (CESN) has had an eventful and productive year in 2024. Staying true to its mission of fostering economic knowledge and building meaningful community networks, the Centre has engaged in a range of activities, including guest talks, training programs, research initiatives, and the launch of a unique economic awareness project. This report provides a comprehensive overview of the Centre's key initiatives and achievements for the year.

Networking and Knowledge Dissemination

One of the core objectives of CESN is to bridge the gap between economic theory and practice by networking with various institutions and communities. In 2024, the Centre actively collaborated with several organizations to spread economic knowledge and create a meaningful impact.

Guest Talks and Training Programs

During the year, CESN actively participated in **six guest lectures and training programs** at prestigious institutions, particularly focusing on skill development and economic literacy. These programs were conducted in collaboration with **Konkan Railway Academy** at Bhatkal, Udupi, and Madgaon, Goa. Through these sessions, CESN aimed to enhance participants' understanding of economic policies, financial management, and community development strategies.

Additionally, the Centre conducted **training programs specifically designed for the non-teaching staff** of MAHE and Kasturba Medical College (KMC) Manipal. These training sessions focused on financial planning, professional development, and workplace efficiency, contributing to the holistic growth of institutional staff members.

Launch of Khreedha Bharath

A significant milestone for the Centre in 2024 was the **launch of its unique program, Khreedha Bharath, in December**. This initiative is designed to promote economic awareness and responsible consumption among the public. The program seeks to enhance financial literacy and consumer decision-making, aligning with the Centre's broader goal of fostering informed economic participation among citizens.

Research and Publications

Research remains a cornerstone of CESN's activities. In 2024, the Centre successfully **published three research articles** in the field of **disability and insurance economics**. These publications contribute to the academic discourse on the economic challenges faced by individuals with disabilities and the role of insurance in mitigating financial risks. The research findings are expected to influence policy discussions and encourage further studies in this crucial area of economics.

Centre for Social Entrepreneurship (CSE)

Address: Department of Commerce, MAHE, Manipal.
Email (Coordinator): harish.joshi@manipal.edu

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr H G Joshi
Members: Dr Vikram Baliga, Dr Sathish Kumar

Brief About the Centre:
The Centre is responsible to promote the social entrepreneurship spirit among the stakeholders in general and spread the message of social entrepreneurship among students in particular. Basically, a few initiatives in the field of agriculture are being undertaken. With the support of NABARD, the Centre has initiated Farmer Producer Organizations (FPO) in three places of the Udupi district and supported farmers to develop their products and marketing efforts.

Vision: To be the Center of Excellence in the field of Social Entrepreneurship

Mission: To popularize and disseminate the concept of social entrepreneurship within MAHE

Objectives: To disseminate the knowledge of social entrepreneurship
To identify various social issues pertaining to agriculture in the district
To support the stakeholders to identify projects and execution
To provide training to explore social issues and solutions to the same
To provide a research platform for social projects

Activities at the Centre:
Support service to Farmers, identifying key issues and liaison with NGOs and Government bodies

Research Activities:
Case studies of social entrepreneurs of Udupi and Dakshina Kannada district

Research Publication:
One doctoral study based on the concept of sustainable agricultural practices

Awards and Recognition: One PhD

About the Institution/School:

The Department of Commerce (DoC) is a dynamic and integral part of MAHE, Bengaluru Campus. The department is a new-age academic space aiming to set a benchmark in commerce education through a multidisciplinary program that operates at the intersection of commerce, business, analytics, design thinking, and technology. With the untiring efforts of accomplished faculty and talented students, rapid progress has been made on the path of continuous growth. A strong commitment has been made to creating and nurturing leaders who will empower their organizations in the global economy through trust, transparency, and radical honesty. Dedicated to fostering academic excellence and practical knowledge in the field of commerce, the department plays a vital role in preparing students for the challenges of the ever-evolving business world, with a commitment to providing a comprehensive education. Further, efforts are made to equip students with the skills and knowledge necessary to excel in various facets of commerce and business management. Through a focus on core competencies, students are prepared to thrive in the dynamic and competitive landscape of the commerce sector.

Established: 2010

Details of Programs offered by the Institution:

1. MA Geopolitics and International Relations
2. PhD Geopolitics and International Relations

About Institution/School:

The Department of Geopolitics and International Relations (DGIR) is the only one of its kind in India offering master's and PhD programs in the discipline of geopolitics. The MA program in Geopolitics and International Relations (MA GIR) offered by the Department intends to prepare the young minds of India, who are keen to know about what is happening in the world and the nation's role in it, to decipher the intricacies of world politics from India's standpoint. All the faculty at the Department are doctoral degree holders, with a proven track record of excellence in academics and research at the national and international levels. The MA program is rigorous and designed in such a way that it enables students to learn about current international developments through a holistic and critical perspective. The program features an updated curriculum and research training, aimed at generating the next generation of strategic analysts. The students of MA GIR are provided with hands-on experience, apart from intense academic courses, which include weekly student discussions, seminars, workshops, war gaming, simulation exercises, and Model UN debates. The PhD program attempts to add value to the global geopolitical discourse from India's perspective. The research scholars are given hands-on training to emerge as the next generation of academics and experts in their respective fields. The Department conducts several high-profile national and international conferences and has developed a wide outreach among the network of strategic communities within and outside India. The Department also frequently conducts special and distinguished lectures and panel discussions, which provide the students with perspectives from key experts from the discipline and practitioners of policy. The program has a successful track record of orienting students with backgrounds in diverse disciplines toward a career in geopolitics and international relations. As part of the program, students are sent to major think tanks and corporate risk firms for a two-month internship at the end of their first year. The graduates of the Department have been placed at various key positions in the government, public and private universities, think tanks, intelligence and risk analysis firms, as well as media houses. The alumni of the Department help in internship and placement of students in their respective organizations and also provide career guidance talks to the students.

15	Saturday Discussion	A Saturday Discussion on the theme "Indo-US Relations & the QUAD" was organized by the students of the Department, where the role of the Indo-US partnership in strengthening the QUAD in the Indo-Pacific region was discussed.	05 October 2024

Sl No	Activity	Particulars	Date(s)
16	Academic outreach activity 	Dr Vignesh Ram (Assistant Professor, DGIR) taught a course on geopolitics and business risk at TAPMI as a visiting faculty. The course provided students of the International Business Program at TAPMI with a sound understanding of the implications of geopolitics on business processes. Dr Dhanasree Jayaram and Dr Anand V also delivered lectures for the program.	01 November 2024
17	Saturday Discussion 	A Saturday Discussion was organized by the students of the Department on the theme "India-China Relations & the BRICS".	02 November 2024
18	Roundtable on "2024 US Elections: Outlook for World Politics" 	The DGIR, MAHE organized a roundtable on the theme "2024 US Elections: Outlook for World Politics" to discuss the outcomes of the recently concluded US elections and its implications for India and the world. The speakers of the roundtable were Prof M D Nalapat, Prof M J Vinod (Professor, Department of International Studies, Political Science and History, Christ University) and Amb Arun Singh (India's former Ambassador to the US). The roundtable was chaired by Prof K P Vijayalakshmi.	11 November 2024
19	Field visit for the "Geopolitics, Security & Environmental Change" course	As part of the "Geopolitics, Security & Environmental Change" course, the Department conducted a visit to the sacred grove near Indrali Temple under the guidance of Dr Dhanasree Jayaram and Dr Vivek Pandi, Manipal Centre for Natural Sciences. The visit helped in gaining greater understanding of ecology, conservation and the role of sacred groves in communities. During the visit, the students learned about various types of species as well as their relationship with the	18 November 2024

Sl No	Activity	Particulars	Date(s)
		ecosystem. Students and faculty discussed the various types of invasive species and their impact on indigenous ecosystems. Dr Pandi also showed the students how to identify the differences between a natural forest and a human-made forest and pointed out how human acts of reforestation and afforestation cannot always be a substitute. The visit also helped the students gain greater knowledge of the importance of sacred groves in ecological conservation practices. They have played an integral part in maintaining ecological balance in various communities and villages. The discussions also briefly focused on the increased commercialisation of various sacred groves, and the impact of eco-tourism on the ecological balance of the area.	
20	17th All India Conference of China Studies (AICCS) 	The AICCS, in its 17th edition, was held in Manipal from 21 to 23 November 2024 in collaboration with the China Study Centre, Department of Geopolitics and International Relations, Manipal Academy of Higher Education (Institution of Eminence), Manipal. The special theme of the conference was "Understanding China in a Turbulent World: Geopolitical Contestation and Cooperation". The AICCS, the biggest event on China studies in India, is a flagship event of the Institute of Chinese Studies (ICS) and has been organized in collaboration with prominent universities across India since 2006. The special panels deliberated on contemporary research in thematic areas such as China's foreign and domestic policy, its approach towards the international system, Asia and the Indo-Pacific, as well as developments in China's socio-economic, environmental and technological domains. The discussions at the special panels dealt with global geoeconomic trends and on AI and the governance of technology. The keynote address was delivered by Prof Madhavan K Palat (Former Professor, Centre for Historical Studies, Jawaharlal Nehru University), and the valedictory address was delivered by Prof Sachin Chaturvedi (Director General, Research and Information System for Developing Countries). A special lecture was also organized as part of the conference, featuring Lt Gen Arun Kumar Sahni (Retd), Former Commander-in-Chief of the Indian Army.	21 November 2024 to 23 November 2024
21	Indo-US Strategic Partnership and Regional Security in Asia 	The Department hosted a one-day workshop on the theme "Indo-US Strategic Partnership and Regional Security in Asia" on 13 December 2024. The program was held as part of a project grant collaboration between the Department and the Centre for Public Policy Research, Kochi. The workshop aimed to foster a dynamic exchange of ideas between stakeholders from India and the United States, enabling participants to learn from the expertise on both sides and collectively address key challenges in their respective domains. The event had several prominent experts from the fields of business, policy making and academia, among others. The keynote address was delivered by Vice Admiral Girish Luthra, Former Commanding Officer of East and South Naval Command, Indian Navy. The event produced a detailed report of policy recommendations for Indian and US stakeholders and	13 December 2024

Department of Philosophy

Address: Floor 1 | Old WGSHA building | Opposite KH-OPD | Manipal 576104 INDIA
Phone Number: 08202937749
Email-Office: office.philosophy@manipal.edu
HOD: acharya.srinivasan@manipal.edu

Name of the HOD: Dr Srinivasa Kumar N Acharya
Established: 2019

Details of Programs offered by the Institution:

- MA Indian Philosophy
- MA Sanskrit Studies
- PG Diploma in Indian Philosophy
- PG Diploma in Sanskrit Studies
- PhD

About the Institution/School:

The Department is resolved to create an academic platform for philosophical practice in a diverse academic and professional environment. The Department of Philosophy complements the Humanities discourses on scientific investigation of the aspects of human nature, existence, and experience; and presents a systematic inquiry to understand the interaction between self and the world, while elaborating the knowledge-making process itself. The Department has brought out scholarly translations and publications and is conducting interdisciplinary research in the areas of philosophy, literature, digital humanities, and computational linguistics. With a team of young faculty members – beneficiaries of globally prestigious Erasmus Plus teaching mobility and Raman Charpak research fellowships at European universities – it offers two Master's programs in Indian Philosophy and Sanskrit Studies. It also offers a one-year Postgraduate Diploma in Indian Philosophy and Sanskrit Studies. It also offers a variety of elective/certificate courses in multiple areas of Humanities at other MAHE constituent units. Vision: To enhance the global environment with philosophical exchange rooted in classical and contemporary traditions. Mission: To nurture the intellectual climate with aspirants and scholars

interested in philosophy by embracing trans-disciplinary perspectives. Objectives: 1) To initiate dialogues and develop intellectual resources through interdisciplinary studies and research; 2) To promote cross-cultural interactions through academic collaborations with scholars and institutions; 3) To foster holistic development and ethical attitude through philosophical practices.

Institutional Activities/Curricular Activities
New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Centre for Therapeutic Philosophy	Vision: The MCTP is dedicated to promoting holistic well-being through the integration of philosophical concepts into therapeutic practices. Mission: The MCTP is a groundbreaking institution uniquely dedicated to exploring therapeutic philosophies from a global perspective, with a particular emphasis on the transformative principles of Indian philosophy. Objectives: 1) To foster a deeper understanding of the human experience in view of promoting holistic well-being through the integration of philosophical concepts into therapeutic practices. 2) To offer an innovative, interdisciplinary platform combining philosophy and psychology, to train the next generation of engaged thinkers to act as mediators between the abstract discipline of professional philosophy and the concrete, existential problems of the public. 3) To explore how philosophical practice can be therapeutically integrated into everyday routine, to guide individuals in their self-reflection, personal growth, and general well-being, in the private and public sectors. 4) To offer cutting-edge, interdisciplinary courses in the field. 5) To promote research collaboration and international networking in the field, leading to publication in outstanding journals.	15 October 2024 to 15 October 2026

All other activities in the department relating to the program/course:

			December 2024
8	Ecological excursion 	A field seminar on Eco-sophy (ecology and natural philosophy) was organised in the Agumbe foothills, with Dr Vivek Pandi from MCNS as the speaker guide. He guided the students to a secure location and explained the formation of natural landscapes and human interventions.	05 October 2024
9	Global Ethics Day_Movie Screening 	Network (1976) is a scathing critique of the ethical and political failings of mass media, depicting how corporate greed corrupts both morality and truth. The film explores media's role in gatekeeping and political agenda-setting, illustrating how information is manipulated to serve profit-driven interests. Through the exploitation of Howard Beale's mental breakdown, the network commodifies human suffering, challenging Kantian ethics by treating people as mere tools for ratings. Network also highlights how media controls public discourse, distorting reality to advance capitalist goals, thus raising critical questions about autonomy, democracy, and the erosion of genuine political engagement in a corporate-dominated society.	16 October 2024
10	51st All India Oriental Conference	A three-day International Conference was organised by the department in collaboration with Bharathiya Vidvat Parishat Bengaluru, Paryaya Sri Puttige Matha Udupi, Central Sanskrit University New Delhi at Rajangana, Udupi.	24 to 26 October 2024

1	Prof Dr Mathieu Boisvert	University of Quebec in Montreal (UQAM)	Delivered a lecture on Saṃskāra-constructing female identity through rituals: The case of the Hijra community of Mumbai'. The primary objective of this talk is to analyse the use of rituality (Saṃskāra) within the hijra community of Mumbai and, more particularly, to understand how these rituals contribute to shaping their female identity. We will look into some specific rites of passage used by members of this community and investigate certain practices related to pilgrimage (tirtha-yatra) to specific temples in order to reveal how these participate to the hijra's feminine identity.	19 January 2024
2	Dr Michael Williams	Institute for The Cultural and Intellectual History of Asia (IKGA), Austrian Academy of Sciences (ÖAW), Vienna, Austria	On occasion of Madhva Navami, he delivered a lecture on 'Knowledge and Consciousness in the Dvaita Tradition of Vedanta'. This lecture will focus on the theory of knowledge of the	26 February 2024

			Mādhva tradition of Vedānta, particularly as found in the work of Vyāsatīrtha (1460--1539). Vyāsatīrtha was one of the first philosophers from outside the Navya-Nyāya tradition to write a critique of Gaṅgeśa Upādhyāya's Tattvacintāmaṇi. In his refutation of Gaṅgeśa's work, the "Death-Dance of Logic" (Tarkatāṇḍava), Vyāsatīrtha argues for an "intrinsicist" view of how we come to realise the truth of our awarenesses of the world.

DPRC Seminar Series

Special lecture by Prof Dr Mathieu Boisvert

51st All India Oriental Conference

Dvaita Philosophy Resource Centre (DCPR)

Address: Old WGSHA Building, Udupi–Hebri Road, Near Kasturba Medical Hospital (KMC), Manipal 576104.

Phone Number: 7200215609

Email (Centre): dprc@manipa.edu

Year of Establishment of Centre: 2010

Name of the Coordinator: M Vishnuvardhan

Brief About the Centre:

Vision: The Centre aims to establish academic platforms for philosophical discussions centered on Dvaita Vedanta. Its broader objective is to integrate the Indian knowledge system with global intellectual traditions, fostering dialogue and engagement that enrich both Indian and worldwide philosophical discourse while preserving the depth and uniqueness of Dvaita Vedanta.

Mission: DPRC aspires to be a leading center of excellence among Dvaita institutions, promoting an academic approach to the Dvaita school through specialized programs, rigorous research, and scholarly publications.

Objectives:

- To preserve the rich philosophical, spiritual, and cultural heritage of India.
- To open the doors of Indian philosophy to the scholars of the world.
- To provide the platform for knowledge sharing and employ the best research practices.

- To bridge the gap between traditional and modern academia with the help of technology.
- To intensify philosophical discussions worldwide based on scientific temperament.
- To mainstream the discourses in philosophy and social sciences with focus on contemporary relevance.

Brief about Centre:
The CTP is committed to advancing holistic well-being by integrating philosophical inquiry with therapeutic practices. While the Centre draws inspiration from India's rich philosophical traditions, it also embraces a global perspective on therapeutic philosophy. Our goal is to demonstrate how philosophy can be a practical and enriching force for life and health, offering more than just theoretical insights, but tangible, actionable pathways to well-being. Our methodological framework involves engaging in concrete philosophical practices able to foster epistemological mindfulness, metaphysical contemplation, and ethical inquiry, to cultivate a deeper understanding of human nature and the workings of the mind, with an eye on the consequences of individual behaviors on the world.

Vision:
Dedicated to exploring therapeutic philosophies from a global perspective, with a particular emphasis on the transformative principles of Indian philosophy.

Mission:
Promoting holistic well-being through the integration of philosophical and therapeutic practices

Objective:

1. Biennial International Conference of 'Therapeutic Philosophy in Global Perspectives'
2. To offer cutting-edge interdisciplinary courses in the field (in person and online)
3. To promote research collaboration and international networking in the field, leading to publication in outstanding journals

Activities at the Centre:
International Conference on Therapeutic Philosophy in Global Perspectives (13 to 17 January 2025)

Research Activities
Workshop on Philosophy for Children with invited speaker Rhea Narayana Khutoor (17 October 2004)

Research Publication:
Incoming publications (the CTP was only approved on 16 October 2024)

Any SDG-related activities:
Both the TPGP conference and the workshop on Philosophy for Children relate to the global goal of health and well-being.

Awards and recognition:
5,000 euros funding from Hildesheim University, Germany, towards hosting the TPGP conference.

Details of Programs Offered by the Institution:

- BA European Languages and Intercultural Studies
- Certificate Course in Kannada

About Institution/School:

The Department of Languages is a centre for multilingual education and research. It specializes in developing innovative academic programs and knowledge pathways in the domain of languages and culture studies, focusing on European and Indian languages. Today, the increasingly international character of the social, political, or economic spheres provides exciting opportunities for study and work across sectors such as travel and tourism, diplomatic services, education, the corporate world, entertainment, and communications, to name a few. Keeping this in mind, the study of foreign languages and cultural mediation are the focus areas at our institution and are infused with the objectives of creating the required academic capital for facilitating a deeper engagement of India with the wider world and expanding learning and career avenues for students. In the new collaborative BA (Hons) Humanities program at MAHE (started in 2024), the Department offers two major tracks: French and Intercultural Studies and German and Intercultural Studies. They revolve around three interlinked clusters: literary and media studies, applied linguistics, and cultural diplomacy. Other European languages include Spanish. The Department houses the Centre for Kannada and Regional Languages in line with its overall mandate to foster multilingual education and promote exchange between Indian and European knowledge systems.

Sl No	Activity	Particulars	Date(s)
1	Plurilingual and Intercultural Education: Cartographies of European Language Learning in India.	The international conference "Plurilingual and Intercultural Education: Cartographies of European Language Learning in India" gathered leading scholars, educators, and policymakers to explore the evolving landscape of European language education in India. The event addressed key questions about the current state of European language education, the roles of various stakeholders, and the influence of post-millennial European linguistic trends on India's multilingual diversity. The conference featured keynote speaker Prof Terry Lamb from the University of Westminster and Chief Guest Prof Rajendra Chenni from the Manasa Centre for Cultural Studies. The hybrid format allowed both in-person and virtual participation, fostering a collaborative ecosystem involving scholars, teachers, cultural institutions, and industry representatives. Discussions on Day 1 focused on innovative language education approaches, the impact of state policies on language identity, and the integration of multilingual perspectives in both European and Indian contexts. Day 2 included workshops and parallel sessions on intercultural competence, collaboration among European language associations, and evolving teaching strategies. Key topics such as the "Local2You Initiative", literary and translation approaches, and developing effective teaching materials for Indian learners were also explored. A plenary discussion concluded the conference, emphasizing the transformative power of language in bridging cultural gaps and fostering global collaboration. The event highlighted the importance of inclusive strategies, policymaking, and partnerships between academia, industry, and cultural institutions to shape a plurilingual and intercultural society that celebrates linguistic diversity.	10 and 11 April 2024

Established: December 14, 2014

Details of Programs Offered by the Institution:

- MA (Ecosophical Aesthetics)
- MA (Art and Peace Studies)
- Certificate course in Dance
- Certificate course in Music

About the Institution/School:

The Gandhian Centre for Philosophical Arts and Sciences (GCPAS) engages in interdisciplinary teaching and research with a view to develop alternative knowledge systems to deal with contemporary crisis. The Centre engages in intersectionality of aesthetics, philosophy, ecology, journalism, Gandhian and peace studies, and development and gender studies. It is a constituent department of Manipal Academy of Higher Education (MAHE), a deemed university recognized as the Institution of Eminence by the Ministry of Human Resources, Government of India. Today, the world is passing through a crisis of violence, of every kind– violence connected to region, religion, caste, class, nature, culture, science, gender, economy, ecology, nation, and development. Education needs to respond to the rising challenges. Gandhian Centre for Philosophical Arts and Sciences (GCPAS), MAHE is hence offering its first-of-a-kind post-graduate programmes– MA in Ecosophical Aesthetics, and MA in Art and Peace Studies. In fact, there is a whole gamut of arts, sciences, and social sciences which impart meaning to life and hold insight into the resolution of crisis; philosophical exploration is the basic bedrock of such a search and media also plays a major role. The GCPAS adopts this kind of an inter-disciplinary and trans-disciplinary approach, envisioning a peaceful, just, aesthetic, and ecosophically sustainable present and future. The MA in Ecosophical Aesthetics is a postgraduate programme which prepares students in the critical appreciation of different art forms with an ecosophical perspective, making them suitable for a career in art media and art of media. The MA in Art and Peace Studies is a first of its kind postgraduate programme which explores the possibilities of peace—individual and international—through art media and art of media. Employment possibilities include journalism, media and communication sector, socio-cultural and environmental—national and international—sector; academics and research; policy research

organizations; international relations agencies; publishing. The uniqueness of the programmes are their interdisciplinarity, a rare combination of subjects leading to knowledge, wisdom, and employability. This provides the means to a better life and gives meaning to life.

Institutional Activities/Curricular Activities

Sl No	Activity	Date(s)
1	MA Ecosophical Aesthetics: It is the first of its kind, a two-year programme to fulfill the need for 'art writers'. It is essentially 'art journalism from an ecosophical perspective'. Ecosophy combines ecology and philosophy. The programme includes a philosophical appreciation of all art forms - music, dance, literature, theatre, cinema, painting, among others, with a focus on writing with ecosophy being the connecting thread. Any individual with graduation or equivalent degree can take up this programme.	01 January to 31 December 2024
2	MA in Art and Peace Studies: It is an innovative postgraduate programme which attempts to connect art and peace studies from a philosophical perspective. Peace—personal, social, ecological and international—is a final purpose of life which is also very much in need and art adds flavour and meaning to life. The programme intends to achieve peace of every kind through art. It includes areas such as society, polity, development studies, gender studies, Gandhian studies, journalism, media, and international peace as well as different forms of art such as music, dance, theatre, visual arts and cinema	01 January to 31 December 2024
3	Certificate course in Dance is an evening certificate course offered by GCPAS, MAHE	01 January to 31 December 2024

- LLB (Honors)
- LLM in Data Privacy and Information Technology Laws
- LLM in International Investment & Commercial Arbitration
- LLM in Construction Law & Arbitration

About Institution/School:

Manipal Law School (MLS) Bengaluru strives for a paradigm shift in the field of legal education. MLS focuses on enabling students to comprehend multidimensional legal systems with a clear objective of developing their abilities by persuasively enhancing their written and oral skills, anticipating outcomes, and using research and analytical skills in problem solving. The curricula and pedagogy at MLS aim to be at par with leading law schools involving contemporary global issues and standard legal practices. MLS fosters a holistic academic environment in a state-of-the-art infrastructure that gives students inclusive access to progressive, adaptive, and innovative legal education. The learning pedagogy consists of theoretical and practical involvement with neighbourhood communities. MLS believes in producing lawyers who would excel in their profession and be humane with a strong sense of social justice. A major thrust is given to courses like professional ethics to make students more acclimatized to the practical nuances of the legal career. An excellent learning environment at MLS comprises an eco-sustainable green campus, a wide range of co-curricular and extracurricular activities, legal research centres, diverse departments with multidisciplinary expertise, and Legal Aid clinics to enhance the study of law. The students, under the guidance of our exemplary faculty, endeavour to active engagement in the service to the local, regional, national, and international communities. Our goal is to create a holistic community of teachers and learners in a conducive and sustainable ecosystem.

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Introduction of LLB (Honours)	Duration of the program is 3 years, spread over 6 semesters. The maximum duration for completing the program will be 6 years. The pedagogy is essentially student-centric in nature. The program aspires to instil cutting-edge knowledge in law with a focus on the interface of law and technology; fostering the spirit of enquiry, inculcating life skills, and developing social awareness with a sense of responsibility to society at large. The pedagogical methodologies involved are the Socratic method, Langdell method, cooperative teaching, case law method, illustrative teaching, role-plays, mock courts, and the like.	01 January 2024
2	Establishment of Centre for Dispute Resolution and Management	The Centre for Construction Law Research was established on 6 May 2024. Its aim and objectives are as follows: Aim: 1. To provide the platform for initiating deliberations and designing a course of action in suggesting major policy changes in dispute resolution with the help of major stakeholders from both academia and industry. Objectives: 1. To study and impart research advocacy/training on the nature and implications of dispute resolution techniques at the domestic level and how it impacts the uniform standards and rules of global businesses. 2. To provide the platform for various stakeholders to initiate dialogue and recommend the necessary course of action while assessing domestic law and policy in the light of rules and standards in international commercial and investment arbitration. 3. To examine the role of courts in alternate dispute resolution (ADR) and sensitise them about the need for a harmonized approach towards the enforcement of decisions of independent ADR institutions and arbitral forums. Dr Jaya Vasudevan Suseela, Professor, Manipal Law School (MLS), Bengaluru, has been appointed as the Coordinator for the Centre for a tenure of 2 years from 6 May 2024. Dr Apoorvi Shrivastava, Associate Professor, MLS, Bengaluru, will be the Co-coordinator of the Centre.	06 May 2024
3	Establishment of Centre for Construction Law Research	The Centre for Construction Law Research was established in the meetings of the MAHE Executive Committee (EC), held on 6 May 2024. Mr R Venkataraghavan, Professor of Practice – Law, Manipal Law School, Bengaluru, has been appointed as the Coordinator of the Centre for Construction Law Research, under MAHE, Manipal, for a tenure of two years from 6 May 2024. The Coordinator will report to the Director, Manipal Law School, Bengaluru, for functional matters of the Centre.	06 May 2024
4	Establishment of Centre for AI and Data Privacy Law	The Centre for AI and Data Privacy Law was established in the meetings of the MAHE Executive Committee (EC), held on 6 May 2024. Ms Yashu Bansal, Assistant Professor, Manipal Law School, Bengaluru, has been appointed as the Coordinator of the Centre for AI and Data Privacy Law, under MAHE, Manipal, for a tenure of two years from 6 May 2024. The Coordinator will report to the Director, Manipal Law School, Bengaluru, for functional matters of the Centre.	06 May 2024
5	Establishment of Centre of Intellectual Property Rights	The Centre of Intellectual Property Rights (IPR) Law and Research was established under MAHE, Manipal, with effect from 15 July 2024. The aims of the Centre are as follows:	15 July 2024

Sl No	Activity	Particulars	Date(s)
	(IPR) Law and Research	1. The prime aim is to promote, encourage, and conduct academic research in the field of IPR and emerging technologies, policies, and reforms associated with IPR and, further, to conduct and launch IPR-related courses to drive sustained and broad academic growth of MAHE and Manipal Law School. 2. A further aim is to promote IPR awareness among academicians and industry professionals. Dr Indranil Saha, Associate Professor, Manipal Law School, Bengaluru, has been appointed as the Coordinator for the Centre, for a tenure of two years from 15 July 2024. Dr Ella Gorian, Professor, Manipal Law School, MAHE, Bengaluru, will be the Co-coordinator of the Centre.

Dr Sarasu Esther Thomas, the Director of Manipal Law School, spoke as a panelist on Judiciary and Migrant Women Labourers. The seminar aligned with the United Nations Sustainable Development Goals 8 and 16, focusing on 'Decent Work and Economic Growth' and 'Peace, Justice, and Strong Institutions.' Dr Sarasu is an ardent spokesperson for the rights of marginalized groups.	08 November 2024
8	Session on Muslim Law of Inheritance at Chanakya University by Dr Sarasu Esther Thomas	Dr Sarasu Esther Thomas, Director of Manipal Law School, Bengaluru, hosted an enlightening session on Muslim Law of Inheritance at Chanakya University on 12 November 2024. The	12 November 2024

Sl No	Activity	Particulars	Date(s)
		event attracted law students and professionals eager to explore the complexities of inheritance law within India's diverse legal landscape. Dr Sarasu engaged the attendees with a captivating discussion on the legal nuances and traditions of Muslim inheritance law, highlighting how these principles align with modern legal practices in India. Her expertise provided clarity on a challenging topic, helping participants gain a meaningful understanding of both its foundational aspects and wider implications.	
9	National Law Day	On 26 November 2024, Manipal Law School honoured National Law Day with an engaging session exploring the Ambedkarite Vision of the Constitution. The event featured Mr Arvind Narrain, a distinguished legal scholar, activist, and co-founder of the Alternative Law Forum (ALF), as the keynote speaker. Mr Narrain delved into the principles of dignity and fraternity emphasized in the Indian Constitution, underscoring their relevance in addressing present-day societal challenges. The conversation served as a platform for students to critically engage with constitutional values, as they raised socially significant questions to better understand the document's essence. The session encapsulated the spirit of law, fostering dialogue that bridges legal education with societal realities. Events like this reinforce our mission at Manipal Law School to cultivate well-rounded legal professionals equipped with deep constitutional insights.	26 November 2024
10	Politics of Waiting at NLSIU, Bengaluru	Prof Dr Sarasu Esther Thomas, Director, Manipal Law School, Bengaluru, is co-editing a proposed interdisciplinary project titled Politics of Waiting and an Expanding Gender Horizon: The Social, Political, and Legal Discourses in India along with Dr Debangana Chatterjee, Professor at NLSIU. Centre for Construction Law Research

Address: Manipal Law School, MAHE Bengaluru
Phone Number: 7358268089
Email (Coordinator): rama.venkat@manipal.edu

Year of Establishment of the Centre: 2024
Name of the Coordinator: Prof R Venkataraghavan
Members: All LLM Construction Law and PG Diploma in Construction Law Cohorts (total 10+37= 47 members)

Brief About the Centre:
Vision:
Promote Construction Law as a distinct interdisciplinary field of specialization

Mission:
To provide quality education and training in the field of Construction Law and dispute resolution related to infrastructure and construction projects.

Objective:
To offer a master's degree in Construction Law and Arbitration, and also a PG Diploma program for working professionals like engineers and quantity surveyors.

Activities at the Centre:

- An international conference was held at MAHE Bengaluru campus on 24 March 2024
- For the first time in India, an LLM and a PG Diploma program were launched from the academic year 2024
- Milana 2024, a meetup of cohorts of LLM and PG Diploma program was conducted on 17 December 2024, with all cohorts from both Construction Law streams.

Research Activities:
LLM cohorts are undertaking master's level academic research on various topics related to Construction Law and dispute resolution.

Research Publication:
Course coordinator, Prof R Venkat has contributed to a book chapter and the publication is expected by March 2025

Centre for Intellectual Property Rights (IPR) Law and Research

Address: MAHE, Manipal
Email (Coordinator): indranil.saha@manipal.edu

Year of Establishment of the Centre: 15 July 2024

Name of the Coordinator: Dr. Indranil Saha, Associate Professor, Manipal Law School, MAHE, Bengaluru

Name of the Co-Coordinator:

Dr. Ella Gorian, Professor of Law, Manipal Law School, MAHE, Bengaluru

Advisory Committee members:
Chairperson - Prof (Dr) Pinaki Ghosh, IPR Chair Professor, NUJS, Kolkata
Board Member (National) - Dr Mohan Dewan, Principal at R K Dewan & Co.
Board member (National) - Dr Amar Desai (General Manager – Global IP, Zydus)
Board Member (National) - Mr R Lakshminarayanan, Director and Head of IPR and Innovation Management, Samsung Electronics India.
Board member (National) - Mr Siddharth Karkhanis, Head of IPR, Robert Bosch India.

Brief About the Centre:

Vision:
(a) To foster scholarly investigation and academic research concerning intellectual property rights, emerging technologies, and corresponding regulatory policies and reforms in the field of IPR.

(b) To create and encourage IPR awareness and education amongst faculty and students on intellectual property rights (IPRs) so that they are aware of how to safeguard their creative works.

(c) To promote MAHE and Manipal Law School in the field of IPR in the academic scenario, short-term certificate courses, executive development programmes, postgraduate diploma courses, and research activities in a variety of IPR sectors need to be launched and undertaken, all while taking industry needs into consideration.

(d) To support and assist the Technology Transfer Office (TTO) at Manipal on matters of pure academic and policy research in relation to IPR if needed by TTO at any point of time.

Mission:
- The prime aim is to promote, encourage, and conduct academic research in the field of IPR and emerging technologies, policies, and reforms associated with IPR and further, to conduct and launch IPR-related courses in order to drive sustained and broad academic growth of MAHE and Manipal Law School.
- A further aim is to promote IPR awareness among academicians and industry professionals.

Objectives:
- *Educational Objectives:*
- Offer at least two short-term specialized certificate courses and at least one postgraduate diploma course in the field of IPR.
- *Research Objectives:*
- Undertake research projects that address emerging issues in IPR and the interface of intellectual property and emerging technologies and publish research papers and articles in national and international journals and magazines.
- *Community Engagement Objectives:*
- Collaborate with industry stakeholders, government agencies, and non-profit organizations to contribute to IPR awareness, policy discussions, and reforms in the field of intellectual property rights, especially in the light of emerging technologies.
- *Networking and Collaboration Objectives:*
- Host an annual conference/symposium and two roundtable discussion forums to bring together experts, practitioners, and academics in the field of IPR.
- *Job and Internship Objectives of Students of MAHE and Manipal Law School:*
- Be in touch with industry experts to convince them to allow MAHE and Manipal students for internships and jobs in their companies and/or law firms.

Activities at the Centre:

(a) Dr Indranil Saha, Coordinator of the Centre was an invited speaker as an expert on the topic of

"Fundamentals of Technology Transfer", **Sikkim Manipal University in collaboration with the Centre for IPR Law and Research Centre, MLS, MAHE**, 14 October 2024

(b) Dr Indranil Saha, Coordinator of the Centre was an invited speaker at the National Conference on Navigating the Intersection of Artificial Intelligence and Law: Ethical and Legal Horizons, **Techno India University**, 27-29 September 2024.

- English
- Journalism and Mass Communication
- Psychology

The Department offers Double-Major UG Degree Programmes leading to the Bachelor of Arts with the following choices of disciplines:

- History/Political Science/Economics/Sociology

The Department offers PG Degree Programmes leading to a Master of Arts (MA) / MSc in the following disciplines:

- English Language and Literature
- Multimedia and Communication
- Applied Psychology

About the Institution/School:

The Department of Liberal Arts, Humanities, and Social Sciences (DLHS) is a constituent unit of the Bengaluru Campus of Manipal Academy of Higher Education (MAHE). The department aims to nurture future global citizens with the innate ability to address prominent social, economic, and structural problems challenging human civilization today. It equips students with topical clarity, analytical and introspective skills, life skills, and the ability to communicate effectively through a transdisciplinary approach grounded in critical thinking. The objective is to create well-rounded individuals, who can take on the world with confidence and make it a better place.

All the programmes have been designed by integrating several skill-based courses. DLHS follows the Choice Based Credit System (CBCS) and Continuous Assessment and Grading Pattern (CAGP) to maintain a uniform academic standard. The curriculum framework of all programmes has been meticulously designed to meet the contemporary industry standards and is in consonance with the National Education Policy 2020 (NEP 2020).

Institutional Activities/Curricular Activities

New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	MSc Applied Psychology	An advanced degree in Psychology is crucial to address mental health issues, promote well-being, and navigate diverse societal challenges. MSc Applied Psychology in Manipal Academy of Higher Education, Bengaluru, is a full-time two-year program designed to provide training in both theoretical and practical aspects of psychology. The program is meant for students who wish to acquire specialized knowledge in the field of psychology. Besides domain-specific skills, the degree equips learners to enhance their empathy, refine their social communication, and develop necessary problem-solving skills. Its aim is to nurture their academic interest along with a focus on personal growth and awareness. The courses are curated to integrate hands-on experiential learning, clinical training, and research. Learners can choose from the three core specialization areas to pursue their career or research paths: Clinical Psychology, Industrial and Organizational Psychology, and Forensic Psychology. A few of the distinctive courses under the program are Rehabilitation and Correctional Psychology, Cyber Forensics, Talent Management, Compensation Strategies and Retention Management, Behavioural Medicine, Clinical Assessment and Diagnosis, among others.	10 July to 31 December 2024

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	The Perils of Pedagogy: Teaching, Learning, Stories of Bodies and Minds	This Faculty Development Programme was conducted by Prof. Thomas Waugh, Distinguished Professor Emeritus at Concordia University, Montreal, Canada. The insightful session was open to all and witnessed enthusiastic participation from faculty members across various departments and institutes.	12 January 2024
2	TEDxMAHE Bengaluru *Into The Newness*	MAHE Bengaluru proudly hosted its first-ever TEDx event in February 2024. The event was the result of meticulous planning, thoughtful deliberation, and seamless execution — from curating a diverse lineup of speakers to managing every organizational detail — culminating in a resounding success. Centered around the theme "Into the Newness," the event aimed to ignite conversations around the idea of the "local" and spotlight actions that catalyze social change — whether radical, incremental, or structural. As a newly established campus, the event was also an opportunity to introduce ourselves to the city of Bengaluru and help our students — who come from across the country — forge meaningful connections with this vibrant urban landscape. In alignment with this goal, we invited speakers based in or deeply connected to Bengaluru, each engaged in innovative efforts that support a broader vision	16 February 2024

Sl No	Activity	Particulars	Date(s)
		of social transformation.	
3	Masterclass on Election Studies	This two-day masterclass, conducted by renowned psephologist Rahul Verma, offered students an engaging introduction to the field of electoral studies. The sessions covered a range of topics, including: 1. An overview of election studies in India and around the world 2. The conduct of elections at the grassroots level 3. The evolving landscape of party politics in India 4. How Indians vote — exploring issues, turnout, and party preferences 5. Insights into the world of psychology and political consulting	17 to 18 March 2024
4	Beyond the Individual: Unravelling the Social Threads of Psychology	This one-day workshop, designed for students of the second and fourth semesters of the BA Double Majors program, offered an interactive introduction to the field of social psychology. Through engaging discussions and hands-on activities, students explored key concepts that connect psychology to broader social contexts. The following themes were addressed by the resource persons: 1. Psychology: Putting the 'Social' in Social Science 2. Social Location: How 'Who' and 'Where' Determine 'How' 3. Attitudes and Belief Systems: From Bias to Discrimination 4. Intersectionality in Action	20 March 2024
5	Interviews as a Methodological Tool in Research	This two-day workshop was organized for fourth-semester students of the BA Double Majors program with the aim of introducing interviews as a key method of primary research. The sessions were designed to help students understand the relevance, applicability, and process of conducting and analyzing interviews within academic research. Students were guided through the following key areas: 1. Understanding the interview as a formal research technique 2. Situating interviews within broader research methodologies 3. Designing interview schedules and conducting interviews 4. Addressing ethical considerations in interview-based research 5. Techniques for analyzing qualitative interview data	01 to 05 April 2025
6	Namma Shakespeare Fest 2024 – A Celebration of the Bard	To mark the 460th birth anniversary of William Shakespeare, the students and faculty of the Department of Languages and Humanities (DLHS) proudly hosted the Namma Shakespeare Fest on 22 and 23 April 2024. This two-day celebration brought the Bard's legacy to life through a vibrant mix of performances, competitions, and literary engagement. A major highlight of the festival was the compelling performance of *Shakespeare's Wife* by Laxmi Chandrashekar on 22 April. The event also featured	

Sl No	Activity	Particulars	Date(s)
		a series of spirited competitions, including Sonnet Skirmish (sonnet writing), Will's Words (soliloquy), and Cosplay, inviting participants to creatively explore Shakespeare's works. The festival served as a lively and meaningful tribute to Shakespeare's enduring influence, offering students and faculty an immersive experience in the rich world of his language, characters, and ideas.	
7	Annual Day 2024	Annual Day 2024 was a grand celebration of achievements, marking a significant milestone in our institution's journey. The event commenced with a formal inauguration, followed by the presentation of the Annual Report 2023–24, highlighting the institution's progress and collective efforts over the year. Faculty members were honoured for their dedication, and students were felicitated for outstanding achievements in academics and co-curricular activities. Certificates were also awarded to students who played key roles in the Open House and outreach initiatives. A memorable highlight was the formal farewell given to the first graduating batch of PG students, marking a historic moment for the institution. In addition, student clubs were acknowledged for their consistent contributions, and several other notable accomplishments were celebrated. The event stood as a testament to the values of hard work, teamwork, and excellence that define our community — leaving everyone inspired and optimistic about the journey ahead.	10 May 2024
8	Theatre-Integrated Pedagogy (FDP)	The Internal Quality Assurance Cell (IQAC) of DLHS organized a Faculty Development Programme (FDP) focused on Theatre-Integrated Pedagogy. The day-long workshop was facilitated by Mr. Kaustubh Bankapure and Ms. Deepa Raghavan, distinguished applied theatre practitioners from the ATI Foundation. The session introduced faculty members to the fundamentals of applied theatre, covering its scope, methodologies, modalities, and the process of devising theatre. In addition to hands-on activities, the workshop explored diverse career applications of applied theatre in education, social entrepreneurship, and corporate sectors. The FDP offered valuable insights and practical exposure, enhancing innovative pedagogical approaches within academic settings.	22 to 24 July 2024
9	Academic Writing Pedagogy (FDP)	The Internal Quality Assurance Cell (IQAC) of DLHS organized a Faculty Development Programme (FDP) focused on academic writing pedagogy, facilitated by Dr Shivani Kapoor. The objective of the program was to strengthen faculty members' academic writing skills while equipping them with effective strategies to enhance their teaching methodologies. The FDP brought together faculty from DLHS as well as from other institutions, including the Srishti Manipal Institute, creating a dynamic and collaborative learning environment. With her extensive experience in the field, Dr Kapoor led a series of engaging sessions that covered essential aspects of academic writing	23 to 24 July 2024

Sl No	Activity	Particulars	Date(s)
		such as structuring research papers, refining argumentation, and aligning with publication standards. Participants actively took part in discussions and hands-on activities, which not only deepened their understanding of academic writing but also fostered the exchange of best practices across institutions. The event successfully nurtured a sense of academic community and encouraged innovative thinking around the teaching of writing. The FDP reaffirmed DLHS's commitment to academic excellence and continuous professional development, paving the way for future initiatives that support scholarly growth and pedagogical innovation.	
10	Postgraduate Orientation Programme 2024	Postgraduate Orientation Programme: Setting the Stage for Academic Excellence – The orientation program offered a comprehensive introduction for the incoming postgraduate cohort of DLHS to the MAHE Bengaluru ecosystem. Designed to ease the transition into university life, the session familiarized students with academic guidelines, campus infrastructure, and essential support services. It also provided an opportunity for students to interact with faculty members and peers. A highlight of the program was the inspiring keynote address by Professor Indira Parikh (President, Antardisha; Founding President, FLAME University; Former Professor and Dean, IIM Ahmedabad), who encouraged students to approach their academic journey with commitment, curiosity, and a spirit of lifelong learning. Dr Raghavendra Prabhu, Deputy Registrar, offered a detailed overview of the MAHE ecosystem, outlining institutional policies, evaluation systems, library resources, and student services. The session successfully laid the foundation for a meaningful and productive academic year, instilling confidence and motivation among the new entrants as they embark on their postgraduate journey.	02 August 2024
11	Field Visit to Book Brahma Literature Festival 2024	On 9 August 2024, students and faculty from the undergraduate and postgraduate English programs at DLHS participated in a field visit to the *Book Brahma Literature Festival 2024: Soul of the South*. This enriching festival celebrated the vibrant literary and cultural legacy of South Indian languages through a series of panel discussions, book signings, performances, and exhibitions. The event offered a unique opportunity for literature students to engage directly with renowned writers, translators, performers, and filmmakers. The diverse sessions and thought-provoking conversations provided deep insights into regional literature, translation practices, and the evolving landscape of storytelling in the South. In addition to the intellectually stimulating panels, the festival featured a curated art exhibition, an impressive display of books for sale, and live performances that added to the immersive experience. Overall, the visit was both educational and inspiring, offering a holistic engagement with the literary and cultural richness of South India.	09 August 2024
12	Panel Discussion: Union	An engaging and insightful panel discussion titled "Union	13 August

Sl No	Activity	Particulars	Date(s)
	Budget 2024–25 and Inclusive Growth	Budget 2024–25 and Inclusive Growth" was held on 13 August 2024, bringing together prominent economists and policy experts to examine the broader implications of the Union Budget on India's economic trajectory. The panel explored a wide range of critical themes, including: • Economic Growth vs. Inequality • Underutilization of Government Schemes • Capital Expenditure and Infrastructure Development • Economic Policies and Fiscal Measures • Inclusive Financial Growth • Agriculture and Rural Development • Women's Employment and Gender Inclusion The discussion highlighted both the opportunities and challenges presented by the budget, with a focus on strategies to foster inclusive and equitable growth. The session offered students and attendees a valuable perspective on how fiscal planning intersects with social equity and long-term development goals.	2024
13	Aarambh 2024 – Inauguration and Orientation Programme for Undergraduate Students	Aarambh, the inauguration and orientation program for the incoming undergraduate batch of 2024, was designed to offer students and their parents a comprehensive introduction to life at MAHE Bengaluru. The sessions aimed to familiarize them with various academic, administrative, and support systems that form the foundation of the student experience on campus. The departmental orientation was led by Dr Shilpa Kalyan, who introduced students to the academic structure and expectations within their respective programs. Dr Ishappa Bandi, Librarian, outlined the resources and services available at the university library. Ms. Saritha Vijayanagar, Chief Student Officer, provided an in-depth overview of hostel life, campus regulations, and the broader student support ecosystem. Dr Rajesh Williams, Director – Sports, highlighted the athletic and recreational opportunities available to students. Mr. Basavaraj Kuppasad, Deputy Director – General Services, gave students and parents practical insights into essential campus facilities and operations. Dr Gaurav Yadav, Deputy Director – Admissions, discussed scholarship opportunities and various avenues of academic advancement. Dr Arjuna, Associate Director – DSA, introduced the functions and responsibilities of the Student Affairs Unit, which supports student welfare and engagement. The orientation concluded with an interactive Q&A session, allowing parents to directly engage with the speakers and clarify any concerns about student life at MAHE Bengaluru. The event set a strong and reassuring foundation for students as they embarked on their academic journey.	19 August 2024
14	Outbound Adventure Trip	A two-day Outbound Adventure Trip was organized between 21 and 24 August 2024 to help first-year BA students transition into college life through outdoor learning and group activities. Held in two batches, the trip included trekking, rappelling, kayaking, mud games, and	21 to 24 August 2024

		rock climbing, encouraging teamwork, self-discovery, and peer bonding. 147 students, along with faculty and staff, participated in the camp, residing in tents and engaging in activities under expert supervision. The experience was widely appreciated, with many students calling it a one of a kind adventure and a memorable start to their college journey.	
15	Educational Visit to Madras Sappers Museum and National Military Memorial Park	On 23 August 2024, fifth-semester students from the *War and Trauma* (BA English) and *Conflict Resolution and Peace Building* (BA Double Majors) courses visited the Madras Sappers Museum and Archives and the National Military Memorial Park in Bengaluru. The visit began with a documentary showcasing the global military engagements of the Madras Sappers, offering insights into major colonial and post-colonial campaigns. Students explored six history halls featuring artifacts from key military events including the World Wars and Anglo-Mysore Wars, deepening their understanding of war's layered narratives. DLHS faculty also held discussions with the Officer-in-Charge regarding a one-month internship opportunity for undergraduates, supported by the Ministry of Defence.	23 August 2024
16	Educational Trip to MAHE Manipal – Workshop on Decoding China	DLHS students attended a two-day Workshop on Decoding China at MAHE Manipal, where they participated in Session IX: Elevator's Pitch. This segment invited students to present original research proposals to the Chennai Centre for China Studies, with the potential to be mentored in one of six thematic areas: Science & Technology; Defence & Security; Business & Economics; Party, Society, Health & Environment; Soft Power & Culture; Geopolitics & Strategy. Three students from MAHE Bengaluru — Ankita Sahoo, Amala Jayashree, and Archit Sinha — presented innovative perspectives on China's global influence. They received valuable feedback and mentorship advice from experts. The event was a significant academic opportunity, encouraging students to think critically about China's role in reshaping global power dynamics and deepening their engagement beyond the classroom.	03 to 04 September 2024
17	Guest Lecture on Suicide Prevention – World Suicide Prevention Day 2024 	On 10 September 2024, the Department of Liberal Arts, Humanities and Social Sciences (DLHS) organized a guest lecture at the Dr Ramdas Pai Convention Hall to mark World Suicide Prevention Day. The event was attended by over 300 participants, including undergraduate and postgraduate psychology students and faculty. The session featured two esteemed mental health professionals: Dr Neena David, a clinical psychologist from Bengaluru , addressed the audience in person. She shared global and Indian suicide statistics, addressed common misconceptions, and outlined strategies for resilience-building. Dr Paul Stronegger, a psychiatrist from Norway, joined online to discuss contributing vulnerabilities such as mental illness, substance abuse, and shame. He emphasized early	10 September 2024

		intervention, coping strategies, and the role of social support, family systems, and spirituality. The event aligned with SDG #3 (Good Health and Well-being) and SDG #4 (Quality Education), underscoring the need for mental health awareness and education. The session offered students and faculty valuable insights into suicide prevention and the importance of fostering emotional resilience.	
18	Faculty Development Programme – Gender Sensitization	The Faculty Development Programme (FDP) on Gender Sensitization, organized by DLHS, focused on equipping faculty with the knowledge and tools to foster inclusive and equitable learning environments in higher education. Gender sensitization is essential in addressing unconscious biases, stereotypes, and inequalities that can influence classroom dynamics and student experiences. This activity-based FDP explored practical strategies such as recognizing unconscious bias, using inclusive language, and understanding the gender spectrum. Faculty engaged in reflective discussions on promoting empathy, mutual respect, and equal opportunities for students of all genders. The program highlighted the crucial role educators play in challenging stereotypes, supporting gender-diverse students, and creating safe, respectful spaces. By integrating gender sensitization into academic practice, the FDP aligned with SDG 4 (Quality Education) and SDG 10 (Reduced Inequalities), positioning faculty as agents of change in building a more just and inclusive educational landscape.	20 September 2024
19	Guest Lecture – Ethical Issues in Counselling Practice	On 23 September 2024, the Department of Liberal Arts, Humanities and Social Sciences (DLHS) organized a Guest Lecture titled *"Ethical Issues in Counselling Practice"*, attended by over 100 BA Psychology students from Semesters III and V. The session was led by Dr Murtuza Railwaywala, a noted psychotherapist and theatre activist. It began with a screening of the short film *"Koshish – Ek Kadam"*, which highlighted ethical dilemmas in counselling. Dr Railwaywala contextualized the film and shared insights into real-world ethical challenges faced by mental health professionals. An engaging Q&A session followed, where students explored questions around ethical violations, confidentiality, and best practices. The lecture bridged theoretical learning with practical application, enhancing students' understanding of ethics in counselling and encouraging critical reflection on future professional responsibilities.	23 September 2024
20	Heritage Field Trip to Lepakshi	On 28 September 2024, third-semester history students visited Lepakshi, a historic temple site in Anantapur District, Andhra Pradesh, for a heritage field trip. The visit was guided by Ms. Meera Iyer from INTACH, who led a heritage walk exploring the site's rich architectural and cultural significance. Students examined the Natyamandapam and Mahamandapam, known for their intricate Vijayanagara-era mural paintings and carvings depicting scenes from the *Ramayana*, *Mahabharata*, and	28 September 2024

		Puranas. The ornate pillars, adorned with celestial beings, deities, and dancers, captivated students and offered insights into temple art and symbolism. The visit concluded with a clay tablet activity, where students recreated carvings seen at the site, offering a hands-on experience that deepened their engagement with heritage and history.	
21	Workshop: Elements of Literary Translation – World Translation Day 2024	To mark World Translation Day, a hands-on workshop was organized for students of the *Translation in Practice* course. The session focused on the practical aspects of literary fiction translation, especially from Malayalam and Tamil into English, emphasizing cultural nuance, tone, and voice. Students explored key challenges in cross-linguistic interpretation, engaged in group translation exercises, and conducted a comparative analysis with published English translations to refine their techniques. The workshop highlighted that translation is not merely linguistic conversion but a nuanced act of cultural mediation. By bridging theory with practice, the session deepened students' understanding of the translator's craft and complexities, leaving them with greater insight into the interpretative choices that shape a faithful yet accessible translation.	30 September 2024
22	Mental Health Week – Guest Session on Mental Wellbeing and Self-Care	As part of Mental Health Week, the Department of Liberal Arts, Humanities and Social Sciences (DLHS) organized a guest session on "Mental Wellbeing in Academia and Promoting Self-Care" on 3 October 2024. The session was attended by 154 students, including undergraduates and postgraduates from the *MSc Applied Psychology* and *BA Psychology* programs. The session was led by Dr Ashwini NV, Director of Muktha Foundation and CEO of Flourish Lifeschool. She addressed common academic stressors—performance pressure, time management, and peer competition—while promoting self-care strategies such as mindfulness, support networks, and maintaining a balanced routine. The interactive discussion emphasized the collective role of academic institutions in supporting student well-being. Key takeaways included improved mental health awareness, empowerment through self-care, and reduced stigma surrounding psychological challenges, even for psychology students themselves.	03 October 2024
23	Unmute – Youth Speak Forum 	As part of Mental Health Week, the Department of Liberal Arts, Humanities and Social Sciences (DLHS) organized a student-led seminar titled "Unmute – Youth Speak Forum" on 4 October 2024. The forum featured 10 student speakers from the *MSc Applied Psychology* and *BA Psychology* programs, selected through auditions, to share their insights on key mental health issues. The event aligned with UN SDG 3: Good Health and Well-being and created a platform for open dialogue around topics such as: Mental Health Awareness and Education; Breaking the Stigma; Social Media and Mental Well-being; Access to Support Services; Academic Stress; Intersectionality in Mental Health; Youth Mental Health Innovations; Mental Health Start-ups; Policy and Advocacy.	04 October 2024

Sl No	Activity	Particulars	Date(s)
		The seminar promoted mental health literacy, strengthened peer support networks, and encouraged a culture of inclusivity and resilience. It reaffirmed the importance of empowering youth voices and viewing mental health as a shared responsibility.	
24	Unequal Matters: Thinking about Inequality and Justice in the 21st century	This seminar series introduced students to the multifaceted nature of inequalities in contemporary India, exploring its economic, social, political, and historical dimensions. Held over a period of five days, through the series, scholars and activists who are working on the ground to challenge inequalities and whose insights have been shaped by their participation in movements and people's collectives were invited. It offered glimpses into the 'social,' as it works out in the world outside their classrooms.	21 to 29 October 2024
25	alèy Literature Festival 2024	The Department of Liberal Arts, Humanities and Social Sciences (DLHS), MAHE Bengaluru, hosted its inaugural literature festival, alèy, on 23–24 October 2024. Rooted in the metaphor of a wave, *alèy* represented the confluence of a literature and college fest; celebrating the dynamic, ever-evolving power of storytelling. The two-day festival featured panel discussions, live performances, masterclasses, and workshops, offering a vibrant platform for engagement with writers, poets, and artists. It also included competitions for school and college students, sparking creativity and critical thought. With the aim of showcasing literature's ability to challenge conventions and reflect lived experiences, *alèy* brought together diverse, real-world voices that sparked dialogue and inspired young minds to see the relevance of literature in everyday life.	23 to 24 October 2024
26	Reflekta 2024 – DLHS Media Fest	Reflekta 2024 marked a significant milestone as the first-ever media fest organized by the Department of Liberal Arts, Humanities and Social Sciences (DLHS) at MAHE Bengaluru. Bringing together students, media professionals, and enthusiasts, the fest served as a vibrant platform for creativity, innovation, and collaboration in media and communication. Highlights included Pratibimb (Short Film Competition), Reporter's Dilemma (Mock Press), interactive workshops, and thought-provoking discussions that explored media's role in shaping society. Reflekta also created valuable opportunities for networking, learning, and talent showcasing. The fest aligned with key Sustainable Development Goals (SDGs) such as – SDG 4: Quality Education: Promoted experiential learning and critical thinking; SDG 9: Industry, Innovation & Infrastructure: Showcased media's transformative power; SDG 17: Partnerships for the Goals. This fostered collaboration between academia and industry. Reflekta 2024 was more than a celebration—it was a dynamic learning experience that inspired the next generation of media thinkers and creators.	25 October 2024
27	Editing and Publishing 2024 – Educational Trip to	The Editing and Publishing 2024 course was held from 28 to 30 October 2024 at the MAHE Manipal campus,	28 to 30 October

Sl No	Activity	Particulars	Date(s)
	MAHE Manipal	organized in collaboration with Manipal Universal Press (MUP), the Faculty of Humanities, Liberal Arts, and Social Sciences, the Manipal Centre for European Studies (MCES), and the Jean Monnet Centre of Excellence. This intensive, three-day program offered participants a comprehensive understanding of the publishing industry, combining editorial theory with hands-on experience. Sessions covered editorial workflows, academic editing, and marketing strategies, helping students develop critical industry-relevant skills. A key highlight was the field visit to Manipal Technologies Limited, where students witnessed publishing technologies in action, gaining valuable insights into the real-world applications of classroom concepts. It successfully bridged the gap between academic learning and industry practice, preparing participants for careers in editing and publishing.	2024
28	Field Trip to Museum of Art and Photography (MAP), Bengaluru	First-semester students of MA (Multimedia and Communication) visited the Museum of Art and Photography (MAP), Bengaluru, as part of their *Communication Theories* course. The trip offered an immersive exploration into visual communication and the power of images in shaping meaning. Students explored MAP's permanent collection, which includes classical Indian art, contemporary works, and rare photographs, alongside rotating exhibits on identity, culture, and the environment. Interactive screens, augmented reality, and virtual reality tools enhanced the experience, offering deeper engagement with the exhibits. The documentary photography gallery was a highlight, showcasing compelling visual narratives from across the world. The field trip bridged theory with practice, offering students valuable insights into the role of technology in modern museum storytelling and the evolving language of visual media.	15 November 2024
29	Field Trip to International Film Festival of India (IFFI) 2024 – Goa	Students from MA (Multimedia and Communication) – III Semester and BA (Journalism and Mass Communication) – V Semester attended the International Film Festival of India (IFFI) held in Goa from 20 to 28 November 2024. The festival offered an unparalleled opportunity to experience world cinema, interact with industry professionals, and explore diverse cinematic expressions. Students attended film screenings, panel discussions, and networking events, gaining insights into filmmaking, production challenges, and global storytelling trends. Films from Eastern Europe stood out for their bold themes addressing the rise of far-right activism. Beyond the screenings, students experienced the festival's vibrant atmosphere, attending red carpet events; engaging with filmmakers; and sharing highlights through reels and photographs on social media. The visit not only enriched their academic learning but also inspired deeper passion for cinema and opened doors to potential industry connections.	23 to 26 November 2024
30	Ekta: A Student-Led Pedagogic Showcase	Held on 28 November 2024, *Ekta* was a student-driven pedagogic exercise organized by the first-semester	28 November

Sl No	Activity	Particulars	Date(s)
		students of the Double Majors program. Centered on the theme of *unity*, the event served as a creative culmination of their semester-long academic journey, merging cultural expression with political inquiry. The program featured a curated documentary based on interviews conducted on and off campus, offering diverse perspectives on the meaning of "the political." A skit highlighted the importance of informed voting, while the Eastern music performance celebrated diversity through regional traditions, featuring works by Kabir, Bharathiyar, Baul, Basaveshwara, Annamacharya, and Sufi poets. The Western music performance echoed themes of equality, peace, and global solidarity, and the event concluded with a dance performance on Begumpura, critically reflecting on caste, gender, and class inequalities. *Ekta* was not just a performance—it was a thoughtful engagement with politics, culture, and identity, demonstrating how artistic expression can illuminate complex social realities.	2024
31	Field Trip to Gudibande Fort	First-semester students of BA (Journalism and Mass Communication) visited Gudibande Fort, Chikkaballapur as part of their *Introduction to Media and Communication* course. The trip offered a unique perspective on nature as communication, encouraging students to engage with their environment through a media lens. Built in the 17th century by Byre Gowda, the fort is an architectural marvel known for its seven-tiered defense system and ingenious rainwater harvesting techniques. Students trekked to the summit, learning about the fort's history, strategic design, and the ecological intelligence of its water systems. Guided observations of the local flora, fauna, and birdsong added depth to the experience, reinforcing how natural landscapes can tell stories and serve as powerful mediums of communication. The panoramic view from the top offered both visual inspiration and a moment of reflection, tying the natural world to the course's core ideas.	29 November 2024

38	Priyanka Seshadri	Azim Premji University Bengaluru	Priyanka Seshadri is Archivist, Azim Premji University Bengaluru. The talk explained what an archive is and how an archive can be started. The speaker spoke of the need to have a clear understanding of the different types of records, their forms, and functions, and how they are to be presented. The process of transmitting the information is key as this is where the key distinctions between the types of records can be seen as they all have different functions and uses. A record serves two key functions: primary and secondary. The primary function is what the authors intended the records to perform. The secondary function is the historical value that the records have in the present-day as evidence of past processes. To serve the secondary function and make the record useful as evidence, the archivist must understand the primary function that the record performed. Determining the authorship of the records is also a crucial process in archiving; Knowing the intent of the record is important; Authentication and the verification of the records is necessary to ensure its credibility. Archiving is governed by laws and ethics that must be observed.	29 August 2024
39	Kunal Govil	Content Manager, Milaap	Kunal Govil, Content Manager, Milaap was on campus to conduct a workshop on "Content Marketing for Fund Raising Organization - PART 1"	30 August 2024

			always a part of 'Indian' school curriculum? The talk explored a brief history of modern schooling and citizenship from colonial to post-colonial India. Through the discussion that followed, the talk captured the larger political and economic transitions of the Indian State and how they have shaped schools' understanding and teaching of complex ideas of 'citizenship' to young children - the future citizens of the country? The lecture helped students appreciate the patterns of schooling as a regime that allow for socialisation to take place on key aspects of one's identity, in this case citizenship.

The Theme of the Freshers' Day was 'Fantasia.' All the freshers dressed like their favourite characters and interpretations of fantasy fiction as a theme. The Masters of Ceremony were the second-year students, Ananya Vijay Khanna from BA Psychology and Meenakshi Premsundar from BA Journalism and Mass Communication. The event opened with welcome group performances by the senior students which ranged from Eastern and Western singing and dancing performances. Kalakriti, the dance club along with Seronova, the music club of the department performed a group dance and a song, respectively. The Freshers' solo and group talent show showcased a range of performances from elocution to singing and dancing. The talent show was interspersed with an ice-breaking game organized by the theatre club, Abhinaya. Riya Arora from BA Journalism and Mass Communication was crowned the "Star Fresher." The runner up Star Fresher was Anvita Trivedi from BA Journalism and Mass Communication. Shadre from MSc Psychology won the 'Best dressed' award. Additionally, awards were handed out to the best dancers, vocalists, and instrumental performers. The Freshers' Day was successful in achieving the objectives of the event. This event was significant in creating a fun experience."	06 September 2024
3	Peace of Your Palette	This 5-day event was envisioned as a pre-exam unwinding and stress relieving activity for students. the event also aimed at student engagement and participation with the newly instated Cultural committee of 2024-25 Academic year. Students came dressed in theme for each of the five days of the week. The theme for day 1 was blue, day 2 was red, day 3 was purple, day 4 was yellow and the week culminated in 'pajama day'. Students also participated in creating a mood board for each of the themed day on soft boards provided for them at the ground floor of AB2 Building. There was also a photobooth set up by students by repurposing one of the old cut out photobooth from an earlier event. The official MAHE photographer was arranged. This event saw active participation of students and it culminated in a welcome fun and laughter before the exams began.	18 November 2024

Name of the HOD: Dr Harini Santhanam
Established: 2022
Details of Programs Offered by the Institution:

- MA Public Policy
- PhD

About the Institution/School:

The Department of Public Policy (DPP) was established to cater to the growing educational needs of new-age courses in public policy and administration and research in the country. The department was established in August 2022 and began offering the program in Public Policy in August 2023. DPP within the MAHE family caters to the growing need for comprehensive, new-age education on the social, economic, environmental, regulatory as well as technological challenges from a policy perspective. Our Vision and Mission statements are as follows: • Our Vision is to develop niche programs in the policymaking domain which foster holistic learning and mainstream practice of Public Policymaking in India. • Our Mission is to provide the academic and research framework for capacity-building through education and skill training for futuristic policymakers in diverse fields. Being a niche program, MA Public Policy has an intake of 20 students per year. It is a full-time, on-campus program of 2 years duration (Year 1 - Theory | Year 2 - Practical), and is designed to equip students with: • A strong foundation in policy analysis • Governance and decision-making, with a blend of theoretical knowledge and practical exposure • Prepares graduates for impactful careers in Public Services, Academia, Institutional policy making Specialisation tracks offered: • Politics and international policies • Economics and Econometrics • Environmental and Sustainability • Public Administration and Governance Why Choose DPP at MAHE? 1. Envisions to be a unique policy hub looking closely at the nexus between politics, economy, environment, and governance. 2. Through academic

and research programs, the DPP hopes to influence policy decisions to bring about positive policy outcomes. 3. Follows a transdisciplinary approach with students from diverse backgrounds. 4. Follows a student-centric curriculum reflecting NEP vision. 5. Known for blended classroom learning with practical internships and capstone projects. 6. Enables students to earn certificates and academic credits for skill-focused courses. 7. Learn from reputed practitioners for field-specific insights. 8. Rigorous field immersions and outreach events for hands-on experience.

Institutional Activities/Curricular Activities
New Initiatives:

3. MA English
4. MA Sociology
5. MA History
6. PhD

About the Institution/School:

Manipal Centre for Humanities (MCH) is a leading research and teaching institute based in Manipal, Karnataka. It is one of the earliest Centres of Excellence (CoE) in the Manipal Academy of Higher Education (MAHE)—MAHE is one of the original six Institutes of Eminence declared by the Government of India in 2017. MCH offers an undergraduate BA in Humanities (English/Sociology/History), as well as postgraduate and doctoral degrees in English, Sociology, and History. As one of the most exciting academic experiments in higher education in India, MCH fosters a culture of innovative and reflexive pedagogy, intellectual freedom, student initiatives, and new directions in scholarship.

Centre for Women's Studies

Address: Centre for Women's Studies, Planetarium Complex, Alevoor Road, Manipal-576104
Phone Number: 0820-2923586
Coordinator Email: jagriti.g@manipal.edu

Year of Establishment of Centre: 2016

Name of the Coordinator: Dr Jagriti Gangopadhyay

Brief about Centre:

Vision: The Centre for Women's Studies at the Manipal Centre for Humanities and under the leadership of Manipal Academy of Higher Education (MAHE), was formed with the goal of fostering different gender issues through academic engagement and policy discourse.

Mission: The main aim of this Centre is to focus on key areas of enforcement of women's rights such as Women, Labor and the Economy, Sexuality, Caste and Gender, Politics of Reproduction, The Domestic Sphere, and Violence and Discrimination.

Objective:

1. To focus on equality and ethical issues related to gender and sexuality
2. To document, study and advocate for women's issues in different spheres, such as education, health, the legal system and policy
3. To sensitize, educate and encourage different target groups and stakeholders to address the complex changing demands related to gender in a developing country such as India
4. To build MAHE, reputation as a gender sensitive organization and collaborate amongst different institutions within MAHE

Activities at the Centre:

On International Women's Day, 8 March 2024, Dr Ranjana Saha's (Senior Research Fellow, History and Archaeology Turku Institute for Advanced Studies (TIAS)) book titled, "Modern Maternities: Medical Advice about breastfeeding in Colonial Calcutta" was launched.

On 16 August 2024, a guest lecture titled Feminism and Development by Dr Alankrita Anand, York University, Canada, was organized.

Any SDG-related activities:

Both events were in line with SDG5. The first activity focused on women's health in colonial India, and the second event addressed child marriage practices in rural Bihar.

LITERARY AND DANCE PERFORMANCES BY MCH STUDENTS WILL FOLLOW THE BOOK LAUNCH

Ranjana Saha is a senior researcher and Marie Sklodowska-Curie Actions (MSCA) COFUND Fellow at the Turku Institute for Advanced Studies (TIAS) and associated with the Department of European and World History, University of Turku, Finland. Prior to this, she was a Postdoctoral Teaching Fellow and History Faculty at Manipal Centre for Humanities, Manipal, India and a Postdoctoral Research Fellow at the Indian Institute of Science Education and Research (IISER), Mohali, India. She completed her PhD and MPhil from the Department of History, University of Delhi, Delhi. Her doctoral research was funded by a Junior Research Fellowship (JRF) and a Foreign Travel Grant from the Indian Council of Historical Research (ICHR, New Delhi), a Charles Wallace India Trust UK Short-term Research Grant, and a one-year PhD Fellowship at the Centre for the Study of Developing Societies (CSDS, Delhi). Her papers have been published in The Indian Economic and Social History Review (IESHR), South Asia Research, and Women's Studies International Forum. She is the author of Modern Maternities (2023).

VENUE: Manipal Centre for Humanities, Dr TMA Pai Planetarium Complex, Alevoor Road, Manipal, Karnataka 576104

K K Hebbar Gallery and Art Centre

Address: K K Hebbar Gallery and Art Centre (HGAC), MCH, Dr TMA Pai Planetarium Complex, Alevoor Road, Manipal 576 104
Phone Number: 0820 292 3561
Email (Centre): office.hgac@manipal.edu **Coordinator:** anusha.r@manipal.edu

Year of Establishment of the Centre: 2016

Name of the Coordinator: Anusha Ravishankar

Brief About the Centre:

The K K Hebbar Gallery and Art Centre (HGAC) at the Manipal Centre for Humanities (MCH), under the leadership of the Manipal Academy of Higher Education (MAHE), was formed to create a space that nurtures creative expression and art pedagogy, cross-disciplinary engagement with artists, cultural practitioners, and student communities. The Art Centre houses twenty-six works of K K Hebbar from the Portrait Collection, courtesy of the K K Hebbar Art Foundation. The Art Centre situated on the top floor of the building of the MCH is the first step of the MAHE's initiative to eventually establish a cultural Centre promoting art and performance with special emphasis on the coastal region of Tulu Nadu and South Canara.

Vision:

The main aim of this Centre is to ensure inclusive and equitable quality education in the arts and promote lifelong learning opportunities for all. HGAC is committed to its immediate regional community of students and artists as well as the wider global artistic community with a focus on creating a space for thinking about and making art.

Mission:

Artist-led projects supported by MAHE, and collaborative initiatives across disciplines and departments. HGAC aims to foster an engagement with the arts in the spirit of constructive critical enquiry and act as an enabling space for curious and creative minds, encouraging meaningful kinships in the region.

Objectives:

- Curating programs that include workshops and readings, forums and screenings and a keen interest in engaging with the student community and the artistic community in and around the region of Tulu Nadu and South Canara.
- Invite and host artists and artworks from across India and internationally which are accessible to all students and the public.

- Support for artist-led projects and collaborative initiatives that create a strong impetus for engaging with the arts.
- To build the MAHE's reputation as an arts and culture-sensitive organization and collaborate amongst different institutions within it.

Activities at the Centre:

1. Multiple curated tours for school counsellors from across the country in collaboration with MCH.
2. Session by Curator titled 'Portraits and Line Drawings: Gallery Tour' for BA first-year students of MCH during Immersion Week.
3. Artist Talk by Devi Seetharam was open to all students of MAHE and the public. A talk on the artist's inspiration, journey, conceptualization process, and technique was developed for her series 'Brothers, Fathers, and Uncles'.
4. The first 'Gallery as Classroom' event where artist Devi Seetharam conducted a class for BA first-year students of MCH with Dr Ketaki Chowkhani exploring themes of gendered public spaces and issues of accessibility.
5. Conducted monthly Open Mic (January-April) events at the gallery space open to all MAHE students and staff to perform poetry, narrative fiction, dramatic text, and original music in any language to a live audience.
6. Collaboration with K K Hebbar Art Foundation and Bengaluru International Centre to hosted a film screening and a Yakshagana performance for the birth anniversary celebrations of K K Hebbar open to the public. HGAC conceptualized and produced the film in collaboration with the MAHE Audio Visual Department.
7. Invited folk artists from Rajasthan for a live music performance 'Folk-legacy from Rajasthan' in collaboration with the Indian Institute of Technology, Jodhpur. Open to all students, faculty and staff of MAHE and the public, the performance introduced the audience to four indigenous musical instruments.
8. A three-day exhibition titled 'The Gulf Migrant Archives in India' featuring artefacts donated by students, faculty, and staff at MAHE and the larger community of Manipal in collaboration with MCH.
9. An event for freehand drawing and painting at the Gallery in collaboration with the Student Support Centre was open to all on the occasion of World Mental Health Day.
10. HGAC-MAHE Fellowship and Artist in Residency. A month-long artist residency for invited artist Ketaki Sarpotdar culminating in the production of five artworks to be displayed in HGAC. Collaboration with Regional Resources Centre, MGM College Udupi during the creative research process.
11. Gallery tours for students and the public with an annual footfall of 330 visitors for 2024.
12. Session by Curator titled 'Art Appreciation as Social Practice' for students from across the country for the Sociology Internship in collaboration with MCH.

Research Activities:

Artistic research conducted by HGAC-MAHE Fellow Ketaki Sarpotdar during the period of residency in Manipal.

Student Support Centre

Address: Quarter No. 125, Opposite New International Hostel,
Madhav Nagar, Manipal, Karnataka 576 104
Phone Number: 0820 292 2430
Email (Centre): student.support@manipal.edu **Coordinator:** gayathri.prabhu@manipal.edu

Year of Establishment of the Centre: 2017

Name of the Coordinator: Dr Gayathri Prabhu, In charge Head of MCH

Members:

Debasmita Phukan, Senior Clinical Psychologist, SSC
Gatha B, Clinical Psychologist, SSC
Sukanya Chowdhury, Clinical Psychologist, SSC
Agnes Mary James, Clinical Psychologist, SSC
Tanya Gupta, Clinical Psychologist, SSC
Satish S Kotian, Office Associate, SSC
N Nagaraj, General Duty Worker, SSC

Brief About the Centre:

Vision:

To provide completely confidential service devoted to supporting the emotional well-being of students, while ensuring their privacy and accessibility. Modelled along the lines of counselling and wellness centres at the best universities in the world, the SSC at Manipal Academy of Higher Education (MAHE) strives to make mental healthcare accessible to students across all colleges under MAHE.

Mission:

- To offer therapy sessions with qualified clinical psychologists, covered by student medical insurance (Medicare).
- Conducting awareness campaigns and outreach sessions across institutes and extending the university's efforts towards supporting differently abled students.

Objectives:

- To offer practical and constructive support to students in adjusting to a new environment as well as social or personal challenges that are specific to their age group and circumstances.
- To treat mental and physical disabilities as not merely a pathological problem but as a more complex situation that requires the care of specialists who offer constant support throughout treatment and recovery.
- To help combat the general social taboos associated with mental illness on campus, and to foster a positive outlook among students.
- To establish the University campus as a student-friendly safe space that is sensitive to physical and mental disabilities.

Activities at the Centre:

Blue hour sessions - interactive sessions between students and psychotherapists held once every month. The sessions involve extensive discussions about several topics related to mental health and general well-being. A few of the topics chosen this year were the generation gap, social anxiety, laziness, emotions, and grief. The Centre also observed World Mental Health Day on the 10 October in collaboration with the Hebbar Gallery and Art Centre where students were encouraged to participate in an hour of drawing and painting to express, reflect, and nurture their well-being.

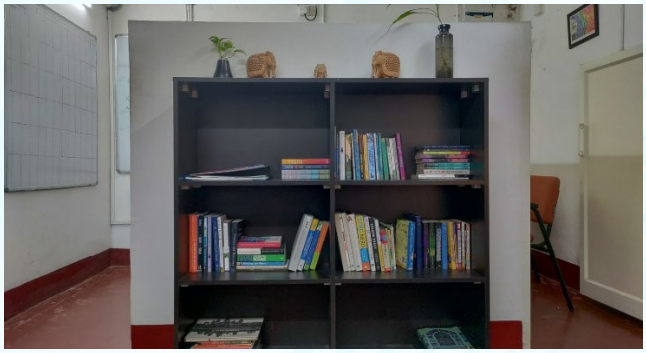
Any SDG-related activities:

SDG 3: Ensure healthy lives and promote well-being for all ages - SSC provides affordable, sustainable, and quality care for all students currently enrolled under MAHE.

GOAL 5 - Achieve gender equality and empower all women and girls- Both positions of leadership are occupied by women at SSC. Therapists at SSC also adopt an intersectional lens in their work, ensuring that their practice is guided by the values ensuring social justice and equality for all communities in society.

GOAL 16 - Promote peaceful and inclusive societies for sustainable development, provide access to justice for all, and build effective, accountable, and inclusive institutions at all levels – Making mental health affordable to students, raising awareness about mental illness and the taboo surrounding it through its programs, sessions, and social media handles. Few therapists are trained in Queer Affirming Counselling Practice (QACP) organized by the Mariwala Health Initiative; thus, ensuring that the therapists are aware and mindful of the rights and concerns of the LGBTQI+ community in their practice.

Photo Gallery:



Collection of books at the centre that is available for the students and staff for reading.

An interactive session on Social Anxiety between the students of MAHE and a psychotherapist from SSC

World Mental Health Day Celebrations

Manipal Centre for Natural Sciences, Manipal

Address: Dr TMA Pai Planetarium Building, Alevoor Road, Manipal -576 104 Udupi District, Karnataka, India

Phone Number: 08202923571

Email(office): office.mcns@manipal.edu Email (director): sreekumar.p@manipal.edu

Name of the Director: Prof P Sreekumar

Established: 2012

Details of Programs Offered by the Institution:

- PhD
- Integrated MSc PhD Program

About the Institution/School:

Manipal Centre for Natural Sciences (MCNS) was started in the year 2011 under the Manipal Advanced Research Group (MARG). MCNS was conceived as a unique Centre dedicated to the pursuit of fundamental research at the frontiers of the natural sciences. The fledgling MCNS came into its own as a Centre of Excellence under Manipal University in 2012. From its inception, a unique academic program has been initiated and integrated with existing research at leading institutions in India and abroad. Building on its core strength in astronomy, astrophysics, and theoretical physics, MCNS has expanded into specialized areas of computational chemistry and evolutionary biology. MCNS has a vibrant PhD student research program in these areas of natural sciences and offers an integrated MSc-PhD program in Physics. The Dr TMA Pai Planetarium housed at MCNS, plays a unique and supportive role in conveying the excitement of space and astronomy research to school and college students and the wider public with exciting shows throughout the year.

Institutional Activities/Curricular Activities
New Initiatives:

Sl No	Activity	Particulars	Date(s)
1	Manipal Astrostatistics School 	MCNS has initiated the Manipal Astrostatistics School with the aim to train PhD students, postdocs, and young faculty researchers from different parts of the country in the use of statistical techniques in research and familiarize them with new tools involving neural nets and Machine Learning (ML). This school was organised in collaboration with prestigious universities and institutes such as IUCAA, Pennsylvania State University, Harvard Smithsonian Center for Astrophysics, BARC, and Saha Institute of Nuclear Physics.	10 to 16 December 2024

All other activities in the department relating to the program/course:

Sl No	Activity	Particulars	Date(s)
1	Mass Pledge Ceremony Against Drugs	On the occasion of the 78th Independence Day, MCNS organized a mass pledge ceremony against drugs to reinforce its commitment to a drug-free society.	12 August 2024
2	National Space Day Celebrations	To commemorate the success of the Chandrayaan-3 mission, MCNS organized a one-day program inaugurated by Prof Satish Rao, Director, MSLS, that included talks by MCNS faculty and a quiz competition for school students.	23 August 2024
3	National Science Day	As part of the celebrations, school students from AGE schools visited MCNS, which is a part of the MAHE residential programme. Exhibition of models in the foyer, sun live watch using telescope, followed by lab visits were part of the programme.	27 August 2024
4	Outreach Programme	As part of outreach activities, a one-day workshop was organized at MCNS, with talks by MCNS faculty, followed by an interaction session with participants	31 August 2024
5	Educational trip for students to Vainu Bappu Observatory, Kavalur	To familiarize students with telescopes and instruments as part of the Astronomical Instrumentation course.	20 to 21 October 2024
6	Educational trip to Kalinga Centre for Rainforest Ecology (KCRE)	To raise awareness on local ecology and conservation	27 October 2024
7	Outreach Activity	Rocket model and exhibition inauguration by Honourable V C, Lt Gen (Dr) M D Venkatesh	10 December 2024

Details of the Guest Visit (lectures, collaboration, visitors on campus)

Guest Lectures:

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
1	Prof B Eswar Reddy	Programme Director, India TMT Coordination Center (ITCC), Dean, Indian Institute of Astrophysics (IIA)	Public lecture on "The Thirty Meter Telescope - A New Window to the Universe" as part of 9 RAM 2024	10 January 2024
2	Ms Nigar Shaji	Programme Director, U R Rao Satellite Centre and Project Director, Aditya-L1 Mission, Indian Space Research Organization (ISRO)	Public Lecture on "Technology Challenges of Aditya-L1 Mission" as part of 9 RAM 2024	12 January 2024
3	Dr Daisuke Yoshida	Designated Assistant Professor, Nagoya University	Scientific Collaborations and Guest Talk on the topic "From Fundamental Physics to the Universe: Initial Singularities of the Universe."	27 February to 07 March 2024
4	Mr Kanji Nishii 	Mr Kanji Nishii PhD Scholar, Kobe University	Scientific Collaborations and Guest Talk on the topic "From Fundamental Physics to the Universe: Black holes and thermodynamics"	27 February to 07 March 2024
5	Mr Sota Sato	PhD Scholar, Kobe University	Scientific Collaborations and Guest Talk on the topic "From Fundamental Physics to the Universe: Dark Matter and Quantum Gravity"	27 February to 07 March 2024
6	Ms Kaho Yoshimura	MSc student, Kobe University	Scientific Collaborations and Guest Talk on the topic "From Fundamental Physics to the Universe: Black Hole evaporation and the Weak Gravity Conjecture"	27 February to 07 March 2024
7	Dr Kenji Nishiwaki	Assistant Professor, Shiv Nadar University	Scientific Collaborations and Guest Talk on the topic "Fundamental Physics to the Universe: Wave-packet Approach: A full-fledged way to clarify quantum nature"	02 to 06 March 2024
8	Mr Noel Jonathan Jobu	PhD Scholar, Shiv Nadar University	Scientific Collaborations and Guest Talk on the topic "From Fundamental Physics to the Universe: Neutrinos: A portal into Beyond Standard Model Physics"	02 to 06 March 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
9	Dr Toshifumi Noumi	Associate Professor, The University of Tokyo	Scientific Collaborations and Guest Talk on the topic "Fundamental Physics to the Universe: Wave-packet Approach: Cosmic Inflation and Quantum Gravity"	04 to 07 March 2024
10	Dr Keisuke Izumi	Lecturer, Kobayashi-Maskawa, Institute for the Origin of Particles and the Universe, and Nagoya University	Scientific Collaborations and Guest Talk on the topic "Seminars under the theme From Fundamental Physics to the Universe: Gravity, Mass and Surface"	05 to 07 March 2024
11	Dr Hideo Furugori	Postdoctoral Fellow, Kyoto University	Scientific Collaborations and Guest Talk on the topic "From Fundamental Physics to the Universe: Infrared Triangle: Insights from Dressed State Formalism in QFT"	05 to 07 March 2024
12	Dr Shyama Narendranath	U R Rao Satellite Centre, Indian Space Research Organisation (ISRO)	Guest Talk on "Lunar exploration: Why and How?"	02 May 2024
13	Dr Dimple	Post-Doctoral Fellow, Chennai Mathematica Institute (CMI)	Guest Talk on "Unveiling Diversity in GRB progenitors: A Data-Driven Approach using Machine Learning"	19 June 2024
14	Prof Ranjith Padinhateeri	Professor, Department of Biosciences and Bioengineering, Indian Institute of Technology, Bombay	Public Talk on "4D organization of folded DNA and the epigenetic code"	11 July 2024
15	Dr Sandeep Suchand	MIT, MAHE, Manipal	Guest talk on "Intense laser plasma, direct laser writing, and high-resolution biomedical imaging"	28 August 2024
16	Dr Dibya Chakraborty	Centre for Strings, Gravitation and Cosmology, Department of Physics, Indian Institute of Technology, Madras	Guest talk on "Inflationary Models in Perturbative Large Volume Scenario"	11 September 2024
17	Dr Radhakrishna V	Space Astronomy Group U. R. Rao Satellite Centre (SAG), ISRO	Talk on "Intro to x-ray/gamma-ray detectors" as part of Scheme for Promotion of Academic and Research Collaboration (SPARC)	17 September 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
18	Prof Narayana Bhat 	University of Alabama, Huntsville	Talk on "Source of neutrons, detection of neutrons, Studies from the International Space Station" as part of SPARC	18 September 2024
19	Dr Mohammed Hasan	Talk on " Spacecraft Environment Interaction: Importance for understanding space radiation and space weather " as part of SPARC, ISRO Headquarters, Bengaluru .	Talk on "Spacecraft Environment Interaction: Importance for understanding space radiation and space weather" as part of SPARC	19 to 20 September 2024
20	Dr Dipanjan Mukherjee	Professor, Inter-University Centre for Astronomy and Astrophysics (IUCAA)	Talk on "Role of simulations in astrophysical studies" as part of SPARC	19 to 20 September 2024
21	Dr Sankarasubramanian	Space Astronomy Group U. R. Rao Satellite Centre, ISRO, Bengaluru (SAG), ISRO	Two Talks on "Aditya-L1 science, payloads and multi-messenger science" and "Challenges in space weather studies Aditya-L1 capabilities, an approach towards predicting solar events" as part of SPARC	19 to 20 September 2024
22	Prof Geraint Lewis	Professor of Astrophysics, Institute for Astronomy, University of Sydney	Talk on "Confronting the Cosmological Principle using radio galaxies and quasars: How secure are the foundations of the cosmos?"	09 October 2024
23	Dr Gururaja K V	Faculty, Srishti Manipal Institute of Art, Design and Technology, Bengaluru	Guest Talk on "Behavioural Ecology in Anurans of the Western Ghats"	16 October 2024
24	Dr Suvedha Suresh Naik	Post-Doctoral Fellow, IIA, Bengaluru	Lecture on "Bayesian Statistics Part 1 – Introduction to Bayesian Statistics and Bayesian Inference"	22 to 24 October 2024
25	Mr Aditya Tamar	Master's Student, National Institute of Technology Karnataka (NITK), Surathkal	Guest talk on "Photon ring polarimetry and next-generation black hole imaging"	30 October 2024
26	Dr Suvedha Suresh Naik	Post-Doctoral Fellow, IIA, Bengaluru	Lecture on "Bayesian Statistics Part 2 – Parameter Sampling and Monte Carlo Methods"	19 to 21 November 2024

Details of Research Grants:

Sl No	Project Name	Principal Investigator	Funding Agencies	Total Grants Received (INR)	Date(s)
1	INSPIRE Fellowship under Inspire Program - Fellowship for student pursuing full-time doctoral (PhD) program	Mr B Ananthamoorthy, Guide Dr Debbijoy Bhattacharya	Department of Science and Technology (DST), New Delhi	5,57,367/-	17 March 2020 to 16 March 2025
2	Study of the Emission mechanism of spatially resolved astrophysical jets in AGN using AstroSat observation	Dr Debbijoy Bhattacharya	ISRO, Bengaluru	93,679/-	23 December 2022 to 22 December 2025
3	Constraints from Ultraviolet Completion on Cosmology	Dr Kazuyuki Furuuchi	Department of Science and Technology (DST), New Delhi	1,79,647/-	07 February 2023 to 06 February 2025
4	Top and Higgs phenomenology of different left-right scenarios	Dr Sumit Kumar	Science and Engineering Research Board (SERB), New Delhi	2,75,000/-	13 January 2024 to 12 January 2027
5	SPARC	Prof P Sreekumar	Ministry of Education, New Delhi	6,10,084/-	01 April 2024 to 31 December 2024
6	Cosmoverse@Krakow at Poland	Dr Joby Panakkal Kochappan	Science and Engineering Research Board (SERB) Travel Grant	99,531/-	09 to 11 July 2024
7	60th Annual Meeting of the Association for Tropical Biology and Conservation-2024 in Rwanda	Dr Vivek Pandi	SERB Travel Grant	89,110/-	14 to 18 July 2024
8	Zooreach Conservation Seed Grant	Mr Vishnu Shreekara Bhat K, Guide Dr Vivek Pandi	Zoo Outreach Organisation Trust	75,000/-	29 August 2024 to 28 August 2025

Awards/Recognitions:
Faculty Members

Sl No	Name	Details	Date
1	Prof P Sreekumar	Astronomical Society of India Zubin-Kembhavi award for the year 2023. The Astronomical Society of India (ASI) has instituted the Zubin Kembhavi award for promoting Observational and Instrumentation work in Astronomy and allied fields.	01 January 2024

Sl No	Name	Details	Date
2	Dr Sumana Nandi	Chaired one session at the 9th Regional Astronomy Meeting on AGN, jointly organized and funded by MCNS, MAHE, and IUCAA. Held at Manipal	10 January 2024
3	Dr Sumana Nandi	Selected as a two-year member of the High Luminosity AGN (HLA) Science Review Panel (SRP)	12 January 2024
4	Dr Surajit Paul	Invited as the reviewer for Nature Communications	02 February 2024
5	Prof P Sreekumar	Panel member in discussions of National Space Science Symposium (NSSS-2024) - Astronomy session	26 February 2024
6	Dr Debbijoy Bhattacharya	Invited talk on “Exploring our Universe” at Pilikula Planetarium, Mangalore	07 March 2024
7	Dr Kazuyuki Furuuchi	Invited talk delivered on "Excursions through KK modes", Harish-Chandra Research Institute, Prayagraj, India	12 March 2024
8	Dr Chandrachur Chakraborty	Invited Talk delivered on "A new channel to form near- and sub-solar-mass black holes and naked singularities", Harish-Chandra Research Institute, Prayagraj, India	15 March 2024
9	Dr Sreejith Padinhatteeri	Acknowledgment as a Resource Person for a national seminar on "Frontiers in Astronomy, Department of Physics, Mahatma Gandhi Memorial College, Udupi, Karnataka, in collaboration with the Association of Physics Teachers of Mangalore University	21 March 2024
10	Dr Kazuyuki Furuuchi	Invited visit to the University of Tokyo (Komaba Campus) under DST/INT/JSPS/P-344/2022. A talk delivered on "Weak Gravity Conjecture from Low-Energy Observers' Perspective"	25 March 2024
11	Prof P Sreekumar	Co-Chair of the review committee of the Aditya-L1 science experiments, held at Bengaluru Centre (URSC)	26 March 2024
12	Dr Shalima P	Attended the Brainstorming Meeting on Future Space Science Road Map formulation for Solar System Exploration held at URSC, Bengaluru	22 April 2024
13	Prof P Sreekumar	Invited as a member of the Scientific Advisory Committee of Inter-University Centre for Astronomy & Astrophysics (IUCAA) for 5-year period.	22 April 2024
14	Dr Vivek Pandi	Stakeholder: International Health Symposium-2024	29 April 2024
15	Dr Vivek Pandi	Chairperson: Sustainiti, Department of Public Policy, MAHE-Bengaluru	05 June 2024
16	Dr Surajit Paul	Elected as the Organizing Committee Member of Commission B1 Computational Astrophysics of the International Astronomical Union (IAU)	17 June 2024
17	Dr Sreejith Padinhatteeri	Guest talk at National Schools Science Congress, Peace Public School, Kottakkal	01 July 2024
18	Dr Chandrachur Chakraborty	Invited Talk delivered online at Seventeenth Marcel Grossmann Meeting (Title: A new channel to form near- and sub-solar-mass black holes and naked singularities), International presentation (online), Aurum, the ‘Gabriele d’Annunzio’ University and ICRANet, Pescara, Italy	07 July 2024
19	Dr Chandrachur Chakraborty	(Online) Presented at IAU general assembly, Cape Town, South Africa. "A new channel to form near- and sub-solar-mass black holes and naked singularities" International presentation (online) IAU general assembly, Cape Town, South Africa	06 August 2024

Sl No	Name	Details	Date
20	Prof Sreekumar	Invited Talk on the occasion of the National Space Day: "Future Perspectives in Space Science Research" - Delhi University (online)	23 August 2024
21	Dr Shalima P	Invited Talk on the occasion of National Space Day at Pilikkula Regional Science Centre, Mangalore	23 August 2024
22	Prof P Sreekumar	Invited to Talk on "Astronomical Instrumentation" as part of the Specialized Structured Training Programme (SSTP) in Space Science: Challenges in Science Experiments, Spacecraft & Mission Operations	23 September 2024
23	Prof P Sreekumar	Invited talk on "Aditya-L1: Challenges, lessons learned and way forward" as part of the Specialized Structured Training Programme (SSTP) in Space Science: Challenges in Science Experiments, Spacecraft & Mission Operations	26 September 2024
24	Dr Vivek Pandi	Invited to deliver a special lecture at the Department of Geopolitics and International Relations, MAHE,	01 October 2024
25	Prof P Sreekumar	Review committee member for the conclusion of the 'Performance Verification Phase of the Aditya-L1 Mission' at U R Rao Satellite Centre, ISRO, Bengaluru	08 October 2024
26	Prof P Sreekumar	Invited talk given as part of a training program for senior ISRO scientists and engineers.	23 October 2024
27	Prof P Sreekumar	Chaired many sessions of the Science Working Group of the XpoSat mission	24 October 2024
28	Dr Surajit Paul	Chaired a special session on "SKA in focus: in Science" at the 6th URSI regional conference on radio science, Bhimtal	24 October 2024
29	Dr Vivek Pandi	Faculty advisor for the AIESEC Manipal Chapter	05 November 2024
30	Dr Suranjan Shil	Invited talk at International Conference on "Modern Trends in Molecular Magnetism (MTMM, 4th edition) and Spins in Molecular Systems: Experiment, Theory, and Applications (SiMS, 3rd edition)" held at the AV Rama Rao Auditorium, Division of Chemical Sciences, Indian Institute of Science, Bengaluru, India	05 November 2024
31	Prof P Sreekumar	Invited (online) talk on 'Designing X-ray telescopes for astronomical studies' at the 13th edition of the National Students' Space Challenge (NSSC) - IIT-Kharagpur	10 November 2024
32	Prof P Sreekumar	Panel member for the Panel discussion on "UV-OP-IR astronomy in India"	31 December 2024

Students

Sl No	Name	Details	Date
1	Ms Muskan	Received Best Poster Award at the international conference "Modern Trends in Molecular Magnetism and Spins in Molecular Systems (MTMM / SiMS)" held at IISc Bengaluru .	05 November 2024
2	Mr Rashmikanta Mantry	Academic research visit to Japan for the Indo-Japan (DST-JSPS) Cooperative Science Program, file no. DST/INT/JSPS/P-344/2022 "Constraints from Ultraviolet Completion on Cosmology"	24 November 2024
3	Ms Sruthy K S	Awarded the prestigious INSPIRE Fellowship by the Department of Science and Technology (DST), Government of India	25 November 2024

Sl No	Name	Details	Date
4	Mr Vishnu S Bhatt	Received the Best Poster Award at the International Conference on Plant Biotechnology for Sustainable Productivity and Environment-2024 held at MSLS, MAHE.	09 December 2024

Photo Archive of Important events:

Educational trip to Kalinga Centre for Rainforest Ecology (KCRE)

9th Regional Astronomy Meeting from 10- 12 January 2024 jointly organized and funded by MCNS, MAHE, Manipal and IUCAA, Pune

Five day school on Fundamentals of Space radiation for scientists, engineers and space entrepreneurs organized by MCNS, MAHE, Manipal from 16-20 September 2024

Six day Manipal Astrostatistics School from 10-15, December 2024 organized by MCNS

Inauguration of outdoor rocket model at MCNS, MAHE, Manipal

One day symposium on Ecology organized by MCNS, MAHE, Manipal

One-day workshop jointly conducted by MCNS, MAHE, Manipal and the Aryabhatta Research Institute of Observational Sciences (ARIES), Nainital, on 31st January 2024, during the 42nd meeting (31st January to 04th February 2024) of the Astronomical Society of India (ASI), in Bengaluru

Outreach program organized at MCNS, MAHE, Manipal as part of National Science Day celebrations on 28 Feb, 2024

MCNS, MAHE, Manipal organized World Environment Day Programme

MCNS, MAHE, Manipal in association with IUCAA Pune organized Astro Camp 3-day workshop for school children on 16th, 17th and 19th April 2024

XIV University Centers

Centre for Kannada and Regional Languages (CKRL)

Introduction

The Centre was established in February 2023 on the occasion of *mātṛbhāṣā divas* (International Mother Language Day) with the vision of becoming a Centre of Excellence for teaching and research in Kannada and Regional Languages of Karnataka. This represents a significant step towards fulfilling the call of the National Education Policy (NEP) 2020 for Indian universities to play an active role in developing multilingual programs, promoting Indian and classical languages, and creating high-quality teaching and learning resources to facilitate knowledge transfer across all levels of education (Ref: NEP Chapters 4 & 22). This endeavour also aligns with the pursuit of the United Nations Sustainable Development Goals (UNSDGs) through language and culture. The Centre offers Kannada language classes to students from diverse fields such as Health Science, Technology, Management, Humanities, and Social Science.

Objectives

- To emphasize Kannada pedagogy and to develop innovative, modern, and internationally comparable curricular practices
- To focus on the research on teaching, learning, and assessment of language competencies for Kannada and some regional languages of Coastal Karnataka
- ***mātāḍōṇa kannaḍa***
  To design the programs and modules of Kannada for specific purposes
- ***gaḍiyāce kannaḍa***
  Translating to and from European languages and developing mutual language practices.
- ***ka-space***
  To create and develop a 'ka space' where all the arts and practices associated with the 'Kannada' may meet and share ideas

Highlights

1. A deeper comprehension of local culture and community through learning the regional language
2. Developing the idea of teaching-learning (The word "Kali" in Kannada signifies both the process of instruction and the attainment of knowledge.)
3. Designing the curriculum in alignment with the needs of the different disciplines.
4. Promotion of performing arts, artifacts, and customs connected with Kannada
5. Participated in the Karnataka Rajyotsava Seminar titled Diversity of Languages organized by the Gandhian Centre for Philosophical Arts and Sciences (GCPAS), MAHE, Manipal
6. MAHE emphasized that while the regional languages represent the background of the people, such as caste, class, and status, Standard Kannada is secular in its nature.
7. Establishing a connection between the local community and the institution facilitates the opportunity for mutual communication
8. Representing the centre both within and beyond Karnataka by participating in various seminars, festivals, and workshops
9. Assisting dissemination of information through translations into local languages
10. Facilitating resources for conducting research on local culture and practices

Activities of the Centre in the year 2023

1. A unique lecture demonstration on local cuisine was presented by Sri Purushotham Adve for the Students of Dietetics & Applied Nutrition enrolled in the Kannada classes, followed by a discussion in April 2024

2. A day was dedicated to celebrating the Tulu language and culture, collaborating with other departments in MAHE as part of *Tuluparba*, in August 2024. This event served as a platform to highlight the cultural diversity involving individuals from different regions, such as Kambala, Nagaradhane, and Bhootharadhane. A panel discussion was also conducted, featuring experts from various fields. Students are made to communicate with the local people as part of them to expose for the language and culture.

3. A study visit was arranged to the Kannada teaching centre in Bahrain during the coordinator's participation in the Literary and Art Festival held in Bahrain in July 2024

4. "Celebrating the Diversity of Languages": A seminar on the occasion of Kannada Rajyotsava was organized by the GCPAS, MAHE, in collaboration with CKRL in November 2024

5. The coordinator represented the centre in the **Kiran Nadar Museum of Art Festival and National School of Drama in New Delhi** in October 2024. A Kannada Yakshagana was staged as part of the International Theatre Festival, which was appreciated by non-Kannadigas who are from different places of India and beyond.

6. CKRL partnered with the Centre for Intercultural Studies and Dialogue (CISD) to produce documentaries focusing on the local cultural practices of 'The Buffalo Race' and the 'Tiger Dance'. Also, a project aimed at documenting the oral traditions of the region has been launched in collaboration with CISD and MAHE. The centre has also taken on the task of translating the book "Discerning India: The Living Cultures of Tulunadu" into Kannada.

7. The coordinator of CKRL has been appointed as a member of the Karnataka Yakshagana Academy by the Kannada and Cultural Department of the Government of Karnataka and has played a significant role in organizing various events related to Yakshagana and cultural activities within Karnataka and in other regions.

TuluParba: Celebrating the Tulu Language and Culture

Centre for Advanced Research in Applied Mathematics and Statistics

Address: Level V, Health Sciences Library Building, MAHE, Manipal
Phone Number: 082029 22407
Email (Centre): carams@manipal.edu **Email (Coordinator):** km.prasad@manipal.edu

Year of Establishment of the Centre: 2018

Name of the Coordinator: Dr K Manjunatha Prasad

Members: All Faculty members of Department of Applied Statistics and Data Science (DDS), Prasanna School of Public Health (PSPH), MAHE and Department of Mathematics (DOM), Manipal Institute of Technology (MIT), MAHE.

Brief About the Centre:

The Centre was established in September 2018 at MAHE with the objectives of fostering advanced research and training in the area of Mathematics, Statistics, and their applications. It facilitates bridging the gap between Mathematicians/Statisticians and Applied Mathematicians working in the areas of Health, Technology, and Social Sciences.

CARAMS consists of several chapters working in different dimensions of pure and Applied Mathematics. Adjunct faculties of MAHE are associated with CARAMS in promoting research and acting as mentors. Along with the activities promoting research in Mathematics and Statistics, the Centre aims at offering advanced courses in the subjects of interest. CARAMS offers positions of Junior Research Fellow (JRF), Post Doctoral Fellow

(PDF), and visiting scientists to work in the area of CARAMS' research interests. MAHE faculty, adjunct faculty associated with MAHE, and the mentors associated with CARAMS are available as advisors for the conduct of research in the area of focus.

CARAMS organizes national and international workshops and conferences in the focus area, which help the promotion of Mathematics and Statistics in the university and also in the region. Also, it organizes a series of lectures in Pure and Applied Mathematics, which are popular in nature, to develop teams with members from different branches of science and to develop multidisciplinary projects.

Vision:

Attain and enhance the recognition of MAHE in the area of Mathematics & Statistics

Mission:

- Organize national and international workshops and conferences in the focus area
- Organize a series of lectures in Pure and Applied Mathematics
- To develop several teams with members from different branches of science
- To develop multidisciplinary projects

Objective:

- To train our students in the advanced topics and expose young faculty and scholars to the recent developments and research problems in the emerging area of mathematics and statistics such as Game Theory, Network Theory, Advanced Linear Algebra, and Combinatorics with a focus on applications in different branches of sciences
- To introduce the researchers working on Technology, Clinical Research, Public Health, Administration, and Economics to the applications of emerging areas of Mathematics.

Activities at the Centre:

(i) **One-day symposium on Applied Linear Algebra, Probability, and Statistics (ALAPS 2024):** Padma Vibhushan, Professor, Calyampudi Radhakrishna Rao is one among the great Indian statisticians who received the 2023 International Prize in Statistics, which is equivalent to the Nobel prize in Statistics. CRR, a legendary statistician, received this prize for his groundbreaking work entitled 'Information and the Accuracy Attainable in the Estimation of Statistical Parameters', published in the Bulletin of Calcutta Mathematical Society in 1945. C R Rao, born on 10 September 1920, at Hoovina Hadagali, Karnataka, lived a long, fruitful life of 102+ years till 22 August 2023.

CARAMS, MAHE has been organizing events and special sessions in honor of him since 2020, the year it celebrated 'CRR Day' marking Rao's 100th birthday. In the same year, the Centre organized an international conference ALAPS 2020 (online format) in honor of Rao, where Prof C R Rao arrived on the screen with the help of his daughter Teja Rao, accepted felicitation, and conveyed his best wishes to his disciples, collaborators, and admirers among the participants. In the following year, CARAMS organized an international conference, ICLAA 2021, and an international workshop, IWMS 2021 (hybrid format), with

common sessions in honor of Prof Rao. In 2023, a two-day symposium was organized to pay tribute to Prof Rao, and on the same occasion, a book-volume was published in honor of him and dedicated to ICLAA 2021 and, IWMS 2021 was released.

CARAMS, MAHE organized a one-day symposium on 28 September 2024 in memory of Prof Rao. On the same occasion, there were two technical talks by Prof Arni S R Srinivasa Rao and Prof S K Neogy, which were a part of the CRR Lecture Series.

Quiz Competition, Collage, and Paper presentation competitions were held for students of surrounding colleges. About 60 students from different colleges and universities in the region actively participated in these student activities.

(ii) **CRR Lecture Series:** The talk-1 and talk-2 in the CRR Lecture Series were organized by CARAMS, MAHE, on 28 September 2024, in which Prof Arni S R Srinivas Rao, *Medical College of Georgia, U.S.A. and Department of Mathematics, Augusta University, USA* delivered an online talk on 'Continuous-time Stochastic Modeling for Medical Sciences data' and Prof Samir K Neogy, Indian Statistical Institute, Delhi Center, delivered an online talk on 'Statistics: an inevitable Instrument in Search of Truth'. Around 60 students from different colleges and universities in the region were present.

(iii) **National Workshop on Computational Linear Algebra and Graph Theory (NWCLAGT 2024):** CARAMS, MAHE (Matrix Analysis and its Applications Chapter) organized a three-day national workshop on 'Computational Linear Algebra and Graph Theory using SageMath (NWCLAGT 2024)' from 18 to 20 December 2024. This workshop carried a credit of 1 point, and it aimed to equip participants with a solid foundation in the computational techniques of linear algebra and graph theory using SageMath, an open-source mathematical software system. Having been designed for students and professionals from disciplines such as Mathematics, Computer Science, Statistics, and Engineering, the program featured hands-on sessions, practical demonstrations, and discussions on real-world applications. Topics included matrix decompositions, graph construction, spectral analysis, and community detection, providing a comprehensive platform to enhance computational and analytical skills.

Dr David Raj Micheal, *Vellore Institute of Technology, Chennai,* and Dr Vinay Madhusudanan, *MIT, MAHE,* Manipal, were the resource persons. The workshop introduced the versatile computational capabilities of SageMath, focusing on foundational topics in Computational Linear Algebra and Graph Theory. It covered essential skills such as setting up and navigating SageMath, integrating Python, and understanding its syntax. Participants delved into key concepts, including eigenvalues, matrix decompositions, solving linear systems, and constructing graphs, and explored advanced applications like spectral analysis and algebraic graph theory. The program combined theoretical insights with practical demonstrations and culminates in hands-on projects, empowering the attendees to tackle real-world problems effectively using SageMath's computational tools.

Around 80 participants were actively involved in the workshop both online and in person.

(iv) **National Workshop on Algorithmic Combinatorial Game Theory (NWACGT 2024):** CARAMS, MAHE (Statistics and Operations Research Chapter) organized a one-week national workshop, carrying a credit of two points, on the topic 'Algorithmic Combinatorial Game Theory (NWACGT 2024)' from 26 December 2024 to 04 January 2025. Broadly, the NWACGT 2024 concentrated on basic game theory as students with a broad background in Mathematics, Computer Science, Statistics, Economics, Political Science, and Biological Sciences could benefit.

The resource persons were Prof TES Raghavan, *University of Illinois,* Chicago; Prof K C Sivakumar, *IIT Madras, India,* and Prof G Ravindran, *Indian Statistical Institute, Chennai*. The NWACGT 2024 was conducted with the aim of providing basic inputs on following topics in Game Theory – Combinatorial games, Nim Game and Bouton's solution of Nim, the game of Hex and Gale's solution, Game of Hex and the Brouwer's fixed point theorem, Two-person zero-sum normal form games and the geometry of convex sets, The Minimax Theorem and its meaning, Simplifying and solving zero-sum games, Completely mixed games. Pure optimal strategies: Saddle points, von Neumann's Minimax Theorem, Zero-sum games with infinite action spaces, Statistical decision functions, Basic feasible solutions and the simplex method for solving matrix games, Bimatrix games and Nash equilibria in mixed strategies, Repeated games, folk theorem and equilibria via threat strategies,

Marriage and matchmaking, Stable matching and allocation, Algorithms for finding stable matchings, Cooperative TU games, The core, The Shapley value, Shapley's axioms, Shapley's Theorem, Nash bargaining, Nucleolus, Assignment games, Permutation matrices, Birkhoff von Neumann Theorem, Frobenius Konig's Theorem, Applications to optimal assignment problems, Algorithm to solve for the nucleolus in assignment games.

The course was delivered through in-depth lectures on the topic and tutorials. Around 30 participants actively participated in the workshop.

(v) Ramanujan Lecture Series:

(a) The talk-1 in the Ramanujan Lecture Series was organized by CARAMS, MAHE, on 20 December 2024, in which Prof Kalyani Chakraborty, *SRM University, Andhra Pradesh,* delivered an online talk on 'Ramanujan: A brief journey to his life and work' and Prof Samir K Neogy, Indian Statistical Institute, Delhi Center, delivered an online talk on 'Statistics: An Inevitable Instrument in Search of Truth'. Around 80 participants from different universities in India were among the audience.

(b) The talk-2 in the Ramanujan Lecture Series was organized by CARAMS, MAHE, on 28 December 2024, in which Prof G Ravindran, *Indian Statistical Institute, Chennai,* delivered a talk on 'On Completely Mixed Games'. Around 30 participants from different universities in India were among the audience.

Research Activities:

(i) The National Workshop on Computational Linear Algebra and Graph Theory (NWCLAGT 2024) was organized under the Matrix Analysis and its Applications Chapter of CARAMS, MAHE.

(ii) The National Workshop on Algorithmic Combinatorial Game Theory (NWACGT 2024) was organized under the Statistics and Operations Research chapter of CARAMS, MAHE.

Research Publication:

The following publications dedicated to the conference 'International Conference on Linear Algebra and its Applications (ICLAA 2023)' are in the final stage.

(i) A special issue in the journal 'Indian Journal of Pure and Applied Mathematics (IJPAM)' dedicated to ICLAA 2023.

(ii) A special issue in the journal 'AKCE International Journal of Graphs and Combinatorics' dedicated to ICLAA 2023.

(iii) A book-volume 'Linear Algebra, Matrices, and their Applications' proposed to be published in AMS Contemporary Mathematics' dedicated to ICLAA 2023.

Ramanujan Lecture Series: Talk - 1 by Prof Kalyan Chakraborty, SRM University, Andhra Pradesh

Ramanujan Lecture Series: Talk - 2 by Prof G Ravindran, Indian Statistical Institute, Chennai

Manipal Centre for Innovation, Leadership and Entrepreneurship (MILES)

Address: Manipal Academy of Higher Education, Bengaluru Campus,
Govindapura, Yelahanka, Karnataka 560064
Phone Number: +91 8971536088
Email (Centre): miles.maheblr@manipal.edu **Coordinator:** ashwath.anand@manipal.edu

Year of Establishment of the Centre: 2022

Name of the Coordinator: Ashwath Anand Rao

Members:

Dr Raghupathi C N - Director – MILES

Dr Ashwath Anand Rao -Assistant Professor

Ms Jyothi J -Admin Executive

Brief About the Centre:

MILES addresses all essential aspects of building own business.

- This approach to learning shall foster entrepreneurship development that extends beyond just academia and fast-tracks the entrepreneurship careers of participants
- MILES has developed a vibrant ecosystem for entrepreneurs to flourish.
- The Centre is offering a Minors and Post Graduation diploma in Entrepreneurship & Innovation for MAHE students and external entrepreneurs.
- Its program helps students to develop disruptive innovations in the emerging, cutting-edge domains like 5G, AI in healthcare, Agri-Tech, etc.
- All programs @MILES are curated and delivered by leading Industry experts, successful entrepreneurs, and venture capitalists.

Course Structure

The program course content is as below.

After completion of Semester 1, learners shall be rewarded Minors in Entrepreneurship and Innovation, while completion of Semester 2, they shall be rewarded a Post Graduation certificate in Entrepreneurship and Innovation.

#	Course Title	Credits	Course Title	Credits
	SEMESTER 1 - Minors in E&I		**SEMESTER 2 - PG in E&I**	
1	Problem statement and Trends	3	Financial Acumen for Entrepreneurs	3
2	Entrepreneurial Mindset and Journey	3	Corporate Governance, Risk & Complaince	3
3	Business Plan and Pitch Deck	3	Meet your Investors expectations	3
4	Sales, Marketing, Branding & PR for Growth	3	Structuring and Scaling your organization	3
5	Competitve Strategy, Differentiation & MOAT	3	Tap the right investors at apt valuation	3
	Project 1	5	Project 2	5
		20		**20**

Accelerator / Incubation

MILES provides incubation and accelerator services to start-ups. This includes helping them get grants, making them VC ready and providing VC connects, and mentoring on GTM strategy.

Vision:

1. To be the platform of choice in the next 3 to 5 years for Innovation & Entrepreneurship (IE).

2. Create a strong IE ecosystem within MAHE to generate more startups.

Mission:

Innovation

1. Establish collaborative Centres of Innovation with the industry partners to develop solutions for futuristic problem statements and evangelize new technologies, leveraging the student and faculty pool of the university.
2. Conduct structured academic courses curated by Industry leaders on Innovation for students and Industry professionals.

Entrepreneurship

1. Create a structured program on Entrepreneurship for internal students and external entrepreneurs.
2. Develop alliances with investors, enterprises, and technologists to create a vibrant start-up ecosystem

Objectives:

MILES endeavors to encourage startups to take the right path, by mentoring and guiding them, reduce startup failures.

Effective fund raising - An entrepreneur, after bootstrapping and exhausting grants money eventually knocks at the doors of a venture capitalist for funds. MILES exposes students to intense one-week sessions conducted by masters who are VCs themselves. These classes de-mystify the VC jargon like pre-money, term sheet, B-Plans, Series A, B, C…, elevator pitch, business valuation, cap-table, and the list goes on…. One shall understand the expectations of VCs while fundraising.

MILES provides incubation and accelerator services to start-ups. This includes helping them get grants, making them VC ready and providing VC connects, and mentoring on GTM strategy.

Mapped Sustainable Development Goals (SDGs):

Activities at the Centre:

MAHE MILES offers a unique approach to the entrepreneurship journey through experiential learning. It organizes lecture series by successful leading entrepreneurs, who share with students how they were born and developed. This practice takes students out of the classroom and encourages interaction with multiple successful entrepreneurs and VCs, thereby encouraging participants' leadership skills with hands-on experiences, networking, and mentoring.

China Study Centre

Address: Old WGSHA Building, Next to Fortune Valley View, Manipal - 576104
Phone Number: 0820-2922996
Email (Centre): anand.v@manipal.edu; geopolitics.mu@manipal.edu
Email (Coordinator): anand.v@manipal.edu

Year of Establishment of the Centre: 2018
Name of the Coordinator: Dr Anand V
Brief About the Centre:
Vision:

1. To establish a university-based study centre on China of stellar international reputation that would provide objective inputs to key policy community
2. To create an academic space to discuss, debate, and recommend specific measures on the themes relating to China
3. To link with the rest of the strategic community in the world

Mission:

1. To identify convergences and divergences between India and China and endeavor to study them in depth
2. To encourage academic traditions in society - an approach adopted by advanced nations in formulating strategies and taking decisions, provide a platform for exchanging information, knowledge, and ideas with similar institutions abroad, establish cooperation with academic institutions, research centres and universities at local, regional and international levels
3. To create a highly efficient research team who can contribute meaningfully through their keen intellect and analysis, create databases on security and strategic issues for the future and next generation of researchers and disseminate the research findings based on rigid analytical processes to the decision makers and civil society
4. To prepare specialized reports for the National Security Establishment on identified and relevant themes impacting India's national security, with a special focus on the problems of peninsular India and the Indian Ocean littoral.

Objectives:

1. To create a bank of knowledge on China from a multi-faceted dimension, with a concentration on Politics, Economics, Commerce, Society, Culture, Science, and Technology
2. To establish a network of young analysts that have holistic knowledge on China
3. To build capacity on understanding China's intentions, fundamental goals, and behavioural patterns.

Activities at the Centre:

a. Special Lecture by Dr Saul Wilson on the theme "Building China's Landlord State: Laying the Foundation for China's Real Estate Boom" on 12 April 2024.
b. National Conference: 17th All India Conference of China Studies (AICCS) on the theme "Understanding China in a Turbulent World: Geopolitical Contestation and Cooperation" from 21 to 23 November 2024.

List of ongoing projects/ research grants:

Centre for Excellence for Biophotonics

Address: Department of Atomic and Molecular Physics
Phone Number: 25081
Email (Centre): biophotonics.manipal@gmail.com **Coordinator:** santhosh.cls@manipal.edu

Year of Establishment of the Centre: 01 May, 2016

Name of the Coordinator: Dr Santhosh Chidangil

Members:

Professor: 1

Research Associate: 1

PhD students: 4

Brief About the Centre:

Since its inception, the Centre has been functioning as an advanced research centre in close collaboration with researchers, engineers, and clinicians in the Manipal campus/in India and abroad for focused research on developing technologies using Photonics (light-based techniques) with emphasis on medical applications. The research team at this Centre has developed devices for the screening and detection of oral cancer. New activities involved the standardization of methods for the detection of endometriosis, oral and renal cancers, detection of thiamine in blood and plasma, liquid biopsy, speckle interferometry for cardiovascular disease detection, and breath analysis for the detection of different kinds of diseases. The Centre has been recognized to lead and organize the International "BRICS workshop on Biophotonics-2024" which was held during the period from 03 to 05 October 2024.

Aim: To undertake research and development in design, fabrication, testing, and evaluation of portable, miniature, photonics-based devices through collaborations between healthcare professionals and photonics scientists.

Vision: To become a centre of excellence with a focus on fundamental and applied research in photonics and biophotonics.

Mission: To explore, initiate, and pursue research in the cutting-edge areas of photonics and biophotonics, including other interdisciplinary subjects; to create an environment to promote this endeavour and to shape the future direction of work in the subject.

Specific Objectives:

- Investigation of storage lesions in platelets and RBCs using Optical Tweezers combined with micro-Raman spectroscopy
- Exploring the feasibility of the existing PAS setup for the screening of lung cancer and the development of a portable device
- The protein profiling of blood plasma and peritoneal fluid for the detection of endometriosis
- Detection of Thiamine Deficiency using HPLC-LED system

- Multi-centre trial of oral cancer screening device
- Development of tissue optical clearing technique to enhance the spectroscopy signal for disease detection
- The synchronous fluorescence spectroscopy for detection of endometriosis from body fluids

Other Achievements

- Number of PhD awarded: 2
- Number of Publications: 9
- Number of Conferences/Workshops/Symposia organized: 3
- Number of Invited Talks: 3
- Paper presentations at Conferences: 12
- Indian Academies Intern students trained: 1
- Book Chapter: 1

Activities at the Centre:

- Development of photonics technologies for disease diagnosis.
- Promotion of biophotonics teaching and research
- Organizing conferences in the area of biophotonics

Research Activities

1. Development and demonstration of devices for the detection of cancers using Laser pectroscopy methods LED-Induced Fluorescence of Oral Tissue samples and development of an oral cancer screening device
2. Investigation of storage lesions in blood components using micro-Raman Spectroscopy combined with Optical trap
3. Study of Endometriosis using spectroscopic techniques
4. Study of Thiamine deficiency in infants by analysing blood samples using spectroscopic technique
5. Breath analysis for the detection of respiratory diseases
6. Laser speckle imaging system for the detection of cardiovascular disease

Year of Establishment of the Centre: 2022

Name of the Coordinator: Dr Sulatha V Bhandary, Department of Ophthalmology, Kasturba Medical College, Manipal, MAHE, Manipal.

Dr Bharath Raja Guru, Department of Biotechnology, Manipal Institute of Technology, MAHE, Manipal.

Members:

Dr Soumya S NairDepartment of Ophthalmology, Kasturba Medical College, Manipal, MAHE, Manipal.

Dr Srilatha P S (resigned recently)Department of Pathology, Kasturba Medical College, Manipal, MAHE, Manipal.

Dr Srinivas MutalikDepartment of Pharmaceutics, Manipal College of Pharmaceutical Sciences, MAHE, Manipal.

Dr Nagarajan T Department of Optometry, Manipal College of Health Professions, MAHE, Manipal.

Dr Manjunath Shetty, Department of Basic Medical Sciences, MAHE, Manipal.

Brief About the Centre:

- **Vision**:
  To develop a state-of-the-art, Centre that produces the Nano particle drug delivery products indigenously, patent it and take it to clinical trials.

- **Mission:**
  To advance the field of ocular health by developing innovative nanomedicine solutions for the diagnosis, treatment, and prevention of eye diseases. Through cutting-edge research and interdisciplinary collaboration, we aim to enhance the precision, efficacy, and accessibility of ocular therapies, improving vision outcomes and quality of life for patients worldwide.

- **Objectives:**
  1. To develop target nano particle Drug Delivery System (DDS) in various ocular diseases
  2. To develop animal research models to carry out the nanoparticle drug delivery research
  3. To foster innovation, train students, researchers, and health care providers in animal eye research/ nano-ocular drug delivery
  4. To apply for patents and take the product to clinical trials

Activities at the Centre:

At the Centre, we actively engage undergraduates, postgraduates, and PhD scholars in hands-on training across diverse fields, fostering skill development and practical experience. Students receive instruction in high-performance liquid chromatography (HPLC) for analytical chemistry applications, 3D printing, and participate in animal studies focused on ocular nanomedicine. This multidisciplinary approach enhances their technical knowledge, critical thinking, and problem-solving abilities. By immersing students in real-world research projects, we prepare them for future careers in scientific research and industry, cultivating a new generation of skilled professionals equipped to tackle complex challenges in healthcare and technology.

Upcoming activity:

Organizing an international preconference workshop on "Exploring the hidden world of microbial diversity: Metagenomics uncovered" in January 2025.

Research Activities:

Our research focuses on developing innovative drug delivery systems to address various ocular diseases and complications. One project explores the use of polymer-based 3D printing technology to create biodegradable implants capable of releasing drugs gradually, helping to prevent post-cataract surgical complications. A provisional patent titled "An ocular drug delivery implant & a method for preparation thereof" has been filed, and for the scale-up of this project, we are going to have a tie-up with IDRS Labs Pvt. Ltd.

Another study investigates polymeric formulations designed to enhance antifungal drug penetration and sustained release, improving therapeutic outcomes for fungal keratitis. Additionally, we are working on nanoparticle-based systems for intravitreal drug delivery, aiming to provide targeted, prolonged treatment for macular edema, reducing side effects and enhancing overall patient outcomes.

Dr Sulatha V Bhandary, Coordinator, presented the work on drop-free cataract surgery at KOSCON 2024 under the phaco troubles section during the ophthalmology conference as an invited speaker. This work has been accepted for presentation at AIOS -

APAO under "thinking under the apple tree "under the innovation section in April 2025.

Dr Bharath Raja Guru, Coordinator was invited as a speaker at the International Conference on Advances and Challenges in Medical Technology Translation, conducted at Sree Chitra Tirunal Institute for Medical Sciences and Technology, Thiruvananthapuram, on 12 to 14 December 2024.

Beyond research, the Centre actively participates in outreach and innovation events. We showcased our work at Innovation Mela, the premier startup exhibition, on 16th February and presented findings during KMC Research Day on 08 June 2024 at TMA Pai Halls. The Centre also took part in MAHE Research Day 2024, 13 and 14 November. Notably, our student, Ms Meghana Prabhu, visited UNSW, Sydney, for specialized training in the ocular microbiome, further strengthening our global research collaborations and expertise.

Research project titled "Development of sustained and controlled drug delivery system using biodegradable polymer to treat fungal keratitis" was presented in International Conference on "Nanoscience and Nanotechnology" on 29 February and 01 March, 2024.

Oral presentation on "3D printed biodegradable polymer-based drug delivery implants for drop free post cataract surgery management" at CMPA 2024, conducted on 13 and 14 December at MIT, Manipal.

Research Publication:

"Development of a biodegradable polymer-based implant to release dual drugs for post-operative management of cataract surgery" in the Journal of Drug delivery and Translational Research in April 2024 [Q1, IF 5.7]. (https://doi.org/10.1007/s13346-024-01604-y).

Any SDG-related activities:

SDG 3 - Good Health and Well-being:

- Improved Treatment for Ocular Diseases: Our focus on developing drug delivery systems for post-cataract surgical complications, fungal keratitis, glaucoma, and macular edema directly addresses critical healthcare needs in ophthalmology. By enhancing drug penetration and ensuring sustained release, our work can lead to better clinical outcomes, reducing complications, improving vision, and preventing long-term blindness.
- Enhanced Patient Outcomes: The focus on reducing side effects and providing prolonged, targeted treatment contributes to overall better patient care and quality of life, particularly for individuals suffering from chronic eye conditions.
- Prevention and Treatment of Diseases: By using biodegradable implants and nanoparticle-based delivery systems, our research can contribute to the prevention of post-surgical complications and the treatment of severe conditions like macular edema and fungal infections, thereby improving health outcomes for affected populations.

SDG 9 - Industry, Innovation, and Infrastructure:

- Promoting Innovation in Healthcare Technology: Our work in polymer-based 3D printing and nanoparticle technology is an example of innovative research with the potential to revolutionize ocular drug delivery. It aligns with the goal of fostering innovation and technological advancement in healthcare.
- Partnership with IDRS Labs Pvt. Ltd.: Collaborating with IDRS Labs highlights the importance of partnerships between academia, research institutions, and industry to bring new technologies from concept to large-scale production, fostering an ecosystem of innovation and growth in the pharmaceutical and medical device industries.
- Sustainable and Scalable Solutions: By focusing on **indigenous**, biodegradable implants and sustainable drug delivery systems, our research encourages the development of eco-friendly, scalable solutions in the pharmaceutical industry, contributing to sustainable industrial practices.

Awards & recognition:

We were awarded the best stall in the category of pharmaceutical/drug development & delivery at MAHE Research Day 2024, conducted on 13 and 14 November 2024.

A provisional patent titled "An ocular drug delivery implant & a method for preparation thereof" has been filed. (Application number: 202441058433)

Dr K Chinnappa Gowda, Member
Dr K L Kundanthaya, Member
Dr Abhay Kumar, Member
Dr Rekha Bannadi, Member

Brief About the Centre:

The Regional Resources Centre for Folk Performing Arts, (RRC, as it is popularly known) Udupi is a unit of MGM College, Udupi, and was founded in 1983. This non-governmental, non-profit organization is dedicated to documenting, disseminating, and preserving (through archiving) the folk performing arts, folk rituals, folk games, and other cultural aspects of the Karnataka region. The RRC took giant steps in this direction under the leadership of the late Prof K S Haridasa Bhat, its founder-director. It grew into an institution of high reputation in the field of folklore studies, thanks to the timely and periodical non-recurring grants from the Ford Foundation between the years 1983 and 1995.

Preamble

It is dedicated to the documentation, dissemination, and preservation (by archiving) of folk performing arts, folk rituals, folk games, and other cultural aspects of the folk culture of the Karnataka region. The RRC took giant steps in this direction and grew into an institution of high reputation in the field of folklore studies.

Activities at the Centre: Publication, documentation, seminars, workshop, etc.

ANNEXURE-1
Demonstration and documentation of various styles and levels of the Bhagavatike of Badagutittu Yakshagana

The RRC (MAHE), Yakshagana Kendra, Indrali, Udupi (MAHE), and the Department of Kannada and Culture organized a demonstration and documentation of various styles and levels of the Bhagavatike of Badagutittu Yakshagana held on **04 July 2024** at Ravindra Mantapa, MGM college. It was in commemoration of K S Haridas Bhat, the founder director of RRC. The program was inaugurated by Dr H S Ballal, Pro Chancellor, MAHE.

C A Shivananda Pai, President, Bhuvanendra College Trust, Karkala said that Yakshagana has not remained a folk art but has risen to the standard of a classical art. It is a national art.

After the inaugural session, the documentation followed:

About 60 songs, usually not sung in recent performances because of their rarity and complexity were demonstrated for the purpose of documentation.

Inauguration by Dr H S Ballal, Pro Chancellor of MAHE.

Demonstration and Documentation Bagavatike

Annexure – III

Demonstration and documentation of Battle scenes between the Hero and the Rival characters in Yakshagana (28 July 2024)

An important occasion was witnessed when battle scenes between Eradane Vesha (Hero) and Purusha Vesha (Rival to Hero) were demonstrated organized by Regional Folk Performing Arts (MAHE), Yakshagana Kendra, Indrali (MAHE), and the Department of Kannada and Culture at Ravindra Mantapa, MGM College campus, Udupi on 28 July 2024 in Ravindra Mantapa of MGM College.

Inaugurating the program S V Bhat, Vice President, Yakshagana Kalaranga, Udupi, said 'The traditional Yakshagana art is today threatened by imitation. The younger generation of today doesn't know how Yakshagana was about forty years ago. But some artistes, who are experienced in the art of traditional Yakshagana can demonstrate traditional dances. Battle scenes belong to this category. To get acquainted with them demonstrations and documentation are required. Jayakara Shetty, Indrali, presided over the function.

Battle scenes from Krishnarjuna Kalaga, Sudhanvarjuna Kalaga, Karnarjuna Kalaga were demonstrated and video recorded.

S V Bhat, Vice President, Yakshagana Kalaranga, Udupi

Brief About the Centre:

Rashtrakavi Govinda Pai Samshodhana Kendra was established in 1965 as a centre for research in Humanities and Area Studies. Over the years, it was upgraded to a Doctoral Research Centre, initially affiliated with Mysore University, then with Mangalore University and Kannada University, Hampi.

The centre also conducts seminars, workshops, folk-art festivals, and theatre arts, as well as documentation programs. It maintains an archaeological museum and a manuscripts library. It also publishes research works, monographs, and conference reports, which are highly valued in the scholarly world. Many foreign scholars visit the centre for research on Indian anthropology, sociology, culture, linguistics, and folklore.

Vision	:	**Under preparation**
Mission	:	-
Objective	:	-

Activities at the Centre: Publication, endowment awards, seminars and workshops, maintenance of the archaeological museum, and related initiatives.

Endowment Award Programs are:

1. The **Govinda Pai Award**, instituted by Sri Mohandas Pai in honour of his mother, is awarded every year to a person who has made an excellent contribution to the field of History or Kannada

literature. This year, the award was presented to **Prof A V Narasimha Murthy** on 14 August 2024 in Mysore.

2. The **V M Inamdar Award** is presented annually to a book on criticism and is presented during the annual celebrations of MGM College. The recipient of the 2024 award is **Mohan Kuntar**, and the award was presented on 27 May 2024.

3. The **Keshava Award** is an endowment award instituted at the R G Pai Research Centre by the family members of Keshava Bhat. This year, the award was presented to **Dr U Maheshwari** on 31 August 2024, jointly with the Kadengodlu Award.

4. The Kadengodlu Award is given annually to a collection of unpublished Kannada poems. It is an endowment instituted by the family members of Kadengodlu Shankar Bhat. This year, the award was presented to Dr Shailesh Kumar Shivakumar on 31 August 2024.

Keshava Award and Kadengodlu Award

5. The **Muliya Thimmappayya Award** is an endowment award instituted by his family members and is presented to a scholar in Yakshagana and Kannada Sahithya. This year, the award was presented to **Dr Vasantha Bharadwaj** on 20 April 2024.

6. **The Polali Sheenappa Heggade and S R Hegde Award** is given to a person who has contributed to the fields of history, culture, and folklore of Coastal Karnataka. This year the award was presented to **Sri Benet G Ammanna** on 22 June 2024.

7. **The Sediyapu Award** is an endowment award given to a person who has excelled in the field of Kannada language and literature. This year, the award was presented to **Dr B V Shirur** on 22 July 2024.

8. The drawing competition named after Barkuru Gangamma Ramachandra Shastri was instituted by their son and is conducted for

students of Udupi District. This year, the program was held on 14 December 2024.

Drawing Competition Winners

Research Activities: Recognized Research Centre of Hampi Kannada University, five students are pursuing PhD

Research Publication:

1. We published one research Journal 'Tuluva'.
2. Publication of the 1st volume of the revised version of Rashtrakavi Govinda Pai Research activities in Kannada **'Govinda Pai Samputa'** released on 16 November 2024.

Brief About the Centre:

School of Yakshagana

Yakshagana Kendra, Udupi (now run by Yaksha Gurukula Shikshana Trust), is one of the cultural wings of MAHE. It was established in 1971. It is a training centre imparting professional training (free of charge) in the art of Yakshagana (Badagutittu) dance and music to young learners in the traditional Gurukula system. The learners are provided free food and accommodation, and here, they live with their teachers under the same roof and are housed in Shivaprabha, the training complex of the Centre, having facilities like classrooms, library, green room, practice hall, study rooms, rest rooms etc. The complex also includes well laid out quarters for the Gurus, in addition to an outdoor auditorium and a museum for the benefit of visitors. The Kendra is managed by a registered Trust, i.e., Yaksha Gurukula Shikshana Trust.

Activities at the Centre:

Demonstration and documentation of various traditional styles of singing Yakshagana songs in Badagutittu Yakshagana (Northern style in Udupi District).

They are meant to highlight the importance of the beauty and artistic value of the traditional styles of singing Yakshagana songs. Costumes and Makeup, Prologue, and Yakshagana Stage Performance. They also highlight the importance of documenting and archiving the documents.

Demonstration and documentation of various styles and levels of the Bhagavatike of Badagutittu Yakshagana on: 04 July 2024

Yakshagana Kendra, Indrali, Udupi (MAHE), Regional Resources Centre for Folk Performing Arts (MAHE) and the Department of Kannada and Culture, organized a demonstration and documentation of various styles and levels of the

Bhagavatike of Badagutittu Yakshagana held on **04 July 2024**, at Ravindra Mantapa of Mahatma Gandhi Memorial (MGM) College Campus, Udupi, the parent organization of Yakshagana Kendra, Udupi under the auspices of banner of the commemoration program of the late Prof K S Haridas Bhat, the founder director of Yakshagana Kendra. The program was inaugurated by Dr H S Ballal, Pro Chancellor, MAHE.

C A Shivananda Pai, President, Bhuvanendra College Trust, Karkala, said that Yakshagana has not remained a folk art but has risen to the standard of a classical art. It is a national art.

After the inaugural session, the documentation followed:

About 60 songs, usually not sung in recent performances because of their rarity and complexity were demonstrated for the purpose of documentation.

Inauguration by Dr H S Ballal, Pro Chancellor, MAHE

Demonstration and documentation of Bagavatike

A Workshop on Yakshagana Costumes and Makeup from 06 to 13 May 2024

The workshop was declared open by Sri Vishwanath Shenoy, Member, Advisory committee of Yakshagana Kendra. Sri Palli Kishan Hegde presided over the inaugural session. Sri Bhuvanaprasad Hegde, Mrs Poornima Suresh, members of the Advisory Committee, were present as guests. Dr B Jagadeesh Shetty welcomed the guests, introduced the program, and proposed a vote of thanks.

Valedictory:

The valedictory of the workshop on costuming and makeup was held on 13 May 2024 following a week-long demonstration and documentation. The Chief Guest on the occasion was Ln. V G Shetty, who stated that Yakshagna Kendra was the original school that taught different aspects of Yakshagana theatre art in a Gurukula system, including dance steps for a common theme in Yakshagana, with a focus on costuming and makeup.

Workshop Inauguration by Sri Palli Kishan Hegde

Workshop on Yakshagana Costumes and Makeup

Demonstration and Documentation of Battle Scenes Between the Hero and the Rival Characters in Yakshagana

Date: 28 July 2024

An important occasion was witnessed when battle scenes between Eradane Vesha (Hero) and Purusha Vesha (Rival to Hero) were demonstrated, organized by Yakshagana Kendra, Indrali (MAHE), Regional Research Centre (RRC), (MAHE) and the Department of Kannada and Culture at Ravindra Mantapa, MGM College campus, Udupi on 28 July 2024 in Ravindra Mantapa, MGM College.

Inaugurating the program, S V Bhat, Vice President, Yakshagana Kalaranga, Udupi, said 'The traditional Yakshagana art is today threatened by intonation. The younger generation of today doesn't know how Yakshagana was about forty years ago. But some

artists, who are experienced in the art of traditional Yakshagana can demonstrate traditional dances. Battle scenes belong to this category. To get acquainted with them, demonstrations and documentation are required. Jayakara Shetty, Indrali, presided over the function.

Battle scenes from Krishnarjuna Kalaga, Sudhanvarjuna Kalaga, Karnarjuna Kalaga were demonstrated and video recorded.

Inauguration of the program by S V Bhat, Vice President of Yakshagana Kalaranga, Udupi

Demonstration and Documentation of Battle Scenes in Yakshagana

Brief About the Centre:

In 2008, the Government of Karnataka sanctioned a grant of 1 crore INR to the Govind Pai Samshodhana Kendra to undertake research and allied projects in honour of the great saint Kanakadasa. The study of his devotional songs and poetry, the propagation of his work among the masses and the youth and encouraging research on his literary contributions are some of the objectives of the Kanakadasa Adhyayana and Samshodhana Peetha. The Peetha collaborates with the Saint-Poet Kanakadasa and Tatvapadas Study Centre, Bengaluru.

The Kanakadasa Adhyayana Samshodhana Peetha undertakes diverse programs and projects to promote not only the scholastic and academic study of Kanakadasa's songs and literary compositions but also to encourage laypeople and young students, particularly schoolchildren, to study the life of Kanakadasa, understand the significance of his works, and spread his message to society.

Activities at the Centre:

National Symposium
Venue: Sri Bhuvanendra College, Karkala,
Date: 16 March 2024

About the Institution:

The Centre for Distance and Online Education (erstwhile Directorate of Online Education) is a constituent unit of Manipal Academy of Higher Education (MAHE) committed to advancing the United Nations Sustainable Development Goal 4 (SDG 4) of ensuring inclusive and equitable quality education for all. Established in 2019, CDOE strives to revolutionize the field of education by offering high-quality online programs that provide lifelong learning opportunities to individuals worldwide. CDOE takes pride in its diverse range of online programs designed to enhance professional skills and academic knowledge while promoting sustainable development.

CDOE's commitment to inclusive and equitable education extends globally. At present, students from 44 countries have enrolled in CDOE's online programs, creating a diverse and inclusive learning environment that fosters cross-cultural understanding and collaboration. This global reach ensures that learners from different backgrounds and regions have access to quality education and the opportunity to contribute to sustainable development in their communities.

CDOE-MAHE has signed an agreement with the Ministry of External Affairs (MEA), Government of India, to support education in African countries. Through the MEA's eVidyaBharati eArogyaBharati (eVBAB) Pan-African Network Scholarship Project, CDOE offers its online programs to African learners, empowering them to pursue quality education and contribute to sustainable development in their countries. This transformative initiative has already enrolled over 1000 students from 15 African countries, widening access to education and creating pathways for sustainable development in Africa. By equipping African learners with the knowledge and skills to address local challenges, CDOE-MAHE is playing a vital role in fostering human capital development and promoting sustainable socioeconomic progress across the continent.

Certificate Program in Interior Design

About the Institution:

MAHE, Dubai Campus is a 5-star-rated University, as per the Knowledge and Human Development Authority (KHDA), Dubai Higher Education Classification (HEC) Rating for 2020 and 2022. It is the only university that achieved 5 stars in the 2022 HEC ratings across categories like teaching, employability, internationalization, research, facilities, programme strength, happiness and wellbeing, and environmental impact. MAHE Dubai Campus is also a proud recipient of the Forbes Middle East Higher Education Award 2019 for 'Outstanding Support for Students'. MAHE Dubai is the branch campus of MAHE, India - an Institution of Eminence – recognized by the Hon'ble Ministry of Human Resource and Development (MHRD), Government of India. MAHE commenced its journey towards excellence in Dubai, UAE in the year 2000. It has since grown into a leading multi-disciplinary university in the Middle East, attracting students from across the globe. At present, MAHE Dubai enrolls over 2600 students from over 40 countries and boasts a robust network of over 9500 alumni. Following the footsteps of its multi-disciplinary home campus, MAHE Dubai offers students a variety of diverse disciplines to pursue their undergraduate and postgraduate studies, ranging from laboratory and workshop intensive courses to creative and new-age disciplines like Liberal Arts (Humanities, Social Sciences, Media and Communication), Business, Design and Architecture, Engineering and IT, and Life Sciences.

1	SOEIT - MOU with Dubai Future Foundation	Dubai Future foundation partnered with MAHE, Dubai, on a research project focused on robotics and AI, specifically addressing challenges in robotics functions such as grasping and manipulation. This collaboration helps in fostering knowledge by providing students with hands-on experience for solving real-world problems.	05 July 2024
2	Integration of School - Manipal Institute of Liberal Arts	The School of Media and Communication and the School of Humanities and Social Sciences have merged to form the Manipal Institute of Liberal Arts, reflecting a progressive vision for higher education. This integration aims to broaden the scope of academic offerings under the expansive framework of liberal arts while fostering a flexible and efficient learning environment for students.	01 August 2024
3	School of Engineering and IT (SOEIT) - BTech	Students pursuing BTech in Mechanical Engineering (ME) have an option to pursue and graduate with an honours degree by completing additional 20 credits of course work during the 3rd	01 September 2024

Sl No	Activity	Particulars	Date(s)
	Honors in Mechanical Engineering	and 4th year of their program. The opportunity is applicable for the current third year Mechanical Engineering students.	
4	SOEIT - BTech Honors in Computer Science and Engineering	Students pursuing BTech in Computer Science and Engineering (CSE) have an option to pursue and graduate with an honours degree by completing additional 20 credits of course work during the 3rd and 4th year of their program. The opportunity is applicable for the current third year Computer Science and Engineering students.	01 September 2024
5	School of Business (SOB) - FinTech Studio	The FinTech Studio was inaugurated on 9 September 2024 by Mr S Vaitheeswaran, Vice Chairman and Managing Director of Manipal Education and Medical Group (MEMG) and Chairperson of Manipal University, Jaipur along with the Academic President of MAHE Dubai, Chairpersons and the Faculty members of the School of Business. The studio designed for online trading workshops, offers a dynamic platform for learning and practicing financial trading strategies in a real-time, interactive environment.	09 September 2024

All Other Activities in the Department Relating to the Program/Course:

Sl No	Activity	Particulars	Date(s)
1	School of Engineering and IT (SOEIT) - Institution of Civil Engineers (ICE) Annual Meet: MAHE Dubai Student Chapter	The ICE annual meet was conducted to review and discuss the activities of the ICE student chapter at MAHE Dubai.	03 January 2024
2	SOEIT - School Visit: Leaders Private School	12th Grade students from Leaders Private School visited the Civil Engineering labs. The session provided the students with an overview of various aspects of Civil Engineering and its applications. The students were given an opportunity to get hands-on experience on different instruments.	05 February 2024
3	SOLS - Visit to MedLabs 2024	The faculty of the School visited MedLabs 2024, a premier showcase for medical laboratory innovation in the Middle East. The purpose was to get acquainted with the cutting-edge technologies and gain exclusive insights from industry leaders. The event was held at the Trade Center Exhibition area, Dubai.	07 February 2024

Sl No	Activity	Particulars	Date(s)
4	School of Design and Architecture (SODA) - Workshop on 'Integral Sustainable Design: Addressing Multiple Perspectives' 	The workshop was conducted by Barbara Klinkhammer, Dean and Professor, and Saglinda H Roberts, Assistant Professor - MS Sustainable Design from Thomas Jefferson University, USA. The session provided students with invaluable insights from these leaders in architecture and sustainable design. With their extensive expertise the experts guided the participants through integral sustainable design methodologies, offering a comprehensive understanding of this critical field.	08 February 2024
5	SOB – TAPMI Student Exchange Program at MAHE Dubai	15 students along with a faculty member had visited MAHE Dubai as a part of the student exchange program. SOB conducted a session on leadership for the students during this visit.	11 to 17 February 2024
6	SOLS - Research Workshop	A workshop on Gel documentation, imaging and chemiluminescence imaging applications in Biology of cancer (HeLa cell line) was conducted. It was facilitated by Alliance Global Life Sciences-Dubai in association with Azure Biosystems.	14 February 2024
7	SOEIT - Industrial Visit to Ace Cranes and Engineering FZ-LLC	The site visit provided students with knowledge of advanced technology and safety practices and allowed them to interact with industry professionals.	20 February 2024
8	SODA - Visit to Rivani Furnishings	BDes Year 2 Students had the privilege of visiting Rivani Furnishings, where they gained valuable insights into the world of textiles and their applications in contemporary design projects. The visit provided an opportunity to explore an extensive range of fabric collections and understand the latest trends in the textile industry. The session, guided by Mr Chandnani and his team, offered a wealth of knowledge, making the experience both highly educational and professionally inspiring.	20 February 2024

Sl No	Activity	Particulars	Date(s)
9	SOEIT - Field Visit to Al Qudra Lake by Civil Engineering Department	The field visit was conducted to observe and study the impact of bird population on the water quality at Al Qudra Lake. Water samples were collected from the site.	20 February 2024
10	SOEIT - MAHE Dubai Google Developer Student Chapter (GDSC)	GDSC held a total of eight interactive sessions spread across the year from February 2024 – November 2024 packed with learning, networking, and workshops; the sessions were conducted by students led by a core team of GDSC. Sessions conducted were: Meeting the GDSC team, Graphic design competition, Workshop on Tensor Flow, Hackathon: Code-Off, Workshop on Flatter Flow, Workshop on AI Essentials, Google Doodle.	21 February 2024 to 30 November 2024
11	SOB - 7th International Conference on Green Economy and Sustainable Growth through Strategic Change (ICSGTSC)	The 7th edition of the ICSGTSC had brought intellectuals from all over the world to learn and speak about the importance of sustainability in relation to the economy and business development.	22 to 23 February 2024
12	SOEIT - International Study Tour	A 5-day study tour to Switzerland and Germany was conducted for the SOEIT students. The group comprised 42 students accompanied by faculty and staff members along with a tour manager.	23 to 28 February 2024
13	School of Media and Communication (SOMC) - Students Explore the Art of	Faculty and students from the School of Media and Communication attended the XPOSURE International Photography Festival in February 2024 at the Expo Centre, Sharjah. The event provided students with a unique opportunity to engage with acclaimed photographers and journalists, gaining insights into the	28 February 2024 to 05 March 2024

	Photography at XPOSURE 2024.	art and craft of visual storytelling. In addition to exploring captivating photo exhibitions, students also viewed award-winning films, enriching their understanding of global narratives through photography and cinema. This experiential learning visit inspired creativity and broadened perspectives on media and communication.	
14	Minutes of the Chairpersons' Meeting on 01 March 2024 	MoU Collaborations - The Academic President asked the Chairpersons to explore potential universities that would be interested in establishing pathways for undergraduate students at MAHE Dubai.	01 March 2024
15	Minutes of the Chairpersons' Meeting on 01 March 2024 	Updates from SOLS - Scientists from Hortman stem cells along with their German counterparts visited the labs and delivered a seminar on Stem Cell Research on 29 February 2024.	01 March 2024
16	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from School of Humanities and Social Sciences (SOHSS) - The School hosted the 4th International Solution Focused Conference, co-organized by the Association for Solution Focused Practice International (ASFPI) on the 28 and 29 of February 2024.	01 March 2024
17	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from SOEIT - The School had organized a study tour to Germany and Switzerland from 23 – 28 February 2024.	01 March 2024
18	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from SOMC - The School has created Wetube, a podcast channel on Spotify and plans to go live from the 8 of March.	01 March 2024
19	Minutes of the Chairpersons' Meeting on 01 March 2024 	Updates from SOHSS - The School invited an International Faculty, Lyn Worsley, a Senior Clinical Psychologist, and Director of the Resilience Centre in Lithuania, to deliver some topics in courses of Counselling Psychology in February 2024.	01 March 2024
20	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from School of Design and Architecture (SODA) - Prof Barbara Klinkhammer, Dean and Professor, College of Architecture and Built Environment, Thomas Jefferson University USA conducted a workshop on 'Integral Sustainable Design' with Prof Saglinda Roberts on 7 February 2024. She discussed international collaborations with the International University Collaborations Coordinator for the revision of the pathway	01 March 2024

		programs to extend fee waivers to MAHE Dubai students for master's programs at Thomas Jefferson University.	
21	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from SODA - MAHE Dubai will be a National Aptitude Test in Architecture (NATA) Centre for BArch examinations that will be conducted from April – July 2024.	01 March 2024
22	Minutes of the Chairpersons' Meeting on 01 March 2024 	Updates from SOLS - A panel discussion titled 'Beyond Hormone: Navigating Life with PCOS' was held on 28 of February 2024. The panel members were from Zulekha Hospital, Dubai.	01 March 2024
23	Minutes of the Chairpersons' Meeting on 01 March 2024 	Updates from SOLS - Delegates from ASPEN Pharmaceuticals, South Africa, visited the campus and discussed various opportunities for collaborations on 28 February 2024.	01 March 2024
24	Minutes of the Chairpersons' Meeting on 01 March 2024 	Manipal Education Systems Vice Chancellor's Council (MESVCC) Meeting Update - The meeting was held on 15-16 February 2024 at MU Jaipur. The Academic President asked the Chairpersons to encourage faculty to tie up with the faculty at MU Jaipur, SMU and MAHE Manipal for projects and avail the Manipal Research Board (MRB) grants that have been allocated for the purpose of enhancing joint research, collaborations, and joint funding applications, etc. He mentioned that MAHE Dubai faculty could draw up project ideas and collaborate with the faculty of the aforementioned group institutions appointing them as the Principal Investigators. He informed the Chairpersons that they could make use of faculty exchange from the group institutions as MAHE encourages the same and has allocated funds as financial incentives for faculty engaging in the exchange.	01 March 2024
25	Minutes of the Chairpersons' Meeting on 01 March 2024 	Manipal Education Systems Vice Chancellor's Council (MESVCC) Meeting Update - Presentation on ChatGPT: Microsoft gave a presentation on a variation of ChatGPT that is focused on the requirements of academicians, enabling them to develop course outlines, materials etc. The Academic President asked the Chairpersons to view the weblink that he would share with them and encouraged them to run internal FDPs by experts in their chosen domain to understand the latest trends regarding these AI tools and evaluate whether they would add value to their academic delivery.	01 March 2024
26	Minutes of the Chairpersons'	Update on meeting the new DG of Knowledge and Human Development Authority (KHDA) - The Academic President was	01 March 2024

Sl No	Activity	Particulars	Date(s)
	Meeting on 01 March 2024	invited for an interactive session with KHDA's new Director General Her Excellency Aisha Miran on 26 February 2024. He suggested showcasing Dubai International Academic City (DIAC) as a brand in line with their strategy of establishing Dubai as a destination for higher education.	
27	Minutes of the Chairpersons' Meeting on 01 March 2024	CIEET 2024 - The KHDA has reached out to institutions expressing interest in participating in the China International Education Exhibition Tour (CIEET 2024) to be held in China in April 2024 with the key objective of creating awareness about the higher education opportunities in Dubai. The Academic President informed the Chairpersons that the Admissions team will be sending a team to China for this purpose.	01 March 2024
28	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from School of Business (SOB) - The School organized the 7th International Conference on Green Economy and Sustainable Growth through Strategic Change on 22 and 23 February 2024 in collaboration with the Department of Commerce, MAHE, Manipal and the College of Banking and Financial Studies, Muscat, Sultanate of Oman.	01 March 2024
29	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from SODA - The study tour to Barcelona was conducted from 18 –25 February. Students and faculty visited Universitat Internacional de Catalunya (UIC) Barcelona, Spain, and Institute for Advanced Architecture of Catalonia (IAAC) Spain. Both UIC and IAAC are keen on collaborating across various disciplines. They will be connecting with the International University Collaborations Coordinator.	01 March 2024
30	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from SODA - The Manipal International Symposium on Design (MiSD 2024) was conducted in collaboration with the Chartered Institute of Architectural Technologists (CIAT) UK and Edinburgh Napier University UK from the 15 – 16 February 2024 in hybrid mode. 35 presenters participated. 10 selected papers will be published in Emerald Publishing's Open House International, a Q2 Scopus-indexed journal.	01 March 2024
31	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from School of Media and Communication (SOMC) – Students along with faculty members participated in Dubai Lynx 2024 as cultural attaché to the Jury panel. They also volunteered at the festival. They also attended Xposure, the global photography exhibition in Sharjah, from 28 February to 5 March.	01 March 2024
32	Minutes of the Chairpersons' Meeting on 01 March 2024	Updates from School of Engineering and IT (SOEIT) - The School organized the 2nd Symposium on Recent Trends in Mathematics, Statistics, and Engineering on 6 March 2024.	01 March 2024

Sl No	Activity	Particulars	Date(s)
33	Minutes of the Chairpersons' Meeting on 01 March 2024 	Updates from School of Life Sciences (SOLS) - Faculty and master's students participated in the Hortman Stem Cell Research Conference-2024 on 26 - 27 February 2024. Dr Fatma, Director, Hortman Stem Cell invited the School to set up a University booth to showcase programs and research.	01 March 2024
34	SOMC - Students attend Dubai Lynx creative festival 	Students and faculty from the School actively participated in the Dubai Lynx Festival of Creativity, MENA's leading platform for innovation and excellence in advertising and communication, held in March 2024. The event featured engaging, day-long sessions led by industry professionals representing renowned brands, start-ups, creative agencies, advertisers, innovators, and tech companies across the MENA region. Attendees explored emerging trends, creative strategies, and technological advancements shaping the industry. This enriching experience provided valuable insights and networking opportunities, empowering participants to expand their knowledge and unleash their creative potential in the dynamic field of communication.	05 March 2024
35	SOEIT - DELL Data Center, Dubai	An industrial visit was conducted to DELL Data Center, Dubai by the Department of Computer Science Engineering and IT.	06 March 2024
36	SOHSS - Women's Day Celebration 	SOHSS celebrated Women's Day by organizing university-wide events where students could advocate for inclusion through activities like a Women's Day quiz, a photo booth, and a board to write down the pride and prejudice women experience.	08 March 2024
37	SOMC - Launch of WeTube Podcast	The School proudly launched its podcast WeTube, alongside the interactive series With Flying Colours. The series spotlighted exceptional alumni, including Ms Zohra Ameen, a radio presenter at 106.2 BigFM FunAsia Network (2014 graduate); Ms Anjali Bohra, a photographer and content creator (2017 graduate); Mr Anil Kumar, a leading event manager in the UAE; and Radio Jockey Ms Mariyam Kisat, a renowned media presenter. These accomplished individuals began their media journeys at MAHE and have since risen to prominence, inspiring the next generation with their success stories and industry insights.	08 March 2024
38	School of Humanities and Social Sciences (SOHSS) - Launch of REDtalk, a podcast series	As part of the Women's Day celebration, SOHSS launched its first podcast series, REDtalk, through a speech competition in which students spoke on the theme "Refuse to be Reduced." Students from across different schools in the university spoke about the far-reaching effects of gendered biases. The winner's talk was selected to be featured in the first episode of REDtalk.	11 March 2024

Sl No	Activity	Particulars	Date(s)
39	Minutes of the Chairpersons' Meeting on 15 March 2024	CAA accreditation - The senior leadership has decided on a feasibility study for CAA accreditation for SOLS. The Academic President has asked Dr Arif to prepare a study report for the same.	15 March 2024
40	Minutes of the Chairpersons' Meeting on 15 March 2024	One-Year MBA Program - The Academic President mentioned that as per the UGC directive, MAHE Manipal is currently working towards offering a one-year MBA program in 2025. He added that he will be working closely with all the Schools to define the eligibility criteria for the UG graduates to enroll in the one-year MBA program as it is imperative to ensure that the UG graduates have covered PG-level subjects in the UG Honours year.	15 March 2024
41	Minutes of the Chairpersons' Meeting on 15 March 2024	Student grievances –No cases of student grievances were reported to the regulatory authority during the current academic year. The Academic President noted that the change was due to the impact of positive mentoring adopted at the Schools. He added that the Schools should create an ecosystem wherein students feel comfortable approaching their faculty with their concerns.	15 March 2024
42	SODA - B4Design Workshop Series	The B4Design Workshop, organized by the School took place every Friday from 15 March to 26 April. Held in person from 9:00 AM to 12:00 PM, the workshop provided participants with the opportunity to unleash their creativity, explore the fundamentals of design, and gain valuable insights into the dynamic fields of architecture and interior design.	15 March 2024 to 26 April 2024
43	SODA - Unveiling the Future: Bridging Dreams and Reality	Students visited LifeSize Plans in Al Quoz, Dubai, where they experienced the world's pioneering patented technology for full-scale home walkthroughs. This unique walkthrough technology transformed their perception of converting plans into real scale. LifeSize Plans goes beyond simple projection by integrating cutting-edge Augmented Reality (AR) technology, offering a powerful tool that bridges the gap between technical drawings and the envisioned reality of a built space.	19 March 2024
44	SOB - Study Abroad Program- Malaysia	The 2nd semester students of the MBA program had been on a semester exchange program to Malaysia for 30 days accompanied by a faculty member.	01 April 2024
45	SODA - Visit to Sharjah Architecture Triennial 2024	Students visited the Sharjah Architecture Triennial (SAT) 2024, titled "The Beauty of Impermanence: An Architecture of Adaptability." The event spotlighted design and technological innovations in the built environment, particularly within the context of the Global South. It showcased solutions emerging from conditions of scarcity, creatively leveraging the limitations of	10 April 2024

Sl No	Activity	Particulars	Date(s)
		natural resources. The visit provided students with immense exposure to regional sustainability practices and innovative products crafted from rethought and recycled materials, offering valuable insights into adaptive and resource-conscious design.	
46	SOMC - Students Explore Creativity at Sharjah Animation Conference	In May, students from the School attended the Sharjah Animation Conference, a vibrant celebration of animation artistry and innovation. The event provided an opportunity to engage with industry experts, explore groundbreaking animation projects, and gain insights into the latest trends and technologies shaping the animation world. Students were inspired by the creative exhibits, workshops, and panel discussions, enriching their understanding of animation as a dynamic storytelling medium. This experience sparked creativity and broadened their perspectives, preparing them to excel in the ever-evolving field of animation.	10 to 13 April 2024
47	SODA - Workshop on the Application of Computational Design in the Urban Design Studio	The workshop was conducted by Dr Peng Du, Director and Assistant Professor, College of Architecture and the Built Environment, Thomas Jefferson University, USA, for BArch. (3rd and 5th year) and BDes ID (3rd year) students. It focused on exploring digital tools for design and research output. The session was attended by students from Thomas Jefferson University and MAHE Dubai.	20 April 2024
48	SODA - Sustainability, Education, and Empowerment (SEE) Global Sustainability Summit	BArch student representatives had the opportunity to participate and volunteer at the Sustainability, Education, and Empowerment (SEE) Global Sustainability Summit. The summit had engaging dialogues and conversations on net zero solutions and circular economy with Dr Jacinta Dsilva and SEE Institute.	25 to 26 April 2024
49	Minutes of the Chairpersons' Meeting on 25 April 2024	Updates from the Office of the Deputy Registrar - For Centre for Interdisciplinary Studies (CIS) operations beginning September 2024, the Schools must call for BOS meetings to obtain the necessary approvals. The Schools that have already obtained approvals must ensure that the concerned open elective courses are properly configured and mapped to the Schools offering them. Discussions on standardizing the evaluation criteria with minimal modifications were held. Operations will be geared to this objective in the upcoming semester.	25 April 2024

Sl No	Activity	Particulars	Date(s)
50	Minutes of the Chairpersons' Meeting on 25 April 2024 	Updates from the Office of the Deputy Registrar - The Deputy Registrar informed the attendees of the surprise KHDA Audit that was held last week. The HR Manager and the Deputy Manager – Regulatory and Student Affairs assisted the Deputy Registrar during the audit, and it concluded successfully with a campus tour.	25 April 2024
51	Minutes of the Chairpersons' Meeting on 25 April 2024 	Updates from the Office of the Deputy Registrar - The last date for submission of inputs for the Academic Calendar 2024-25 will be 11 June 2024. The final draft will then be consolidated and presented to the Academic President for discussion during a meeting with all Schools prior to his approval.	25 April 2024
52	Minutes of the Chairpersons' Meeting on 25 April 2024 	PhD Scholars - Discussions were held on various strategies to attract PhD Scholars. The Academic President asked the Chairpersons to encourage master's students to pursue research, as they will benefit greatly from it, along with the faculty members who can cite those research papers in their publications.	25 April 2024
53	Minutes of the Chairpersons' Meeting on 25 April 2024 	KHDA Ratings - The Academic President asked the Chairpersons to continue to have faculty members of other nationalities teaching at the Schools as internationalization is an important indicator for Knowledge and Human Development Authority (KHDA) Ratings.	25 April 2024
54	Minutes of the Chairpersons' Meeting on 25 April 2024	Life Skills Development Program - The Academic President asked the Chairpersons to prepare for the second module of the Life Skills Development Program for the upcoming semester.	25 April 2024
55	SOHSS - An Audience with Dr Ramani Durvasula 	Undergraduate students of SOHSS met Dr Ramani Durvasula, a renowned psychologist specializing in Narcissistic Personality Disorder (NPD). She shared professional insights, discussed the challenges of dealing with the disorder, and answered students' questions, enhancing their understanding of the NPD.	26 April 2024
56	SOLS - FDP workshop	Technical workshop on "Laser speckle contrast imaging system" by RWD Life Sciences, China facilitated by Steigens Labs-Dubai.	30 April 2024

Sl No	Activity	Particulars	Date(s)
57	Minutes of the Chairpersons' Meeting on 03 May 2024	Growth and Expansion - The Academic President asked the Chairpersons to revisit options and creative ways to explore programs that can fit into their Schools and its allied fields of study, and see if there was a scope to expand themselves to incorporate other disciplines, perhaps consider undergraduate programs that can have a clear pathway to postgraduate programs in Western universities. He mentioned that students are ready to join programs even if there are no employment opportunities as the majority are expected to pursue their passions.	03 May 2024
58	SOEIT - Indian Society of Heating, Refrigeration, and Air Conditioning Engineers (ISHRAE), Networking session	A networking session was hosted by the Indian Society of Heating, Refrigeration, and Air Conditioning Engineers (ISHRAE) UAE Sub Chapter for Mechanical Engineering students and faculty. The session also included certificate distribution by ISHRAE President Mr Anoop Ballaney.	04 May 2024
59	SODA - Workshop with Metal Art Designs LLC, Dubai	The School collaborated with Metal Art Designs LLC, Dubai, and conducted a workshop for BDes Interior Design and BArch students. Led by Mr Amanullah Saleem and his team, the session provided an inspiring exploration of the metal art industry, enhancing students' understanding of this dynamic craft.	11 May 2024
60	SOEIT - Industrial Visit to Fakhruddin Holdings L.L.C	The visit was organized by ISHRAE UAE Sub Chapter. It helped the students in understanding various technologies adapted for enhancing air quality and energy savings, addressing sustainable development goals.	14 May 2024

Sl No	Activity	Particulars	Date(s)
61	SOLS - MoU with Lifinity Genomics 	An MoU was signed between Lifinity Genomics, Dubai, and MAHE Dubai for cooperation on student internships/placements and research in genomics.	17 May 2024
62	SOHSS - 2nd International Student Research Colloquium 2024 	The School of Humanities and Social Sciences organized its second International Student Research Colloquium, 'Exploring New Horizons in Literary, Behavioural and Social Sciences,' in a hybrid format. Students from India and GCC universities presented innovative research both online and on-site, fostering interdisciplinary dialogue and recognizing outstanding contributions with awards.	20 to 23 May 2024
63	SOEIT - AEIT 2024	The annual Colloquium on Advances in Engineering and Information Technology (AEIT) 2024 was conducted by SOEIT. Undergraduate, postgraduate, and PhD students actively participated and presented papers and posters.	23 and 24 May 2024
64	SOEIT - Indian Society of Heating, Refrigerating and Air Conditioning Engineers (ISHRAE) Training Session 	The ISHRAE UAE Chapter conducted online training for Mechanical Engineering students, faculty, and staff. The training program was conducted by Mr Rahul Kumar (Regional Sales Manager, M/S Badger Meter, UAE) on the topic 'Fundamentals of Water and BTU Meters'.	25 May 2024
65	SoHSS - Staycation at Lapita Hotel and Resorts, Dubai 	SoHSS embarked on a memorable staycation at Lapita Hotel and Resorts, Dubai. The staycation aimed at encouraging social interaction, developing self-esteem and self-reliance, personal development, and growth of students, and reducing stress. It was a phenomenal experience for the juniors to gel with their seniors and faculty. The fun and frolic helped the students escape their shells and meet new friends.	30 and 31 May 2024
66	SOHSS - Industrial Visit to Dubai Autism Centre	Students visited the Dubai Autism Centre to gain insights into its operations and how it supports its students. They explored the center's services, including vocational training, robot-assisted therapy, speech therapy, and occupational therapy. This visit gave the students a deeper appreciation for the extensive resources and dedication required to support these students effectively.	04 June 2024

Sl No	Activity	Particulars	Date(s)
67	SODA - ISHRAE UAE Student Chapter Installation Ceremony	The Indian Society of Heating, Refrigerating and Air Conditioning Engineers (ISHRAE) UAE Sub Chapter hosted the installation ceremony of the 1st International Student Chapter, celebrating the achievements of the student team from the School, as office-bearers. The event was graced by distinguished guests, including Mr Anoop Ballaney, Society President, ISHRAE HQ Society Year (SY) 2024-25; Mr Mihir Sanghavi, Society Vice President, Marketing and Communications, ISHRAE HQ SY 2024-25; and Mr Agnel D'Souza, President, ISHRAE UAE Sub Chapter SY 2024-25. The Guest of Honour, Mr Mahavir Shah, Chartered Senior Mechanical Engineer at Buro Happold Dubai, delivered a session titled "An Introduction to Building Services Engineering," making the occasion both inspiring and memorable.	22 June 2024
68	SODA - Unbuilt Visions 2024	The thesis projects of the graduating batch of the final year Bachelor of Architecture program were exhibited as part of the open viva at the Multipurpose Hall, MAHE Dubai. Eminent architects, urban designers, and experienced professionals served as jury members, providing valuable feedback to the students as they prepare to embark on their professional careers.	27 June 2024
69	SOEIT - AUTOMECHANICA Level 1 to Level 3 for School students (School Connect Initiative)	The Department of Mechanical Engineering conducted AUTOMECHANICA. Level 1 (4 July 2024) offered online training for school students featuring presentations, exploration activities, and quizzes on automobiles and engines. Level 2 (10 July 2024) involved hands-on activities and interactive games, while Level 3 (1 - 31 August 2024) provided a one-month research assistantship for selected school students.	04 July 2024 to 31 August 2024
70	SOMC - Graduating Students Shine at Portfolio Day	The School hosted Portfolio Day providing graduating students a platform to showcase their talents to industry professionals, alumni, and parents. Students from BA Media and Communication, BA Film Studies and Television Production, BSc Animation, and MA Media and Communication displayed projects highlighting their expertise in journalism, television and audio production, graphics and animation, public relations, and advertising. The impressive portfolios included ad campaigns, short films, music videos, tech and book reviews, animation shorts,	06 July 2024

		and magazine designs. The event celebrated creativity, skill, and innovation, earning accolades from all attendees.	
71	Minutes of the Chairpersons' Meeting on 03 September 2024	E-database - The Academic President asked the Chairpersons to encourage the faculty to utilize the e-database, the London Stock Exchange Group (LSEG) Workspace and to attend the orientation sessions held on campus.	03 September 2024
72	Minutes of the Chairpersons' Meeting on 03 September 2024	CAA Accreditation - The Academic President mentioned that he along with the Chairpersons of SOLS, SOEIT and the Deputy Registrar of MAHE Dubai would be meeting the Director of the Commission for Academic Accreditation (CAA), H E Prof Baniyas online on the 5 September to discuss the initial licensure for CAA Accreditation for the School of Life Sciences. The Vice Chancellor of MAHE and CEO of MAHE Dubai would also attend the meeting. He mentioned that as soon as the approval is received, feasibility studies for other schools would follow. A dedicated support system with a Quality Assurance Department will be formed.	03 September 2024
73	Manipal Institute of Liberal Arts (MILA) - Students interact with media professionals at International Government Communication Forum	Students and faculty from the Manipal Institute of Liberal Arts (MILA) attended the prestigious International Government Communication Forum (IGCF), hosted by the Sharjah Government Media Bureau at the Sharjah Expo Center. The event offered a platform to interact with journalists, bureaucrats, media executives, regulators, and prominent stakeholders from around the globe. The students had the unique opportunity to interview distinguished media professionals and personalities, creating engaging content for Manipal Dubai TV and radio. The visit provided invaluable insights into global media dynamics, enhancing their academic and professional learning experience.	04 and 05 September 2024
74	SOB - The Future of Accounting Profession	The event was facilitated by Ms Fazeela Gopalani, Head of the Association of Chartered Certified Accountants (ACCA) Middle East, who addressed the gathering on the topic "The Future of the Accounting Profession." This was followed by a felicitation ceremony for the ACCA Middle East winners from the graduate batch.	09 September 2024
75	SOEIT - Visit to Romana Water Industries	Civil Engineering students visited the water treatment plant to study how raw water goes through 21 stringent purification steps before being supplied in bottles.	11 September 2024
76	SOEIT - Industrial Visit to Al Shirawi Equipment Company LLC, AL Quoz	Second year Mechanical Engineering students visited Al Shirawi Equipment Company LLC. The visit included an introductory session by the Health, Safety, and Environment (HSE) team, followed by a technical demonstration of the company's products and services.	12 September 2024

77	MILA - School launches Legacy Series to celebrate alumni success	MILA proudly launched the Legacy Series, an initiative featuring accomplished alumni sharing their professional journeys and industry insights with current students. Ms Gauthami Katwe, a freelance producer and production manager, returned to campus to discuss her remarkable career. With experience in films, web series, and ad campaigns for brands like Johnson and Johnson, Volkswagen, JW Marriott, and Emirates NBD, Gauthami inspired students with her journey and expertise. Mr Ashwin Kkumar, an actor from the inaugural BA Media and Communication batch, shared his transformative journey. From mimicry artist to influencer and star of films like Dhuruvangal Pathinaaru and Jacobinte Swargarajyam, Ashwin's talk, "Student to Actor: An Extraordinary Story," was a testament to perseverance and talent.	23 September 2024
78	MILA - School hosts alumni short film Aparan	MILA proudly hosted the screening of Aparan, a heartfelt project by talented alumnus Mr Diyab Basheer and an exceptional crew and alumni, Mr Renith Sunil, Mr Jasim K, Mr Harisankar S G (Hari), Ms Parvathi Shine, Ms Indhu Lekha, and Mr Muhammed Thashrif. The event celebrated their creative achievements and collaboration. Adding to the occasion, United Broadcast and Media Solutions (UBMS) and Sony, Middle East and Africa honoured the crew by generously presenting a professional camera, acknowledging their dedication to storytelling and filmmaking. The day was a tribute to alumni excellence and creative passion.	25 September 2024
79	SOLS - MoU with Hortman Stem Cell Laboratory	An MoU was signed between Hortman Stem Cell Laboratory and the School of Life Sciences, MAHE Dubai to explore joint certificate programs and research in stem cells and regenerative medicine.	26 September 2024
80	SODA - Signing of MoU with Alpin Limited	The School of Design and Architecture, Manipal Dubai officially signed a Memorandum of Understanding with Alpin Limited, a sustainability consulting firm based in Masdar City, Abu Dhabi. This partnership, led by Mr Rami Ghanem and Mr Nareg Oughourlian, Managing Directors of Alpin Limited, aims to foster knowledge sharing, best practices, and expertise in sustainability for the built environment.	26 September 2024

85	SOEIT - Industrial Visit to AWR Automotive Academy, Sharjah	Second- and third-year Mechanical Engineering students visited the Abdul Wahid Al Rostamani (AWR) Automotive Academy. The visit offered a technical session on key automotive concepts, followed by a tour of the academy's facilities. Students observed the displayed engines and various machinery used in automotive service operations. They also gained insights into the procedures and tools involved in automobile maintenance and repairs.	03 October 2024
86	SOEIT - Industrial Visit- Schneider Electric	SOEIT students had an enriching experience learning about industrial process control, safety, and the critical role of cybersecurity in process automation. They also had the opportunity to visit the staging area and "Center for Excellence Lab" to view physical products such as field instruments, Remote Terminal Units (RTU), and Human Machine Interfaces (HMI), further enriching their understanding of Schneider Electric's cutting-edge technology.	04 October 2024
87	SOEIT - Equinox 2024 organized by Leminar Air Conditioning Company and the Indian Society of Heating, Refrigerating and Air Conditioning Engineers (ISHRAE) UAE Student Chapter of MAHE Dubai	The ISHRAE Student Chapter at MAHE Dubai organized Equinox 2024 which was sponsored by Leminar Air Conditioning Company. The event featured expert technical sessions, inspiring talks by young graduates, interactive quiz sessions, and activities promoting creative thinking. A key highlight was the Research Poster Competition on the theme of Sustainable Smart Energy Solutions for Net Zero Alignment.	08 October 2024
88	SODA - Student participation in Equinox 2024	Students actively participated in Equinox 2024, an event designed to foster innovation and collaboration on sustainable smart energy solutions aimed at achieving Net Zero alignment. The event featured expert technical talks, inspiring presentations by young graduates, quizzes, engaging activities, and a poster competition on sustainable smart energy solutions. Through these activities, students gained valuable insights and contributed to the exploration of innovative approaches to sustainability and energy	08 October 2024

105	SOLS - Workshop by Hortman Stem cell laboratory	The School, in association with Hortman Stem Cell Laboratory, organized an insightful student workshop: "Empowering Young Minds."	06 November 2024
106	MILA - Students and Faculty Participate in Sharjah International Book Fair (SIBF) 	MILA enthusiastically participated in the Sharjah International Book Fair (SIBF), engaging with authors, publishers, and literary enthusiasts from around the globe. The event provided an excellent platform for students to explore diverse literary works, gain insights into the publishing industry, and network with key figures in the literary world. Faculty members facilitated discussions and encouraged students to critically engage with contemporary topics. This enriching experience reinforced MILA's commitment to fostering a love for literature, creativity, and intellectual growth among its academics.	06 to 17 November 2024
107	SOEIT - Technovanza 2024 (Technical Fest) 	The 13th edition of "TECHNOVANZA," a technology-centric intra-university event, served as a collaborative platform for engineering students across various departments to design both technical and entertaining competitions for all MAHE Dubai students. The event featured a wide range of technical and non-technical activities, bringing together students from schools across the UAE along with their creativity and skills in engineering and construction. The event featured 14 activities, with two events from each program and four general events. Around 150 students from four schools and 1000+ university students participated, enjoying the opportunity to showcase their talents.	06 to 07 November 2024
108	Minutes of the Chairpersons' Meeting on 08 November 2024	Other updates - The Vice Chancellor and the Registrar MAHE visited MAHE Dubai on 14 November. Promotional meetings and lab visits were organized for the same.	08 November 2024
109	Minutes of the Chairpersons' Meeting on 08 November 2024	CAA Accreditation - The Academic President informed the attendees that he has appointed Dr SK Pandey to lead the CAA Task force. The Deputy Registrar and the Assistant Registrar Evaluation will also work with him. The task force will comprise representatives from every School. The Academic President added that workshops and FDPs will be conducted for faculty to orient them towards CAA approved academic delivery and curriculum requirements. The task force must conduct workshops on reviewing MAHE Dubai's mission statement and further align it with Program Learning Goals and Course Learning Outcomes with the academics.	08 November 2024
110	Minutes of the Chairpersons' Meeting on 08 November 2024	Steps to strengthen student retention - The Academic President and Chairpersons discussed various measures to reduce the number of withdrawals. The following solutions were suggested to ensure that all students receive the support they require to complete their studies – 1. Strengthen mentorship to identify students in distress at an early stage. This early diagnosis will ensure an early intervention and likely prevent potential withdrawals. 2.The mentors should meet with their mentees every fortnight and maintain a log of their meetings and observations and report to the program coordinator if anything.	08 November 2024

The session offered valuable insights into emerging trends and advancements in urban design, inspiring students to explore innovative approaches to shaping future urban landscapes.	24 October 2024
30	Ms Katya Burfitt, Regional Director	Studiosity, Middle East -	Faculty from MILA attended an insightful session on Studiosity's 'AI for Learning,' exploring how technology can enhance student outcomes, particularly in improving assignment quality. The session was led by Katya Burfitt, Regional Director, Middle East - Studiosity, providing valuable insights into integrating AI tools for academic support and excellence.	25 October 2024
31	Mr Manikandaraj Karpagavinayagam, Ms Swetha Lakshmi Kumar, Ms Shivani	Zoho Creator	The Team from ZOHO conducted a three-day workshop on Future Ready with Low Code. The session enhanced students' skills on building apps. A total of 58 students participated in the workshop.	30 October 2024 to 01 November 2024
32	Mr Robert El Habre, Design Director and Founder	REHDS Architectural Design Consultancy in Dubai	A Meet the Mentor session was organized on campus, focusing on leadership, contemporary design challenges, and evolving industry trends. The session provided students with valuable guidance and insights to navigate the dynamic design landscape.	06 November 2024
33	Kei Atsumi and Motoya Iizawa, Architects and Computational Designers	Mitsubishi Jisho Design Inc	A session was delivered by Kei Atsumi and Motoya Iizawa, architects and computational designers from Mitsubishi Jisho Design Inc, Japan's oldest architectural design firm. The session explored the convergence of tradition and technology in sustainable architecture, with a focus on the innovative design and fabrication of The Warp Tea House. It provided valuable insights into regenerative wood and advanced computational design techniques.	07 November 2024
34	Dr Sanaa Kaddoura, Associate Professor, Computer Science	Zayed University, Abu Dhabi	The guest lecture on Large Language Models was attended by Computer Science Engineering and IT Students.	08 November 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
35	Mr Hasan Amin, Brand Ambassador	United Broadcast and Media Solutions	Mr Hasan Amin conducted a workshop on cinematography, highlighting the significance of colours in storytelling. He explained how colours convey emotions, enhance narrative depth, and emphasize plot elements. Students gained invaluable insights into visual storytelling, learning creative techniques to make cinematography impactful, enriching their understanding of filmmaking's artistic nuances.	11 November 2024
36	Barbara Klinkhammer, Dean and Professor	Jefferson University, USA	A session was conducted to explore innovative city planning strategies and sustainable solutions for creating liveable urban spaces. The session offered participants valuable perspectives on designing resilient and future-ready cities.	14 November 2024
37	Mr Mehboob Alam, Senior Project Development Manager	Alef Group	A session on managing mega projects was conducted. Leveraging his extensive experience in the architecture and development industry, Mr Mehboob Alam shared valuable lessons and practical knowledge, providing students with a unique perspective on successfully navigating large-scale projects.	14 November 2024
38	Mr Mohammad Arshad, CEO, Founder	Decoding Data Science	Delivered a guest lecture on AI for management tasks.	19 November 2024
39	Dr Bijay Jayan, Technical Director	Smart Insulation Finishing Systems, UAE	An interactive guest session on 'Impact of Thermal Insulation on Energy Consumption in Buildings' was conducted to highlight the critical role of thermal insulation in reducing energy usage. The session provided valuable insights into advancing sustainable design practices and achieving net-zero energy buildings.	21 November 2024
40	Mr Atul Kumar Singh, Senior Program Manager	Neom, Saudi based company	Mr Atul provided a live demo of Robotics Operating System (ROS) in action and also shared its significant applications in industrial automation and robotics.	21 November 2024
41	Mr Basem Azzam, Managing Director	Taylor Shannon International, Dubai, UAE	Guest Talk on "Food Safety: Certifications and Career prospects in UAE"	27 November 2024

Sl No	Visitor	Name of the Organization	Purpose of Visit	Date of Visit
42	Mr George Srour, Manager	The London Stock Exchange Group (LSEG) – Data and Analytics	Lecture series on the LSEG Workspace, featuring a hands-on session designed to provide a comprehensive understanding and practical insights into the workspace for your research and teaching.	29 November 2024
43	Mr Chidambaram Saravanan, Leader, Engineering Centre of Excellence and Technical Support	Schneider Electric Middle East, Dubai	The expert interacted with B.Tech. Mechatronics Engineering students and shared insights on AI in Process Automation, highlighting real industry use cases that gave students a glimpse into cutting-edge applications.	06 December 2024
44	Mr Reyhan Afridi, HR Trainer and Public speaker	Freelancer	Session on driving growth in emerging markets especially in the context of UAE.	10 December 2024

1	Dr Arif Hussain	Research Excellence Award 2024	05 September 2024
2	Digital innovation of the Year Award – Universities	For the second consecutive year, MAHE Dubai has been recognized for its exceptional digital innovation at the 6th Annual Chartered Institution of Building Services Engineers (CIBSE) UAE Awards, led by Ardra Sathyan and Iman Farooq (3rd Year B.Arch students), from the School of Design and Architecture.	30 October 2024

Sl No	Name	Details	Date
3	Most Outstanding Participation Award	MAHE Dubai received the "Most Outstanding Participation Award" in the American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) Debate Competition organized by the ASHRAE Falcon Chapter, among all the participating universities, which included RIT, BITS Pilani, Ajman University, Heriot-Watt University, Curtin University, and Amity University. Students from SOEIT and SODA participated in the Debate Competition and emerged as winners in several categories.	21 November 2024

Faculty Members

Sl No	Name	Details	Date
1	Dr Rajani Ramdas, Prof Thahani Iqbal, and Dr Soumya Sasidharan	Won the 'Best Case Award' at the Case Conference (1-2 February 2024) organized by the American University of Beirut at Cyprus in February 2024.	01 February 2024
2	Ms Fathma Zeba	Ms Fathima Zeba was invited to a jury panel for the Psych Lab challenge at ComQuest conducted by the Ambassador School, Dubai.	11 May 2024
3	Dr Chythanya Krishnan	2024 Best Case Study, in Journal of Hydrologic Engineering by the American Society of Civil Engineers (ASCE) for the paper titled "Regional Trends and Spatiotemporal Analysis of Rainfall and Groundwater in the West Coast Basins of India,"	22 May 2024
4	Dr Sowmya Rao	Chief Guest Investiture ceremony at Rayan Intl. School, Sharjah.	05 Jun 2024
5	Dr Pramod George	Selected as the Faculty Coordinator for the newly installed ISHRAE UAE student chapter in MAHE Dubai.	22 June 2024
6	Dr Sampath Suranjan Salins	Dr Sampath Suranjan Salins was awarded the Best Researcher during the Annual Research Awards for the academic year 2023-2024.	05 September 2024
7	Dr Sachidananda H K	Dr Sachidananda H K was awarded the best researcher (Runner up) during the Annual Research Awards for the academic year 2023-2024.	05 September 2024
8	Prof Wilma Serrao	Prof Wilma served as a Session Manager at the International Conference on Sustainability, Innovations and Technology organized by Optimal Consulting and Research Center in association with International Association of Scholarly Editors, Publishers and Reviewer and Asian Society of Teachers for Research, Inc.	25 October 2024
9	Dr Ravishankar Dudhe	Patent Filed under Indian Patent Category for "An Optical Hemodilyzer Membrane System And Its Designing Method," File no: 202411008659, Ref No: E-12/657/2024/DEL. Developed by PhD student Ms Ahana Alex under the guidance of Dr. Ravishankar Dudhe, Research Coordinator - MAHE Dubai and Dr R Vinoth, from MAHE, Manipal.	29 October 2024
10	Dr Sowmya Rao	Speaker at Polycystic Ovary Syndrome (PCOS) 2024 Congress, Dubai.	25 November 2024

Sl No	Name	Details	Date
11	Dr Ruchika Ranwa	Dr Ruchika's research paper, published in a Q1 SAGE journal, explores the complexities of gatekeeping in qualitative research. It highlights shifting dynamics between gatekeepers and respondents, illustrating how relationships between gatekeepers and researchers are influenced by power and vulnerability, shaping interactions and access in the field.	10 December 2024
12	Prof Narendhar Srinivasan	Prof Narendhar has been certified as an authorized Unreal Instructor. This achievement marks a significant milestone, empowering him to provide expert guidance in Unreal Engine, enhancing students' skills in cutting-edge 3D design, animation, and interactive technology.	14 December 2024
13	Dr Zakiya Ansari	Dr Zakiya has been awarded the Professional Development Grant and Research Grant by Manipal Academy of Higher Education. These grants support her endeavours to advance knowledge and contribute meaningfully to her field.	15 December 2024
14	Dr Rajani Ramdas	Won the 'Best Paper Award' at the international conference (17-18 December 2024) organized by Middlesex University, Dubai.	17 December 2024

Students

Sl No	Name	Details	Date
1	Mohammed Faruque Dyer, Syed Hayyan, Gagan, Omair Khan Pathan, Arwa Vora, Nihaal Shaheer Ahamed, Abdul Basith, Praveena Variyam Prasad, Mevan Mukul Sharma, Syeda Afaf, Suhana Khaise and Mohammad Amaan.	Students from Electrical and Electronics Engineering, Data Science and Engineering and Mechanical Engineering participated in "Challenge 1: Recycling Robot" in the 2nd Edition of Emirates Robotics Competition at Khalifa University, Abu Dhabi. The team secured the 3rd place and a cash prize of AED 5000.	21 February 2024
2	Rigin Raju, Muhammed Sayyed, Abdur Rehman (BBA)	Finalist in Unilever Finance League - an event which was conducted by Unilever for students to identify suitable candidates for an internship program.	23 February 2024
3	Joshua Jiji (BCom Professional)	First place in Wattfest Music band.	24 February 2024
4	Apurva Kaimal, Annete Jo Simon (BBA), Shilpa Sreekumar (MBA), Shamila Abbas (BCom Professional)	First place in Wattfest-Dance.	24 February 2024
5	Apurva Kaimal (BBA)	Youth Icon Finale	04 March 2024
6	Ms Gouri Mohanlal	Ms Gouri, a BA Media and Communication student achieved remarkable success by winning the prestigious Creative Hackathon at Dubai Lynx 2024. Competing against some of the brightest young minds in the region, Gouri impressed the judges with her innovative ideas, creativity, and strategic thinking.	05 March 2024

Sl No	Name	Details	Date
7	Aaron Thomas Kuruvilla, Akhil George Oommen, Chris John, Sanjay Kumar G	Civil Engineering undergraduate students and members of American Society of Civil Engineers (ASCE) Student Chapter MAHE Dubai, won the First position in the Load Forecast category and Third position in the Strength Ratio category at the Annual Wooden Bridge Competition held at The American University in Dubai.	22 March 2024
8	Apurva Kaimal (BBA)	Utsav 2024 (1-5 April 2024) - Dance First place.	01 April 2024
9	Shilpa Sreekumar (MBA)	Jashn 2024 (24-27 April 2024) - Dance First place.	24 April 2024
10	Asim Mohamed Irfan (BCom Professional)	Jashn 2024 (24-27 April 2024) - Asim Mohamed had played an instrumental role in Jashn's Stage Play along with his fellow actors, placing second in the category.	24 April 2024
11	1st Prize : Alan Bjyu Bekker, Arina Pottakat Arun, Victoria Ifoma Ginger-Eke (3rd Year BArch) 2nd Prize: Fathima Thamanna Mohamed Ashraf and Saraswathi Gokulakrishnan (5th Year BArch) 3rd Prize: Hana Fathima Rijaz, Mohammad Saud, and Shivani Nair (3rd Year BArch)	Students from the BArch program won the UAE National Stage of the Architecture Student Contest 2024, organized by Saint-Gobain. The 19th edition of this international student competition, held in collaboration with Helsinki University and the City of Helsinki, challenged participants to design a residential area near the Viikki Research Farm and Veterinary Teaching Hospital.	25 April 2024
12	First Prize: Jaskaran Singh, Manjunath Hemappa Dharwad, Ayaan Patel, Second Prize: Aaron Thomas Kuruvilla, Akhil George Oommen, Chris John	The Civil Engineering students secured the First and Second position in the Q-Tip Dome competition in the "Annual Civil Engineering Competitions" held at the American University of Sharjah (AUS).	27 April 2024
13	First Prize: Manjunath Hemappa Dharwad, Sanjay Kumar G, Second Prize: Aaron Thomas Kuruvilla, Jaskaran Singh, Ayaan Patel	The Civil Engineering students secured the First and Second position in the Water Rocket Launch competition in the "Annual Civil Engineering Competitions" held at the American University of Sharjah (AUS).	27 April 2024
14	Zainab Nisar, Hamna Bivi	Final year students of MSc Nutrition and Dietetics - Won second prize for poster presentation at 11th UG Research and Innovation Competition, Abu Dhabi University.	23 May 2024
15	Ms Swasthika Bhat	Ms Swasthika, BA Media and Communication student won second place in the 11th Undergraduate Research and Innovation Competition (URIC) Abu Dhabi University. She was guided by Dr Puja Mahesh and presented a research paper on 'Evolving Gender Stereotypes in the Digital Age: An analysis of viral content on TikTok and Instagram reels'.	23 May 2024
16	Ms Lekshmi Santhosh	Ms Lekshmi was awarded the Best Paper Award at International Student Research Colloquium (ISRC) 2024, held at MAHE Dubai, in the Parallel Session titled Society, New Media, and Language. She	23 May 2024

		presented her dissertation titled "Media as Habitus: Exploring its Impact on People's Political Perceptions."	
17	Ms Ishwari Dixit	Ms Ishwari Dixit was awarded the Best Paper Award at ISRC 2024, held at MAHE Dubai, in a Parallel Session titled Emerging Explorations and Interventions in Behavioural Sciences. She presented her dissertation titled "Track B(latent) Visibility: Tattoos and Mental Health".	23 May 2024
18	1st Place: Shivna Bhatia and Namrata Shenoy (BBA), 3rd Place: Mariam Joseph Sebastian and Anjleen Thiara Kaur (BCom Professional with ACCA)	Winners of the 11th Undergraduate Research and Innovation (URIC), Abu Dhabi University	25 May 2024
19	Shradha Menon	Final year MSc Molecular Biology and Human Genetics student – Won the First prize for poster presentation at the 8th International Genetic Disorders Conference 2024.	27 May 2024
20	Jerin Jose, Emad, Adarsh, Ashton, Bilal, Medwin, Hanif, Shaima.	SOEIT students won the First place in Senior design competition and Second prize in Engineering design competition at the 18th Institute of Electrical and Electronics Engineers (IEEE) UAE Students Day held at the United Arab Emirates University (UAEU), Al Ain. Winners received a cash prize of AED 3000. The event was hosted by the IEEE UAE Section and the UAEU.	01 June 2024
21	Aupsal, Sahaj, Aswathi, Mohammed, Srinjoy, Agney	SOEIT students won the second place in Engineering design competition at the 18th Institute of Electrical and Electronics Engineers (IEEE) UAE Students Day held at the United Arab Emirates University (UAEU), Al Ain. Winners received cash prizes of AED 2000 . The event was hosted by the IEEE UAE Section and the UAEU.	01 June 2024
22	Dr Ahana Alex	Best poster award on, International Scientific Poster Competition at the 2024 ASET, 6th HCT International Multi-Conferences, Dubai.	03 June 2024
23	Biji Sara Binu	Student won the Third Prize (AED 1000) in the ICE's annual research competition for presenting her research titled "Transformation Impacts of Artificial Intelligence in the Construction Industry".	04 June 2024
24	Ms Amala Saj	Ms Amala Saj received the Best Presentation Award at the International Conference on Language, Literature, and Culture (ICLLC-2024) organized by the International Society for Applied Research, Abu Dhabi, for the research paper titled "A Doll's House: Exploring Gender Roles in Realism Era Literature".	07 June 2024

25	Jerin Jose, Bilal Baslar, Hanif, Adarsh, Shaima, Emad, Ashton, Medwin	The students participated in the Marine Advanced Technology Education (MATE) Remotely Operated Vehicle (ROV) Competition 2024 held in Tennessee, USA. They presented the MAHE Dubai startup - NIMO (Navigational Instrument for Marine Operations).	19 June 2024
26	Sumit Kumar, Mechanical Engineering	Selected as President for the newly installed ISHRAE UAE student chapter in MAHE Dubai.	22 June 2024
27	Mr Farhan Golandaz	Our BA Media and Communication student, Mr. Farhan Golandaz, showcased his collection of photographs at the Summer Photography Exhibition hosted at the Design Gallery in Ras Al Khaimah. This event celebrates creativity with stunning works by Emirati and international artists under the esteemed patronage of Sheikh Abdul Malik Bin Kayed Al Qasimi, Special Advisor to His Highness the Ruler of Ras Al Khaimah.	27 July 2024
28	Final year Mechatronics Student team led by Mr Bilal Baslar. Student names - Medwin Varghese, Adarsh Baburaj, Hanif Nazar, Mohamed Ayan, Muhammed Hamid, Sanjit Sriprasanna, Aswathi Pallikkara, Gagan Pramod, Omair Khan	Project proposal submitted by SOEIT students for 2024–2025 Mubadala's Higher Education Student Competition has been awarded a funding grant of AED16,131 to support the development of the proposal into a working model project. The competition grant is sponsored by Mubadala and hosted by Abu Dhabi University's College of Engineering. The team will participate in the final competition to be held in April 2025.	21 August 2024
29	Aziya Shereefudeen and Drishti Asnani, (4th Year BDes Interior Design)	Aziya Shereefudeen, BDES Interior Design student, won the 'Best Student Interior Design Concept of the Year' at the 18th Annual Commercial Interior Design Awards Middle East and Northern Africa (MENA) 2024 for her project, Serene Sanctuary: A Sustainable Community Retreat for Detoxifying the Digital Mind to Nurture Wellbeing. Drishti Asnani, BDES Interior Design student, also received the 'Highly Commended Award' in the same category for her project, Enhanced Creative Centre.	05 September 2024
30	Jenica Pinto and Adlin Jerald Michael (5th Year BArch)	The students won the Building-integrated photovoltaics (BIPV) Student Design Competition organized by Canadian Energy Ventures International (CEV) Canada. Their prize includes a trip to Madrid, Spain, sponsored by Onyx Solar.	09 September 2024
31	Winners: Jaskaran Singh and Mr Enos Calwin Paul (3rd year Civil and Mechanical Engineering students), Runner Up: Syeda Maiza and Ehshaanya Gujaran (3rd Year Mechatronics Students)	The Mechanical Engineering department hosted an AutoCAD Design Challenge with over 35 teams participating from across schools at MAHE Dubai. This event was supported by Autodesk and Al Suwaidi Computer Co LLC.	11 September 2024
32	Tridha Singh	Trida Singh, a student from the 2024 BArch graduating batch, was recognized as one of the top winners of the Universal Design for Learning (UDL) Thesis Publication 2024 by Urban Design Lab,	14 September 2024

Sl No	Name	Details	Date
		under the category 'Urban Renewal - Adaptive Reuse - Recreational.'	
33	Tridha Singh	Trida Singh, a student from the 2024 BArch graduating batch, was recognized as one of the Top 5 Winners in the Z4 Zonal Level Awards for Excellence in Architectural Thesis 2024, organized by COA India for her undergraduate thesis project, titled "The Next Marvel: Readapted Oil Rig in UAE,".	27 September 2024
34	Mohammed Waseet Jilani, Puneeth Sai, Veron Monteiro, Kritik Maheshkumar, Neha Vinod, Shambhavi Anand, Asma Mohammed Afzal, Shashank Kanangi	Students from the department of Computer Science and IT won the 2nd position in the University category of the Mubarmij50 Robotics competition held in Abu Dhabi.	28 September 2024
35	Bilal Baslar, Medwin Varghese, Syeda A'faf, Mohamed Hanif, Muhammad Emad	BTech Mechatronics Engineering and BTech EEE students showcased their innovative project work on NIMO – The Underwater ROV, developed by them, at the WETEX exhibition held at the World Trade Center, Dubai.	01 October 2024
36	Winners: Team 1 - Sloane D'Souza (BTech ME), Uday Krishna (BTech ME), Iman Farooq (BArch), Team 2 - Kiran Krishnan (BTech EEE), First Runner-Up: Kunal Ashok (BTech ME), Second Runner-Up: Team 1 - Aswathi Pallikkara (BTech ME), Gagan Pramod (BTech ME), Muhammed Sadath (BArch.), Team 2 - Shuaib Mohammed (BTech ME), Enos Calvin Paul (BTech ME), Mahesh Tekkath (BTech ME)	Mechanical Engineering students excelled in the Equinox-2024 poster competition, organized by Leminar Air Conditioning Company and the ISHRAE UAE Student Chapter of MAHE Dubai. Of the 31 shortlisted posters, Mechanical Engineering students secured the Winner, 1st Runner-up, and 2nd Runner-up titles.	08 October 2024
37	Shibin Mohammed, Rujul Prem Shivlani, Rutuj Amit Lapalikar, Afshan Majid	Student graduation project from the department of Computer Science and IT titled "NOTIFIRE: Next Gen Fire Safety and Notification System," won the First position at the Technopreneurship – Transforming New Generation Business Challenge at the IT Conclave 2024, organized by Skyline University College, Sharjah, Institute of Electrical and Electronics Engineers (IEEE) chapter.	16 October 2024

Sl No	Name	Details	Date
38	SOEIT Student team led by Mr Bilal Baslar (4th year Mechatronics Engineering student). Student Names: Medwin Varghese, Ashton Rebeloo, Muhammad Emad, Mohamed Hanif, Aupsal K, Sanjit Sriprasanna, Muhammed Hamid, Ehshaanya Hemant, Rohan Aruketty, Agney Nabhas, Jerin Jose, Syeda Maizah, Sajeeh (all Mechatronics Engineering students), Aswathi Pallikkara, Mechanical Engineering, Syed Hayyan, Syeda A'faf, Suhana Khaise (all Electrical and Electronics Engineering Students), Aman Nishad, Computer Science and Engineering student	Student team from the SOEIT secured the First place in the Senior Category at the Intelligent Robots and Systems (IROS) 2024 Underwater Robotics International Challenges, held at Khalifa University.	17 October 2024
39	Aaron Thomas Kuruvilla, Jaskaran Singh, Akhil George Oommen, Chris John	First position at the Institution of Civil Engineers (ICE) UAE ECNet Bridge Design Challenge. They received a cash award of AED 400, along with trophies and certificates.	23 October 2024
40	Dr Ahana Alex	Patent Filed under Indian Patent Category for "An Optical Hemodilyzer Membrane System And Its Designing Method", File no: 202411008659, Ref No: E-12/657/2024/DEL Developed by PhD student Ms Ahana Alex under the guidance of Dr Ravishankar Dudhe, MAHE Dubai and Dr R Vinoth from MAHE.	29 October 2024
41	Aswathi Pallikkara, Srinjoy Ghosh, Gagan Pramod (Finalists)	In the 'Student Design Competition 2024' organized by Chartered Institution of Building Services Engineers (CIBSE), UAE, Mechanical Engineering students showcased a sustainable design model that has been selected among the top 5 projects.	30 October 2024
42	Fathima Thamanna, and Habeeba Tahaseen (5th Year BArch) with students at School of Engineering and IT (SoEIT)	First Runner Up - The participating team from MAHE Dubai comprised of students Biji Sara Binu, Suhana Khaise (from SOEIT) and Fathima Thamanna, Habeeba Tahaseen (SODA). The team was guided by Dr Ravishankar Dudhe, Dr Bhakti More and Sundara Vadhana Gurushev (Alumni and Mentor).	30 October 2024
43	Hannah Ann Danny (5th year BArch), Sahil Shukoor (3rd Year BDes Interior Design)	Hannah Ann Danny was awarded 2nd place, and Sahil Shukoor was awarded 3rd place in the Student portfolio competition organized by Godwin Austen Johnson.	06 November 2024
44	Ms Kayana Chita (3rd Year Mechanical Engineering)	Received a Travel Grant of USD 1000 to attend the 2025 American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) Winter Conference in Orlando.	07 November 2024

Sl No	Name	Details	Date
45	Aaron Thomas Kuruvilla, Akhil George Oommen	First place at the prestigious Institution of Structural Engineers (IStructE) Sky Bridge Design Competition. The winning team received a cash award of AED 2,000 and certificates of achievement.	11 November 2024
46	Jaya Jatin Bhavesh podugu (2nd Year, BTech Mechanical Engineering)	Students of SOEIT took part in the ASHRAE Debate competition and won the first place. The topic was “Energy efficiency or occupant well-being: what should drive sustainable development”	21 November 2024
47	Yash Ganatra (3rd Year BTech Mechanical Engineering), Githu Jacob (1st Year B.Tech. CSE)	Students of SOEIT took part in the ASHRAE Debate competition and won the first place. The topic was “Digital innovation vs human expertise: what will drive building decarbonisation”.	21 November 2024
48	Aamir ashik (1st Year BTech CSE) Chinnappa Aiyappa (1st Year BTech Mech Engineering)	Students of SOEIT took part in the ASHRAE Debate competition and won the first place. The topic was “The future guide of urban planning: smart cities or green cities?”.	21 November 2024
49	Medwin Varghese Sajan, Mohamed Hanif Nazar, Ehshaanya Hemant Gujaran, Rohan Dheeraj	Students from the Mechatronics Engineering department, Team "Akira," secured the Third place in the overall category at the prestigious IEEE Region 8 Robot Championships 2024, held at the Montekristo Estate Arena in Malta. Team Akira also secured the First place under the STEM Program category in the competition. The team was awarded the "Best Challenger" trophy in recognition of their outstanding performance.	23 November 2024

Sl No	Name	Details	Date
50	Ardra Sathyan, Iman Farooq (3rd Year BArch), Marwa K- (2nd Year BArch), Eiman Ahamed, and Zeba Zain (2nd Year BDes Interior Design)	The students secured the First Runner-Up position in the 24th Cycle of the Inter-Collegiate Emirates Environmental Group Public Speaking Competition mentored by Dr Bhakti More. Their presentation focused on the topic Green innovation: Envisioning Cities of Tomorrow.	25 November 2024
51	Mohammed Muqeet Rabbani	First place in the ICE creative design challenge.	27 November 2024
52	Ms Ann Dhaya Jospaul, Ms Sana Fathima, Ms Nazmi Jahanara Nazer, Ms Diya Lakshmi, Ms Mahima Subramanian	Students from MILA participated in the 24th cycle of the inter college environmental Public Speaking Competition organized by the Emirates Environmental Group (EEG). Students presented the topic 'Benevolence of Oceans Comprehending Planetary Security'.	28 November 2024

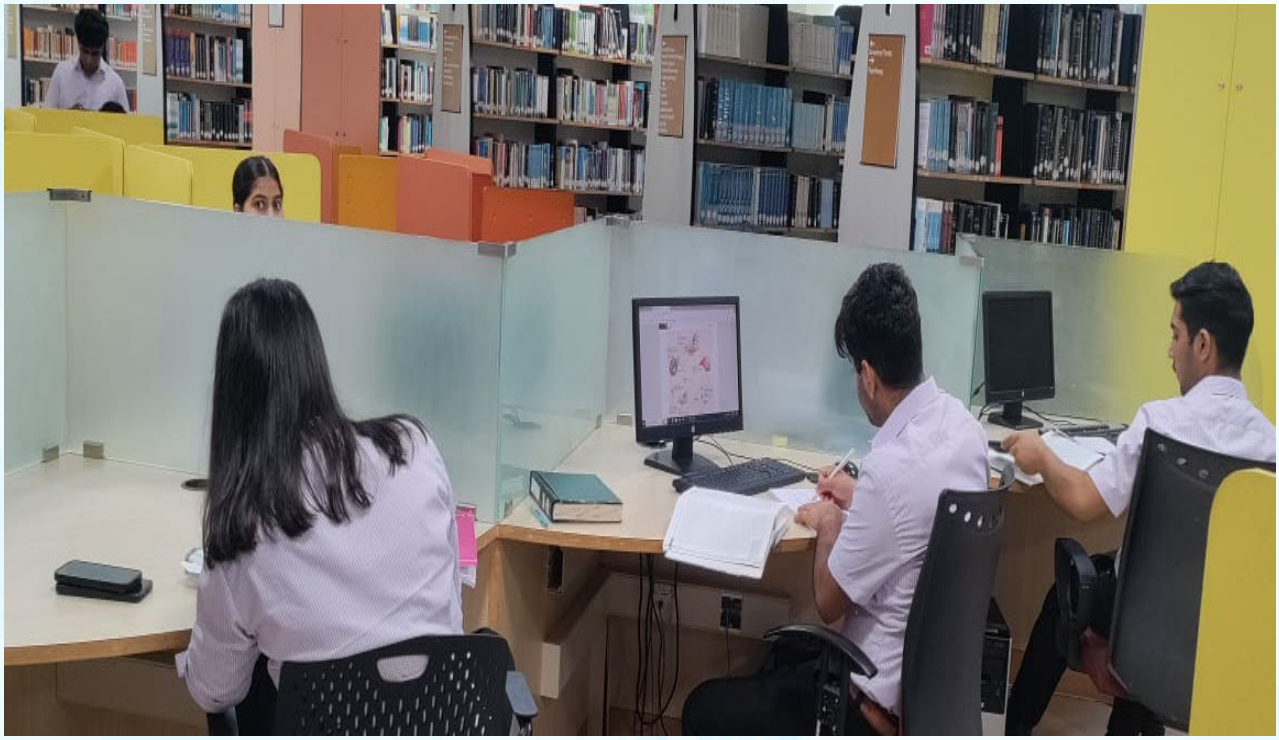
Library Resources

Central Library- SEARCH -The Health Sciences Library

Address: MAHE, Manipal – 576 104
Phone Number: 0820 29 22358; 22293
Email (Library): lib.kmc@manipal.edu **Chief Librarian:** shiva.bhat@manipal.edu



Name of Chief Librarian: Dr. Shivananda Bhat K
Year of Establishment of Library: 1953

Brief About the Library

The SEARCH – The Health Sciences Library at Manipal Academy of Higher Education (MAHE), Manipal, is widely regarded as one of India's best Health Sciences libraries. The state-of-the-art library, stretching over 1.5 lakh square feet on five levels, is a domain for information seekers, whether they are students, faculty, or researchers. It can accommodate 1,300 students at a time. Besides the comfortable seating and reading environment, the library is well equipped with modern facilities such as access to the internet and web resources, including online journals and e-books. The library is the central library for numerous departments and institutions within MAHE, including:

- Kasturba Medical College, Manipal
- Manipal College of Dental Sciences, Manipal
- Manipal College of Nursing, Manipal
- Manipal School of Nursing, Manipal
- Manipal College of Pharmaceutical Sciences, Manipal
- Manipal College of Health Professions, Manipal
- Manipal School of Life Science, Manipal
- Prasanna School of Public Health, Manipal
- Manipal Institute of Virology, Manipal
- Department of Library and Information Science, Manipal
- Manipal Centre for Biotherapeutics Research, Manipal
- Department of Basic Medical Sciences, Manipal
- Centre for Integrative Medicine and Research, Manipal

Designed with various spaces to meet different needs, the library offers reading areas, group study spaces (for UG, PG, and research), private study rooms, a computer lab, internet kiosks, self-service scanning, a self-check-out/in kiosk, a book drop box, accessible spaces for differently-abled users, a cafeteria, a lounge, and an audio-visual room.

In addition to providing ample seating and a conducive reading environment, the library offers modern facilities like access to online resources, including e-books and online journals. The library is equipped with a growing collection of online databases accessible through the campus network and remotely via OpenAthens Single Sign-On (SSO), using login credentials from Office365 (learner.manipal.edu or manipal.edu).

All library collections and services are fully automated using Koha Library Management Software, and users can search for print materials such as books, journals, theses, and WHO publications through the Online Public Access Catalogue (OPAC).

The library ensures a secure and efficient environment with state-of-the-art RFID technology, Wi-Fi, and security systems, including CCTV. It also offers research and project support services, such as Turnitin for plagiarism checks, Grammarly for grammar and spelling corrections, AJE for English language editing, author workshops, literature search services, and access to bibliographical and citation tools like Scopus and Web of Science.

The library engages in best practices such as organizing information literacy programs, library workshops and conferences, book exhibitions, and celebrating Librarians' Day and National Library Week. Other services include reference services, current awareness, circulation, photocopying, scanning, inter-library loans, access to question papers from previous years, and training in using e-resources.

The Health Sciences Library is committed to providing world-class information support, ensuring its users have the resources for academic and research success.

Services of the Library

Sl No	Name of the Facility
1	**Accessible Space**: Services for differently-abled individuals include talking screen readers for the blind, walking ramps, tactile flooring, capsule lifts, and wheelchairs.
2	**Author Workshops**: The library organizes workshops with publishers to assist users in the process of publishing articles.
3	**Books Drop Box**: A drop box in the Level I lobby provides an easy way for users to return books.
4	**CD-ROM Access**: The library's CD-ROM collection includes multimedia resources, back volumes of medical journals, and more.
5	**Circulation**: Books are issued to interns, postgraduates, research scholars, and faculty, with journals and multimedia materials available for in-house use only.
6	**Computer Services**: A fully equipped computer lab offers internet access, academic database search, and printing facilities.
7	**Current Awareness Service**: The library informs users about new additions through display boards and by publishing updates on the library's webpage.
8	**Grammarly Tool**: An online tool for grammar and spelling checks is available through the library's website to assist users in improving their writing.
9	**Inter-Library Loan/Document Delivery**: The library helps obtain materials from DELNET and other libraries to expand its collection for faculty, students, and researchers.
10	**Internet Access/Wi-Fi**: Dedicated internet browsing sections (computer lab) and Wi-Fi coverage are available across the library's reading halls.
11	**Internet Kiosks**: Located on all five levels, these kiosks offer users access to the internet and to e-resources subscribed by the library.
12	**IP-Based Access to e-Resources (Campus Access)**: Access to subscribed e-resources is available through the campus network for faculty, students, and researchers.
13	**Library Spaces**: Designed to meet various needs, the library offers reading areas, group study spaces for UG, PG, and research students, as well as private study rooms.
14	**OPAC (Online Public Access Catalogue)**: The OPAC allows users to search for all print resources in the library's collection, accessible via the library's webpage.
15	**OpenAthens (SSO – Remote Access to e-Resources)**: Users can access subscribed e-resources remotely through the OpenAthens Single Sign-On (SSO) system using their Office 365 credentials.
16	**Photocopying**: Users can get photocopies of articles and book chapters as per requirement.
17	**Publication Finder (A-Z Resources: Journals, Books, Databases):** The Library provides access to a comprehensive collection of resources, including journals, books, and databases, through the

Sl No	Name of the Facility
	Publication Finder. These resources are available for browsing by subject on the library's webpage, allowing users to explore the full range of subscribed materials easily.
18	**Question Paper Archives**: Users can access question papers from previous years' via the library's webpage.
19	**Reference Service**: Library staff assist users personally in navigating the collection for research and study, helping users locate relevant resources.
20	**RFID/Wi-Fi/CCTV**: The library uses advanced RFID technology, Wi-Fi, and CCTV for enhanced security and efficient service.
21	**Self-Service Scanning**: A self-service scanning facility on Level I enables users to digitize documents quickly.
22	**Self-Check-Out & Self Check-In Kiosk**: Located on Level I, this kiosk offers users a convenient way to borrow and return books independently.
23	**Training in Accessing e-Resources**: The library arranges training sessions from time to time for the users to conduct effective literature searches using e-resources.
24	**Turnitin**: A service to check document originality and prevent plagiarism is available on request through the library.

These services collectively provide a comprehensive, user-friendly experience, supporting academic, research, and personal study needs.

Year of Establishment of the Library: 1953

Brief About the Library

Kasturba Medical College, Mangalore, has a rich and diverse library service. The total area of the library building is about 4,100 sq m, with a seating capacity of 800 people. The library is centrally air-conditioned, Wi-Fi enabled, and well-structured, with separate book sections and open access for undergraduates in the basement, and a postgraduate/reference section on the ground floor. Separate sections are maintained for current periodicals, back volumes, and also for group discussion reading. There is one more library at the Basic Science Campus. The users can utilize the Central Library from 9:00 AM to 11:30 PM and the Basic Science Library from 9:00 AM to 8:30 PM on all weekdays. The library has a collection of around 35,000 print books, 25,000 bound volumes of journals and a subscription to more than 200 print journals per year. The library also has around 1,000 theses titles for reference. Besides traditional carriers of information such as books and journals, the library is well equipped with online journals, books, databases. The library has subscribed to 25 online databases such as UpToDate, ClinicalKey, Scopus, Web of Science, BMJ, Springer, Cambridge, Sage Publications, etc. To facilitate single-window searches, the Ovid Discovery Service (ODS) has been subscribed to, allowing users to search the contents and topics of all subscribed databases on a single platform. All these resources can be accessed remotely, outside the campus, beyond library working hours, and also through the library portal at MU Portal. The library is fully automated with library software and is equipped with modern best practices such as an Access Control Security System, Radio Frequency Identification (RFID) Technology, and CCTV monitoring.

Name of the Chief Librarian: Dr Rekha D Pai
Year of Establishment of the Library: 1957
Library Webpage on the Intranet:

A link to the library webpage is provided on the MAHE portal

https://libportal.manipal.edu/MIT/MIT.aspx
By clicking the respective links available, all subscribed e-resources may be accessed.

Brief About the Library:

The Central library of Manipal Institute of Technology is located at the heart of the institution and is easily accessible to students, faculty, and researchers. The building occupies a total area of approximately 70,000 sq ft, spread across three floors, and includes individual and group study halls with a seating capacity of 950. Central Library services are extended not only to MIT but also to MSIS (Manipal School of Information Science), International Centre for Applied Science (ICAS), and Department of Atomic and Molecular Physics (DAMP), catering to over 10,000 active users. MIT library subscribes to many electronic resources as a component of digital library. The MIT Central Library hosts over 1,26,000 documents and subscribes to numerous e-journals, e-databases, e-books, e-standards and CD-ROMs. These resources promote and advance teaching and learning and also facilitate improved productivity and qualitative research. The entire library is Wi-Fi enabled and a security system with CCTV and RFID security gate is present. The library is fully automated with KOHA software, and the collections are RFID tagged. A remote access facility (OpenAthens) has been implemented for accessing e-resources from outside the campus. Grammarly, a grammar-checking software, and Turnitin, a plagiarism-checking software, are the added research support tools available in the library. The library has taken membership in DELNET Online Services. The DELNET database can be accessed online, and requests may be sent to DELNET to provide photocopies of articles/books. The Library has arranged two information literacy programs in the year 2024 for the benefit and effective use of library resources by the users. Open Library, an extended reading facility has been newly introduced; a few general and technical books are kept here for reading with open access. Anyone who is part of MAHE, or an outsider (who has been permitted to enter the campus), can access this section with no restriction. The section remains open 24x7.

Email (Library): lib.mic@manipal.edu **Librarian:** prathima.acharya@manipal.edu

Name of the Librarian: Dr Prathima J Acharya

Year of Establishment of the Library: 1997

Brief About the Library:

MIC Library is well-stocked with books, journals, magazines, and audiovisual materials to meet the information needs of students and faculty of MIC. New books are continuously added in order to keep the library abreast of developments in media and communication studies. More than three thousand books donated by the Honorary Director Dr M V Kamath, are an invaluable addition. The Library has a unique collection of Gandhi's work. OPAC is available through the intranet, enabling users to search not only the MIC Library catalogue but also catalogues of other MAHE institutions libraries on campus.

The Library has a separate audiovisual room with all facilities for film screening and recording of TV programmes, etc., for academic work. It is an institutional member of Asian Media Information and Communication Center (AMIC), Singapore and has access to their website.

The Library is spread over an area of 5000 sq feet with a seating capacity of 100. The fully air-conditioned library is WI-FI enabled.

Photocopying and internet browsing facilities are available in the library for students and other users.

The University General Library is attached to MIC library.

Welcomgroup Graduate School of Hotel Administration Library

Address: D No – 8-26A8B, Near WGSHA Hostel, Madhava Nagar, Shivalli Village,Manipal-576104, Karnataka, India**Phone Number:** 0820 2933320 **Email (Library):** lib.wgsha@manipal.edu
Librarian: jyothi.mallya@manipal.edu

Name of the Liberian: Jyothi Mallya

Year of Establishment of the Library: 1986

Brief About the Library:

The College has a well-stocked library with nearly 13,966 books on Hospitality and Tourism Management and allied subjects. In addition, it subscribes to nearly 53 journals and magazines on general and trade subjects from all over the world. The library also has a large section devoted to general reading, including sports, history, culture, and fine arts. There is a separate library for the BA in Culinary Arts course, currently housing around 3,153 books.

Book Bank Facility: Course books prescribed by the College are available in the library and are issued to students at the beginning of the academic year. Students are required to deposit the textbooks at the library at the end of the course in good condition. The value of the book, in case of non-return or loss, must be paid by the concerned student as per the rules.

E-Resource

1. The library subscribes to an online database called EBSCO Hospitality and Tourism, which covers scholarly research and industry news relating to all areas of hospitality and tourism. This collection contains more than 7,49,000 records, with coverage dating as far back as 1965.

2. The library also subscribes to the online database Hospitality, Tourism and Leisure Collection + Culinary Arts Collection, which includes 550 industry journals and 150 major cooking and nutrition magazines.

Dept of Geopolitics and International Relations, Library & The Gandhian Centre for Philosophical Arts and Sciences

Address: Manipal Academy of Higher Education,
Old WGSHA- Building, Next Fortune Valley View, Manipal-576 104
Phone Number: 08202922701
Email-Library: lib.geopolitics@manipal.edu Librarian: jayanthi.s@manipal.edu

Name of the Librarian: Jayanthi S

Year of Establishment of the Library: 2010

Brief About the Library:

Department of Geopolitics and International Relations Library (GIR Library)-The Library was established in 2010. Originally located behind the Manipal Post Office in the old TAPMI building, I was shifted on 15 August 2024 to its new premises in the Old WGSHA-Building, next to Fortune Valley View, Manipal. The library now occupies an area of 2,582 sq ft and provides a comfortable seating and reading environment. The library is committed to acquiring and disseminating information in the fields of Geopolitics, International Relations (including Study Abroad Program), Polish and Northeast Studies, Political Sciences, Economics, Languages, History, Military Science, and Social Sciences. In addition to traditional information resources such as books, theses, and journals, the library also offers access to print and online journals, a journal database, a computer lab etc. The library is automated using KOHA Library Management Software, and is Wi-Fi enabled.

Gandhian Centre for Philosophical Arts and Sciences (Ghandhi Library)- The Gandhian Centre for Philosophical Arts and Sciences (GCPAS) is an academic department focusing on interdisciplinary teaching and research with an aim to develop alternative knowledge systems to address contemporary crises. The Centre engages with the intersectionality of aesthetics, philosophy, ecology, journalism, and Gandhian and peace studies. The primary goal of the GCPAS is to expand the scope of its activities and academic programs. While Gandhian Studies has been a distinct area of academics in the University since 2009, the department, in its present form, exists since 14 December 2014.

The users can utilize this library from 9:00 AM to 8:00 PM, Monday to Saturday (except for the third Saturday of every month). Besides traditional carriers of information such as books, theses, and journals, the library is well equipped with print and online journals,

journal databases, computer lab, etc. The library uses KOHA library software to maintain books/journals and is Wi-Fi enabled. The Dewey Decimal Classification (DDC) system is used for classifying subject-wise books.

Working Hours:

Weekdays-9:00 AM to 8:00 PM, Monday to Saturday (except the third Saturday of every month)

EPL Letterhouse (Library of European Studies, Philosophy, Languages)

Address: 4th Floor, Old WGSHA Building, Opposite Kasturba Hospital OPD, MAHE, Manipal
Phone Number: 0820-2923096
Email (Library): lib.des@manipal.edu **Librarian:** anantha.rao@manipal.edu

Name of the Librarian: Mr Anantha Rao K R

Year of Establishment of the Library: 2009

Brief About the Library:

The EPL Letterhouse (Library of Manipal Centre for European Studies, Department of Philosophy, and Department of Languages) was earlier known as the Department of European Studies Library. The library functioned from the old TAPMI building from December 2009 to December 2018 and was later shifted to Advanced Research Building from January 2019 to July 2024. It is currently located on the 4th floor of the old WGSHA Building. The library extends across an area of 2,582 square feet. It aims to acquire and disseminate information resources in th fields of European Studies, Political Sciences, Economics, International Relations, Higher Education, Social Sciences, and Philosophy (including Dvaita, Indian, Eastern, Western philosophies), as well as History and Languages (including foreign languages like German, Spanish, French, etc). The library also provides access to online journals and databases. It remains open from 9:00 AM to 8:00 PM (except on MAHE holidays) and is fully automated using the KOHA Library Management Software.

Manipal Centre for Natural Sciences Library

Address: Manipal Academy of Higher Education, Manipal
Phone Number: 0820 2923577
Email (Library): lib.mcns@manipal.edu **Email (Librarian):** jessy.a@manipal.edu

Name of the Librarian: Dr Jessy Saadi
Year of Establishment of the Library: 2013

Brief About the Library:

The Manipal Centre for Natural Sciences (MCNS) was conceived as a unique Centre within MAHE, with a dedicated library to aid research in the Natural Sciences. It is situated in the right wing of the Dr TMA Pai Planetarium building at Manipal. The air-conditioned library was opened to researchers in 2013. It is Wi-Fi enabled and offers a wide range of Science and Technology online resources, textbooks, research books, reference books, and back volumes to support fundamental research in the physical sciences, astronomy and astrophysics, chemistry, evolutionary biology, and computational sciences. The library serves as a comprehensive resource center for scientific outreach, featuring a curated collection of nature books and popular educational audio-video materials. A 30-seater seminar room equipped with video conferencing facilities is available at the Centre.

MCNS is a member of the Developing Library Network (DELNET), enabling inter-library loans. The library's fully computerized collection can be accessed via the Online Public Access Catalogue (OPAC). A digital library section is also available for reference purposes. MCNS library digital subscription is available through the link, https://libportal.manipal.edu/MCNS/MCNS.aspx. To support research activities, the library offers individual user consultancy for accessing online resources and provides originality checks for documents using Turnitin. Orientation programs are conducted for new members to familiarize them with the library's facilities, physical and digital collections, services, and accessing digital resources through MU Portal, and using the Web OPAC. Library users also benefit from 24/7 remote access to subscribed online resources, enabling uninterrupted research and learning opportunities. The library has added 110 books to its collection during the year 2024.

MSAP Library

Address: Behind 10 Block, MIT Campus, Manipal
Phone Number: 0820 2928611
Email (Library): lib.msap@manipal.edu **Librarian:** Shobha.m@manipal.edu

Name of the Librarian: Shobha Mahesh Prabhu

Year of Establishment of the Library: 2019

Brief About the Library:

Manipal School of Architecture and Planning Library has a vast collection of architecture and fashion design books and journals. Apart from printed resources, the library subscribes to online databases and e-Books. The library is fully automated (Koha), and the resources are made available through an electronic public access system (EPAC). Access to the internet, CD-ROM information retrieval, and off-campus remote access to e-resources via Open Athens are also provided to users. These information resources promote and advance architecture and design and facilitate improved quality of research. The library is Wi-Fi enabled. Library e-resources can be browsed through the intranet portal http://muportal. The working hours of the library are from 9:00 AM to 5:00 PM on workings days; the library remains closed on Sundays. The seating capacity is 98, and the library area is 4,500 square feet.

Services of the Library

Sl No	Name of the Facility
1	**Reference Service:** Reference service is a personal aid provided to the user by the library staff in interpreting library collections for study and research. The library staff assists the user in locating needed information from the available information resources. Based on the collection, the library provides a reference service to its users.
2	**Current Awareness Service:** Currently, the library offers the following current awareness services to the users. • Display of new additions in the library • Publishing of "New Acquisition" in the library microsite.
3	**Circulation:** The books are issued to undergraduate students, postgraduate students, research scholars, and faculty members. Bound/unbound journals, audio-visual materials and CDs are for in-house use only.
4	**OPAC (Online Public Access Catalogue):** Users can search all the print resources (books, journals, back volumes of journals, WHO publications, etc.) of the Health Sciences Library and other libraries of MAHE through the Library's online catalogue – the OPAC (Online Public Access Catalogue).

Sl No	Name of the Facility
5	**Open Athens (SSO-Single Sign-on) -** Remote Access to Subscribed e-Resources: Access to the subscribed e-resources of MSAP Library is available remotely to all the users (students, researchers, and faculty members) of MSAP, MAHE, at the Manipal campus through an Open Athens account. The OpenAthens account is configured with users' Office 365 Outlook email accounts (manipal.edu/learner.manipal.edu). Authentication for eligible/authorized users is done through Office 365 (manipal.edu/ learner.manipal.edu) via OpenAthens.
6	**Inter-Library Loan/Document Delivery:** The library helps obtain photocopies of references from other library sources. Further, it augments its collection by acquiring reading materials not available for the use of its faculty members, research scholars, and postgraduate students from several outside sources on an inter-library loan basis.

MTMC Health Sciences library

Address: Manipal Tata Medical College, Kadani Road, Baridih, Jamshedpur.
Phone Number: 06572472071
Email (Library): lib.mtmc@manipal.edu; **Email (Librarian):** ranjit.hegde@manipal.edu

Name of the Librarian: Mr Ranjit Hegde
Year of Establishment of the Library: 2020

Brief About the Library:

The Library of Manipal Tata Medical College, Jamshedpur, was established in 2020. It is a two-storied building with a total of 2,500.76 sq m. The library is fully automated using the Koha Library Management Software, and resources are made available through the Online Public Access Catalogue (WEB OPAC). Users can search for books by title, author, call number, and keywords.

Services of the Library

Sl No	Name of the Facility
1	**Reference Service -** The library staff assists users in locating the required information using the available information resources. Based on the collection, the library provides reference services to its users.
2	**Circulation –** The Library provides general access to the collection. This includes issuing resources from the circulating collection, checking in returned resources, and renewals.
3	**Reprographic-**Through this service, users can get photocopies of articles from journals and books as and when required.
4	**Computer Services -** The library's computer lab offers access to word processing, document scanning, internet browsing, etc.
5	**Plagiarism Checking -** The library checks the originality of documents upon request using Turnitin anti-plagiarism software.

Sl No	Name of the Facility
6	**Library orientation -** Library orientation introduces students to the library's services and resources, and educates them on how to use the library's services and resources.
7	**Open Athens: Remote Access to E-Resources –** Remote access to the subscribed e-resources of MTMC Health Sciences Library is available to all authorized users (students, researchers, and faculty members) through OpenAthens account. The OpenAthens account is configured with the user's official Outlook email ID (manipal.edu/learner.manipal.edu).
8	**OPAC (Online Public Access Catalogue) -** Users can search all the print resources (books, journals, etc.) of the MTMC Health Sciences Library and other MAHE libraries through the library's online catalogue – OPAC (Online Public Access Catalogue).
9	**American Journal Expert (**AJE) - AJE is an academic author service offering translation, formatting, editing, and peer-review services.

Central Library - MAHE Bengaluru

Address: MAHE BLR Campus, Govindapura Village, Yelahanka, Bengaluru-560063
Phone Number: 080 24497152
Email (Library): lib.maheblr@manipal.edu **Librarian:** ishappa.bandi@manipal.edu

Name of the Librarian: Dr Ishappa C Bandi
Year of Establishment of the Library: 2022

Brief About the Library:

The library plays a vital role in providing essential resources to support the teaching, learning, and research activities in the university. The MAHE BLR libraries maintain a need-based collection comprising both print and online resources. Collection development is based on faculty recommendations. All the faculty members, HODs, HOIs, and Library Committee Members actively support us in building the collection. All our libraries are automated using Koha LMS with OPAC.

The implementation of the OpenAthens remote access facility for all users to access more than 9,000 e-journals and over one lakh e-books is one of the effective initiatives undertaken by the library team this year. Library users can access these online resources 24/7 using the OpenAthens remote access facility.

The RFID system for the MITB Library was implemented last year, and implementation for the SMI Library will be done this year. We have security gate, Smart Serve Kiosk, Smart Stock, Book Tags, Staff Station, etc.

Various events have been organized by the library, in the form of "Know Your Library" sessions, book exhibitions, database trainings, competitions, book review sessions, etc. To support the users, the library's working hours have been extended until 10 PM during exams and it remains open on all Sundays and holidays, except for a few public holidays.

With the help of the Central IT team, a single integrated Koha system is intended to be implemented, which will facilitate inter-library circulation and better utilization of print resources.

The EBSCO Discovery Service and Stack, a new library website, will be provided as a one-stop for all services. This will enable us to provide effective library services to be delivered to all users.

The library team development activities have been conducted throughout the year, uring which the Chief Librarian attended the G20 Library Summit held at Pondicherry University and received the Best Paper Presentation Award. The Librarian also attended an International Conference held at Manipal University Jaipur. It was a great year for the library, with the introduction of the Best Library Users Awards, author talks, book exhibitions, and creative writing competitions.

With each passing year, the library has been making a positive impact on students, faculty, and researchers. The "Know Your Library" sessions conducted annually have also made a significant impact among users. The usage of both print and online databases has been very impressive. The footfall has been encouraging across all libraries on campus, enabling better services to be provided to all users.

The year 2024 was productive and engaging for all library staff, and various learning opportunities were created. The Central Library, with 1 lakh sq ft state-of-the art facilities, is expected to be made operational by December 2025. This facility is regarded as essential on campus, where 60 percent of the students will be accommodated in hostels. The best possible services are expected to be provided from the Central Library in the near future.

Currently, seven PhD scholars are engaged in research on various concepts under the guideship of Dr Ishappa and Dr Harish in the Department of Library and Information Science, MAHE Bengaluru. Increased visibility has been achieved as a department. The introduction of a two-year postgraduate course in Library Science is planned for the next academic year.

The Central Library of MAHE BLR Campus has engaged numerous events and programs throughout the year to connect with the users.

TAPMI Library

Address: T A Pai Management Institute
A Constituent Unit of the Manipal Academy of Higher Education
Post Box No 9, Manipal - 576 104, Karnataka
Phone Number: 0820-2701105; 2701106
Email (Library): libservices.tapmi@manipal.edu **Librarian:** librarian.tapmi@manipal.edu

Name of the Librarian: Mr Ramesh Kamath

Year of Establishment of the Library: 1984

Brief About the Library:

The TAPMI Knowledge Centre holds a library on one wing and an IT department on the other. The library supports the institute's academic activities with a wealth of information resources on key functional management areas in print and electronic media.

Print resources: The print resources include about 38,678 books, 195 journals, and 6,000 special collections (HBS, Government of India reports, data books, etc.).

Electronic resources: Online subscribed databases, include both academic and corporate databases. The academic databases include FT databases such as ScienceDirect, EBSCO, PROQUEST, and Statista. The corporate databases include CRISIL, Capitaline, CMIE's Prowess, Capex DX, Consumer Pyramid DX, and 6,000 students' project reports.

Memberships: The library has obtained memberships with Developing Library Network (DELNET), New Delhi; and The Case Centre (formerly European Case Clearing House (ECCH); SSRN, Rochester, NY.

Facilities and services: The library includes long working hours, barcoded transactions, overnight borrowing, textbook distribution, photocopying, LAN terminals, and a reading hall. The services include ILL, a library web portal, and an online library catalogue search (OPAC). These services are accessible through a Wi-Fi/campus-wide network. OpenAthens software has been installed on the server for federated searching and remote access to the database.

Services of the Library

Name of the Librarian: Mr Yoganath Manivel

Year of Establishment of the Library: September 2003

Brief About the Library:

The Library enables access to information resources of all kinds and provides innovative, responsive, and effective services to meet the changing needs of the academic community. It is equipped with all necessary facilities, creating a pleasant environment for study. The Library holds literature predominantly related to Business and Management, Finance, Economics, Computer Science and Information Technology, Biotechnology, Interior Design, Architecture, Engineering, and allied subjects. It aims to develop a comprehensive collection of information resources useful for academic and research purposes. The Library plays a proactive role in ensuring that information resources are acquired and organized to meet the present and future need of its users. Information Technology has been extensively utilized to ensure that resources are always accessible. The Library catalogue is available online, allowing users to check availability of resources. The Library holds a hybrid collection of print as well as electronic resources which include books, journals, databases, audio-visuals, CDs/DVDs, e-books, e-journals, etc.

Services of the Library

Sl No	Name of the Facility
